VI	Foreign Students - Alphabetical Listing	7

This directory has been prepared to assist Michigan State University offices and related community groups in their relationships with students and scholars who are nationals of countries other than the United States.

There are two categories of foreign nationals on the campus. FOREIGN STUDENTS are individuals who are here for the primary purpose of pursuing academic course work. FOREIGN SCHOLARS are individuals whose primary purpose is something other than course work.

Immigrants, and persons who currently hold foreign citizenship but who have become permanent residents of the United States, are not included in either listing.
