

MINUTES OF THE MEETING OF THE  
FINANCE COMMITTEE  
September 18, 1958

The Finance Committee convened at Kellogg Center at 7:00 a.m. for breakfast. Following the breakfast, the meeting took place.

The following members were present:

Messrs. Brody, Harlan, Rouse, Smith, Stevens, Vanderploeg; President Hannah, Treasurer May and Secretary McDonel

Absent: Dr. Bartlett

Finance  
Committee  
Items

1. Mr. Stevens raised a question with reference to the activities of the 4-H Club Foundation. Paul Miller, Assistant Dean of Agriculture and Director of the Cooperative Extension Service, met with the Board to discuss this item.

After discussion, it was agreed that Mr. Miller and Vice President Varner would at an early date visit with the officials of the 4-H Club Foundation and convey to them the contents of the discussion at this meeting.

2. Scudder, Stevens & Clark and Earl Cress recommended the purchase for the Pension and Retirement Fund of 1000 shares of Southern Pacific Railroad Company stock at approximately \$53 per share, yield approximately 5.7%.

On motion of Mr. Brody, seconded by Mr. Vanderploeg, it was voted to approve Item 2.

3. Mr. May and Mr. Varner presented proposal covering the possible financing of a building at MSU-0 to provide dining and study facilities for the students there. The Oakland County Board of Supervisors is underwriting part of the cost of this building, and it is proposed that the balance of the cost be underwritten by the pledging of student fees collected from students at MSU-0 for the purpose of financing this building. If the project is approved, it is recommended that the Swanson Associates be employed to complete plans and specifications.

On motion of Mr. Harlan, seconded by Mr. Brody, it was voted to approve Item 3.

4. Dr. Emory Morris, President of the Kellogg Foundation, has indicated that the Foundation is about to approve our request for \$543,500 for structural changes, additions, alterations, etc., at the Kellogg Biological Station at Gull Lake and expresses the hope that the work can be undertaken so that the facilities will be available for the 1959 summer session. We will proceed with the planning at once. While this is a firm commitment, it is impossible to include it in the gifts and grants for today's meeting until we have formal statement from the Foundation and until the release of this information is coordinated with them.
5. In accordance with previous discussions, it is planned that the Board members and a limited number of staff members of the University will convene at the Biological Station at Gull Lake on Saturday afternoon and evening, October 11 and all day Sunday, October 12. It is planned that the conference will begin with a dinner meeting at 7 on Saturday and will adjourn after the dinner meeting on Sunday, October 12. Due to the fact that Board members and others will be coming in from various directions and will be departing for various destinations, it is not planned to drive a University bus unless the Board members desire to gather in East Lansing and travel together to and from Gull Lake.

MINUTES OF THE MEETING  
of the  
STATE BOARD OF AGRICULTURE  
September 18, 1958

Present: Dr. Smith, Chairman, Messrs. Brody, Harlan, Rouse, Stevens, Vanderploeg; President Hannah, Treasurer May and Secretary McDonel

Absent: Dr. Bartlett

The meeting was called to order at 10:15 a.m.

The minutes of the previous meeting were approved.

Invitation  
from U of M  
for members  
of Board to  
attend banquet  
Nov. 18, 1958  
re: Centennial  
Celebration of  
Student  
Religious Work

26. Communication from Roscoe O. Bonisteel, Chairman, Committee of the Whole, Board of Regents of the University of Michigan, under date of September 9, 1958:

"In connection with the National Consultative Conference, November 16-19, 1958, which is the final event of the Centennial Celebration of Student Religious Work at The University of Michigan, we are planning to have a banquet for members of the Board of Governors of State Universities and Land-Grant Colleges. This banquet would be on Tuesday, November 18, at 6:30 p.m. For that occasion, we have invited a speaker of national stature to deal with the theme of the conference which is Religion in the State University. We would anticipate that such a speaker would deal with the question out of his familiarity with both the civic and educational significance of the place of religion in American Higher Education.

The Board of Regents of The University of Michigan is writing to invite the members of your Board to join us on that evening. Because we realize that the solution for many of the problems in Religion in the State Universities has to do with administrative policy, we believe it is important for those of us who are on Governing Boards to use this opportunity of a conference to consider this most important issue. It would also be a time of significance and of great social enjoyment to have members of your Board with us.

Enclosed is a brochure which outlines briefly the plans for the Conference. President Harlan Hatcher has already issued invitations to Presidents of State Universities and Land-Grant Colleges. It would be desirable to have representatives from each University present and you will be receiving specific information about reservations, fees, etc. early in September.

Greetings and best wishes at this time."

S.S. salaries this year figured on salary as of July 1, 1958 Hereafter to be figured on old salary

12. Summer School salaries approved at the August Board meeting were computed on the basis of the 1957-58 salary schedule. In previous years the Summer School salary depended upon the academic rank of the individual and was not dependent upon the exact salary. With the present formula effective for the first time for the 1958 summer session, the Summer School compensation is a percentage of the annual salary. Those staff members who received a salary increase July 1 would be advantaged if the computation was based on the new salary rather than the former salary. The total amount involved is less than \$4,000.

It is recommended that the Board authorize the issuance of supplementary checks to the staff members who worked in the past summer and who received salary increases July 1; but at the same time it is recommended that the Board establish a continuing policy to the effect that in future years Summer School salaries will be based on the salary in effect for the previous school year.

Editor or Managing Editor of State News to be permitted to attend Board meetings

13. On January 22, 1953, the State Board of Agriculture adopted the following policy:

- "a. That representatives of the press accredited by the Michigan Press Association will be invited to attend meetings of the Board. It is understood, however, that the Michigan Press Association will accredit only experienced newspaper personnel, and this privilege is not to be extended to students.
- b. That the Board reserves the right to hold executive sessions prior to the regular Board meetings to discuss policy, personnel, or other confidential matters, with the understanding that policy decisions reached at these meetings will be made available to the press prior to or during the regular Board meeting.
- c. That this arrangement will continue on a trial basis for the period of six months subject to re-examination by the Board and the committee of the Michigan Press Association at this time."

The Board may want to give consideration at this time to the possibility of permitting the editor or the managing editor of the student newspaper, the State News, to attend its meetings on the same basis as other press representatives.

On motion of Dr. Smith, seconded by Dr. Stevens, it was voted to permit the editor or the managing editor of the State News to attend regular meetings of the State Board of Agriculture on the same basis as other press representatives.

It is understood that this action will be reviewed after a period of months.

Harold Fitzgerald to be given Honorary Alumni Award

14. The Alumni Advisory Council recommends the approval of the nomination of Mr. Harold Fitzgerald, Publisher of the Pontiac Press, for an honorary alumni award to be given to him at the Alumni Club President's banquet on the evening of October 31.

It has been suggested that the Board may want to give consideration to the possibility of similar recognition for Mr. Talbert Abrams of Lansing, Michigan, Mr. Jack Wolfram of Lansing, Michigan, and Mr. Alfred G. Wilson of Rochester, Michigan.

On motion of Mr. Rouse, seconded by Mr. Vanderploeg, it was voted to approve the honorary alumni award for Mr. Fitzgerald and to convey to the Alumni Advisory Council that the Board would also approve granting of a similar award to any or all of the following persons: Talbert Abrams, Alfred G. Wilson and Jack Wolfram.

Golf course named "Forest H. Akers Golf Course"

15. Several members of the Board have suggested that the Board give consideration at this meeting to the possibility of naming the golf course honoring Forest H. Akers.

On motion of Dr. Smith, seconded by Mr. Brody, it was voted to formally designate the golf course as the "Forest H. Akers Golf Course".

16. The legislature in Act 245 of the Public Acts of 1935 provided certain educational benefits to the children of deceased or totally disabled veterans. Michigan State University and the University of Michigan never elected to come under the provisions of this act.

MSU to come under provisions of Act 245 of PA 1935

Inquiries have been received from representatives of veterans' groups suggesting that the University reconsider its attitude.

Upon investigation, it is found that over the years since 1935, 592 applications have been reviewed by the State Department of Public Instruction and that in recent years they have been receiving about 60 applications a year of which approximately 50 are approved.

The language of the Act is as follows:

"AN ACT to provide educational opportunities for the children of certain soldiers, sailors, marines and nurses.

Section 1. Any child not under 16 and not over 22 years of age who has been a resident of the State of Michigan for 12 months, of any soldier, sailor, marine or nurse who was killed in action or died from other cause during any war in which the United States has been, is, or may hereafter be a participant, while serving in the army, navy, marine corps or any unit of the military or naval establishments of the United States, or has since died or is totally disabled shall be admitted to and may attend any state educational or training institution of a secondary or college grade. Any such child who shall be admitted to said institutions shall not be required to pay any matriculation fee, athletic fee, or tuition during the time in which he is a student of said state institution.

ADDITIONAL ITEMS, continuedMiscellaneous, continued

## 16. Act 245 of the Public Acts of 1935, continued:

Section 2. The State Board of Education shall determine the eligibility of any child who may make application for the benefits provided in section one of this act and shall satisfy itself of the attendance of such child at any such institution and of the accuracy of the charge or charges submitted to said board by the authorities of such institutions on account of the attendance thereof of such child: PROVIDED, That no member of said board or the secretary thereof shall receive any compensation for such services."

It is recommended that the Board give serious consideration to the possibility of electing to come under this act, effective immediately.

On motion of Mr. Stevens, seconded by Mr. Harlan, it was voted to accept the terms of Act 245 of the Public Acts of 1935 to make them applicable to Michigan State University effective immediately.

## 17. The United States Congress just prior to adjournment approved the National Defense Education Act of 1958 which includes several provisions of interest to Michigan State University. The specific sections of interest are:

- Title 2, which provides for loans to students in institutions of higher education
- Title 5, which provides counseling and guidance training institutes
- Title 4, which provides for National Defense fellowships
- Title 6, which provides for language development, and
- Title 7, which provides for research and experimentation in Educational use of television, radio and related media.

These provisions have been carefully studied, and it is recommended that the Board authorize an application for the maximum amount of funds available for student loans and authorize cooperation with the United States Office of Education and other federal agencies in those areas where the additional federal funds might advance the best interests of the University.

## 18. Recommendation from Vice President May that the Board authorize the officers to make application to the United States Department of Health, Education, and Welfare for a grant of \$250,000 for student loans for the current 1958-59 fiscal year.

Since the institution must participate in the loan program to the extent of 1/9 of the funds advanced by the federal government, it is recommended that the Board authorize the use of funds now available in the Student Law Enforcement Loan Account for matching purposes.

On motion of Mr. Stevens, seconded by Mr. Brody, it was voted to approve Items 17 and 18.

Audit for yr  
ended June 30,  
1958 accepted

20. Mr. Wilder and Mr. Brown of the firm of Ernst and Ernst, Auditors, appeared before the Board to present the results of their audit for the fiscal year ended June 30, 1958.

On motion of Dr. Smith, seconded by Mr. Rouse, it was voted to accept the audit and approve payment for the same.

No action on  
communication  
from Dean  
Cowden  
re: budget  
requests for  
the 1959-60  
fiscal year

21. Communication from Dean Cowden as follows:

"On September 12, 1958, officials of the General Farm Organization in Michigan met with the Administrators of the College of Agriculture concerning budget request for the 1959-60 fiscal year.

"It was agreed that attempts should be made:

- a. To obtain funds for the first year of the Expanded Research Program - around \$3,000,000
- b. It was the feeling that the Farm Organization should support a separate bill for the Expanded Research Program. Mr. Brake of the Grange, Mr. Hodge of the Farm Bureau, Mr. Smith of the Agricultural Conference, felt that this would be the best procedure. Mr. Spöelman of Farmers Union was not too sure that this was the best way but did not object to it.
- c. It was agreed that we should request through our normal budget procedures enough money to bring the research program back to last year's level, plus allowance for increase cost, plus salary adjustments.
- d. It was agreed that the Farm Organization would take responsibility for introducing the proposed expanded research legislation and that it would be their responsibility to see that it was enacted.
- e. That no action would be taken until this procedure had been cleared with the State Board of Agriculture and in submitting the regular budget for the Experiment Station, a note would be made that a special bill would be introduced covering the Expanded Research Program.
- f. It was also agreed that somewhere in the neighborhood of \$100,000 plus salary adjustments would be requested for Extension.

It was agreed that this item should be tabled for further consideration at the next Board meeting at the time we are preparing the regular University requests.

Appointment  
of committee

our Board on  
Governing  
Boards of  
State Insti-  
tutions

22. The President called the attention of the Board to the agreement made at the last meeting of the Governing Boards of State Institutions that there would be a committee representing each Board and a Chairman of a staff committee of each institution to cooperate with them for the purpose of developing a program designed to more adequately and more effectively interpret the tax-supported universities and colleges of the State to the general public.

After discussion, it was decided that the Board Committee should consist of:

Dr. Smith  
Mr. Brody  
Mr. Stevens

and that the Staff Committee to work with them should consist of:

Mr. Denison  
Vice President Hamilton  
Vice President Varner
