MEETING OF THE STATE BOARD OF AGRICULTURE
PRESIDENT'S OFFICE

Sept. 28th, 1910.....2 o'clock P.M.

Present, President Snyder, Messrs. Graham, Doherty, Waterbury, and Oberdorffer.

The minutes of the previous meeting were read and approved.

President Snyder presented the following statement in reference to the employment of a verterinarian in charge of the veterinary division:

Sept. 28th, 1910.

To the Honorable State Board of Agriculture:

At a previous meeting, the selection of a dean of the veterinary department was left with the president of the college, Dean Shaw, and Dr. Marshall. It was understood, at that time, that Dr. Richard P. Lyman would probably be selected for the place at a salary of \$2500.00 per year. Dr. Lyman later visited the College and the committee, under the authority granted by the Board, selected him for the place at the salary named. He has already taken up the duties of his position.

Respectfully submitted,

J. L. Snyder.

The following report of the committee on employees was submitted, and on motion of Mr. Doherty, approved:

Sept. 14th, 1910.

TO THE HONORABLE STATE BOARD OF AGRICULTURE:

Your committee on Employees, which was given authority to fill vacancies, begs leave to make the following report. The committee has only filled positions made vacant by resignation and at salaries in no instance beyond those set by the Board. In a number of cases, positions have been filled at a less salary than has been previously paid, make a total saving of something like \$1200.

Dr. Lyman
appointed
veterinar-
ian.
