GREETING

Another year has rolled around and with it a renewal of college activities. We are glad of the opportunity to renew old acquaintances and also to make new ones. Old faces are again before us as well as many we have not seen before, and together, we shall endeavor to make the coming year the best one in the history of M. A. C. To all,—faculty, employes, and students, old and new, we bid you welcome.

We, the members of the Y. M.-Y. W. C. A., cordially welcome you to enter into the social and religious activities of our organizations, and later, we hope to welcome you to membership in them.

This little volume is prepared and given you that it may offer a glimpse and insight into the many college activities and help you to make the most of the opportunities which present themselves. In the work of the Associations, we ask your co-operation. You will find that these organizations are at your service and if there is any way in which we may be of help to you, do not hesitate to let us know.

May we through common interest and personal contact, be drawn to those higher planes of Christian character which are marked by struggle and achievement in daily life.

Sincerely yours,

H. A. JESSOP,
C. M. GREIFFENDORF,
L. A. HAZEN,
H. J. BISBEE,
E. A. BOETTCHER,

Hand-Book Committee.

ALMA MATER

Close beside the winding Cedar's
Sloping banks of green,
Spreads thy campus, Alma Mater,
Fairest ever seen.

CHORUS.

Swell the chorus! Let it echo
Over hill and vale;
Hail to thee, our loving mother,
M. A. C. all hail.

First of all thy race, fond mother,
Thus we greet thee now,
While with loving hands the laurel
Twine we o'er thy brow.

Backward through the hazy distance
Troop the days of yore,
Scenes and faces float before us,
Cherished more and more.

College Hall and Wells and Williams,
Abbott and the rest,
Halcyon days were those spent with
you,
Days of all the best.

Fold us fondly to your bosom,
Alma Mater, dear,
Sing we now their endless praises,
Sounding cheer on cheer.

THE MICHIGAN AGRICULTURAL COLLEGE

Historical—To the student who has chosen to pursue a course of higher learning at M. A. C., it may interest him to know that this college is the mother of Agricultural Colleges. In 1855, at a meeting of the State Agricultural Society, it was decided to secure a site for the future institution, located three and one-half miles east of Lansing, comprising 676 acres of land, and the next year a contract was let for the erection of the first two college buildings, College Hall, and a dormitory with a boarding apartment, later known as "Saints Rest."

The growth of the college was not phenomenal at first; years of trial and disappointment followed, but the advent of the late nineties marked the beginning of real progress, both in attendance and facilities for instruction. The entire history is that of a pioneer movement in education which began in a humble way, but has grown to proportions undreamed of by its founders and is still in its ascendancy.

Present—The institution is a branch of the educational system of the state and the governing body is the State Board of Agriculture. At present instruction is offered in the following courses: Agriculture, Horticulture, Forestry, Engineering, Home Economics, and Veterinary Science.

In addition, the past year saw the introduction of a two-year winter course in General Agriculture, a course conducted for two successive years, beginning with November of the fall term and extending to the week of the Farmers' Institute in the winter term. During the first two months of the winter term, the college offers special short courses in the following: General Agriculture, Fruit Growing, Creamery Management, Cheese Making and Poultry.

Registration—The student entering the College will first go to the President's office in the Library Building as early as possible, where he will present his credentials and give the other information asked for. If these are satisfactory he will be enrolled and directed to his Class Officer.

The Class Officer will make out a classification card covering the subjects in his particular case. He will then present this card at the Registrar's office on the first floor of the Agricultural Building, Room 117.

The registrar will enter his fees on the card and the student will then pay them at the Secretary's office in the Library Building.

The Secretary will return a copy of the classification card signed, together with certain other receipts. These will admit the student to full enrollment in his classes.

The instructors will sign the classification card and when their signatures are all obtained, the card should be returned to the Class Officer for his final signature not later than the Monday night after school opens.

GREEN AND WHITE

Up, up with the colors,
We'll raise them on high,
We'll fight for our college
For her we will die,
Let's rouse the dead echoes,
Unfurl to the light
The colors we honor,
The Green and the White.

We'll all stand together
And honor will bring
To our Alma Mater
Whose praises we sing.
Let's rush to the fray then,
Our foes put to flight,
For the colors we honor,
The Green and the White.

TO THE FRESHMEN

The following statements are not intended as advice, but simply as suggestions, because of our interests in the freshman and our desire that he shall become a vital part of the institution and the institutional life.

Selecting Courses. We take it for granted that the freshman has already decided what general course he will take. We suggest that he shall exercise great care when it comes to the time for selecting elective subjects. Our suggestion is that he select the strongest subjects related to the general course pursued. You are not here looking for "snaps." You are here for business. Consult with class officers as well as with upper classmen concerning subjects and special lines of work to be pursued. Remember that the purpose of college training is to enable a man to make a career that will be worth while.

Societies. Societies are good for some men and not so good for others. Before accepting more than one or two invitations to a society, look up the record of that society and decide whether it is such that you would care to join if asked. In rating a society, look first to the character, agreeability and activity of its members. This is the essential feature.

What to Join and What to Subscribe for:

The term "student" carries with it the idea of work, but in college life, the classroom work is only a part of the training. The student should become well read and he should learn to meet men. It is essential to success that a man shall be a "good mixer," and the college affords excellent opportunity to get a poise and affability and a degree of courtesy which will make a man a desirable companion.

While in college, take an interest in the institution as a whole, its history, and its

LANSING'S LARGEST STORE

probable future; also give attention to the numerous events which occur on the campus. Every real college event is a part of your education and training.

Subscribe for the Holcad, the student paper. Read it carefully. In this way you can become acquainted with the customs and the traditions of the institution, and both of these are vital elements in a student's success. The price of the paper is \$1.00 per year.

Join the Y. M. C. A. This institution has a broad foundation and it aims at building character. No matter how much education a man may get or how much physical development he may acquire, if he does not possess character he is of no value as a student, and he will be absolutely worthless to society in the future. A young man may never settle down, but it is certain that some time he must settle up. The real standard of civilization has been determined by Christianity, and the Christian standard of morals and manhood is the acknowledged standard of today. The membership fee of the Y. M. C. A. is \$1.00, payable before December 1st.

The Wolverine is an interesting and useful part in the freshman's library. It appears in the spring term before the close of the college year.

Business Dealings. The Lansing merchants cater to the student trade, and we believe that they will deal fairly with the students. We know from past history that the students deal honorably and honestly with the merchants and business men. This, too, is an important part of your college training. Remember that it is beneath the dignity of a student to run up any bills that can not be paid promptly.

Banking. Have your money sent from home in the form of drafts, postoffice money orders, or express orders. You will have trouble cashing checks from your home town. The college will take your money and give you a book, and you can draw here on the campus whenever you need funds.

Personal Conduct. Student life demands that each individual shall realize his personal responsibility. Any man entering college does so of his own free will and accord, and by that act becomes amenable to the laws, traditions, customs and requirements of college life, but it lies with him absolutely as to how well he shall measure up to the highest standard. The freshman should understand that he will remain in college as long as he proves himself to be a self-governing individual and shows that he possesses a fair sense of personal responsibility. The student can go to excess in social pleasures and in bad habits, but if he does, he won't last long. He should bear in mind that the big words written by an unseen hand on the wall of his room are "business" and "manhood."

The freshman, and, in fact, every student, should meet every other student courteously. He should seek to become acquainted with the student body, with the members of the faculty, and with the people of East Lansing.

Studies. The pages of educational history are marred with the word "failure." This is sometimes due to improper conduct, and at other times 'to the fact that the student failed to work. Remember that you are not on a holiday trip, and that college life is not a summer vacation. The instructors will form their opinion of you very largely by your attitude to the subjects taught, to the institution, to the student body, and to the instructor himself. An attitude of interest on the part of the student will always be met by interest on the part of the instructor. Plan to reach your class on time, or as nearly so as possible. Nothing annoys an instructor so much as to have students straggling in during the first quarter-hour of the period. Learn to look for the human element in your instructors.

All-Fresh and Other Teams. Freshmen are allowed 'to play on the varsity team; they also have an all-fresh team in football for which they can go out. If you have ever had any football experience in high school

and are not handicapped by conditions go out for the team. Competition is sometimes severe, and the conditions regarding the choosing of players are not always all that could be desired.

General Counsel

Do not hesitate to ask questions through fear of ignorance. We were all freshmen once.

Don't forget the Y. M. C. A. meeting at 6:30 on every Thursday evening in the "Y" rooms.

Don't forget mother—write home often.

Put aside all prep school insignia when within thirty miles of Lansing and never wear them after reaching here.

Do not be a "buttinsky." Be respectful to upper classmen. Know your place and keep it.

When an upper classman tells you that it is custom and tradition for certain things to happen, respect his words and honor the tradition. It is not smart to be a revolutionist; besides, it may "get you in bad."

Come to the Y. M. C. A. headquarters for information. Do not bother the college officials unnecessarily. They are busy. We like to be bothered.

Be sure to attend all Liberal Arts entertainments.

Don't join any organization until you know what you are joining.

Don't read the college songs and forget there were such things. Learn them and join the student body when they sing them.

Don't forget to join the Association.

Don't read the ads in this book and trade with the other fellow.

Don't forget the football, basketball, and baseball schedules. Come out and give the teams your support.

Don't wear a stiff hat on the campus. Only seniors are allowed that privilege.

Don't smoke on the campus. This is a time-honored tradition.

 Tiger

Rub it into Michigan, Michigan, Michigan,
Rub it into Michigan,
M. A. C. can.
We'll once again tie the can unto old Michi-
gan.
Rub it into Michigan,
M. A. C. can.
Hi-le, hi-lo, hi-le, hi-lo;
Michigan's chances grow slimmer and slim-
mer.
Hi-le, hi-lo, hi-le, hi-lo;
And Michigan's chances must go.

Rat-a-to-thrat

Rat-a-to-thrat! to-thrat! to-thrat!
Terrors to lick! to lick! to lick!
Kick-a-ba-ba! Kick-a-ba-ba!
M. A. C.! M. A. C.! Rah! Rah! Rah!

(Tune of Moonlight Bay)

We are fighting along
Towards Michigan's goal;
Towards Michigan's goal;
You can hear the rooters calling,
They seem to say,
We are going to win
We are going to win
On this big day,,
On this big day,,
As we root, root,
Root, root, root,
For M. A. C.

Osky-wow-wow, Skinny-wow-wow,
Skinny-wow-wow,
wow-wow-wow-wow.

Varsity Siren

R-r-r-r-r-r-r-rah! Varsity, Rah!
(Repeat three times)

Smashing, smashing, smashing
Line bucks and forward passing,
Around the ends and thru the line,
Fighting for M. A. C. all the time.
We're going to beat you _____,
You bet that we can win,
For the man who teaches us the game,
Is Mac! Mac! Lin!

They say that our team, they cannot play
ball,
Play ball all the while, play ball all the
while,
They say that our team, they cannot play
ball,
Play ball all the while, all the while.
Rah! Rah!

Down before the farmers, down before the
farmers,
Down before the farmers ——— goes!
Um ——— ah ——— Tigers!!

Cheer, boys, cheer! Our team has got the
ball.
My! oh, my! but won't they take a fall,
And when we hit their line, they'll have no
line at all,
There'll be a hot time on the old farm to-
night.

M. A. C. -
(Repeat all.)

Hurrah! Hurrah! Hurrah! Team, Hurrah!

ORGANIZATION

Introduction. The Y. M. C. A. at Michigan Agricultural College is a unit in the student department of the national organization. This national student body is the largest inter-collegiate organization in existence. The student department of the national Young Men's Christian Association is affiliated with similar organizations of other countries in a world-wide student federation. Thus, in joining our local Y. M. C. A., a student not only becomes associated

with the most loyal and earnest men at M. A. C., but allies himself with the greatest student organization in the world.

Location. The home of the Y. M. C. A. at the Michigan Agricultural College is in Williams Hall, on the first floor and north-west corner. Here, a large reading room is maintained and kept in order under the supervision of the House Committee. The latest magazines will be found on the tables, along with reference books in the adjoining office, and we invite the student body to make use of these arrangements at their disposal. The office is open from 8:00 a. m. to 4:20 p. m. and the men in charge are always ready to assist the new men in any possible way.

Membership. Last year there were 343 men enrolled as active members of the Y. M. C. A., but this is not enough. This year our slogan is "Every man a member of the Y." Why? Because there are some things in life which we can't afford to do, and there are others which we can't afford not to do. Y. M. C. A. membership is in the latter class.

The real work of the College organization is to interest men in things religious, that they may take their places as integral factors in the Christian social organization of the world as they go out into life. This is the great purpose. We do not seek men on a privilege basis, as we have not many privileges to offer. The men who are now active in this work are typical of those who are working for what they can give and do, rather than from what they can get, and on this basis, the membership campaign is planned.

We ask that those men who are interested in the work, or who have been active in other organizations, join with us during the first week of the fall term. Membership in the Y. M. C. A. in your home town is transferable to membership here. The regular membership fee is \$1.00 per year.

Personal Work. Personal work is that activity of the Y. M. C. A. through which men may be won to Christ and interested in

a life of service for Him. The fulfillment of this purpose is brought about through the channel of personal interviews, bringing men into a closer community of interest and resulting in mutual benefit. The work of this committee has been along two other lines in addition.

Deputations. The efficiency of a Y. M. C. A. organization is measured in terms of its religious activity. During the past year, deputation bands of from two to six men were sent to the following places: De Witt, Ashley, Lake Odessa, Portland, Saranac, and Clarksville. At these places, Christian decision meetings were held for the High School boys and foundations laid for stronger local organizations.

Conventions. Last year there were five representatives of the local Y. M. C. A. at the World's Student Volunteer Convention at Kansas City. Later, four men attended the State Life Work Conference in Detroit.

The important convention of the spring term is the Lake Geneva Student Conference for students of the north central states, to be held at Lake Geneva, Wisconsin, June 12-21. In 1913, fourteen men made the trip, and the result was apparent in the work of the Association for the ensuing year.

Those going this year expect to receive: (1) Instruction in Bible and Mission Study, with their applications to college and civil life and the world at large; (2) Recreation—one of the best ten days' camping trips to be had anywhere; (3) Fellowship—the opportunity of meeting some of the biggest men in the colleges of the Central States and living with them; and (4) Inspiration—a larger vision of the world's needs and consideration of the many avenues for a life of service.

Bible Study. Last fall term, 260 men were enrolled in Bible Study Classes and they will tell you it was well worth while. This year we want to double the number, and ask your co-operation along this most important branch of work.

Do you wish to study the finest literature

the world has produced? Then take up the study of the Bible. Do you wish to increase your own stock in trade in the way of better knowledge of the English language? Should you venture your opinion that this would be possible without a study of the Bible, most authorities on the subject of English would laugh at you. Do you wish to obtain knowledge of a work that has no equal for character building? Again, take up your Bible and make a careful study of it.

There is a demand today, in social and industrial fields for men of sound principle and strong character, and this demand must be supplied by the colleges.

Mission Study. In the winter term, the study classes took up the study of South America, using as a text-book Speer's South American Problems. There were twelve classes in all, with an enrollment of 127, and the men who took the work were well satisfied that it was highly beneficial.

It is not enough in the present age that a man be interested only in those things directly at hand; if he is to grow in breadth and vision, he must become acquainted with countries other than his own. This is what Mission Study seeks to do, in the way of investigating the physical, social, industrial and religious conditions of foreign lands.

Social. Man is essentially a social being, and the development of his social nature is something which should neither be underestimated nor overlooked. To the accomplishment of growth in this line, the Y. M. C. A. seeks to be a social organ among the students at M. A. C. Social meetings and receptions are held from time to time during the year and opportunity afforded men to meet one another on a basis of good fellowship.

This year plans have been made for a joint reception with the Y. W. C. A. sometime during each term of the school year, and we take it that our fond dreams of a much coveted privilege will be realized.

The Big Hello Meeting will be held the first Friday evening of the fall term. This

is especially for the new men. Come out and meet your classmates and the other students. It is your privilege.

The Fall Term Joint Reception of the Y. M. and Y. W. C. A. will be held the second Friday in the term. Don't forget the time; the girls will be there.

Publicity. Remember that it pays to advertise. We endeavor to keep the Y. M. C. A. work before the students and give other colleges an idea of our movements through the columns of the Holcad.

Get the habit; watch the billboards for announcements of meetings and entertainments. Don't forget that this branch of the work embraces Boosting, so here is a chance for every man to help. Be a Booster.

Y. M. C. A. Standard. The students at M. A. C. and particularly the new men, are invited to affiliate themselves with the Y. M. C. A., which stands for fair play, clean sport, honor in the class room and on the campus, for a high ideal of life, embodying Christianity in the practical dealings of every day affairs, for the Bible as a guide and Christ as the daily companion.

AGENTS AT COLLEGE

STUDENT COUNCIL

The Student Council is an elective representative body, whose duty it is to exercise such powers of student government as are granted to it in the Constitution adopted in 1913. The Council consists of three seniors, two juniors and one sophomore, elected by their respective classes at the annual college election in the winter term, to hold office for one year.

Regulations and Customs

1. Class numerals can be worn only by those men who have been awarded such numerals by the Student Council in recognition of their membership of a championship class team.

2. All freshmen are required to wear at all times during the fall (until Thanksgiving Day) and spring terms a cap of the following description: Official brown cap with a small visor and green button. These caps are burned on "Cap Night" which occurs annually on the last Thursday night of the Spring Term.

3. Hazing as a general practice, is condemned and participation in this practice will render the offender liable to punishment. Flagrant cases of insubordination on the part of freshmen should be reported to the Student Council and will be dealt with by them.

4. Freshmen at all times shall show proper respect to upper classmen.

5. The Class Rush between the Sophomore and Freshmen classes will be held in the Fall term under the supervision of the Student Council. The events are: Foot Ball Rush, Canvas Pulls (three weights), Tug-of-War, and Flag Rush.

6. Classes are subject to the following privileges and restrictions:

Only seniors shall be allowed to wear stiff hats on the campus.

Sophomores shall be required to wear a hat on the campus.

Freshmen shall wear the regulation cap on the campus (except on Sundays). They shall wear a coat at all times.

It is not customary to wear any emblem or insignia of your preparatory or high school while in college.

Tradition

A time-honored tradition is that no student shall smoke on the campus.

CONSTITUTION

Of the Student Council of the Michigan Agricultural College

ARTICLE I.

Name and Object

Section 1. The name of the organization shall be "THE STUDENT COUNCIL OF THE MICHIGAN AGRICULTURAL COLLEGE."

Section 2. The object of this organization shall be to enable the student body, through representatives, to effectively manage such affairs of general interest to the student body as are established by precedent or by general consensus of opinion to rightfully fall under the jurisdiction of a student body.

ARTICLE II.

Membership

Section 1. The Student Council shall be composed of six members, three members from the senior class, two from the junior class and one from the sophomore class. The Council members shall be elected in the following manner: At least two weeks before the close of the winter term of each year, the names of candidates shall be submitted to the Student Council as follows: Nine members from the junior class, six from the sophomore class and three from the freshmen class. From these candidates the Student Council shall select and submit to the committee of the Deans of the college for approval, respectively, six, four and two nominees. If the Deans disapprove of any nominee, the Student Council shall name a substitute to be in

turn approved or rejected by the Deans until the list of nominees is complete. Of these nominees so ratified and approved, the classes shall elect, respectively, three, two, and one members to compose the incoming Student Council and to hold office for the ensuing year. Vacancies shall be filled by the Council.

ARTICLE III.

Duties and Powers of the Student Council

Section 1. The Student Council shall take the initiative in all matters established by precedent as the especial duties of said body.

Section 2. The Student Council shall consider and act upon all petitions and other communications from the student body or any reasonable part thereof.

Section 3. The Student Council shall pass and enforce laws concerning the lower classes, especially in regard to the maintenance of college customs and traditions.

Section 4. The Student Council shall represent the student body in its desires to the Faculty or other authority.

Section 5. The Student Council shall place important questions before the student body in the form of a referendum vote.

Section 6. The Student Council shall administer or co-operate with the Faculty, Athletic Department, or other organizations in managing such affairs of general interest as Class Rush, Cap Night, General Elections, Mass Meetings, Campus Improvement, etc.

Section 7. The Student Council shall organize the Freshman class before the middle of the Fall term and shall inform them in regard to campus customs, etc.

Section 8. The Student Council shall arbitrate between classes or individuals in case of necessity and shall take such steps as are deemed necessary to preserve the unity and harmony of the student body.

Section 9. Mass meetings of the student body shall be called when necessary, the president of the Student Council to act as

chairman provided no temporary chairman shall have been chosen by the Council.

ARTICLE IV.

Publicity

Section 1. The official organ of the Student Council shall be the weekly publication known as the "Holcad."

Section 2. The management of this periodical shall be governed by the "Holcad Rules" adopted by the Student Council and the Faculty during the winter of 1912.

ARTICLE V.

Finances

Section 1. Each college class shall contribute one dollar per term to defray the expenses of the Student Council, payable in advance to the Secretary-Treasurer of said Student Council.

ARTICLE VI.

Amendments

Section 1. Subject to the approval of the Committee of Deans, amendments to this constitution may be made by a vote of the majority of the members of the Student Council, provided the proposed amendments are advertised in the Holcad at least two weeks before the vote thereon.

STUDENTS' CITIZENSHIP LEAGUE

As a young men's organization of several years' standing, the Students Citizenship League of the People's Church has played no small part in the lives of many M. A. C. men. Some of the first members are now many miles removed from East Lansing in the wide world of endeavor, and the work which they are doing points with pride to the League as a training school.

With Class and Club room on the first floor and gymnasium in the basement, the aim is to advance the physical, social, and spiritual requirements of the members. In this connection, regular Friday evening meetings are held at 7:30 p. m. and the Sunday Class convenes directly after the close of the morning service at 11:45 a. m., and a cordial invitation is extended to all college men.

THE HOLCAD

THE ONLY
STUDENT NEWSPAPER

Every loyal student considers it a duty and a privilege to subscribe to the

HOLCAD

Every Freshman should be a HOLCAD subscriber. It keeps him in touch with college activities, as well as making him a supporter of a paper which is run entirely by students

ORGANIZATION

Membership. Membership in the Y. W. C. A. is one of the first things which a new student is asked to consider, and there is nothing more worthy of thought. The Association attempts to touch the various phases of college activity, and lays especial emphasis upon the religious aspect of life. This is the only college organization which seeks to accomplish this purpose, and if for no other reason than this, every student should become a member. If she does not, she misses one of the greatest factors for development in a college education.

Aside from your need for the Association, the Association needs you, your interest, your enthusiasm, your individuality. When asked to join, may this idea of mutual benefit prompt you to decide in the affirmative, and may your heart and hand be given to the work of the year before us.

Committees. The general work and play

of the Y. W. C. A. is supervised by committees, but these committees are entirely dependent upon the support and encouragement of the members. Some people seem to have the mistaken impression that the machinery of organization constitutes the Association. The success of each committee depends upon the individual support accorded it.

Geneva. One of the first things of which we hear every fall is the Geneva Conference. Our representatives are full of enthusiasm and anxious to pass the inspiration of the conference on to others. This coming year let us try to double our number of delegates. It means much to the Association as a whole and it means more to those who go.

Bible Study. A thorough acquaintance with the Bible is a part of every truly cultured person's equipment and a thing which all too few of us have. The Bible Study Classes for the year 1914-15 are carefully planned to meet the need of the girls in this respect as well as to be of genuine interest and benefit.

Mission Study. The Bible Classes of the fall term will be followed by Mission Study Classes in the winter. The larger outlook which such a course of study gives us is invaluable to every student seeking a broad and liberal education.

Program. At the regular Thursday evening meetings held in the parlor, no particular themes are dealt with, but subjects of more general interest presented. These meetings are led at times by student members, at others by outside speakers. Every student is urged to attend regardless of whether or not she is a member. The programs are well planned so that the hour spent will be of value to you.

Social. There is an urgent need of social activities not confined to individual groups which is recognized at M. A. C.. The Y. W. C. A., through its social committee, endeavors to meet this need by planning various functions. During past years, it has managed informal receptions, Christmas and thimble

parties, Senior May breakfasts, Geneva banquets and bazaars. We hope to enlarge our scope this year.

The Y. W. C. A. at M. A. C. does not belong to the Cabinet; it is your Association. If its management is not to your liking and you have any constructive criticism to offer, it will be most gratefully received. It is to your advantage and to that of your Alma Mater to have a strong working branch here. No nation, institution, or organization has ever lived which has tolerated a decay of its spiritual life.

CHAMPION RIFLE TEAM

The best Rifle Team in the United States, which won the Intercollegiate Championship from thirty-six other colleges this year, is a small squad of twelve students at the Michigan Agricultural College.

These students received their training and instruction from Lieutenant John B. DeLancy, U. S. A., who is one of the best marksmen in the country. He came to us from the Canal Zone, where he served in an engineering capacity, and previous to that, he served with the Tenth U. S. Infantry on the Mexican border. He is an old shot and well knows the importance of rifle shooting in the strength of the nation.

During the past season, the team successfully completed the following official schedule which has been published by the National Rifle Association of America:

			M.A.C.	Opp.
Jan.	8.	Iowa State College.....	965	953
Jan.	15.	Norwich University.....	973	910
Jan.	22.	University of California.....	973	934
Jan.	29.	Georgia Agr'l College.....	965	913
Feb.	5.	Mass. Agr'l College.....	988	968
Feb.	12.	Purdue University.....	983	919
Feb.	19.	Minnesota University.....	987	949
Feb.	26.	Mass. Inst. of Tech.....	986	924
Mar.	5.	Harvard University.....	994	917
Mar.	12.	West Va. University.....	989	963
Mar.	19.	Princeton University.....	993	926

The previous world's record of 988 of a possible 1,000 points was tied once when the team shot against Massachusetts Agricultural College, and broken three times in scores of 989, 993, and 994, respectively. Ten silver medals and the Intercollegiate trophy were awarded our men by the National Rifle Association. The members of the team were all practically new men at the shooting game, knowing little about it, but were willing to learn, and under the expert coaching of Lieut. DeLancy, made good.

THE PEOPLE'S CHURCH

The People's Church (Congregational) of East Lansing, whose building is opposite the college campus, was organized as the result of a long felt need on the part of the people of the community for an organization and institution that would meet the social and religious needs of the community.

The church now has a commodious and serviceable edifice, and its aim is to serve the community in its various activities. On the first floor are found finely furnished parlors, reading and correspondence room with the latest magazines on the tables. There is an air of invitation which is reinforced with a large open fireplace. On the second floor is the auditorium, also artistically furnished. In the basement, man's physical needs are recognized in the large kitchen and dining room, with a beautiful field stone fireplace lending attractiveness to the large room.

The church has many student organizations and classes, among them being the Students' Citizenship League, Bible Classes for both Young Men and Women and Advanced Classes for Seminary Training.

An employment bureau is maintained for the benefit of college students and any student desirous of securing work may call at the church office and register.

The church motto: "The Church with the Open Door," is both significant and illustrative of the fact that the doors of the building are open seven days in the week for the convenience of the public. The pastor, Rev. W. S. Steensma, will be found in his office every morning.

BOARDING CLUBS

In connection with the college there are six co-operative boarding clubs, five for the men and one for the women. The supplies are secured in large quantities by the club purchasing agent, who distributes them to the various clubs as required. Each club is charged with the supplies it receives, and at the end of each term, every man in the club is charged in proportion to the cost.

Club A.—Club A is located in the basement of Williams Hall, beneath the Y. M. C. A. rooms, and between Clubs G and E. This club accommodates eighty-five men with board at a cost of from \$2.45 to \$2.85 per week.

Steward—L. A. Mosher.

Club B.—Club B is on the first floor of Abbott Hall, and it has room for eighty. The cost of board ranges from \$2.60 to \$3.00 per week.

Steward—O. A. Taylor.

Club C.—Club C is in the Woman's Building and it accommodates about 190. Board ranges from \$2.00 to \$2.25 per week.

Matron—Mrs. M. L. Page.

Club D.—This is the popular club, especially for the freshmen. It is located in the basement of Wells Hall, and it has room for 300. Board runs from \$2.18 to \$2.50.

Steward—A. L. Bloom.

Club E.—Club E is in the south basement of Williams Hall. It accommodates about eighty men, and the board ranges from \$2.95 to \$3.15 per week.

Steward—C. W. Loveland.

Club G.—Club G is in the basement of Williams Hall, in the northwest corner, beneath the Y. M. C. A. There is room for about eighty men, and the board costs from \$2.60 to \$3.00 per week.

Steward—D. C. McMillan.

All of the clubs are for young men with the exception of Club C. The prices of board given above were for last year. Membership to these clubs may be obtained by applying to the stewards whose names appear above. To become a club member it is necessary to join the Club Boarding Association as soon as possible by the payment of \$5.00 to the Secretary of the college. This money is used for purchasing club equipment.

A member of either club A, B, E or G, may change from one club to another between terms, but if he change to club D, or from club D to any of the other clubs, a transfer fee of \$1.00 is charged during his first year and \$1.00 additional for every year thereafter.

TO KEEP IN MIND

Hello Meeting for Men—Friday, September 25, 1914. You will miss the event of the season if you do not show up. Watch the signboards for announcements.

Don't Forget the Joint Reception of the Y. M. and Y. W. C. A. in the Armory Friday evening, October 2. This is your opportunity to meet the young ladies. Do not fail to be on hand.

DEPARTMENT OF ATHLETICS

The year of 1913-14 marked a period of athletic supremacy at M. A. C. of which we all may feel justly proud. Beginning in the fall term, our football team established a most enviable reputation, coming off total strangers to defeat, and bearing among others, the scalps of Michigan and Wisconsin.

The basketball, baseball, and track men followed in due season with admirable work in every respect. To say that our athletic teams deserve the support of every student in school is stating it feebly. Our pride in them should be productive of an enthusiasm that knows no bounds.

Engineering Building.

TO THE READER.

It has been our aim in the preparation of this handbook to measure up to the standard which was set the preceding year, and we believe that we have been successful in doing so. The salient features of the college are embodied in various forms which we hope will meet the needs of the student body. In addition, the advertising scope of the work has been increased, and you will find the leading business men of Lansing and East Lansing represented. This book is presented to you gratis and we ask in return that you will co-operate with us to insure a re-newal of our advertisers' patronage for the coming year. This can be done readily; when purchasing, just call the merchant's attention to his advertisement in the HANDBOOK. The success of the next volume is in your hands.

Arrive	Depart
7:00 a. m.	7:05 a. m.
9:40 a. m.	9:50 a. m.
1:40 p. m.	1:50 p. m.
5:40 p. m.	6:05 p. m.

DOMESTIC POSTAGE RATES.

(Apply to mail matter for Canada, Canal Zone, Cuba, Guam, Hawaii, Mexico, Philippines, Porto Rico, Republic of Panama, Tuvalu, and the U. S. Postal Agency at Shanghai. The domestic rate for **Letters** but not for other articles applies also to Germany, Great Britain and Ireland, and Newfoundland.)

First Class—Letters and sealed matter, 2 cents for each ounce or fraction. Postal cards and post cards, 1 cent each.

Second Class—Newspapers and Periodicals. 1 cent for each four ounces or fraction.

Third Class—Miscellaneous printed matter, 1 cent for each two ounces or fraction.

Fourth Class—All matter not included in first three classes, 1 cent for each ounce or fraction.

Special Delivery—A special delivery stamp (or 10 cents in ordinary stamps when the letter or parcel is marked "Special Delivery") in addition to postage, secures immediate delivery within the carrier-delivery limit of city free delivery and within one mile of any other United States post office.

Foreign Postage Rates—Letters and sealed matter, 5 cents for the first ounce, and 3 cents for each additional ounce or fraction. Postal Cards, single, 2 cents each; double 4 cents each.

PARCEL POST

Approximate Zone System

Zone.	Radius.	Wt. Limits.
1	50 miles	50 lbs.
2	150 miles	20 lbs.
3	300 miles	20 lbs.
4	500 miles	20 lbs.
5	1000 miles	20 lbs.

Zone.	To Determine Rate—
1	Add 4c to number of pounds.
2	Add 4c to number of pounds
3	Two times number of pounds plus 4c.
4	Four times number of pounds plus 3c.
5	Six times number of pounds plus 2c.

In this system the center is at Lansing.

See map of United States to determine in which zone, circle with radius as given above, the place to which you are sending the parcel is located.

MICHIGAN AGRICULTURAL COLLEGE

Is the oldest institution of its kind in the
country.

M. A. C. offers courses in

Agriculture

Engineering

Forestry

Home Economics

Veterinary Science

Two year winter course in General Agriculture.

Beginning with winter term, eight week courses in General Agriculture, Fruit Growing, Creamery Mgt., Poultry Husbandry, and Cheese Making are also offered.

The expenses are reasonable.

The campus is the most beautiful in America, and the general surroundings pleasant.

There is a strong demand for men and women trained in practical lines.

Send for Catalogue to

J. L. SNYDER, President,

East Lansing, Mich.

THE HONORARY FRATERNITIES.

Tau Beta Pi

The Tau Beta Pi is the oldest honorary fraternity at M. A. C., being one of thirty-two such fraternities in as many of the best Engineering Colleges in the country. Membership is based upon high scholarship, fellowship, and good character.

Alpha Zeta

The Alpha Zeta is the corresponding fraternity of the Agricultural Courses. Members are likewise chosen upon a basis of good standing and scholarship.

Omicron Nu

The Omicron Nu is the honorary society of the Home Economics Course with membership founded upon the same qualifications.

Sem Bot

The Sem Bot is an honorary organization for upper classmen evincing an especial interest in advanced botanical work.

Scabbard and Blade

The Scabbard and Blade is the honorary military fraternity. Membership is for officers of high rank and is by invitation.

LITERARY SOCIETIES

The following is a list of the literary societies for men. Membership is by invitation only.

Phi Delta Society, organized 1873.

Union Literary Society, organized 1876.

Eclectic Society, organized 1877.

Olympic Society, organized 1885.

Hesperian Society, organized 1888.

Columbian Society, organized 1892.

Eunomian Society, organized 1903.

Aurorean Society, organized 1906.
Forensic Society, organized 1907.
Delphic Society, organized 1909.
Ionian Society, organized 1909.
Athenaeum Society, organized 1909.
Phylean Society, organized 1911.
Trimoirs Society, organized 1913.

WOMEN'S LITERARY SOCIETIES

Feronian Society organized 1890.
Themian Society, organized 1898.
Sororian Society, organized 1902.
Ero Alphan Society, organized 1904.
Sesame Society, organized 1911.

OTHER ORGANIZATIONS

M. A. C. Band The College Band numbering from fifty to sixty pieces is an organization to which we may point with pride. The selections which are rendered at the various college functions, Athletic games, concerts, parades, etc., are of the highest order.

Chorus The chorus is composed of those students who wish to take instruction in choral singing. They take a leading part in the Winter Term Concert and also in the May Festival. Two credits are given for the year's work.

Cosmopolitan Club The Cosmopolitan Club is a social organization among the foreign students, the purpose being to extend the hearty welcome of our school to them.

Liberal Arts Council This council consist of three members of the faculty, one senior, and one junior whose work it is to plan and arrange for the course of Liberal Arts Entertainments which are given during the school year.

Student Council The student Council consists of three seniors two juniors, and one sophomore. The purpose and duties of this council are given in detail on pages 33-37 inc.

Debating Club. The membership of this club is open to all students interested in debating or public speaking. Last year inter-collegiate duel debates were held with Pur-

due and Iowa State in which a genuine interest was manifest. All present indications point to a good year.

Dramatic Club. The M. A. C. Dramatic Club presents several plays during the course of the school year. Among those given last season were, "Sweet Lavender", "A Scrap of Paper", and "Midsummer Night's Dream". We await with interest the productions of the present season.

Engineering Society. The Engineering Society is devoted to work along engineering lines. Regular weekly meetings are held in which practical and theoretical problems of the day are discussed by students and outside speakers.

Farmers' Club. The Farmers' Club is represented by a membership which embraces the foremost men of the Agricultural Course. The purpose of the club is to interest more students in practical agricultural problems through the agency of weekly meetings where such problems are discussed.

Forestry Club. The membership of this club is open to all students interested in forestry work in any of its phases. Regular meetings are likewise held and important questions discussed.

Girls' Glee Club. The Girls' Glee Club is one of the active musical organizations in the college. During the school year, several concerts are given here.

Horticultural Club. This club holds the same relation to the "Hort" students that the Farmers' Club does to the "Ag" men, and the plan of organization is quite similar.

Inter-Society Union. The Inter-Society Union is composed of one senior and one junior from each literary society. The function is to represent the different literary societies and to control certain college activities.

Men's Glee and Mandolin Clubs. These clubs work together for the most part. They furnish fine music for different college events, and during the spring vacation, make a tour of some of the larger towns in the state.

New York Club. The New York Club is open to students from the Empire State, and holds frequent meetings for the social betterment of the members.

Rifle Club. This organization is made up of students who wish to try out for the M. A. C. Rifle team. Great interest is shown and the competition is keen.

Saber Knot. The Saber Knot is composed of officers in the military department who receive special instruction in fancy saber exercises. The results of the work are demonstrated at the regular winter term military ball.

Veterinary Association. This association is open to the students pursuing the veterinary course, and is accomplishing good work along that line through regular meetings at which students or outside men speak.

Students' Citizenship League. The League membership is open to all college students. Club rooms are to be found at the People's Church, and regular meetings are held Friday evening and Sunday.

LANISING Y. M. C. A.

What is the Young Men's Christian Association? An Opportunity.

It is a high-grade, low-cost young men's organization—Christian but not sectarian.

It is an athletic organization that does not use men to promote athletics but uses athletics to develop men.

It is a place for a young man to find friends and to make himself a friend to the man that needs friends.

Its fellowship, club rooms, gymnasium, baths, classes and all other practical advantages are open to all young men, of all faiths, or of no faith.

It is not an experiment, but is the survivor of many experiments. While other young men's organizations, social, athletic, educational, ethical and even religious, have failed this has succeeded and is now in successful operation in over eight thousand places in North America and throughout the world.

AN INVESTMENT

It is a high-class, far-sighted investment in the greatest undeveloped resources in the world—young men.

It is a philanthropic and also self-interested provision of an all around opportunity for young men.

It provides the gospel: the young practice it, and the community cuts down expenses for asylums, courts and jails.

It provides and organizes the time of men; the best and busiest in the community; the young men respond to it and develop the latent powers of character and service.

It invests money; it gets manhood.

It invests time and things that might otherwise perish; it gets character that continues and perpetuates itself in vital and constructive forces, for the moral and spiritual uplift of the world.

Its investments are human; its dividends are divine.
