

Minutes of the Informal Meeting
of the
BOARD OF TRUSTEES
October 14, 1971

Present: President Wharton, Trustees Carrigan, Hartman, Huff, Martin, Merriman, Stevens, and Thompson; Provost Cantlon, Executive Vice President and Secretary Breslin, Vice Presidents Muelder, Perrin, Wilkinson, Dean Nonnamaker, Messrs. Carr, Spaniolo, Svoren, Wilkie.

Absent: Trustee White.

President Wharton called the information meeting of the Board of Trustees to order at 7:30 p.m. Vice President Muelder turned the meeting over to Dean Nonnamaker who introduced Don Svoren, newly hired veterans affairs special assistant in his office, and the three members of the Michigan State Veterans Association who would make a presentation before the Board. Representing the Association were: Paul Gracy, Vice President; William Small, Secretary; Robert Spagnolo, former President of the National Association of Inter-collegiate Veterans.

Requests for services and assistance to veterans presented to Trustees

Mr. Gracy presented the Association's report to the Board. He noted that there has been much discussion concerning the plight of the returning Vietnam veterans and that their return has not been haralded as in past conflicts. He added that today's returning veteran has less chance for job or training opportunities than did the returning veterans of past wars. He pointed out that the returning Vietnam veteran doesn't want to be treated as a hero but he wants to be assimilated into society. He added that the national unemployment rate for today's veteran is alarmingly high.

According to Mr. Gracy, only 14.5% of Michigan's returning veterans are currently taking advantage of the educational benefits provided under the U.S. G.I. Bill. He indicated that this compares poorly with the national average of 30% and the World War II average for Michigan returning veterans of 50%. He added that the Association feels that with a few changes in University policy and implementation of some programs, MSU could do much to change the current Michigan figure. The Association is striving through its state organization to ask every institution of learning to do the same. He also compared the current level of education benefits through the G.I. Bill with those provided for veterans returning after World War II and the Korean War. He indicated that current benefits are much lower especially when in light of today's higher education costs.

Mr. Gracy outlined the following steps that the MSU Veterans Association is asking the University to take:

1. Discount the G.I. Bill benefits as income when a student files for financial aid.
2. Drop the work expectancy figure for veterans attending the University year around.
3. Provide a deferred tuition program for veterans whereby they could pay tuition when they receive their G. I. Bill checks. Such checks are often delayed.
4. Provide a revolving loan fund to assist veterans during such delays.
5. Give veterans preference in married housing and provide furniture storage for veterans who choose to use University furniture and wish to store their own.
6. Preference be given to veterans in jobs both on campus and in the Lansing area so that they can continue their education without leaving school for financial reasons. The University and local governments are urged to participate in the Federal Emergency Employment Act which includes jobs for veterans.
7. Give academic credit for military service courses as listed in guidelines established by the American Council on Education.
8. Establish a tutorial program for veterans as provided by the 1969 amendments to the G.I. Bill whereby veterans can be employed to tutor returning veterans.
9. Review admissions criteria for veterans and allow them to declare "academic bankruptcy" for any post high school training prior to entering military service. Veterans should be given probationary admissions for one term regardless of their past high school record.
10. Veterans enrolled under the Federal Law Enforcement Education Program before entering military service should be allowed to continue under this program even though their education was interrupted.
11. Establish an outreach program whereby the University would encourage those veterans out walking the streets without jobs or marketable skills to come to the University to gain those skills.

Mr. Gracy said in conclusion that the MSU Veterans Association is asking the University to make a commitment to today's veterans in the same way it did for the veterans of World War II.

He also reported on the Association's activities in pushing for state education assistance funds and expressed appreciation for the Board of Trustees' support in the passage of a resolution backing the proposed Michigan Veterans Education Assistance Act. The bill has passed the Senate and is awaiting action in the House of Representatives.

Trustee Thompson asked for a report as to what the University has done to date for veterans. Dean Nonnamaker reported on past activities and distributed information on the newly created position of Veterans Coordinator which has been filled by Don Svoren. He added that it is going to take more than one person in his office to make meaningful changes in this area and that a University-wide commitment will have to be made.

Requests by
veterans, cont.

President Wharton discussed the various parts of the recommendations made by the Association which the University would have to take a hard look at before taking any action. He added that he felt the Association had not addressed itself to the more pressing problem of how the University could be more aggressive in recruiting returning veterans. Mr. Gracy responded that if the University developed an active outreach program for returning veterans this would be accomplished.

Trustee Stevens commented on the nation's outreach for returning veterans following World War II and the University's response to veterans at that time. He observed that today society appears apathetic toward the returning veteran and that no one seems interested.

Trustee Huff indicated that he would endorse the recommendations of the Association subject to the review of the University administration. He added that special assistance should also be given to disabled veterans.

Trustee Carrigan stated that now the University had a full time person working with veterans these students at least have someone they can go to with their problems. She added that she hoped that within a few months the Board could have a progress report with reference to the recommendations made by the MSU Veterans Association.

Provost Cantlon discussed the problems of establishing a tutorial program for veterans as recommended by the Association and indicated that such an effort would have to be done within the individual colleges and departments. He said that he would take a hard look at giving academic credit for prior courses in the military service.

Trustee Stevens asked about admissions policies regarding veterans. Provost Cantlon responded that veterans are given preferential treatment but he wasn't sure of the details.

Trustee Thompson suggested that as in the normal situation, the University's approach to the problems of the returning veterans be turned over to the central administration for action.

Trustee Stevens asked that at the next meeting of the Board of Trustees the University make a report on what is going to be done to help the veterans.

President Wharton adjourned the meeting.

MINUTES OF THE MEETING
of the
FINANCE COMMITTEE
October 15, 1971

President Wharton called the Finance Committee meeting to order at 7:35 a.m.

The following members were present: Trustees Carrigan, Hartman, Huff, Martin, Merriman, Stevens, and Thompson, President Wharton, Executive Vice President and Secretary Breslin, Provost Cantlon, Attorney Carr, Vice President Wilkinson.

On motion by Trustee Huff, seconded by Trustee Merriman, it was unanimously voted to approve the investment recommendations.

2. The University has received \$7,045.06 for deposit to the Frey Memorial Fund. These assets were received from the Estate of Ernest Frey.

The University has now received correspondence from Mr. Charles Frey indicating that they wish to have these funds placed in a permanent fund with the income to be used for graduate research in chemistry, biochemistry, or chemical engineering.

Following this request, it was recommended that the name of the account be changed to the "August F. Frey and Ernest J. Frey Research Fund" and that the fund be classified as a fund functioning as an endowment.

On motion by Trustee Merriman, seconded by Trustee Thompson, it was unanimously voted to approve the above recommendation.

3. Gifts totaling \$710 for the Paul H. Wooley Memorial Fund and designated for the unrestricted use of the Department of Entomology were accepted by the Board of Trustees as follows:

3. Paul H. Wooley Memorial Fund, continued

The donors have expressed a desire to have the funds invested with the income to be used to provide an annual stipend for outstanding students in the area of applied entomology.

It was recommended that these funds be transferred to a fund functioning as an endowment for the purpose indicated above.

On motion by Trustee Thompson, seconded by Trustee Stevens, it was unanimously voted to approve the above recommendation.

Increase in
1972-73 budget
request app.

4. It was requested that the Trustees amend the 1972-73 general fund asking budget for the University from \$124,452,000 to \$124,596,000. The requested increase represents a change in the College of Osteopathic Medicine budget request.

By approving this change, the Trustees have increased the asking appropriation from \$88,832,000 to \$88,976,000.

Motion was made by Trustee Thompson, seconded by Trustee Stevens, to amend the 1972-73 appropriation request as recommended. Unanimously carried.

Easement granted
Consumers Power
for Day Care Ctr.

5. Attorney Carr explained to the Board the request by Consumers Power Co. for an easement that would permit the Consumers Power Co. to provide electricity to the Child Day Care Center.

It was moved by Trustee Thompson, seconded by Trustee Hartman, to grant the requested easement. Unanimously carried.

Transfer of
Pontiac Osteo-
pathic property

6. Trustee Huff and Executive Vice President Breslin reviewed in detail the negotiations they had had with representatives of the osteopathic profession relative to the transfer of the Michigan College of Osteopathic Medicine property in Pontiac to the Board of Trustees. It was reported that during the final negotiations it was found that a clear title of this property was not available. It was also reported that there seemed to be a stiffening of the position by representatives of the osteopathic physicians that if the site is transferred the major emphasis must continue to be osteopathic medicine.

After discussion and on the motion of Trustee Stevens, seconded by Trustee Merriman, the Board approved unanimously the following:

- (a) It will follow the recommendation of the President on this matter;
- (b) It will not accept the property until the Board can receive a clear title to the property;
- (c) Further negotiations on the Pontiac property will continue to be handled by Mr. Breslin and Trustee Huff, and that Attorney Carr be consulted on legal matters.

MSU Distinguished
Citizen Award

7. President Wharton distributed a proposal for an "MSU Distinguished Citizen Award." In explaining the proposal, the President indicated that there are numerous occasions when it would be very appropriate to pay honor to distinguished citizens of the state of Michigan who might not necessarily qualify for an honorary degree. After discussion, there was Board acceptance of the proposal. It was suggested that in the final draft of the proposal language be inserted that would not limit these awards to Michigan citizens only. The President indicated that he would bring this matter back to the Board in November for final approval.

On motion by Trustee Thompson, seconded by Trustee Merriman, it was unanimously voted to approve the above arrangements.

Procedures for
purchase of
Channel 23
equipment app.

8. Vice President Wilkinson reported to the Trustees on the proposed procedures to be used in developing competitive bids for the Channel 23 transmission project. It was recommended that competitive bids be accepted for:

- (a) Transmitter and remote controls
- (b) Monitoring and test facilities
- (c) Studio-transmitter microwave link

It was further recommended that the University purchase the RCA TFU-25G pylon antenna for the following reasons:

- (a) In order to provide a clear signal to the Okemos-East Lansing area, the antenna must be capable of emitting a null-free signal in the area within a five-mile radius of the tower.
- (b) The antenna must be capable of being mounted on the existing tower without significantly reducing the tower height.

It was moved by Trustee Stevens, seconded by Trustee Huff, to approve the above recommendations. Unanimously carried.

October 15, 1971

9. President Wharton presented to the Board for their approval the following recommendations of the Awards Committee of the Executive Board of the MSU Alumni Association for the award "Honorary Alumni."

Honorary
Alumni Awards

Dr. John E. Cantlon, Provost, Michigan State University
Mrs. Ernest Hart, Medina, New York
Rabbi Abraham Zemach, Director, B'Nai B'Rith Hillel Foundation

It was moved by Trustee Stevens, seconded by Trustee Thompson, to approve the recommendations of the Awards Committee. Approved unanimously.

10. Attorney Carr reported to the Trustees that to protect the University's rules on residency requirements a Committee on Domiciliary Determination should be established. The Committee would be a hearing board charged with the responsibility of judging whether a student appeal for in-state tuition charges is legitimate. Attorney Carr was instructed to report his recommendations to the Board.

Committee on
Domiciliary
Determination
to be estab-
lished

On motion by Trustee Stevens, seconded by Trustee Carrigan, it was voted to approve the above recommendation. Trustee Huff asked to be recorded as not voting.

11. President Wharton asked that the Affirmative Action Plan for Women report be deleted from the regular agenda and that this item be placed on the November agenda.

Affirmative
Action Plan for
Women to be dis-
cussed at Nov.
meeting

12. Provost Cantlon reported that the salary raise lists that had been given to the State News were now general information across campus. He further reported that the Committee on Faculty Affairs and Faculty Compensation was studying the matter of salary information and would present their report and recommendations to the Board at a later date.

Salary raise
lists released

13. President Wharton briefed the Board giving background information on the allegations of the Chicano students. He reported that they have not seen fit to take their request through the normal University channels. He further reported that there may be an attempt by the Chicano students to demand a hearing at the regular Board meeting. President Wharton told the Board he felt it inappropriate for them to make a presentation to the Board until they had used the normal University channels. The Board unanimously supported the President's position and the Trustees requested that President Wharton make a statement to this effect at the regular meeting.

111. Grant of \$3,500 from Rand McNally & Company, Chicago, Illinois, to be used under the direction of G. D. Berkheimer in the Science and Mathematics Teaching Center and Continuing Education Service for the training of selected elementary teachers to become the in-service leaders and trained implementers so that they can help implement SCIS in their school system.
112. Grant of \$262,000 from the Estate of Jessie T. Fee to be used under the direction of M. Baron in the Division of Campus Park and Planning for the upkeep and maintenance of the Hidden Lake Gardens.
113. Grant of \$1,300 from the Michilimackinac Historical Society, St. Ignace, Michigan, to be used under the direction of L. Stone in the Museum for the archaeological project at St. Ignace, Michigan.
114. Grant of \$1,500 from the U. S. Department of Agriculture, Cadillac, Michigan, to be used under the direction of C. E. Cleland in the Museum to locate pre-historic Indian sites on a six-mile section of the Pere Marquette River.
115. Grant of \$61,948.51 from Research Corporation, New York, New York, to be used under the direction of M. E. Muelder in the Office of Research Development to support distinctive research programs and other requirements such as major equipment items and significant educational endeavors.
116. Grant of \$5,334.50 from The Ford Foundation, New York, New York, to be used under the direction of C. W. Minkel in the School for Advanced Graduate Studies for graduate fellowship support for Mrs. Ruth L. R. Lambert in the College of Education.
117. Grant of \$43,583.75 from the Estate of Elizabeth A. Klare, Deceased, Detroit, Michigan, to be used under the direction of R. E. Wilkinson, Vice President for Business and Finance, to be added to the H. William Klare and Elizabeth A. Klare Trust Fund.

On motion by Trustee Carrigan, seconded by Trustee Thompson, it was unanimously voted to accept the Gifts and Grants.

C. BIDS AND CONTRACT AWARDS

1. The following bids were received on September 30, 1971 for the Fee Hall Television System:

<u>Contractor</u>	<u>Base Bid</u>
Clover Electronics Construction	\$26,717
Cruse Communications	29,516

Contract awarded and budget approved for Fee Hall TV

It was recommended that a contract be awarded to Clover Electronics Construction of Detroit, Michigan, in the amount of \$26,717.

The expected expenditures for this project are as follows:

Contract	\$26,717
Monitors for 4 conference rooms	1,500
Monitors for 33 classrooms	12,375
Charges by Closed Circuit Television	500
Contingencies	2,508
Engineering, Supervision, and Expediting	900
	<u>\$44,500</u>

Funds are available for this project.

On motion by Trustee Stevens, seconded by Trustee Merriman, it was unanimously voted to approve the above recommendation.

D. OTHER ITEMS FOR ACTION

1. Copies of the contract modification with the City of East Lansing for fire protection were distributed to the Trustees and a copy is on file in the Office of the Secretary. As explained by Executive Vice President Breslin, under the revised terms of the contract, the University's share of the cost for 1971-72 (on a 50-50 basis) will be approximately \$300,000. Of this amount, \$150,000 will come from auxiliary funds, \$100,000 will be appropriated from the General Fund for contractual services, and the City of East Lansing has agreed to give the University credit for approximately \$60,000 from the revenue sharing bill which was passed by the Legislature this year. The amended contract also provides that the City of East Lansing will notify the University 30 days prior to the purchase of a piece of major equipment; that the University will be involved in budget planning; and that either party will give notice of intent to cancel the agreement 90 days prior to the end of the fiscal year.

Contract modification with City of East Lansing for fire protection eff Jan 1, 1972 approved

Motion was made by Trustee Thompson, seconded by Trustee Merriman, to approve the contract modification as recommended with an effective date of January 1, 1972. Unanimously carried.

October 15, 1971

D. OTHER ITEMS FOR ACTION, continued

1972-73 Capital
Outlay Request
approved

2. The proposed capital outlay request for 1972-73, as submitted to the Bureau of the Budget, had been distributed to the Trustees and a copy has been placed on file in the Secretary's Office.

Motion was made by Trustee Huff, seconded by Trustee Thompson, to approve the Capital Outlay Request. Unanimously carried. Trustee Huff expressed the hope that our private fund-raising efforts could be addressed to meeting the needs of units other than the medical schools.

Report and
recommendations
of Special
Review Committee
of All-Univ.
Traffic Committee
approved

3. Revised recommendations of the Special Review Committee (established by President Wharton to review the operation of the All-University Traffic Committee) had been distributed to the Trustees. President Wharton provided a brief review of the reasons for the establishment of the Special Review Committee and expressed the belief that the recommendations will help to improve and strengthen the functioning of the All-University Traffic Committee.

On motion by Trustee Thompson, seconded by Trustee Hartman, it was unanimously voted to approve the report and recommendations of the Special Review Committee.

Renovation of
Morrill Hall
space for
Experimental
Classroom
Facility app.

4. The University's Experimental Classroom Facility, in existence since 1967, has outgrown its space in the Instructional Media Center. We have the opportunity to relocate and at the same time enlarge it by moving it into space recently vacated in Morrill Hall by the old language laboratory.

The estimated cost of renovating this space is \$12,700. The Provost's Educational Development Program has agreed to fund the project up to at least \$4,500 and has transferred that amount into the Special Alterations and Improvements account (11-5173). Thus, if approved by the Board of Trustees, the entire project will be charged to that account.

On motion by Trustee Merriman, seconded by Trustee Thompson, it was unanimously voted to approve the allocation of \$12,700 from the Alterations and Improvements Account for renovation of space in Morrill Hall for occupancy by the Experimental Classroom Facility.

Approval reso-
lution thanking
groups who
facilitated
voter registra-
tion fall 1971

5. Trustee Carrigan moved the approval of the following resolution:

WHEREAS: The lowering of the voting age for all elections from 21 to 18 has generated an unusually large number of newly eligible voters; and

WHEREAS: A majority of Michigan State University students are among those newly eligible voters; and

WHEREAS: Some 9,000 Michigan State University students became registered voters during the registration drive concluded on October 1;

THEREFORE, BE IT RESOLVED: That the Board of Trustees of Michigan State University publicly commend those officials of the University, the City of East Lansing and Meridian Township, and the League of Women Voters, Operation Frontlash, VOTER, and other groups who helped to facilitate registration for Michigan State University students this fall; and

BE IT FURTHER RESOLVED; That those same groups and individuals be encouraged to continue and expand their efforts in the future so as to maximize opportunities for students to register to vote and to exercise their elective franchise.

Trustee Carrigan's motion was seconded by Trustee Stevens and unanimously carried.

Review of
dormitory
financing
requested

6. Trustee Huff questioned whether, in view of the fact that the dormitory residency rate is higher than anticipated by the administration when the increase in dormitory rates was recommended last spring, and in view of the wage-price freeze, it might be possible to have a discussion regarding the possibility of reducing dormitory charges. Vice President Wilkinson responded that it has been the custom to review with the Trustees the financial status of the dormitories during winter term but this could be moved up.

Letters to
Trustee Huff
from 2 legisla-
tors and his
response

7. Trustee Huff read aloud a letter received by him from two members of the Legislature and also his statement in response. Copies of both are filed in the Secretary's Office and are made part of these minutes.

Motion was made by Trustee Merriman, seconded by Trustee Carrigan that it be recorded that the Trustees had received and filed Trustee Huff's statement. Unanimously carried.

E. REPORTS

Provost asked
to expedite
faculty
grievance pro-
cedure

1. Trustee Carrigan asked if the faculty grievance procedure which is being developed by the Academic Council would be completed by the time this year's tenure recommendations are submitted to the Trustees for action. Provost Cantlon responded that he was quite sure the lengthy document would not be ready by that time, but stated that we do have an interim grievance procedure since the Trustees had approved the interim use of the procedure for the dismissal of tenured faculty. Trustee Carrigan asked Dr. Cantlon to do whatever he could to expedite the completion of the new procedure.

E. REPORTS, continued

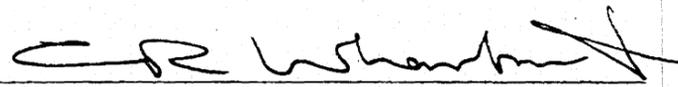

October 15, 1971

2. On behalf of the Trustees, President Wharton addressed the delegation from the student Chicano community who were in attendance at the meeting and who had expressed a desire to make a presentation directly to the Trustees. He explained that the Trustees were very deeply interested and concerned about a number of issues raised by the Chicano students and were anxious to see the University take additional forward movement and positive steps in this area. The Trustees requested, however, that the Chicano students meet with the appropriate University officials in order to reach an agreement as to the additional steps which should be taken. If, after such meetings with the University officials, the representatives of the Chicano community are not satisfied with the judgment and decisions which are made, the Trustees will entertain a direct presentation by members of the Chicano community.

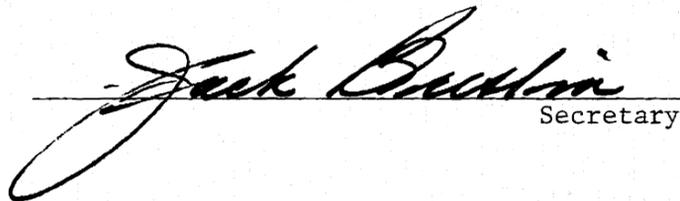

Chicano students requested to use proper channels to reach Trustees

Several Chicano students then proceeded to address the Trustees with a history of their meetings with various University administrators, their demands, and experiences. Trustee Carrigan responded that she felt it would be appropriate for President Wharton to define rather precisely the groups with whom the Chicano students should meet and, following these discussions, recommendations should be brought to the Trustees. Trustee Stevens recommended that the entire Mexican-American community, including non-students who could be involved in off-campus operations, be included in the discussions.

Meeting adjourned at 11:50 a.m.

President

Secretary
