2015 SPRING SEMESTER

MICHIGAN STATE
UNIVERSITY

COMMENCEMENT CEREMONIES

SPRING 2015

“Your degree acknowledges that you are—and forever will be—a part of the amazing Spartan network that spans the globe. You are part of this university—our annals—and, I hope, MSU is in your heart forever. You have before you the opportunity to extend your positive influence into the wider world for years to come.”

Lou Anna Kimsey Simon Ph.D.
President
Michigan State University

Photo above: an MSU entrance marker of brick and limestone, displaying our proud history as the nation's pioneer land-grant university. On this—and other markers—is a band of alternating samara and acorns derived from maple and oak trees commonly found on campus. This pattern is repeated on the University Mace (see page 10).

Inside Cover: Pattern of alternating samara and acorns.

ENVIRONMENTAL
STEWARDSHIP

Mock Diplomas and the Commencement Program Booklet
Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 100% post-consumer recycled content.

Caps and Gowns
Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 13 plastic bottles.

Graduating Seniors and Master's Degree Candidates
Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at www.bespartangreen.msu.edu.

GRADUATING CLASS
MSU Alumni Association
For membership information, please visit www.alumni.msu.edu.

Senior Class Gift
Information is available at www.givingto.msu.edu/seniorgift/

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross- and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

May 2015

From the President

CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Graduation is an important milestone. At commencement ceremonies, we celebrate our graduates and their accomplishments at Michigan State University, and we acknowledge the encouragement and support that family and other significant individuals have provided them. Reaching this milestone marks the completion of a degree program and the beginning of the next chapter in each student's life.

Graduates become part of a tradition that spans more than 150 years. As a person with a long-standing connection to Michigan State, I have had many opportunities to interact with alumni, students, faculty, and staff who, on a daily basis, are advancing knowledge and transforming lives. Although much has changed along the banks of the Red Cedar River since I first enrolled in 1970, the core values of the University remain—quality, inclusiveness, and connectivity.

MSU leads as a "community-engaged university." Our faculty and students are involved in outreach and forge partnerships to serve the public good. Through research, education, and practice, we make the world and our campus better places. To be a Spartan is to be a part of something big. There are more than 500,000 Spartans at work on every continent, rising to practically every challenge imaginable. Every day, we make the world more sustainable, healthy, safe, and beautiful, proving again and again that "Spartans Will."

Our graduates go forth as caring global citizens, and although we bid you farewell I ask you to recall what our legendary President John A. Hannah confirmed. A special bond is forged with our graduates.

Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University ...forever.

Forever starts now. May you have a very bright future and come home often.

Sincerely,

Lou Anna Kimsey Simon Ph.D.
President

May 2015

From the Provost and Executive Vice President
for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Congratulations to our graduates and your families! As President Simon encourages you to come home often, so do I!

As you may or may not know, I earned my degrees at Michigan State University. This education has served me well.

It gives me great pleasure to be here at a time when Michigan State University continues to create new opportunities at home, in the state of Michigan, and around the world. With our students and faculty, we are achieving new levels of excellence even as we face many new challenges. Our students are enthusiastic in taking advantage of the opportunities to study and to expand their views, and to grow as individuals and global citizens.

As a student of Michigan State University you are a member of a vibrant community united by the common interest we share as scholars. I hope that even after earning your degree, you will always remain members of this community—that is, be hungry to learn, to seek new knowledge, and to share and apply that knowledge for the betterment of others and to contribute to a more sustainable planet for the generations of Spartans who follow you.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you the best in all of your personal and professional pursuits and in your future endeavors as Spartans. May the relationships you forged here with your professors and other students continue to inspire you.

Sincerely,

June Pierce Youatt Ph.D.
Provost and Executive Vice President
for Academic Affairs

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 538 buildings. Today, more than 19,000 acres are used throughout Michigan for agricultural, animal, and forestry research.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total more than \$500 million in 2013-14. The top federal funding agencies include the National Science Foundation, the U.S. Department of Health and Human Services, and the U.S. Department of Agriculture. Other externally funded research programs include the MSU-U.S. Department of Energy Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of

International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. Department of Energy selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in study abroad among U.S. public universities with more than 270 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in study abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Committee on Institutional Cooperation.

CEREMONY LYRICS

THE STAR SPANGLED BANNER

O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*

M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.

When from these scenes we wander,
and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**

On the banks of the Red Cedar,
is a school that's known to all;
Its speciality is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions and programs, please visit www.broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

ROBERT A. CHAPEK

You are a world-class industry leader and an outstandingly loyal Spartan. You inspire the students you mentor and advocate tirelessly on behalf of Michigan State University.

You have brought a commitment to excellence and boundless energy and enthusiasm to everything you do. Leading a team of 130,000 people as chairman of Walt Disney Parks and Resorts, you oversee resorts in the United States, Europe, and Asia, a cruise line, a vacation ownership program, and a guided family adventure business. Your path to this career achievement included serving as president of Disney Consumer Products, Disney Publishing Worldwide and the Disney Store, president of Distribution for The Walt Disney Studios, and president of Walt Disney Studios Home Entertainment.

Throughout your 20-plus years at Disney, you have been a champion of using the latest technology to drive growth and improve the customer experience. You have also developed groundbreaking business models and identified new revenue streams to achieve business

objectives and sustain long-term growth for your company.

But your service to the MSU business school—from which you received your MBA after earning your undergraduate degree in microbiology from Indiana University Bloomington—has been truly remarkable.

You have been an engaging and sought-after presenter for major events sponsored by the Eli Broad College of Business for many years. You have spent countless hours working with students, sharing the insights you have gained from your extraordinary career, and offering valuable professional advice to future MSU alumni. You have provided ongoing leadership to the college's alumni board, sharing your unique perspectives and offering innovative solutions to the school's challenges.

For your professional achievements—which reflect so well on the reputation of the university—and the significant contributions you have made to students and alumni, I am pleased to award you the honorary degree of Doctor of Business from Michigan State University.

CARLOTTA WALLS LANIER

You are an entrepreneur, author, speaker, and Civil Rights advocate. Your courage and defiance became a catalyst for change in the American educational system in 1957, when you, at the young age of 14, volunteered along with eight other African American students to attend the all-white Central High in Little Rock, Arkansas. Later known as the Little Rock Nine, you and your classmates integrated the school and changed the course of history for educational inclusion.

You endured racism, hatred, and violence because you understood the importance of education for a promising future. Your family home was bombed and your school was closed for a year to keep African American students from attending, but you persevered and graduated from high school in 1960. You attended Michigan State University for two years before

moving to Colorado and completing college at Northern Colorado University. You moved on to a successful career as a real estate broker and began your own business.

You continue to commit your time and talents to education initiatives serving as president of the Little Rock Nine Foundation. You serve on numerous boards and committees to improve your community and the world around you. In 1998 you received the Congressional Gold Medal, the nation's highest civilian honor, from President Bill Clinton. You are the recipient of honorary degrees from four universities.

For your unwavering commitment to Civil Rights, your bravery in facing adversity and your tenacity in seeking out the best education possible and paving the way for others, I am pleased to award you the honorary degree of Doctor of Laws from Michigan State University.

HONORARY DEGREE CITATIONS

ANDREW N. LIVERIS

You are a global business leader, a champion of the integral role manufacturing plays in helping national economies prosper.

As the president, chairman and chief executive officer of The Dow Chemical Company, you led the transformation of the company you have served for nearly 40 years into a 21st century, customer-focused enterprise. Your vision has helped Dow leverage its preeminence in commodity and specialty chemicals to develop innovative plastics and advanced materials, including electronics and agricultural products.

In an effort to help other companies thrive in an advanced manufacturing economy, you authored a book, *Making it in America: The Case for Re-Inventing The Economy*, which has influenced business leaders throughout the nation. As a result, you were invited to serve as co-chair of President Obama's Advanced Manufacturing Partnership steering committee. Your commitment to engineering a more productive future for the world's industries has also led Dow to collaborate with governments on advanced manufacturing plans in Africa, Australia, and Europe.

You have generously applied your lifetime of experience to benefit the government, academic, and non-profit sectors, serving on the boards of IBM, the Herbert H. and Grace A. Dow Foundation, the California Institute of Technology, and the United States Council for International Business. You are also vice chair of the Business Roundtable, an executive committee member and past chairman of the U.S. Business Council, and a member of the U.S. President's Export Council.

Born in Darwin, Australia, you attended the University of Queensland in Brisbane, graduating with a bachelor's degree (with first-class honors) in chemical engineering. You are a Chartered Engineer and a Fellow of The Institute of Chemical Engineers as well as a Fellow of the Australian Academy of Technological Sciences and Engineering.

For transformative leadership, compelling vision, and dedicated service that reaches far beyond the demands of your own industry, I am pleased to award you the honorary degree of Doctor of Engineering from Michigan State University.

DANIEL J. LOEPF

You are a businessman, a leader, and a visionary. Born and raised in Detroit, Michigan, you have remained committed to your city and state and throughout your career you have been a catalyst for revitalization.

You attended Wayne State University, earning a Master's Degree in political communications. You have served as a Chief of Staff for the Michigan Speaker of the House, Director of Communication for the Michigan Attorney General, and staff member for a U.S. Congressman.

In 2000, you joined Blue Cross Blue Shield of Michigan. Your work with 143 business chambers and associations spurred regulatory reform in Michigan and stabilized health care rates for small businesses. Six years later you became the President and CEO. Since that time your leadership has included decisions to relocate offices back to Detroit in the Renaissance Center. You also had the great vision to transform a long abandoned power plant in Lansing

into a national headquarters for the Accident Fund, a Blues' subsidiary. This project has been recognized as a national model of public-private partnership and adaptive reuse. These projects, along with others in Grand Rapids, have created thousands of jobs and hundreds of millions of dollars in economic benefit.

You are a national health care leader having served as Chairman of the Blue Cross and Blue Shield Association, an organization that includes all 37 Blues plans and provides health care coverage to nearly 100 million Americans. You serve on numerous national, state, and local boards and committees, both in a business capacity and in fulfillment of your personal commitment to public service. You have received many prestigious awards including Michigander of the Year.

For your business savvy, leadership, and vision, and for your passion to improve the quality of life for all Michiganders, I am pleased to award you the honorary degree of Doctor of Business from Michigan State University.

BACCALAUREATE DEGREES

- Ranks in the top ten for both study abroad participation and international student enrollment
- Silver rating from the Association for the Advancement of Sustainability in Higher Education's Sustainability Tracking, Assessment & Rating System (STARS) program, which measures and encourages sustainability in education and research; operations; and planning, administration, and engagement
- Among the largest single-campus residence hall system in the country with twenty-seven halls in five neighborhoods, and two apartment villages

GRADUATE DEGREES AND GRADUATE PROFESSIONAL DEGREES

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 20 years for graduate programs in elementary and secondary education
- External funding totaled more than \$500 million in 2013–2014. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, and industrial and organizational psychology
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

"Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever."

John A. Hannah (1902-1991)
President, Michigan State University (1941-1969)

WE CONGRATULATE OUR GRADUATES. COME HOME OFTEN.
