Report re Apr.
17 Public
Briefing
session

5. President Wharton reported that at the Thursday evening, April 17, public briefing session of the Board a presentation was made by the College of Communication Arts. At the public hearing session which followed, presentations were made by a representative of the International Committee Against Racism on the question of tuition, fees, and room and board charges, and by a representative of the legal office of ASMSU regarding in-state and out-state residency.

6. President Wharton read the following statement:

Statement re
NCAA football
investigation

I wish to inform the Board of Trustees that the NCAA has asked my cooperation in an investigation it is conducting into certain policies and practices of Michigan State University's intercollegiate football program. The enforcement program of the NCAA is a cooperative undertaking involving individual member institutions and allied conferences working together through the NCAA. In the spirit of this program, we will, of course, fully cooperate in the investigation. I am directing appropriate officials of the University to study the issues involved and to supply me with full information. Until that activity is completed, the University will make no additional comments with respect to the investigation or allegations.

Other Items for Action

D. OTHER ITEMS FOR ACTION

Center Peranson & Assoc. to assist in Phase I of planning of operational program for Clinical Sci. Ctr.

1. The Health Care Authority has recommended that the University retain the consulting firm of Centner Peranson and Associates to assist in the planning of an operational program for the Clinical Sciences Center. The scope of the work is as follows: program development, staff requirements, equipment needs, operating budget, a plan for phasing of the modules, and a management plan. It is estimated that the total cost for this service will be \$40,000.

RESOLVED that the employment of Centner Peranson & Associates and an appropriation of \$40,000 for this study are approved.

Trustee Stack pointed out that this is phase one of a program which may include two additional phases with an estimated total cost of \$140,000. Trustee Huff added that if it is decided to use all three phases, Centner Peranson and Associates will probably be retained for the other two phases.

Resolution unanimously approved on motion by Trustee Stack, seconded by Trustee Huff.

Authorization to borrow up to \$3,000,000 for guaranteed student loan program for 1975-76

2. The Financial Aids Administrative Group has recommended that the University continue to offer a direct lending student guaranteed loan program and requests that the Administration and the Board of Trustees approve authorization for the University to borrow up to \$3,000,000 to provide a source of funding for this program for the 1975-76 academic year.

RESOLVED that the Vice President for Business and Finance be directed to complete financial arrangements for the above loan program with detailed financial arrangements to be approved at a subsequent Board meeting.

Unanimously approved. Motion by Trustee Stevens, seconded by Trustee Huff.

Action on allocation of up to \$25,000 for Alt. & Imp. projects tabled

3. Executive Vice President Breslin recommends that the amount of funds that can be allocated for special alterations and improvements without prior Board approval be changed to \$25,000.

RESOLVED that the amount that can be allocated for special alterations and improvements without prior Board approval is changed to \$25,000.

Motion was made by Trustee Carrigan, seconded by Trustee Stevens to approve this resolution.

Following a discussion on current quotation, estimate and bidding procedures, motion was made by Trustee Bruff, seconded by Trustee Huff, to table this motion pending a report and recommendation in terms of a policy for quotation and bidding procedures for those projects which do not require prior Board approval. Unanimously approved.

Reallocation of \$500,000 of savings from operations to fuel budget to continue use of natural gas approved

4. It has been previously reported during the 1973-74 fiscal year that because of the energy crisis the fuel prices increased dramatically. In the fall of 1973, the University was paying .565/MCF for natural gas. By the end of the year, the University was paying \$1.05/MCF. The price of coal in October of 1973 was \$17.00 per ton, and was \$38.00 a ton by the end of the year. The current natural gas price is \$1.30/MCF, and coal prices range from approximately \$35.00 per ton to \$39.00 per ton excluding freight, which is \$8.50 per ton.

D. OTHER ITEMS FOR ACTION, continued

April 18, 1975

4. Additional Fuel Expenditure for Power Plant, cont.

In developing the fuel budget for the current fiscal year, the University appropriated \$4,500,000 for the purchase of fuel, which was not sufficient to adequately finance the fuel budget for this fiscal year. It was anticipated that approximately 35,000 to 40,000 tons of coal would be removed from the stock pile in order to operate the Power Plant. Since funds were not completely available to totally fund the current fuel budget, it was anticipated that net savings from total University operations would be allocated to assist in the purchase of fuel. The University is approaching the point where it has expended the funds available for this current fiscal year, and it will be reverting to the coal inventory in order to continue the operation of the Power Plant.

Following the strategy as outlined above, it is recommended that \$500,000 of projected savings from operations be reallocated at this time to the fuel budget in order to continue the operation of the Power Plant on natural gas. This expenditure will allow the University to continue to operate the Power Plant for approximately one additional month before converting to coal.

RESOLVED that the above reallocation of funds be approved.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Carrigan.

5. It is the recommendation of the Executive Vice President that the Trustees approve the following arrangement with Leland Township for the use of Michigan State University property and land (Leland Art School building):

Arrangement for use of Leland Art School property by Leland Twp. approved

1. Winterizing and Other Improvements

- a. Cost must be assumed entirely by local community.
- b. Plans concerning building improvements to be approved by University prior to the work being started.

2. Summer Use of Building

The University will reserve the right to use the building each summer from June 15 to September 15. A letter will be sent to the township officials on or before April 1 of each year reserving or releasing the above summer period.

3. Land Use

Any change in the use of land with the building must be approved by officials of Michigan State University.

4. Utilities

The township will be responsible for utility charges beginning July 1, 1975. The University will assume appropriate charges for the summer months it uses the building.

5. Insurance

The township will carry adequate liability insurance, and will provide the University with a certificate of proof of that coverage.

6. Sale of Property

Should MSU decide to sell this property, it shall be offered first to Leland Township at the fair market value of the land and of the building, excluding the value of improvements paid for by the Township.

It is further recommended that the University would give the Township of Leland at least one year's notice if it is decided to change the working agreement.

RESOLVED that the above arrangements are approved.

Unanimously approved. Motion by Trustee Bruff, seconded by Trustee Stevens. Trustee Krolikowski asked that the use of the property be clearly specified in the agreement.

6. At its May 1974 meeting, the Board of Trustees made the first allocation of funds from the special account representing the fees earned by President Wharton for his service on the boards of directors of the Ford Motor Co. and Burroughs Corporation. Under a policy that these funds be used for non-recurring expenses of importance to the University, the Board allocated up to \$30,000 to commission a monumental sculpture for the proposed new Center for the Performing Arts. Total accrued funds in this account, including those earmarked for the sculpture, now total \$70,916.96.

\$40,000 from Pres. Wharton's director's fees account allocated to Performing Arts Ctr. benefit performance

April 18, 1975

6. Allocation of President Wharton's Directors' Fees, cont.

In view of the commitment and effort of the MSU Faculty Folk Club in organizing the April 19 benefit to raise funds for the Center, I think it would be appropriate for the Board to recognize and encourage this effort through a further allocation from the President's directors' fees account. Therefore, I propose that \$40,000 be allocated to defray the actual cost of the benefit performance. This would permit the total proceeds from the ticket sales to go directly toward the construction of the Center itself.

Blanche Martin, Chairman
MSU Board of Trustees

RESOLVED that the University administration is authorized to transfer \$40,000 from President Wharton's directors' fees account to defray the actual costs of the Center for the Performing Arts benefit performance to be held April 19, 1975.

Motion to approve was seconded by Trustee Huff. Unanimously carried.

Approval
expenditures
for furnishings
and audio-
visual equip-
ment and land-
scaping of
Greater Detroit
Adv. Mgt. Ctr.

7. It is recommended by the administration that the Board of Trustees approve the expenditure of an additional \$40,000 to complete the purchase of additional furnishings and audio-visual equipment necessary for the operation of the Advanced Management Center, Troy, Michigan. Further, it is also recommended that \$166,000 be expended for landscaping of the grounds at the Center.

RESOLVED that the above expenditures are approved.

Unanimously carried. Motion by Trustee Bruff, seconded by Trustee Huff. Vice President Scott reported that June 10 has been tentatively set as the date for acceptance of the Advanced Management Center.

Adjourned.
