Advancing Knowledge.
Transforming Lives.

MICHIGAN STATE UNIVERSITY

MISSION STATEMENT

The following statement was approved by the Board of Trustees on April 18, 2008.

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross- and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders;
- conducting research of the highest caliber that seeks to answer questions and create solutions in order to expand human understanding and make a positive difference, both locally and globally;
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to *advancing knowledge and transforming lives* across the State, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 577 buildings. Today, throughout Michigan, 15,000 acres are used for agricultural, animal, and forestry research.

MSU has more than 46,000 students from all 83 counties in Michigan, all 50 states in the United States, and about 130 other countries. More than 460,000 Spartan alumni live around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, and is the only university in the country with three on-campus medical schools. According to *Newsweek/MSNBC*, MSU ranks as one of the Top 100 Global Universities.

The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study. MSU has produced more Rhodes Scholars in the past 25 years than any other Big Ten school.

Sponsored research totals nearly \$400 million a year. The top federal funding agencies include, the National Science Foundation, U.S. Department of Health and Human Services, and the U.S. Department of Agriculture. Other externally funded research programs include the MSU-U.S. Department of Energy Plant Research Laboratory, Center for Advancing Microbial Risk Assessment, Great Lakes Bioenergy Research Center, Energy and Automotive Research Laboratories, Composite Vehicle Research Center, U.S.-China Center for Research on Educational Excellence, Center for Advanced Study of International Development,

and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. Department of Energy selected MSU to design and establish the Facility for Rare Isotope Beams (F-RIB). The proposed \$550 million facility will bring together an international community of top scientists. Their work will help unlock the mysteries of nature and the universe and promote breakthrough applications for medicine, national security, and the environment.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The Michigan Agricultural Experiment Station (MAES) encompasses the research of more than 300 scientists in six colleges and at a network of 14 field research stations in the State. Their work ranges from the development of forest products to food safety, new varieties of fruits and vegetables, water quality, livestock production, rural and community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in study abroad among U.S. public universities with more than 245 programs on all continents in 62 countries. Nearly 3,000 students study abroad each year.

MSU-Dubai, a new instructional site, offers undergraduate and graduate degree programs and the MSU Dubai Academy provides a venue for students who aspire to meet the admissions requirements of top universities in the world.

Michigan State University is a member of the Association of American Universities, Association of Public and Land-grant Universities, American Council on Education, American Council of Learned Societies, International Association of Universities, Association of Graduate Schools, Council of Graduate Schools, and the Committee on Institutional Cooperation.

CONGRATULATORY LETTER

December 2009

Dear Graduates and Families:

Graduation is an important milestone for our graduates and their families. At commencement ceremonies we celebrate our graduates and their accomplishments at Michigan State University, and we acknowledge the encouragement and support that family and other significant individuals have provided them. Reaching this milestone marks the completion of a degree program and the beginning of the next chapter in each student's life.

Graduates become a part of a tradition that spans more than 150 years. As a person with a long-standing connection to Michigan State—for nearly four decades—I have had many opportunities to interact with alumni, students, faculty, and staff who, on a daily basis, are *Advancing Knowledge and Transforming Lives*. Although much has changed along the banks of the Red Cedar River since I first enrolled in 1970, the core values of the University remain—quality, inclusiveness, and connectivity.

MSU continues to lead as a “community-engaged university.” Our faculty and students are involved in outreach and forge partnerships to serve the public good.

Our faculty and students are globally engaged. MSU is a long-time leader in research, study abroad and international student enrollment. Study abroad has offered many of you the opportunity to bridge cultures and accomplish mutual understanding and cooperation. We hope, as alumni, that you will continue to bring your Spartan spirit wherever you travel.

Nearly a half-century ago, our legendary President John A. Hannah confirmed the bond that is forged with our graduates. He said:

Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.

Our graduates go forth as caring global citizens, and although we bid you farewell and wish you a very bright future, we invite you to come home often.

Sincerely,

Lou Anna Kimsey Simon, Ph.D.
President

CONGRATULATORY LETTER

December 2009

Dear Graduates and Families:

Congratulations to our graduates and your families! As President Simon encourages you to come home often, so do I!

More than three decades ago, I earned a bachelor's degree at Michigan State University, and although I earned advanced degrees at other institutions, that first college degree has served me well.

It gives me great pleasure to be here at a time when Michigan State University continues to create new opportunities at home, in the state of Michigan, and around the world. With our students and our faculty, we are achieving new levels of excellence. Our students are enthusiastic in taking advantage of the opportunity to study and to expand their views, and to grow as individuals and global citizens.

As a student of Michigan State University, you are a member of a vibrant community united by the common interest we share as scholars. I hope that, even after earning your degree, you will always remain members of this community—that is, be hungry to learn, to seek new knowledge, and to share and apply that knowledge for the betterment of others.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you the best in all of your personal and professional pursuits and in your future endeavors as Spartans. May the relationships you forged here with your professors and other students continue to inspire you.

Sincerely,

Kim A. Wilcox, Ph.D.
Provost and Vice President for Academic Affairs

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU; burnt orange and white for the University of Texas; blue and gold for UCLA). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed below for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials, HC. Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

UNIVERSITY MACE

A GLIMPSE OF MICHIGAN STATE UNIVERSITY

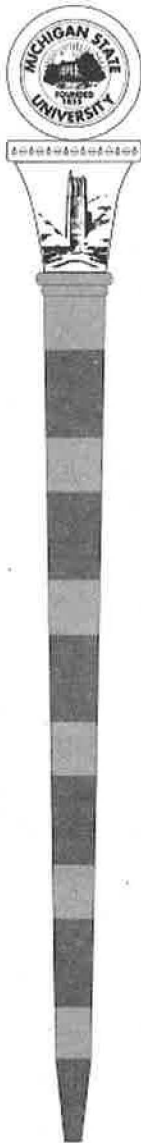

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace is designed by University Relations and was produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries during commencement and inaugural and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial is the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road campus entrance that also adorns markers at other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts of 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-41) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University: to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

HONORARY DEGREES

Emil Boc

You are a political leader known for integrity, a passion for social and judicial reform, and a commitment to building a society that ensures equality, sustainability, and a desirable standard of living.

From an early age you recognized your interest in politics and the welfare of society. After earning undergraduate degrees in history and philosophy, a law degree, and a doctorate in philosophy and political science in your native Romania, you came to Michigan State University as a visiting scholar. While here you interned with the Michigan Legislature and worked with the Institute of Public Policy and Social Research to link MSU and Romanian universities in the Transylvania Political Leadership Program, serving as co-director of the academically beneficial exchange.

Recognized as a leader in your political party, you were elected to Parliament and became a Deputy in the Chamber of Deputies, the lower house of Parliament. There you were

known as an advocate for constitutional reform and honest and open government.

In 2005, as mayor of Cluj-Napoca, Romania, you returned to East Lansing to establish a program to exchange ideas and provide planning and development assistance for implementing democratic principles in your city and country.

As your national reputation advanced in Romania, you served as executive president of the Democratic Party. Under your direction, the party grew to be the largest in the country and win the majority of seats in Parliament. You helped lead Romania to membership in the North Atlantic Treaty Organization and the European Union and served as vice president of the Commission to Revise the Constitution. You were named Prime Minister in 2008.

For your visionary approach to government and civil liberties; your leadership in guiding your country to be a modern democratic, free market member of the world community; and your continued partnership with MSU, I am pleased to award you the honorary degree Doctor of Laws from Michigan State University.

Nancy G. Brinker

You are known for your strong advocacy for cancer control programs through Susan G. Komen for the Cure, the organization you founded in 1982 to honor a promise to your sister who died of breast cancer that year. In the nearly three decades since then, you have built the organization into the world's largest source of nonprofit funds dedicated to curing breast cancer at every stage.

Komen for the Cure is perhaps best known for the annual Race for the Cure. Since the first race was held in 1983, with 800 people, the program has expanded to 1.5 million people running in 130 races in 125 cities in the United States and around the world.

When you began, potential sponsors were reluctant to be associated with cancer, especially breast cancer. As you worked to overcome that resistance, you established the color pink as the symbol of the fight against breast cancer. Today almost 300 global and national companies, displaying that pink ribbon icon, provide funding to support scholarships, awards, research grants,

and community grants for breast cancer education, screening, and treatment programs.

As U.S. Ambassador to Hungary from 2001 to 2003, you organized local women, health professionals, and nongovernmental organizations to raise awareness of breast cancer there. You have served on the National Cancer Advisory Board and as Chief of Protocol in the U.S. State Department. You were recently named Ambassador for Cancer Control for the United Nations World Health Organization, calling for cancer to be included in the U.N.'s Millennium Development Goals.

In recognition of your contributions to improving the lives of people around the world, President Barack Obama awarded you the Presidential Medal of Freedom, the nation's highest civilian honor, calling you a "catalyst to ease suffering in the world."

For your vision for ending breast cancer, your commitment to research and education, and your perseverance in raising awareness and funds to save lives and ease suffering, I am pleased to award you the honorary degree Doctor of Humanities from Michigan State University.

HONORARY DEGREES

Richard M. DeVos, Sr.

You are a visionary entrepreneur and a renowned motivational speaker and author with a commitment to the cultural, scientific, and social development of state, national, and global communities.

Applying your exceptional business acumen and communication skills, you cofounded Amway Corporation and the innovative direct selling method that has become the model for a whole industry. The company now enables more than three million people in 80 countries to own independent businesses. Beyond its business success, Amway's One by One campaign for children, in collaboration with UNICEF, has applied a million employee volunteer hours and more than \$70 million to benefit millions of children around the world.

You have been a leader in linking philanthropic, government, and business interests to advance the revitalization of Grand Rapids. Your 1970s renovation of an existing building as the Amway Grand Plaza Hotel is considered the pivotal point of change for the city. The Grand Center convention facility and the DeVos Performance Hall auditorium and more recently DeVos Place cemented the city's revitalization and provided the framework for building the Grand Rapids Medical Corridor.

Recognizing that research drives medical progress, you were instrumental in developing a vibrant health sciences community in Grand Rapids. Beginning with the Van Andel Institute, that community now includes Spectrum Health's Butterworth Hospital complex, Grand Valley State University's Cook-DeVos Center for Health Sciences, and the Michigan State University College of Human Medicine. You and your wife Helen also provided support for the Helen DeVos Children's Hospital to expand services and offer specialized pediatric care.

You are sought after as a speaker who encourages others with practical but profound thoughts and advice. In your books and your life you show how making the decision to live with a positive attitude can change individuals, communities, and the world. Your service on boards and committees has advanced education, organ transplantation, and other programs that improve lives.

For your commitment to improving the economy, advancing health care and medical research, and encouraging personal growth and development, I am pleased to award you the honorary degree Doctor of Humanities from Michigan State University.

Simon A. Levin

You are an internationally known and respected ecologist and environmental scientist, a dedicated and effective teacher, and a caring and engaged mentor for students and colleagues.

Your scholarship has significantly shaped the field of modern ecology and its application to environmental management and protection. Your innovative mathematical models demonstrated that analyses of small regions could be applied to ecological phenomena in larger regions. The range of your scientific contributions extends from cultural evolution and the ecology of intertidal zones to the evolution of viruses and seed dispersal in plants.

Your publications are widely read and cited. Your paper, "The problem of pattern and scale in ecology," was most cited in the field of ecology and environment for the 1990s. Your book, *Fragile Dominion*, with its insights on ecosystems and the biosphere as complex adaptive systems, is considered a masterpiece.

You are a member of the National Academy of Sciences and have served in top elected positions in professional societies,

including the Beijer Institute of Ecological Economics, the Ecological Society of America, and the Society for Mathematical Biology. You were the founding editor of the journal *Ecological Applications* and have edited numerous other journals and book series. You serve on the advisory board of the International Network of Research on Coupled Human and Natural Systems, which is supported by the National Science Foundation and based at Michigan State University.

You generously share your time, knowledge, and analytical skills with others. Undergraduate and graduate students, post-doctoral associates, visitors to your laboratory, and professional colleagues all extol your contributions to their careers.

For your creativity in developing ecological principles, your advocacy for sustainable development and environmental protection, your leadership in the scientific community, and your support of students and colleagues, I am pleased to award you the honorary degree Doctor of Science from Michigan State University.

HONORARY DEGREES

Edward J. Minskoff

You are a successful and forward-thinking real estate developer who has built millions of square feet of prominent commercial office buildings. You are known as a master builder who completes difficult projects with architectural flair.

A graduate of Michigan State University, you earned an MBA before working in New York City as a broker and then a real estate banker. Later, as executive vice president of Olympia & York, you were responsible for acquisitions, development, leasing, and financial planning, building the company into the largest developer in the country.

In 1976 you arranged what is still the largest private real estate acquisition in the nation, involving eight Manhattan office buildings with 11 million square feet of space in a transaction that appreciated to more than \$3.5 billion by 1986. In 1987 you started your own company, Edward J. Minskoff Equities, Inc. With your skills in negotiation, analysis, and management you oversee an impressive list of projects. Among them are a one-million-square-foot mixed-use complex a block away from Ground Zero.

You are an art connoisseur, considering the buildings you develop an art form and maintaining a large personal modern art collection. Using your knowledge of art and expertise in property development and construction, you participated in final recommendations on the architectural firm designing the Eli and Edythe Broad Art Museum at MSU. Your firm's help with design review and other development aspects resulted in significant savings.

In service to your community, you are a member of the New York University Schack Institute of Real Estate Advisory Board. You also support medical research at the Langone Medical Center at New York University where you endowed the Julie and Edward J. Minskoff Professor in Pediatrics and serve as a trustee. At MSU, your generosity helped establish the research laboratory of Andrea Amalfitano, a top genetics expert specializing in pediatric diseases.

For your business accomplishments and your generosity in contributing your time, talents, and resources to educational and medical communities, I am pleased to award you the honorary degree Doctor of Business from Michigan State University.

Robert Tjian

You are an accomplished molecular biologist known for your innovative research on the biochemistry of gene regulation in humans and animals. You are also a respected mentor and educator who identifies and nurtures talented young scientists. As president of the Howard Hughes Medical Institute and a member of the National Academy of Sciences, you are a national leader in science policy and development.

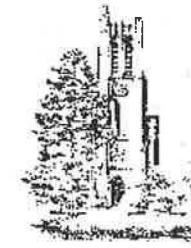

Your research at the University of California, Berkeley has had a major influence on medicine and translational research in all areas of biology. You discovered proteins called transcription factors that bind to specific sections of DNA and play a critical role in controlling how genetic information is transcribed and translated into the thousands of biomolecules that keep cells, tissues, and organisms alive. This significant, pioneering advancement of knowledge about how genes work clarified the connection between disruptions in that transcription process and the onset of human diseases such as cancer, diabetes, and Huntington's. You also study how transcription factors control

the development of embryonic stem cells into muscle, liver, and neurons.

As a mentor, you give the talented, imaginative young scientists working with you the resources, time, and freedom to explore challenges. Your conviction that these scientists will then make fundamental discoveries of lasting scientific value and benefit to humanity has been confirmed by the productive careers and significant accomplishments of your former students and postdoctoral associates. You look for creativity, passion, and commitment to high scientific standards—the characteristics that guide your own efforts to push forward new technologies and innovative ways of using biological knowledge to develop new medical treatments.

For your exceptional originality and resourcefulness in pursuing the fundamental nature of transcription factors, the leadership you provide in this field, and your generous mentoring of young scientists, I am pleased to award you the honorary degree Doctor of Science from Michigan State University.

BACCALAUREATE DEGREES

Star-Spangled Banner

*Oh, say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
O, say, does that star-spangled banner yet wave
O'er the land of the free, and the home of the brave!*

Alma Mater

*M.S.U., We love thy shadows, when twilight silence falls,
Flushing deep and softly paling, o'er ivy-covered halls.
Beneath the pines we'll gather, to give our faith so true,
Sing our love for Alma Mater, and thy praises, M.S.U.*

The lyrics of the Alma Mater were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSC Shadows* was finally adopted as the official Alma Mater. Today, the Alma Mater is known as the *MSU Shadows*.

MSU Fight Song

*On the banks of the Red Cedar, is a school that's known to all;
Its speciality is winning, and those Spartans play good ball;
Spartan teams are never beaten, all through the games they fight;
Fight for the only colors, Green and White.
Go right thru' for MSU, watch the points keep growing.
Spartan teams are bound to win, they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening, we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.*

Lyrics by Francis Irvin Lankey, (MSU Engineering, 1916).

The University acknowledges candidates for the bachelor's degree who will graduate as *Academic Scholars* (A), from the *Honors College* (H), *With Honor* (*), or *With High Honor* (**). *Academic Scholars* completed a two-year honors program including at least four honors-caliber courses. *Honors College* graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses. *Graduation Honors*. The current minimum grade-point average for seniors graduating *With Honor* is 3.60 and those graduating *With High Honor* is 3.84, which is approximately 20 percent of graduating seniors who have earned the highest grade-point averages. Recognition of graduation honors in the commencement program is based on the grade-point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

Sean Thomas Rinard

ADVANCED DEGREES

Star-Spangled Banner

*Oh, say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
O, say, does that star-spangled banner yet wave
O'er the land of the free, and the home of the brave!*

Alma Mater

*M.S.U., We love thy shadows, when twilight silence falls,
Flushing deep and softly paling, o'er ivy-covered halls.
Beneath the pines we'll gather, to give our faith so true,
Sing our love for Alma Mater, and thy praises, M.S.U.*

The lyrics of the Alma Mater were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSC Shadows* was finally adopted as the official Alma Mater. Today, the Alma Mater is known as the *MSU Shadows*.

ADVANCED DEGREES

Order of Ceremonies

Presiding

Lou Anna Kimsey Simon, President, Michigan State University

Processional The MSU Symphony Band
John T. Madden, *Conductor*

Star-Spangled Banner*Francis Scott Key*
Mark Stefon Gary, Doctoral degree student in Music Conducting
The MSU Symphony Band and Audience
Lyrics, page 44

Moment of Silence

Presentation of Honorary Degree Candidates J. Ian Gray, *Vice President for Research and Graduate Studies*

Address Robert Tjian
President, Howard Hughes Medical Institute
Chevy Chase, Maryland
and *Professor, Biochemistry and Molecular Biology*
University of California, Berkley
Berkley, California

Special Music Festive Overture.....*Dmitri Shostakovich*
Transcribed by Donald Hunsberger
The MSU Symphony Band
John T. Madden, *Conductor*

Introduction and Remarks *Member of the MSU Board of Trustees*

Conferring of Degrees Lou Anna Kimsey Simon, *President*

Alma Mater*Bernard Traynor*
Arranged by Leonard Falcone, Edited by John T. Madden
(The Band, Mr. Gary and Audience)
Lyrics, page 44

EDUCATIONAL SPECIALIST DEGREES

THE GRADUATE SCHOOL

Karen L. Klomparens, Associate Provost
for Graduate Education and Dean

Graduates and Candidates—Summer and Fall 2009

Curriculum, Teaching, and Educational Policy
S LaDawn Marie Showers

K-12 Educational Administration
S Andrew Richard Christopherson

Laura Ann Otten
Donna M. Pohl

School Psychology
Megan Murphy Lloyd

MASTER'S DEGREES

COLLEGE OF AGRICULTURE AND NATURAL RESOURCES

Jeffrey D. Armstrong, Dean

Graduates and Candidates—Summer and Fall 2009

Degree of Master of Arts

Interior Design and Facilities Management

- S Bo Kyung Kim
- So Yun Park

Degree of Master of Science

Agricultural Economics

- Ammar Hassan Abd Oon
- Al-Yasari
- S Martin Ndinomupya Angula
- Ross Keith Bowmar
- Min Chen
- S Susan Sou-I Chen
- S Marcus Alan Coleman
- S Cristin Popelier Hosmer
- S Maria Christina Bautista
- Jolejole
- Ernaly Canivel Lising
- Adam James Lovgren
- Nathalie Mongue Me-Nsope
- Anna Marie Nayga Medrano
- Orlando Wesley Mejia
- Elizabeth Dawn Miller
- Mukwiti Nchooli Mwiinga
- Maria Alexandra
- Peralta Sanchez
- Kathleen Jean Rash
- Philip Eugene Taylor
- S Alda Armindo Tomo

Agricultural, Food and Resource Economics

- David Frederick Binkley
- Shan Ma
- Satoshi Tsukamoto

Animal Science

- Barbara Anne Casey
- S Tara Erin Lavin
- Sara Marie Maltese

Biosystems Engineering

- Paula Noel Steiner
- Wen Yang

Community, Agriculture, Recreation and Resource Studies

- S Tyler James Borowy
- S John Alexander Coombs
- Margaret Helen Fitzpatrick
- S Holly Rose Glomski
- Yuan-Yao Lee
- S Charlotte Marie Litjens
- Leyna Neil Miller
- Katherine Jane Nault
- Julie Ann Sims
- Felix Kwame Yeboah
- S Mary Elizabeth
- ZumBrunnen

Construction Management

- Sagata Bhawani
- S Christopher Wayne Clement
- S Gordon Dale Fellows
- Samarth Jain
- Anurag Shankarrao
- Kshirsagar
- Lipika Swarup

Crop and Soil Sciences

- Carmille Joanna Casinillo
- Bales
- S Elysia Ann Berry
- Patrick William Bradley
- John Patrick Hoben
- Lisa Marie McGiveron

Entomology

- S Adam Michael Byrne
- S Desmi Indumali
- Chandrasena
- S Soo-Hoon Samuel Kim
- Todd Campbell White

Fisheries and Wildlife

- Brett Michael Alger
- Carol Emiko Fergus
- Joel Theron Humphries
- Bret Allen Muter
- S Nancy Jane Schwalm
- S Jody Christopher Simoes
- S Kerryann Elizabeth Waco
- Daniel Joseph Wieferrich

Food Science

- Tasha Joy Breslin
- Babu Gonipeta
- Claudia Jean Place
- S Aileen Diana Tanojo

Forestry

- Shih-Ying Chen
- Megan Shanahan Matonis

Horticulture

- Attila Filo
- Michael Douglas Von Weihe

Human Nutrition

- S Fuk Tan Chow
- Sarah Elizabeth Hojnacki
- Sumathi Venkatesh

Packaging

- S Azhari Bin Ab-Majid
- Julia Corinna Breisinger
- Michael Buttigieg
- S Andrea Gou Guerrero
- S Dong Ho Kang
- S Mahesh Khurana
- Pierre Eugène Labéjof
- Katrina Noel Marie Lively
- James Francis Macnamara
- Chang Hoon Oh
- Chayanee Punggrassami
- Hayati Samsudin
- S Joseph Cortnez Stallings
- S Raghav Prashant Sundar

Plant Breeding and Genetics—Crop and Soil Sciences

- James A. Heilig

Plant Breeding and Genetics—Horticulture

- S Emma Bradford

Plant Pathology

- S Devan Ropposch Berry
- S Abigail Frances Morris
- Lina Maria
- Rodriguez-Salamanca
- Jesse Jon Sadowsky

COLLEGE OF ARTS AND LETTERS

Karin A. Wurst, Dean

Graduates and Candidates—Summer and Fall 2009

Degree of Master of Arts

Critical Studies in Literacy and Pedagogy

- LaToya Lillie-Cynte Faulk
- S Donnie Johnson Sackey

German Studies

- S Jeffrey Alan VanSickle

Linguistics

- S Lubna Abdulkareem Jasim
- AlJuboori
- Stephen Brigham Backman

Literature in English

- Faith Virginia Kirk

Philosophy

- S Renu Paul

Teaching English to Speakers of Other Languages

- Jenny Kyung Rhan Kim
- S Ryan T. Miller

- Eleanor Liu Robinson
- Tai-Heng Shih
- Patricia Alberte Speers
- Ke Zhang
- Lin Zhang

Degree of Master of Fine Arts

Theatre

- S Justin Adam Miller
- S Mary Therese O'Neill
