

MINUTES OF THE MEETING  
of the  
MICHIGAN STATE UNIVERSITY  
FINANCE COMMITTEE  
January 17, 1975

President Wharton called the Finance Committee meeting to order at 7:45 a.m.

The following were present: Trustees Bruff, Carrigan, Huff, Krolikowski, Martin, Radcliffe, Stack, and Stevens; President Wharton, Executive Vice President and Secretary Breslin, Vice President Wilkinson, Provost Cantlon, Vice President Scott, Attorney Carr.

1. Motion was made by Trustee Bruff, supported by Trustee Krolikowski, and unanimously approved to transfer Finance Agenda items 2 (Trustee Expenses), and 3 (Trustee Appointments to Audit Committee) to the open meeting.

2. Scudder, Stevens & Clark recommended that the University sell its 12,639 shares of Consumer Power stock. The basis of their recommendation relates to the difficulties in the rate regulations in the state of Michigan as well as construction problems relating to the Palisades Nuclear Plant. Their recommendation included the placement of the net proceeds in commercial paper anticipating an investment in the long-term bond market. The Investment Committee took this recommendation under advisement and noted that the completion of this transaction would result in a loss of approximately \$250,000 to the University. The Investment Committee does not recommend to the Board of Trustees approval of this sale at this time.

Recommendation to sell 12,639 sh. Consumer Power stock not approved

RESOLVED that the report of the Investment Committee be approved.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Krolikowski.

3. Mr. Robert E. Wenner, Director of Internal Audit, reported on the activities of his department between July 1 and December 31, 1974. A copy of Mr. Wenner's remarks, a schedule of all audits issued, and the major recommendations proposed during this same period are filed in the Secretary's Office.

Report by Dir. of Internal Audit

4. In view of the recent action by the State in reducing the University's current year appropriation by 1.5%, the impact of inflation, and higher than projected enrollments, Vice President Wilkinson distributed a report on the current status of the General Fund for 1974-75. A copy of this report is filed in the Secretary's Office.

Report on status of 1974-75 General Fund

Motion was made by Trustee Huff, seconded by Trustee Stack, to accept the Gifts and Grants. Unanimously carried.

C. OTHER ITEMS FOR ACTION

1. Room 213 Agriculture Hall is a large University classroom (capacity 144) of 1909 design. It is in line for improvement during the break between winter and spring quarters 1975 under the University's routine classroom renovation program. Included at this time would be installation of an acoustical ceiling, new lighting, black-out shades, and miscellaneous electric work.

Agr. Hall remodeling, cont.

1. Agriculture Hall Remodeling, cont.

Cost of the work has been estimated by the Physical Plant Division at \$12,800. If approved by the Board of Trustees, it will be funded entirely out of Account No. 11-5173, Special Alterations and Improvements.

RESOLVED that the remodeling of Room 213 Agriculture Hall is approved as recommended.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Carrigan.

Approval re-furbishing of 3rd and 4th floors Union Bldg. for TV &amp; Radio

## 2. The Department of Television and Radio is housed, in its entirety, on the third and fourth floors of the Union Building. A good deal of money has been spent there over the past four years developing teaching studios sufficient to meet departmental needs until a Communication Arts building is built.

The departmental and faculty offices, however, have not been refurbished, relighted, etc., for many years. It would be appropriate to do so at this time, as the Union Building management nears completion of its refurbishing program in the remainder of the building.

The cost of this project has been estimated at \$12,724.84. If approved by the Board of Trustees, the entire amount will be funded from Account No. 11-5173, Special Alterations and Improvements.

RESOLVED that the refurbishing of the third and fourth floors of the Union Building is approved as recommended.

Unanimously approved. Motion by Trustee Stevens, seconded by Trustee Martin.

Approval addition to Physics-Astronomy Bldg.

3. High Energy Physics Addition

- a. The Board of Trustees at its Finance meeting June 21, 1974 authorized the Administration to reallocate funds for a small addition to the Physics and Astronomy Building as a laboratory for the High Energy Physics group. It was agreed, however, that this project would not be officially approved until the Legislature gave formal authorization. The Legislature by Senate Concurrent Resolution No. 439, dated December 4, 1974, has approved the project. The Board is now asked to officially approve this project, the total cost not to exceed \$450,000.

RESOLVED that the addition to the Physics Astronomy Building is approved.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Stack.

Sedgewick, Sellers &amp; Assoc. Inc. approved as architects for addition to Physics-Astronomy Bldg.

- b. It is recommended that Sedgewick, Sellers & Associates, Inc., of Flint be employed as architects for the proposed High Energy Physics addition. This firm has not had any previous work at MSU, but they have completed a number of projects for the State of Michigan. Their most recent commissions include a classroom and office building at the University of Michigan-Flint Campus that is nearing completion.

A second choice would be Ralph Calder Associates of Detroit, architects for the original building.

RESOLVED that Sedgewick, Sellers & Associates, Inc., be employed as architects for the High Energy Physics addition.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Martin.

Name of School for Adv. Grad. Stud. changed to Graduate School

4. Vice President Muelder has proposed that the name of the School for Advanced Graduate Studies be changed to the more universal title of the Graduate School. If approved, this would also make necessary the changing of the associated office to the Graduate Office and the responsible dean to Dean of the Graduate School.

The Office of the Provost fully supports this proposed change and has recommended that the President ask the Board's approval.

RESOLVED that the above recommendation is approved.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Stevens.

5. The University has long charged a \$10 admission application fee to help cover the cost of processing the many applications received from prospective students. This fee now falls far short of sustaining the same percentage of our processing costs that it once did. It has been recommended by Dr. Ira Polley that this fee be increased to \$15, effective the next admissions cycle.

Admission application fee increased to \$15

Such a fee level would place us at the same level as the three University of Michigan institutions, Grand Valley, Lake Superior, Hillsdale, Kalamazoo College, and Albion. Out-of-state institutions such as Syracuse, Indiana, and Illinois charge at least \$15.

It is the judgment of the Admissions Office that the increase will have little effect on the number of qualified applicants.

The recommendation comes to the Board with the Administration's strong recommendation for approval.

RESOLVED: The application fee for admission to Michigan State University shall be increased from \$10 to \$15 effective July 1, 1975.

Motion was made by Trustee Stack, seconded by Trustee Radcliffe, to approve the above resolution. Carried by a vote of 7 to 1, Trustee Huff voting "No."

6. On November 18, 1974, the Michigan State Employees' Association and Michigan State University reached a two-year agreement dealing with wages and fringe benefits for this employee unit. The Trustees were polled by telephone in December and tentatively approved the agreement. The agreement is now before the Trustees for official ratification.

Agreement with Mich. State Employees' Assoc. approved

RESOLVED that the approval of the agreement reached November 18, 1974 between the Michigan State Employees' Association and Michigan State University is ratified.

Unanimously approved. Motion by Trustee Bruff, seconded by Trustee Stevens.

7. Upon the recommendation of the Executive Board of the Michigan State University Alumni Association, it is recommended that the Alumni Association be authorized to provide a group life insurance program for its members.

Alumni Assoc. authorized to provide group life insurance for members

RESOLVED that the Alumni Association is authorized to provide a group life insurance program for its members.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Martin.

8. Provost Cantlon reported that 42,170 students are enrolled on campus for winter term 1975, which is the largest winter term student enrollment in the University's history. This is 2,505 (6.3%) more than winter quarter a year ago and is also larger than any fall term in University history except for fall term 1974. The greatest increases are in the degree programs that have clear job relatedness: agriculture; business; communication arts; education; engineering; human, osteopathic, and veterinary medicine; and urban development.

Report on winter term 1975 enrollment

Vice President Nonnamaker reported that currently there is no tripling in men's housing assignments. The over-assignment of approximately 100 women students is expected to be leveled out in three to four weeks.

9. There have been various practices and policies utilized regarding the reimbursement of Trustee expenses. In an attempt to clarify these and to consolidate past actions, the following is recommended (only items 1 d and 1 e are new):

Policy on reimbursement of Trustees' expenses approved

1. Trustees will be reimbursed for all expenses incurred in the conduct of University business related to their service as a Trustee. The following are considered appropriate expenditures:
  - a. Travel to and from meetings of the Board by means appropriate to the time and circumstance;
  - b. Subsistence expenses and hotel accommodations in connection with such meetings;
  - c. Similar travel and expenses in connection with other visits to the University or other locations in the performance of Trustee responsibilities such as meetings with the President, commencements, retirement dinners, faculty awards, and University events at which attendance is a function of their Trustee role;
  - d. Expenses for the spouse of the Trustee when attending official University functions within the state as outlined in paragraph c. above;
  - e. Travel and expenses in connection with meetings of the Association of Governing Boards is limited to the Trustee.

2. Secretarial services for Trustees are provided by the office of the Secretary of the Board, including the use of a common office facility which has been reserved for the use of all Trustees.
  - a. When use of such services is difficult due to distance or time, Trustees may have part-time secretarial/clerical service. However, such an individual shall not be deemed a University employee and shall only have a contractual relationship with the individual Trustee.
  - b. Reasonable office supplies and equipment such as stationery, typewriters, dictaphones will be provided by the Secretary of the Board.
  - c. Each Trustee is provided with a telephone credit card for use in University business.
3. Each Trustee is provided with a University paid car on request.

RESOLVED that the recommended policy regarding the reimbursement of Trustee expenses is approved.

Motion was made by Trustee Stevens, seconded by Trustee Carrigan, to approve the above policy.

Substitute motion was made by Trustee Huff, seconded by Trustee Krolikowski, to approve only items 1 and 2.

Trustees Bruff and Krolikowski questioned the legality of providing the Trustees with University paid cars for use when not on official University business.

After some discussion, Trustee Huff stated that the question of the legality of this issue had been settled by what the University attorney had advised him, and Trustee Huff therefore withdrew his substitute motion. Trustee Krolikowski withdrew his second.

Trustee Stevens' motion to approve all three sections of the policy carried by a vote of 6 to 2, Trustees Bruff and Krolikowski voting "No." Trustee Bruff explained that he objected to Item 3 strictly on a legal basis.

Trustees Huff, 10.  
Stack and  
Martin appointed  
to Trustee  
Audit Committee

Vice President Wilkinson explained that in the past there have been two Trustees on the Trustee Audit Committee. Their functions have been to make recommendations for the selection of the financial auditor and to receive the audit report and make recommendations regarding its acceptance by the full Board. President Wharton added that it has been the policy to have each political party represented on the committee and to provide a continuity to the membership.

Trustee Carrigan nominated Trustee Huff, and Trustee Huff nominated Trustees Stack and Martin. Trustee Bruff, supported by Trustee Carrigan, moved the approval of all three nominees. Unanimously carried.
