Michigan State College

Student Handbook

1932-1933

This book is provided as a reference
and is to be kept in the library who supply

Foreword

THIS STUDENT HANDBOOK is published by the College in an effort to provide a short, yet complete, summary of official rules and regulations, established organizations, and traditional events affecting college life.

Usually designed chiefly for use by Freshmen, this edition should be of paramount interest to all students. Several new rulings, including the new attendance system, will vitally affect the daily life of each undergraduate during the ensuing year.

For this reason, the Handbook will be a source of constant reference and therefore should be cared for accordingly.

President Shaw's Message

A MOST CORDIAL WELCOME is extended to all students entering Michigan State College at the opening of the college year 1932-33. Freshmen especially may, upon entering a new educational sphere, be confronted with new problems, but will find the administrative officers, faculty and upperclass students ever ready and willing to lend a helping hand.

Recent readjustments in organization and policy have greatly strengthened the Institution insofar as facilities for the administration of its sixteen courses are concerned.

The operation of extension and research activities under college direction adds distinct advantages to the on-campus educational work.

Peruse carefully the contents of the catalog. A greatly varied program of technical work is presented, accompanied by suitable support in both liberal and cultural fields.

Freshmen —

*Their Directions and Complete Programs
for the four-day Freshman Week*

FRESHMAN WEEK

Michigan State College puts forth every effort to make the step from high school to college as easy and as natural as possible. With this purpose in mind Freshman Week was inaugurated. Fifty members of the faculty give liberally of their time to serve as freshman advisers. They place themselves at your service during Freshman Week and throughout your freshman and sophomore years to assist you in selecting your course of study, to guide you through the various activities of Freshman Week, to advise you regarding the proper use of your time in college and to serve as intimate friends in any problems that may arise in connection with your college career. If you make proper use of your adviser you will not be likely to meet problems that you cannot surmount. It is the student who comes to college confident that he needs no adviser who most often finds himself faced with scholastic or other difficulties before the close of the freshman year. Fortify yourself against these difficulties by availing yourself of the service of your adviser whenever you are perplexed about any detail of your life at college, whether it pertains to college problems or to off-campus problems.

During Freshman Week you are required to complete a number of activities. These are set forth clearly in the programs for the various groups in the pages that follow. Coupon books are furnished you containing a coupon for each of the activities. These coupons are taken up as the respective events are completed and attendance is immediately checked. Included among these activities are an English Placement examination and a Psychological examination. Your record in the English examination will determine whether you will be required to complete four or only three terms of English in College. Your record in the Psychological examination is given to your adviser and is made a part of your permanent record in the Registrar's office. **NO STUDENT IS EXCUSED FROM ANY ACTIVITY.**

Following carefully the directions given below will save much confusion, the program of Freshman Week will run smoothly and you will have no difficulty in entering upon your program of studies when the first class meets on Monday morning.

DIRECTIONS FOR FRESHMEN

1. You have been assigned to an adviser, a group and a section. See page 12 for the programs of the various groups and follow exactly the program of your group. Advisers and the group and section to which they belong are arranged in alphabetical order on page 10. Consult this list in case you do not remember the number of your group.

2. See that you have the proper coupon ready and leave it as directed on the face of the coupon for each activity.

3. Be on time for every activity. Remember that you are moving with a group that cannot wait for anyone who is tardy.

4. We have provided vacant hours that you may use to become acquainted with the campus. Use the map in the Handbook and learn to identify the various buildings. You will need to have this information when you start to attend classes. Visit any departments of the college that you may be interested in and talk with the head of the department or other members of the staff.

5. Feel free to ask questions of the faculty, of other students or of anyone you meet on the campus. You will find everyone willing to help you. However, many of your questions can be answered by this Handbook, so consult it first.

6. Every freshman in the Liberal Arts and Applied Science Divisions will register for at least one Saturday class, unless his adviser has given him in writing an exemption from his requirement.

Transfer Students

(Students entering with credits from other institutions.)

Students entering the College for the first time who have credits from other colleges or universities are required to complete the following activities during Freshman Week:

First General Convocation.

English Test (for some).

Registration.

See adviser and classify (Your Dean is your adviser.

See list on page 5. This must precede the payment of fees and completion of registration.)

Pay fees and complete registration.

Division Convocation.

Dean's Hour.

Medical examination.

Military uniform. (For freshmen and sophomores)

Photograph.

President's Convocation.

Psychological Test.

Dean Conrad's Tea. (Women)

An appointment for each of these events is definitely given in the coupon book furnished each transfer student.

The College—

Its Rules and Regulations

ATTENDANCE SYSTEM

(NOTE—Due to the fact that the attendance system outlined below is entirely new, all students from freshmen to seniors should thoroughly familiarize themselves with the plan before the first week of the fall term.)

The faculty has adopted the following resolutions:

1. That seniors who, in any term, have registered in all work necessary to complete their graduation requirements be granted the privilege of voluntary class attendance. (See exception in 8).

2. That all sophomore, junior and senior students whose average in the two preceding terms taken as a unit is "B" or above, and who have made no grade below "C" in these two terms shall constitute an Honor Roll and shall be granted the privilege of voluntary class attendance. (See exception in 8).

3. That absences due to illness of not more than one day's duration, and those due to Wolverine appointments, dentist appointments, missed trains, late registration, etc., shall be counted the same as unexcused absences; provided, however, that the number of unexcused absences allotted in any course due to late registration shall not exceed the number of class meetings per week in the subject. Absences for the half day immediately preceding and following a holiday shall be counted as double.

4. That students not on scholastic probation and not on the Honor Roll be warned by the attendance officer when they receive as many unexcused absences in a single subject as there are meetings of the class in the subject per week.

That the registration in any subject in which the total number of unexcused absences is twice the number of class meetings per week in the subject be cancelled and a grade

of "WA" be reported in the subject. The Attendance Officer shall notify the dean, the student, and his parents whenever the student is warned and shall notify these and the Registrar when a student's registration in a subject is cancelled on account of absences.

5. That students who are on scholastic probation will have their registration cancelled in a course when the total of unexcused absences in that course is equal to the number of class meetings per week.

6. In no case will a student's registration in a course be cancelled for less than three (in the case of probation students, two) unexcused absences.

7. That students whose credit in two subjects has been withdrawn within a given year on account of unexcused absences will have their registration cancelled immediately and grades of "WA" will be entered for each subject carried. The Attendance Officer will send notices of this action as in 4.

8. That no student may receive credit for any course in which he is absent more than 25% of the time, except when a student's absences are due to prolonged illness or to entering college after the first two weeks of a term. In such cases it shall be within the power of the dean of division in consultation with the Attendance Officer to grant exceptions to this rule provided the student is required to carry a reduced schedule.

9. Grades of "WA" may be removed only by repeating the subject in class.

Salient Points On Attendance System

Attention of all students is called to the fact that they are held for attendance in all classes in which they are enrolled until they are **officially dropped**; that is, until the drop is recorded by the Registrar. This is important as absences will be reported in the subject until it is dropped

or until the student receives sufficient cuts for a "WA" grade.

Students taking subjects without credit will not be counted absent.

It is pointed out that the grade of "WA" is of no small consequence. Not only does the student lose credit in that course, but should he receive two of these "WA" grades within a college year, he loses credit in all the subjects he carries during the term that the second "WA" was given. This practically amounts to a dismissal from College.

Additional Information On Attendance System

Students not completing their registration within the required time will be marked absent from all scheduled classes up to the close of the day on which they complete their registration and **these cuts cannot be excused.** This is in addition to the cash penalty collected by the Treasurer, provided however, that the number of unexcused absences allotted in any course due to late registration shall not exceed the number of class meetings per week in the subject.

Payment of fees is part of registration and no student will be considered registered until such payment has been made. Payment may be made by cash, note or other arrangement satisfactory to the Treasurer but transaction must be completed before the student is enrolled. Students enrolling for the first time will not be held for the late registration penalty.

No student may be considered officially present in any class unless the instructor has his enrollment card. Full attendance and roll call is expected to begin with the first class. Students already enrolled but missing classes at the beginning of the term will be given double cuts for the first half day and single cuts thereafter. Cuts will not be charged in subjects which are added after registration has been completed, for class periods in that subject previous to the enrollment date.

Absences for field trips, conventions, athletic trips, sick-

ness of more than one day, etc., may be excused as follows: The student must present to the Attendance Officer, not later than one week from the Saturday noon following the absence, such information relative to the absence as he may require. Each application for excuse should be accompanied by a voucher signed by a physician, parent, house matron or equally responsible party. If the student has received medical attention off the campus, he should have a voucher OK'd by the Health Officer for presentation to the Attendance Officer. If the student does not have the proper voucher, additional time will be given to enable him to secure such voucher, but explanation of cause of absence must be made to the Attendance Officer before the time limit expires.

Absences will be charged for each failure to report at any announced meeting of any class in which the student is properly enrolled, and will continue to be charged until the subject is dropped or a grade of "WA" is given. Dropping any subject does not excuse absences previous to the drop.

Applied to Military Science and the Band, this includes all special drills and parades; and for the Band, all public performances. As it is necessary for the Band to have a perfect attendance in order to do credit to itself and the College, members of the Band absenting themselves from such public performances shall receive two cuts for each absence. Students should consider this feature before joining the Band.

Students entering any class more than ten minutes past the hour are considered absent but may be marked present if the attention of the instructor is called to the tardiness and a sufficiently good reason presented therefor. Tardiness not corrected by the student before the next class period must stand as an absence.

THE LIBRARY

1. **HOURS.** The Library will be open from 7:30 a. m. to 10:00 p. m. on week days and from 1:00 p. m. to 6:00 p. m. on Sundays.

2. **MAIN CIRCULATION DESK.** All books taken from this desk for home reading or for use in the main reading room should be properly charged.

Students must pay a fine of two cents a day, not including Sundays or holidays, for all books not returned to the main circulation desk two weeks from the date of borrowing. A fine of three cents a day is charged on over-due books designated for the limited circulation of one week or three days.

In case of lost books, the student borrower must pay the fine due plus the initial cost of the book to the Library. If the borrower does not adjust his delinquency to the satisfaction of the librarian, the case is referred to the President as a violation of the state statute to protect public libraries.

3. **MAIN READING ROOM.** General reference books are placed in this room on open shelves while other books are kept for call. The reference librarian's desk is located in this room.

4. **ASSIGNED READING ROOM.** On the first floor there is an assigned reading room where books are kept containing references which various instructors assign to their students.

Students may not take books from the assigned reading room without permission from the attendant; only one book at a time may be taken for reading in the room, and the book must be returned within two hours. Books may be taken out over night after 9:30 p. m., Sundays after 5:30 p. m., and must be returned before 8:00 a. m. on the following morning, with the exception of books taken out Saturday evenings, which must be returned on Sundays before 1:30 p. m. A fine of twenty-five cents per volume is

charged for failure to return books by 8:00 a. m. or by 1:30 p. m. on Sundays. After 9:00 a. m., or 2:00 p. m. on Sundays, there is an additional fine of ten cents per volume, per day.

5. **PERIODICAL ROOM.** On the first floor a periodical room gives the student access to nearly 800 currently received periodicals. Bound sets are kept in the library stacks. Volumes from the bound periodical sets are obtainable through the main circulation desk.

6. **NUMBER OF VOLUMES.** On June 13, 1932, the Michigan State College Library included 89,648 volumes, exclusive of the bound and unbound United States documents, of which the library is a depository.

REGISTRATION

1. **TIME OF REGISTRATION.** In the fall term of 1932, freshmen and transfer students will register on Wednesday, September 21. Former students will register on Friday and Saturday, September 23 and 24, (Saturday, morning only).

2. **DROPPING A SUBJECT, OR CHANGES IN REGISTRATION** No changes in classification are permitted unless authorized by the student's class adviser or dean, and the Registrar. A student cannot drop a subject except upon a written recommendation of the head of the department concerned and the approval of his adviser. In case such permission is granted and the subject is dropped before the close of the first four weeks (five weeks in the case of a freshman) of the term, no grade will be reported; after that time a grade of "F" will be reported in the subject, except in the case of illness when the grade of "Inc." or no grade, will be recommended. Attendance in the class should be continued until the drop has been recorded by the Registrar.

3. **ENROLLMENT CARDS.** Students may be admitted to classes only by an enrollment card. Credit will not be

granted to any student who enters a class without having been properly registered in the subject.

4. **CLASS ADVISER.** Each student in the College is placed under the immediate charge of a member of the faculty who is his adviser. The student reports to him for assignment to classes, and consults with him for advice and direction in matters pertaining to college work.

5. Two conditions, "X", or one failure, "F", in prerequisite work for any subject excludes the student from that subject. The term end grade in any subject is the determining grade in ascertaining the eligibility of a student for advanced work.

6. **PROMOTION TO HIGHER CLASS.** Promotion from one class to another will be made when the total credits earned are not more than eight less than the number required to complete the year of the course in which the student is registered, except that promotion from one class to another will not be made in the spring term.

7. **CHANGE IN DIVISION.** A student changing from one division to another must not be deficient in more than sixteen points and must secure the authorization of both the dean of the division in which he has been enrolled and the dean of the division in which he wishes to enter. He must procure a transcript of his credits from the Registrar to be presented to the dean of the division in which he wishes to enroll. Changes will not be permitted except at the opening of a term.

8. **LATE REGISTRATION.** Students registering after the regular registration date are required to pay for the first day of tardiness a fee of three dollars (\$3), and an additional fee of one dollar (\$1) per day up to the limit of five dollars (\$5). A penalty of five absences is imposed for each day missed at the opening of a term. Students will not ordinarily be admitted to any of the four year courses or to any classes later than Monday of the second week of the term.

9. **ADMISSION WITH DEFICIENCY.** When a student is permitted to enter with deficiencies in required entrance

subjects, such deficiencies must be made up during the first year of attendance in college. Other deficiencies must be made up before the opening of the third year of college work.

STUDIES AND CREDITS

1. **CREDITS PER TERM.** With the exception of fixed courses which may require more, any number of credits above seventeen and one-half per term will be considered an excess. The minimum number of credits permitted is twelve and the maximum is twenty, at the discretion of the dean.

2. **EXCESS CREDITS.** An adviser may enroll a student in excess credits or in reduced credits subject to the approval of the dean of the division, or a divisional committee. No student may register for extra credits in any term unless the points earned during the preceding term exceed by one-half the number of credits carried.

3. **SENIOR CREDITS FOR SPRING TERM.** Seniors, whose points for winter term meet the requirements, may register in not to exceed twenty credits in the spring term. All incompletes and conditions in necessary work are included as a part of the spring term work unless made up not later than the opening week of that term.

4. **SUBSTITUTION OF COURSES.** Requests for the substitution of one subject for another should be made before the term in which the subject for which substitution is asked occurs in the course. Candidates for graduation must make all requests for substitutions before the beginning of the spring term of the senior year.

5. **MINIMUM CREDITS REQUIRED.** A student must spend at least one year in residence at this college and earn not less than fifty credits of satisfactory grade before a bachelor's degree may be granted.

6. **TO REPEAT A COURSE.** A student desiring to re-

peat a course in which he has already received credit may do so with the understanding that the last grade received will be the final grade, and that no additional credit will be given.

7. VISITORS IN CLASSES. Matriculated students are not permitted to enter classes as visitors unless authorized by the class officer and Registrar. Credit will not be granted for work taken as a visitor, either by special examination or by back registration.

GRADES

1. CLASS GRADES. The class work of a student will be rated as follows: "A", excellent; "B", superior; "C", average; "D", inferior; "X", condition; "F", failure; "Inc.", incomplete; "WA", withdrawn on account of absence.

The grade, "Inc." will be given only upon the approval of the dean of the division when a student is prevented by illness from completing his work.

2. POINTS. In connection with the grading scheme, a system of points has been adopted. In all courses, points equal to the number of credits earned are required for graduation.

The number of points per credit for the various marks follows:

- "A"—3 points per credit
- "B"—2 points per credit
- "C"—1 point per credit
- "D"—0 points per credit
- "X"—1 negative point per credit
- "F"—1 negative point per credit
- "WA"—No points added or deducted.

3. TO REMOVE AN "F", "X", or "Inc.". (See under Examinations).

4. TO REMOVE A "WA". (See under Attendance).

EXAMINATIONS

1. **ENTRANCE EXAMINATIONS.** Examinations for entrance requirements, when necessary, may be taken either during the week preceding the opening of college, or the week following the close of the college year.

2. **SPECIAL EXAMINATIONS TO REMOVE CONDITIONS OR INCOMPLETES.** Students receiving conditions, "X", have the privilege of taking a special examination in the subject, provided such examination is taken before the opening of the corresponding term of the next year in which the student is in attendance.

Those students receiving incompletes, "Inc.", must complete their work within a year if in residence, or the grade becomes a failure.

Those students receiving a failure, "F", and those not removing their conditions or incompletes by the above mentioned method may receive credit only by repeating the subject in class, or by a special faculty authorization for a special examination.

The fee for special examination to remove deficiencies is one dollar (\$1), payable at the Treasurer's office. Permits must be first secured at the Registrar's office.

Subject to regulations stated above, special examinations, to remove conditions, may be taken only during the first week of any term. Examinations to remove the grade of incomplete may be taken at any time during the year satisfactory to the instructor.

3. **EXAMINATIONS FOR ADVANCED STANDING.** Students applying for special examinations for advanced credit shall secure the written approval of the head of the department and the dean of division in which the work is given before applying to the Registrar for the necessary permit. Such examinations are given only during the first week of a term.

4. **SPECIAL EXAMINATION FOR THOSE NOT IN**

RESIDENCE. Examinations may be given to persons not in residence, but who are regularly matriculated, upon the payment of the fee of \$2.50 per credit.

5. **EXAMINATIONS FOR SENIORS.** In their final term, seniors are excused from examination in any subject in which a grade of "B" has been maintained throughout the term.

6. **REGULAR EXAMINATIONS.** Examinations are given at the close of each term in all subjects offered except for a few laboratory courses in which examination is not required.

WITHDRAWALS

1. **VOLUNTARY WITHDRAWAL FROM COLLEGE.** A student voluntarily withdrawing from college should first obtain from the dean of his division written permission. This he presents to the Registrar. He may then be entitled to a refund under the regulations outlined in the Catalog. Women students should also obtain permission from the Dean of Women.

Students withdrawing without notification will be reported as having failed in work for that term.

In case of voluntary withdrawal from college before the close of the first eight weeks of the term, no grade will be reported. After that time the grade of incomplete, "Inc.", will be given in subjects in which the work was satisfactory; in others, a grade of "F".

2. **WITHDRAWAL FROM ANY CLASS.** (See under Registration).

3. **REQUESTS TO WITHDRAW.** A student whose work proves unsatisfactory may be warned, placed on probation, or requested to withdraw from college. If placed on probation, he is not permitted to participate in extra-curricular activities. (See under Eligibility).

MILITARY TRAINING

1. **REGULAR REQUIREMENTS.** Freshmen and sophomore men are required to take courses in Military Science each term until all the basic courses (numbered 101 to 206 inclusive) are passed.

2. **EXCUSES AND EXEMPTIONS.** Excuses are granted upon the consideration of the Professor of Military Science and Tactics. His decisions may be appealed to the faculty committee on Military Science and Physical Education. Exemptions from Military Science are granted men who fall under the following classes:

- a. All Federal Aid men.
- b. Aliens whose parents do not reside in the United States.
- c. Any married man with one or more children.
- d. Short Course students.
- e. Those found unfit by the College Health Service.
- f. Those who are 30 years of age or over.
- g. Those having received equivalent training in the armed forces of the United States during war, at the United States Military Academy, or in a Senior R. O. T. C. unit.
- h. Those having received previous training in the following services on the basis indicated:
 1. Regular armed services, such as the Army and the Navy. One year excuse for each year of service.
 2. National Guard. One term excuse for one year service.
 3. C. M. T. C. One term excuse for one camp. One year excuse for two camps.
 4. Junior R. O. T. C. One year excuse for two years junior R. O. T. C.

PHYSICAL EDUCATION

1. **REQUIREMENTS FOR MEN.** All men students are required to take one year of physical education unless excused because of physical disability.

2. **REQUIREMENTS FOR WOMEN.** All women students must take two years of physical education unless excused because of physical disability.

3. **EXCUSES.** An excuse from Physical Education because of disability must come from the Health Service. A permit for postponement of Physical Education or Military Science for men must come from the faculty committee on Physical Education and Military Science; for women, a permit for postponement of Physical Education should be obtained from the faculty committee on Physical Education for Women.

4. **SUBSTITUTION OF ACADEMIC CREDITS.** If excused from physical education, the student must substitute academic credits in lieu of the physical education.

RESIDENCE REQUIREMENTS FOR MEN

1. Students must room in houses approved by the housing director of Michigan State College.

2. Students will not be allowed to room in a house, except fraternity houses, where the owner or householder or duly authorized agent does not live.

3. Men and women students may not room in the same rooming house.

4. Students are expected to stay the entire term in rooms engaged for that period. Changes can be made only with the approval of the housing director of the College.

5. A householder shall not ask a student to leave his or her house without first consulting the housing director of the College.

6. No guest shall be lodged in a student's room at any time without the knowledge and consent of the householder.

7. To reserve a room, a deposit of \$5.00 shall be paid to the householder to apply on the last part of the room rent for the term.

8. Room rent shall be paid for at least one week in advance. Receipt shall be given by the householder. Any extra charges for vacation room rental must be arranged for at the beginning of the term.

9. Absolutely no intoxicating liquor and no gambling shall be allowed in approved houses.

10. No disorder will be permitted in rooms or halls at any time. Ungentlemanly conduct on the part of a student may be reported to the housing director's office.

11. Quiet hours shall be maintained after 8:30 p. m. each night except Friday and Saturday nights and after 11:00 p. m. on these nights. During these quiet hours there shall be no loud talking in rooms or halls and no use of musical instruments in a manner that may disturb other occupants of the house.

12. A student shall be held liable for any damage to his room and the furnishings in it other than that due to ordinary wear and tear.

13. Care shall be exercised by the student to turn off lights, gas and water when not in use.

14. Reasonable bathing facilities shall be provided for the student roomers.

Information

1. Room rents will be prepared in printed form and placed in the hands of all incoming students at the beginning of the school year.

2. It is suggested that all houses having four or more roomers be organized and a president elected the first Tuesday following the first week of a term. The president shall be an upperclassman if possible and should hold office for one term.

It shall be his duty to maintain good order and good will among the house members, to report all cases of illness, and to discuss with the householder and students any maladjustments which may arise between students or between householder and students.

3. A copy of these rules shall be posted in each student's room and mailed to each new student when his credentials have been accepted.

RESIDENCE REQUIREMENTS FOR WOMEN

1. GENERAL REGULATIONS. By action of the State Board of Agriculture, governing body of the College, all undergraduate women students must be housed in college-supervised houses. All freshmen women must live in dormitories. Those students who are not planning to live in sorority houses should make reservations in the dormitories. Exceptions will be made for women who are obliged to work for their room and board.

Application for room reservations should be made to the housing supervisor, care of the office of the Dean of Women. All dormitories are located on the campus and are open to all undergraduate women. Graduate women students may apply for residence if they so desire.

Every application should be accompanied by a ten dollar deposit fee. This fee will not apply on the room rent, but will be held as a breakage fee and will be refunded at the close of the residence period, or if the student withdraws her reservation three weeks before the opening of the term.

2. THOSE WORKING FOR ROOM AND BOARD. Women students who wish to earn their room and board by working in private families should obtain the addresses of the approved homes from the office of the Dean of Women. All addresses not obtained from this source are subject to approval of the housing supervisor. Twenty-four hours of service a week is considered as equivalent to payment of room and board.

3. WOMEN UNDER A. W. S. RULES. All women students are under the Associated Women Students code of rules, except those residing with their own families or in the homes of relatives.

4. **LIVING WITH RELATIVES.** Women students living with relatives are under the jurisdiction of those relatives, as are those students living with their own families in Lansing or East Lansing.

5. **CONTRACTS.** By action of the State Board of Agriculture, women registering for rooms in dormitories will be expected to continue their residence in the dormitory for the remainder of the college year.

Students who find it necessary to make a change of residence should apply for a permit at the office of the Dean of Women. Release from the contract will be by action of the Housing Committee.

Any unsatisfactory living conditions should be promptly referred to the office of the Dean of Women.

6. **FRESHMAN WOMEN AND SORORITY HOUSES.** No freshman woman may live in a sorority house. First term transfer students above the rank of freshmen may obtain a special permit for sorority house residence.

HEALTH SERVICE

1. **THE ORGANIZATION.** The Michigan State College Health Service is equipped to carefully safeguard the health of the students of the college. The college hospital with a capacity of forty beds and a dispensary is directed by a staff of nurses supervised by Dr. R. M. Olin. Every student is entitled to unlimited advice and treatment at the dispensary, a medical examination by appointment, and sixty days' care in the college hospital per year, free of charge. A fee is charged however when it is necessary for the college physician to call at the student's room.

2. **HEALTH SERVICE HOURS.** Although in case of emergencies the hospital is open day and night, regular hours at which time students may go to the hospital for treatment are as follows: Regular days, 8:30-10:30 a. m., 2:00-4:00 p. m.; Saturday, 8:30-10:30; and Sundays, by appointment only.

TRAFFIC REGULATIONS FOR STUDENTS

The following rules and regulations relative to vehicular traffic and parking on the campus have been adopted by the State Board of Agriculture:

1. All students driving vehicles on the campus are required to register such vehicle at the office of the Campus Police (Power House), and receive driving permit.

2. No vehicle shall be driven at a rate of speed exceeding 20 miles per hour on any of the roads or highways on the Michigan State College property.

3. Driving on lawns or parking cars on same shall at all times be prohibited.

4. Cars may be parked on the boulevard extending from Faculty Row to Grand River avenue parallel to, and not more than ten inches from the curb for a period not longer than two hours between 8:00 a. m. and 6:00 p. m.

5. With the exception of the above, cars may not be parked on any pavement on the campus.

6. No car shall be parked on any road or parking lot on College property for a period longer than twenty-four hours.

7. Cars shall not be parked within fifteen feet of any fire hydrant.

8. **PENALTIES:** Any student or employee of Michigan State College, upon being found guilty of a violation of the traffic rules and regulations, will be prohibited from driving an automobile upon the Campus, for a length of time to be determined by the President or his representative.

Upon being found guilty of a second violation of any provision of the rules and regulations, such student or employee shall appear before the President for discipline, the amount or manner of such discipline being discretionary with him.

9. **PARKING LOTS:** Parking lots for student cars have

been provided near the Chemistry building, the Gymnasium, Demonstration Hall, the Old Armory, and the Horticulture building. ALL OTHER PARKING LOTS are reserved for faculty members and visitors.

RULES OF ELIGIBILITY FOR PARTICIPATION IN COLLEGE ACTIVITIES

Matters of eligibility are under the jurisdiction of a special faculty committee, whose duty it is to determine eligibility for participation in all college activities.

1. No student who has conditions or failures in more than eight credits is eligible to participate in intercollegiate athletics.

(Note: Eligibility is based on a record of the student in the Registrar's office).

2. No student who is deficient more than 16 points is eligible to participate in intercollegiate athletics.

3. No student who is classified in less than 12 credits shall be eligible to participate in intercollegiate athletics.

4. No student who is on probation is eligible to participate in intercollegiate athletics.

5. The eligibility of a student transferring from one division to another shall be based upon his record in the first division at the time of transfer, and the complete record shall go with him until the end of the first term when all failures, conditions and points in arrears due to work not required or accepted by the new division shall be stricken from his record.

6. No student who participates in intercollegiate athletics and does not complete the work of that term shall be permitted to compete in the same sport thereafter until he shall have been in attendance one full term subsequent to his last participation.

7. No student shall participate in intercollegiate athletics

until he shall have been in attendance in the college for one full collegiate year, exclusive of summer school.

8. No student shall participate in intercollegiate athletics for more than three years in the aggregate.

9. No student shall play in any game under an assumed name.

10. No student shall be permitted to play in any intercollegiate contest who receives any remuneration or pay, either directly or indirectly, for his services on the college team. No student shall participate in any intercollegiate contest who is not an amateur. No person who receives any compensation from the institution for services rendered by way of regular instruction shall be allowed to play on any team; but laboratory assistants or men holding analogous positions shall not be barred by this rule.

11. A subject repeated one or more times for credit shall be counted only once.

12. Rules 1, 2, 3, 4, 5, and 11 apply to the following college activities: (1) holding a class or college office, (2) service on student publications, (3) official connection with college functions such as the Junior Hop, Union Opera, etc., (4) participation in dramatic or musical exhibitions and oratorical or debating contests.

The manager or chairman of every above activity shall submit to the Student Council and to the Faculty Eligibility Committee, a complete list of all students who expect to participate in such activities and to ascertain their eligibility before proceeding with the activity in question.

No student may be accepted for part in any college activity until an official certificate of eligibility from the Faculty Eligibility Committee be filed with the officer in charge of the activity.

SOCIAL COMMITTEE

1. SUPERVISORY COMMITTEE. The Social Committee of the faculty, composed of Prof. L. C. Emmons, chairman; Dean Elisabeth Conrad, secretary; and Deans

Huston and Dye, has general supervision over all student social functions. Fraternities, organized social clubs and other recognized social groups wishing to promote any social function should make arrangements for this privilege with Dean Conrad. These arrangements include signing the party sheet and listing the patrons for the affair.

2. **TIME FOR CLOSING PARTIES.** All parties and house dances during the fall and spring terms must close not later than midnight. Formal parties during winter term may continue until 12:30 a. m., except on Saturday evening when they must close at midnight.

3. **PETITIONS TO THE COMMITTEE.** Dances to be promoted by other groups than those noted in Section 1, or being given for profit may be held only after the presentation of and favorable action on a petition to the committee. Such petition will receive action only when presented by an organization which is all-college in scope, and when accompanied by an estimated budget of receipts and expenses, and a clear statement of the purpose for which the profits will be used.

COLLEGE LOAN AND SCHOLARSHIP FUNDS

LOAN FUNDS: The College has a limited sum of money from various sources each year for loans to needy students. Due to the small amount of money available for this purpose, most of the loans are for short periods of time to tide students over some temporary emergency. In certain cases, however, loans are made to mature one year after the student takes leave of the Institution.

UPPERCLASSMEN PREFERENCE: In granting loans, preference is given to upperclassmen. In no case will a loan be granted to a student with an unsatisfactory scholarship record or to one who is under disciplinary action.

APPLYING FOR LOANS: Students who desire to obtain funds through a College loan should apply to Prof. L. C.

Emmons who is chairman of the faculty committee on student loans.

SCHOLARSHIP FUNDS: Any students may compete for certain scholarships which the College has at its disposal. Most of the awards are made on a basis of excellence in scholarship, either general or in some specific line of work. The College Catalog covers this subject completely.

USE OF COLLEGE BUILDINGS

1. **CLEARING HOUSE.** In order to avoid conflicts in the use of college buildings and to serve as a clearing house for all college activities, a special committee of the faculty assigns rooms on the campus to student or other groups desiring them for meetings, dances and other occasions. Before any room may be used for anything but classroom routine, permission must be obtained from the office of Prof. L. C. Emmons.

2. **CHARGES FOR ROOMS.** A definite fee is charged for the use of certain rooms in college buildings. A deposit of ten dollars is required to guarantee any charges for damages, but this is returned if the building is found in good condition. The rooms for which fees are charged include: the Little Theatre, \$15.00; Demonstration Hall ballroom, \$20.00; Gymnasium annex, \$5.00.

Student Activities —

*The Organizations and Their Relation
to the Student Body*

Government

THE STUDENT COUNCIL

The Student Council is an elective men's representative body which has jurisdiction over all student activities. In addition, the Council acts as the intermediary between the students and the faculty, bringing closer cooperation among the several groups.

The Council is composed of the following nine elected men: Milton Dickman, president; Donald Fisk, vice-president; Minard Farley, secretary-treasurer; Rex Steele, senior representative; William Vondette, senior president; Louis Asmus, junior president; Milton Peasley, junior representative; Clifford McKibbin, sophomore president; and Richard Porter, sophomore representative.

The ex-officio members of the Council are the following: Clarence Van Lopik, managing editor of the Michigan State News; Ted Bath, Varsity Club representative; Clifford Heller, Inter-fraternity representative; and the president of the freshman class.

Meetings are held in the Council's room on the fourth floor of the Union each Tuesday. Individuals desiring a hearing or having business to present to the Council should appear at 7:30 on Tuesdays during the school year.

A complete list of the recognized honorary societies, with their officers, purpose, and time of meeting is kept on file at the Council office.

Limitation of Activities

The Student Council and the Associated Women Students have jointly adopted a system whereby any one student is limited in his participation in student activities.

Under this system, the positions, offices, and other activi-

ties that a student may hold or engage in are divided into four distinct groups, lettered for convenience: A+, A, B, and C. The positions listed under A+ pay a stipulated yearly salary to their holders. Students who hold these positions may not hold any other office on the campus.

There are four possible combinations of the office in the other three groups. An individual may hold one A and one C office; two B offices; one B and two C offices; or three C offices.

Enforcement of these regulations is in the hands of a joint committee of the Student Council and A. W. S. This committee has the power to remove from office any student who has exceeded the stated number of positions possible in any combination.

The groupings are as follows:

The A+ Positions

Managing Editor, Michigan State News.
Associate Editor, Michigan State News.
Business Manager, Michigan State News.
Managing Editor, Wolverine.
Business Manager, Wolverine.

The A Positions

President, Student Council.
President, Associated Women Students.
Co-ed Editor, Michigan State News.

The B Positions

Member, Student Council.
Officer, Associated Women Students Council.
Members of all publications staffs who are juniors.
President, Y. W. C. A.
Captains, Managers, and Members of all varsity athletic teams.
President, Panhellenic Council.
President, Spartan Women's League.
President, Union Board.
President, Women's Athletic Association.
President, Inter-fraternity Council.

The C Positions

Cheerleader.

Captains, Managers, and Members of minor athletic teams.

Class Officers (other than president).

President, all honorary societies.

President, social fraternities.

President, Home Economics Club.

President, Campus Girls Assembly.

Member of Cabinet, Spartan Women's League.

Board Member, Women's Athletic Association.

Member, Union Board.

Member, Associated Women Students Council.

Board Member, Y. W. C. A.

ASSOCIATED WOMEN STUDENTS

The Associated Women Students is the women's self-governing organization. All women are members but the executive group is composed of five seniors, three juniors, two sophomores and the vice-president of the freshman class. This group legislates and enforces A. W. S. rulings and passes judicially on exceptional cases. All positions are elective.

A. W. S. is subdivided into three bodies: the Executive Board which prepares business for the Council, hears disciplinary cases, and prepares a list of nominees for representatives to the Council at the annual elections; the A. W. S. Council which disburses the funds, regulates the social life of women, and has final jurisdiction in special disciplinary cases; and the Legislative Board which formulates policies of common interest to women and passes on student undertakings in which the help of A. W. S. is asked.

The officers of the Council are: Athenia Andros, president; Mary Pangborn, first vice-president; Helen Abbott, second vice-president; Corrine Goulet, secretary; Mary Alice Kennedy, treasurer; Elizabeth Lee and Alice Bender, senior representatives; Virginia Shaw, junior representative; Jean Stickle and Louise Sachs, sophomore representatives; and the vice-president of the freshman class.

By-Laws of A. W. S. Constitution

1. There shall be no smoking in dormitories.
2. Quiet hours: 8:00-11:00 a. m. Monday to Friday, inclusive; 1:00-4:00 p. m. Monday to Friday, inclusive; 8:00 p. m.-6:30 a. m. Sunday to Thursday, inclusive. On Friday and Saturday evenings, quiet hours do not begin until 10:30 p. m. On Sunday morning they extend until 8:30 a. m.
3. Freshmen are to be in their respective houses at 7:45 p. m. Monday, Tuesday and Thursday nights during fall and winter terms, and at 8:30 p. m. during spring term. On Wednesday and Sunday nights they must be in at 9:00 p. m.

4. Sophomores, juniors, and seniors are to be in their respective houses at 10:00 p. m., except Friday and Saturday nights and nights preceding holidays.

On a night before a holiday and on Friday and Saturday nights during fall and spring terms, 12:15 is allowed for all women; for winter term formal parties 1:00 a. m. on Friday and 12:15 a. m. on Saturday nights is given; spring term seniors within two terms of graduation are to be in at 11:00 p. m. week nights and 12:00 midnight on Wednesday.

These rules become effective as soon as women enter college houses, but 12:15 permission continues until the night before regular classes when 10:00 p. m. permission prevails.

5. Freshmen with an average of "B" may petition the Council for upperclass hours for the ensuing term.

6. Students shall live only in houses listed and approved by the office of the Dean of Women. Non-resident students must obtain a permit from the office of the Dean of Women for any change in address.

7. Students must register in the office of the Dean of Women any change of address during the school year.

8. Men callers shall leave freshmen houses at 7:45, except Wednesday when they shall leave at 9:00 p. m.; they shall leave upperclass houses at 10:00 p. m. except Friday and

Saturday nights when they shall leave promptly at 12:15. Men callers shall not be received during daytime quiet hours or after hours on nights of special college functions.

Senior 11:00 p. m. spring term privilege may be voted upon by each house.

9. Record shall be kept of late minutes. An accumulation of fifteen minutes means forfeiting one weekend night chosen from the following two weekends. Repetition of this offense means forfeiting one entire weekend. A tardiness of more than thirty minutes shall be referred to the Executive Board of A. W. S.

10. Women must receive special permission from the President, Vice-President, or Secretary of A. W. S. to be absent from their houses other than weekend nights.

11. Women shall not go to a fraternity house or men's clubrooms where an approved chaperone is not present.

12. Women leaving East Lansing shall leave the address to which they are going with the house chaperone.

13. Women are not permitted to leave the dormitory over night except on weekends. Special arrangements must be made with the President, Vice-President or Secretary of A. W. S. for return on Sunday night later than 9:00 p. m. for freshmen and 10:00 p. m. for upperclassmen.

14. Proctors must enforce the rule of absolute quiet after 8:00 p. m. on week nights; reasonably quiet after 8:00 p. m. weekend nights; and absolute quiet after midnight.

15. Lack of cooperation on the part of any student will be dealt with by the Associated Women Students Council.

16. Women shall not leave after 11:00 p. m. to drive a long distance without written permission from either parent.

17. Returning students who are unavoidably delayed for emergency reasons shall telegraph or telephone their house matron immediately.

18. Women shall return to their respective houses within fifteen minutes after the close of any special function.

19. Students may stay overnight in Lansing or East Lansing only in the home of a relative or personal friend of their family.

Freshman Councilors

The newcomers are given a good start in their college careers by help throughout the entire year but the efforts of the councilors are concentrated particularly upon the fall term.

Co-eds who act as councilors are assigned a certain number of freshmen women with whom they correspond during the summer, prior to personal contacts made during Freshman Week.

The committee in charge of the project is headed by Elizabeth Baker, chairman; and Helen Abbott, A. W. S. representative, assisting. The office will be located in the Woman's Building.

INTER-FRATERNITY COUNCIL

All fraternities send one delegate to the meetings of the Inter-fraternity Council held weekly in the Union building. Matters of common interest are discussed and problems reviewed. Where action is needed, committees are appointed to investigate.

The Inter-fraternity Council regulates rushing during the fall and initiation during the winter and spring terms. A delegate is sent each year to the convention of the National Inter-fraternity Council.

George Culp is president of the organization.

Complete details on rushing and initiation, together with suggestions to new men, may be found on page 72.

PANHELLENIC COUNCIL

Each sorority is a member of the Panhellenic Council and sends two representatives, a junior and a senior, to the meetings which are held the second Tuesday of each month in the Union building.

Panhellenic regulates rushing during the fall term and compiles scholarship statistics on the various sororities. All matters of common interest to these groups are discussed and reviewed at the meetings. A delegate is sent each year to the annual convention of the National Panhellenic Council.

Margaret Heineman is president of the organization.

(Specific details on rushing rules and other pertinent information may be found on page 74).

Service

MICHIGAN STATE UNION

Built in 1925, the Michigan State Union Memorial building serves as a college center for students, faculty members, alumni and visitors.

When it was organized in 1916, the Michigan State Union set as its goal a completely equipped building that would act as a nucleus for extra-curricular activities. Construction of the building was begun in 1924 by voluntary student labor, and was completed a year later. Although still not completely finished, each year sees some improvement or innovation.

Located near the entrance to the campus, the Union Memorial building is well equipped to serve the purposes for which it was erected. The facilities include several pri-

vate dining rooms, a ballroom, a cafeteria, soda fountain and grill, main dining room, a spacious lobby, a billiard room, barber shop and beauty salon, women's lounge, and student clubrooms. The Faculty Club has its quarters on the third floor, and the offices of the student publications, the Michigan State News and the Wolverine are located on the fourth floor. A complete hotel service is provided for visiting teams and guests of the college. Most of the college dances are held in the Union ballroom.

The Union activities program is broad and varied. Tea dances are held two afternoons a week, and fall term mixers usually are centered in the Union. Each year the Union sponsors a dramatic or musical comedy production in which students take part. Visiting athletic teams are met by the Union committees and welcomed. During Homecoming, class reunions, and big games the Union building has always been the center of activity.

Every Michigan State student automatically becomes a member of the Union upon payment of the regular college fees. The Union has a desk in its lobby which has become a center of personal service for the general student body. Besides selling tobacco and class supplies, it operates a circulating rental library, and second hand textbook service, and is a general agency for tickets for all college functions.

The Union is managed by a board of directors whose personnel includes student, faculty and alumni members. Student members are elected annually at the all-college winter term elections. Following this election, the board selects its officers for the ensuing year.

The 1932-33 officers and board of directors are as follows: R. C. McDonald, '33, president; Helen Carruthers, '33, first vice-president; Kenneth Stonex, '33, second vice-president; Glen O. Stewart, '17, secretary; Raymond H. Riggs, '26, general manager; Gary Morgan, '34; Betty Hunt, '34; Herbert Williamson, '34; Prof. R. K. Steward; Prof. L. C. Plant; President R. S. Shaw; Prof. O. L. Snow, '10; R. B. McPherson, '90; Mrs. Turner Broughton.

STUDENT PUBLICATIONS

Three student publications are published during the school year at Michigan State: The Michigan State News, a semi-weekly newspaper; the Wolverine, the annual yearbook; and the Michigan Agriculturist, a monthly agricultural magazine. Each of the publications is edited by a staff of students under the guidance of a faculty adviser. Managing editors and business managers are elected at all-college elections.

The Board of Publications, composed of the managing editors, the business managers, and the advisers of the three publications, the comptroller of the college, the president of the Student Council, and the president of the Associated Women Students, is the governing body of all student publications.

The Michigan State News

The Michigan State News is the official student newspaper, issued semi-weekly throughout the college year. Subscription to the paper is included in the fees paid upon registration.

The managing editor and the business manager are selected at the all-college elections during the winter term. Since 1929, the tradition has been established for the defeated candidate for editorship to continue his duties on the staff as associate editor. The remainder of the staff is appointive.

The office of the publication is located on the fourth floor of the Union; it is printed at the Campus Press. Try-outs for either the editorial or business staff may be arranged by calling at the office during weekday evenings.

The men who head the publication are: Clarence Van Lopik, managing editor; Norman Reeder, associate editor; Jean Blessing co-ed editor; Frank Noble, business manager. Prof. J. B. Hasselman is the faculty adviser.

The Wolverine

Published late in the spring term, the Wolverine, annual yearbook publication, serves as a chronicle of the important events on the campus during the preceding year. Including a survey of campus activities, athletic contests, classes, and features, the Wolverine becomes a complete summary for the entire school year.

The staff is organized under a managing editor and a business manager who are selected at the all-college elections during the winter term. The office is located on the fourth floor of the Union building.

The officers of the 1933 book are Ronald McDonald, managing editor, and James Porter, business manager. Prof. A. H. Nelson is the faculty adviser.

The Michigan Agriculturist

Devoted to the interests of the agriculture and home economics students, the Michigan Agriculturist is published monthly by a student staff. A fee of fifty cents is charged all agricultural students for the circulation of the magazine.

The managing editor and business manager of the publication are selected by the agricultural students at the winter term all-college elections. Charles Blakeslee and Gordon Dickinson are the managing editor and business manager, respectively, of the publication. Prof. H. C. Rather is the faculty adviser.

LIBERAL ARTS BOARD

The name, Liberal Arts Board, is rather a misnomer. The duty of this group is to bring to this campus a series of lecture speakers. Due to the lack of an auditorium, these events are held at the Peoples Church.

A blanket tax, collected from each student at the time he pays his fees, is the main source of financial support for this movement. Coupons for admission are provided in the Athletic Coupon Book furnished each student.

A program for next year has been contracted and includes Will Durant, Raphael Sabatini, Senator Robert LaFollette, Robert Reynolds, Dr. R. L. Ditman, and the Rt. Hon. Lees-Smith.

The Liberal Arts Board is composed of members of the faculty and student body. The student positions are elective, nominees being placed on the all-college ballot.

The present members of the Board include: Prof. W. W. Johnston, chairman; Prof. C. P. Halligan, treasurer; Prof. J. B. Hasselman, Jean Blessing, Mary Thorpe, Keith McKellop, and Albert Bradley.

SPARTAN WOMEN'S LEAGUE

This organization was founded for the following purposes: to create a stronger bond of friendship among college women, to enter teams in competitive athletic sports, and to develop campus leadership.

During the year, the League sponsors such affairs as the student-faculty banquet, an all-college dance each term, various teas, and the Installation Banquet. Together with A. W. S., the League sponsors the annual Co-ed Prom.

Under the direction of a sports manager, Spartan Women's League has won the swimming cup for two years, the volley ball plaque for two years, and the hockey plaque for one year.

Officers for 1932-33 are: Dorothy Cummins, general chairman; Charmion Griswold, vice-chairman; Virginia Allen, secretary; Marie Patterson, corresponding chairman; Mary Thorpe, treasurer; Katherine Geib, junior representative; and June Smith, sophomore representative.

WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association annually sponsors an athletic program that is intended to make sports available for every co-ed at Michigan State. Although membership is limited to those women who earn one hundred or more

athletic points, every girl on the campus is invited to take part in the varied sport events. Every co-ed is urged to take up some sport whether she knows anything about it or not.

The system of awards grants one hundred points to each girl making the first class team, fifty points for second team members, and twenty-five points to those who have the required number of practices but fail to make the team. The points accumulate as the co-ed branches out into the various sports and the following awards are presented : For one hundred points, class numerals; five hundred points, class monogram; one thousand points, Old English "S"; and for fifteen hundred points, a place on the Honor Roll.

The W. A. A. activities have been divided into major and individual sports. A limitation provides that no student may carry more than two major activities per term in addition to the individual activities. The various sports have been divided as follows: Major — hockey, soccer, basketball, swimming, fencing, baseball, track, tennis, bowling, volleyball, marksmanship, archery, dancing and golf; Individual—hiking, canoeing, roller and ice skating, and riding.

The organization now numbers over two hundred members. The officers are: Frieda Brief, president; Eunice Herald, vice-president; Lois Arnold, secretary; and Athenia Andros, treasurer.

MUSIC

Excellent facilities are provided for students interested in music. In addition to the regular courses offered by the department, there are many extra-curricular activities available to both men and women students.

Tryout for these organizations are held early in fall term. The groups include the Military Band, under the direction of Leonard Falcone; a Men's and a Women's Glee Club; the College Chorus; and an Orchestra.

Complete information concerning music and the musical organizations may be obtained at the office in the Music building.

DRAMA

Numerous dramatic productions are staged during the year, in addition to those offered as part of the regular courses in dramatics. Most of these are presented by Theta Alpha Phi, a national dramatics honorary society, but the casts are not limited to members of that group. Any student interested may apply and try out for a part.

Prof. E. S. King has charge of all dramatics and those students who are interested in taking an active part in the work are asked to see him.

DEBATING

A Men's and a Women's Debating Team represent Michigan State each year in intercollegiate forensic contests. The debaters also annually enter national competition at the convention of Pi Kappa Delta, national forensic honorary society.

Prof. J. D. Menchhofer, of the Speech department, is the debating coach.

ATHLETICS

Students who are interested in athletics have great opportunities at Michigan State. Under the guidance of Ralph H. Young, director of athletics, this institution holds a high position in mid-western competition in inter-collegiate sports, while a well organized program of intra-mural athletics are available to every student.

INTER-COLLEGIATE ATHLETICS: The following are the four major sports at Michigan State, their coaches and their captains, respectively, for the ensuing year: Foot-ball, James H. Crowley, Bob Monnett and Abe Eliowitz; Basketball, B. F. Van Alstyne, Elton Kircher and Jerry McCaslin; Track, R. H. Young, Ted Bath; Baseball, J. H. Kobs, Charles Fawcett.

The minor sports include the following: tennis, swimming, golf, cross country, wrestling, fencing, rifle and hockey.

FRESHMAN ATHLETICS: Due to the inter-collegiate ruling that freshman cannot compete in varsity athletics, the first year athletes are given an opportunity to take part on freshman squads in all sports engaged in by varsity teams. Games with the varsity and with other college freshman teams enliven the schedules of the yearling aggregations.

INTER-SOCIETY ATHLETICS: Fraternities and sororities are organized into leagues or blocks of four or five members. Each society engages with the other members of its block; then the champions of each block compete. Following this, comes the competition for the finals and the consolations. Cups or other awards are made to runners-up and champions in each sport, and a large trophy is given the society claiming the most points for all-around competition in all events.

The sports offered for inter-society competition include: basketball, indoor and outdoor baseball, tennis, bowling, indoor and outdoor track, swimming and soccer.

INTRA-MURAL ATHLETICS: Under the supervision of L. L. Frimodig, assistant director of athletics, Michigan State pursues a well organized intra-mural program. Providing sports for every student, the department offers tournaments in tennis, golf, basketball and horseshoe; in addition, various other lines of competition are offered for class teams representing each division, and dormitory teams. Small numerals are awarded to team members.

CO-ED ATHLETICS: Jointly sponsored by the Women's Physical Education department and the Women's Athletic Association, a complete athletic program gives each woman student an opportunity to take part in athletic competition. No inter-collegiate engagements are made, the program being limited to individual and team events. Sports offered include: hockey, golf, fencing, bowling and hiking.

Religion

THE PEOPLES CHURCH

W. Grand River and Michigan

The Peoples Church, an inter-denominational religious organization, is the community religious center for Michigan State students and the citizens of East Lansing.

The completely equipped building was erected on Grand River a few years ago at the cost of \$375,000. It includes an auditorium, a chapel, a social hall, a gymnasium, and student organization rooms.

The staff of the Peoples Church is as follows:

Minister.....	Newell A. McCune, D. D.
Associate Minister (Acting).....	Martin L. Fox
Director of Student Work for Men.....	Norman W. Kunkel
Director of Student Work for Women.....	Miss Emma C. Sater
Church Secretary.....	Mrs. Grace E. Lyon
Employment Secretary.....	John G. Biery

RESURRECTION (Roman Catholic)

Weekday Masses: 7:00—8:00

Y. M. C. A.

Membership in the Y. M. C. A. is open to every male student at Michigan State and may be obtained upon application.

Activities of the organization are many and varied; they include a helpful service to freshmen during fall term,

an employment and a rooming house service operating twelve months of the year, a hospital service, student-faculty friendship meetings, and an annual banquet.

The 1932-33 officers are: Gordon Fischer, president; Elmer Lightfoot, vice-president; Raymond McMullen, secretary; and Mac Morford, treasurer. Norman W. Kunkel is general secretary.

Y. W. C. A.

The Y. W. C. A. has an active student organization with offices in the Peoples Church. Every college women is eligible to join this group; those interested are invited to apply for membership.

An annual drive for contributions, supported by the dormitory and sorority women, forms the principal source of financial income. The salary of the General Secretary is paid through the Community Welfare Fund.

The 1932-33 officers are: Elva Covert, president; Lois Arnold, vice-president; Elizabeth Snow, secretary; June Redman, treasurer. Miss Emma Sater is General Secretary.

PEOPLES CHURCH STUDENT ORGANIZATIONS

STUDENT RELIGIOUS COUNCIL, Phil Aylesworth, president, is composed of representatives from all the other religious organizations, and meets monthly.

CAMPUS GIRLS' ASSEMBLY, Phillis Meyer, president, meets every Sunday noon in the women students' parlors in the church.

STUDENT CITIZENSHIP LEAGUE, Howard Bissland, president, meets every Sunday noon. Membership is open to all student men. Addresses by local and outside speakers, with supplementary discussion, comprise the program.

STUDENT CHRISTIAN UNION, Veda Wheaton, presi-

dent, is a group of college men and women which meets every Sunday afternoon or evening. Friendly social gatherings, discussion groups, and worship services round out its program.

CHURCH RECREATION LEAGUE, more popularly known as the "Friday Fun Nights," provides each Friday evening a program under the supervision of the two directors of student work. Entertainment consisting of games, dramatics, stunts, and refreshments make up the program.

FRESHMAN COUNCIL, under the guidance of Prof. R. S. Linton and the Director of Student Work for Men, is a leadership training group for all freshmen men. Meetings are held alternate Monday nights.

Traditions

TRADITIONAL CUSTOMS

Traditions play a large part in the student life at Michigan State. Devised over a long period of time, the traditions have become a well-loved and important factor which gives the College a richer background.

Traditions are not laws and are never regarded as such. Rather, they are time-honored customs which have become universally accepted by the student body for many years. No one is absolutely compelled to obey these traditions, yet there are very few offenders. Every student seems to feel it his personal duty to comply with the rulings and as a result the traditions have become an intangible set of rules compiled by no one, enforced by no one, yet obeyed by all.

The more important of the traditional customs follow:

1. No one smokes on the campus, except in the Union building.
2. Everyone does his part to foster the congenial, demo-

cratic spirit of Michigan State. Whether he knows the person or not, a student greets each passerby on the campus.

3. All freshmen men wear the traditional green "pots" at all times, except Sundays. This distinguishes them as newcomers to the campus, and is regarded as a privilege rather than a burden.

4. Freshmen men are never openly seen in the company of a co-ed.

5. Sophomore men wear a hat or cap at all times.

6. No one cuts across the lawns.

7. No one defaces College property.

TRADITIONAL EVENTS

CLASS DAY: One of the best liked underclass events is the Freshman-Sophomore Class Day. Competing in relay races, obstacle races, tug-of-war, and other track and field events, the two classes vie for superiority. The affair is under the supervision of the Student Council.

BARBECUE: After considerable rivalry during the fall term, the two lower classes "bury the hatchet" at the Barbecue sponsored by the sophomore class. With an abundance of food, cider and good fellowship, the event marks the close of the hostilities for the year. A big bonfire, speeches and an all-college dance rounds out the program.

MAY MORNING SING: Annually sponsored by the various musical organizations, the May Morning Sing has become one of the most beautiful of Michigan State traditions. An appropriate program of musical numbers is given at the Memorial Tower early in the morning before classes.

ANNIVERSARY DAY: During the second week in May, students and faculty join in commemorating the founding of the College. A special convocation with a suitable program is usually arranged for this occasion.

SENIOR SWINGOUT: The first of the numerous senior activities is the "Senior Swingout." Held late in May, the ceremonies include a line of march of the graduating seniors dressed in cap and gowns. During the course of the

march the seniors go under arches erected by the various classes which signify the passing of year in college.

CAP NIGHT: Held early in June, one of the best-liked traditions that Michigan State observes is the Cap Night ceremonies. This event marks the passing of seniors into the large alumni group while the other classes take on the duties of the next step in college.

During the course of the program the seniors march around the fire tossing in discarded books signifying the end of their college career while the pajama-clad freshmen toss away their green pots. A snake dance and an all-college dance usually close the evening's activities.

LANTERN NIGHT: Lantern night, in which only co-eds participate, is held late in the spring term and is one of the most popular co-ed traditions, consisting of a parade of picked women from all four classes who carry lanterns in the march around the campus. Lantern Night symbolizes the transferring of duties from the upper classes to the next class in line. Another feature of the event is the installation of the officers of the Associated Women Students.

WATER CARNIVAL: The annual Water Carnival staged annually on the Red Cedar river near Farm Lane bridge is sponsored by the senior class. This event, held during the last week of college in the spring, consists of a program including a parade of floats, specialty acts, and contests. The Water Carnival is of two days' duration.

SENIOR PLAY: As a climax to the dramatic work of the year, the Senior class annually sponsors an out-of-door production presented in the Forest of Arden during the final week of spring term. Although members of other classes are cast for some parts, the prominent senior thespians are usually selected for the leading roles.

for the latter*

Honorary Fraternities

SCHOLASTIC HONORARIES

ALPHA PSI, national honorary veterinary fraternity, limits its membership to students who have excelled in work in the veterinary sciences.

ALPHA ZETA, national agricultural honorary, limits its membership to junior and senior men who rank in the upper two-fifths in their class in scholarship. The organization promotes high scholarship and acts as sponsor for several activities each year.

BETA ALPHA SIGMA, local honorary landscape architecture, floriculture, and allied arts fraternity, has as its purpose the promotion of scholastic attainment and advancement of appreciation and knowledge of landscape architecture and the allied arts.

LA COFRADIA, local Spanish honorary, limits its membership to students who excell in using the Spanish language.

OMICRON NU, national home economics fraternity, limits its membership to junior and senior women of high academic rating in home economics.

PHI GAMMA PHI, national honorary German society, is extended to students who have maintained a high average in this language.

PHI KAPPA PHI, national scholastic honorary, restricts membership to those students who for their entire college career have the highest averages regardless of the line of work they take up.

PHI LAMBDA TAU, local engineering honorary, limits its membership to junior and senior engineering students who have attained a high scholastic average.

PHI ALPHA XI, national floriculture honorary, has as its purpose the promotion of high scholarship, the fostering

of good fellowship among its members, and to establish cordial relations between students, educators, and professional florists.

SIGMA XI, national honorary science fraternity, extends membership to exceptional students in the science division.

SIGMA ALPHA BETA, local honorary bacteriological fraternity, has as its purpose the encouragement of higher scholastic attainment in the field of bacteriology.

TAU BETA PI, national honorary engineering fraternity, limits its membership to students who have earned scholastic distinction in the engineering division. It was established at Michigan State in 1892.

TAU SIGMA, local honorary arts and science fraternity, awards membership to those students who maintain a high average during their first three years of work at Michigan State.

XI SIGMA PI, national honorary forestry fraternity, draws membership from those showing scholastic proficiency in that course.

L'ALLIANCE FRANCAISE, honorary French club, selects as its members those students of advanced French who have proved themselves proficient in the language.

NON-SCHOLASTIC HONORARIES

ALPHA EPSILON MU, national musical fraternity, selects as its members men who have been active in the interests of the college band, glee club, or orchestra.

THE BAND CLUB, local honorary organization, is open to outstanding members of the Michigan State Military band. Sophomores and juniors are eligible for membership.

BLUE KEY is a national service honorary fraternity which has as its creed the welcoming of visitors to the campus, the planning of pep meetings, and other activities of a similar nature. Men who are outstanding in extra-curricular activities are picked at the close of their sophomore year in college.

EXCALIBUR, local senior men's honorary, has as its members men who have given exceptional service and leadership during their undergraduate days at M. S. C. New members are tapped at important all-college convocations.

GREEN SPLASH, the co-ed honorary swimming club, annually picks as its members girls who have fulfilled certain requirements, both in scholarship and in swimming. Various activities round out the program for the year.

LAMBDA SIGMA, local honorary speech fraternity, was established with the purpose in mind to promote the betterment of speech among students.

MU PHI EPSILON, national women's honorary music fraternity, limits membership to students who are majoring in music. The purpose of the organization is to encourage music on the campus.

PI DELTA EPSILON, national journalism honorary, selects junior men who have distinguished themselves in college publication work.

PI KAPPA DELTA, national forensic honorary, limits its membership to students who have made enviable records in debating.

PORPOISE, national men's swimming honorary, has as its creed the promotion of swimming. The club sponsors various activities during the college year.

SIGMA EPSILON, local honorary business administration fraternity, limits its membership to students in that division. The organization promotes interests in that phase of work.

SCABBARD AND BLADE, national honorary military fraternity, has as its creed the promotion of interest in R. O. T. C. affairs. The membership is limited to outstanding advanced military students.

SIGMA DELTA PSI, national honorary athletic fraternity, is open to any man who can successfully meet the requirements in athletic events specified by that group.

SPHINX, is a local senior honorary for women. Eligibility for this group is based in part on extra-curricular

activity and demonstrated leadership. Members are selected from the junior class at a principal college convocation.

THETA ALPHA PHI, national dramatics society, limits its membership to students who do outstanding dramatic work on the campus. The Michigan State chapter sponsors several plays each year.

VARSITY CLUB, a local honorary, picks its members annually from the ranks of the major sport letter winners.

PROFESSIONAL HONORARIES

ALPHA CHI SIGMA, national in scope, is neither a social fraternity nor an honorary, but a professional society; the fact that many of its chapters maintain houses and the high scholastic requirements for membership give it qualities of both. Besides being open only to men majoring in chemistry, the society stipulates that the character of the men be carefully considered. The local chapter is composed entirely of upper classmen, graduate students, and faculty members.

SIGMA ALPHA IOTA, professional music fraternity for women, has as requirements for membership high scholarship and the ability for capable performance. Its aim is to promote high standards of productive musical work among women of colleges, universities and conservatories.

VOCATIONAL AND CULTURAL ORGANIZATIONS

ART CLUB, founded by students and members of the Art department, has as its purpose a furtherance of thought along artistic lines.

AMERICAN CHEMICAL SOCIETY, a national organization, which devotes time to the promotion of interest in work in that field.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS,

is open to both professors and students in electrical engineering.

AMERICAN MANAGEMENT ASSOCIATION is an organization which has as its purpose the sponsorship of meetings at which problems of industry are discussed. The club is a junior chapter of the national association.

AMERICAN SOCIETY OF CIVIL ENGINEERS limits its membership to junior and senior students in that field. Members of the campus group are eligible upon graduation to join the senior chapter.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS, a junior branch, is an organization to which all student junior and senior mechanical engineers are eligible.

AMERICAN VETERINARY MEDICAL ASSOCIATION, a student chapter, limits its membership to veterinary students.

ANIMAL HUSBANDRY CLUB is open to all students who are majoring in animal husbandry.

BEE KEEPERS' SEMINAR is composed of students especially interested in this field. Regular meetings are held at which major problems are considered.

BLOCK AND BRIDLE is an organization open to all students interested in animal husbandry. Interesting meetings are held at regular intervals.

BOTANICAL SEMINAR is a group of students and faculty members who devote their time to the study and research in botany.

COSMOPOLITAN CLUB is an organization of foreign students which aids in the orientation program for foreign students.

DAIRY CLUB is an organization for students who are specializing in dairy production or manufacturing. Questions of dairy interest are discussed.

FORESTRY CLUB is a group composed of forestry students. Projects of interest are discussed at regular meetings and various social activities are sponsored annually.

HOME ECONOMICS CLUB, affiliated with the Michigan

and National Home Economics associations, is open to all co-eds enrolled in the home economics division.

HORTICULTURE CLUB is open to all students who are either majoring or planning to major in horticulture.

M. S. C. GRANGE, affiliated with the national group, is open to students who are interested in work of this kind.

OFFICERS CLUB is an organization of the students who are taking advanced military science. The group annually sponsors the military ball, smokers, and other social functions for military men.

ORCHESIS, a branch of the national dancing organization, has as its purpose the promotion of interest in artistic dancing. Membership is limited to co-eds of advanced talent in artistic dancing.

SIGMA RHO TAU is a national organization devoted to giving engineering students an opportunity to develop their speaking possibilities. Cognizant of the fact that very few chances are given the undergraduate engineer to speak to an audience, this group fosters speaking tournaments under the direction of a member of the speech department.

SEVEN ARTS CLUB, recently founded, furthers the cultural side of campus life by sponsoring several movements along artistic lines. During the past year the group has presented three foreign films, all of noteworthy quality.

QUILL CLUB, an organization of literary-minded students, writers, authors and members of the English department, fosters creative writing, both in prose and poem. Members read original works to the group for criticism and comment.

Social Fraternities

FOREWORD

There are twenty men's social organizations on the campus, both national and local in nature, which are known as fraternities. These societies maintain houses in which members, and occasionally pledges, live, and they form an important part of college life.

Fraternities recruit their members by selecting them from the student body. It is not ethical, however, for a student to indicate his desire to join a particular fraternity, but rather he must wait to be asked. Each fraternity considers many men for membership. They learn all they can about everyone and very carefully select the ones who seem best suited to their group. These few are extended bids, and the choice of acceptance is left up to the student.

The better fraternities are extremely careful in their work of rushing (becoming acquainted with prospective members). A student who is boastful, vulgar, uncouth, or overbearing is at once dropped from the list of prospects. The good fraternity is not interested in the awkward, effeminate, or immoral type of men. Good students, men with strong moral convictions, and true gentlemen are the men who command the attention of fraternities.

A fraternity's first impression of a freshman is very important. Make this first impression lasting by being alert, pleasant, and unartificial.

When the rushing period opens, with the start of college in the fall, you may be rushed or you may be overlooked. In either case, keep cool. The decision to pledge membership to a fraternity is an important step, one which deserves mature deliberation, and the freshman who escapes the necessity of making this decision is not altogether unfortunate. If you are overlooked in the early rushing, you will probably have another opportunity, even if it is not until your sophomore year.

To be a "misfit" in a fraternity is certainly a misfortune. The choice of a fraternity is a serious proposition and it must be faced squarely in the most serious manner.

Don't be misled. When the time comes for you to state the choice of fraternities, be wise, look at things squarely and from all sides. Don't join a group because you feel obliged to, or because you find yourself in a "sweat-box" and are afraid to refuse. Keep your head at all times and remember that there never was a time limit on pledging and there never will be.

REGULATIONS

Pledging rules, as laid down by the Inter-Fraternity Council, should be observed faithfully by all freshmen and other students. These are taken from the Council Constitution and follow:

Article IX—Pledging

Section 3. The pledging of a student to a fraternity shall be formally accomplished as follows: Upon invitation of a fraternity to become one of its members, a student shall be required to fill out an application blank supplied by the Council. This blank shall be presented to the secretary of the Council and no pledge pin may be issued by the fraternity until the fraternity shall have received a written notice of the secretary's acceptance of the application.

Section 4. No student's name may be dropped from the pledge-roll of any fraternity until the written notification has been sent to the secretary of the Council and the written notice of its acceptance has been received by the fraternity from whose pledge-roll the name is to be taken.

Section 5. No student may be pledged to any fraternity until seven days have elapsed since the official opening of classes.

Section 6. No student whose name has been dropped from the pledge-roll of any fraternity may be pledged to any other fraternity until six months have elapsed since his release, without the written consent of the releasing fraternity.

Sororities

FOREWORD

Each of the twelve sororities entertains during rushing season approximately one hundred freshman women. Of this number, only ten to thirty are invited to membership. However, Panhellenic, the governing body of all social sororities, wishes that the friendly relations established during this season may continue throughout the college career of each freshman.

All groups are worthy of membership, and the rushee is urged to make her selection independently. Her choice of a group should be on the basis of congeniality; that is, the rushee should pick that sorority in which she, as a member, would be most happy. She should remember, in making her choice, that the associations formed in that organization are for a period of four years or more, and therefore are of the utmost importance. Nothing is more tragic than a misfit.

Each rushee is respectfully asked to cooperate during the period of silence.

It is considered beneath the standards of both the local and the national Panhellenic for any woman to speak disparagingly of any group or individual. A member of one organization who so forgets herself as to criticize any member of another group, or the group as a whole, discredits herself in the eyes of all prospective as well as active members.

The cost of joining a sorority is an important point to carefully investigate before taking any definite steps. Specific expense lists of the various sororities may be obtained at the office of the Dean of Women.

Simple afternoon dress will be appropriate for all parties except the formal party. This will be indicated on the invitation.

Should a woman be unavoidably detained, she should not

hesitate to come after the appointed hour.

For the last three informal parties, the rushee should accept the invitations of those groups in which she is most interested. However, the acceptance of the invitation for the last party DOES NOT indicate her choice; nor does this invitation indicate the sorority's choice of rushee.

RUSHING RULES

For the benefit of the rushees, as well as the sorority members, the specific rules on rushing, as adopted by Panhellenic, are reprinted below:

1. There will be an open tea in each sorority house Thursday, September 22. Any girl may attend any number of these teas but is not to stay longer than a half hour at one house.

2. Invitations will be given for each rushing party and must be left at the office of the Dean of Women before 8:00 a. m. of the day of the party for which the invitations are given.

3. A special messenger will deliver all invitations before noon of the day of the party.

4. Girls living in dormitories will leave acceptance at the dormitory desks before 3:00 p. m. of the same day that they receive the invitations. Representatives of the sororities will collect these acceptances any time after 3:00 p. m.

5. Girls living in Lansing and East Lansing will phone acceptances to the respective houses before 4:00 p. m. of the day of the party.

6. Refreshment limitations:

- a. Buffet Supper—three dishes and a beverage.
- b. Formal Dinner—three courses.
- c. Tea—tea or punch, cake, nuts or candy.
- d. Other Parties—two dishes and a beverage.

7. There will be no favors given except at the formal dinner, in which case the cost of each favor shall not exceed fifty cents.

8. An acceptance to the formal dinner may be considered an indication of preference on the part of the rushee for that particular sorority.

9. There shall be a period of silence from Thursday, September 29 at 9:00 p. m. until Tuesday, October 4 at noon. There will be no communication between sororities or sorority members and rushees during that period.

10. Each sorority must have its preference list in alphabetical order, with the full name and correct addresses of rushees, in the office of the Dean of Women on Friday, September 30 before 9:00 a. m.

11. Each rushee who has been invited to join a sorority will receive a preference slip by messenger the morning of Saturday, October 1. This preference slip must be filled out and returned to the office of the Dean of Women before noon of Monday, October 3.

12. Formal invitations for membership will be delivered Tuesday morning, October 4 before noon. Each rushee who has received a formal invitation and wishes to accept must present herself at the sorority house at 7:00 p. m., Tuesday, October 4.

RUSHING CALENDAR FOR 1932

STATE SONGS

ALMA MATER

Close beside the winding Cedar's
Sloping banks of green,
Spreads thy campus, Alma Mater,
Fairest ever seen.

Chorus

Swell the chorus; let it echo
Over hill and vale;
Hail to thee, our loving mother,
M. S. C. all hail.

First of all thy race, fond mother,
Thus we greet thee now,
While with loving hands the laurel
Twine we o'er thy brow.

FIGHT SONG

On the banks of the Red Cedar
Is a college known to all
Their specialty is winning,
And those Spartans play football.
State teams are never beaten,—
All through the games they fight,—
Fight for the only colors,
Green and white.

Chorus

Smash right through that line of blue.
Watch the points keep growing,
State teams are bound to win,
They're fighting with a vim,
RAH! RAH! RAH!

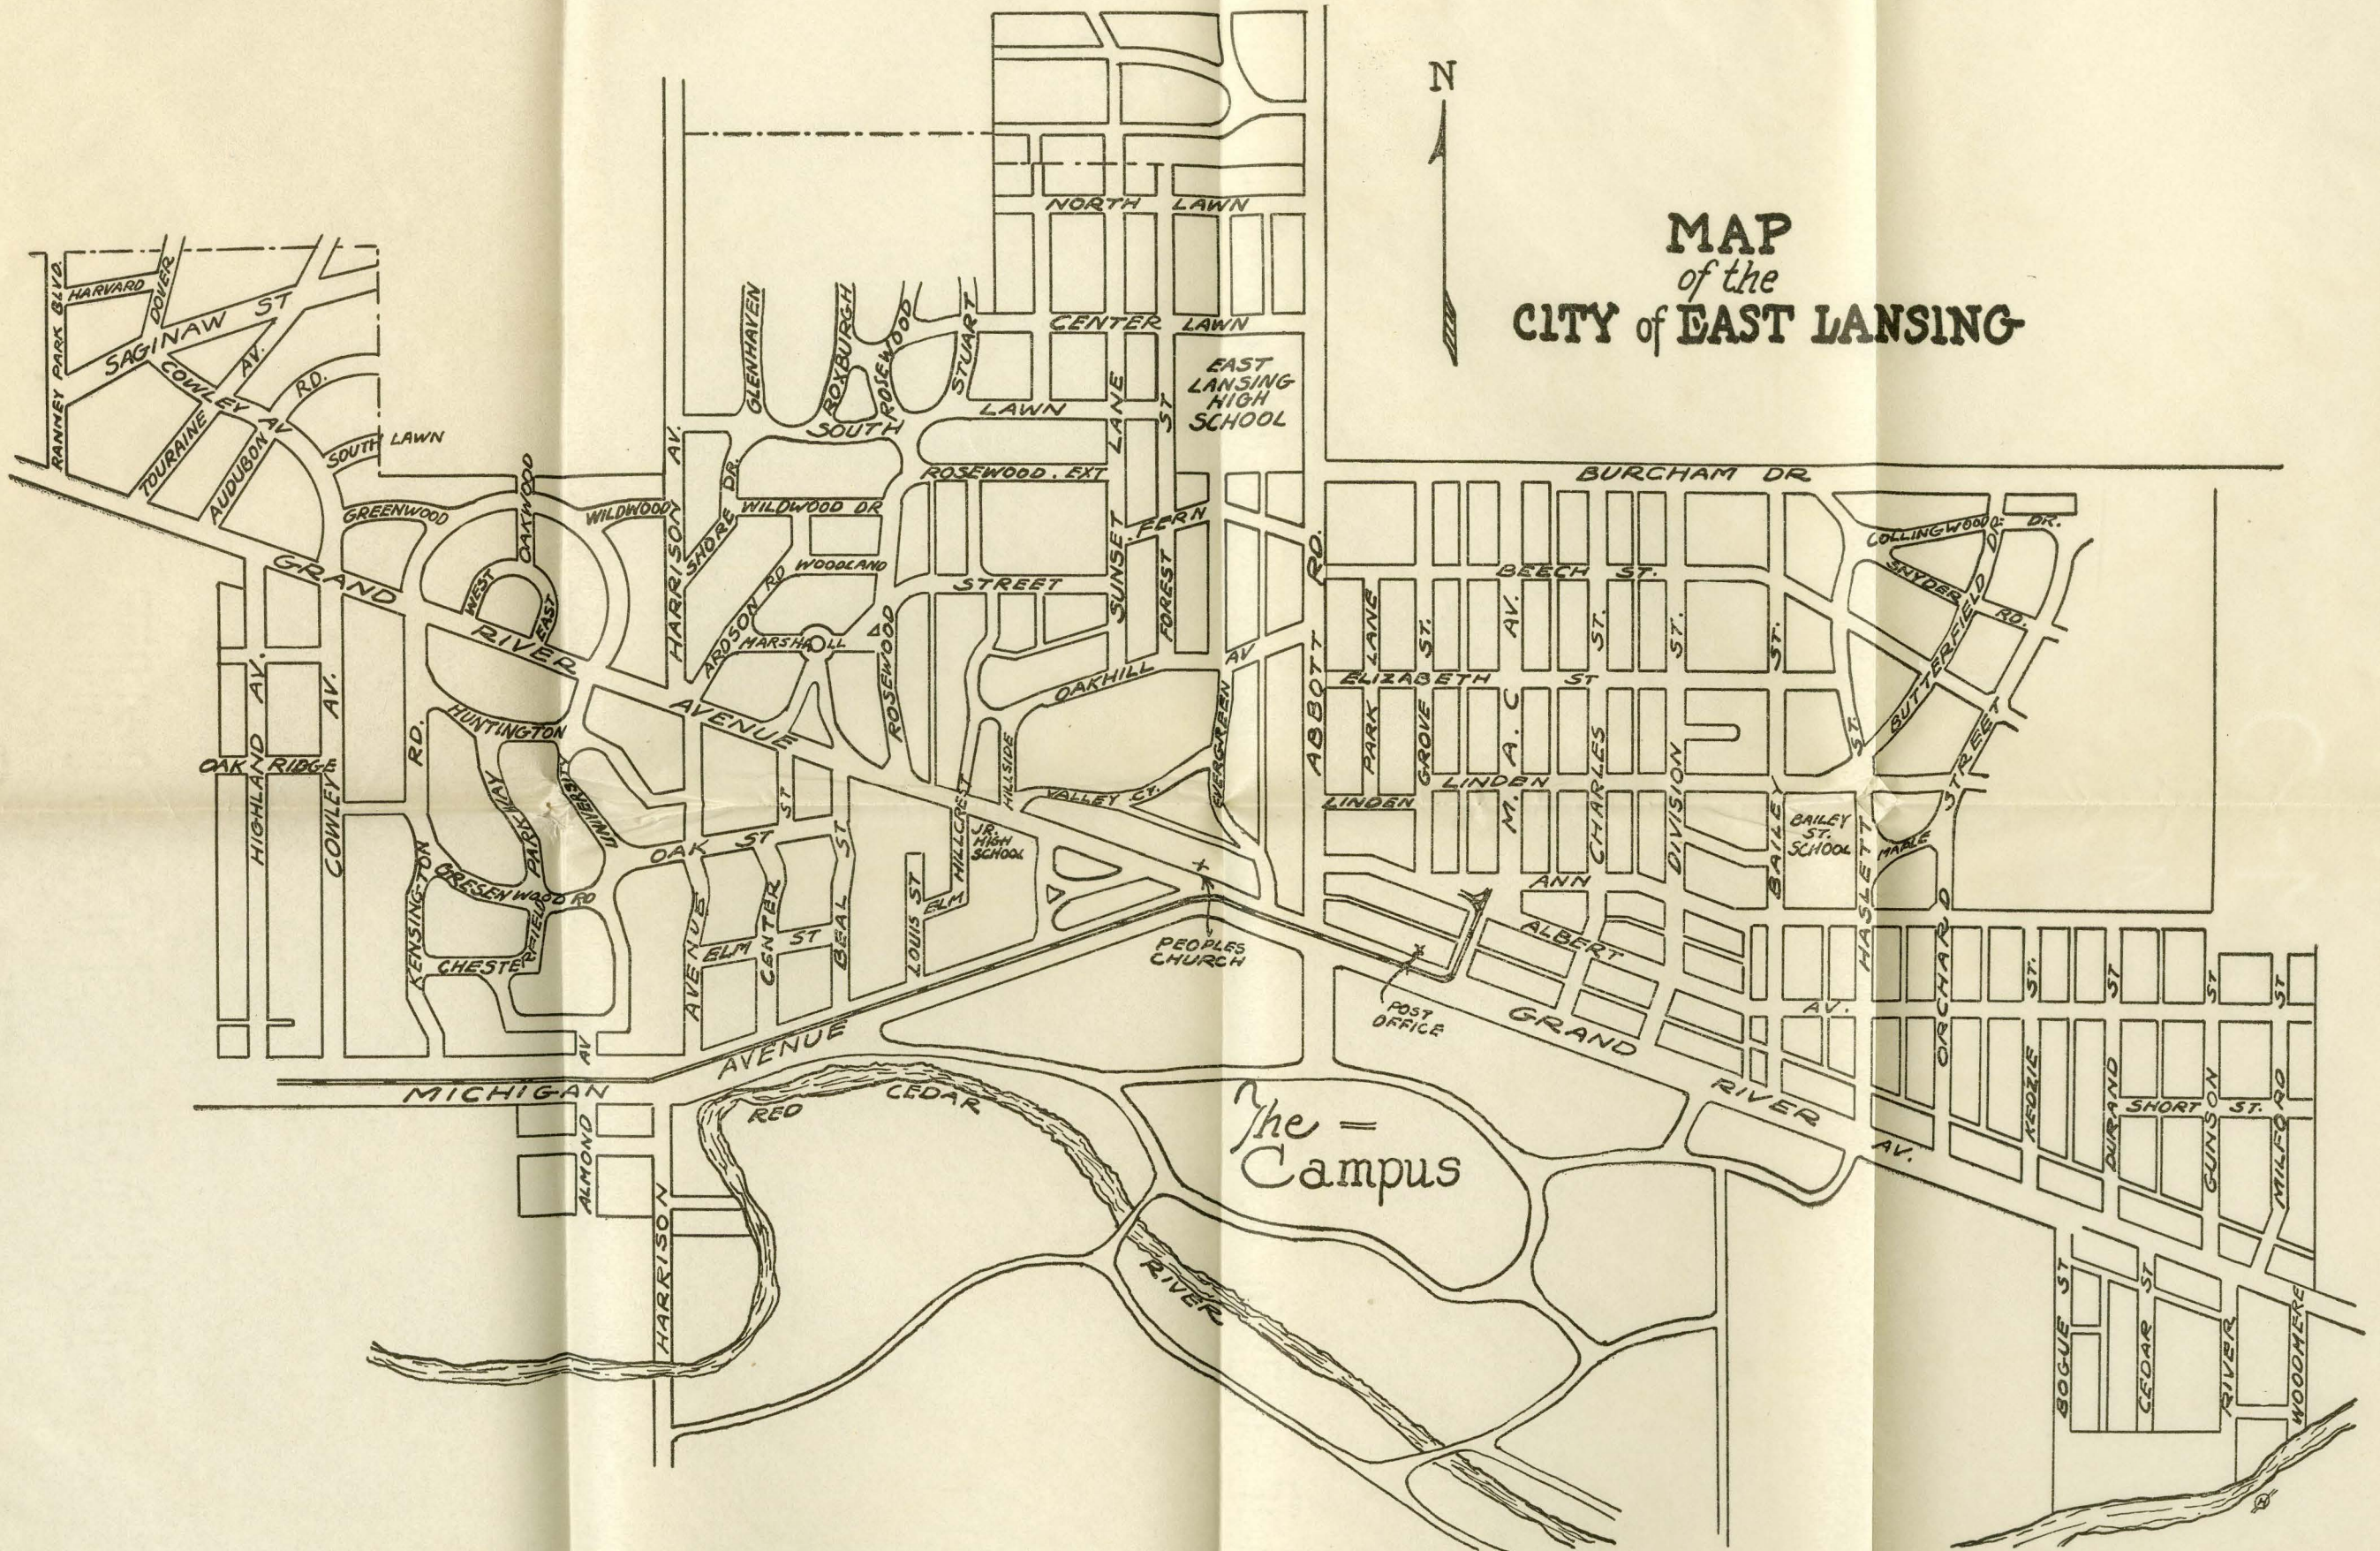

See their line is weakening,
We're going to win this game,
Fight! Fight! Rah! team, fight!
Victory for M. S. C.
