March 19, 1970

The Board of Trustees convened in informal session at Kellogg Center at 7:45 p.m. All Trustees were present. Discussion re
Taylor Comm.
Report re
selection of
Univ. officers

The Trustees met in closed session for the purpose of hearing a preliminary review of the Taylor Committee Report, Part II, "Procedure for Selecting, at the All University Level, Principal Academic Officers and Administrators Other Than the President."

Following the presentation by Dr. Taylor, there was considerable discussion on the part of Trustees concerning what role they might play in the selection of high administrative officers other than the President. The general sentiment of the Trustees seemed to be that the President should use whatever means would be helpful to him in identifying individuals whom he might recommend to the Trustees for appointment.

It was explained that the procedure to be followed for the approval of the Taylor Committee Report, Part II, by the faculty before it is presented to the Board for final adoption would be for the Report to be passed by the Academic Council and the Senate.

At 8:35 p.m. the Board convened in open informal session to hear the following reports:

met

7. Legislature requirement for April 15 filing on fees, as outlined in President Wharton's letter dated March 10, 1970 to Trustee Martin. A copy of this letter was distributed to the Trustees and is on file in the Secretary's Office.

On motion by Mr. White, seconded by Mr. Thompson, it was unanimously agreed that the Board of Trustees would comply with the April 15 filing date on fees. In complying, it is the intent that the University will detail its expected financial needs for the fiscal year 1970-71 and if these needs are met, there will be no increase in fees. However, should the financial needs of the University not be met through State appropriations, it will be necessary for the Board to take under advisement whether or not it will be necessary to raise fees for 1970-71.

On motion by Mr. White, seconded by Mr. Merriman, it was unanimously voted to approve the action suggested by Attorney Carr.

C. OTHER ITEMS

1. The following resolution recommending autonomy for Oakland University was presented by Chairman Stevens.

The Board of Trustees of Michigan State University having considered the petition of the Academic Senate of Oakland University, praying appropriate action to enable said institution to become an independent member of the system of state colleges and universities; and

The Board of Trustees of Michigan State University, by its Resolution dated December 12, 1969 having evidenced tentative consensus regarding the long range aspirations of Oakland University; and

The Board of Trustees of Michigan State University having examined recommendations of its committee charged with the study and review of said request for institutional independence;

NOW, THEREFORE, BE IT RESOLVED:

1. That autonomy for Oakland University is sanctioned and endorsed by the Board of Trustees of Michigan State University upon effective date of legislation establishing Oakland University as a state institution of higher education.

2. That the officers of Michigan State University are authorized and directed to execute those documents required to implement such separation.

Motion was made by Mr. Stevens, seconded by Mr. Thompson, to approve the above resolution. In the discussion that followed, Trustee Huff asked that provision be made for the Board to act on certain legal and financial matters that will be developed or come to the surface as this endeavor is carried out. To provide for this action, President Wharton offered the following rewording of item 2:

2. That the officers of Michigan State University will return to the Board of Trustees with their proposals on the legal and financial aspects of the separation prior to formal execution or action.

Trustees Stevens and Thompson approved the inclusion of this change in their motion. Trustee Hartman moved, seconded by Trustee White, that the words "on or after January 1, 1971" be added to the first provision of this resolution. This amendment failed, with Trustees Hartman, Huff, and White voting "Yes," and Trustees Merriman, Martin, Nisbet, Stevens, and Thompson voting "No."

The original motion, with the amendment to provision 2, carried by a vote of 5 to 3. Trustees Hartman, Huff, and White voted "No."

Trustee Nisbet suggested that the words "consideration of" be inserted after the words "include" and "plus" in item c.

On motion by Mr. Stevens, seconded by Mr. Thompson, it was unanimously voted to approve the above recommendation with the changes suggested by Trustee Nisbet. The Trustees indicated their intent to carry out item c of the A-P benefits providing funds are available. Oakland University was excluded from this action.

3. Background material on the University policies on sponsored research, as prepared by Vice President Muelder, had been previously distributed to the Trustees and is on file in the Secretary's Office.

Administrative policies for sponsored research approved

On motion by Mr. Nisbet, seconded by Mr. Stevens, it was unanimously voted to approve the basic administrative policies for sponsored research under which we are now operating and as contained in the material distributed.

4. The President discussed his recommendations relative to the Presidential Commission on Admissions and Student Body Composition.

Presidential commission on Admissions and Student Body Composition established

Early visits by the President with key persons in the Michigan State University community indicated major concerns and differing views regarding current policies on admission and the composition of the student body. Given the fundamental importance of these policies to the entire future of the University, it was proposed that a Presidential Commission be created composed of representatives of the major interest groups in order to assess current policies and to make recommendations on future policies.

The proposal for the establishment of the commission and its terms of reference was previously distributed to the Trustees and is on file in the Secretary's Office and made a part of these minutes. The proposal has been reviewed by various administrative groups within the University, most recently by the Academic Council. At the request of one Trustee, the specific question of the one-year timetable was raised at the Academic Council, but the reaction to a shorter timetable was negative. The reasons for adhering to the present timetable was the complexity and difficulty of the subject and the fact that the earliest entering class which could be affected in any event would be the September 1971 group.

On motion by Mr. Stevens, seconded by Dr. Martin, it was unanimously voted to approve the Proposal for the Establishment of a Presidential Commission on Admissions and Student Body Composition at Michigan State University.

5. The Trustees approved, by telephone vote, the awarding of Board of Trustees Scholarships at each commencement. Scholarships for 1970 winter commencement have been awarded to:

Trustees Scholarships to be awarded each commencement

Second high man -- Jerome Alan Voss, Arlington, Virginia, Anthropology major, grade average 3.789.

Trustees Scholarships awarded to: Eleanor Adams Stephen Keifer Jerome Voss Eileen Ball

On motion by Mr. Nisbet, seconded by Mr. Hartman, it was unanimously voted to ratify the above action.

6. Trustee Thompson presented the following statement and motion:

June 1970 commencement to honor MSU alumnae

1970 is the 100th anniversary of the entrance of women on this campus. I am advised that in 1870, 10 women were enrolled in this land-grant college, then known as the Agricultural College of the State of Michigan. On this occasion it seems most appropriate to give recognition to our women of the University.

6. Recognition of MSU Alumnae, continued

At each June commencement Michigan State University has honored outstanding alumni by granting Distinguished Alumni Awards. Accordingly, at our 1970 June commencement it would seem appropriate that this Board encourage our MSU Alumni Association to cause the selection of outstanding MSU women only for the granting of Distinguished Alumni Awards.

This 100 year anniversary is a most special occasion. Such recognition as I have previously mentioned concerning women would appear to be most appropriate and commensurate with today's climate and would provide visibility and sensitivity to the feelings and views of this University.

I would like to move that Mr. Breslin be designated as our representative to work with and collaborate with the governing body of the MSU Alumni Association to accomplish this special recognition of MSU alumnae at the June 1970 commencement. Mr. Thompson's motion was seconded by Mr. Stevens and unanimously approved.

7. Assistant Provost Herman L. King presented the proposal of the Commencement Committee to have two separate spring term commencement exercises, both on the same day. The first ceremony, at 10 a.m. in the auditorium, would include graduate degrees, and the second ceremony, at 2 p.m. in the fieldhouse, would include honorary degrees, Distinguished Alumni Awards, and baccalaureate degrees.

Several of the Trustees expressed a preference for the stadium as the site for the spring term commencement, and it was agreed that the matter should be referred back to the Commencement Committee for further discussion.

C. BIDS AND CONTRACT AWARDS

1. Communication from Acting Vice President Wilkinson:

Oakland University received bids on February 12, 1970 for the addition of a catwalk, light bridge and demolition of dressing rooms at Baldwin Pavilion authorized by the Board of Trustees at its April 18, 1969 meeting. A tabulation of the bids submitted is as follows:

E. E. Powell General Construction Co.	\$32,495
Bundy Construction Co.	46,600
Spence Brothers	56,890

Since the low bid was approximately \$15,000 above the estimate, the Oakland University staff in consultation with the architect recommended that all bids be rejected. I concur in this recommendation.

Mr. H. N. Stoutenburg, Jr. has advised that this work will be rebid later as a part of a larger project being planned at the Baldwin Pavilion.

On motion by Mr. Nisbet, seconded by Mr. Thompson, it was voted to approve the above recommendation.

for stage

sound system
at Baldwin
Pavilion

On March 16, 1970, Oakland University received bids for the installation of stage lighting circuits and a sound system at the Baldwin Pavilion authorized by the Board of Trustees at its April 18, 1969 meeting. A tabulation of the bids submitted as follows:

Schultz Electrical, Inc.	\$51,000
McGee Electric Co.	55,000
Fred W. Moote Electric Co.	61,840
Oakland Electric Co.	69,251
T. L. Jacobson	69,700
Demers Electric Co.	77,200

The bid proposals have been examined by the architect and our staff, and it is recommended that a contract be awarded and executed with Schultz Electrical, Inc., in the sum of \$51,000 divided into two phases:

Phase I to be completed by June 15, 1970, at a cost of \$20,115
Phase II to be completed by June 1, 1971 at a cost of \$30,885.

Funding for Phase I has been provided by the Kresge Foundation. However, we propose that Phase II be subject to cancellation if the funds are not provided by the Kresge Foundation after February 15, 1971 as anticipated. Schultz Electrical, Inc. will accept this cancellation provision provided Oakland University agrees to reimburse them for any additional labor cost which results from any negotiated wage increases prior to the completion of the contract and for any changes in the material price quotations.

It is further recommended that the following project budget be approved:

Construction	\$51,000
Schultz Electrical, Inc.	
Professional services	4,930
(architect and consulting fees)	
Supervision	1,000
Contingency	<u>5,000</u>
	\$61,930

On motion by Mr. Hartman, seconded by Dr. Martin, it was voted to award the contract and approve the budget as recommended above.

Adjourned at 11:51 a.m.

The April meetings of the Trustees will be held on the 16th and 17th in East Lansing.
