The President is deemed to be subject to call at any time. This action is taken to clarify the question raised which heretofore was not an issue under the Treasury regulation insofar as it affected employees of the State or any subdivision or department thereof. Shaw. The cafeteria facilities are made available to the army and it is understood that the army is to have complete occupancy of the building. It is further understood that upon the end of the war, the army will continue to pay the minimum rental for this building to the end of the college term in which the war ends or in which the army ceases to use the building.
