FOREWORD

This Student Handbook is published jointly by the Associated Women Students, Men's Council, the Journalism Department, and the office of the Dean of Students to provide a short summary of interesting and necessary information for freshmen and other new students at Michigan State College.

Freshmen are also urged to read the college catalog and become familiar with scholastic rules, content of courses, and courses required in their chosen fields.

JOHN A. HANNAH
President

**GREETINGS
FROM PRESIDENT HANNAH**

**TO ALL FRESHMEN AND
OTHER NEW STUDENTS:**

Among the traditions most highly honored at Michigan State College is that this is a friendly institution, one at which students, faculty and staff make a conscious effort to exchange greetings, keep formality at a minimum, and create an atmosphere of good-will in which to study, work, and live.

In that same spirit, it is a pleasure to extend this official greeting to freshmen and other new students on behalf of the State Board of Agriculture, the faculty, and the staff. We are glad to have you with us.

As the months pass by, I am sure you will become increasingly happy that you have selected Michigan State College as your Alma Mater. It is an institution with a proud history, running back almost one hundred years. It is a land-grant college, with all the devotion to service of the people that the phrase implies. The excellence of its faculty and its educational philosophy have been accorded recognition in many fields. Its growth in

size in recent years to front rank among the great universities of the United States has been paralleled by its growth educationally. For example, the Basic College, in which the great majority of you will be enrolled, is accepted generally as an outstanding development in the field of general education.

The success achieved by graduates of Michigan State College in the many fields of human activity in which they serve is the best evidence of the quality of the education available to you here. Faculty and equipment are top quality; you have been admitted as students because you are of top quality. The opportunity for which hundreds of thousands of other young Americans yearn in vain is open to you all.

In welcoming you to Michigan State College, I counsel you to justify the faith of your parents and friends who are supporting you here, to justify the confidence of this college that you are men and women of college caliber and to justify your faith in yourselves by developing your talents and intelligence to the fullest degree.

JOHN A. HANNAH,
President

WELCOME!

It is a pleasure to extend a cordial welcome to all students who are entering Michigan State College for the first time. Also, we are happy to welcome back those who are returning for a continuation of their education.

The student handbook should prove to be of value in assisting the new student in becoming better acquainted with Michigan State College in what it has to offer in services and opportunities.

The student handbook is the work of students working cooperatively to be of service to the college. We hope that you will preserve and read your copy.

S. E. CROWE,
Dean of Students

S. E. CROWE
Dean of Students

HISTORY

As the oldest land-grant college in the United States and the oldest agricultural college in the world, Michigan State College provides a technical, practical and cultural education for its student body, in addition to extensive research and extension services to the people of Michigan.

Now in its 94th year, Michigan State College has grown from one building and four faculty members to one of the largest universities in the nation. It has approximately 1,400 staff members, 150 modern permanent and 988 temporary buildings, and almost 12,000 acres of land.

In 1855, the course of study at Michigan State College consisted largely of learning the fundamentals of farming by cultivating the college grounds. Today, more than 50 different courses of study are offered in the schools of Agriculture, Business and Public Service, Engineering, Home Economics, Science and Arts, and Veterinary Medicine. This excludes the curriculum of the Basic College which has been hailed as one of the most progressive ideas for higher education in the nation today; and the Graduate School, which offers courses leading to the degrees of master of arts, master of science, master of music, master of forestry, doctor of philos-

ophy, and doctor of education.

Michigan State College continually strives to expand its services to the people of the state. Five sub-stations of the Agricultural Experiment Station are maintained in various parts of the state, and more than 60 conferences, short courses, and special courses are held each year on the Spartan campus. During the 1948-49 year more than 40,000 persons attended these "extra-curricular" educational courses and meetings.

Today some 15,000 students from Michigan and other states and from nations all over the world are attending the college at East Lansing—11,000 of whom are housed on the campus proper. With about 85 percent of these students coming from communities in every section of the state, Michigan State College is doing its part to fill the greatly increased demand of the younger generation for higher education.

In the agricultural, business and professional fields, Michigan State College has proved its worth to the people of the state of Michigan, paying dividends many times the appropriation for its maintenance made each year by the state and national governments. Noted for its democratic and friendly spirit, the student body harmonizes with the college faculty to make Michigan State College a first class educational institution.

Administration

ADMINISTRATIVE OFFICERS

JOHN A. HANNAH, President (Administration Building)

KARL H. McDONEL, Secretary (Administration Building)

PHILLIP J. MAY, Comptroller and Treasurer (Administration Building)

STANLEY E. CROWE, Dean of Students and Director of Summer School (Administration Building)

RALPH C. HUSTON, Dean of the Graduate School (Kedzie Chemical Laboratory)

ERNEST L. ANTHONY, Dean of Agriculture (Agricultural Hall)

C. S. BRYAN, Dean of Veterinary Medicine (Veterinary Hospital)

MARIE DYE, Dean of Home Economics (Home Economics Building)

LLOYD C. EMMONS, Dean of Science and Arts (Morrill Hall)

PERSONNEL DIVISION

Centrally located on the campus is the "Ad" building, which contains the administrative and business offices. On the first floor are the offices of the registrar, who had the responsibility of admitting you to Michigan State College.

The offices of the president are located on the second floor in the older wing. He is a friend of all the students and is always gracious to those who go to see him. His Spartan Round Table, where he meets at dinner with other administrators, the presidents of student organizations, provides students an opportunity to discuss with him informally and frankly, problems which are troubling him as an administrator and questions which the students wish to raise. In these meetings, as he puts it, "no holds are barred."

Because he is too busy a man to meet you personally, he has delegated to the Personnel division the task of serving you directly and of guiding the general development of all undergraduate students. The Student Personnel offices occupied by the Dean of Students and his staff occupy the top floor of the new wing. To the Dean of Students falls the responsi-

bility of coordinating the work of the Counselor for Men, Counselor for Women, the Registrar, the Director of Housing, the Counseling staff, the Board of Examiners, the pre-college counseling through high school publicity and visitation. He has responsibility too, for summer school and for the Lecture-Concert series.

The Counselor for Men and the Counselor for Women and their staff are the persons with whom you will more directly come in contact. Their role is to serve you as individuals and as officers or members of student organizations. They are given the responsibility of helping you in your orientation in your residences, to adjust to group living, and to have a satisfactory social as well as academic experience. Your study habits, your standards of conduct are of concern to them as contributory factors in your success and development at college. Their role is an interpretive one to help you understand academic and administrative procedures, and to guide you toward a recognition of your privileges to your student government organizations, Student Council, Men's Council and Associated Women Students.

The Dean of Students, the Counselor for Men and the Counselor for Women are members of standing committees appointed by the president which guide student affairs, such as the Stu-

dent Loan committee which makes it possible for you to arrange loans from the loan funds of the college, and the Student - Faculty Social committee which regulates the facilities available to the students, so that some organizations will not have an excessive number of parties to the exclusion of others.

The office of the Counselor for Women has been delegated by the Social Committee as the clearing house for social activities. Student social chairmen receive information here as to procedure for carrying out their plans and register here their parties and the chaperones.

The office of the Counselor for Men has been delegated by the Committee on Student Organizations to act as a clearing house for all student organizations. The Counselor for Men and the Counselor for Women have joint responsibility for organizations affecting both men and women students.

Constitutions and revisions are submitted to the office of Counselor for Men as chairman of the Faculty Committee on Organizations, for approval by this committee. Lists of members and officers of student organizations are kept on file in the office of the Counselor for Men. A list of members and officers of women's organizations is kept in the office of the Counselor for Women.

As advisors, the Counselor for Men and the Counselor for Women help the students to assume responsibility, to develop leadership and to delegate responsibility within their organizations, to stimulate interest and develop future leaders.

The Counselor for Men is chairman of the committee on student loans. He works closely with I.F.C., I.C.C. and with fraternity and men's cooperative house advisors.

The Counselor for Women and her staff serve as advisors to A.W.S. (Associated Women Students, the student government for women), to W.C.L. (the Women's Cooperative League, the inter-cooperative women's council), and to the Off-Campus Council.

The Health Service, Counseling Center, Placement Center, and Testing programs and remedial services such as the speech clinic and adapted sports programs are all closely correlated in guiding each student.

Directions and Regulations

UNION MEMORIAL BUILDING

The Union Memorial building, located at the entrance of the campus, is the center of student activities. Faculty members, alumni, and guests of the college also share the many facilities of the Union.

The recent completion of the south wing and remodeling of the entire building has made available a wide range of facilities. A cafeteria seating 450 persons, a grill with a capacity of 425, sixteen modern bowling alleys, billiard room, ping pong room, music room, art room, and barber shop are among the new additions. Also included in the building are ten conference rooms, three spacious lounges, and both women's and men's faculty club rooms. The newly re-decorated ball room is the scene of many college dances.

The east wing is the home of the student publications, State News, Wolverine, and Spartan. Organizations such as the Student Council, Independent Students' Association, Associated Women Students, Interfraternity council, Pan-Hellenic Council, and Men's Council have their offices in this portion of the building. The Alumni offices and Union Management offices may also be found in the east wing.

The Union Desk in the main concourse contains a news stand, a ticket office where tickets for all college functions may be purchased, and a travel desk where reservations and tickets may be obtained. The modern Book Store, catering service, and free checking service are other highlights of the Union.

The Union building offers a varied program of art displays, music lectures, book reviews, movies, coffee hours, dances and general recreation.

Make the Union the center of your campus life and take advantage of its varied facilities . . . it's yours!

UNION BOARD

Union Board is composed of 84 sub-committee members and 14 board of directors.

The objectives of the Union Board are: To promote the greater use of the many facilities of the Michigan State College Union building for the benefit and the enrichment of the student body. To stimulate the social, cultural, and civic development on campus. To create and maintain necessary house rules. To negotiate with the Union management in regard to student grievances concerning the operation of the physical plant.

HEALTH SERVICE

The health of the student body is under the supervision of the Health Service. This includes a modern hospital with a capacity of sixty beds, and a dispensary which is located in the hospital. All students are entitled to unlimited advice and treatment at the dispensary, a medical examination by appointment, and sixty days care in the College Hospital per year. A 25 cent fee is charged for each office call. When the Health Service physician is called to a student's room, the fee is two dollars for a call between 7 a.m. and 7 p.m., and three dollars for a call between 7 p.m. and 7 a.m. No room calls will be made unless the student is unable to come to the hospital. A car will be sent if the student does not feel able to walk. No student is allowed to remain ill in his room longer than 24 hours.

All new students are required to report to the Health Center at an assigned time for a chest X-ray. Failure to do so may result in cancellation of enrollment until the rule is complied with. All other compulsory examinations have been suspended until such time as sufficient help makes such a program practical again.

Clinic office hours are: Monday through Friday 8 a.m. to 11 a.m., 1:30 p.m. to 4:30 p.m.; Saturdays 8

a.m. to 11 a.m. No evening or Sunday hours are kept. The ill student is urged to report to the clinic during the daytime hours and not wait until evening or night. However admission is possible at any hour.

PLACEMENT SERVICE

A placement service, located in the Administration building, aids all MSC graduates, including prospective teachers who are seeking placement in the field of their specialty. Assistance is also provided for any student seeking full-time or part-time placement during the school year. Summer employment is handled also.

Women students who desire to work for their room and board in private homes in East Lansing should make application at the office of the Counselor for Women. Women students who desire work in a dormitory should make application to the Manager of Dormitories for Women.

COUNSELING CENTER

Counseling service is available to students in the Counseling Center, Building A-2, South Campus. The purpose of the Counseling Center is to aid students in making their best possible adjustment to college. Toward this end, the counseling staff has been selected on the basis of special train-

ing in psychology and student personnel techniques as well as demonstrated ability to work effectively with students and their problems. Complete testing service is provided to aid in appraising students' aptitudes, interests, emotional and personality traits and related factors. Also, a file of vocational and educational information is maintained in the Center.

In offering these services the Center cooperates closely with the Basic College, since most problems arise during a student's first two years in college. Each non-preference Basic college student is assigned to a counselor in the Counseling Center. The counselors are familiar with all the curricula and consequently are of service to the student who is in doubt as to what he wishes to do in college. Basic college students, other than non-preference are assigned to enrollment officers chosen from the school of the student's preference. These students may use the Counseling Center for help on other problems and should consult with counselors before changing their preference. However, all students whether Basic college, upper school or graduates may use the facilities of the Center.

A student may confer with a counselor about any problem that concerns him. The Center emphasizes clinical and personal counseling that is initia-

ted by the student. It is designed to assist the student in arriving at suitable solutions to his problems by providing a permissive atmosphere in which the student may express his feelings and thoughts and, with the help of the counselor, gain new insight into his problems and their solution.

FOREIGN STUDENT COUNSELING

The Counselor of Foreign Students, Dr. A. T. Cordray assists students from other countries and from territories of the United State to adjust themselves to the problems of student life at MSC. He assists them in gaining admission, in meeting the requirements of the immigration laws, and in matters of employment, illness, scholarship application and other problems.

Dr. Cordray is also the Fulbright representative at State and his office supplies information about foreign travel and study.

The office of the Counselor of Foreign Students is in room 18, Morrill Hall.

SPEECH CLINIC

Any student who has difficulty with his speech (i.e. stuttering, lisping, nasality, foreign accent) should report to the Speech clinic for diagnosis and special training. This ser-

vice is given free of charge to regularly enrolled students. No credit is given.

A clinic for persons not enrolled in the college is held each Saturday between 9 and 12 a.m. Diagnosis and treatment for these persons are available at a nominal fee. This clinic is open only when school is in session. It is held in 245 Auditorium.

The clinic also offers hearing tests, fitting of hearing aids and instruction in the use of them.

READING CLINIC

The aim of the clinic is to help those students who have poor reading habits or poor reading ability. Emphasis is placed on assisting students to increase their rate of reading along with increasing their comprehension of the materials read. Some work is done in the area of vocabulary.

A diagnostic reading test is administered to each student enrolled. Two one-hour meetings are held each week. The clinic utilizes reading films along with various reading manuals and work with the tachistoscope.

The clinic is a non-credit course, maintained by the Written and Spoken English department and directed by Mr. Arthur Heilman. The course is open to any student enrolled at Michigan State College.

LIBRARY HOURS

During the regular session the College Library is open from 7:30 a.m. to 10 p.m., Monday through Friday; 7:30 a.m. to 6 p.m. on Saturday; and from 2 p.m. to 10 p.m. on Sunday. When classes are not in session the Library hours are from 8 a.m. to 5 p.m., Monday through Friday; 8 a.m. to 12 noon on Saturday; and closed Sunday.

COLLEGE BOOK STORE

The college bookstore, located on the first floor of the Union east wing, is operated under the management of the college for the purpose of selling books and other materials to students. This bookstore stocks all the textbooks in current use. Veterans may obtain books and supplies there in exchange for book cards issued them at registration.

SOCIAL RULES FOR MIXED STUDENT GROUPS

The Student-Faculty social committee, appointed by the president, is composed of an equal number of student and faculty representatives. Faculty members include the Dean of Students acting as chairman of the committee, the Counselor for Men, the Counselor for Women, and two staff members. Secretary for the

Committee is the Assistant Counselor for Women.

Meetings of the committee are held at the start of each term and at other times when dictated by necessity.

The function of the committee is to administer the social rules, approve facilities used for parties, deal with petitions for parties, supervise the registration of social functions, review infractions of social rules, and establish and enforce attendant penalties. This committee has authority to govern all affairs at which mixed student groups are in attendance.

All social chairmen of campus organizations should be familiar with the social rules for party registration and procedure. Copies of these rules should be picked up at the Counselor for Women's office. A few of the rules are outlined below:

1. Registration procedure.
 - a. Facility must be reserved.
 - b. Parties must be registered at the Counselor for Women's office not later than Tuesday of the week preceding the week in which the affair will be held.
 - c. Chaperons must be registered at the Counselor for Women's office not later than Thursday of the week preceding the week in which the affair is to be held.

- d. In event of cancellation of a party previously registered, notification must be given to the Counselor for Women's office.

NOTE: The regulation barring liquor and beer from the campus and all college-operated facilities is as old as the college. The bringing of liquor or beer onto the campus or into any building or facility operated by the college, and the drinking of beer or liquor on the campus or in any college-operated building or facility are prohibited alike. Known violators are without exception, automatically suspended from college.

CAMPUS TRAFFIC RULES

Section I

Student Motor Vehicle Registrations

1. Michigan State College students are prohibited from operating any motor vehicle until such vehicle has been registered with the college police department. Permission to drive vehicles will be granted at the direction of the Chief of Police. Registration of students' cars must be renewed at the beginning of each school year. Permits expire October 1 of each year.

2. Issuance of permits to drive will be kept at an absolute minimum. A limited number of student permits will be issued to students desiring to drive on campus. Generally, the following rules will govern the issuance of permits:

a. Health or physical reasons. For obvious physical disabilities, permanent or temporary permits may be issued at the discretion of the Chief of Police.

b. Business use. Upon written request from employer stating need and agreeing to notify college police of termination of employment.

c. Commuters living two or more miles from the campus and a reasonable distance from transportation facilities. College police will be notified within five days of any change of address.

d. Married students living with their families.

3. Special parking and driving permits will be issued for emergencies.

Section II

Student Bicycle Regulations

The term bicycle shall mean and include any two wheeled device having wheels 16 inches in diameter which

is propelled by human power. The term "bicycle" shall not be deemed to include vehicles propelled by a motor or engine of any kind.

The permission to operate a bicycle in and upon campus shall be evidenced by a permit tag to be designed by the Chief of Police. Such permit tag is to be made of metal or other durable composition and shall be issued by the Chief of Michigan State College Police after his acceptance of the filing of the application for a permit.

Bicycles must be equipped with front light, reflector or other tail light, and audible signalling device as provided by regulation.

No operator of a bicycle shall cause the same to be driven upon or across any sidewalk or footpath situated on the campus or upon the grounds, provided, however, that the operator of any bicycle may dismount and proceed upon such sidewalk or foot path on foot, pushing said bicycle on foot.

Complete motor vehicle and bicycle rules may be obtained at the Campus Police Department.

PHYSICAL EDUCATION, HEALTH AND RECREATION FOR MEN

Physical Education is required of all men students during the freshman and sophomore years, or until completion of six quarters of Physical

Education, unless excused by the Health Service. Veterans of the Armed Forces are exempt from Physical Education on the same basis as they are exempt from Military Science. Exemption certificates must be secured by the student from the Registrar and presented at the time of enrollment. If for any reason a course is deferred, it must be made up.

Students with marked physical handicaps are assigned by the Health Service to courses in Adapted Sports. Students may not receive credit in the same course more than once, except in P.E. 104 (Adapted Sports). Students exempt from Physical Education will not receive credit therefore.

Students are required to purchase a complete standard gymnasium outfit consisting of shirt, shorts, socks, supporter, and shoes. These outfits are on sale at the Gymnasium store.

The courses in Physical Education consist of the Service Curriculum, the Professional Curriculum, and the Graduate Curriculum.

Service Curriculum. This curriculum is prescribed for all freshman and sophomore students who are required to take Physical Education, Health and Recreation. It is grouped into Aquatics, Games, Stunts, and Combatives. First year students are required to complete one course in

Aquatics and courses in two of the other three groups.

Professional and Graduate Curriculum. This curriculum is prescribed for students who are majoring in Physical Education, Health and Recreation.

PHYSICAL EDUCATION, HEALTH AND RECREATION FOR WOMEN

Physical Education is required of all women students during the freshman and sophomore years, or until completion of six quarters of Physical Education, unless excused by the Health Service. Veterans of the armed forces are exempt from Physical Education: six months service, one year exemption; 12 months service, two years exemption. Students who have reached their thirtieth birthday are exempt from Physical Education. Exemption certificates must be secured by the student from the Registrar and presented at the time of enrollment. If for any reason a course is deferred, it must be made up.

All freshmen and all new students in the college who are required to enroll in Physical Education, Health and Recreation for Women are given a physical examination at the Women's Gymnasium by members of the staff of the department.

All students are required to have gymnasium suits. In order to insure uniformity they should be purchased at the gymnasium store. The outfit consists of short bloomers, gymnasium shoes, dance costume, tank suit, and cap. The various articles may be purchased from time to time as required.

The courses in Physical Education, Health and Recreation consist of the Service curriculum and the professional curriculum.

Service Curriculum. This curriculum consists of courses for freshman and sophomore students who are required to take Physical Education, Health and Recreation. Freshmen are required to elect work in courses 141 to 189 inclusive. Sophomores are required to elect work in courses 250a to 385a, b, c, inclusive.

Professional Curriculum. This curriculum is prescribed for students who are majoring in Physical Education, Health and Recreation.

ROTC

The military program at Michigan State College consists of the Air Reserve Officers' Training Corps and the Reserve Officers' Training Corps, both of which conduct basic and advance courses in the Senior Division, ROTC,

as established by the National Defense Act. Air ROTC and ROTC are supervised by the Department of the Air Force and the Department of the Army, respectively, in Washington, D.C., and both are divided into two parts: basic which is required of all non-veteran, physically fit male students, and advance, which is optional. Other exemptions will be found in the Michigan State College catalog. Each part requires six terms to complete.

The basic course requires three hours per week for $1\frac{1}{2}$ credits per term. The advanced course requires five hours per week and attendance at a six-week summer camp between the first and second year advanced for three credits per term.

All students completing the advance course are eligible for commission in Air Officers' Reserve Corps or the Officers' Reserve Corps and those who are designated distinguished military graduates are eligible for commissions in the Regular Army or Air Force.

Students who believe they are exempt from the basic course should consult the Registrar in the Administration building.

Full college credit for the basic ROTC course and eligibility for the advanced course will be granted those who:

1. Have served one full year or more in the Army, Marine Corps, Navy, or Coast Guard during the period January 1, 1941 through March 2, 1946.

2. Have successfully completed two years work at the United States Military Academy, United States Naval Academy or United States Coast Guard Academy. Male students with less service time should consult the Registrar.

Statements of exemption from basic ROTC must be obtained from the Registrar and presented at the time of enrollment.

A contract between the United States Government and the advanced ROTC student is signed at the time of enrollment in the advanced courses, which requires that the student complete the course and attend summer camp between the first and second years of the advanced course. The contract specifies that the student be paid an amount equal to the commuted United States Army ration. The advanced student also receives a complete officer's uniform at the completion of the advanced course.

Advanced students must pass a physical examination equal to the minimum requirements for commission in the Army.

Advanced and basic students selected for the advanced course are deferred from the Selective Service Act.

Basic students who plan to enter the advanced course in any one particular branch should enroll in the same branch during their second year basic course inasmuch as branch material instruction begins during the second year of the basic course and is continuous through the completion of the advanced course.

OFFICE OF ALUMNI RELATIONS

The office of Alumni Relations, directed by Tom King, is located on the second floor of the east wing of the Union building. Here records are kept on all graduates and former students of the college.

The "Record," the alumni publication, is sent free of charge to all alumni whose addresses are available. Further services include sending out information to alumni clubs concerning new graduates in their areas, organizing new clubs and furnishing speakers for club meetings.

- 8 Adolph Menjou (lecture-concert)
- 8-12 Porpoise Water show
- 11 IFC-PanHel Ball
- 12 Oregon State football at Portland, Ore.
- 12 Aloha Baker (world adventure)
- 16-19 Term play
- 19 Arizona football at Tuscon, Ariz.
- 26 Clifford Kemen (world adventure)
- 28 Foreign film

- Dec. 2 ROTC Coronation Ball
- 3 Colonel John Craig (world adventure)
- 3 Michigan basketball here
- 5, 6 Margaret Webster Shakespearean group
- 5 Iowa basketball at Ames

- 8-16 Final exams
- 10 Indiana basketball here
- 16 Term closes
- 17 Missouri basketball here
- 22 Georgia basketball here
- 28 Harvard basketball here
- 29 Cornell basketball here

Winter Term

- Jan. 2 Indiana basketball at Bloomington
- 3, 4, 5 Registration
- 4-6 Winter tryouts student productions
- 6 Classes begin
- 7 Notre Dame basketball here
- 9 or 10 Detroit basketball at Detroit
- 12 William Laurence (lecture-concert)
- 13 Co-Hop
- 14 Lowell Thomas, Jr. (world adventure)
- 14 Marquette basketball here
- 18 Notre Dame basketball at South Bend
- 21 Winifred Walker (world adventure)
- 23 Marc Connelly (lecture-concert)
- 23 Minnesota basketball here
- 28 Robert Friars (world adventure)
- 31 Western Reserve basketball here
- Feb. 4 Cleveland Grant

- 4 Purdue basketball at La-fayette
- 6 Wisconsin basketball here
- 8 Countess Tolstoy (lecture-concert)
- 10, 11 J-Hop
- 11 Ohio State basketball at Columbus
- 14 Detroit basketball here
- 18 Finne Ronne
- 20 Michigan basketball at Ann Arbor
- 22-25 Winter term play
- 25 Marquette basketball at Milwaukee
- 28 Myra Hess (lecture-concert)
- Mar. 4 Deane Dickason
- 9 Vladimir Horowitz (lecture-concert)
- 11 Colonel John Craig (world adventure)
- 13-21 Final examinations
- 18 Herbert Knapp

Spring Term

- 27, 28, 29 Registration
- 31 Spinster's Spin
- Apr. 1 Clifford Kamen
- 2 Peter Koch
- 22 High School Drama Day
- May 17-20 Senior play
- 30 Memorial Day
- June 3 Alumni Day
- 4 Commencement
- 6-14 Final examinations
- 14 Term closes

LECTURE-CONCERT SERIES

Each year great symphonies, world renowned singers, ballet companies, and speakers on literature, science, national and international affairs are brought to the campus. Students exchange activity book coupons for tickets at the Union ticket office. The ticket, activity book and student identification are necessary for admittance at the door of the auditorium. A schedule of events is posted at the Union ticket office and is printed in the State News.

INTERNATIONAL CENTER

International Center, operated by the all-college International Institute has a three-fold purpose: It strives to acquaint foreign students with the American way of life; it provides opportunities for local students as well as other interested people to meet foreign students; it also works to foster and preserve international good will, friendship and understanding.

Dr. Shao C. Lee directs the International Center. An advisory committee, appointed by President Hannah, meets monthly to assist Dr. Lee in promoting the affairs of the center.

Students and professors from forty-four different countries are represent-

ed on the campus. These men and women pursue their various interests along with American students under the guidance of the regular faculty.

Open houses and "get acquainted" teas are held frequently at the center. These permit local students and foreign students to exchange views, become better acquainted, and make friends. Cultural groups hold weekly discussion meetings.

The International Club is the student organization working within the International Institute. Foreign students and American students are encouraged to join. This group promotes social gatherings, takes care of student group participation, and sponsors an International Festival and a Cosmopolitan Ball.

Foreign interest and language groups, such as the Chinese, French, and Latin-American clubs, have meetings within the center. These groups promote their respective interests and sponsor special events.

A weekly radio program titled "Friends From Afar," information service and personal helps to students are among the center's other activities. Art exhibits are special features and these are occasionally combined with library displays. Literature including bulletins, pamphlets, magazines, periodicals and special books is available for use at the center.

MUSIC

In addition to the regular courses offered by this department, there are now many extra curricular student activities open to both men and women. Tryouts for these organizations are held in the opening week of fall term, the time of the actual tryouts being announced on the various bulletin boards on campus. This group includes the Michigan State College Band, the Varsity Band, Symphony Orchestra, the Women's Glee Club, Men's Glee Club, the Chorus and the A Cappella Choir. All these organizations give public concerts at intervals throughout the year. The Orchestra offers a series of concerts and the band will continue its open air concerts in the spring term, besides appearing at athletic events throughout the year.

A Concert Series was instituted for the Music auditorium to meet the need for soloists and chamber music recitals in more intimate surroundings than those provided by the College auditorium. Music majors are admitted without charge, but any student may purchase a season ticket for a small sum. Typical of the outstanding artists to be enjoyed are Huberman, violinist; the Budapest String Quartet; Lotte Lehman, soprano; and John Kirkpatrick, pianist.

Further information concerning the Department of Music and its activities may be obtained at the office in the Music building.

MSC BAND

The MSC Concert-Marching Band presents several concerts yearly and plays at football games, basketball games, commencement exercises, and other college functions. Membership requirements include an audition which may be taken during Orientation Week in room 118. Music building. Band members may obtain college credit for participation in the band. Women are eligible for membership in the winter and spring terms.

DRAMATICS

Any student in good academic standing is invited to try out for the major play presented each term by the department of Speech and Dramatics and Theta Alpha Phi, national dramatics honorary. The major term play is presented in Fairchild theater for four nights' duration. Tryouts will be held at the beginning of each term.

Freshmen and sophomores are urged to try out for Studio Theater productions. The Studio Theater presents a series of one-act plays each term in room 49 of the Auditorium. The organization's 85 members are chosen at the beginning of fall term on a trial basis. Studio Theater is a group

which trains students who are not experienced enough to be given a part in the major term play.

Tryouts are also held each term for Children's Theater, a department-sponsored group which presents plays to an audience of children in Lansing and on state tours.

Backstage workers are needed for each production to arrange set design, costume work, lighting, and stage management.

STUDENT COUNCIL

The Student Council is the elective body representing and directing the activities of all undergraduate students. Its powers include legislation concerning student affairs, and recommendations to the administration on matters between the students and faculty or administration. Control of student elections, supervision of all campus organizations and action on matters pertaining to the student body are more of the functions of Student Council, which strives to bring closer understanding and cooperation between students and faculty.

Representatives are elected to the Student Council from living districts which the council designates. Elected representatives must live in the district from which they are elected during their tenure of office. All Student

Council members must maintain an all-college one-point.

During the past year, Student Council has sponsored the Freshman Mixer during Orientation week, the Mardi Gras, established the Campus Chest, and held an election to determine a new alma mater. These are but a few of the many activities of Student Council.

ASSOCIATED WOMEN STUDENTS

"Associated Women Students" is the name of the women's self-governing body. Every undergraduate becomes a member upon registration, privileged to vote in all AWS elections. Business of the association is carried on by the Activities and Judiciary boards, which are composed of representatives elected from the women's living groups.

The Judiciary board is the law enforcing and policy determining agency of AWS. Its purpose is to supervise all matters pertaining to the social conduct of the women students and to interpret, initiate, and enforce rules governing conduct.

The Activities board aids in college residence elections each term, conducts leadership training, the Big Sister program and Lantern Night. It also sponsors STUN the exchange of

student textbooks, used and new, and aids in freshman orientation.

Further particulars may be obtained at the AWS office in the third floor of the east wing of the Union.

BIG SISTER PROGRAM

One of the projects of the Activities board, the Big Sister program, helps freshmen and transfer women to become acquainted with, and make adjustments to life at Michigan State.

Women students who wish to participate in Big Sister work are eligible to do so at the end of their freshman year. The program consists of guidance and friendship toward the little sister as an addition to the orientation program.

MEN'S COUNCIL

Men's Council coordinates the activities of all men's organizations and presents men's problems to the administration and to the Student Council. Men's Council serves the entire student body by co-sponsoring the Activities Carnival each fall and the Leadership Training Clinic each spring in cooperation with AWS and by presenting a Vocational Lecture series which brings some of the best personnel and vocational guidance experts to MSC for the benefit of all students.

Any men's organization on campus may have a representative on this governing body by petitioning for membership and having this petition accepted by a two-third vote of the active members.

INTERFRATERNITY COUNCIL

The Interfraternity council is an organization set up by the social fraternities on campus for the purpose of promoting the interests of the Greek letter societies. Among the functions of the IFC is the sponsoring of rushing smokers and open houses through which the active members of the fraternities become acquainted with other students who are interested in joining a social fraternity.

The IFC consists of two representatives from each of the social fraternities on campus and acts as a representative of these groups in matters concerning the student body and college administration. Other activities of the council include the sponsoring of intramural athletics for member fraternities, awarding of a trophy to the group having the highest scholastic average throughout the school year, and the sponsoring of a test given to all pledges before they may take active initiation in a fraternity.

PANHELLENIC COUNCIL

PanHellenic Council, nicknamed "PanHel," composed of two representatives from each of State's sixteen national sororities, is the supervisory board of sororities. Its purpose is to maintain high standards of fraternity life and govern interfraternity relations with the college.

Projects include sponsoring Towar Gardens, the Sorority Sing and Greek Week, and supervising all rushing. PanHel also organizes the sorority side of the Interfraternity-PanHel dance.

WOMEN'S COOPERATIVE LEAGUE

The eight cooperative houses for women are represented by a women's cooperative league composed of one representative elected from each house. Through weekly meetings the council studies coordination of the work of the individual houses and cooperation with other college organizations in activities.

Women's cooperative houses at MSC are unique in that they are semi-cooperative. This means that the women students plan the menus, and do all cooking, cleaning and schedule making, while the resident director is the buyer and advisor.

Residence in a cooperative house provides excellent opportunity for training in group living, home management, social training and leadership.

Applicants for women's cooperative housing must present three recommendations indicating their good citizenship and adaptability to cooperative living. Information about women's cooperative housing may be obtained at the Housing Director's office.

INTER-COOPERATIVE COUNCIL

The Inter-cooperative Council was organized to promote the interaction and combined action of the cooperative houses for mutual benefit in matters of finance, management, purchasing, operation, recreation, and education. The ICC improves and expands the facilities of its member houses and acts as their public relations agent.

Membership consists of three representatives from each of the student owned and operated houses for men. Its complement is the Faculty Advisors Association for Campus Co-ops. The ICC combines with WCL to sponsor the annual Co-Hop dance. It sponsors athletic trophies for the scheduled Co-op League in four major and six minor sports. The ICC also sponsors

scholastic awards. Besides fostering new houses, it owns equipment which is available to each of the houses.

INTERDORMITORY COUNCIL

The InterDormitory Council is the co-ordinating governing body of the men's dormitories. The Council is composed of representatives from each of the men's dorms. The purpose of the group is to coordinate the efforts of the dormitories and to present the problems of their constituents to the administration and to aid the administration in finding solutions to various controversial issues.

The Council sponsors a scholarship award each term. The dormitory having the highest average grades is given a traveling cup and the precinct having the highest point average is awarded a plaque. Other activities are an annual street dance, a mixer open to all students, and a monthly calendar of the activities that will occur in the ensuing month.

WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association was created to promote an interest in athletics and good sportsmanship among the women students at MSC. The woman student becomes a member of the WAA upon registering, and all activities are open to her.

The program of the WAA is divided into two groups: intramural competition and all-college recreation. Intramural sports are volleyball, swimming, bowling, softball, golf and tennis. All-college recreation and competition includes fencing, hockey, soccer, volleyball, badminton, basketball, bowling, fencing, riflery, swimming, archery, golf, tennis and softball.

The Association sponsors several annual events such as a hike or breakfast for freshmen, a 10 mile cross country hike, life saving course, Orchestis (modern dance group), and an overnight canoe trip. Among the special events covered by the program are the table tennis tournament, play days for high schools and colleges, and participation in National Telegraphic meets; swimming archery, riflery, and bowling tournaments.

Trophies and awards are presented on the following basis: in general, 100 points may be earned for full participation in each sport, exclusive of "special events." A student who earns 100 points receives a small letter "S." When 500 points are accumulated, a letter "M" is awarded, and for 1,000 points, a letter "C."

The team winning each intramural sport receives a plaque which is kept for a year. These plaques never become permanent. The organization accumulating the highest number of

points for participation throughout the year in the six intramural sports receives the "Intramural Trophy." For each sport, 50 points are awarded the winner, 40 points for second place, etc. This trophy becomes permanent if won by the same organization three years in succession.

Directing and supervising the WAA program is the Women's Athletic Association Board of fifteen members. Each women's residence elects a sports manager to organize teams for competition and to represent it on the board. Each board member is presented with a key upon taking office. This may be worn during the term of office and is returned to the board.

BOARD OF PUBLICATIONS

The Board of Publications supervises all campus publications by approving appointments to staffs and acting in an advisory capacity. The seven-man board is composed of the managing editor of the State News, Wolverine editor and a third student member selected by vote, with the dean of students, administrative assistant to the president, college comptroller, and the head of the Journalism department.

THE MICHIGAN STATE NEWS

The Michigan State News, daily student newspaper, welcomes any student who wishes to work on the staff. The State News offices are on the third floor of the east wing of the Union building. Positions on the newspaper in editorial, advertising, and circulation departments are open to any student in good standing.

THE WOLVERINE

The Wolverine, college yearbook, is published late in the spring term. It presents a panoramic view in stories and pictures of the important events on campus during the school year. Including a survey of departmental activities, athletics, classes, and campus features, the Wolverine depicts the highlights of college life. The Wolverine offices are on the Union building's third floor of the east wing.

SPARTAN MAGAZINE

The Spartan magazine is a student monthly publication devoted to interviews, sketches, essays, fiction, poetry, cartoons, pictures and columns, both serious and humorous. The Spartan particularly welcomes news writers, cartoonists, and workers of all sorts.

The offices of the Spartan are located on the third floor of the east wing of the Union building.

MSC VETERINARIAN

A quarterly magazine published by the students of the School of Veterinary Medicine for the profession. Articles of interest to the field of veterinary medicine are included in this official publication of the student chapter, MSC Veterinary Alumni Association.

SPARTAN ENGINEER

Students of the School of Engineering publish this quarterly magazine which serves as a professional magazine but contains many articles of interest to students of engineering.

THE HOMESTEADER

The Michigan State Homesteader is an outlet for the exchange of students' ideas on problems in agriculture and home economics, which aims to integrate the schools of agriculture and home economics. The student magazine is published in room 112 Agriculture hall. Any student interested in agriculture or home economics may work on either the editorial or business staff.

ORGANIZATIONS

Announcements Of Meetings In State News

AGRICULTURAL INTEREST AREA

Agricultural Council—Co-ordinating body of the student agricultural organizations and co-sponsor of the Homesteader magazine. Early fall term the council sponsors Ag. Convocation, held especially for agriculture students to acquaint them with the school activities and to elect the four class representatives. They serve with the 21 elected club representatives and a Short Course delegate. Also sponsors the Harvest Ball, the Ag. Achievement Banquet and the Ag. Field Day.

Agricultural Education Club—A professional society for students and faculty. The club promotes F.F.A. activities and sponsors meetings of active, associate, honorary and alumni members during the Future Farmers' Week.

Agricultural Extension Club—A local organization which opens membership to all students who are interested in agriculture and home economics extension activities. The club promotes interest in the extension field and an opportunity to associate with the co-operative extension program.

American Society of Agricultural Engineers—Limited to students enrolled in agricultural engineering, and students showing a strong interest in the field. The group sponsors speakers, social affairs and field trips.

Agronomy Club—The student section of the American Society of Agronomy for those majoring in soil science, farm crops, or related fields. It stimulates interest in agricultural problems and research.

Alpha Zeta—Agricultural honorary, limits membership to men who rank in the upper two-fifths of their classes. A field day is sponsored each year.

American Society of Agronomy—Professional society for students majoring in, and faculty of, the Farm Crops and Soils departments. The Society sponsors a speaking program and several social events during the year.

Beta Alpha Sigma—Landscape architecture and allied arts honorary made up of upperclassmen having above average scholastic rating in landscape architecture or allied arts.

Block and Bridle Club—National organization which limits membership to students in animal husbandry or interested in livestock. This group sponsors annual horse shows and inter-collegiate meat and livestock judging teams.

Dairy Club—Any student or faculty member interested in dairying may become a member. The club plans talks, a dairy club breakfast on Alumni Day, and presents awards to outstanding dairy students.

Farm Economics Club—An interest group for students and faculty interested in farm management and agricultural economic problems.

Food Technology Club—Limited to candidates for a baccalaureate or advanced degree in the food technology curriculum and related fields.

Forestry Club—Open to all students enrolled in forestry courses. Dances, a field day, and smokers are sponsored. Members take care of plantings in the Tourney arboretum.

Floriculture Forum—Open to all interested students. Sponsors speakers, movies, demonstrations, an annual flower show, and participates in the national flower show judging contest.

Floriculture Seminar Club—All students enrolled in one or two year floriculture courses are eligible. Purpose is to increase interest in floriculture and to improve the course through suggestions submitted to the staff. Co-operates with the Floriculture Forum on the annual flower show.

Campus 4-H—An organization for students who are interested in social and educational leadership of rural youth.

Housing and Lumber Merchandising Club—Limited to students majoring in Housing and Lumber Merchandising. Speakers, movies, and other instructional data are obtained for general meetings of the organization.

Horticulture Club—Local organization for students interested in horticulture.

MSC Junior Farm Bureau—Attempts to develop the interests of young people in all phases of rural welfare, to further educational advantages and promote programs which will result in new rural leadership.

Kappa Alpha Sigma—Honorary floriculture sorority; admits to membership women floriculturists with a high point average in horticulture courses.

Landscape Architecture and Urban Planning Society—Interest group limited to students of Landscape Architecture and Urban Planning.

Nursery and Landscape Management Forum—Open to any interested students. Presents current developments in horticulture, develops contacts with the nursery and landscape industry, and participates in other educational and social activities.

Pi Alpha Xi—Floriculture honorary; promotes high scholarship among majors in floriculture or ornamental horticulture. Activities include planning exhibits, and presenting the florist's conference.

Poultry Science Club—Interest group for any student or members of the faculty interested in poultry husbandry. Annually sponsors the Baby Chick and Egg Show, a breeding program at the Poultry plant, and a chicken barbecue.

Xi Sigma Pi—National forestry honorary, promotes a high standard of scholarship in forest education and a fraternal spirit among professional foresters.

HONORARY INTEREST AREA

Blue Key—All-college men's honorary for upper classmen. This organization publishes a newsletter of campus happenings and notices.

Excalibur—Senior men's leadership society composed of the thirteen seniors who are judged most active in MSC affairs. New members are tapped in fall and spring terms.

Green Helmet—Recognizes sophomore men for their demonstrations of scholarship, potential leadership, and participation in extra-curricular activities during their freshman year and provides tutoring and other services to the student body.

Mortar Board—Senior women's honorary, admits students to membership

who have maintained high grades and performed services to the college in extra-curricular work. This group sponsors educational and social functions.

Phi Kappa Phi—National scholastic honorary for all departments of the college. Members are those students who have attained the highest scholastic averages. Scholastic awards are presented to outstanding freshmen and sophomores.

Tower Guard—Sophomore women's honorary, assists at registration, sponsors social affairs, tutors freshman students, and assists in charitable programs.

Varsity Club—Open to juniors and seniors who have won a varsity letter, performed a service for the betterment of athletics at MSC, and who have been voted in by a majority of the members.

BUSINESS AND PUBLIC SERVICE INTEREST AREA

Alpha Phi Sigma—The Beta chapter of Alpha Phi Sigma, national Police Science honorary, is made up of outstanding students majoring in Police Administration and Police Science. Activities include movies, projects, field problems, outings, and banquets.

Alpha Delta Sigma — National professional advertising fraternity, mem-

bership open to anyone with intentions of making a career in the advertising field. Aids advertising campaigns of large campus functions.

Delta Pi Sigma Fraternity—Professional fraternity of Business Administration students, to foster the study of business in universities. Promotes the closer affiliation between the commercial world and students of commerce. Sponsors field trips, lectures, and business meetings to acquaint students with commercial practices and ethics of the business world.

Junior Hotel Men of America — Membership is limited to students enrolled in or interested in hotel administration. Aids in obtaining summer employment for its members and provides speakers and discussions on hotel problems.

MSC Hotel Association—All students enrolled in or indicating a preference for hotel administration curriculum are eligible for membership. Operates an employment bureau and has established an alumni association.

Public Administration Club—Open to majors in public administration. Promotes extra-curricular study and practical application of public administration methods.

Sigma Delta Chi—Men's professional journalistic fraternity, limited to upperclassmen who intend to enter the field of journalism after graduation.

and who have maintained a high academic rating in journalism courses.

Sigma Epsilon—Business administration honorary for upperclassmen. Provides a free income tax service to persons on campus each year, and sponsors social affairs.

Sigma Gamma Upsilon—Hotel honorary of the Hotel Administration department. Sponsors a conference of students and the nation's leading hotel men.

Sigma Lambda Chi—An honorary for housing and lumber merchandising students of junior standing with at least a 1.8 scholastic average.

Social Work Club — Membership limited to those majoring in social service. Provides speakers and discussions in the field.

Theta Sigma Phi—Women's journalism honorary requires active participation in some field of journalism of all members, and a high scholastic average in journalism courses.

POLITICAL INTEREST AREA

American Veterans Committee — An organization for veterans of the armed services which favors a liberal political program.

Spartan Citizens Committee — Open to all undergraduates. The committee provides an educational program to

stimulate interest in vocational, social, political and civic problems.

Students For Democratic Action — Promotes interest and participation in public affairs. Any student who subscribes to the SDA statement of principles may become a member.

Young Republicans Club — Open to all undergraduates who do not belong to any other political party or group. Promotes the growth and influence of the Republican Party.

ENGINEERING INTEREST AREA

Engineering Council—Consists of two men from each of the engineering societies on campus. Purpose is to sponsor and stimulate interests and activities within the engineering school.

Alpha Chi Sigma — National professional chemistry fraternity, limits its membership to majors in chemistry, chemical engineering, and metallurgy.

American Institute of Chemical Engineers — All students enrolled in chemical engineering courses are eligible to join. Speakers are brought to the campus to acquaint members with professional practices.

American Institute of Electrical Engineers—A national society limited to students preparing for the profession of electrical engineering.

American Society of Civil Engineers—National society for which all students who have completed four terms in Civil Engineering are eligible. Promotes lectures, meetings, and social activities.

American Society of Mechanical Engineers—Limited to students taking mechanical engineering. Brings nationally known speakers to the campus.

Metallurgical Engineering Society—An interest group for all students interested in the field of metallurgy.

Tau Beta Pi—Engineering honorary; honors outstanding students in the field and functions as an engineering service organization.

HOME ECONOMICS INTEREST AREA

Home Economics Club — Interest group for students who are majoring in home economics or Basic College home economics preference students. Affiliated with the Michigan Home Economics association, and the American Home Economics association.

Omicron Nu—Home economics honorary, promotes scholarship, leadership, and research in home economics. Membership is limited to junior and senior home economics majors who maintain a high scholastic average.

LIBERAL ARTS
INTEREST AREA

Alpha Epsilon Rho—Honorary radio fraternity, made up of students who have participated in radio programs in any major capacity. Radio broadcasts are prepared and presented by members.

Delta Phi Delta—Art honorary, sponsors art workshops, trips to art centers, lectures, and exhibits.

Dionysians — An all student group which writes, produces, directs and stages a musical comedy each year on campus during spring term.

International Relations Club — Open to all students. Members study and discuss international affairs and attempt to promote an interest in international problems among the student body.

Junto Club — Students must have completed the basic English course and one term's work in literature or composition to be qualified for membership. Promotes interest and attempts to further knowledge in the literary arts.

Kappa Alpha Mu — Photographic honorary of the Journalism department. Membership is limited to talented and interested photo-journalists of sophomore class standing or higher. Sponsors photographic exhibits.

Kappa Delta Pi—Education honorary, sponsors talks by speakers who present the chief educational problems of the day. Limited to upperclassmen with a high scholastic standing.

Le Tricolore—Students who are interested in France and the French language and who wish to speak French may join. Group discussions and the showing of films and slides are planned to increase the interest of students in France and the French language.

Mu Sigma—Music honorary, limited to women with a 1.8 all-college average. Holds recitals during winter and spring terms.

Phi Mu Alpha-Sinfonia—Professional music fraternity which attempts to advance the cause of music. Students must have finished their freshman year before they are eligible for membership.

Phi Alpha Theta—National history fraternity open to all students meeting the following requirements: 12 hours of history with over a 2.0 average, about 1.8 all-college and no failures. Holds one social meeting each term, formal banquet spring term.

Pi Kappa Delta—Interest group in forensics open to all students who have participated in a specified number of debates, or in oratory or extemporaneous speaking contests.

Pi Sigma Alpha—A national honorary for history and political science majors with a 2.0 in this field and not less than a 1.0 all-college average. Holds discussions on the Michigan Constitution and reviews books in the field.

Pre-Law Club—Limited to students who are taking pre-law training on campus. Obtains information on the various law schools for its members.

Psychological Society—Open to psychology majors and others who have demonstrated an interest in psychology. Members are afforded an opportunity to become more familiar with vocational opportunities in psychology and explore special fields of interest.

Radio Guild—Provides an opportunity for experience in all activities connected with the production of radio drama. Presents fifteen minute weekly shows over WKAR.

Sigma Delta Pi—Spanish language honorary, limits membership to students who have completed three college years of Spanish or the equivalent, with a high scholastic average in Spanish, and at least a 1.7 all-college average.

Studio Theater—Open to freshmen and sophomore students who manifest an active interest in dramatics, and to upper-classmen who are not active

members of Theta Alpha Phi. Presents a series of one-act plays and one full-length play each term.

Theta Alpha Phi — Students earn points toward membership by active participation in campus dramatics. Produces term plays, experimental theater work, and children's theater productions.

Tau Sigma—Honorary for students in the schools of Science and Arts, and Business and Public Service. Distributes an effective study booklet to freshmen.

MILITARY INTEREST AREA

Air ROTC Club—Open to all students enrolled in advanced Air ROTC.

Marine Corps Club — An interest group made up of honorably discharged former men and women of the Marine Corps and Naval personnel who were attached to Marine Corps organizations.

Officers Club — All students in advanced military classes are eligible for membership. Sponsors several social and educational events each year, and is the official organization for all ROTC extra-curricular activities.

Pi Tau Pi Sigma — National ROTC Signal Corps fraternity, open to all students in the Signal Corps branch of advanced ROTC.

Provost Corps—Limits membership to members of the Military Police branch of advanced ROTC with a 2.0 average in the course and a 1.0 all-college average.

Scabbard and Blade—Honorary for the advanced corps of cadets. Eligible students are notified by their first sergeant and upon expression of desire to affiliate, are considered for membership.

Spartan Guard—Open to all members of first and second year ROTC who maintain a high military and scholastic average. The group is noted for close-order drill and participates in numerous parades and exhibitions. It is the honor guard for the college and military department.

RECREATIONAL INTEREST AREA

Amateur Radio Club—Local group, owns an amateur radio station on campus. Senior members are licensed amateurs and supervise other members who wish to use the club's radio equipment.

Chess Club—An interest group for students interested in chess. Conducts tournaments among its members and inter-club matches to aid its members in improving their knowledge of the game.

Delta Gamma Mu—Interest group in women's fencing. Provides for fencing instruction and sponsors intercollegiate women's fencing meets.

Delta Psi Kappa—Women's physical education honorary, provides recreational events and studies the future promotion and requirements of recreational work.

D.Z.V. Brotherhood — An athletic brotherhood which aims to further the efforts of men interested in athletics through organizing teams for competition in all college athletic programs. Students who have athletic ability are eligible for membership. A unanimous vote of members is required for candidates to be admitted.

Green Splash—A women's swimming honorary which sponsors teams in speed and synchronized swimming. Presents an annual swimming pageant in the spring and plays hostess to the intercollegiate and A.A.U. swimming meets throughout the year. Membership is open to those who fulfill the scholastic and swimming requirements of the group, and show an active interest in water activities.

Jazz Club — Prospective members must declare an interest in jazz. Polls the student body for preference in name bands and soloists, holds jazz concerts, jam sessions, record sessions, and enables members to collect and exchange records.

Men's Glee Club—Membership approved by audition. Performs at functions on and outside campus. Annual banquet and final concert in spring.

Men's Physical Education Majors Club—Limited to men majoring or minoring in physical education, and instructors associated with physical education courses.

MSC Sailing Club—Open to all students interested in sailing. Participates in intra- and intercollegiate sailing programs.

MSC Skating Club — Students and faculty members who are interested in ice and roller skating may join. Teaches beginners and promotes skating activities.

Orchesis — Modern dance interest group open to women who are able to pass a test in technique and composition of the dance. A program of dances is presented each spring.

PEM Club—Limited to women majoring or minoring in physical education, the organization sponsors social affairs and publishes a newsletter of alumni doings.

Porpoise — Open to men who have shown a marked ability and active interest in swimming. All candidates for membership must have been in attendance at MSC for at least three terms.

Red Cedar Riding Club—Open to all students. Promotes interest in riding and horsemanship, and sponsors social activities which are enjoyable to those interested in the advancement of horsemanship.

Scimitar—Limited to men interested in fencing. Promotes interest and competition in fencing, provides for financial support to the varsity fencing squad, and promotes the ideals of sportsmanship.

Sigma Delta Psi—National athletic honorary open to those scholastically eligible according to the rules governing intercollegiate competition and who can accomplish certain athletic feats.

Ski Club—Open to all students, faculty members and alumni interested in skiing. Teaches and promotes the art of skiing and provides an opportunity for all members to enjoy the pleasures of skiing.

Spartan Bowmen—Open to all students or faculty members who are interested in archery. Sponsors intercollegiate and intramural archery matches.

Weight Lifting Club—Open to all students. Organized to promote physical and mental health through the use of weight training, posted reading material, and demonstrated exercises.

Winged Spartans—An aviation interest group. Owns two ships, participates in air meets and holds air meets of its own. Instruction in aviation is available to members at a minimum cost.

Women's Glee Club—Membership approval by audition. Gives concerts and participates in functions both on and off campus.

RELIGIOUS INTEREST AREA

Canterbury Club—An association of students sponsored by the Episcopal Church, with the aims of worship, study, service, giving, evangelism, and unity. Affiliated with the National Association of Canterbury Club.

Christian Science Organization — Sponsors lectures, literature distribution, and Christian Science services. Faculty, students, and their friends are at all times invited to attend the Tuesday evening meetings.

Christian Student Foundation—An interdenominational fellowship sponsored by Baptist, Methodist, Presbyterian, and Congregational Christian student movements centered at the College House of Peoples Church, and provides opportunity for participation in worship, religious study, and recreational activities.

Gamma Delta—An international association of Lutheran students. Sponsors a vesper service and religious discussions.

Hillel Foundation — Center of the Jewish community, open to all interested students regardless of religion. Regular religious, cultural and social programs.

Lutheran Student Club — Sponsors Sunday evening devotional and social hours, a yearly intercollegiate conference between regional colleges, and participates in a national summer camp.

Newman Club—Catholic student organization. Provides one religious, educational and social event each month; a marriage-doctrinal lecture series; sponsors a philosophy club; and is represented on approved student movement groups.

Religious Area Board—Made up of one member elected from each religious group active in student affairs. Correlates activities of the student religious organizations on campus.

Spartan Christian Fellowship—Open to all Christian youth. Sponsors Bible study, prayer periods, intercollegiate conferences, and social activities. Their purpose: "To know Christ and to make Him known."

YMCA—Open to any student who agrees with the organization's purposes and wishes to take an active

part in activities. Four interest groups within the YMCA promote many varied activities.

YWCA—An organization of women students who state as their purpose the desire to realize a full and creative life through a growing knowledge of God. Sponsors many charitable and educational drives and programs, as well as numerous social activities. Offices are in the College House of Peoples Church.

SCIENCE INTEREST AREA

Alpha Delta Theta — Professional medical technologists' sorority, sponsors lectures on current happenings in the medical world.

Pi Mu Epsilon—Mathematics honor society composed of students interested in mathematics who have attained a high scholastic average in that field.

Sigma Chi Gamma — A group of women students professionally interested in chemistry. For initiation, the declaration of a chemistry major in the applied science division is required.

MSC Geographer's Club — Membership is limited to students who have been accepted as a major or graduate student and the staff of the Geography department. Activities include

field trips, lectures, discussions, and social events.

Sigma Pi Sigma—Physics honor society. Objects are to award distinction to students having high scholarship in physics, to promote student interest in research and advanced study, to encourage a professional spirit and friendship and to popularize interest in physics.

Wildlife Conservation Club—Affords students in wildlife management the opportunity to meet members of state and federal conservation organizations. Open to all students.

Sigma Gamma Epsilon — Honorary of the earth sciences, schedules an annual lecture series.

Sem Bot—Honorary for undergraduates and graduates of the Botany and Plant Pathology department. Membership is limited to those with a 2.2 average in the field. Any interested student or faculty member may become an associate member.

SERVICE AND SOCIAL INTEREST AREA

Alpha Phi Omega—A national service fraternity, composed of former boy scouts of all nationalities and religions, dedicated to service to the student body and faculty, service to youth and community, service to

members of the fraternity, and service to the nation as participating citizens.

American Legion—For honorably discharged men and women of the armed services, students and faculty members. Offers services to the veteran and his family, sponsoring projects such as the co-op grocery and the Spartan nursery.

American Red Cross—Aids the work of the Red Cross at MSC, and sponsors entertainment programs at Percy Jones Veterans hospital.

Chinese Student Club—Composed of students who are interested in China. Purpose is the promotion of international understanding.

Graduate Student Organization — Any person enrolled in the school of graduate studies is eligible for membership. Organized to further social and cultural unity among the graduate students.

Hawaii Club—Open to all students from Hawaii and all others interested in the culture and affairs of that territory.

Independent Students Association—Any student not a member of a sorority or fraternity may become a member. ISA sponsors an annual talent show, a flash card cheering section at football games, a ride bureau, and aids in other campus services. It also holds parties, picnics, and dances.

International Club — Open to students of other countries, language students, and those who have traveled abroad. Promotes closer relations among the students of all countries.

Knickerbocker Club—Membership is limited to students living in or near New York City. Promotes alumni relations in N.Y.C.

Latin American Club—An interest group limited to Latin American students and students who speak Spanish and fulfill qualifications required of members of the International Club. Members serve as tutors in Spanish, collect Latin American music, give talks to other groups, and are organizing a Latin American library.

Mariners Club—Open to any student, graduate, or faculty member who served in the Maritime Service of the United States.

New Jersey Club—Open to all students who have maintained residence in New Jersey. Promotes social affairs and charters rides to New Jersey between terms.

Spartan Women's League — Open to all women students. Sponsors the annual "Carousel," a breakfast for Tower Guard members, and aids in sponsoring the "Spinsters' Spin."

Town Girls — Open to all women students living off-campus in Lansing

or East Lansing with parents, relatives or friends, in houses not regularly approved by the college. Meets weekly in the Union for luncheons.

VETERINARY MEDICINE INTEREST AREA

Alpha Psi — Veterinary medicine honorary, requires a high academic rating for membership. Sponsors trips to laboratories for members.

American Veterinary Medicine Association—Regularly enrolled students of veterinary medicine may become members. Sponsors educational and social affairs.

Gamma Phi — Women's veterinary medicine interest group, open to all women who have achieved sophomore standing in the school of veterinary medicine. Sponsors lectures, field trips and social affairs.

Veterinary Council—Represents the students of Veterinary Medicine and Medical Technology. Purpose is to promote scholarship, social and political activity, closer student-faculty relationships, foster a consciousness of unity within the school and promote the general welfare of veterinary students.

SPORTS AT STATE

Athletic Director Ralph H. Young has been at Michigan State College for 26 years and is in complete charge of all men's athletic training and sports at the college.

Assisting Young is Lyman L. Frimodig, assistant director of athletics.

Overall supervision of athletic teams and events is in the hands of the Michigan State College Athletic Council, a 13-man body made up of representatives from the faculty, alumni and student body. The council acts subject to the approval of the faculty.

The Sports List . . .

Michigan State competes in 13 sports on an intercollegiate basis. Included are:

- Football
- Cross country
- Basketball
- Swimming
- Wrestling
- Boxing
- Fencing
- Gymnastics
- Track
- Baseball
- Golf
- Tennis
- Ice Hockey

Intramural Sports

The Intramural Sports program at Michigan State College is conducted primarily for those students who are not Varsity athletes. The program includes some 30 activities. Participating in these various sports during the school year 1948-49, were some 6,780 men. Various activities are offered each term. For further information on any of the following activities, call H. F. Beeman, Director Intramural Sports Program, at Ext. 687.

FOOTBALL

The Spartan football coaches are:
Head Football coach—Clarence L.

(Biggie) Munn

Backfield coach—Forrest Evashevski

Line coach—Hugh (Duffy) Daugherty

Ends coach—Earle L. Edwards

Assistants—John H. Kobs, Alton S.
Kircher

Freshman coach—Robert L. Flora

Trainer—John G. (Jack) Heppinstall

1949 Team Captain—Harold Vogler

Michigan State's 54th year of football will begin September 24 against

the University of Michigan at Ann Arbor. The Spartan team should be a very fine one, and it will have an unusual incentive to do its best: It will be the first Michigan State grid team to take to the lined turf since State's admission to the Western Conference.

The football team will have 27 returning major lettermen, including such stars as Lynn Chandnois, right halfback; Don Mason and Ed Bagdon, probably the best pair of guards in the country, and numerous others.

FOOTBALL FACTS AND FIGURES

1948 Record

		MSC
Michigan	13	7
Hawaii	21	68
Notre Dame	26	7
Arizona	7	61
Penn State	14	14
Oregon State	21	46
Marquette	0	47

Washington State	0	40
Santa Clara	21	21

1948 Record: Won 6; Lost 2; Tied 2.

1949 Schedule

- Sept. 24—University of Michigan
at Ann Arbor
- Oct. 1—Marquette
at East Lansing
- Oct. 8—University of Maryland
at East Lansing

- Oct. 15—William and Mary
at East Lansing
- Oct. 22—Penn State (Homecoming)
at East Lansing
- Oct. 29—Temple University
at East Lansing
- Nov. 5—Notre Dame
at East Lansing
- Nov. 12—Oregon State
at Portland, Oregon
- Nov. 19—University of Arizona
at Tucson, Arizona

BASKETBALL

The basketball team will be operating under a new head coach, Alton Kircher, himself a court leader at Michigan State some years back. Kircher has promised to emphasize speed in his offensive operations, and a thrilling brand of ball can be expected.

Returning basketball lettermen are: John Granack, Hugh Dawson, Bill Rapchak, Jim Snodgrass, Robert Robbins and Raymond Steffen.

These men plus a group of likely looking sophomore candidates are expected to improve considerably on last season's record of nine victories in 21 games.

BASEBALL

Varsity baseball is by John Kobs, a 25-year veteran on the job. His teams have been outstanding year after year,

and his 1949 team, which won 19 and lost 8, was among the best. Assisting Kobs is Alton S. Kircher, who is also head basketball coach.

SWIMMING

Coach Charles McCaffree, Jr. leads the Michigan State swimming team. Since coming to State in 1941 he has helped the Spartans to seven successive Central Collegiate Conference titles. Two Spartan splashers made the 1948 Olympic team.

WRESTLING

Wrestling mentor Fendley Collins has established MSC as the Midwest wrestling stronghold. Two Spartan grapplers were on the 1948 Olympic team.

BOXING

Perhaps the most rapidly growing sport at Michigan State is boxing. The national collegiates were held here last winter, and the Spartan mittmen placed second to Louisiana State. An even better team should be coming up this year under Coach George Makris.

TRACK

Last year's Michigan State track team was the greatest in history. It swept the Central Collegiate conference and IC4A indoor and outdoor championships, won every dual meet

except one which was tied, and placed fourth in the national collegiates. Coach Karl Schlademan has another fine team coming up this year.

TENNIS

A former MSC tennis captain, Harris F. Beeman, is the tennis team coach. His 1949 team won 11 and lost three matches. His 1950 team should be even better.

GYMNASTICS

George Szypula, former N A A U tumbling champion of 1940-43, has brought the gymnastics team along beautifully in the two short years of its existence. Already it boasts an outstanding national star in Mel Stout, who will be back this year.

ICE HOCKEY

Michigan State's newest sport is coached by Harold W. Paulsen, former Minnesota All-American. Competition will begin in State's new ice arena this winter.

FENCING

Charles Schmitter coaches the fencers, who regularly meet the best teams in the Midwest.

GOLF

Ben VanAlstyne, retired basketball coach, continues in harness as coach of the golf team, which plays a tough intercollegiate schedule each spring.

Traditions and Traditional Events

TRADITIONS AT STATE

Traditions are a rich part of life on the MSC campus. Developed over many years, they have come to be an integral member in the diverse educational being that is Michigan State College. Every student feels it to be his personal duty to watch over these traditions to help them along, as his token of appreciation to those who have gone before him and those who will come later.

The more outstanding MSC traditions follow:

Everyone at Michigan State does his very best to preserve the long standing title of the "friendly college," by fostering the friendly spirit and habits of nodding and speaking to everyone he meets on campus and by offering aid to anyone who seems a little bewildered by all the hustle and bustle.

Of all the beautiful campuses in the United States, Michigan State College has on many occasions been judged the most beautiful. All who have studied or served here are very proud of this record, and each of us takes special pains to keep off the lovely green carpet of grass that has contributed so much in gaining this honor.

Beaumont Tower, which rests on the

site of the first college building, was given to MSC by a wealthy alumnus, Mr. John W. Beaumont, in 1928. It is definitely a trade mark of this university known throughout the nation. No such well known structure can long withstand the pressure of tradition, and "Beaumont" is no exception; no coed is officially a member of MSC's vast pageant until she has been kissed at midnight in this vigil's shadows.

Voices softly serenading is signal for lights out and quiet please. If a fellow's fraternity brothers are serenading his newly pinned girl do not clap. If the boys are serenading the house, give them plenty of applause.

We are extremely proud of the exploits of our many capable athletes, and in consideration of them high school letters are absolutely forbidden on campus.

The friendly spirit and beautiful buildings have fostered a homey atmosphere which makes each person feel that MSC is his own personal home. We leave our names in the memory of the services we have done rather than upon the trees and walls of the buildings.

There is one spot on campus which tradition and Dan Cupid have reserved for the couples who are more serious in their intentions. Although there is no sign stating "reserved for engaged couples," everyone at State knows that those who sit on the stone bench just north of Beaumont Tower are definite about their future.

In consideration of the non-smokers and the "lush" furnishings of the women's dormitories, no one smokes in the academic buildings or the women's dorms except in designated places in the latter.

TRADITIONAL EVENTS

Soph-Frosh Tug-of-War

Since time memorial there has been a Class Day at MSC. Today we as sophomores carry on the long standing tradition of challenging the freshmen to a contest of superiority by proposing a tug-of-war with each class defending one bank of the Red Cedar river after which we defend the glorious Sophomore banner from the onslaught of the Frosh.

The Dances

The four classes each sponsor a special dance annually. The Senior Ball, the J-Hop, the Sophomore Ball, and the Frosh Frolic are parties especially for the particular class members but are open to all students and their guests.

A tradition borrowed from the "Old South" is the Mardi Gras, an all-college costume dance held each spring term. The highlight of the evening comes with the crowning of the king and queen who are elected from the student body.

Lantern Night

Only coeds participate in Lantern Night, a procession of senior and underclass women held during senior week. Lantern night symbolizes the transferring of duties from the upper-classmen to the next senior class. The lanterns carried by the seniors are passed to the juniors in a simple ceremony. Another part of the festivities is the giving of about 150 carnations to outstanding senior women for their service to the college and the new officers of AWS, Tower Guard, and Mortar Board are installed also.

Activities Carnival

A recent tradition, it all began last fall, is the Activities Carnival. Each organization is given the opportunity to show the freshmen how it aids the students scholastically, morally and socially during their years at MSC.

Water Carnival

The annual three-day Water Carnival is 23 years old this year. The event centers around 45 floats, built by various student organizations, which pass before an audience of 4,500 persons each night during the gala pageant.

Other features of the Water Carnival are the traditional water sports contests consisting of canoe tilting, canoe racing, and log birling and the land float parade which takes place on the afternoon of the last day of the carnival.

Fraternity and Sorority Sings

Students gather about the bandshell on two successive nights each spring to hear the annual Fraternity and Sorority Sings. A cup is given each winning group on each night, and winning it three successive years gives the house permanent possession.

May Morning Sing

Come May first and it's the May morning Sing at Beaumont Tower. New members of Tower Guard and Mortar Board, sophomore and senior

women's honoraries are serenaded early this morning, and this is the first indication of who is to be tapped into these organizations.

Senior Swingout

This is the first of a series of senior activities and consists of the graduating seniors in caps and gowns marching around campus.

Alumni Day

Alumni Day has been a tradition for several years and is always held the Saturday before commencement. Outstanding events on this day are the Patriarchs Club Dinner, honoring the golden anniversary class and the luncheons of each five year class.

Homecoming

One "football Saturday" is set aside each year for Homecoming. The "old grads" all gather on campus for reunions with their classmates, to see MSC beat their foes on the gridiron and to note the changes in the campus scene. Each fraternity and sorority decorates its house with welcoming displays in preparation for the return of alumni members.

MICHIGAN STATE COLLEGE SONGS

Whenever Spartans meet to enjoy
or recall days at MSC, these songs are
always in order. Every true Spartan
should know them.

MSC Shadows**(Alma Mater)**

M.S.C., we love thy shadows
When twilight silence falls,
Flushing deep and softly paling
O'er ivy covered walls
Beneath the pines we'll gather
To give our hearts to thee,
Sing our love for Alma Mater
And thy praises, M.S.C.

When from the scenes we wander
And twilight shadows fade,
Our mem'ry still will linger
Where light and shadows played;
In the ev'ning oft we'll gather
And turn our thoughts to thee,
Sing our love for Alma Mater
And thy praises, M.S.C.

Fight Song

On the banks of the Red Cedar
Is a college known to all;
Their specialty is winning,
And those Spartans play football.
Spartan teams are never beaten—
All through the game they fight—
Fight for the only colors
Green and White.

MICHIGAN STATE COLLEGE 101

Chorus

Smash right through that line of blue,
Watch the points keep growing,
Spartan teams are bound to win,
They're fighting with a vim.

Rah! Rah! Rah!

See their line is weakening,
We're going to win this game,
Fight! Fight! Rah team, Fight!
Victory for M.S.C.

College Housing

MARRIED HOUSING

Married housing in the college trailers and apartments is, at present, limited to married veterans already enrolled or approved for admission. Applicants with children may request an application for both the expansible type trailers and the barracks apartments. Couples without children may make an application and deposit for the standard trailers and will automatically be placed on a waiting list for an application to the barracks apartments. Those not wishing to apply for the standard trailers but would like their name added to the waiting list for an application to the barracks apartments should so indicate. Usually the trailers accommodations are available first.

Either the husband or wife must be a veteran and the veteran carry at least 12 academic credits through three quarters each year. Exceptions are made for graduate assistants and other students as recommended by the Dean of their school and approved by the manager of Married Housing.

Students may sub-let their accommodations one quarter per year if approval is obtained from the manager's office.

A nursery, operated by the college, is available to the veteran student families for pre-school children.

A list of facilities off-campus may

MICHIGAN STATE COLLEGE 105

be obtained in the housing director's office and is available to interested veteran and non-veteran students.
