

MICHIGAN STATE COLLEGE

1941-42

THE EITH

THIS STUDENT HANDBOOK is published by the college in an effort to provide a short, yet complete summary of official rules and regulations, established organizations, and traditional events affecting college life.

Though planned principally for Freshmen, its contents are such that every undergraduate will find it valuable as a source of reference. For that reason, the Handbook should be preserved during the ensuing years.

Freshmen should become fully acquainted with the material in this publication and the accompanying supplement and carry both publications with them during Freshman Week.

Freshmen also are urged to read the college catalog and become familiar with scholastic rules, content of courses, and courses required in their chosen fields.

MICHIGAN STATE COLLEGE III STUDENT HANDBOOK

1941-42

This book is presented to Freshmen and to all other students who apply.

Welcome!

WE EXTEND a most hearty welcome to all who are entering Michigan State College for the first time, and greet again with a friendly "hello" those who are returning to continue their studies.

You who are entering may meet perplexing problems in your first few weeks or months. The selection of courses, class schedules, comfortable living conditions, social problems, financial problems, homesickness, etc., are all matters that you should feel free to discuss with your class adviser, the dean of women or the dean of men, your academic dean, your instructors, the officers of the College, or older students. All are willing and glad to help you in every way that they can. Problems that seem insurmountable can often be easily solved, and many of them adjust themselves if given a little time.

With your registration as a student, you have become a part of the Mchigan State College family. You have certain responsibilities toward the institution and the state that makes it possible. You are proud of its attainments and its advantages and will do all that you can to maintain the high social standards, the traditions of friendliness, and the standards of scholarship that make Michigan State College what it is.

A changing world and a radical change in America's future part in world affairs provides an added incentive for you to prepare yourself for a useful part in that future. President Roosevelt and other national leaders have repeatedly emphasized the importance of young Americans continuing their educational training. Modern war no less than modern peace requires well trained minds and skilled hands. Our future rests in the

-8-

hands of the engineers, chemists, physicists, bacteriologists, and other trained scientists. Persons trained and with college degrees in the fields of veterinary science, agriculture, home economics, and in liberal arts will find themselves in a better position to serve in war if uecessary and in the following peace than those without college training. The greatest contribution you can make to America is to proceed with your formal education, with seriousness of purpose and a high resolve to acquire as much knowledge both technical and cultural as you can.

Michigan State College can provide for you only the opportuities to secure an effective education; the use that you make of these opportunities rests solely in your hands. In addition to the training provided in the classrooms and laboratories, there will be opportunities for you to participate sufficiently in social events so that you may acquire social ease and grace to a reasonable degree. There are certain required courses in physical education that you should supplement by continuing them beyond the requirements, or through participation in intramural athletic programs or other regular physical exercises that you may build strong bodies as proper structures for housing well trained and well controlled minds. Much is to be gained through active participation in some religious group. There are certain spiritual values that cannot be adequately attained except through religious worship.

What you get from your college experience will be in direct ratio to what you put into it. You have before you a great and challenging opportunity. We are all anxious and willing to help you in every way that we can.

> JOHN A. HANNAH, President.

ELISABETH CONRAD Dean of Women

Greetings

THE DEAN OF WOMEN and her staff extend greetings to you who come as new students or as returning students to Michigan State College. You will find the Offices of the Dean of Women on the second floor of the Administration Building, Of our personnel, Miss Petersen specializes in room problems, Miss Alfreda looks. after your employment, and to Miss Hansen you come for permits for radios, room keys, and special residence house equipment. At Miss Hatch's desk the student social chairmen register all dances and other social events planned by campus organizations. The Dean of Women in any college is a consultant for women students on questions of importance to them, whether concerning etiquette, finances, college classes, or personal adjustments. We of this group want personally and professionally to further your success and happiness.

As there are many paths on the campus, so there are many interests which will attract you. My first suggestion to you is: Become acquainted with many people, but choose and cultivate your friends. You will find more opportunities open to you later in college if you establish first a good record in scholarship and personal responsibility. These are essentials for recognition in leadership.

When I meet you in the long social lines in Freshman Week, it is going to be difficult to remember your names. Please let each of us learn to know you personally as advisor and friend.

The best of wishes for these first busy days.

ELISABETH CONRAD,

Dean of Women.

FRED T. MITCHELL Dean of Men

Personal Message From the Dean of Men

THE STUDENT who enters an institution of higher learning passes through a period of transition during which various problems and perplexities are likely to arise. We believe that the chief function of the office of the Dean of Men is to help students adjust themselves to these complex demands of college life. It is impossible for me to visit all of you; therefore, I hope that you will feel welcome to come into my office at any time.

Freshman Week Activities are listed in this Handbook. I trust that you will read them carefully and follow directions diligently. These activities are planned to assist you in getting adjusted to college life. Classes begin on Monday following Freshman Week and I suggest that you procure your books promptly and be prepared for a good start. You will need to learn to adjust yourself to methods of college teaching, to extensive assignments, and to much work in the library. If you apply yourself diligently to your daily assignments, you may be assured that your first year at M. S. C. will be a relatively successful one.

There are many extra-curricular activities on the campus, which challenge the interest of men students and you should look forward to the benefits of participating in some of these organizations. A good academic record is imperative to participation.

Many knds of social events are held on the campus during the school year and you are encouraged to attend such of these as seem to meet your interest. Participation, to a reasonable extent, in social affairs is necessary to a same social development.

I wish you happiness and success at M. S. C. FRED T. MITCHELL, Dean of Men.

FACULTY ADVISERS

Michigan State College puts forth every effort to assist the student in starting a college career that will be a success. With this purpose in mind, Freshman Week was inaugurated. Approximately 100 members of the faculty give liberally of their time to serve as freshman advisers. They place themselves at your service during Freshman Week and throughout your freshman and sophomore years to assist you in selecting your course of study to guide you through the various activities of Freshman Week, to advise you regarding the proper use of your time in college and to serve as intimate friends in any problems that may arise in connection with your college career. If you make proper use of your adviser, you will not be likely to meet problems that you cannot surmount. It is the student who comes to college confident that he needs no adviser who most often finds himself faced with scholastic or other difficulties before the close of the freshman year. Fortify yourself against those difficulties by availing yourself of the service of your adviser whenever you are perplexed about any detail of your life at college, whether it pertains to college problems or to off-campus problems.

If, owing to conflict of hours or other reasons, you desire to transfer to another adviser you should consult the Chairman of Advisers of your Division.

ORIENTATION FOR MEN

While the Freshman Week Program and the Advisory System are very helpful in assisting the new freshmen to become adjusted to college life, we recognize the need for additional means of solving a number of problems which are common to all students.

Furthermore, we believe that it is important for the new freshmen to receive this assistance during the first part of the freshman year, snce this is the time when numerous questions arise.

To meet this situation, a series of discussions is held during the fall term for the new freshman men. There is one lecture each week on topics which former students have considered most important in making their adjustment between high school and college. All new freshman men must register for this course and attendance is compulsory.

The discussion leaders are carefully chosen in an attempt to make each one of the discussions as worth-while as possible. This year, the newly organized Men's Council is going to assist in making this program as complete as possible. These upperclassmen have been through this period of adjustment and as a result they have volunteered their cooperation with the course.

The administration of this course is handled by Mr. G. R. Heath, through the office of the Dean of Men.

STATE COLLEGE BOOK STORE

The State College Book Store, located at 130 W. Grand River Avenue, is operated under the management of the Michigan State College faculty for the purpose of selling books and other materials to students at practically cost. Through cooperation with the faculty, this bookstore has on hand at all times a complete stock of all textbooks which are in current use. During Freshman Week the Bookstore issues an official list of all textbooks so that freshmen may buy their books at once and thus avoid the rush which comes during the first week of classes.

N. Y. A. WORK PROGRAM

For the seventh consecutive year, the College will participate in the student-aid program under the National Youth Administration. President John A. Hannah has appointed a faculty committee to handle the program, consisting of Dean F. T. Mitchell, Prof. S. E. Crowe, Glen O. Stewart, alumni secretary, and Miss Mabel Petersen, assistant to the Dean of Women. Mr. Stewart will again direct the work in the alumni office, first floor of the Union building.

During the summer and college year students seeking such work file an application with the Director stating that they: (a) are between the ages of 16 and 24; (b) carrying at least 12 academic credits; (c) are citizens of the United States; (d) will sign an oath of allegiance to the United States, and (e) are willing to work at the usual student labor rate. The earnings per month for students accepted range from \$10 to \$20. Graduate students may receive up to \$30 per month. The committee tries to assign students to jobs closely allied to or directly concerned with the field of their major interest.

COLLEGE RULES and REGULATIONS

REGISTRATION - - - GRADES - - - CREDITS EXAMINATIONS - - - ATTENDANCE WITHDRAWALS MEN'S and WOMEN'S RESIDENCES PARTY RULES LIBRARY - - - ELIGIBILITY RULES TRAFFIC - - - LOANS MILITARY TRAINING PHYSICAL EDUCATION

REGISTRATION

1. TIME OF REGISTRATION. In the fall term of 1941, freshmen and transfer students will begin registration Monday, Sept. 22, at 9:00 a. m. Former students will register Thursday and Friday, Sept. 25 and 26.

2. DROPPING A SUBJECT, OR CHANGES IN **REGISTRATION.** No changes in classification are permitted unless authorized by the student's class adviser or dean, and the registrar. A student cannot drop a subject except upon a written recommendation of the head of the department concerned and the approval of his adviser. In case such permission is granted and the subject is dropped before the close of the first four weeks (five weeks for the first term of attendance at college) of the term, no grade will be reported: after that time a grade of "F" will be reported in the subject, except in case of illness when the grade of "Inc." or "N" (no grade) will be recommended. Attendance in the class should be continued until the drop has been recorded by the Registrar.

3. ENROLLMENT CARDS. Students may be admitted to classes only by an enrollment card, class card, or class list. Credit will not be granted to any student who enters a class without having been properly registered in the subject.

4. FACULTY ADVISER. Each student is placed under the immediate charge of a member of the faculty who is his adviser. The student reports to him for assignment to classes, and consults with him for advice and direction in matters pertaining to college work and personal problems.

5. PREREQUISITES. Two conditions, (X), or one failure, (F), in prerequisite work for any subject excludes the student from that subject. The term-end grade in any subject is the determining grade in ascertaining eligibility of a student for advanced work.

6. PROMOTION TO HIGHER CLASS. Promotion from one class to another will be made when the total credits earned are not more than eight less than the number required to complete the year of the course in which the student is registered, except that promotion form one class to another will not be made in the spring term.

7. CHANGES IN DIVISION. A student changing from one division to another may not be deficient in more than 16 points and must obtain the authorization of both the Dean of the Division in which he has been enrolled and the Dean of the Division which he wishes to enter. He must obtain a transcript of his credits from the Registrar to be presented to the Dean of the Division in which he wishes to enroll. Changes will not be permitted except at the opening of a term.

8. LATE REGISTRATION. Students registering after the regular registration date are required to pay for the first day of tardiness a fee of \$3, and an additional fee of \$1 per day up to the limit of \$5. Students will not ordinarily be admitted to any of the four-year courses or to any classes later than the seventh calendar day of the term.

9. ADMISSION WITH DEFICIENCY. When a student is permitted to enter with deficiencies in required entrance subjects, such deficiencies MUST be made up during the FIRST year of attendance in college.

STUDIES AND CREDITS

1. CREDITS PER TERM. With the exception of fixed courses which may require more, any number of credits above 17½ per term will be considered an excess. The minimum number of credits permitted is 12 and the maximum is 20, at the discretion of the dean.

2. EXCESS CREDITS. An adviser may enroll a student in excess credits or in reduced credits subject to the approval of the dean of the division, or a divisional committee. No student may register for extra credits in any term unless the points earned during the preceding term exceed by one-half the number of credits carried.

3. SENIOR CREDITS FOR SPRING TERM. Seniors whose points for winter term meet the requirements, may register in not to exceed 20 credits in the spring term. All incompletes and conditions in necessary work are included as a part of the spring term work unless made up not later than the opening week of that term.

4. MINIMUM CREDITS REQUIRED. A student must spend at least one year in residence at this college and earn not fewer than 50 credits of satisfactory grade before a bachelor's degree may be granted.

5. TO REPEAT A COURSE. A student desiring to repeat a course in which he has already received credit may do so with the understanding that the last grade received will be the final grade and that no additional credit will be given.

6. VISITORS IN CLASSES. Matriculated students are not permitted to enter classes as visitors unless authorized by the dean or adviser and Registrar. Credit will not be granted for work taken as a visitor, either by special examination or by back registration.

GRADES

1. CLASS GRADES. The class work of a student whil be rated as follows: "A", excellent; "B", superior; "C", average; "D", inferior; "X", condition; "F", failure; "Inc.", incomplete.

The grade of "Inc." will be given only upon the approval of the dean of the division when a student is prevented by illness from completing his work.

2. POINTS. In connection with the grading system, a system of points has been adopted. In all courses, points equal to the number of credits earned are required for graduation.

The number of points per credit for the various marks follows:

"A"-3	points per credit
"B"—2	points per credit
"C"—1	point per credit
"D"-0	point per credit.
"X"—1	negative point per credi
"F"—1	negative point per cred

3. TO REMOVE "F", "X", or "Inc.", (See under examinations).

EXAMINATIONS

1. ENTRANCE EXAMINATIONS. Examinations for entrance requirements, when necessary, may be taken during the week preceding the opening of college.

2. SPECIAL EXAMINATIONS TO REMOVE CONDITIONS OR INCOMPLETES. Students receiving conditions. (X), have the privilege of taking a special examination in the subject, provided such examination is taken before the opening of the corresponding term of the next year in which the student is in attendance.

Subject to regulations stated, conditions may

be removed and special examinations, either for advanced credit or to remove the grade of incomplete, may be taken at any time during the year satisfactory to the instructor.

Students receiving incompletes, (Inc.), or conditions, (X), must complete their work within a year if in residence, or the grade becomes a failure.

Students receiving a failure, (F), and those not removing their conditions or incompletes by the above mentioned method may receive credit only by repeating the subject in class, or by a special faculty authorization for a special examination.

The fee for special examination to remove a condition, (X), is \$1, payable at the Treasurer's office. Permits must first be obtained at the Registrar's office.

3. EXAMINATION FOR ADVANCED STAND-ING. Students applying for special examinations for advanced credits shall obtain the written approval of the head of the department and the dean of the division in which the work is given before applying to the Registrar for the necessary permit.

4. SPECIAL EXAMINATION FOR THOSE NOT IN RESIDENCE. Examinations may be given to former students not in residence, but who are regularly matriculated, upon the payment of the fee of \$2.50 per credit.

5. EXAMINATIONS FOR SENIORS. In their final term, seniors may be excused from examination in any subject in which a grade of "B" has been maintained throughout the term.

6. REGULAR EXAMINATIONS. Examinations are given at the close of each term in all subjects offered except for a few laboratory courses in which examination is not required.

WITHDRAWALS

1. VOLUNTARY WITHDRAWAL FROM COL-LEGE. A student voluntarily withdrawing from college should first obtain written permission from the dean of his division and the Dean of Men or Dean of Women, as the case may be. This he presents to the Registrar. He may then be entitled to a refund of fees under the regulations outlined in the Catalog.

Students withdrawing without notification will be reported as having failed in work for that term.

In case of voluntary withdrawal from college before the close of the first eight weeks of the term, no grade will be reported. After that time the grade of incomplete, (Inc.), will be given in subjects in which the work was satisfactory, in others a grade of "F".

2. WITHDRAWALS FROM ANY CLASS. (See under Registration.)

3. REQUESTS TO WITHDRAW. A student whose work proves unsatisfactory may be warned, placed on probation, or requested to withdraw from college. If placed on probation, he is not permitted to participate in extra-curricular activities. (See under Eligibility.)

ATTENDANCE

It is expected that students will be in attendance at every class period.

The acceptance of an excuse for any absence rests with the instructor and department concerned. It is expected that insofar as possible, departments will arrange for make-up work in cases where acceptable excuses are presented. A student who for illness or other satisfactory reason has been absent from any given class not more than 25 per cent of the class periods throughout the term may be given an "Incomplete" if in the opinion of the instructor his work has been satisfactory and if the back work can be made up, otherwise "N" (No grade) shall be given. If his work has not been satisfactory, a "Failure" shall be given. All students absent 25 per cent or more will be reported as having dropped the course with a grade of "F", except in case of illness or other satisfactory reason, when the grade may be either "N" or "F".

The Registrar will include the number of absences from each class with grades reported to parents or guardians.

All field trips involving the absence of students from other classes must be authorized by the dean of the division in which the course is given, previous to the time of departure.

RESIDENCE REQUIRE-MENTS FOR MEN

1. By action of the governing body of Michigan State College, the State Board of Agriculture, all men students not living at home, in dormitories, or in fraternities, must live in private residences which are approved by the Housing Director for Men.

2. A list of approved private residences may be obtained at the Housing Director's Office in the Union Building.

3. Men students who obtain work in exchange for their rooms should be certain that such rooms are approved by the Housing Director. These rooms must meet the standards of approval. 4. All men students who desire to live in a private home must come to East Lansing and select their own rooms.

5. Men and women students may not room in the same rooming house. Women are not permitted in men's rooms at any time.

6. Students are expected to stay the entire term in rooms engaged for that period. Changes can be made only with the approval of the Housing Director of the College.

7. A householder shall not ask a student to leave his or her house without first consulting the Housing Director of the College.

8. No guest shall be lodged in a student's room without the knowledge and consent of the house-holder.

9. To reserve a room, a deposit of \$5 shall be paid to the householder. This deposit does not apply on room rent, but will be held as a breakage fee and returned when the student leaves if the room is left in good condition.

It shall be his duty to maintain good order and good-will among the house members, to report all cases of illness, and to discuss with the householder and students any maladjustments which may arise between students or between householder and students.

RESIDENCE REQUIRE-MENTS FOR WOMEN

1. GENERAL REGULATIONS: By action of the State Board of Agriculture, governing body of the College, all undergraduate women students from out of town must be housed in Collegesupervised houses. Freshman women must live in dormitories insofar as possible. Those women who are obliged to work for room and board must make special arrangements in advance at the office of the Dean of Women with regard to the homes in which they will live.

Application for room reservations should be made to the Housing Supervisor, care of the office of the Dean of Women. All dormitories are open to undergraduate women. Graduate women students may apply for residence if they care to comply wth undergraduate regulations. Undergraduates will be given preference in the assignment of rooms.

Every application for dormitory accommodations should be accompanied by a \$10 deposit fee. This will not apply on the room rent, but will be held as a breakage fee and refunded at the close of the residence period subject to the regulations in the catalog, or it may be withdrawn by the student provided reservation is cancelled with the office of the Dean of Women on or before September 1.

HEALTH SERVICE

1. THE ORGANIZATION. The Michigan State College Health Service is equipped to safeguard carefully the health of the students of the college. The College Hospital with a capacity of 60 beds and a dispensary is directed by Dr. Charles F. Holland, assisted by a competent staff of physicians and nurses. Student fees cover free care for 60 days in the College Hospital, and every student is entitled to unlimited advice and treatment at the dispensary, and a medical examination by appointment. A fee is charged, however, when it is necessary for the college physician to call at the student's room, the rate being \$2 for a call between 7 a. m. and 7 p. m. and \$3 for a call between 7 p. m. and 7 a. m.

Consultation with outside physicians, surgery and its attendant expense, and outside hospital fees must be borne by the student.

Community health demands intelligent cooperation on the following points:

a. Students who are ill are not to be cared for in their lodging houses for more than 24 hours except with special permission granted by the Health Service.

b. All cases must be reported to the College Health Service within the first 24 hours of development of illness. If an outside phylician is in charge, the fact should be stated.

c. The employment of outside physicians is to be discouraged because of the expense to the students and because the parents look to the College to protect the health of the students. If the student employs outside physicians, it is impossible for the College health authorities to keep track of epidemics which usually start with some simple ailments.

d. Students who have been cared for by an outside physician must report to the College Health Service when ready to return to classes.

e. No excuses from classes for illness will

be granted for a period of less than twentyfour hours, and under no condition will excuses be given for illnesses not reported.

2. HEALTH SERVICE HOURS. Although in cases of emergencies the hospital is open day and night, regular hours at which students may go to the hospital for treatment are as follows: Regular days, 8:30-10:30 a. m.; 2:00-4:30 p. m.; Saturdays, 8:30-10:30 a. m.; Sundays, by appointment only.

SPEECH CLINIC

Any student of the College who has difficulty with his speech (e.g., stuttering, lisping, nasality, foreign accent) should report to the Speech Clinic for diagnosis and special training.

This service is given free of charge to regularly enrolled students. No credit is given.

PART-TIME WORK

A part-time employment bureau for men is maintained by Mr. G. R. Heath in the office of the Dean of Men.

Most of the work is found off-campus. Upperclassmen are given preference since the administration believes that freshmen should devote all of their time to the necessary adjustment to college life. The office of the Dean of Men cannot encourage freshmen concerning part-time work for the first two terms and in many cases for the first year.

The ability to do part-time work depends very much on the student himself. Too many students defeat the purpose for which they come to college by working too much before they become adjusted to their new environment.

PARTY RULES

1. SUPERVISORY COMMITTEE. A Social Committee of the faculty has general supervision of all student functions. The committee is composed of Dean L. C. Emmons, chairman; Dean Elisabeth Conrad, secretary; Deans R. C. Huston, Marie Dye and Fred T. Mitchell; and two student representatives appointed by the President. Social functions promoted by fraternities, social clubs, or other recognized social groups should be preregistered in the office of the Dean of Women before orchestras and halls have been engaged. The committee recognizes certain groups as of allcampus interest and to those grants the right to make up social events programs before college opens. Other groups are classified by the committee and granted permits for a given number of dances, etc., these to be registered immediately after the opening of the term. To do this, the social chairman of each group must go personally to the office of the Dean of Women and fill out a written form giving the date of the proposed event and the hours and hall desired. Two weeks prior to the date as registered he shall add the names of those patrons who have accepted invitations for the evening.

2. TIME FOR CLOSING PARTIES. All parties during the fall and spring terms must close not later than 12:15 Friday night. Winter term dances must close by 12:30. All Saturday night dances close at 12:00. See detailed rulings in the handbook of the Associated Women Students.

3. FOR SPECIAL DANCES AND ENTER-TAINMENTS. Dances to be promoted by other groups than those noted in Section 1, or being given for profit, may be held only after the presentation of and favorable action on a petition to the committee. Such petition will receive action only when presented by an organization which is all-college in scope, and when accompanied by an estimated budget of receipts and expenses and a clear statement of the purposes for which the profits will be used.

CLOSING HOURS FOR MEETINGS, LECTURES

The faculty requests that all committees and organizations holding Monday, Tuesday, Wednesday and Thursday evening meetings attended by students begin these meetings not later than 7:30 p. m. and close them not later than 9 p. m.

This request of the faculty applies to the lecture course, the concert course, basketball games, meetings called and lectures given by various scientific and departmental sections, and meetings of all honorary and social fraternities and sororities and all other societies.

All student meetings must be terminated by 10 o'clock and the College Police Department is instructed to turn out all lights and lock all doors in classroom buildings at 10 p. m.

No student may be accepted for participation in any college activity until an official certificate of eligibility from the Faculty Eligibility Committee is filed with the officer in charge of the activity.

USE OF COLLEGE BUILDINGS

To avoid conflicts in the sue of college buildings and to serve as a clearing house for all college activities, a special committee of the faculty assigns rooms on the campus to student or other groups desiring them for meetings, dances, and other occasions.

The rooms for which fees are charged are as follows: Auditorium (for dances) \$350 Auditorium (for convocations or events without tickets) 100 Fairchild Theater (for performances where tickets are required) 65 Fairchild Theater (for performances where tickets are not required) 50 Music Auditorium (for performances where tickets are required) 40 Music Auditorium (for performances where tickets are not required) _____ 25 Demonstration Hall Ballroom 20 Little Theater, Home Economics Building 10

(There is a deposit fee of \$5 required with this reservation.)

Before any rooms may be used for meetings etc. after 6:00 p. m. on week-days and 12:00 noon on Saturdays, permission must be obtained from the office of Secretary Karl H. McDonel. Requests for room reservations between 5:00 o'clock and 6:00 o'clock should be made with the Registrar's office. College buildings are not opened on Sundays for meetings.

AUTOMOBILE

Any student desiring to drive any automobile on the campus, though it be for one day only. must first register his car, each school year, with the Campus Police. Anyone violating this regulation will be subject to a fine of \$5.

Between the hours of 7:00 a. m. and 5:30 p. m. all student cars must be parked in the student parking lot located east of Farm Lane behind the Veterinary Clinic. The speed limit on the campus is 20 miles per hour. The circular drive on the campus is a one-way drive, traffic all going counter-clockwise. A copy of the campus rules and regulations for motor vehicles will be issued to each student when the cars are registered. Every driver should make it his duty to know these regulations.

COLLEGE LOAN AND SCHOLARSHIP FUNDS

LOAN FUNDS—The College has a limited sum of money from various sources each year for loans to needy students. Because of the small amount of money available for this purpose, most of the loans are made for short periods of time to tide students over some temporary emergency. In certain cases, however, loans are made to mature one year after the student leaves the institution.

PREFERENCE TO IN-STATE STUDENTS AND UPPERCLASSMEN—In granting loans, preference is given to upperclassmen and Michigan residents. In no case will a loan be granted to a student with an unsatisfactory scholarship record or to one who is under disciplinary action.

APPLYING FOR LOANS—Students who desire to obtain funds through a College loan should apply to Dean Fred T. Mitchell, chairman of the faculty committee on student loans, at least TWO WEEKS before the money is needed. The office of the committee is in the Union buliding, first floor.

SCHOLARSHIP FUNDS—Any student may compete for certain scholarships which the College has at its disposal. Most of the awards are made on a basis of excellence in scholarship, either general or in some specific line of work. The College catalog covers this subject completely.

LIMITATION OF ACTIVITIES

The Student Council has adopted a system whereby any one student is limited in his participation in student activities.

Under this system, the position, offices, and other activities that a student may hold or engage in are divided into four distinct groups lettered for convenience: A+, A, B, and C. The positions listed under A+ pay a stipulated yearly salary to their holders. Students who hold these positions may not hold any other office on the campus.

There are four possible combinations of offices in the other three groups. An individual may hold one A and one C office; two B offices; one B and two C offices; or three C offices.

Enforcement of these regulations is in the hands of a committee of the Student Council. This committee has the power to remove from office any student who has exceeded the stated unmber of positions possible in any combination.

The groupings are as follows:

"A" PLUS POSITIONS

Managing Editor, State News. Associate Editor, State News. Business Manager, State News. Managing Editor, Wolverine. Business Manager, Wolverine Managing Editor, Spartan Magazine. Business Manager, Spartan Magazine.

President, Varsity Club.

ASSOCIATED WOMEN STUDENTS

A.W.S. are the initials used to represent the women's government association. This is part of the national organization, which exists in almost

all of the larger colleges. Every undergraduate woman student automatically is a member. Rules are voted on by the student body, but the business of the association is carried on by a Council and a Judiciary Board. The Council considers plans for women's activities, the financing of worthy projects, and the furthering of social policies. It consists of elected class representatives and the president from other organizations for women students. The Judiciary Board is composed of the vice president of the Council and one other elected member, the presidents from each of the seven dormitory units, plus a representative from the off-campus Council and Panhellenic Council. The A.W.S. handbook will give you much valuable information. Women students should be ready to pass an examination on this booklet during the fall term.

Margaret Jensen is president of the organization.

POINT LIMITATION SYSTEM FOR WOMEN

The Point Limitation System for women of Michigan State College has been devised to relieve a few of the heavily burdened people, and to develope new leaders on campus. It has been found that when any of us undertake too many activities we cannot do justice to them all. Hence a point system has been set up, rating every activity as worth a certain number of points, judged on the basis of time and responsibility involved. The provisions of the system are checked and supervised by a Point Limitation Board composed of representative members selected by women's organizations on campus. Each individual can figure her points from the data printed in the A. W. S. Handbook. She will not be permitted to carry more than 50 points, and should not accept nominations or appointments beyond this figure.

FRESHMAN COUNSELORS

As a new feature this year the Freshman Counselor system will offer "twin sisters" to women transferring from other colleges and universities as well as the traditional "big sisters" for Freshmen. Approximately 400 upperclass women have been chosen to serve as counselors for new students, to correspond with them during the summer, and to introduce them to their new surroundings.

Every counselor this year was selected by personal interview. An attempt has been made to correlate their interests with those of the incoming women. Each counselor is eager to help her "little sister" or "twin sister"in adjusting herself to her first year at Michigan State College.

Two senior women, Mary Jane Renwick and Carolyn Tunstall, are co-chairmen of the Counselor system for the year. Get-acquainted parties will be in charge of Lois Leucht and Laura Mae Leland.

A representative in each dormitory and cooperative house has been appointed to aid the new women in the residence and to establish closer contact between them and the upperclassmen. The following women have been chosen as representatives:

North Campbell—Nannette Hegelman South Campbell—Grace Larsen East Mary Mayo—Doris Roy West Mary Mayo—Bonnie Woodruff North Williams—Mary Margaret Murphy South Williams—Rae Loeffler

PANHELLENIC COUNCIL

This group is composed of two representatives from each sorority. Meetings are held on alternate Thursday evenings.

The purpose of the Panhellenic Council is to encourage friendly relations among sororities; to supervise rushing; to encourage higher scholarship; and to govern all inter-sorority relations.

(See page 95 for special instructions for freshmen interested in sororities.)

Miriam Phelps is president.

INTERFRATERNITY COUNCIL

All member fraternities send one delegate to the meetings of the Interfraternity Council held weekly in the Union Building. Matters of common interest are discussed and problems reviewed. Where action is needed, committees are appointed to investigate, and the Council as a whole makes all decisions pertaining to interfraternity activities.

The Interfraternity Council regulates rushing during the fall term and initiation during the winter and spring terms. A delegate is sent each year to the convention of the National Interfraternity Council.

Harry Yeiser is president of the organization.

(Complete details on rushing and initiation, together with suggestions to new men, may be found on page 91.)

Dean Fred T. Mitchell is adviser.

MEN'S COUNCIL

The Men's Council, a newly organized group of men students at Michigan State College, has expressed a desire to assist with the "Orientation Course for Freshman Men."

This group will cooperate with the faculty and help the freshmen become adjusted to their new surroundings and to college life.

It will be the function of the Men's Council to coordinate the activities of the major organiztions designed for the purpose of serving men students.

Faculty advisers are Dean F. T. Mitchell and his assistant, Mr. G. R. Heath.

INDEPENDENT STUDENT'S ASSOCIATION

The I. S. A. was formed in the spring of 1940 as a merger of the Athenian Women's Association (founded in 1938), official organization for non-sorority women and the Independent Men's League (founded 1935), official organization for non-fraternity men. The principal purpose of the organization is to provide a channel of activity for all unaffiliated college students.

There are no dues and every college student who has not pledged a social sorority or fraternity is automatically a member. Those who plan to become members of sororities or fraternities are invited to participate in the various activities until they pledge.

The objectives of the I.S.A. are: (a) sponsoring an extensive intramural program; (b) promoting inexpensive entertainment; (c) sponsoring special projects including the nationally famous Date Bureau, Kampus Kapers, a weekly radio program, and an all-college musical comedy; (d) promoting deeper interest in campus problems and activities.

Kelvin Kiebler is president of the I. S. A. for 1941-42.

(Additional information will be given Freshman Week.)

MICHIGAN STATE UNION

Built in 1925, the Michigan State Union Memorial building serves as a college center for students, faculty members, alumni and visitors.

Located near the entrance of the campus, the Union Memorial building is well equipped to serve the purposes for which it was erected. The facilities include guest rooms, several private dining rooms, a ballroom, a cafeteria, soda fountain and grill, a main dining room, a spacious lobby, a barber shop, a woman's lounge, a faculty and student club rooms and a reading room where students may read their home town newspapers.

Various student offices are located in the east wing. Many college dances are held in the Union ballroom.

The Union has a desk in its lobby which has become a center of personal service for the general student body. Besides selling tobacco and class supplies, it maintains a second-hand textbook service, and is a general agency for tickets to all college functions.

The Union maintains checking service for students, in the check room on cafeteria level.

The Campus Lost and Found Department is also located on the cafeteria level, where all articles found in classrooms and campus buildings may be claimed.

The Union conducts a cafeteria grill, and dining room where students may obtain good food at popular prices. Luncheons and dinners are available for student groups and may be booked in the Union office.

The Union sells coupon books at a discount of 8%, which are good in cafeteria, grill, dining room, barber shop, and for all supplies sold at the desk.

The Union activities program is broad and

varied. Tea dances are held two afternoons a week, and fall term mixers are usually centered in the Union. Visiting athletic teams are met by the Union committees. During homecoming, class reunions and big games the Union Building has always been the center of activity.

Every Michgan State student automatically becomes a member of the Union upon payment of the regular college fees.

Alumni and friends of Michigan State College subscribed a large sum of money for the purpose of starting the erection of the Union building. The State of Michigan purchased bonds that provided additional monies for the construction. The Union building remained uncompleted from 1925 until the summer of 1937. The State Administration Board in March 1935, with the assent of the Alumni Association, took over the building in behalf of the State Board of Agriculture. The management of the building was assumed by the Michigan State College August 1, 1935.

The food service is under the direction of the Home Economics division.

Offices for the Dean of Men, Men's Housing Director, Alumni Secretary, and for the State News, Spartan Magazine, and Wolverine are located in the Union.

SPARTAN WOMEN'S LEAGUE

S.W.L. is distinguished from A.W.S. (Associated Women Students) in that every woman who enters the College automatically becomes a member of A.W.S., the women's governing body, while a nominal fee is charged for membership in Spartan Women's League. It strives to create a stronger bond of friendship and to develop leadership by offering to each member the opportunity to demonstrate her abilities by active participation in some line of interest to her.

Art and publicity, dramatics, radio, social service, and the purely social group are available. Members are not necessarily limited to work in a special interest group, although this is usually desired. Projects of last year included: the S.W.L. social dancing class, sale of the etiquet book "We Like It Done This Way at Michigan State College," and the organization of a new personality interest group.

One of the first projects for this year will be a tea for transfer students. Watch for posters announcing the time and place. All women transfer students are invited to attend.

All new women will be given an opportunity to join the League at the Co-ed Carnival or at any of the general meetings held later during the year.

Chairman of the League this year is Frances Hillier.

WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association annually sponsors an athletic program that is intended to make sports available to every woman at Michigan State. Although membership is limited to those women who earn 100 or more athletic points, every woman on the campus is invited to take part in the vaired sports event.

The system of awards grants 100 points to each woman making the first class team, 50 points for second team members, and 25 points to those who have the required number of practices but fail to make the team. The points accumulate as the "man branches out into the various sports and the following awards are presented: For 100 points, the class numerals; 500 points, small "s"; 1,000 points, large "S"; and for 1,500 points, a place on the Honor Roll.

The W.A.A. activities have been divided into major and individual sports. A limitation provides that no student may carry more than two major activities per term in addition to the individual activities. The various sports have been divided as follows: Major—hockey, soccer, basketball, swimming, fencing, softball, tennis, bowling, badminton, volleyball. marksmanship, archery, dancing, and golf; Individual—hiking, canoeing, roller and ice skating, and riding.

The organization now numbers more than 100 members. The officers are: President, Thelma Elworthy; vice president, Betty Meakin; secretary, Eleanor Sims.

Graduate work leading to a Master of Music degree may be taken in applied music, music education, composition and some fields of musicology. Instruction may be obtained in voice, piano, violin, 'cello, organ, harp, chamber music and all instruments of orchestra and band. Complete outlines of curricula and entrance requirements may be obtained from the secretary of the Music Department.

In addition to the regular courses offered by this department, there are now many extra curricular student activities open to both men and women. This group includes the Michigan State College Band, the Symphony Orchestra, the Women's Glee Club, the Men's Glee Club, the Chorus and the A Cappella Choir. All these organizations give public concerts at intervals throughout the year. The Orchestra offers a series of concerts and accompanies one artist on the Concert Course in a concerto; and the Band will continue its open-air concerts in the spring term, besides appearing at athletic events throughout the year.

Further information concerning the Department of Music and its activities may be obtained at the office in the Music Building.

Try-outs for the College Band will be held Tuesday, Wednesday, Thursday, Friday, and Saturday (morning) of Freshman Week in the Music Building.

TRADITIONS ... CUSTOMS ... EVENTS

TRADITIONS AND CUSTOMS

Traditions play a large part in the student life at Michigan State. Developed over a long period of time, the traditions have become a well-loved and important factor which gvies the College a richer background.

Traditions are not laws and are never regarded as such. Rather, they are time-honored customs which have become universally accepted by the student body for many years. No one is absolutely compelled to obey these traditions, yet there are very few offenders. Every student seems to feel it his personal duty to comply with the rulings and as a result the traditions have become an intangible set of rules compiled by no one, enforced by no one, yet obeyed by all.

The more important of the traditional customs follow:

1. No one smokes on the campus, except in the Union Building.

2. Everyone does his part to foster the congenial, democratic spirit of Michigan State. Whether he knows the person, a student greets each passerby on the campus.

3. All freshman men wear the traditional green "pots" at all times except Sundays. This distinguishes them as newcomes to the campus and is regarded as a privelege rather than a burden.

4. No one cuts across the lawns.

5. No one defaces College property.

EVENTS

CLASS DAY. One of the most popular underclass events is the Freshman-Sophomore Class Day. Competing in relay races, obstacle races, tug-of-war, and other track and field events, the two classes vie for superiority. The affair is under the supervision of the Student Council.

BARBECUE. After considerable rivalry during the fall term the two lower classes "bury the hatchet" at the Barbecue sponsored by the sophomore class. With an abundance of food, cider and good fellowship, the event marks the close of the hostilities for the year. A big bonfire, speeches and an all-college dance round out the program.

MAY MORNING SING. Annually sponsored by the various musical organizations, the May Morning Sing has become one of the most beautiful of Michigan State traditions. An appropriate program of musical numbers is given at the Beaumont Tower early in the morning before classes.

ANNIVERSARY DAY. During the second week in May, students and faculty join in commenorating the founding of the College.

ACHIEVEMENT DAY. Early in the college year a special convocation is called at which awards and cups for high scholarship are distributed and special recognition given to those students who have made better than a "B" average during the preceding year or years.

SENIOR SWING OUT. The first of the numerous senior activities is the "Senior Swingout." Held late in May, the ceremonies include a line of march of the graduating seniors in cap and gown. During the course of the march the seniors go under arches erected by the various classes which signify the passing of a year in college.

LANTERN NIGHT. Lantern night in which only co-eds participate, is held late in the spring term and is one of the most popular co-ed traditions. Lantern Night symbolizes the transferring of duties from the upper classes to the next class in line. Lanterns are carried by all senior women and by representatives of the other classes. The passing of the lantern to the class next in rank makes a picturesque finale after the installation of the new A.W.S. officers and the calling of the Mortar Board members of the coming year.

WATER CARNIVAL. The annual two-day Water Carnival staged on the Red Cedar river near Farm Lane bridge is sponsored by the senior class. This event, held during the last week of college in the spring, consists of a program including a parade of floats, specialty acts, and contests.

SENIOR PLAY. As a climax to the dramatic work of the year, the senior class annually sponsors an out-of-door production during the final week of the spring term. Although members of other classes are cast for some parts, the prominent senior thespians are usually selected for the leading roles.

These 18 men's social organizations on the campus, some national and some local in nature, play an important part in the life of the college. They maintain houses in which members and, occasionally, pledges live.

Fraternities recruit their members by selecting them from the student body. It is not ethical for a student to indicate his desire to join a particular fraternity. Invitation to join originates with the organization. Each fraternity considers many

 - (N) Denotes national fraternity.

men for membership. They learn all they can about each one and very carefully select the ones who seem best suited to their own group. These few are extended bids, and the student then accepts or refuses the invitation.

Most fraternities are extremely careful in their work of rushing (becoming acquainted with prospective members). A student who is boastful, vulgar, uncouth, or overbearing is at once dropped from the list of prospects. Good students, men with strong moral convictions, and true gentlemen are the men who command the attention of the fraternities.

A fraternity's first impression of a freshman is very important. Make this first impression lasting by being alert, pleasant and natural.

When the rushing period opens, with the start of college in the fall, you may be rushed or you may be overlooked. In either case, keep cool. The decision to pledge membership to a fraternity is an important step, one which deserves mature deliberation, and the freshman who escapes the necessity of making this decision is not altogether unfortunate. If you are overlooked in the early rushing, you will probably have another opportunity, even if not until your sophomore year.

To be a "misfit" in a fraternity is certainly a misfortune. The choice of a fraternity is a serious matter and must be faced squarely in a serious manner.

Don't be misled. When the time comes for you to make a choice of fraternities, be wise, look at things squarely and from all sides. Don't join a group because you feel obliged to, or because you find yourself in a 'sweat-box' and are afraid to refuse.

REGULATIONS

Pledging rules, as laid down by the Interfraternity Council, should be observed faithfully by all freshmen and other students. These, as taken from the Council Constitution, follow:

ARTICLE IX-PLEDGING

Section 1. A student is not deemed pledged to a fraternity until all the formalities specified in this article has been complied with.

Section 2. The pledging of a student to a fraternity shall be formally accomplished as follows: Upon invitation of a fraternity to become one of its members, a Rushee shall be required to fill out a Pledge Card supplied by the Council. The signing of this card by the Rushee is accepted conclusively as his consent to pledgeship. The Pledge Card shall also be signed by the President of the fraternity concerned, his signature being formal acknowledgment that a bid to membership has been extended and accepted. The card shall then be presented to the office of the Dean of Men, endorsed by him and the Secretary of Interfraternity Council, and shall act as conclusive proof of the pledgeship only after being filled in and endorsed as indicated.

Section 3. The relationship between pledge and fraternity shall be considered as probationary, from the standpoint of both pledge and the fraternity. However, no student's name may be dropped from the pledge roll of any fraternity until the written notification has been sent to the secretary of the Council and the written notice of its acceptance has been received by the fraternity from whose pledge roll the name is to be taken.

Section 4. No student whose name has been

dropped from the pledge roll of any fraternity may be pledged to any other fraternity, without the written consent of the releasing fraternity, until six months have elapsed since his release.

Section 5. No student may be pledged to any fraternity until 21 days have elapsed since the official opening of classes.

Section 6. A student who is on trial or probation may not be pledged to a fraternity, until such time as he may have a regular status.

Section 7. For the purpose of observing study hours houses must release rushees not later than 10:00 p. m. during rushing period.

Section 8. In order that the office of the Dean of Men may determine the extent of rushing activities, the Rushing Chairman must submit to that office the names of rushees entertained each day during Rushing Week.

PAN-HELLENIC OR SORORITIES

A fee of \$1 must be paid by those women who wish to be considered for sorority membership.

The fee must be paid by sending \$1 in postoffice money order, payable to Mrs. Joseph Gagnier, Pan-hellenic Alumni Rushing Secretary, 604 West Main Street, Lansing, Mich., on or before September 20.

Upon payment of this dollar the girl will receive an invitation to the introductory rushing teas held at the sorority houses, September 28, and will be eligible for invitation to the rushing parties which follow.

This fee was put into effect in September 1940 for the first time, to establish a list of women who seriously intended to join a sorority and who would accept invitations to sorority parties. The sororities do not wish to be less cordial than formerly, but with the increased number of students at Michigan State College, they have found it difficult to get acquainted with those women who are seriously interested in joining a sorority.

The fee is to indicate sincere interest in soror-

ity membership but does not guarantee membership.

Each of the 13 sororities entertains during rushing season approximately 100 freshmen women. Of this number, only 10 to 20 are invited to membership. However, Panhellenic, the governing body of all social sororities, hopes that the friendly relations established during this season may continue throughout the college career.

All groups are worthy of membership, and the rushee is urged to make her selection personally. Her choice of a group should be on the basis of congeniality; that is, the rushee should select the sorority in which she, as a member, would be most happy. She should remember, in making her choice, that the associations formed in that organization are for a period of four years or more, and therefore are of the utmost importance.

During the period of silence, as explained in the Panhellenic rules, the rushee must cooperate in having no communication whatsoever with active sorority members.

It is considered beneath the standards of both the local and national Panhellenic for any women to speak disparingly of any group or individual. A member of one organization who so forgets herself as to criticise any member of another group, or the group as a whole, discredits herself in the eyes of all prospective, as well as active members.

The cost of joining a sorority is an important point to investigate carefully. Specific expense lists of the various sororities are compiled in the Panhellenic Handbook, copies of which may be obtained at the Panhellenic Office, fourth floor of the Union Building.

Simple afternoon dress will be appropriate for all rushing parties except that party indicated as formal on the invitation. If an invited guest is unavoidably detained, she should not hesitate to telephone about her arriving at the rushing party somewhat after the appointed hour.

For the last party, the rushee should accept the invitation of that group in which she is most interested. However, the acceptance of the invitation for the last party DOES NOT indicate her choice; nor does this invitation indicate the sorority's choice of rushee.

RUSHING RULES

Rushing rules are printed in full in the Panhellenic Handbook, which may be obtained, by anyone interested, in the Panhellenic Office on the fourth floor of the Union.

STATE SONGS

ALMA MATER

Close beside the winding Cedar's Sloping banks of green, Spreads thy campus, Alma Mater, Fairest ever seen.

CHORUS

Swell the chorus; let it echo Over hill and vale;
Hail to thee, our loving mother, M. S. C. all hail.

First of all thy race, fond mother, Thus we greet thee now, While with loving hands the laurel Twine we o'er thy brow.

FIGHT SONG

On the banks of the Red Cedar Is a college known to all; Their specialty is winning, And those Spartans play football. Spartan teams are never beaten— All through the game they fight— Fight for the only colors. Green and White.

CHORUS

Smash right through that line of blue, Watch the points keep growing, Spartan teams are bound to win, They're fighting with a vim,

RAH! RAH! RAH! See their line is weakening, We're going to win this game,

Fight! Fight! Rah! team, fight! Victory for M. S. C.

M. S. C. SHADOWS

M. S. C., we love thy shadows When twilight silence falls, Flushing deep and softly paling Our ivy covered halls. Beneath the pines we'll gather To give our hearts to thee, Sing our love for Alma Mater And thy praises, M. S. C.

When from the scenes we wander And twilight shadows fade, Our mem'ry still will linger Where light and shadows played; In the ev'ning oft we'll gather And turn our thoughts to thee, Sing our love for Alma Mater And thy praises, M. S. C.
