STUDENT
AFFAIRS &
SERVICES

August 1, 1985

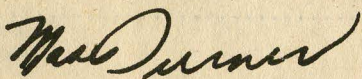

Dear MSU Student:

Within this resource guide you will find information on a great many programs and services that students have found helpful in pursuing their careers here at Michigan State University. I encourage you to learn more about your University, the community in which you live, as well as your rights and responsibilities as a student.

In a university, as in any community, it is necessary to have regulations by which members abide and by which functions are organized. The standards must be stringent enough to provide an atmosphere conducive to intellectual and personal development. It is intended that the second part of this guide will serve to inform you of the rules, regulations, rights and responsibilities that have been promulgated in the interest of all members of the University community. During your enrollment you are expected to abide by the rules and regulations as set forth in this guide, as well as the University catalog and other official University publications.

We are proud of the students, faculty, and staff who have contributed in many ways to the important activities, programs, and service of the University. It is our hope that you personally will take advantage of the many opportunities available for a full and rewarding experience while you are here. The staff of the Division of Student Affairs and Services stands ready to assist you in this endeavor.

Sincerely,

Moses Turner
Vice President for Student Affairs
and Services

ACADEMIC AFFAIRS

As a student, success in your academic program should be of primary concern. Success comes more easily when you understand the specialized language of the campus and know where to go for assistance with academic questions.

The following glossary presents definitions of official terms, as well as some commonly used words and phrases. There are also brief descriptions of many important services, offices, and programs. Cross references indicate where you can get more information.

The remainder of the section describes some of the academic support services available during your stay at MSU.

Note: The official and most complete source of information on academic affairs is the Academic Programs section of the University catalog. Consult it for policies, regulations, requirements, and procedures regarding academic matters. The Schedule of Courses, published each term, includes information about enrollment and registration procedures and scheduling information about the courses offered in a given term.

GLOSSARY

Academic Calendar...includes all those dates that are essential to MSU students—graduate as well as undergraduate. Included are enrollment and registration information, deadlines for dropping and adding courses, and deadlines for applying for financial aid. A basic version appears in each term's *Schedule of Courses*; a somewhat expanded version is printed inside the back cover of this book, and a detailed copy comes at the front of the *Student Directory*. Review the calendar often, especially if you are graduating or changing enrollment. The long version also lists many campus activities.

Academic Programs...one volume of the University catalog. It includes descriptions of all programs by each college, lists of faculty members, outlines of University services, and academic rules and procedures. Be sure to keep your copy for reference.

Academic Year...at MSU runs from September to June, or from Fall Term through Spring. If you plan to interrupt your enrollment for one or more terms (excluding summers), you should read about "Readmission."

Add...changing enrollment by adding a course. During the second through fifth days of classes, go to the teaching department offering the course. After five days, start by seeing your adviser. The procedure is included in the *Academic Programs* under "Change of Enrollment." The person signing your enrollment card will be able to tell you whom to see next. If more money is required, staff in the Registrar's Office will let you know.

Audit...sitting in on a course without getting credit or a grade. Currently enrolled students cannot be auditors (see "Visitor").

Adviser...your personal contact at MSU who helps you through the academic maze. Some departments and colleges employ an advisement center staff; others assign students to individual faculty members; and No-Preference students are advised through the Student Affairs Office of the Undergraduate University Division. Either way, your adviser helps you plan your overall program, make choices in major fields, and weigh career options. The advising process works best if you prepare yourself. Read the various University and department publications, consider how these relate to you, and weigh your interests. You should always plan ahead for any meeting with your adviser. If you do not know who your adviser is, check with your department office. If problems develop in your relationship with your adviser, talk with the assistant dean of your college.

Catalog...See "*Academic Programs*" and "*Descriptions of Courses*."

Class Card Arena, or as students call it, "The Pit"...the area of registration where you make schedule adjustments. Each department has an area where representatives provide the necessary cards and signatures for adding or dropping courses. Before you can add new courses or drop ones in which you enrolled, you must get approval from your academic adviser, or your college adviser in "the pit." Information personnel and college advisers are there to help.

Class Codes...applied to students by the Office of the Registrar to reflect the number of credits earned. With less than 40 credits, you are a freshman coded level 1; 40 to 84 credits, a sophomore coded 2; 85 to 129 credits, a junior coded 3; 130 credits or more, a senior coded 4. Other class codes apply to special, graduate and graduate-professional students. (See the *Student Directory*.) Class codes may change at the end of any term.

Credit by Examination...qualified students may earn credit in a course by proving mastery of the required material and skills. Some courses are designated for credit by examination in the *Schedule of Courses*; others may be so designated at the student's request. Certain rules apply to credit by examination, so you should consult the *Academic Programs* and talk things over with your adviser.

CR-NC (Credit-No Credit)... a grading option which allows students to earn course credit without getting a numerical grade. Certain rules apply to CR-NC, so be sure to consult the *Academic Programs* and your adviser.

Cumulative Grade-Point Average (GPA)... figured by dividing total grade points earned for all terms by total credits carried for all terms. Credits from CR-NC or P-N courses are not counted, and only the last grade from a repeated course counts. Each term's grade report shows the cumulative GPA.

Curriculum...is the program of academic study that you have selected. This term is usually (but not always) interchangeable with the term "major." The various curricula offered are listed in the introductory section of the *Student Directory*. If you have any questions at all about your curriculum, or its requirements, contact your academic adviser as soon as possible. Guessing, or relying on information from individuals other than your adviser, may cause you to make an error in your academic program that could needlessly delay your graduation.

DF-Deferred...is given to graduate students doing satisfactory work but who cannot complete a course's requirements during the term. The work must be completed within two calendar years if credit is to be earned. Undergraduate and graduate-professional students may receive DF in courses approved for DF (usually those in which the work extends beyond one term). In either case, if the work is not completed DF/N for "deferred, no grade" will appear on the grade report, and no credit will be granted. It is not wise to collect many of these, for they have a way of getting out of hand.

Deferred Payment Plan...Up to one-half the term's total charges may be deferred for people living in University housing. (This includes university apartments.) The deferred payment may be arranged at registration, and due dates for the payments appear in the *Schedule of Courses*. There is a fee for each installment and a penalty for late payments.

Descriptions of Courses...volume two of the University catalog contains a description of each course offered by MSU.

Dismissal...an undergraduate student is not allowed to register at MSU when he or she has repeated more than 30 credits, has failed too many courses, has received grades of 0.0 in 12 or more credits in a given term, or has failed to meet the requirements set for being readmitted. No prior warning is necessary. Dismissal does not imply that you can never return to MSU. (Refer to the *Academic Programs* for details.)

Drop...changing enrollment by eliminating a course from your schedule. The procedure is the same as for adding courses; however, the deadlines are different. If you are dropping courses without adding others, you may be eligible for a refund. Consult the *Academic Programs* for the refund policy and the academic calendar for deadlines. If you are dropping all of your courses, see "Withdrawal."

Dual Enrollment...A senior less than 15 credits away from graduation may be admitted to a graduate program and be dually enrolled for graduate study while completing the requirements for a bachelor's degree. Limits of three terms and 18 credits apply, along with other conditions. If you are interested, start by talking to your adviser. (Refer to *Academic Programs* for details.)

Early Enrollment...gives currently enrolled students the chance to sign up for courses they would like to take the following term. About the middle of each term, the *Schedule of Course* for the following term and Registration Section Request Forms are available. Just follow the "Enrollment and Registration Instructions" printed in the schedule book. Be sure the courses you select are in accordance with your Academic Progress Plan and are approved by your advisor.

Early Registration...If you have early enrolled, and are in good academic standing, you can pick up your Section Reservation Enrollment Card and Permit to Register at your college during finals week and then go to IM West to complete registration and pay fees.

Evening College...a division of Lifelong Education Programs, offers a variety of noncredit courses and programs. Most require one meeting per week with MSU faculty or special guest lecturers in an informal setting on the campus. There are no exams, grades, or transcripts and courses do not count toward graduation. The Evening College office is in 18 Kellogg Center, 5-4562.

Field Experience...is work done in an "on-the-job" setting. Many departments and colleges consider this an important part of students' work and recognize it as a distinct course. For instance, if you are interested in teaching reading and sign up for ED475, you will be placed in a school to help with a reading program. Most departments offer similar courses, although they may be called "practicum," "field study," or "professional experience." Check with your adviser, and read *Academic Programs* and *Descriptions of Courses*.

General Education Requirement...Each MSU student must earn a minimum of 45 credits in courses approved for general education or in approved substitutes. Nine of the required 45 credits in general education must be earned by completing appropriate courses in ATL or an approved substitute. For the remaining 36 credits each student must earn no fewer than 9 and no more than 16 credits, including any approved substitute, in each of three areas: arts and humanities; biological, physical, and mathematical sciences; and social and behavioral sciences. Consult *Academic Programs* and *Schedule of Courses* for additional information. Your adviser can help you plan your program so that you meet the requirements with courses that fit your needs and interests.

Grad Assistant... is a graduate student employed by the University, usually as a teaching assistant. Some grade exams, others teach lab or recitation sections, and some teach an entire course.

Grade Point Average (GPA)... is a measure of performance for each term's work and is printed on the grade report. It is figured this way: Multiply the grade for each course by the number of credits it carries to get the points for each course. Add up the grade points and credits. Divide the total credits into the total grade points, and round off to two decimal places. If your average is under 2.00, check out the sections on "MAPS," "dismissal" and "recess"; if it is over 3.40, look into the information about Honors Programs.

Graduate-Professional Student... a person in one of three professional programs: Human Medicine, Osteopathic Medicine, or Veterinary Medicine. These programs lead to the M.D., D.O., or D.V.M. degree, respectively.

Guest Status... allows MSU students to take courses at other schools—either during the summer or the regular academic year—and to transfer credits to MSU. If you plan to attend another Michigan school, start by visiting the Office of Admissions and Scholarships (250 Administration Building) and getting the Michigan Uniform Undergraduate Guest Application form. For an out-of-state school, you will need to get regular admissions forms. Discuss the proposed plan with your adviser, check the sections on "transfer credit" and "transfer evaluation," and read the appropriate section in *Academic Programs*.

Hold Card... indicates that the student may not continue the registration process because of an outstanding debt to the University, a disciplinary action, or failure to comply with conditions of enrollment. Most cases involve a bill which can be cleared up by paying the debt. ("Judicial" or "condition-of-enrollment" holds are rare and usually do not come as a surprise.) There are "hold windows" at registration where you can get an explanation of the problem and a suggestion for resolving it. (See "Hold Card Policy" in Part III of this book.)

IDC... stands for "Interdisciplinary Courses." Such courses cut across the usual academic divisions, and stress a variety of approaches to the subject. Usually several faculty members teach portions of the course, or numerous guest lecturers appear.

I-Incomplete... is given at the instructor's discretion to a student who has finished at least eight weeks of the term but can not complete the class or take the final. One also has to be doing satisfactory work and be able to complete the work without repeating the course. All the work has to be done by the middle of the student's next term in attendance if that term is within one calendar year following the receipt of the I. Otherwise, the "I" becomes a 0.0 or N—depending on the grading system. As with DF, you should not get too many because the work load really builds up.

Independent Study... is highly individualized work providing greater depth of study. Such a program must be outlined in writing, supervised by a faculty member, and approved by your adviser and the teaching unit at the beginning of the term. Most departments and colleges set aside course numbers for "Honors Work" or "Special Projects" allowing variable credit. Grades are determined on the usual scale. For additional information, refer to *Academic Programs*.

Late Registration... is completing the registration procedure after the close of the regular period. Late registration must be completed within the first five class days of the term, and there are charges—\$1 per credit on the first day and \$2 per credit after then.

Lifelong Education... is a major institutional thrust for MSU. In 1975 the Board of Trustees created Lifelong Education Programs under a dean. Its charge was for Lifelong Education Programs to work with academic colleges and departments in developing lifelong education opportunities especially for, but not limited to, students who do not fall in the 18-22 years old "traditional college age bracket." The resulting opportunities include credit and noncredit courses, programs, conferences, and workshops on the campus and at sites throughout Michigan and around the world. Some degree programs can be completed entirely off the campus.

Lower Division... consists of freshmen and sophomores—class codes 1 and 2. Most freshmen and sophomores are enrolled in the Undergraduate University Division (UUD). Such students may declare a field of study as a major preference and be assigned an academic adviser in that field; however, the academic responsibility for such students rests solely with UUD. (See UUD.)

Major... See "Curriculum."

MAPS... The "Minimum Academic Progress Scale" lets students know where they stand in their progression toward graduation, which requires a cumulative 2.00 GPA. The *Academic Program* includes the chart and an explanation of how to use it. There are other considerations as well, so if you are close to a 2.00 you should read these carefully and talk with your adviser.

N-No Grade... means you will receive no credit. It is given to students who drop courses after the middle of the term while doing passing work. It also shows failure to earn a "P" grade in a P-N graded class.

No Preference Major... is a choice available to all students with less than 85 credits (except transfer students with 70 or more credits). The option exists to allow you to put off selecting a major until you have a chance to sample courses from several areas; however, you have to settle on a specific major by the time you are a junior (85 credits).

Office Hours for Faculty...are the hours set aside by faculty members for meeting with students. Each person handles office hours differently; some want you to make appointments and others have an open-door policy. Early each term, your profs will let you know when and how to see them. Make a note of the times. Instructors are willing to help you with a question or problem if you will talk with them. (If you forget an instructor's office hours, the department's secretary can help you.)

Ombudsman...See "Ombudsman's Office" at the end of this section.

Overseas Study...Studying abroad can be an enriching experience, both academically and personally. The Office of Overseas Study, a division of Lifelong Education Programs, facilitates MSU study programs in Western and Eastern Europe, Asia, the Middle East, and Latin America throughout the year. The office in 108 Center for International Programs also offers students information on other programs sponsored by American universities and foreign institutions.

Pass (P) Grade... the grade given for successfully completing a course approved for Pass-No grade (P-N) grading. The course credits count toward graduation and in figuring out MAPS, but do not affect grade point averages.

P-N...the pass-no grade grading system applies to certain courses, such as field experience or student teaching. You either get credit (P) or don't (N) depending on how you perform. Classes to which this applies have "P-N" printed before the course number in the *Schedule of Courses*. (See "CR-NC.")

Permit to Register...this card must be shown at the entrance to Intramural-Recreative Sports-West or you are not allowed in to register. You may pick up the card, along with the Section Reservation-Enrollment Card, at your college or department office.

Placement Tests... help you and your adviser decide which courses you should take —especially during your first term. Low scores may mean that you will need some remedial-developmental-preparatory courses. High scores may mean that you can enroll in more advanced courses. For additional information, consult the *Academic Programs*.

Prerequisite...is something that is required before something else. In the *Schedule of Courses* you will find a column with this heading under which several things may appear. Course numbers may be listed; if so, these courses will have to be completed successfully before you enroll in the other course. Approval of the department offering the course ("Appr of dept") may appear; in this case, check with the department office for requirements for enrolling. If "See catalog" shows up, more complicated prerequisites may be involved. Read the *Academic Programs* and *Descriptions of Courses* and talk with your adviser.

Readmission...is the process of getting back into MSU after being out one or more terms (summer term excluded). It starts with an application for readmission from the Office of the Registrar (50 Admin. Building). If you were a student in good standing, the process doesn't take long—a month. People going from undergraduate to graduate programs must complete an application for admission to graduate study. Those changing graduate programs should contact the department offering the new program. If you have been on "recess" or "dismissal," then you should refer to "Readmission after Academic Recess or Dismissal" in *Academic Programs*.

Recess...Having given the student prior written warning, the University requires a student to drop out of school for a specified period of time because of failure to attain the minimal acceptable level of academic performance. The student normally gets a second chance to "make good" at MSU, so a student may apply for readmission once the period of recess ends. See "Academic Actions" and "Readmission after Academic Recess or Dismissal" in the *Academic Programs*.

Registrar's Office...is charged with keeping your academic records—both past and present. Most questions about your records can be answered by someone at this office. If not, they will be able to tell you whom to contact.

Regional Centers...give Michigan residents close-to-home contact with MSU. University information, especially about courses, programs, and services extended from the campus, is available in the Lifelong Education Programs Regional Centers in Benton Harbor, Birmingham, East Lansing, Saginaw-Flint, Grand Rapids, Marquette, and Traverse City. Extended activities include year-round schedules of courses and non-credit study opportunities. On the campus, information on the regional centers and extension activities can be obtained from the Office of External Courses and Programs, 5 Kellogg Center, 355-0150.

Remedial-Developmental-Preparatory Courses...are required of some MSU students so that academic weaknesses may be overcome. Students scoring poorly on certain placement tests may be required to complete such courses. Academic departments may require their students to complete certain remedial-developmental-preparatory courses, as well. In either case, the *Schedule of Courses* indicates these courses by a four-digit number, and the guidelines for the various types appear in *Academic Programs*.

Residence...refers to your having to enroll for a minimum number of credits on the East Lansing campus before MSU will grant you a degree. (The actual numbers appear in *Academic Programs*, but they probably will not effect you unless you have a lot of transfer credits.)

Resident...the University determines whether you are a resident of Michigan. Since your rate of tuition can be affected, very specific criteria have been developed and appear in the *Academic Programs* under "Out-of-State Tuition Regulations." MSU makes a first determination on the basis of your home address at the time you apply for admission. This may be changed if certain criteria are met. An appeal procedure does exist. Contact the Office of the Registrar for assistance.

Residential Programs...MSU offers two distinctive residential programs. Lyman Briggs School, located in Holmes Hall, specializes in the physical and biological sciences. James Madison College, located in Case Hall, stresses public affairs programs. These programs accept transfers from within the University, so if you are interested in one, read about it in *Academic Programs* and contact the unit's student affairs or advisement office.

Schedule of Courses...See "Note," first page of this section.

SIRS...Stands for "Student Instructional Rating System." Each term in every class you will get a form on which you can evaluate the instructors. (You do not need to identify yourself.) A major purpose of SIRS is to provide instructors and teaching units with information about their instructional practices so that classroom effectiveness may be maintained at the highest level of excellence. So make use of your opportunities to help your instructors and improve your classes.

Special Student...refers to students with class code 5. This is a catchall term for the following: high-achieving high school students; Lifelong Education unclassified status students; agriculture technology guests; English Language Center students; and those in other special programs.

Syllabus...is an outline of a course. Lecture topics, reading assignments, exam dates and material to be covered are usually included. Some courses, mainly those with General Education designations, have formal and complete syllabi which can be purchased at the bookstores. Keep the syllabus as it is valuable when studying for tests.

Thematic Studies Programs...are interdisciplinary subject areas not included in a single college or department. Completion of a program is noted in your academic records. Four programs are available: Film Studies, Islamic Studies, Jewish Studies, and Women's Studies. If one interests you, read the requirements in *Academic Programs* and talk with your adviser.

Transcript...is a copy of your permanent academic record. These records reflect courses, credits and grades; special notes about teaching certification, dual majors, thematic programs, transfer information and such appear. If you simply want to look at your record, visit 150 Administration Building. A transcript may be obtained for \$3 in 50 Administration Building. You can order it one day and pick it up the next, or you can handle the transaction by mail.

Transfer Credits...credits earned by completing courses at another school. The credits apply toward a degree from MSU and the course names and credits are added to your MSU academic record. The number of credits you may transfer is limited and upper division students may not transfer work from two-year schools. A variety of other rules apply, too, and it is important to plan carefully. Start by reading the rules in *Academic Programs* and contact your college's student affairs office. If questions remain, talk to someone about Transfer Evaluation. (See next.)

Transfer Evaluation...is done by the Office of Admissions and Scholarships, but academic departments prepare guidelines for recognizing transfer work. If you have questions about transfer credits or their evaluation, contact your academic adviser or a staff member in Admissions.

Upper Division...juniors and seniors with class codes 3 and 4, respectively. To get upper division standing, you have to declare a major and be accepted by a college as a degree candidate. This presents little difficulty if your academic performance falls within the "MAPS" or you are not interested in a highly competitive major. If you feel uncertain about your position, see your adviser.

Visitor...a currently enrolled MSU student who with approval is enrolled in a credit course on a non-credit basis. You can re-enroll in the course during a later term and receive the credits. To visit, you need approval of your adviser and the chairperson of the department offering the course. Fees for "visiting" are the same as for taking a course for credit.

Withdrawal...means voluntarily leaving the University within the term. If you decide to drop all of your courses or your only course before the term is completed, you must withdraw. The withdrawal procedure begins in the Office of Student Records and Withdrawals, 101 Student Services. You may withdraw until the end of the eighth week of a regular term or prior to the end of the fourth week of a five-week summer term. Consult "Withdrawal Procedures and Policies" in Part III of this book. The deadlines for withdrawing and for receiving fee refunds are listed on the inside of the back cover.

STUDENT ACADEMIC AFFAIRS

Each college or major academic unit maintains an office or special staff for assisting students with academic matters such as enrollment, changes of major, class changes, academic advisement, and withdrawal and readmission procedures. Not all of the offices are exactly alike, so become familiar with the one appropriate for you.

THE UNDERGRADUATE UNIVERSITY DIVISION

UUD enrolls and is administratively responsible for all freshmen and sophomores, except for those in Lyman Briggs School and James Madison College. Students remain in UUD until they earn 85 credits and attain junior standing. (To continue at the University, you must be accepted as a major by one of the colleges offering baccalaureate degree programs.) Freshmen and sophomores without a major preference (that is, No-Preference students), are advised by the staff of UUD. Freshmen and sophomores with major preferences are advised by the

departments and colleges they plan to enter as juniors; they are welcome to seek additional assistance from the UUD's offices.

The Undergraduate University Division provides many services to students through its Student Academic Affairs Offices, the Learning Resources Center, the Office of Supportive Services, the Office of Programs for Handicapped Students, and Upward Bound. The UUD has experienced advisers to assist you if you need information or help in overcoming academic problems.

Student Academic Affairs (SAA) Offices: UUD has four Student Academic Affairs Offices which are open from 8 a.m. to 5 p.m. Monday through Friday. No appointment is necessary.

229 East Akers: Students residing on East Campus (Akers, Fee, Holmes, Hubbard, McDonel). Ph. 353-6387

170 Bessey: Students residing in main campus halls and off campus. Ph. 355-3515

109 Brody: Students residing in Brody (Armstrong, Bailey, Bryan, Butterfield, Emmons, Rather). Ph. 353-3863

S33 Wonders: Students residing on South Campus (Case, Holden, Wilson, Wonders). Ph. 353-1660

ACADEMIC SUPPORT RESOURCES

The University has developed some special services to provide information and assistance for support of your academic efforts. The following is a list and brief description of some of these resources.

INTRAMURAL SPORTS AND RECREATIVE SERVICES

201 IM Sports-West (Main Office)	355-5250
103 IM Sports-Circle	355-4710

The IM staff believes that individuals who participate in enjoyable sports activities during their college years will gain benefits for a healthful life. Competitive or informal recreation activity is encouraged for men and women at all levels of ability. Handicappers are urged to take advantage of those facilities accessible to them.

Twenty-one sports offer league and tournament competition. More leisurely opportunities are available in swimming, racketball, basketball, tennis, and weight training. Outdoor activities include jogging, cross-country skiing, and softball. Over forty club sports, such as judo, sailing and skiing, provide for instruction, participation and, if wanted, competition.

Intramural and recreative activities are conducted primarily in the IM Sports-West and IM Sports-Circle buildings and on several outdoor playing fields. Seven full-time professional staff and over 300 student assistants are dedicated to serving the recreational interests of the University community.

(See the section on Recreation for more details about the IM program.)

UNIVERSITY HOUSING PROGRAMS

338 Student Services
353-3780

University Housing Programs is concerned with the academic, social, and emotional growth of each student living in MSU's housing system, the largest in the country. Residence Hall staff plan, coordinate, and present programs that address the interests and needs of students, as well as challenge students to broaden their views and interests in the world around them. These activities, student interaction with residence hall staff, and student support help promote the optimal living environment for academic exploration and success.

The 26 undergraduate residence halls are divided into four areas: Brody Complex, South Complex, North Complex, and East Complex. Graduate students are housed in Owen Graduate Center. Depending on the size of the buildings, which house from 250 to 1400 students, the "live-in" staff is composed of four to 24 resident assistants, one to three minority aides, one to four graduate advisors, and one resident director. "Live-in" staff are supervised by area directors, who report to the Director of University Housing Programs.

There are over 2400 apartment units for married and single students. A full-time area director and a staff of student community aides serve the needs of students living in this area. Emphasis is placed upon providing services from the University, as well as identifying and utilizing additional resources from the East Lansing area.

EMPLOYMENT

PLACEMENT SERVICES

Two vocational interest inventories, the Occupational View-Deck and SIGI (System of Interactive Guidance and Information), are available in the Placement Services Career Information Center.

Campus Interviews with employers are limited to currently enrolled MSU students. Alumni may use the alumni placement system, a job listing/credential referral service.

Summer and Work-Study Jobs and part-time employment both on and off campus are listed in the Student Employment Office. (See below.)

Vacancy Listings of current local and national job openings are maintained in Placement Services (Room 113). Every two weeks all known vacancies are published in the *Vacancy Bulletin*.

Placement Services Bulletin announces campus interviewing opportunities with visiting employers. The Bulletin is available each Thursday after 1 p.m.

Workshops on resume construction, conducting a job campaign, interviewing, and related topics are scheduled by Placement Services for students and alumni.

Special Handouts on writing a resume, interviewing and many occupational fields are available from the Placement Services Career Information Center, 6 Student Services Building.

Salary Data and reports on the job market, employment trends, and new career fields are prepared and are available to students, alumni, faculty and advisers in the Career Information Center.

Employer Information on more than 3,200 employers in business, industry, human services, government and education is maintained in the Career Information Center.

Lists of Employers who regularly visit MSU, lists of school districts, and a free copy of the *MSU Placement Manual* are available to students and alumni in Placement's Career Information Center. Directories contain names and addresses of employers who hire college graduates.

Credential Referral Services. Credential files are maintained for students actively seeking employment. Sets of credentials are sent to potential employers upon request of an individual job seeker.

Alumni Placement. Placement Services annually works with 4,000 or more alumni who are seeking job relocations or in many instances their first job after graduation or discharge from military service.

STUDENT EMPLOYMENT OFFICE

Located in 110 Student Services Building, the Student Employment Office, a branch of Placement Services, helps students find part-time and summer jobs. In addition, the Student Employment Office develops all policies and procedures for student employees, processes all student employment applications, handles grievances, and maintains student employment records.

All jobs are posted on large bulletin boards inside the office. Examples of on-campus jobs include those in residence halls, academic departments, labs, and the library. Popular off-campus employment includes restaurant positions, clerical jobs, sales positions and other opportunities for skilled and unskilled employees. New jobs are listed daily.

Work-study positions are obtained through the Student Employment Office; however, students must qualify for work-study by applying through the Financial Aid Office before seeking such jobs.

Summer employment opportunities are also available. Nationwide job listings in camps, parks and resorts are compiled in large binders available at the front desk. Positions range from housekeeping and waiting tables to managing the waterfront. Many opportunities are on file.

A referral program exists for students seeking career-related summer employment in business, industry and government. Applications are available in November.

Students should also follow the weekly yellow *Placement Bulletin*. Companies and organizations interviewing potential summer employees in Placement Services will be listed there.

The following is a list of some of the major student employers on campus. All employees must be processed through the Student Employment Office prior to beginning work.

Instructional Media Center has positions open every term except summer. You must be willing to work at least one full term plus go through a 12-15 hour training program. Most of the jobs involve handling audio-visual equipment. For further information, contact the Distribution and Facility Services Office, IMC Room 26.

Intramural Officiating Positions are available each term. There are training sessions during the first week of classes. Contact the Intramural Office, Room 201, IM West, for further information.

Kellogg Center has part-time student work available in both the restaurant (State Room) and the catering service. Contact the assistant manager's office for further details.

Residence Halls have a variety of student jobs available, including cafeteria work (cooking as well as cleaning), maintenance and desk receptionist. Contact the hall manager's office for job openings.

MSU Union has a variety of student employment opportunities in the Cafeteria, Grill, Catering, Bowling, Billiards, Store(s), Post Office, and Maintenance Departments. For further information contact the department heads or the Manager's Office.

HISTORICAL PERSPECTIVE

Michigan State University was founded in 1855 (as the Agricultural College of the State of Michigan), the first agricultural college in the nation, and the prototype for 69 land-grant institutions later established under the Morrill Act of 1862. Under President Joseph R. Williams, classes began in the spring of 1857 with 63 students, five faculty members, and three buildings. The curriculum during the first years emphasized agricultural science and rural leadership.

Gradually the program of study was expanded to include engineering, home economics, veterinary medicine, and forestry; then education, journalism, history, chemistry, music, human medicine, and osteopathic medicine. Other academic changes in response to contemporary needs have been: expansion of agriculture to include natural resources; the extension of home economics to human ecology; the addition of programs in urban affairs, telecommunications and computer science; and the expansion of international studies and lifelong education programs.

Today the University offers over 125 programs of instruction for undergraduates and some 75 areas of graduate study, taught by a faculty staff of more than 3,000 in 14 operating colleges. In addition, The Graduate School and the Honors College provide extended educational opportunities for more talented students.

FINANCIAL AID

If you are receiving financial aid, you are among the majority of students at MSU. In support of the University's commitment to providing equal opportunity to all qualified students, the Office of Financial Aids distributed more than 50 million dollars in financial assistance to over 60 percent of the total student population in 1983-84. The sources of those aid dollars and their distribution is shown in the table below. Note that many students receive funds from more than one source in their "aid packages."

INFORMATION AVAILABLE

A brochure titled: "Financial Aid at Michigan State University" is available from the Office of Financial Aids. It presents information on various aids sources, eligibility, application deadlines, how to apply, and estimated budgets for students in various situations.

Financial aid advisors are available to answer your questions and discuss your needs. Visit:

259 Student Services

SHORT-TERM LOANS

If you need money temporarily (waiting for the next pay check, student loan in process, etc.), short-term loans are available in the Office of Financial Aids. Depending on student demand, as well as good credit with the University, these loans are available in a relatively short time.

LONG-TERM FINANCING

If long-term financing is your concern, the Office of Financial Aids administers state, federal and institutional funds. Typically, financial aid applications for an academic year must be submitted early in the preceeding spring term. If you miss the deadline, long-term student loans, Pell Grants and work opportunities may be your best alternatives. Contact the Office of Financial Aids for more information.

Deadlines: See the calendar inside the back cover of this book for financial aid deadlines.

GLOSSARY OF FINANCIAL AID TERMS

Funds used in "packaging" a student's financial aid award come from a variety of sources. This glossary may help identify the correct program(s) you need to discuss with your financial aid advisor. Talk with a financial aids advisor as soon as possible about any questions. Delays may be very costly to you because many programs have application deadlines:

American College Testing (ACT)...the agency which processes your financial needs analysis form.

Cycle I, II, III...indicates the business office cycles during each term. Approximately two weeks after each cycle you may receive either a bill or check for certain transactions (drops, adds, new aid awards, etc). Cycle I corresponds to the first week of classes; Cycle II corresponds to midterms; and Cycle III corresponds to the last half of the term.

Family Financial Statement (FFS)...is the form on which you and your family indicate financial information. The analysis of this information determines your financial need and is called a "needs analysis."

Financial Aid Transcript (FAT)...is the itemization of financial aid you have received at another postsecondary school. If you ever attended a school other than MSU you must have that school complete a FAT before MSU can award you financial aid. This is true even if you did not receive aid at that other school or even if you attended there a long time ago.

Grant...is aid usually based on need. It is an outright gift and does not have to be repaid.

Guaranteed Student Loan (GSL)...is federally guaranteed and made from a lending institution such as a bank. The State of Michigan also makes loans if your bank will not.

"Independent Student"...Even if you are not receiving support from home, you must meet certain criteria to be considered "independent" for aid purposes. You must be self-supporting, not dependent on others to meet your basic living expenses.

For the 1985-86 aid period:

You may not have been claimed for tax purposes by your parents, stepparent, or legal guardian for 1984 or 1985.

You may not have received more than \$750 in support or lived with your parents for more than six weeks during 1984 or 1985.

If you are married at the time of aid application, you may be considered independent if, in 1985, your parents will not claim you for tax purposes, you will not receive more than \$750, or you will not live with your parents for more than six weeks.

Loan...an award of money which must be repaid. Every loan program has its own repayment requirements. Make sure you understand the requirements fully.

Michigan Competitive Scholarship...is awarded by the State of Michigan for tuition purposes. The scholarship is based upon your ACT scores, exams taken in high school, and financial need.

National Direct Student Loan (NDSL)...is a federal loan which may only be obtained through general financial aid application. The interest rate is five percent.

Pell Grant...is a federal grant. When you apply for financial aid through the Family Financial Statement (FFS), you can indicate that you want to be considered for the Pell Grant. The U.S. Department of Education will send you a Student Aid Report stating whether or not you qualify for a Pell Grant.

Scholarship...is financial aid based on scholarly requirements and occasionally on financial need. Scholarships do not have to be repaid.

Student Aid Grant (SAG)...is a grant provided by Michigan State University. You must fill out a general financial aid application to be considered.

Student Aid Report (SAR)...is a form you receive from the U.S. Department of Education if you apply for a Pell Grant. To receive a Pell Grant you must submit all parts of your SAR to the Office of Financial Aids and meet other eligibility criteria (be an undergraduate working on a first degree and be enrolled at least half-time in a degree-granting program when you turn in your SAR).

Student Data Form (SDF)...is a supplementary information form from American College Testing which must be filed with the Family Financial Statement (FFS).

Validation...as required by the federal government, is the process of "spot checking" the information provided by students and parents in applying for aid. If a student is selected for validation, the Office of Financial Aids cannot allow payment of aid until all supporting documentation has been submitted by student and parents and accuracy of the information has been confirmed.

Work Eligibility Factor (WEF)...indicates the amount of money you may earn, as stated in your financial aid award letter.

Work-Study...is a federally-sponsored program whereby student employees on campus, and in some off-campus jobs, have a portion of their salary paid by the government. You may only qualify for work-study by filling out a general financial aid application. Salaries earned through work-study jobs do not have to be repaid.

A three-credit course in personal finance is offered by Family and Child Ecology (FCE 238).

GOVERNANCE AT MSU

Governance refers to the decision-making process of the University. The ultimate policy-making authority at MSU is the Board of Trustees, a group of eight individuals elected by state-wide ballot, whose powers are delegated through the Constitution of the State of Michigan. Faculty and students, along with administrators, have been delegated specific roles to play in the governance process. This section describes the systems for student government, academic governance, and judicial matters.

STUDENT GOVERNMENT

Student Government has two functions: 1) development of policies and programs which benefit students; 2) representation and leadership within the University. Undergraduates are governed by the Associated Students of Michigan State University (ASMSU). Graduates are governed by the Council of Graduate Students (COGS).

Associated Students of MSU (ASMSU)

ASMSU has three branches as shown in the diagram below. Activities and programs are funded through a student tax collected at registration each term.

The Student Board has legislative responsibility. The Board is composed of nine college representatives and the presidents of: Intercooperative Council, Interfraternity Council, Panhellenic Council, National PanHellenic Council, Off-Campus Council, Residence Halls Association, and University Apartments Residence Council. The Student Board Chairperson presides over the Student Board, while an Executive Director serves as the chief administrative officer of ASMSU.

The Student Board represents the welfare and rights of undergraduate students; initiates, reviews and/or recommends University rules and policies; approves appointment of undergraduates to a variety of University committees; provides a forum for discussion of issues; and occasionally assists in the funding of student organizations.

Executive Office under the direction of the Executive Director, implements the Student Board's policies and resolutions. It is comprised of five departments:

Campus Affairs...assists students who serve on University committees. It also acts as liaison between the Student Board and other campus groups.

Major Governing Groups

Major governing groups are all-University in scope but represent the concerns of specific groups of students.

Interfraternity Council (IFC) governs and coordinates activities among IFC fraternities at MSU. The IFC officers and assembly representatives serve and assist member chapters and promote the growth and development of the Greek system at MSU. Fraternities rush every term. If you are interested, contact the IFC office, 326 Student Services, 355-8250.

Intercooperative Council (ICC) governs the cooperative living units. Co-ops are student owned and managed houses that contribute social benefits and economic savings to the members. Located in 317 Student Services, 355-8313.

National PanHellenic Council, MSU Chapter (NPHC) governs four national Black fraternities and four Black national sororities. The Council's purposes are to: assist the University in attaining its educational and cultural objectives, maintain high quality interfraternal relationships, and serve as a forum for the mutual interests of member organizations. The council and its member organizations serve the University, student body, and the Lansing community. Located in 319 Student Services, 355-8303.

The executive board and council of delegates promote growth of sorority women through scholarship development, programming, social service projects, leadership experience, and interpersonal and group interaction. PANHEL holds formal rush only in the fall. Individual chapters conduct rush during the rest of the year. Located in 325 Student Services, 355-2965.

Residence Halls Association (RHA) represents residents of undergraduate residence halls. Its purpose is to: promote communication and cooperation among halls, provide representation for hall residents to the University community, recommend and maintain hall policies and regulations, and promote services and activities on campus. RHA also sponsors a weekly movie program. The RHA assembly is composed of representatives elected by students in each hall. Meetings are held in a different residence hall every Wednesday night and are open to all residents. Located in G-29 Holden Hall, 355-8285. Office hours are announced each term.

University Apartment Residents Council (UARC) serves undergraduate and graduate residents of Cherry Lane, University Village, and Spartan Village. It has an executive board of two co-chairpersons and a secretary. "Town meetings" are held monthly in the Spartan Village Community Center. UARC sponsors many activities, has a page in the Community Newsletter sent to all residents, and serves as an advocate for residents with community agencies. The council aims to make University apartments a better place to live. For information call the University Apartments Programs Office, 353-9499.

Off-Campus Council (OCC) represents the interests of undergraduate students that do not live in residence halls, fraternities, sororities, or co-ops. Located in 324 Student Services, 355-8266.

OLIN HEALTH CENTER

The Student Health Center provides medical, dental, and optical care for students while they are enrolled at the University. The Health Center program combines preventive medicine, treatment for illness or injury and health education, all on an outpatient basis. An unlimited number of office visits with a physician, nurse practitioner, dietitian, or health educator is covered by the student health fees that are included in tuition. Other services are on a fee-for-service basis. Students should arrange supplemental medical insurance for those potential medical services not covered by the health fee. Olin Health Center Services include:

Appointment Clinic and Walk-In Clinic

Mon - Fri, 8 a.m. - 5 p.m.

These clinics are designed to provide continuous management of both short-term and long-term medical problems within the scope of general medical care. Limited specialty clinics include gynecology, psychiatry, dentistry, optometry and immunization, with support services of laboratory, physical therapy, pharmacy and radiology. Referrals to specialists, some on the Olin Health Center staff, are made as necessary.

Patients are encouraged to make an appointment to avoid waiting time (353-8117); however, the Walk-In Clinic is available to those not having an appointment.

Immediate Care Clinic

ASMSU STUDENT LEGAL SERVICES

ASMSU Legal Services provide for student participation in a pre-paid legal services plan. This entitles undergraduates to receive legal counsel from staff attorneys on most legal concerns. Students may be able to receive representation in court or be counseled in landlord/tenant problems, criminal misdemeanors, traffic offenses, debtor/creditor problems and other civil concerns.

The office also provides assistance to students involved in any University or departmental judiciary action. Typical cases include appealing administrative decisions, academic dishonesty, residence hall problems and other intra-university concerns.

The legal staff is also available to present educational programs about the office, other law-related matters or intra-university concerns.

The office is located in 329 Student Services. For information or to make an appointment, call 353-3716 on weekdays between 8:30 a.m. and 5:00 p.m.

PERSONAL SECURITY

MSU DEPARTMENT OF PUBLIC SAFETY (DPS)

The department performs a variety of tasks for the benefit of individual citizens, organizations, and institutional agencies that comprise the university community. The department is divided into three divisions.

1. **Police Services**... performs the duties of a similarly sized municipal department, plus a wide variety of non-police oriented services. The telephone number for non-emergencies is 355-2221. For emergencies only, call 9-1-1.
2. **Environmental Health & Safety**... is a group of specialist employees who are concerned with fire safety, occupational health and safety, sanitation, pest control and safety equipment maintenance. Call 353-5360 for information.
3. **Staff Services**... is responsible for the maintenance and processing of all records for the entire department. (For records inquiries, call 355-1830). The office is also responsible for: registering all motor vehicles and bicycles operated on campus; the Violations Bureau which processes all tickets issued for infractions of Student Motor Vehicle Regulations and University Traffic Ordinances; and receipt of communications to the All-University Traffic Committee and the Student Traffic Appeals Court. For further information, call 355-8440.

SECURITY WHERE YOU LIVE

Whether you live in a residence hall, an off-campus apartment, or a house, you should be cautious about protecting your property and yourself within your living space. The Department of Public Safety, in a pamphlet titled "Residence Hall Security," indicates that most offenses against students in the residence halls involve theft, and most are "crimes of opportunity." Wherever you live, denial of opportunity for crime is a key factor in your personal security. The Department of Public Safety recommends the following:

1. Always lock your door, even if you leave for "just a minute." This is the single best deterrent. It only takes 8-10 seconds to steal something from an unlocked room.

2. Never leave wallets, purses, checkbooks, and other small items of value lying visible in the room. Keep them out of sight. Conceal these items in places other than in your desk or dresser.
3. Do not leave notes on your door announcing you are not at home.
4. Do not open your door unless you know who is on the other side.
5. Do not take in overnight guests that you do not know.
6. Do not carry a key chain with your name, address, or car license number on it.
7. Work out an agreement with those who live around you to watch for suspicious activity or persons. Report anything suspicious to the police.

PERSONAL SAFETY

We all like to think of the campus as a safe place—BUT don't walk alone at night! Go with a friend, call a friend to pick you up, or call Dial-A-Ride.

Dial-A-Ride is a safe escort service of the Department of Public Safety. Transportation is provided between on-campus locations during evening and nighttime hours for individuals who might otherwise have to walk alone. Call 353-9496. Rides are available:

Monday-Friday	10:30 p.m.-2:30 a.m.
Saturday and Sunday	6:30 p.m.-2:30 a.m.

GREEN LIGHT TELEPHONES

The Green Light Telephone System is a network of emergency telephones strategically placed in campus parking areas and along campus walkways. They are mounted on posts topped with a green light. These phones are for emergency calls to on-campus numbers, including contacts with the Dial-A-Ride Escort Service. Become familiar with the locations of Green Light Telephones as you walk the campus—just in case.

SELF DEFENSE EDUCATION

The Sexual Assault Crisis and Safety Education Program offers periodic workshops on self defense and sexual assault awareness. The office is located in the Counseling Center, 207 Student Services. For information, call 355-8270 and ask for the Coordinator of the Sexual Assault Unit.

A one-credit course in women's self defense is offered regularly through the Department of Health and Physical Education (HPE 106a).

PERSONAL PROPERTY

Personal property, such as radios, stereos, cameras and calculators, should be marked for identification in case they are lost or stolen. Use of your driver's license number is recommended since social security numbers cannot be traced in Michigan. Engraving tools may be checked out at the Police Desk in the Department of Public Safety.

SEXUAL HARASSMENT

Sexual Harassment is a form of unlawful discrimination. It may consist of: actual or threatened sexual contact which is not mutually agreeable to both parties; continual or repeated verbal abuse of a sexual nature; or threat or insinuation that lack of sexual submissiveness will adversely affect the victim's employment, academic standing, or other vital circumstances. Behavior must be unwanted, persistent, and continual.

Students who feel they are being sexually harassed may seek advice and counsel from:

Director of Women's Programs, 380 Administration Building, 353-3922
Ombudsman, 101 Linton Hall, 353-8830
Executive Secretary of the Anti-Discrimination Judicial Board, 380 Administration Building, 353-3922.

BICYCLE SECURITY

The Department of Public Safety has published a pamphlet on bicycle security. Copies are available in the Vehicle-Bicycle Office. Following are theft prevention tips recommended by DPS.

1. Register your bicycle with the Department of Public Safety so pertinent information is on file.
2. Secure your bicycle with a good case hardened lock and a good cable or case hardened chain.
3. Secure the chain around both wheels, the frame and to a bicycle rack.
4. Know your serial number—write it down.
5. Engrave your operator's license number into the frame of the bicycle. This should be visible.
6. If you observe suspicious persons and/or activity, call the police.

RECREATION

Today's students are generally aware that physical activity is essential to good physical and mental health. Participation in different types of sports can contribute to your general well being, in addition to being fun and providing opportunity to meet new friends. The campus offers a continuous variety of recreational activity. Your stay here is an excellent time to explore new activities to find those that best fit your interests and physical abilities.

INTRAMURAL SPORTS

Intramural Sports and Recreative Services offers recreative facilities for the use of all students, regardless of skill level.

Facilities

Two buildings, IM Sports-West and IM Sports-Circle, house most of the indoor activity areas. Additional space is available in Jenison Fieldhouse and Demonstration Hall. There are three indoor swimming pools and one outdoor pool, one fitness trail, and indoor and outdoor tracks and tennis courts, as well as numerous other courts. Many of the outdoor courts and playing fields are lighted.

Facilities are available everyday and may be used by any student, faculty or staff member upon presentation of a validated University photo ID. Spouses and children are also welcome during designated hours and within certain guidelines. Since use is very high, reservations are required for most facilities. The reservation numbers are 355-5044 for IM West and 355-4711 for IM Circle. Towel and locker services are available for a small fee and a variety of equipment can be checked out simply by presenting a valid University ID.

Handicappers

Handicappers are particularly encouraged to take advantage of the facilities and programs accessible to them. Some facilities and activities have been especially designed to make participation easier. Hydro-Lifts, for independent use, are installed in both the outdoor and indoor pools at IM Sports-West. A handicappers' wheelchair sports course is also available at IM-West. Goal ball, a competitive game for the unsighted, and wheelchair basketball are played on a regular basis.

Fun vs Formal Competition

You can choose your level of involvement. Play or swim occasionally just for fun, enter a tournament for an individual sport, or join a team in one of the four leagues — residence hall, fraternity-sorority, co-rec, or independent. Since some sports are seasonal, an Intramural Schedule of Events is printed each term and is distributed to living units or may be picked up at either IM office.

SERVICES FOR SPECIAL GROUPS

The large size of MSU often makes it difficult to understand and to fully use its facilities and services for your own needs. The purpose of this section is to identify some specific University or student organization services that are designed to assist specific groups of students.

DEPARTMENT OF HUMAN RELATIONS

The Department of Human Relations is responsible for the development and implementation of programs related to affirmative action and to equal opportunity for women, minorities and handicappers at Michigan State University. The Department of Human Relations monitors the University's progress toward equality of opportunity for federally covered protected classes as well as those covered by state law and Michigan State University policy. The Department assists in the definition, fact-finding and resolution of individual cases brought to the staff through personal, informal contacts. The Department provides staff support for the Anti-Discrimination Judicial Board, which investigates cases of alleged discrimination. The Department also provides selected technical assistance in human relations to the various colleges, departments and other units in the University. The Department office is located in 380 Administration Building, 353-3922.

The Division of Minority Programs/Minority Advisory Council is part of the Department of Human Relations. Its major responsibility is to initiate and support activities directed at improving the status of minorities at MSU. The Division serves as the chief advocate in minority concerns and issues. The office also provides staff support to the Minority Advisory Council, the presidential advisory committee on minority concerns, which serves as the vehicle for communication between the University minority community and the University administration.

The Division of Women's Programs, part of the Department of Human Relations, has responsibility for assisting the University administration with affirmative action through planning, development, implementation, monitoring and evaluation of programs related to women. The Division strives to meet the programming needs of all women in the MSU community. It offers a noontime discussion series, special presentations, and conferences to increase the awareness of the University community concerning the current and changing status of women. The Division of Women's Programs Resource Library contains

a collection of books, periodicals and vertical files on women's issues and is located in 207 Olds Hall. The library is open on a flexible schedule from term to term. Call 353-3922 for library hours. A monthly newsletter, the *MSU Woman*, which contains articles of campus, statewide and national concern in addition to a calendar of events and activities, is published for students, faculty and staff. The Division also develops and publishes fact sheets on topics where there is commonly misinformation or lack of information. Offices are located in 380 Administration Building, 353-3922. Hours are 8:00-5:00, Monday through Friday.

Office of Handicapper, Vietnam Era & Disabled Veterans Programs is a unit within the Department of Human Relations. Its primary mission is assisting University officers, administrators, staff, faculty and students in recognizing and resolving problems involved in creating equal opportunity for veterans and handicappers at all levels of MSU. The office also contains a technical services section (TSS). The TSS assists the University in meeting its obligations with the built environment as required by federal/state law. As a result of these efforts, MSU is recognized as a national/international leader in quality of design in the built environment to accommodate handicappers.

TRANSPORTATION

AUTOMOBILES

If you drive a car on campus, you are subject to the Student Motor Vehicle Regulations. DPS has prepared a pamphlet which summarizes the rules and includes a map of campus parking. It can be picked up at the Vehicle-Bicycle Office from 7:30 a.m. to 4:30 p.m. Monday through Friday. Also, you can pick up a copy at registration when you register your car. Read this information; it can be very expensive to be issued a ticket, or to suffer the inconvenience and cost of your car being towed!

Requirements and fees for registration, hours that students may drive on campus, and the fine schedule are subject to change.

Please refer to "Motor Vehicles" in Part III of this book for information regarding registration requirements and fees. The complete Student Motor Vehicle Regulations, available from the Vehicle Office, should be read carefully. For example:

A student shall not possess or operate a vehicle on MSU property (at any time) without having first registered it and affixed the permit.

Providing false information to the Student Traffic Appeal Court or Vehicle Office, or reproducing, defacing, altering or unauthorized transferring of any permit will result in a \$50 fine and referral to the Office of Student Affairs and Services for appropriate judicial action.

Parking an unregistered vehicle in a visitor's parking space will result in a \$50 fine.

Operation of a motor vehicle by an ineligible student will result in a \$30 fine.

For assistance or clarification, visit the Vehicle-Bicycle Office in person or call 355-8440. Remember, the office staff enforce the rules; they do not make them. The All-University Traffic Committee was created to handle special problems. DPS personnel can put you in touch with AUTC.

All-University Traffic Committee (AUTC): This committee is responsible for recommending motor vehicle regulations for students and employees; recommending changes in the University Traffic Ordinances; establishing reserved parking spaces for individuals and departments; reviewing plans and designs for traffic ways and parking facilities and recommending changes if deemed necessary; and for acting upon appeals for parking and/or driving privileges not granted by the Student Motor Vehicle Regulations. The committee is composed of four undergraduate students, two graduate students, three faculty members, three staff members, and three *ex officio* members representing the offices of Public Safety, Campus Park and Planning, and Automotive Services.

Repairs: Mechanics must be licensed in Michigan, and the law provides a measure of protection for you. If you think something isn't quite right, contact an office of the Secretary of State. (See the list under "Driver's Licenses.")

If you want to do it yourself, several local school systems offer classes to help you get started. Contact the Community Education Offices or Lansing Community College.

Driver's Licenses: If you have to renew a license, go to the nearest Secretary of State's branch office:

327 Abbott, East Lansing
5210 S. Cedar, Lansing

Part 2: Rights and Responsibilities

Legislative and
Judicial Systems

Academic Freedom
for Students at MSU

Graduate Student Rights
and Responsibilities

The process for the establishment and adjudication of regulations governing student conduct are set forth in *Academic Freedom for Students at Michigan State University*. Based on the principle of student involvement, there is both a specific legislative process and a comprehensive judicial system which govern undergraduate students. To the extent that interest motivates personal involvement, there continue to be broad avenues for student participation in the governance process.

THE LEGISLATIVE SYSTEM

Michigan State University maintains three levels of regulations applicable to student conduct, all of which require student approval. In addition, there are rulings established by administrative offices and policies and ordinances established by the Board of Trustees. The procedures through which the various regulations and policies are enacted are outlined below.

General Student Regulations — These regulations form the basic code of conduct for all students. Authority for establishment of such regulations is found in the *Bylaws of the Board of Trustees*: "The Board may make or may delegate through the President to the faculty the authority to make reasonable rules and regulations for the purpose of maintaining the health, safety, good order, harmony and discipline of students. . . .

A proposal for initiation or amendment of a General Student Regulation may be made by any student governing body, governing group, living group, registered student organization, individual or the University Committee on Student Affairs. The University Committee on Student Affairs reviews each proposal and either approves it or refers it back to the initiator with an explanation. If approved, the proposal is forwarded to the Academic Council where it is approved or referred back to the University Committee on Student Affairs with an explanation. After receiving approval by the Academic Council, a proposal is forwarded to the President and becomes operative on his or her approval.

- b. *Bylaws for Academic Governance*, Articles 4 and 5
- c. *Bylaws of the Board of Trustees*, Article VIII

Student Group Regulations — Associated Students of Michigan State University, the Council of Graduate Students, or any student governing group may establish regulations to govern the conduct of its constituent members and groups. Such regulations shall apply only to the students, groups and organizations specified by the regulations. The approval procedure allows for any constituent member or group to propose amendments. ASMSU or COGS may initiate proposals and must approve or reject those proposals submitted to them. After

approval by ASMSU or COGS, proposals are forwarded to the University Committee on Student Affairs. If approved by this committee, the proposal is forwarded to the Vice President for Student Affairs and Services and becomes operative upon his or her approval.

- b. COGS Constitution and Bylaws
- c. *Academic Freedom for Students at Michigan State University*, Article 5

Living Group Regulations — Residence halls, greek houses and cooperatives may establish regulations to govern the conduct of residents and visitors. The appropriate living group legislative authority may receive a proposal from any constituent member or may initiate a proposal itself. Upon approval by the living group the proposal is forwarded to either ASMSU or COGS and, if approved at that level, is then forwarded to the University Committee on Student Affairs. If approved by this committee, the proposal is forwarded to the Vice President for Student Affairs and Services and becomes operative upon his or her approval.

Living group regulations are not printed in this book but are available from the governing bodies or the living units.

Administrative Rulings — Administrative offices within the University are, by practice, delegated authority through the President by the Board of Trustees to establish procedures which will ensure their effective functioning. Often an office will submit such proposals for review and recommendations of a student-faculty advisory committee or a standing committee of the Academic Council. (The Academic Council structure is described in the *Bylaws for Academic Governance*.¹) Such bodies serve as sources of community opinion and may recommend changes or additions to administrative rulings. Final decisions, however, rest with the administrative office.

- b. *Bylaws of the Board of Trustees*, Articles IV, VI
- c. *Academic Freedom for Students at Michigan State University*, Article 5

All-University Policies — Policy statements are developed to define and prescribe broad areas of institutional concern. For example, the Anti-Discrimination Policy and Procedures addresses the relationship between the University and its students and employees; the Motor Vehicles policy states requirements and prohibitions regarding student possession and operation of motor vehicles on campus; and the Housing Policy specifies the on-campus living requirements for students. Such policies are established by the Board of Trustees. They may be adopted following university-wide discussion and endorsement, may result from recommendation by some internal office or committee or may be initiated and enacted by the Board itself.

Bylaws of Board of Trustees, Article VIII

¹Available from the Secretary for Academic Governance, 308 Olds Hall.

MSU Ordinances — The Board of Trustees is granted authority by the constitution of the State of Michigan to legislate ordinances governing the conduct of all persons on University property. These ordinances are law, violations of which are misdemeanors and adjudicated through the courts. The legislative process need not involve anyone except the Board of Trustees, although in practice the administration contributes its advice and relevant student-faculty committees may also be consulted.

Academic Regulation — Matters of academic policy, program and degree requirements are available in the following sources:

In addition to consulting these sources, students should contact the academic department of their major preference for specific program requirements.

THE JUDICIAL SYSTEM

Michigan State University has a number of judicial bodies which serve the interests of undergraduate and graduate students by contributing to the protection of an environment for learning. Although specific procedures vary from one structure or judiciary to another, all operate in a manner designed to assure due process.

This overview focuses on the judicial system established through the report on *Academic Freedom for Students at Michigan State University* (commonly referred to as the *Academic Freedom Report* or *AFR*). The *Academic Freedom Report* was adopted in 1967; was amended in 1971, 1977, 1983; and was completely revised in 1984.

What Does a Campus Judicial System Do?

In addition to hearing alleged violations of regulations governing student conduct, the MSU judicial system also protects student rights against infringement by other students, by faculty or administrators, by groups, or by the University itself. For example, the judicial system provides for consideration of challenges to regulations or administrative decisions alleged to be inconsistent with fundamental student rights outlined in the *Academic Freedom Report*. In addition, there is provision for considering allegations that legislative bodies or officers have acted inconsistently with their respective constitutions. It is through performance of these functions, as well as through consideration of alleged violations of regulations, that the judicial system seeks to maintain the delicate balance between maximum freedom and necessary order so fundamental to the protection of an environment for learning.

Structure and Organization of the System

The structure and organization of the judicial system is outlined in the chart which follows. The chart indicates the composition, jurisdiction, and decisions available at the different levels. Also shown are routes of appeal.

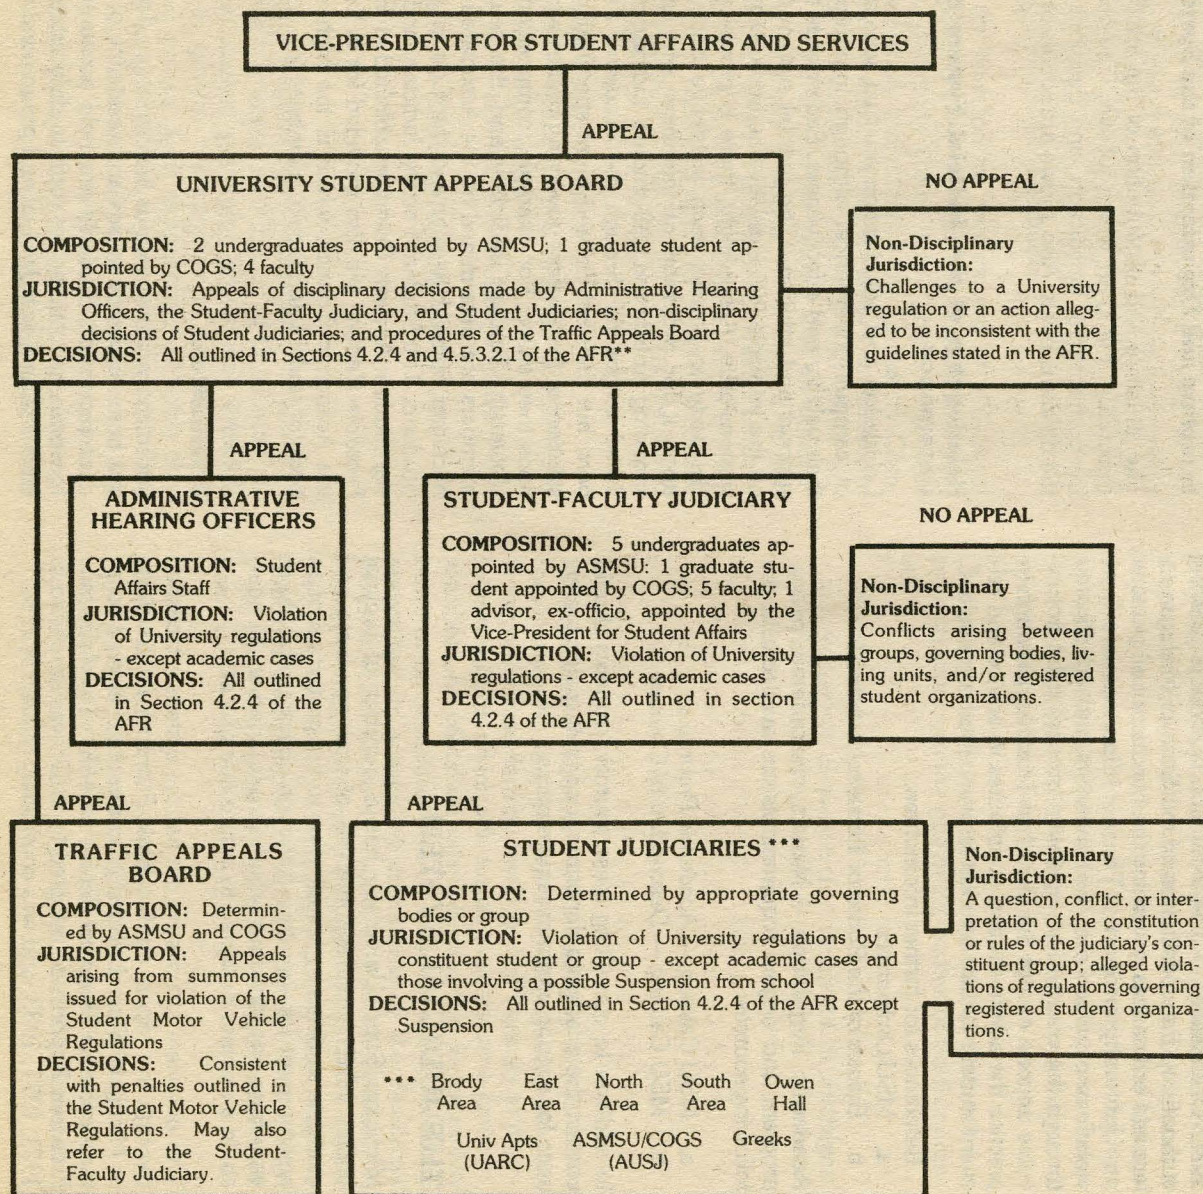

Relationship of the Judicial System to Campus Governance

Legislation and adjudication are two separate functions of campus governance, although interdepartment for their validity and effectiveness. Each needs the other for support and criticism. The judicial system is structured on the principle that legislative authority requires judicial responsibility. Accordingly, there is provision for a judicial body to parallel each legislative body, depending upon it for provision of members and having corresponding jurisdiction. All-student judiciaries are established in general through the *Academic Freedom Report*, but they are defined more specifically in the constitution of the student governing bodies whose jurisdictions they share. For example, composition of the All-University Student Judiciary and the selection of its members are determined by the Associated Students of Michigan State University and the Council of Graduate Students. The Student-Faculty Judiciary and the University Student Appeals Board, established in the *Academic Freedom Report*, are also provided for in the *Bylaws* of the Academic Council, which is the highest governing body of student and faculty membership.

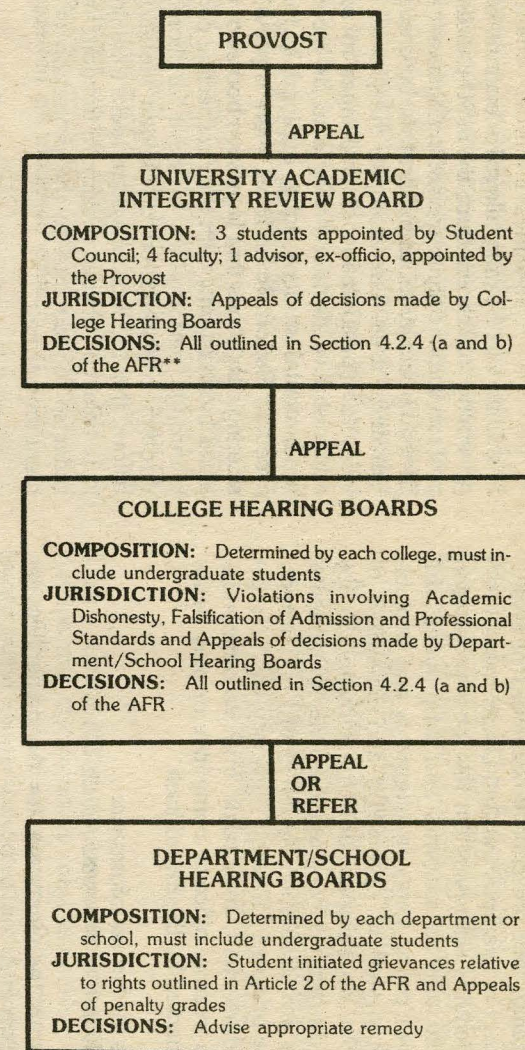

Jurisdictions

Jurisdictions of the various judiciaries are determined on the basis of constituencies and residence of the respondent (accused). Students are held accountable for behavioral expectations set forth in duly established regulations regarding individual and group conduct.

GRADUATE AND UNDERGRADUATE NON-ACADEMIC DISCIPLINARY AND NON-DISCIPLINARY JUDICIAL STRUCTURE

UNDERGRADUATE ACADEMIC JUDICIAL STRUCTURE*

*Graduate Academic Judicial Structure is described in the Graduate Student Rights and Responsibilities

**AFR refers to Report on Academic Freedom for Students at Michigan State University

Faculty and administrators are held accountable in that their policies and decisions can be challenged by a student who believes a policy or decision to be inconsistent with the principles outlined within the guidelines of the *Academic Freedom Report*.

Each judiciary has jurisdiction over the constituency of the corresponding legislative body. For example, the University Apartments Judiciary has jurisdiction over the constituency of the University Apartments Residents Council.

Processes and Procedures

Disciplinary cases. The fundamental rules of due process are prescribed through the *Academic Freedom Report* and are required at all levels of the judicial structure. Operational procedures vary somewhat among judiciaries. The essential steps of the disciplinary process are as follows:

- A. Any member of the University community may initiate a complaint against a student. Reports of alleged violations of regulations are made to the chief administrative officer of a living unit, in a residence hall the resident director.
- B. The student is notified by the appropriate administrative officer that he/she is accused of violating a regulation and is requested to meet with the administrative officer. In the subsequent conference, the student may: 1) admit to the allegation and request, in writing, that the administrative officer take action; 2) deny the allegation and request that an administrator conduct a hearing; 3) admit to the allegation and request that a judiciary take action; 4) deny the allegation and request that a judiciary conduct a hearing. It should be noted that, as a matter of practice, if the student fails to meet with the administrative officer, the case is also referred to a judiciary.
- C. Upon the student's request, the administrative officer may take whatever action seems appropriate. Administrative actions are usually in keeping with the range of actions available to the judiciary at the same level but are not restricted to these. The student is informed in writing of the administrator's decision, and that the decision may be appealed to the University Student Appeals Board.
- D. If a judicial hearing is to be conducted, a student accused of a violation is entitled to:
 1. Written notice 3 class days prior to a hearing, stating:
 - a. Time and place of the hearing
 - b. Charges, of sufficient particularity to enable the student to prepare his/her defense
 - c. Names of complainant, counsel and witnesses

2. Appear in person and present his/her defense
 - a. Call witness in his/her behalf
 - b. Be accompanied by counsel of his/her choice from among the student body, faculty or staff of the University
 - c. Ask questions of the judicial body or witnesses
 - d. Refuse to answer questions
3. Elect not to appear
 - a. Absence to be noted without prejudice
 - b. Hearing to be conducted in student's absence
4. An expeditious hearing
5. An explanation of reasons for any decision
6. Notification of his/her right to appeal

Non-disciplinary cases. A different process is followed in hearing substantive cases in which a regulation or an administrative decision is alleged to be inconsistent with the guidelines established in the *Academic Freedom Report*. The general procedures employed are as follows:

- A. Student submits a request for a hearing in which he/she must specifically cite those sections of the *Academic Freedom Report* he/she believes to have been violated and provide a brief statement of argument. A student need not be in violation of a regulation in order to challenge.
- B. If the judiciary believes that the appeal has merit (e.g., it falls within the judiciary's jurisdiction, it is not frivolous) a copy of the appeal is sent to the party responsible for the decision or regulation and a written response is requested.
- C. After considering both the request for a hearing and the response, the judiciary may do one of the following:
 1. Accept the request for a formal hearing.
 2. Reject the request
 3. Invite the parties to discuss the matter informally with the judiciary
- D. Hearings are conducted as follows:
 1. Hearings are open
 2. Both the appellant and the respondent may be accompanied by counsel from the student body, faculty or administrative staff of the University
 3. Each party is given thirty minutes to present his/her case
 4. Each party is given ten minutes for rebuttal
 5. Parties direct all remarks and questions through the chairperson
 6. Members of the judiciary may ask questions during the hearing
- E. The judiciary considers the matter in closed session and makes a ruling.

- F. Parties to the case are notified of the judiciary's findings, and all opinions are made public in an appropriate manner. There is a community expectation that if a regulation or administrative decision is found to be inconsistent with the *Academic Freedom Report*, the changes necessary to bring about consistency will be made. Compliance is gained primarily on the basis of "good faith." A ruling of the judiciary that finds no inconsistency serves to reinforce the validity of the regulation or decision.

In addition to the regular procedures just described, a student may request expedited consideration of urgent cases in which it is alleged that a regulation or administrative decision threatens immediate and irreparable infringement on student rights as defined in the *Academic Freedom Report*. If in the opinion of the chairperson that request has merit, a preliminary hearing will be called before a panel of the judiciary. The panel may decide to request the administrator or administrative office to postpone or withdraw action pending a full hearing on the case.

Other Judicial Bodies

Several judicial bodies within the University have special areas of jurisdiction and may or may not have a direct link with the judicial system described above.

- A. **The Anti-Discrimination Judicial Board** is coordinated through the Office of Human Relations. It is composed of three undergraduate and one graduate student, three faculty members, one representative each from the administrative-professional staff and the labor employees, and two representatives of the MSU Employee Association, with an *ex-officio* secretary from the Department of Human Relations. The Board has jurisdiction over violations of the University policy against discrimination based on race, creed, ethnic origin, sex, age, political persuasion, or sexual preference. It may hear complaints filed by students, faculty members, or employees. Parties involved in anti-discrimination proceedings have unrestricted choice of counsel. The Board may specify the actions that must be taken by the charged individual or organization to remedy a violation. Intent is to remove the effects of discrimination rather than to punish violators. Decisions of the Anti-Discrimination Judicial Board are reviewed by the President of the University. (Consult the *Anti-Discrimination Policies and Procedures* or the Department of Human Relations.)

- B. **Graduate Judicial Structure.** A completely separate judicial structure is provided for adjudicating cases brought by and against graduate students in the areas of: 1) academic rights and responsibilities; 2) professional rights and duties of graduate assistants; 3) professional rights and duties of other graduate students. Judiciaries are provided for at the departmental, college and University levels. Each judiciary is composed of an equal number of faculty and student members with a faculty member serving as chairperson. (Consult *Graduate Student Rights and Responsibilities*, the Council of Graduate Students, or the Office of Advanced Graduate Studies.)

- C. **Employment Hearing or Grievance Procedures** include those for students, the faculty, the administrative-professional personnel, the unionized clerical-technical employees, and the unionized hourly employees. (Students consult the *Student Employment Policy Manual* or the Student Employment Office.)

HISTORY OF APPROVAL

ACADEMIC FREEDOM FOR STUDENTS AT MICHIGAN STATE UNIVERSITY

FOREWORD

The foreword is not a part of the document that follows. It supplies, however, a necessary perspective for interpreting the document.

Student rights and responsibilities at Michigan State University must be understood against the social and historical background of the University itself.

When, more than a century ago, the people of Michigan established this institution on the land-grant principle, they framed a new conception of the role of the University in American life.

A land-grant university is a trusteeship of intellect in the service of society. It gathers society's creative and critical powers and uses them to advance the common good and to solve fundamental problems.

That is the special character that has caused the land-grant university to become one of the great transforming agencies of the American scene. When it honors its commission, it acts not for the sake of the academic community, but for the sake of society beyond the academy. All members of the academic community — trustees, administrators, faculty, staff, and students — enact a trust of which society beyond the University is the proper beneficiary.

The real significance of this document, as we believe, is not that students have acquired rights, but that they have explicitly been made party to our social trust. The responsibility which lies upon the trustees, the administration, and the faculty continues. They remain guardians of the University, charged with preserving in it the genius of scholarship and the conditions of inquiry which society has entrusted to their care.

PREFACE

This report, the *Graduate Student Rights and Responsibilities* document, and the *Medical Students Rights and Responsibilities* document contain guidelines to the rights and duties of students in matters of conduct, academic pursuits, the keeping of records, and publications. This report describes structures and procedures for the formulation of regulations governing student conduct, for the interpretation and amendment of the guidelines, for the adjudication of student disciplinary cases, and for channeling student complaints, grievances, or concerns to faculty, staff, and administrators for appropriate action.

For the most part, these provisions simply make explicit what has been long understood and practiced at Michigan State University. This report identifies rights and duties of students and provides for students a carefully prescribed

system of due process. The report does not contain a general or abstract definition of academic freedom. Rather, the report is an operational definition with concrete application of the concept of academic freedom for students.

ARTICLE 1

Student Rights and Responsibilities at Michigan State University

1.1 Michigan State University is a community of scholars whose members include its faculty, staff, students, and administrators. The basic purposes of the University are the advancement, dissemination, and application of knowledge. The most basic condition for the achievement of these purposes is freedom of expression and communication. Without this freedom, effective sifting and testing of ideas cease, and research, teaching, and learning are stifled. Knowledge is as broad and diverse as life itself, and the need for freedom is equally broad. Yet absolute freedom in all aspects of life means anarchy, just as absolute order means tyranny. Both anarchy and tyranny are antithetical to the purposes and character of the University. Therefore, the University always must strive to strike that balance between maximum freedom and necessary order which best promotes its basic purposes by providing the environment most conducive to the many faceted activities of instruction, research, and service.

1.2 Each right of an individual places a reciprocal duty upon others: the duty to permit the individual to exercise the right. The student, as a member of the academic community, has both rights and duties. Within that community, the student's most essential right is the right to learn. The University has a duty to provide for the student those privileges, opportunities, and protections which best promote the learning process in all its aspects. The student also has duties to other members of the academic community, the most important of which is to refrain from interference with those rights of others which are equally essential to the purposes and processes of the University.

1.3 The University cherishes many values, modes of thought, and standards of behavior that are better taught by example, persuasion, social pressure, and rewards than by the threat of penalties. Regulations governing the activities and conduct of student groups and individual students should not be comprehensive codes of desirable conduct; rather, they should be limited to the prescription of procedures for meeting the practical, routine necessities of a complex community and to the prohibition or limitation of acts which cannot be tolerated because they seriously interfere with the basic purposes, necessities, and processes of the academic community, or with rights essential to other members of the community.

1.4 The student is not only a member of the academic community, but a citizen of the larger society, who retains those rights, protections, and guarantees of fair treatment held by all citizens, and which the University may not deny. The enforcement of the student's duties to the larger society is, however, the responsibility of the legal and judicial authorities duly established for that purpose.

Guidelines

1.5 To protect student rights and to facilitate the definition of student responsibilities at Michigan State University, the following guidelines shall apply to those stipulations and conditions by which student conduct is regulated, broadly referred to as "regulations" in the remainder of this Article.

1.5.1 All regulations shall seek the best possible reconciliation of the principles of maximum freedom and necessary order.

1.5.2 There shall be no regulation unless there is a demonstrable need which is reasonably related to the basic purposes and necessities of the University as stipulated herein.

1.5.3 To the maximum extent feasible, students shall participate in formulating and revising regulations governing student conduct.

1.5.4 All regulations governing student conduct shall be made public in an appropriate manner.

1.5.5 Every regulation shall be as brief, clear, and specific as possible.

1.5.6 Wherever rights conflict, regulations shall, to the maximum extent feasible, permit reasonable scope for each conflicting right by defining the circumstances of time, place, and means appropriate to its exercise.

1.5.7 Regulations shall respect the free expression of ideas and shall encourage the competition of ideas from diverse perspectives.

1.5.8 Procedures and penalties for the violation of regulations shall be designed for guidance or correction of behavior only.

1.5.9 Penalties shall be commensurate with the seriousness of the offense. Repeated violations may justify increasingly severe penalties.

1.5.10 There shall be clearly defined channels and procedures for the appeal and review of:

- a. The finding of guilt in an alleged violation of a regulation.
- b. The reasonableness, under the circumstances, of the penalty imposed for a specific violation.
- c. The substance of a regulation or administrative decision which is alleged to be inconsistent with the guidelines in this document.
- d. The fairness of the procedures followed in the adjudication.

1.5.11 Every regulation shall specify to whom it applies and whether responsibility for compliance lies with individuals, with groups, or with both.

1.6 Handbook of Regulations and Structures: A handbook of the University's current regulations and structures relating to student rights and responsibilities shall be made available to every member of the academic community.

ARTICLE 2

Academic Rights and Responsibilities

2.1. Preamble

2.1.1 The freedom and effectiveness of the educational process depend upon the provision of appropriate conditions and opportunities for learning in an environment that is supportive of diversity among ideas, cultures, and student characteristics. The responsibility to secure, respect, and protect such opportunities and conditions is shared by all members of the academic community. The primacy of the faculty's role and its centrality in the educational process must be recognized and preserved. The primary intellectual purpose of the University — its intellectual content and integrity — is the responsibility of the faculty.

2.1.2 The establishment and maintenance of the proper relationship between instructor and student are fundamental to the University's function, and require both instructor and student to recognize the rights and responsibilities which derive from it. The relationship between instructor and student as individuals should be founded on mutual respect and understanding together with shared dedication to the educational process.

2.2 Role of the Faculty in the Instructional Process

2.2.1 No provision for the rights of students can be valid which suspends the rights of the faculty. The student's right to competent instruction must be reconciled with the rights of the faculty, consistent with the principle that the competency of a professional can be rightly judged only by professionals. It is therefore acknowledged and mandated that competence of instruction shall be judged by the faculty.

2.2.2 Teaching units shall provide appropriate and clearly defined channels for the receipt and consideration of student complaints concerning instruction. In no instance shall the competence of instruction form the basis of an adversarial proceeding before any of the judicial bodies established in this document.

2.2.3 Faculty shall have authority and responsibility for academic policy and practices in areas such as degree eligibility and requirements, course content and grading, classroom procedure, and standards of professional behavior in accordance with the *Bylaws for Academic Governance*, the *Code of Teaching Responsibility*, and other documents on faculty rights and responsibilities.

2.2.4. No hearing board established under this document shall interfere with the evaluation of a student which represents a course instructor's good faith judgment of the student's performance. In the event that an evaluation is determined to be based on inappropriate or irrelevant factors, as discussed in 2.3.2 below, the dean of the college shall cause the student's performance to be reassessed and good faith evaluation established.

2.3 Rights and Responsibilities of the Student

2.3.1 The student is responsible for learning the content of a course of study according to standards of performance established by the faculty and for adhering to standards of professional behavior established by the faculty.

2.3.2 The student has a right to academic evaluations which represent the course instructor's good faith judgments of performance. Course grades shall represent the instructor's professional and objective evaluation of the student's academic performance. The student shall have the right to know all course requirements, including grading criteria, and procedures at the beginning of the course. Course evaluation procedures are covered by the *Code of Teaching Responsibility*.

2.3.2.1 To overcome the presumption of good faith, it must be demonstrated that an evaluation was based entirely or in part upon factors that are inappropriate or irrelevant both to academic performance and applicable professional standards.

2.3.3 The student shares with the faculty the responsibility for maintaining the integrity of scholarship, grades, and professional standards.

2.3.4 The student shall be free to take reasoned exception to information and views offered in the classroom, and to reserve judgment about matters of opinion, without fear of penalty.

2.3.5 The student's behavior in the classroom shall be conducive to the teaching and learning process for all concerned.

2.3.6 The student has a right to be governed by educationally justifiable academic regulations and professional standards.

2.3.7 The student has a right to accurate, timely, and clearly stated information concerning general academic requirements for establishing and maintaining an acceptable academic standing, the student's academic relationship with the University and the details of any special conditions which may apply, and graduation requirements for the student's academic program. Students are responsible for informing themselves of University, college, department, and school requirements as stated in unit publications and in the University catalog. In planning to meet such requirements, students are responsible for consulting with their academic advisors.

2.3.8 The student has a right to protection against improper disclosure of information concerning academic performance and personal characteristics such as values, beliefs, organizational affiliations, and health.

2.3.9 The student has a right to be protected from personal exploitation and to receive recognition for scholarly assistance to faculty.

2.3.10 The student has a right to scholarly relationships with faculty based on mutual trust and civility.

2.4 Adjudication of Undergraduate Student Grievances and Cases of Academic Dishonesty, Violations of Professional Standards, and Falsification of Admissions and Academic Records.

2.4.1 The University undertakes, within the limits of its resources and the limits imposed by due respect for the professional rights of the faculty, to supply an appropriate remedy for legitimate student grievances. (The limits of the University's resources proceed from factors that, while subject to its influence, are not always subject to its control.)

2.4.1.1 Procedures for the adjudication of grievances must proceed in a timely manner.

2.4.2 If problems arise in the relationship between instructor and student, both should attempt to resolve them in informal, direct discussions. If the problem remains unresolved, then the chief administrator of the unit and/or the Ombudsman should be consulted. If still aggrieved, a student may then submit a formal, written grievance for consideration by an appropriate hearing board. The formal grievance alleging violations of academic rights must include a proposed remedy, which could be implemented by a responsible administrator.

2.4.2.1 Grievances must normally be initiated no later than mid-term of the quarter following the one wherein the alleged violation occurred. If the involved instructor or student is absent from the University during the quarter, or if other appropriate reasons exist, an exception to this provision shall be granted by the unit. If the involved instructor is no longer employed by the University before the formal grievance procedure is completed, the grievance process may proceed.

2.4.2.2 Student grievances must be initiated at the lowest administrative level feasible: normally, the department/school. With the approval of the college dean, small departments/schools may waive jurisdiction and refer grievances to the college hearing board.

2.4.2.3 Administrators shall transmit written grievances promptly to the unit hearing board and to the instructor or other persons party to the matter.

2.4.3 For the purpose of constituting a department/school or college hearing board, undergraduate students shall be represented on the hearing board.

2.4.4 Parties to a grievance shall have an opportunity to state their cases, present evidence, designate witnesses, ask questions, and present a rebuttal.

2.4.4.1 Units shall constitute their hearing boards and establish their own procedures in a manner consistent with this document. A copy of procedures adopted by each unit shall be filed with the Office of the Ombudsman and with other appropriate offices.

2.4.4.2 Unit hearing boards shall ensure that a collegial atmosphere prevails in grievance hearings. Involvement of counsel should normally not be required. When present, counsel shall be limited to a member of the student body, faculty, or staff of the University. No member of the University's legal department shall serve as counsel under these provisions.

2.4.5 The hearing board shall prepare a written report of findings, and forward copies to the parties involved and to the Ombudsman. All recipients are expected to respect the confidentiality of this report. When a hearing committee finds that a violation of academic rights has occurred and that redress is possible, it shall direct that redress be provided. The responsible administrator, with the advice of the hearing board, shall implement an appropriate remedy.

2.4.6 The appropriate initial judiciary for cases involving alleged violations of regulations prohibiting academic dishonesty, violations of professional standards, or falsification of admission or academic records by undergraduate students which are referred for disciplinary action shall be the hearing board of the college within which the violation is alleged to have occurred.

2.4.6.1 In cases of ambiguous jurisdiction, the appropriate judiciary will be randomly selected by the Assistant Provost for Undergraduate Education from the hearing boards for the Colleges of Arts and Letters, Natural Science, and Social Science.

2.4.6.2 In cases of academic dishonesty, violations of professional standards, or falsification of admission or academic records by undergraduate students which are referred for disciplinary action, the college level hearing boards shall have available to them the full range of decisions provided to a judiciary for disciplinary cases through this document. The dean of the student's college may implement the finding, request the hearing board to reconsider its decision, or forward the finding and a conflicting recommendation to the Office of the Provost for final resolution.

2.4.7 Either party to a grievance may appeal the decision of the department/school hearing board to the college hearing board. All appeals must be in writing. When a college hearing board finds that a violation of academic rights has occurred and that redress is possible, it shall direct that redress be provided. The responsible administrator, with the advice of the board, shall implement an appropriate remedy.

2.4.7.1 Either party to a grievance may appeal the decision of the college hearing board to the University Academic Integrity Review Board only in cases of a penalty grade for academic dishonesty; cases involving alleged violations of regulations prohibiting academic dishonesty, violations of professional standards or falsifications of admission and academic records by undergraduate students which are referred for disciplinary action; or other grievances heard only at the college level. All grievances must be in writing. When the University Academic Integrity Review Board finds that such a violation of academic rights has occurred and that redress is possible, it shall direct that redress be provided. The responsible administrator, with the advice of the board, shall implement an appropriate remedy.

2.4.7.1.1 All appeals to the University Academic Integrity Review Board in cases of a penalty grade for academic dishonesty must specify the alleged defects in the substance and/or procedures of the previous adjudication(s) in sufficient particularity to justify further proceedings.

2.4.7.1.2 All appeals to the University Academic Integrity Review Board in cases of alleged violations of regulations prohibiting academic dishonesty, violations of professional standards, or falsification of admission and academic records which are referred for disciplinary action must specify the alleged defects in the substance and/or procedures of the previous adjudication in sufficient particularity to justify further proceedings.

2.4.7.2 Appeals may challenge the substance of a decision and/or the procedures employed in the adjudication. (Presentation of new evidence will normally be inappropriate at an appeal hearing.)

2.4.7.3. Appeals must be filed within ten class days following notice of a decision. The original decision shall be held in abeyance while under appeal.

2.4.8 If a student is accused of academic dishonesty and is referred for judicial action, and if a disciplinary sanction is not held to be supported by the preponderance of evidence as required in Article 4, the student may appeal a penalty grade received in the case to the department/school hearing board as indicated in 2.4.9.

2.4.9 A student who receives a penalty grade based upon a charge of academic dishonesty, even if not referred for disciplinary action, may seek a hearing according to the procedures in this Article. In such a hearing, the burden of proof shall rest upon the instructor whose prior assignment of the penalty grade will constitute a charge of academic dishonesty. The hearing board shall proceed in compliance with applicable academic legislation on the integrity of scholarship, grades, and professional standards, and the procedural and appeal provisions of this document shall apply.

ARTICLE 3

3.2 All policies and practices governing access, maintenance, and release of student records shall conform to the University's published guidelines.

3.2.6 Evaluation of students shall be made only by persons who are qualified to make that evaluation.

3.2.7 All persons who handle confidential records shall be instructed concerning the confidential nature of such information and their responsibilities regarding it.

3.2.8 No one outside the faculty or administrative staff of Michigan State University, except as specified by law, may have access to the records of a student's offenses against University regulations without the express permission of the student in writing.

3.2.9 All policies governing the maintenance and the selective release of records and of portions of records shall be made public in an appropriate manner and shall be subject to judicial review as provided in Article 4.

ARTICLE 4

Judicial Process

4.1 Introduction

4.1.1 The University as a community is dependent upon maintaining a balance among personal freedoms, individual responsibilities, institutional rights, and institutional responsibilities. When rights conflict or when responsibilities are not met, means for hearing and redress must be provided. The fundamentals of fair play are the necessary guarantees of judicial process. Each party to a hearing has rights and corresponding responsibilities which, together, define the elements of fair play essential to due process. The requirements of due process are outlined below in 4.3 and 4.4 and shall be adhered to by all duly constituted judicial bodies as provided herein.

4.2 General Procedures for All Judiciaries

4.2.1 Code of Operations: Each judiciary shall establish a code of operations which is in all ways consistent with the provisions of due process as outlined in Sections 4.3, 4.4, and 4.5 of this Article, including establishing procedures for determining whether a complaint or allegation appropriately warrants a judicial hearing.

4.2.2 A Student Judiciary, with cause, may waive jurisdiction and request that a case be heard by the Student-Faculty Judiciary. The Student-Faculty Judiciary may elect to hear the case or direct a Student Judiciary to hear it.

4.2.3 Open and Closed Hearings: An open hearing is open to any member of the University community. A closed hearing is restricted to the parties concerned. The judiciary may close an open hearing at any time to maintain order.

- a. Disciplinary hearings shall be closed unless an open hearing is requested by the respondent. (See Section 4.3)
- b. Non-disciplinary hearings shall be open unless the judiciary determines that the hearing should be closed to protect the confidentiality of information. (See section 4.4)

4.2.4 Decisions:

- a. **Findings:** After hearing a case, a hearing body shall decide whether an allegation has been supported by the preponderance of evidence. If the allegation is not so supported, the case is dismissed. If the allegation is supported, the judiciary may select from the following sanctions:

b. Sanctions in disciplinary cases:

1. **No action.**
2. **Warning.** An official written statement expressing disapproval of acts committed.

3. **Warning Probation.** A probation indicating that further violations of regulations will result in more severe disciplinary action. This probation will be imposed for a specific period of time, and the student shall be automatically removed from probation when the imposed period expires. This probation may be accompanied by a requirement that restitution be made for University property damages or losses resulting from acts committed, or other requirements or special conditions as deemed appropriate.

4. **Disciplinary Probation.** A period of time specified for observing and evaluating a student's conduct, with or without special conditions, including a written reprimand and indicating that (a) further violations while on probation may result in more severe disciplinary action including suspension or (b) further violation while on probation of regulations of similar or greater severity will result in suspension. This probation will be imposed for a specific period of time, and the student shall automatically be removed from probation when the imposed period expires.

Special Conditions: A special condition of disciplinary probation may include:

- (i) **Restitution:** By such date established by the appropriate judiciary or administrative officer, the student shall pay for University property damages or losses resulting from acts committed.
- (ii) **Change of residence:** The student shall be required to move from his or her current on-campus residence, to either an off-campus location or to another location within the University Housing system that is acceptable to the Office of Student Affairs.
- (iii) **Other:** Other action deemed appropriate to a specific case.

5. **Suspension.** A suspension from the University may be by term, in which case the student is eligible to apply for readmission at the end of the stated period of time; or it may be a conditional suspension, in which case the student must demonstrate that he/she has fulfilled stated conditions prior to applying for readmission. Suspension is implemented, after approval, by the Vice President for Student Affairs and Services except in the case of academic dishonesty, violation of professional standards, or falsification of admission and academic records, in which suspension is implemented, after approval, by the Provost.

c. **Sanctions appropriate to student group constitutional questions or issues may include:**

1. Censure.

2. Revocation of privileges.

3. Revocation of registration of a student organization.

4. Other action deemed appropriate to a specific case.

4.2.5 Appeals: The decisions of a hearing body may be appealed in accordance with the principles established in Section 4.3.6 for disciplinary cases and 4.4.9 for non-disciplinary cases. Procedures for filing and acting on appeals shall be as follows:

- a. The appeal must be submitted in writing to the appropriate judiciary within three (3) class days following written notification of the original decision.
- b. If a group is involved, a representative designated by the group shall act in behalf of the group.
- c. The appellate body shall request relevant information, review the case and the procedures used, and then decide as follows:

1. There are not sufficient reasons for another hearing and the decision of the lower judiciary shall stand, or
2. The lower judiciary shall be directed to rehear the case or to reconsider or clarify its decision, or
3. The appellate body may affirm, reverse, or modify the decision, or in extraordinary circumstances, elect to rehear the case in its entirety.

4.2.6 Reconsideration: Each hearing body shall make provision to allow a complainant or respondent to request reconsideration of a case within (60) sixty class days if it is determined that new evidence has arisen. An exception to the time provision may be granted by the appropriate hearing body.

4.2.7 Members of a judiciary involved or possessing other conflicts of interest in a case at issue shall be disqualified from sitting on the judiciary for that specific case.

4.3 Due Process — Disciplinary Proceedings

4.3.1 Students accused of violating a regulation or all-University policy shall have the right to appear before a duly constituted judicial body as herein provided. No student shall be suspended from the University except through the procedures of this article which includes provisions for interim suspension as prescribed in Section 4.3.7 or the applicable section of the *Graduate Student Rights and Responsibilities* document or the *Medical Students Rights and Responsibilities* document.

4.3.1.1 The student shall be notified, in writing, by a representative of the Office of Student Affairs, or of the Office of the Provost in cases of academic dishonesty, violations of professional standards or falsification of admission and academic records which are referred for disciplinary action, that he or she has been accused of violating a regulation or all-University policy. The student shall be expected to meet with the representative, receive a written statement of the alleged violation, and choose whether the allegation is handled by an appropriate judiciary or an administrator. The provisions of this document concerning sanctions and appeals apply to either option. Students who fail to meet initially with the representative shall be referred to the appropriate judiciary for a hearing.

4.3.1.1.1 In cases of academic dishonesty, violations of professional standards, and falsification of admission and academic records, all alleged violations will be handled by the appropriate judiciary.

4.3.2 Notice of Hearing: At least three (3) class days prior to a hearing, the respondent shall receive a written notification of hearing from the appropriate judicial body or administrator. This notice of hearing shall state:

- a. The regulation alleged to have been violated together with charges of sufficient particularity to enable the respondent to prepare a case.
- b. The time and place of the hearing.
- c. The body or administrator adjudicating the case.
- d. The name of the complainant and the name of counsel, if any.
- e. The names of witnesses for the complainant. (A request to add witnesses may be granted by the judiciary or administrator. If so, a postponement of three (3) class days will be granted upon request of the respondent.)

4.3.3 Either the complainant or the respondent may request, with cause, a postponement prior to the scheduled time of the hearing. The hearing body may grant or deny such a request.

4.3.4 Both the respondent and the complainant shall be expected to appear at the hearing and present their cases to the hearing body.

- a. Should the complainant fail to appear, the hearing body may either postpone the hearing or dismiss the case.
- b. Should the respondent fail to appear, the hearing body may either postpone the hearing or hear the case in the student's absence. The failure of the student to appear shall not be taken as indicative of guilt and must be noted without prejudice.

4.3.5 Both the respondent and the complainant shall be entitled to:

- a. Receive an expeditious hearing.
- b. Call witnesses on their behalf. The hearing body reserves the right to limit the number of witnesses. Witnesses are to be members of the University community except as the hearing body rules that others may serve in the interest of the case.
- c. Submit evidence or written statements in support of their positions.
- d. Be accompanied by counsel of their choice who may assist in the presentation of their cases. Counsel shall be limited to a member of the student body, faculty, or staff of the University.
- e. Question any witnesses providing oral or written testimony.
- f. Receive a decision and the rationale for that decision. The respondent shall be provided with written notification of the decision.
- g. Written notification of the right to appeal. Should the right to appeal be exercised, any action by the hearing body shall be deferred until the appeal is acted upon by a higher body.

4.3.6 Both the respondent and the complainant shall, subject to the following conditions, have the right to appeal the decision of a hearing body.

- a. The respondent may appeal an adverse decision as a result of a hearing. The reasons for appeal shall be: (1) insufficient grounds for the decision; (2) a sanction inappropriate to the seriousness of the offense.
- b. The complainant may appeal a decision not to grant a hearing by a hearing body of original jurisdiction.
- c. Both the respondent and complainant may appeal on the grounds that the applicable procedures for adjudicating the case were not followed, or there was a conflict of interest with a member or members of the judiciary.

4.3.7 When the Vice President for Student Affairs and Services, at his/her discretion, believes there is reasonable cause that a student's continued presence at Michigan State University constitutes a clear and present danger to the health or safety of persons or property, the Vice President for Student Affairs and Services or his/her designee may temporarily suspend a student pending final resolution of the matter. The interim suspension shall not preclude, predetermine, or render irrelevant subsequent disciplinary action or procedures; nor shall an interim suspension create a presumption of guilt.

4.3.7.1 Students placed on interim suspension may petition for reinstatement pending the final resolution of their cases. Such petitions will be considered by either the Vice President for Student Affairs and Services or the Student-Faculty Judiciary as requested by the petitioner. The Vice President or the judiciary shall conduct a hearing for the sole purpose of deciding to continue the interim suspension or grant reinstatement. Regardless of outcome, the hearing shall not preclude, predetermine, or render irrelevant subsequent disciplinary procedures. The hearing shall be held within five (5) University class days after receipt of a student's petition.

4.4 Due Process — Non-Disciplinary Proceedings

4.4.1 Any student may request a hearing before the appropriate judicial body when such a request concerns:

- a. Any challenge to a University regulation, or an action by faculty or staff alleged to be inconsistent with the guidelines established in this document.
- b. A question, conflict, or interpretation of a student group's constitution or rules.

In such a case, the person should utilize available remedies before seeking relief through judicial action.

4.4.2 The judiciary shall review each hearing request for jurisdiction and judicial merit and may then forward a copy of the request to the appropriate individual(s) and invite a written response. After considering all submitted information, the judiciary may:

- a. Accept the request, in full or in part, and proceed to schedule a hearing.
- b. Reject the request and provide an appropriate explanation.
- c. Invite all parties to meet with the judiciary for an informal discussion of the issues. Such a discussion shall not preclude a later hearing.

4.4.3 Notice of Hearing: At least three (3) class days prior to a hearing both the respondent and the complainant shall be entitled to a written notification of hearing from the appropriate judicial body. This notice of hearing shall state:

- a. The nature of the issues, charges, and/or conflicts to be heard with sufficient particularity to enable both the respondent and the complainant to prepare their respective cases.
- b. The time and place of the hearing.
- c. The body adjudicating the case.
- d. The names of the respondent and complainant.

- e. The name of the complainant's counsel, if any.
- f. The names of any individuals who will speak in support of the complainant's position.

4.4.4 Response to Notice of Hearing: The respondent is to notify the judiciary of the following, in writing, at least one (1) class day prior to the scheduled hearing:

- a. The name of the respondent's counsel, if any.
- b. The names of any individuals who will speak in support of the respondent's position.
- c. An outline of the respondent's presentation for the hearing, if requested by the judiciary.

4.4.5 Should the respondent fail to acknowledge the notice of hearing, the judiciary may either postpone or proceed with the hearing.

4.4.6 Either the complainant or the respondent may request, with cause, a postponement prior to the scheduled time of a hearing. The judiciary may grant or deny such a request.

4.4.7 Both the respondent and the complainant shall be expected to appear at the hearing and present their cases to the judiciary.

- a. Should the complainant fail to appear, the judiciary may either postpone the hearing or dismiss the case.
- b. Should the respondent fail to appear after having acknowledged the notice of the hearing, the judiciary may either postpone the hearing or hear the case in the respondent's absence.
- c. The judiciary may accept written statements from a party to the hearing in lieu of a personal appearance but only in unusual circumstances. Such written statements must be submitted to the judiciary at least one (1) day prior to the scheduled hearing.

4.4.8 Both the complainant and the respondent shall be entitled to:

- a. Receive an expeditious hearing.
- b. Present individuals to speak in support of their positions. The judiciary reserves the right to limit the number of such individuals. Those who speak shall be members of the University community except as the judiciary rules that others may serve in the interest of the case.
- c. Submit evidence or written statements in support of their positions.

- d. Be accompanied by counsel of their choice who may assist in the presentation of cases. Counsel shall be limited to a member of the student body, faculty, or staff of the University.
- e. Ask questions of witnesses providing oral or written testimony.
- f. Receive a written explanation of the reasons for the decision.
- g. Notification of right to appeal, if any. Should the right to appeal be exercised, any action by the judiciary shall be deferred until the appeal has been acted upon.

4.4.9 All non-disciplinary decisions by the Student-Faculty Judiciary shall be final; however, such decisions by a student judiciary may be appealed subject to the following conditions:

- a. Either the respondent or the complainant may appeal an adverse decision as a result of a hearing. The reasons for appeal shall be: (1) insufficient grounds for the decision; (2) inappropriateness of the decision.
- b. The complainant may appeal a decision by a judiciary of original jurisdiction not to grant a hearing.
- c. Both the respondent and complainant may appeal on the grounds that the applicable procedures for adjudicating the case were not followed.

4.4.10 Decisions in non-disciplinary cases shall be made available to the University community unless the judiciary determines that confidentiality of the records should be protected.

4.5 Judicial Structure

4.5.1 Student Judiciaries: Each residence hall government shall establish a judiciary or join with other hall governments in the same residential complex in establishing a common judiciary. The All-University Undergraduate Student Governing Body and the All-University Graduate Student Governing Body shall also establish a student judiciary. In addition, any major governing group may elect to establish its own judiciary. All such judiciaries shall conduct formal hearings on matters herein defined and shall function within the guidelines of this Article.

4.5.1.1 Composition: The members of each student judiciary shall be selected in accordance with the procedures established by the constitutions of their respective groups and shall have an advisor designated by the Vice President for Student Affairs and Services.

4.5.1.2 Jurisdiction: The student judiciaries shall have jurisdiction on the following matters:

Original Jurisdiction (Disciplinary):

- a. Alleged violations of general student, student group, or living group regulations or all-University policies with the exception of alleged academic dishonesty, violations of professional standards, or falsification of admission or academic records by individual members or constituent groups within the particular living unit(s) or the major governing group. Where no living unit or group judiciary exists, allegations will be handled by the student judiciary established by the All-University Graduate and Undergraduate Student Governing Bodies.

- (1) A student may request a hearing before a student judiciary other than his/her constituent judiciary.

Original Jurisdiction (Non-disciplinary):

- b. A question, conflict, or interpretation of the constitution or rules of the judiciary's constituent group.

4.5.1.3 Decisions: After hearing a case, a student judiciary shall decide according to the provisions of Section 4.2.4, but may not suspend a student from the University.

4.5.1.4 Appeals: Decisions of a student judiciary may be appealed to the University Student Appeals Board according to the provisions of Section 4.3.6. In non-disciplinary cases, grounds for appeal shall be restricted to alleged violation of due process and/or the provisions of this document according to the provisions of Section 4.4.9.

4.5.1.5 Summer Term: During summer term, a student judiciary may, through a continuation of its existing membership or through a request for interim appointments, provide for its operation.

4.5.1.6 Temporary Restraining Actions: The procedural rules of a student judiciary shall include provisions for expedited consideration of urgent cases in which a restraining action is sought because an individual or group allegedly threatens immediate and irreparable harm through action contrary to the constitution of any undergraduate or graduate student governing group within the judiciary's jurisdiction.

- a. Upon receipt of such a request, the student judiciary shall conduct a preliminary examination to determine whether a temporary restraining action should be taken. This meeting should include opportunity for both the complainant and the respondent to present information. Consideration should be given to the nature and potential extent of irreparable harm, other alternatives to remedy the situation, and whether a temporary restraining action would preclude, predetermine, or render irrelevant the ultimate decision of a judiciary in reviewing the details of the case.

b. If the judiciary decides to take a temporary restraining action, the appropriate individual or group shall be required to postpone or withdraw the action in question pending a hearing on the merits of the case by the judiciary having original jurisdiction over the governing group or living group constitution in question.

c. The student judiciary shall make every reasonable effort to meet whatever exigencies of time may exist in such a case.

4.5.2 Student-Faculty Judiciary: There shall be established a Student-Faculty Judiciary.

4.5.2.1 Composition: Voting members shall be selected as provided in Section 4.6. The membership of the Student-Faculty Judiciary shall be as follows:

Original Jurisdiction (Non-disciplinary):

b. Conflicts arising between student governing groups, living units, and/or registered student organizations.

c. Conflicts between the undergraduate and graduate student governing bodies.

4.5.2.2.1 The procedure for hearings under Section 4.5.2.2b and c shall accord with the provisions of Section 4.4 above. The chairperson shall subsequently make the decision public in an appropriate manner, unless the judiciary determines that confidentiality of the record should be protected.

4.5.2.3 Temporary Restraining Action: The procedural rules of the Student-Faculty Judiciary shall include provisions for expedited consideration of urgent cases in which a temporary restraining action is sought because a regulation or administrative decision allegedly threatens immediate and irreparable harm or infringement of rights as defined by this document.

a. Upon receipt of such a request, the Student-Faculty Judiciary shall conduct a preliminary examination to determine whether temporary restraining action should be taken. This meeting should include opportunity for both the complainant and the respondent to present information. Consideration should be given to the nature and potential extent of irreparable harm, other alternatives to remedy the situation, and whether a restraining action would preclude, predetermine, or render irrelevant the ultimate decision of the Student-Faculty Judiciary in reviewing the full details of the case.

b. If the Student-Faculty Judiciary decides to take a temporary restraining action, the appropriate individual, group, or administrative unit shall be requested to postpone or withdraw the action in question pending a hearing on the merits of the case.

c. The Student-Faculty Judiciary shall make every reasonable effort to meet whatever exigencies of time may exist in such cases. If necessary, the Student-Faculty Judiciary may announce its decision regarding a temporary action without a written statement of its reasons provided that such a statement of reasons shall be made available as soon as reasonably possible.

4.5.3.1.1 The Office of the Vice President for Student Affairs and Services shall provide necessary support services for the University Student Appeals Board.

4.5.3.2 Jurisdiction: The University Student Appeals Board shall have jurisdiction over:

- a. Decisions made by a student judiciary and disciplinary decisions made by the Student-Faculty Judiciary.
- b. Disciplinary actions taken by an administrator in the Office of Student Affairs as provided for in Section 4.3.1.1.
- c. Procedures followed by the Traffic Appeals Board.
- d. Challenges to a University regulation, or an action by an administrator or member of the faculty or staff alleged to be inconsistent with the guidelines established in this document.

If additional action is required and possible in a case, the University Student Appeals Board shall direct that redress be provided. The responsible administrator, with the advice of the University Student Appeals Board and/or academic governance bodies, shall implement an appropriate remedy.

4.5.3.3 Summer Term: The University Student Appeals Board shall, through continuation of its existing membership or through request for interim appointments, provide for its operation through the summer term.

4.5.3.4 Decisions: The University Student Appeals Board shall have available to it the full range of decisions, including temporary restraining actions, provided to judiciaries through this document. In addition, the University Student Appeals Board may make whatever recommendations it may consider appropriate to specific cases.

4.5.3.5 Appeals: All decisions of the University Student Appeals Board with respect to individual and group actions are final unless appealed to the Vice President for Student Affairs and Services who may affirm or reverse the decision, diminish the sanction imposed, or direct that the case be reconsidered. Decisions of the University Student Appeals Board under Section 4.5.3.2d are not appealable.

4.5.4 University Academic Integrity Review Board: There shall be established a University Academic Integrity Review Board for the purposes described in Article II.

4.5.4.1 Composition: Voting members shall be selected as provided in Section 4.6. The membership of the University Academic Integrity Review Board shall be as follows:

The various administrative units are delegated authority, by the Board of Trustees through the President, to establish Administrative Rulings.

5.6.2 The process by which Administrative Rulings are developed shall be consistent with the legislative and advisory duties and prerogatives of those bodies involved in academic governance. The process shall reflect concern for student input when the substance of a ruling affects students.

5.6.3 When a student is alleged to be noncompliant with an Administrative Ruling, a unit administrator shall confront the student and allow the student to clarify the situation.

5.6.3.1 The administrator shall determine whether the alleged acts may violate a General Student, Student Group, or Living Group Regulation, or an All-University Policy. If so, the student shall be referred for action under Article 4.

5.6.3.2 The administrator shall assess the situation and implement any non-punitive action appropriate to the circumstances: e.g. restrict service, require restitution. However, disciplinary sanctions may only be imposed through the judicial process described in Article 4.

5.6.3.3 The student shall be entitled to written notification of:

- a. Any non-disciplinary action of the administrator, and the rationale.
- b. The right to appeal the administrator's decision to the University Student Appeals Board, under 4.5.3.2d. of this document.

GRADUATE STUDENT RIGHTS AND RESPONSIBILITIES AT MICHIGAN STATE UNIVERSITY

Foreword

The foreword is not part of the document that follows. It supplies, however, a necessary perspective for interpreting the document. Graduate student rights and responsibilities at Michigan State University are part of the social and historical background of the University itself.

When, more than a century ago, the people of Michigan established this institution on the land-grant principle, they framed a new conception of the role of the university in American life.

A land-grant university is a trusteeship of intellect in the service of society. It gathers society's creative and intellectual powers and uses them to advance the common good and to solve fundamental problems.

That is the special character that has caused the land-grant university to become one of the great transforming agencies of the American scene. When it honors its commission, it acts not for the sake of the academic community, but for the sake of society. All members of the academic community—students, staff, faculty, administrators, and trustees—enact a trust of which society beyond the university is the proper beneficiary.

This document is significant not merely because it establishes that graduate students have certain rights and responsibilities, but particularly because it affirms that they are a party to the social trust shared by all in the university community who are charged with preserving and advancing the genius of scholarship and the conditions of inquiry which society has entrusted to our care.

Preface

This report, the *Academic Freedom for Students at Michigan State University*, and the *Medical Students Rights and Responsibilities* document, contain guidelines to the rights and duties of graduate students in matters of conduct, academic pursuits, keeping of records, and employment. This report describes structures and procedures for formulating regulations governing graduate student conduct, for interpreting and amending the guidelines, for adjudicating graduate student disciplinary cases, and for channeling student complaints, grievances, or concerns to faculty, staff, and administrators for appropriate action.

For the most part these provisions simply make explicit what has been long understood and practiced at Michigan State University. This report identifies rights and duties of graduate students and provides for graduate students a carefully prescribed system of due process. Rather than expounding a generalized abstract definition of academic freedom, this report provides an operational definition with concrete application of the concept of academic freedom for graduate students.

ARTICLE 1

Graduate Student Rights and Responsibilities at Michigan State University

1.1 Michigan State University is a community of scholars whose members include its faculty, staff, students, and administrators. The basic purposes of the University are the advancement, dissemination and application of knowledge. The most basic condition for the achievement of these purposes is freedom of expression and communication. Without this freedom, effective sifting and testing of ideas cease, and research, teaching, and learning are stifled. Knowledge is as broad and diverse as life itself, and the need for freedom is equally broad. Yet absolute freedom in all aspects of life means anarchy, just as absolute order means tyranny. Both anarchy and tyranny are antithetical to the purposes and necessities of the University. Therefore, the University always must strive to strike that balance between maximum freedom and necessary order which best promotes its basic purposes by providing the environment most conducive to the many faceted activities of instruction, research, and service.

1.2 Each right of an individual places a reciprocal duty upon others: the duty to permit the individual to exercise the right. The graduate student, as a member of the academic community, has both rights and duties. Within that community, the graduate student's most essential right is the right to learn. The University has a duty to provide for the graduate student those privileges, opportunities and protections which best promote the learning process in all its aspects. The graduate student also has duties to other members of the academic community, the most important of which is to refrain from interference with those rights of others which are equally essential to the purposes and processes of the University.

1.3 The University cherishes many values, modes of thought and standards of behavior that are better taught by example, persuasion, social pressure, and rewards than by the threat of penalties. Regulations governing the activities and conduct of graduate students individually or collectively should not be comprehensive codes of desirable conduct; rather, they should be limited to the prescription of procedures for meeting the practical, routine necessities of a complex community and to the prohibition or limitations of acts which cannot be tolerated because they seriously interfere with the basic purposes and processes of the academic community, or with rights essential to other members of the community.

1.4 The graduate student is not only a member of the academic community, but a citizen of the larger society, who retains those rights, protections and guarantees of fair treatment held by all citizens, and which the University may not deny. The enforcement of the graduate student's duties to the larger society is, however, the responsibility of the legal and judicial authorities duly establishes for that purpose.

Guidelines

1.5 To protect graduate student rights and to facilitate the definition of graduate student responsibilities at Michigan State University, the following guidelines shall apply to those stipulations and conditions by which graduate conduct is regulated, broadly referred to as "regulations" in the remainder of this Article.

1.5.1 All regulations shall seek the best possible reconciliation of the principles of maximum freedom and necessary order.

1.5.2 There shall be no regulation unless there is a demonstrable need which is reasonably related to the basic purposes and necessities of the University as stipulated herein.

1.5.3 To the maximum extent feasible, graduate students shall participate in formulating and revising regulations governing graduate student conduct.

1.5.4 All regulations governing graduate student conduct shall be made public in an appropriate manner.

1.5.5 Every regulation shall be as brief, clear and specific as possible.

1.5.6 Wherever rights conflict, regulations shall, to the maximum extent feasible, permit reasonable scope for each conflicting right by defining the circumstances of time, place and means appropriate to its exercise.

1.5.7 Regulations shall respect the free expression of ideas and shall encourage competition of ideas from diverse perspectives.

1.5.8 Procedures and penalties for the violation of regulations shall be designed for guidance or correction of behavior only.

1.5.9 Penalties shall be commensurate with the seriousness of the offense. Repeated violations may justify increasingly severe penalties.

1.5.10 There shall be clearly defined channels and procedures for the appeal and review of:

- a. The finding of guilt in an alleged violation of a regulation.
- b. The reasonableness, under the circumstances, of the penalty imposed for a specific violation.
- c. The substance of a regulation or administrative decision which is alleged to be inconsistent with the guidelines in this document.
- d. The lack of adherence to the applicable procedures in the adjudication.

1.5.11 Every regulation shall specify to whom it applies and whether responsibility for compliance lies with graduate students either individually or collectively.

1.6 Handbook of Regulations and Structures: A handbook of the University's current regulations and structures relating to student rights and responsibilities shall be made available to every member of the academic community.

Academic Rights and Responsibilities for Graduate Students

2.1 Preamble

2.1.1 The freedom and effectiveness of the educational process depend upon the provision of appropriate conditions and opportunities for learning in an environment that is supportive of diversity among ideas, cultures, and student characteristics. The responsibility to secure, respect and protect such opportunities and conditions is shared by all members of the academic community. The primacy of the faculty's role and its unquestionable centrality in the educational process must be recognized and preserved. The primary intellectual purpose of the University — its intellectual content and integrity — is the responsibility of the faculty.

2.1.2 The establishment and maintenance of the proper relationship between instructor and student are fundamental to the University's function, and require both instructor and student to recognize the rights and responsibilities which derive from it. The relationship between instructor and student as individuals should be founded on mutual respect and understanding together with shared dedication to the educational process.

2.2 Role of the Faculty in the Instructional Process

2.2.1 No provision for the rights of graduate students can be valid which suspends the rights of the faculty. The graduate student's right to competent instruction must be reconciled with the rights of the faculty, consistent with the principle that the competency of a professional can be rightly judged only by professionals. It is therefore acknowledged and mandated that competence of instruction shall be judged by the faculty.

2.2.2 Teaching units shall provide appropriate and clearly defined channels for the receipt and consideration of graduate student complaints concerning instruction. In no instance shall the competence of instruction form the basis of an adversarial proceeding before any of the judicial bodies established in this document.

2.2.3 Faculty shall have authority and responsibility for academic policy and practices in areas such as degree eligibility and requirements, course content and grading, classroom procedure, and standards of professional behavior in accordance with the *Bylaws for Academic Governance*, the *Code of Teaching Responsibility*, and other documents on faculty rights and responsibilities.

2.2.4 No hearing board established under this document shall direct a change in the evaluation of a graduate student which represents a course instructor's or guidance committee's good faith judgment of the graduate student's performance. In the event that an evaluation is determined to be based on inappropriate or irrelevant factors, the dean of the college shall cause the student's performance to be reassessed and good faith evaluation established. (See also Sections 2.3.10, 2.4.8, and Article 5.)

2.3 Rights and Responsibilities of the Graduate Student

2.3.1 The graduate student has a right to be governed by educationally justifiable academic regulations and professional standards.

2.3.2 In all areas of graduate education pertaining to academic rights and responsibilities, there shall be no discrimination on the basis of race, color, creed, gender, national origin, political persuasion, sexual preference, marital status, handicap, or age.

2.3.3 The graduate student has a right to accurate, timely, and clearly stated information concerning general academic requirements for establishing and maintaining an acceptable academic standing, the graduate student's academic relationship with the University and the details of any special conditions which may apply. Requirements for the student's academic program shall be made known by the administering unit at the time of the student's first enrollment. Graduate students are responsible for informing themselves of University, college, department, and school requirements as stated in unit publications and in the University catalog. In planning to meet such requirements, students are responsible for consulting with their academic advisers and guidance committees.

2.3.4 The graduate student, regardless of degree program, has a right to the best advice the unit can provide concerning program planning, research, professional expectations, selection of courses and professors, and general degree requirements.

2.3.5 Units shall maintain records for their graduate students, specifying and/or containing degree requirements, course waivers and substitutions, program changes, and other stipulations directly affecting their degree programs. Graduate students shall be provided access to and/or a copy of these records upon request.

2.3.6 The graduate student shall be free to take reasoned exception to information and views offered in the classroom, and to reserve judgment about matters of opinion, without fear of penalty.

2.3.7 Graduate students and faculty have a responsibility to maintain at all times the kind of classroom decorum and collegial atmosphere which insures that the process of teaching and learning can take place.

2.3.8 The graduate student shares with the faculty the responsibility for maintaining the integrity of scholarship, grades, and professional standards.

2.3.9 The graduate student is responsible for learning the content of a course of study according to standards of performance established by the faculty and for adhering to standards of professional behavior established by the faculty.

2.3.10 The graduate student has a right to academic evaluations which represent good faith judgments of performance by course instructors and guidance committees. Course grades shall represent the instructor's professional and objective evaluation of the graduate student's academic performance. The graduate student shall have the right to know all course requirements, including grading criteria, and procedures at the beginning of the course. Procedural guidelines are included in *The Code of Teaching Responsibility*.

2.3.11 The graduate student has a right to protection against improper disclosure of information concerning academic performance and personal characteristics such as values, beliefs, organizational affiliations, and health. (See also Article 3.)

2.3.12 The graduate student has a right to scholarly relationships with faculty based on mutual trust and civility.

2.3.13 The graduate student has a right to be protected from personal exploitation and to receive recognition for scholarly assistance to faculty.

2.4 Academic Programming.

2.4.1 The department/school is responsible for informing all incoming master's candidates of program requirements and procedures.

2.4.2 Guidance Committee. It shall be the responsibility of each graduate student admitted to a doctoral program, to a Diploma for Advanced Graduate Study program, or to a master's program that requires a guidance committee, to form a guidance committee with the concurrence of the unit chairperson/director or designated representative. Composition of the guidance committee will be in accord with University, college, and department/school guidelines. In the event that a student is unable to form a guidance committee, it shall be the responsibility of the unit chairperson/director to intervene with the faculty of the unit in order to resolve the problem.

2.4.2.1 For graduate students in doctoral programs and Diploma for Advanced Graduate Study programs, the guidance committee shall be formed within the first three terms of doctoral study, or within three terms beyond the master's degree or its equivalent. Within one term after the committee is formed, the chairperson of the guidance committee shall file a guidance committee report with the dean of the college, listing all degree requirements. A copy of this guidance committee report shall also be given to the graduate student. This guidance committee report, as changed or amended in full consultation between the graduate student and the committee, and approved by the appropriate department chairperson or school director and the dean of the college, shall be regarded as the statement of program requirements. The program will not be considered binding unless signed by the student.

2.4.2.2 Once designated, the guidance committee has the responsibility to meet periodically to oversee the graduate student's progress as long as the graduate student continues in good standing. Any desired or required changes in the membership of the guidance committee may be made by the graduate student with the concurrence of the unit chairperson/director or designated representative or by the unit with the concurrence of the graduate student in accordance with University, college, and unit policy. The guidance committee, with the concurrence of the graduate student, may form a dissertation committee to supersede or supplement the guidance committee. Committee or dissertation chairpersons on leave shall provide for the necessary guidance of their advisees during their absence.

2.4.3 Residency. Academic residency requirements and residency fee policies shall be made known to the graduate student at the time of admission.

2.4.4 Time Limits. The time limitations for candidates seeking advanced degrees shall be made known to the graduate student at the time of first enrollment. Application for extension shall be submitted to the department/school and transmitted for approval by the dean of the college.

2.4.5 Program Changes. Each department/school shall establish procedures for altering individual graduate programs that have been approved in accord with the provisions of Section 2.4.2.1. Graduate students shall be involved in developing such procedures. (See also Section 6.1.1)

2.4.6 Dissertation and Thesis. The nature and scope of the doctoral dissertation and master's thesis (or its equivalent) shall be defined by the department/school or college and the guidance or dissertation committee according to the professional and scholarly research standards of the discipline. The department/school or college shall specify in advance the acceptable style and form of the dissertation or thesis in accordance with *The Graduate School Guide to the Preparation of Master's Theses and Doctoral Dissertations*.

2.4.6.1 Standards for typing, duplication or reproduction and binding of dissertations and theses, as well as the stipulations covering abstracts, number of copies, dates and deadlines for acceptance, and regulations for microfilming and publication shall be established and published by The Graduate School.

2.4.7 Code of Professional Standards. Each department/school and college shall communicate to graduate students, at the time of their first enrollment in a degree program or in a course in the unit, any specific codes of professional and academic standards covering the conduct expected of them.

2.4.8 Evaluation. Graduate students have a right to periodic evaluation as a measure of their academic progress, performance, and professional potential. Evaluation of graduate students shall be made only by persons who are qualified to make that evaluation. Written descriptions of unit/program methods of evaluation and the general rationale employed shall be provided to graduate students and the faculty. Written evaluations shall be communicated to the graduate student at least once a year, and a copy of such evaluations shall be placed in the graduate student's file. (See also Section 2.5.2.4)

2.4.8.1 When determination is made that a graduate student's progress or performance is unsatisfactory, the student shall be notified.

2.4.8.2 If a graduate student's status in a program is in jeopardy, the graduate student shall be informed in writing, and a copy of the notice shall be placed in the student's file.

2.4.9 Terminations and Withdrawals. Each department/school and college shall establish criteria for the termination or withdrawal of graduate students enrolled in its graduate programs. Such criteria shall be published and made available to graduate students at the time they first begin their graduate programs. Should a decision to terminate a graduate student be made, the affected graduate student shall be notified in writing. All information regarding the decision is to be held in strict confidence between the student and faculty with responsibility for the student; release may be only with the written consent of the graduate student involved unless the decision becomes the substance for a grievance procedure, in which case such information shall be released to the grievance committee. The same privacy is to be accorded the reasons for a graduate student's temporary or permanent withdrawal from the University.

Should a decision to terminate be held in abeyance, pending completion of the stipulated conditions, these conditions must be communicated in writing to the student.

2.5 Educational Training of Graduate Students in Teaching Roles

2.5.1 Units are responsible for establishing orientation and in-service training programs for all graduate students in teaching roles. Such programs shall include an introduction to course goals, grading criteria and practice, and classroom procedures as well as periodic classroom visitation. The graduate student in a teaching role is held responsible for full and active participation in all such programs.

2.5.2 Graduate students who are involved in teaching roles are expected to fulfill effectively their assigned responsibilities at a high level of performance. To gain feedback for monitoring and increasing their teaching effectiveness, such graduate students shall use, where applicable, confidential instructional rating reports in each course that they teach. These reports shall be submitted to the unit in accordance with the stated policy of the Academic Council.

2.5.2.1 The coordinator of each course staffed by graduate students in teaching roles shall submit each term to the unit administrator or to the appropriate unit committee a formal written evaluation of each of the graduate students in teaching roles. After notifying the graduate student, appropriate members of the department/school should visit and observe the student's teaching in the instructional setting, and information from these visits and observations should be used in the evaluation.

2.5.2.2 The graduate student instructional rating reports (or summaries thereof), formal written evaluations, and any supplementary information shall be placed in a confidential file for use by the student and by faculty members in accordance with 2.5.2.3. This material shall remain on active file until the graduate student's teaching role is terminated, after which a copy of the file becomes the graduate student's personal property upon request.

2.5.2.3 Evaluation material described in 2.5.2.2 may be used in overall evaluations and in determining such matters as renewal of assistantships, teaching assignments, recommendations, and the need for further training.

2.5.2.4 An evaluation of teaching shall be given to the graduate student who has a teaching role at least once each year. (See also 2.4.8.)

ARTICLE 3

Student Records at Michigan State University

3.1 Achieving educational goals, providing direction to graduate students, and extending service to society demand that the University keep records. All policies and practices concerning records shall be based on respect for the privacy of the individual graduate student. Because of the professional and legal responsibilities involved, record keeping must be delegated only to responsible persons.

3.2 All policies and practices governing access, maintenance, and release of graduate student records shall conform to the University's published guidelines.

3.2.1 No record shall be made, duplicated or retained unless there is a demonstrable need for it which is reasonably related to the basic purposes and necessities of the University.

3.2.2 The University shall not make, duplicate, or retain records of a graduate student's religious or political beliefs without the graduate student's knowledge and consent.

3.2.3 A graduate student shall have the right to inspect the official transcript of his or her own academic record and shall also have the right to inspect reports and evaluations of his or her conduct.

3.2.4 All policies and practices dealing with the acquisition of information for records shall be formulated with due regard for the graduate student's right of privacy.

3.2.5 Every record containing information about a graduate student's character shall state when the information was acquired and the name and position of the person who gave it.

3.2.6 All persons who handle confidential records shall be instructed concerning the confidential nature of such information and their responsibilities regarding it.

3.2.7 No one outside the faculty or administrative staff of Michigan State University, except as specified by law, may have access to the record of a graduate student's offenses against University regulations without the written permission of the student.

3.2.8 All policies governing the maintenance and the selective release of records and of portions of records shall be made public in an appropriate manner and shall be subject to judicial review as provided in Article 5.

ARTICLE 4

Graduate Student Support

4.1 Classes of Support

4.1.1 Students receiving support through the University fall primarily into three classes:

- (a) graduate assistants
- (b) University employees
- (c) fellowship, scholarships and grant recipients

4.2 Graduate Assistants

4.2.1 Graduate assistants are graduate students currently enrolled in degree programs who are appointed through established University procedures and according to University policy governing graduate assistantships. Duties assigned to graduate assistants may include (but not be limited to) classroom instruction, student advising, writing supervision, reading of papers and examinations, and research. The responsibilities delegated to a graduate assistant must be performed under the supervision of an appropriate faculty member or administrator.

4.2.2 With the participation of graduate student representatives, each unit appointing graduate assistants shall develop policies and make available current information covering, but not limited to, the following:

- (a) criteria for selecting new graduate assistants
- (b) criteria for renewing and/or continuing graduate assistantships
- (c) stipends (see 4.2.4)
- (d) stipend advancement and promotion
- (e) tax status of stipends (according to IRS policy)
- (f) procedures for evaluating performance (see also 2.5.2-2.5.2.4)
- (g) length of term of appointment, including continuance and renewal of graduate assistantships
- (h) work load, duties, and vacation schedules
- (i) grievance procedures

4.2.3 By March 31st of each calendar year, units shall advise each graduate assistant in writing of one (or more) of the following: (a) that the assistantship will be renewed for the following academic year; (b) that the assistantship will be renewed provided the assistant is able to meet certain specified conditions; (c) that the assistantship will be renewed provided the unit is able to meet certain specified conditions; (d) that the assistantship will not be renewed for the following academic year. If the assistantship is not renewed, the reasons shall be indicated. Evaluative judgments about students should be communicated in accordance with guidelines in 2.4.8. (See all Sections 2.5.2-2.5.2.4.)

4.2.4 The Office of the Provost shall establish a campus-wide policy for graduate assistant stipends, taking into account (a) the amount of stipend adequate in relation to the current cost of living, (b) the need to be competitive with other universities, and (c) the availability of resources for graduate assistant stipends. (The Office of the Provost shall consult with the Dean of The Graduate School and the University Graduate Council on graduate assistant stipend levels.)

4.2.5 Graduate assistants are entitled to all benefits normally accorded to full-time graduate students, except as specified under policies established in accordance with 4.2.7.

4.2.6 All graduate assistants are entitled to such clerical-secretarial help and supplies as are commensurate with their assigned responsibilities and the resources of the unit.

4.2.7 The Office of the Provost and the Office of the Vice President for Finance and Operations, in consultation with the Dean of The Graduate School and the University Graduate Council and other appropriate, duly authorized authorities, shall review and publish policies for graduate assistants relating to (a) sick leave, (b) parking privileges, (c) bus privileges, (d) travel off campus, (e) insurance, and (f) health care.

4.2.8 Within the constraints of their training, experience and responsibilities, graduate assistants have a right to the same professional respect as that accorded to regular faculty.

4.3 University-Employed Graduate Students

4.3.1 The following articles are intended to cover all graduate students who are not formally designated as graduate assistants but are employed by the University.

4.3.2 The University's student employment office shall publish annually minimum and maximum salaries and hourly wages for University-employed graduate students. This office shall have the authority to approve unit requests for all payments above the established maximums.

4.3.3 The University shall not deny a regular employee's fringe benefits solely because the person is also registered as a student.

4.3.4 Working hours shall not be adjusted in such a way as to deprive graduate student employees of fringe benefits they would otherwise be entitled to without the consent of the graduate student(s) involved.

4.3.5 University employees who are pursuing graduate study are bound by collective bargaining agreements or other applicable University personnel policies and agreements.

4.3.6 Employment-related grievances of graduate students employed in non-academic positions should be filed with the employing units under their respective procedures.

4.4 Fellowship, Scholarship and Grant Recipients

4.4.1 A graduate student supported by a fellowship, scholarship, or grant shall have a right to such information as (a) the responsibilities and performance required for retention of support, (b) the privileges and status associated with support, and (c) grievance procedures.

4.5 University Policies Relating to Graduate Student Support Recipients

4.5.1 Michigan State University and all of its units are Affirmative Action/Equal Opportunity Employers. Therefore, (a) discrimination on the basis of race, color, creed, gender, national origin, political persuasion, sexual preference, marital status, handicap or age is expressly prohibited; (b) employment appointment policies shall be consistent with anti-discrimination policies of Michigan State University.

4.5.2 Graduate students shall be informed of all employment policies when a position is tendered.

4.5.3 The University retains the right to demote, suspend, terminate or otherwise discipline graduate students receiving support through the University for cause and for failure to meet their responsibilities. The University also retains the right to terminate a graduate student's participation in an academic program, which in turn may terminate the graduate student's assistantship or other support. Graduate students who believe they have a grievance under this article may utilize the judicial procedures outlined in Article 5.

4.5.3.1 In cases where the graduate student contends that the action of the University may cause irreparable harm, the graduate student may appeal to the appropriate judiciary for an expedited hearing.

ARTICLE 5

Adjudication of Cases Involving Graduate Student Rights and Responsibilities

5.1 Judicial Structure

5.1.1 To promote effective functioning of the system of graduate student rights and responsibilities, an appropriate judicial structure and process shall be established for hearing and adjudicating all cases brought by and against graduate students in the following areas:

- (a) Academic Rights and Responsibilities
- (b) Professional Rights and Duties of Graduate Assistants
- (c) Professional Rights and Duties of other Graduate Students

5.1.2 Department/School Level. Adjudication necessitated on the department/school level may be handled informally or, at the request of a party or parties, formally through a department/school hearing board. The hearing board shall be composed of the unit administrator or designee and equal numbers of faculty and graduate students selected by their respective groups in accordance with the department/school bylaws. If the unit administrator is involved in the case, neither the unit administrator nor the designee may serve on the hearing board.

5.1.3 College Graduate Hearing Board. Each college shall establish a judiciary composed of the chair of the college graduate committee or designee and equal numbers of faculty and graduate students selected by their respective groups in accordance with college bylaws.

5.1.4 University Graduate Judiciary. A judiciary shall be established at the University level composed of the Dean of The Graduate School or designee, who shall serve as chairperson, three elected faculty members of the University Graduate Council, and three graduate students chosen by the all-University Graduate Student Governing Body.

5.1.5 Each hearing board or judiciary shall be chaired by a member who has faculty rank and shall provide a suitable number of alternate members chosen in accordance with the procedures established above.

5.1.6 Term of Office. Hearing board or judiciary members at all levels shall be selected in the fall of the year and shall serve one year. The one-year term shall not preclude reappointment of any member the following year.

5.1.7 Members of a judiciary involved or possessing other conflicts of interest in a case at issue shall be disqualified from sitting on the judiciary for that specific case.

5.2 Jurisdiction of Alleged Violations (other than grievances).

5.2.1 Except as specified in this document (particularly in Section 5.1), alleged violations of student group regulations, general student regulations or All-University policies as they apply to all students (undergraduate, graduate, graduate-professional) will be referred to the appropriate judiciary as outlined in the *Academic Freedom for Students at Michigan State University*.

5.3 Redress of Grievances

5.3.1 With respect to allegations of violation(s) by or against a graduate student in the areas cited in Section 5.1, where possible, a grievant is encouraged to seek resolution and redress informally with the appropriate individual(s).

5.3.2 If problems arise in the relationship between instructor and student, both should attempt to resolve them in informal, direct discussions. If the problem remains unresolved, then the unit administrator and/or the Ombudsman should be consulted. If still aggrieved, a student may then submit a formal, written grievance for consideration by an appropriate hearing board. The formal grievance alleging violations of academic rights must include a proposed remedy which could be implemented by a responsible administrator.

5.3.3 The University undertakes, within the limits of its resources and the limits imposed by due respect for the professional rights of the faculty, to supply an appropriate remedy for legitimate student grievances. (The limits of the University's resources proceed from factors that, while subject to its influence, are not always subject to its control.)

5.3.4 To overcome the presumption of good faith in course instructors' and graduate committees' judgments of performance, grievances concerning academic evaluations must demonstrate that an evaluation was based entirely or in part upon factors that are inappropriate or irrelevant to academic performance and applicable professional standards. (See Sections 2.2 as well as 2.3.11 and 2.4.8.)

5.3.5 Any member of the academic community of Michigan State University may initiate a grievance involving the rights and responsibilities of graduate students. Grievances alleging violation of the academic rights of an undergraduate student by a graduate student shall be heard by the unit level judiciaries outlined in the *Academic Freedom for Students at Michigan State University*.

5.3.6 In submitting a formal grievance to an appropriate hearing board (see Section 5.3.6.2) alleging violation(s) by or against a graduate student in the areas cited in Section 5.1, a grievant must submit a written, signed statement that specifies in sufficient particularity to justify proceedings the point(s) forming the basis of the grievance, the person(s) and/or unit(s) against whom/which the grievance is filed, and the redress that is sought.

5.3.6.1 Grievances must normally be initiated no later than mid-term of the quarter following the one wherein the alleged violation occurred (exclusive of summer term). If the involved instructor or student is absent from the University during that quarter, or if other appropriate reasons exist, an exception to this provision may be granted by the appropriate Hearing Board. If, before the formal grievance procedures are completed, the involved instructor is no longer employed by the University, the grievance process may nevertheless proceed.

5.3.6.2 Student grievances alleging violation of academic and professional rights must be initiated at the lowest administrative level feasible; normally, the department/school. With the approval of the college dean, departments/schools may waive jurisdiction and refer grievances to the college hearing board.

5.4 Judicial Procedures

5.4.1 Hearing boards shall establish their own procedures in a manner consistent with this document. A copy of procedures adopted by each unit shall be filed with the Office of the Ombudsman and with the office of the Dean of The Graduate School.

5.4.2 Procedures for the adjudication of grievances must proceed in a timely manner.

5.4.3 Upon receipt of a formal grievance, the chairperson of the hearing board shall transmit a copy of the grievance within ten (10) class days to the hearing board members and to the person or persons party to the matter.

5.4.4 In urgent cases in which it is alleged that a regulation, administrative decision or action threatens immediate and irreparable damage to any of the parties involved, the hearing board or judiciary shall expedite the hearing and final disposition of the case.

5.4.5 A hearing board or judiciary is empowered to act on a request to direct an individual or unit to discontinue or postpone an administrative decision or action that threatens immediate and irreparable damage to any of the parties involved pending final disposition of the case. The hearing board or judiciary shall expedite the hearing and final disposition of this urgent case.

5.4.6 A department/school or college hearing board shall review each hearing request for jurisdiction and judicial merit and may then forward a copy of the request to the appropriate individual(s) and invite a written response. After considering all submitted information, the board may:

- a. Accept the request, in full or in part, and proceed to schedule a hearing.
- b. Reject the request and provide an appropriate explanation.
- c. Invite all parties to meet with the board for an informal discussion of the issues. Such a discussion shall not preclude a later hearing.

5.4.7 Notice of Hearing. At least three (3) class days prior to a formal hearing, both the respondent and the complainant shall be entitled to a written notification of hearing from the appropriate hearing body. This notice of hearing shall state:

- a. The nature of the issues, charges and/or conflicts to be heard with sufficient particularity to enable both the respondent and the complainant to prepare their respective cases.
- b. The time and place of the hearing.
- c. The body adjudicating the case.
- d. The names of the respondent and complainant.
- e. The name(s) of any potential witnesses.

5.4.8 Either the complainant or the respondent may request, with cause, a postponement prior to the scheduled time of a hearing. The hearing board may grant or deny such a request.

5.4.9 Both the respondent and the complainant shall be expected to appear at the hearing and present their cases to the judiciary.

- a. Should the complainant fail to appear, the judiciary may either postpone the hearing or dismiss the case.
- b. Should the respondent fail to appear, the judiciary may either postpone the hearing or, only in unusual circumstances, hear the case in his or her absence.
- c. The judiciary may accept written statements from a party to the hearing in lieu of a personal appearance, but only in unusual circumstances. Such written statements must be submitted to the judiciary at least one (1) day prior to the scheduled hearing.

5.4.10 Hearing boards shall ensure that a collegial atmosphere prevails in grievance hearings. Involvement of counsel should normally not be required. When present, counsel shall be limited to a member of the student body, faculty, or staff of the University.

5.4.10.1 During the hearing, parties to a grievance shall have an opportunity to state their cases, present evidence, designate witnesses, ask questions, and present a rebuttal.

5.4.11 The hearing board shall prepare a written report of findings and rationale for the decision and shall forward copies to the parties involved, to the responsible administrator(s), to the Ombudsman, and to the Dean of The Graduate School. The report shall indicate the major elements of evidence, or lack thereof, which support the hearing board's decision. All recipients are expected to respect the confidentiality of this report. When a hearing board finds that a violation of academic rights has occurred and that redress is possible, it shall direct the responsible administrator to provide redress. The administrator, in consultation with the hearing board, shall implement an appropriate remedy.

5.4.12 Appeals. The decision of the original hearing board may be appealed by either party to a grievance only to the next level hearing board. If the original hearing was by a department/school hearing board, the appeal shall be made to the college hearing board. If the original hearing was by a college hearing board, the appeal should be made to the University Graduate Judiciary.

5.4.12.1 Appeals must allege either that applicable procedures for adjudicating the case were not followed in the previous hearing or that the findings of the hearing board were not supported by the preponderance of the evidence. (Presentation of new evidence will normally be inappropriate at an appeal hearing.)

5.4.12.2 All appeals must be written and signed and must specify the alleged defects in the previous adjudication(s) in sufficient particularity to justify further proceedings. The appeal must also specify the redress that is sought.

5.4.12.3 Appeals must be filed within ten (10) class days following a notice of a decision. The original decision shall be held in abeyance while under appeal.

5.4.12.4 An appellate board (i.e., a college hearing board or the University Graduate Judiciary) shall review each appeal request and may then forward a copy of the request to the appropriate individual(s) and invite a written response. After considering all submitted information, the appellate board may

- a. decide that sufficient reasons for an appeal do not exist and that the decision of the lower hearing body shall stand;
- b. direct the lower hearing body to rehear the case or to reconsider or clarify its decision; or

- c. decide that sufficient reasons exist for an appeal and accept the request, in full or in part, and proceed to schedule an appeal hearing.

5.4.12.4.1 Following an appeal hearing, an appellate board may affirm, reverse, or modify the decision of the lower hearing body.

5.4.13 Reconsideration. Each judiciary or hearing board shall make provision to allow the parties to a grievance to request reconsideration of a case within sixty (60) days if it is determined that new evidence has arisen. An exception to the time provision may be granted by the appropriate judiciary or hearing board.

5.5 Academic Dismissal and Academic Disciplinary Cases

5.5.1 When sanctions other than or in addition to a penalty grade are involved, the college hearing board has original jurisdiction, and the University Graduate Judiciary has appellate jurisdiction over academic dismissals and disciplinary cases against graduate students relating to academic dishonesty, violations of professional standards, or falsification of admission or academic records.

5.5.2 A student who receives a penalty grade based upon a charge of academic dishonesty and who is not referred for judicial action may seek a hearing from a department/school hearing board. In such a hearing, the burden of proof shall rest upon the instructor whose prior assignment of the penalty grade will constitute a charge of academic dishonesty. The college hearing board shall proceed in compliance with applicable University and/or unit academic legislation on the integrity of scholarship, grades, and professional standards; and the procedural and appeal provisions of this document shall apply.

5.5.2.1 After hearing a case involving academic dismissal, dishonesty, professional standards, or falsification of admission or academic records, the college hearing board shall decide whether action is supported by the preponderance of evidence. If the finding is that disciplinary action is not warranted, the graduate student may challenge a penalty grade received in the case through the department/school and college hearing boards. If disciplinary action in addition to any penalty grade which has been assessed is supported by the preponderance of evidence, the hearing board may select from the following sanctions:

a. Sanctions in academic disciplinary cases:

- (1) **Warning.** An official written statement expressing disapproval of acts committed.

- (2) **Warning Probation.** A probation indicating that further violations of regulations will result in more severe disciplinary action. This probation will be imposed for a specific period of time; and provided no further violations have occurred, the graduate student shall be automatically removed from probation when the imposed period expires. This probation may be accompanied by a requirement that restitution be made for University property damages or losses resulting from acts committed, or other requirements or special conditions as deemed appropriate.
- (3) **Disciplinary Probation.** A period of time specified for observing and evaluating a graduate student's conduct, with or without special conditions, including a written reprimand, and indicating that (a) further violations while on probation may result in more severe disciplinary action including suspension, or (b) further violation while on probation of regulations of similar or greater severity will result in suspension. This probation will be imposed for a specific period of time; and, provided no further violations have occurred, the graduate student shall automatically be removed from probation when the imposed period expires.
- (4) **Suspension.** A suspension from the University may be for a specified period of time, in which case the graduate student is eligible to apply for readmission at the end of the stated period of time; or it may be a conditional suspension, in which case the graduate student must demonstrate that he/she has fulfilled stated conditions prior to applying for readmission. A recommendation of suspension must be reviewed by the Dean of The Graduate School and the Provost who may affirm the decision or direct other appropriate redress in consultation with the hearing body.
- (5) **Other:** Other action deemed appropriate to a specific case.

b. Sanctions in academic dismissal cases:

- (1) Academic dismissal does not imply future readmission, nor does it mean that the person is forever barred from enrollment at Michigan State University. After a period of at least a year, and usually a minimum of two years, a student dismissed for academic reasons may apply for readmission. The applicant must be prepared to submit evidence indicative of capacity to perform graduate level work. Declarations of good intentions are not sufficient. Each application will be considered on its merits. If the student has attended another institution while on dismissal, an official transcript must be submitted.

5.6 The University Graduate Judiciary is the final hearing body within the judicial structure related to graduate academic rights and responsibilities.

5.6.1 The University Graduate Judiciary shall have available to it the full range of decisions provided to hearing boards through this document. In addition, the University Graduate Judiciary may make whatever recommendations it may consider appropriate to specific cases. When the Judiciary finds that a violation of academic rights has occurred and that redress is possible, the Judiciary shall direct the responsible administrator to provide redress. The administrator, in consultation with the University Graduate Judiciary, shall implement an appropriate remedy.

Part 3: Regulations

General Student Regulations

Alphabetical listing of other
regulations and policies

TYPES OF RULES

The University has established several types of rules which govern the conduct of students and organized student groups, and which are described below.

University Ordinances:

- a. Apply to all individuals—students, employees, visitors on campus
- b. Final approval by the Board of Trustees.
- c. Enforced by the Department of Public Safety with the support of students, faculty, and administrative personnel.
- d. Adjudicated through criminal court proceedings in the same manner as in city ordinances or state laws.

(Although this book contains only selected ordinances, everyone is expected to comply with all University ordinances, which are available for reference in the Office of the Secretary of the Board of Trustees, 450 Administration Building, and in the Student Life Center, 101 Student Services Building.)

General Student Regulations:

- a. Apply to the conduct of all registered students and organizations.
- b. Final approval by the University president.
- c. Enforced by all students, faculty, and administrative personnel, with support of the Department of Public Safety.
- d. Adjudicated through University judicial procedures.

Student Group Regulations:

- a. Apply to those students specified in the regulation.
- b. Final approval by the Vice President for Student Affairs and Services.
- c. Enforced by students, faculty, and administrative personnel.
- d. Adjudicated through University judicial procedures.

Administrative Rulings:

- a. Apply to those specified in the ruling.
- b. Adopted by various offices of the University for implementing delegated administrative responsibility, usually after consultation with student-faculty advisory committees.
- c. Enforced by administrative personnel in the respective offices, supported by students and faculty.
- d. Adjudicated through administrative action

All-University Policies:

- a. Apply to those specified in the policy.
- b. Final approval by the Board of Trustees for carrying out major University responsibilities.
- c. Enforced by students, faculty, and administrative personnel.
- d. Adjudicated through administrative action, University judicial procedures, or as provided in the policy.

In general, all-University policies and administrative rulings apply only to those individuals registered as students. Some, however, also apply to University employees. Where such is the case, mention is made of the fact immediately before the text of the policy or ruling.

Additional Regulations

The governing bodies of living units recognized by the University (specifically residence halls, sorority houses, fraternity houses and cooperative living units) have authority to regulate the conduct of residents. No such regulations are included in this book. Students are, however, responsible for compliance with any such existing regulations. The texts of all regulations in force in a given living unit are available either from its governing body or its staff advisor.

Students are, of course, expected to live in accordance with local, state, and national laws. The enforcement of such laws is the responsibility of the legal and judicial authorities duly established for that purpose. Conduct alleged to have violated both law and University regulations may be handled concurrently through the courts and University disciplinary proceedings. The complainant may choose whether to file criminal charges and/or an internal judicial complaint.

The regulations which follow are arranged so as to list the General Student Regulations first as a body. All other regulations follow, arranged alphabetically by title. Each regulation includes, besides the text, an identification of type; a citation of approving agencies and date of final approval or most recent amendment; and a cross reference to other regulations on the same topic where applicable.

ALCOHOLIC BEVERAGES

1. Ordinance 22.00

... The use or possession of alcoholic beverages, including beer and wine, subject to state law, is hereby permitted in housing facilities (rooms, suites, and apartments) assigned by Michigan State University.

... The use or possession of alcoholic beverages is expressly prohibited in classrooms, lecture halls, laboratories, the libraries, the chapel and within buildings or arenas where athletic events, lectures, and concerts are held.

... The use of alcoholic beverages is expressly prohibited in all public areas of campus buildings except as indicated in the sections below.

... The use of alcoholic beverages at non-student social events, subject to state law, is permitted in areas designated by, and with the approval of, the Office of the Secretary of the Board of Trustees.

... The use of alcoholic beverages at student social events, subject to state law, is permitted in areas designated by, and with the approval of, the Office of the Vice President for Student Affairs and Services.

2. State Law

The State Law cited in Ordinance 22.00 refers primarily to the Michigan Compiled Laws, 1970, as amended by Public Act 531, 1978, which amends the Michigan Age of Majority Act of 1971 (Public Act 79) and supersedes the Enrolled Senate Bill 31, 1978, (Public Act 94, 1978).

- a. *State Liquor Control Act 436.33.33a (1) and 33b(1)*, amended by Public Act 531, 1978. Sect. 1:
Section 33 Alcoholic liquor shall not be sold to a person unless the person has attained 21 years of age...

Sec. 33a(1). A person less than 21 years of age shall not knowingly transport or possess, in a motor vehicle alcoholic liquor unless the person is employed by a licensee under this act, the Liquor Control Commission or an agent of the Liquor Control Commission and is transporting or having the alcoholic liquor in a motor vehicle under the person's control during regular working hours and in the course of the person's employment. A person who violates this subsection is guilty of a misdemeanor.

Sec. 33b(1). A person less than 21 years of age shall not purchase alcoholic liquor, consume alcoholic liquor in licensed premises, or possess alcoholic liquor, except as provided in section 33a(1) of this act. A person less than 21 years of age who violates this subsection is liable for the following civil fines and shall not be subject to the penalties prescribed in section 50...

In case of a sale in which a shipment or delivery of any alcoholic liquor is made by a common or other carrier, the sale thereof shall be deemed to be made in the county wherein the delivery thereof is made by such carrier to the consignee, his agent or employee, and the prosecution of such sale may be had in the county or city where the seller resides, or from which the shipment is made or at the place of delivery. *(In terms of the above, the giving away of alcoholic beverages to another is interpreted as sale and as such is prohibited by law. This means that it is illegal for a student or a student organization to provide alcoholic beverages to another on state property even if it is given away.)*
- d. *State Liquor Control Act 436.44.* Any person engaged in the business of selling or keeping for sale alcoholic liquor in violation of the provision of this act, whether as owner, clerk, agent servant or employee, shall be equally liable, as principal, both civilly and criminally, for the violation of the provision of this act,

or any person or principal shall be liable, both civilly and criminally, for the acts of his clerk, servant, agent, or employee, for the violation of the provisions of this act.

(In addition to the above, it is important that the student be aware of the potential for legal responsibility when furnishing alcoholic beverages to other persons. If the individual to whom the beverage was furnished subsequently has an accident attributable to the beverage, then the furnisher may be found to be legally liable.)

3. Administrative Ruling (Use of Alcohol)

a. University Housing

1) Students must be 21 years of age in order to possess or consume alcoholic beverages in their living quarters.

2) No kegs will be allowed in and around University residence halls for any purpose. Included in this expectation is the elimination of all other common sources of alcohol (e.g., trash cans).

3) Students are responsible for insuring compliance with State Law and this administrative ruling involving alcohol consumption in their rooms or apartments.

4) Student group events involving alcohol may be registered in designated areas, so long as the sponsors can insure that all those attending the event will be 21 years of age or older. Approval for such events must come from the Director of University Housing Programs.

5) Students who choose to violate the administrative ruling governing the use of alcohol should be aware that appropriate administrative personnel within the Division of Student Affairs and Services may adjudicate violations of this ruling and sanctions may include removal from the residence hall system. Additionally, violations may be adjudicated through the judicial process as outlined in the Academic Freedom Report.

NOTE: Residence Halls — additional regulations concerning the use of alcohol are found in the "Residence Hall Bill of Rights."

b. Registered Student Organizations

Social events held in non-housing areas on the campus and where alcoholic beverages will be possessed or consumed may be scheduled if it is clearly demonstrated that everyone in attendance will be 21 years of age or older. Approval for such events must come from the Assistant Vice President for Student Affairs and Services upon the recommendation of the Assistant Director of Student Life (Student Activities), 101 Student Services Building.

—Vice President for Student Affairs and Services

ANTI-DISCRIMINATION POLICY AND PROCEDURES (All-University Policy) (Applicable to University employees as well as students.)

Article 1. Purpose

The Board of Trustees of Michigan State University reaffirms its commitment¹ to a policy of no discrimination on the basis of race, creed, ethnic origin or sex and establishes the following procedures to prevent such discrimination in accordance with due process within the University community. In doing so, the Board recognizes that it is not enough to proclaim a policy of non-discrimination. The University must also strive actively to build a community in which opportunity is equalized and to use its facilities and human resources to develop the skills and opportunities through which members of all groups may play responsible and productive roles in society. This policy is relevant to all aspects of the University including the choice of contractors and suppliers of goods and services.

In carrying out this policy, the University also is bound by applicable Federal laws, orders and regulations. Among these are Executive Orders 11246 and 11375 (affirmative action), the Civil Rights Act of 1964, and Title IX of the Education Amendments of 1972 (sex discrimination). While such laws and orders provide avenues for remedy of complaints of racial, sex, or other prohibited discrimination, the Board also believes that the University must have its own internal machinery for the receipt, consideration and resolution of such complaints.

The Board therefore directs the establishment of the Anti-Discrimination Judicial Board to carry out this policy in the manner outlined herein. The Board also directs all units of the University to take appropriate action immediately to implement this policy and procedures.

Article 2. Discrimination

A. Kinds of discrimination prohibited:

1. Disparity of treatment in employment, job placement, promotion or other economic benefits on the basis of race, creed, ethnic origin, sex, age, political persuasion, sexual preference, or handicap.

¹Article VIII, *Bylaws of the Board of Trustees*.

"It shall be the policy of the Board to provide equal education opportunity to all qualified students from the State of Michigan and, insofar as facilities, faculty, and accommodations permit, a reasonable number from other states and other countries. There shall be no discrimination based on race, color, sex, or creed. No discrimination shall be allowed in University housing or in the University-supervised off-campus housing. No fraternity, sorority, student organization or club may exist on any campus of Michigan State University if it operates under a constitution that discriminates against potential members on the basis of race, color, national origin or ancestry."

2. Limitation of access to residence, or to participation in educational, athletic, social, cultural or other activities of the University because of race, creed, ethnic origin, sex, age, political persuasion, sexual preference, or handicap.
3. Harassment based on race, creed, ethnic origin, sex, age, political persuasion, sexual preference, or handicap.

B. These policies and procedures shall apply to:

1. All educational, cultural, and social activities occurring on the Michigan State University campus.
2. University-sponsored programs occurring off-campus, including but not limited to cooperative extension, adult education and any regularly scheduled classes.
3. Housing supplied or regulated by the University for students and staff, including fraternities and sororities.
4. Employment relations between the University and its employees.

Article 3. The Anti-Discrimination Judicial Board

A. An Anti-Discrimination Judicial Board shall be established.

B. Composition and selection of Anti-Discrimination Judicial Board.

1. Three students appointed by the Student Board of ASMSU, from nominees submitted by the All-University Student Judiciary. All those appointed shall be juniors and shall serve for two years (unless appointed to fill an unexpired term). At least one member shall be a minority² and one female. One graduate student shall be selected by the Council of Graduate Students for a two-year term. Three faculty members shall be selected by the University Committee on Academic Governance for three-year terms. At least one shall be a minority and one female. One member of the Board shall be selected by the Administrative Professional Association to serve for three years. Two members shall be selected by the MSU Employees Association for terms of three years. AFSCME Union Local 1585 shall select one member of the Board to serve for three years. Members of the Anti-Discrimination Judicial Board shall not serve concurrently on any other committee or council established by the Department of Human Relations. Provision may be made for alternate members of the Board.

²"Minority" is defined by the Federal Inter-agency Committee on Education as one who is a member of one of the following groups: a. American Indian or Alaskan Native; b. Asian or Pacific Islander; c. Black; and d. Hispanic.

2. The Department of Human Relations shall provide staff services for the Board including an Executive Secretary who shall serve ex officio with no vote on the Board.

3. At the first meeting of the academic year, the voting members of the Anti-Discrimination Board shall elect from among their number a chairperson, who shall serve in that capacity for one year.

C. Jurisdiction of the Anti-Discrimination Judicial Board.

1. The Board shall have jurisdiction over complaints involving alleged violations of the University policy against prohibited discrimination as defined in Article II.A. of this policy. Such claims, to be entitled to consideration, (a) shall specify the time, the place, and the exact nature of the alleged discrimination, (b) shall identify in specific terms the individual, group, organization, or office believed by the complainant to be responsible for the alleged discrimination, (c) shall specify the remedy being sought by the complainant and (d) shall be filed with the Board within 30 working days from the date of occurrence of the alleged discrimination.
2. Upon complaint or on its own initiative, the Board may conduct reviews or investigations of the operations of the several units of the University to identify policies or practices that may reflect patterns of discrimination. Upon majority vote of the Board, and after appropriate notification of the President, any unit of the University shall provide access to such records or personnel as may be necessary to carry out the review or investigation. The principle of privileged communication shall be respected to the extent possible consistent with the purposes of this procedure. After identifying any policies, practices or patterns of behavior that may reflect prohibited discrimination, the Board shall report its findings to the responsible officials of the unit and to the President, together with recommendations of such corrective action as may be appropriate.
3. The Board shall not have jurisdiction to consider any claim: (a) for which another procedure for final and binding adjudication is provided within the University by contract, unless both the complaining party and the party against whom the complaint is directed agree to submit the case to this Board or (b) which, based upon the same set of facts, has been submitted for adjudication under the rules of another University grievance procedure, provided, however, that when a complaint has been adjudicated under another University procedure, the Board reserves the right to review such findings, upon the request of the complainant, to assure itself that any charges relating to prohibited discrimination were satisfactorily addressed. If, in its judgment, such charges were not adequately addressed, it may accept the complaint for consideration on the basis of the allegations of discrimination.

D. Procedures of the Anti-Discrimination Judicial Board.

1. Upon receipt of a claim by an individual as described in C.1. above, the executive secretary to the Board shall conduct an informal investigation and seek to achieve resolution of the matter through mediation.
2. If no resolution is reached under D.1. within 20 working days, the executive secretary shall report immediately in writing to the chairperson of the Anti-Discrimination Judicial Board who shall appoint a fact-finding committee of three (one faculty, one student, and one other employee) voting members of the Board to investigate the claim. Utilizing the office of the executive secretary, these members shall initiate their investigation within seven working days of the notification of their assignment. They shall, without undue delay, render a decision in the claim and report their decision to the chairperson of the Board and to both parties to the dispute. The fact-finding committee may conclude: a) that a claim lacks merit in which case it shall dismiss the claim for lack of probable cause to credit the allegation, b) that there was insufficient evidence to substantiate the claim in which case it shall dismiss the claim on that basis, c) that the Anti-Discrimination Judicial Board has no jurisdiction in which case it shall dismiss the claim for lack of jurisdiction, d) that a conciliation has been effected in which case it shall order the case closed as adjusted, or, e) that there is probable cause to credit the allegation in which case the committee's decision shall state the findings that support the conclusion and shall specify the action or actions that must be taken to remedy the violation of the University policy against discrimination. Unless appealed, the decision shall become binding on both parties, provided, however, that any recommendation for the payment of money shall be referred by the President to the Board of Trustees of Michigan State University as an item of appropriation. Members of the fact-finding committee shall not participate further in any hearing by the Anti-Discrimination Judicial Board in the event the decision is appealed.
3. Either party may appeal the decision of the fact-finding committee by filing a written request with the chairperson of the Board for a hearing before the other eight members of the Board. Such appeal to be considered must be filed within 14 working days following notification of the decision and state the reasons for the appeal request.
4. The Anti-Discrimination Judicial Board shall, within 14 working days, hold a formal hearing to consider the appeal. At this appeal hearing both parties may present evidence and may be accompanied by counsel of their choice. Both parties shall have the same rights of due process that are guaranteed to students by Article IV of the Academic Freedom for Students document and to faculty by Article IV (Sections 4.2 through 4.8) of the Interim Faculty Grievance Procedure. Such appeal hearings shall be closed unless both parties consent to an open hearing.

5. The Anti-Discrimination Judicial Board shall promptly render a Decision following the conclusion of the appeal hearing. Its Decision shall specify the action or actions recommended to be taken to remedy the violation of the University policy against discrimination. In the case of a tie vote by the Anti-Discrimination Judicial Board, the decision of the fact-finding committee shall stand. Any recommendation for the payment of money shall be referred by the President to the Board of Trustees of Michigan State University for its consideration as an item of appropriation.
6. The Board, through its executive secretary, shall make regular reports to the President of the University, who shall in turn share these with the Board of Trustees.

Article 4. Final Resolution

- A. Decisions issued by the Anti-Discrimination Judicial Board or its fact-finding committees shall be forwarded to the President of the University promptly.
- B. For stated cause the President may return the Decision to the Anti-Discrimination Judicial Board for reconsideration.
- C. Within 30 working days, the President shall either concur with the Decision and direct appropriate action to implement the Decision when indicated or the President shall overrule the Decision. When a decision is overruled, written reasons shall be given by the President to the parties in the case and to the Anti-Discrimination Judicial Board.

Article 5. Other Provisions

A. Time Limits

All time limits set forth in various sections above shall be suspended: 1) during regularly scheduled vacations or term breaks in the University's academic year, or 2) if a fact-finding committee cannot be appointed by the chairperson of the Anti-Discrimination Judicial Board because there are no student members enrolled during the summer session (unless both parties in the case of an individual complaint agree to having the claim investigated and decided by a committee without a student member).

BAD CHECK AND RETURNED CREDIT CARD CHARGE COLLECTION

(Administrative Ruling)

General Policy: Each individual is sent written notification that his or her check or bank charge has been returned, requesting redemption, either by cash, money order, or certified check, within a period of ten days. A personal check may be used to redeem a returned bank charge.

1. Checks or bank charges negotiated for the purpose of registering, including payment of holds, tuition, board and room:

Written notification is sent to each student indicating that a check or charge was returned and requesting the student to redeem the check or charge or contact the Cashier's Office within ten (10) days. The notice also indicates that the student's registration will be cancelled if the check or charge is not redeemed by the due date on the notice. A late registration charge of \$35 is assessed unless the student brings a letter from his or her bank denoting that the bank made an error.

2. Checks or bank charges negotiated for reasons other than registration:

Written notification is sent to a person indicating that his or her check or charge has been returned. This notice requests redemption of the check or charge within a period of ten (10) days by cash, money order, or certified check plus a \$10 service charge. A personal check may be used to redeem a returned bank charge.

- a. Non-Student Checks or Bank Charges — If there is no response to the notice, a follow-up letter will be mailed allowing fifteen days in which to pay. If unpaid by the due date allowed, the check or charge is charged back to the department concerned. If the check or charge amount and service charge is \$25 or more it is sent to Delinquent Receivables to be referred to a collection agency.
- b. Student Checks or Bank Charges — If the student does not make restitution on the bad check or charge by the deadline, the student's name is placed on the next registration hold list. If still unpaid after registration the account may be turned over to Delinquent Receivables for collection.

3. Checks negotiated when it appears that the individual has full knowledge that funds were not available or the person admits to securing money under false pretenses:

- a. If the individual or student fails to make restitution as a result of normal follow-up procedures, and it appears that the individual has full knowledge that

funds were not available, or the person admits to securing money under false pretenses, the case will be reviewed for possible prosecution.

- b. Individuals wishing to make restitution on checks referred to the Department of Public Safety must make restitution at that office.

4. Bad Check Lists:

- a. A student, who has issued three (3) checks to the University that have been returned, will be sent written notification that his or her name is being placed on the bad check list. In addition, any student who fails to make restitution on any check by the deadline on his or her original notification letter will be sent a letter advising that his or her name may be placed on the bad check list if not paid within ten (10) days. Both letters also advise him or her that all future payments to the University must be by cash, money order, or certified check.
- b. Placement on the bad check list may be cause for denying future short term loans.
- c. A student may request that his or her name be removed from the bad check list one year from the date of his or her notification letter by writing a letter to the Cashier's Office.

5. Floor limit on future charges:

A student whose bank charge has been returned will be sent a letter advising him or her that all future charges will be limited to a maximum of \$299.00.

6. Other Sanctions:

In addition, the University reserves the right to take one or both of the following actions:

- a. Refer the student to the Office of Student Affairs and Services for disciplinary action.
- b. Bring action against the individual for the amount of a check not redeemed within 30 days of the time he or she receives notice and, if the check is less than \$500.00, damages for double the amount of the check, such damages to be not less than \$50.00 nor more than \$500.00. This action may be taken pursuant to Act No. 276 of the Public Acts of 1984.

BICYCLES

The following statements summarize University ordinances pertaining to bicycles on the Michigan State University campus. Copies of this summary and a map of bike routes are available from the Department of Public Safety, located at the South end of Red Cedar Road.

1. Licensing

Every bicycle operated or possessed on the campus must be licensed either by the University for a fee of \$2 for four years, or by the cities of Lansing, East Lansing, Lansing Township or Meridian Township. Licenses issued by the University are available in the Vehicle Office, in the Department of Public Safety Building. Licenses must be immediately attached to the bicycle.

2. Parking

Unattended bicycles must be placed in bicycle racks and locked. When racks are full, the bicycle must be parked in the immediate vicinity of the racks. Under no circumstances shall bicycles be parked in shrubbery, on sidewalks, near building exits and entrances, or in vehicle parking areas.

3. Operation

The Michigan Motor Vehicle Code requires that bicycles be operated as if they were motor vehicles. You are required to yield the right of way to pedestrians in marked crosswalks, obey all traffic control signs and devices, and keep as far to the right on the roadway as is possible. Riding on sidewalks or footpaths, riding more than two abreast, and riding against traffic is prohibited.

4. Equipment

Bicycles operated during dusk, darkness or dawn hours shall show a white light to the front and a red light or reflector to the rear.

5. Impounding

Bicycles not properly parked, not licensed, or parked unlocked will be impounded and may be reclaimed at the Department of Public Safety upon proof of ownership and payment of the established impounding fee.

6. Illegal Taking

No person shall take or use a bicycle without the authority of the owner. No person shall willfully or knowingly assist or be a party to the unauthorized taking of a bicycle.

7. Annual Cleanup

All bicycles parked in hall or class building racks during the week between spring term and summer term will be impounded by the Department of Public Safety. Each year an area will be designated for the parking of bicycles during the break between terms and for summer storage.

Those students using summer storage must remove their bicycles by midnight of the first day of classes fall term.

8. Enforcement and Administration

The Department of Public Safety is responsible for the enforcement and administration of the University Traffic Ordinance, the Michigan Motor Vehicle Code, and the bicycle licensing and control provisions thereof.

CAMPAIGNING, CANVASSING, AND PETITION DRIVES

Persons interested in conducting political activities on the University campus should contact the Student Life Center, 101 Student Services Building, for a copy of "Guidelines for Campaigning, Canvassing, and Petition Drives on the Michigan State University Campus." These guidelines contain information regarding the means by which political activities may be conducted on grounds governed by the Michigan State University Board of Trustees.

As referred to in the guidelines, "political activities" include:

1. Campaigning—for an issue or a candidate which appears or will appear on a duly constituted ballot for a University, local, state, or national election.
2. Petition drives—to place an issue on a duly constituted ballot, to seek a recall, to have a referendum.
3. Canvassing—direct personal contact with individual voters to solicit their political support or opinions.
4. Voter registration.

The guidelines contain specific information regarding the following types of activities: Registration of candidates or speakers, supporting candidates and/or issues; posters and signs; leaflets and handbills; fund-raising; use of University facilities; outdoor events, including use of public address equipment and bullhorns, and parades; voter registration in University residence halls.

Specific regulations and ordinances which apply and which are included by reference within the guidelines are listed below. All are printed in this Part III of this book.

CAMPUS BUS POLICY (Administrative Ruling)

The Campus Bus System operates during fall, winter and spring terms to provide transportation between campus housing units, academic buildings, and other facilities. Persons wishing to use this service may do so by purchasing a bus pass or individual bus tickets. Bus passes may be purchased each term or for the entire year.

a. Bus Passes

Bus passes entitle the holder to unlimited use on all routes of the Campus Bus System. Services are published in bus schedules available on buses and wherever passes are sold. New passes are available each term or may be bought annually. Passes may be purchased at early and regular registration, the MSU Union, the International Center Bookstore, all residence halls, and the University Apartments Office. Persons with specific questions regarding bus pass purchases are invited to contact the Campus Bus System, 353-5280.

b. Bus Tickets

Individual bus tickets are available for those who prefer to purchase rides one at a time. Tickets may be used on any route, at any time. The bus transfer system allows change of buses without payment of an additional fare when more than one route is necessary to reach a desired destination. Tickets may be purchased at the International Center Bookstore, MSU Union Store, the University Apartments Office, Kellogg Center, and all residence halls.

c. Conditions of Use

Bus passes are non-transferable and must be affixed directly to a picture identification card in order to be valid. Misuse of passes will result in (1) refusal of services; (2) confiscation of pass; (3) disciplinary action as outlined in *Academic Freedom for Students at Michigan State University*; or (4) a combination of all three.

(1) **Lost or Stolen Passes** —Students are responsible for their passes, which, if lost or stolen, may be replaced by purchasing a new pass at the regular price. (After mid-term, passes may be replaced at a pro-rated reduced price upon showing proof of purchase of the original pass.) Problems or questions which arise concerning lost or stolen passes, damaged passes, pass refunds and exchanges, lost and found property, etc., should be directed to the Campus Bus System, 353-5280.

(2) **Forged Passes** —Any allegedly forged pass will be confiscated and turned over to the Department of Public Safety for possible prosecution.

CONTRACTS, HOUSING

1. For those students residing in Michigan State University residence halls, the Residence Hall Contract is a requirement of the Board of Trustees. The contract indicates the services provided by the Department of Residence Halls and states the conditions by which the resident agrees to abide in order to maintain good

standing as a hall resident. Once the student moves in to a residence hall, the contract becomes effective and remains in effect for the balance of the academic year. Students should consult the Hall Manager for information and policies regarding the housing contract.

2. A student living in an off-campus living unit should fully understand the terms and duration of a lease or housing contract. Guidelines to leasing are available in the Student Life Center, 101 Student Services Building and from the Tenant's Resource Center, 855 Grove Street, East Lansing.

DISORDERLY ASSEMBLAGES OR CONDUCT (Ordinance 16.00)

...No person or persons shall, without authorization, assemble together anywhere on the campus for the purpose of creating any noise or disturbance, riot, raid or other improper diversion, or assemble in a manner which obstructs the free movement of persons about the campus or the free and normal use of University buildings and facilities, or prevents or obstructs the normal operations of the University.

...No person or persons shall disrupt the normal operation of any properly authorized class, laboratory, seminar, examination, field trip or other educational activity of the University.

...No person or persons shall disrupt the normal use of any campus building or area which has been assigned or scheduled through appropriate channels for educational or extracurricular activities. Included within, but not limited to the foregoing, is the use of appropriate buildings or areas for dramatic or musical presentations, lectures, athletic events, military exercises, orientation meetings, registration, commencement ceremonies, and placement activities.

...No person or persons shall use public address equipment, bullhorns, or other methods of sound amplification anywhere upon the campus except through written approval in advance by the Secretary of the Board of Trustees.

...No person or persons shall disrupt the normal activity or molest the property of any person, firm or agency while that person, firm or agency is carrying out the provisions of a contract or agreement with the University.

...No unauthorized person or persons shall enter upon the playing area of any athletic contest or exhibition while said contest or exhibition is in progress.

...No person or persons shall project or drop any object which could cause injury, damage or interference in the spectator or playing area where any athletic contest or exhibition is conducted.

...No person shall enter or attempt to enter into any dance or social, athletic, theatrical or other public event without a ticket of admission to such event when such tickets are required, or enter or attempt to enter contrary to any established rules or qualifications for eligibility for attendance at such events as provided by the sponsors. No person ineligible to attend such events shall loiter about the premises where such an event is being held.

...No person or persons shall enter any steam tunnel, mechanical room or boiler room unless required to do so in the proper performance of their assigned duties.

DISTRIBUTION OF LITERATURE

The right of students to express opinions and communicate ideas in writing is viewed by the University as fundamental, subject to regulation only with regard to the manner of distribution, and the identification of the author. For this reason, the over-riding principles governing student publications are contained in the document codifying student rights and responsibilities, *Academic Freedom for Students at Michigan State University*, specifically in Article 6, entitled "Independent and University-supported Student Publications."

In addition to the stipulations in Article 6, there exists a regulation governing the distribution of materials (not exclusively student publications) within campus residence halls. This regulation follows.

Distribution of Material in Residence Halls (Student Group Regulation)

1. Mailbox distribution

Material may be placed in University residence hall mailboxes provided it qualifies as one of the following:

- a. U.S. mail.¹
- b. Campus mail with student's name and room number.
- c. Material from hall directors, University Housing Programs, area directors, management, area managers, hall government or Residence Halls Association (RHA).
- d. Registered student organizations, living unit organizations, major governing groups and ASMSU, if the material carries the student's name and room number. RHA is excepted from this provision.
- e. Material presented to the desk receptionist if the material has the student's name and room number. (This is to be understood as communication between individuals, not mass distribution.)

The above procedures are to protect all the occupants of the halls from mass distribution of material that is generally not of interest to the majority of the occupants; to protect the privacy of the individual; and to facilitate a method of circulation which is feasible and effective.

2. Free-will, pick-up distribution

Mass distribution of material, on a free-will, pick-up basis, may be accomplished in the University residence halls at the designated distribution center. Any University or student group or organization may distribute at this center, provided the name of the individual or individuals responsible for the material appears on the item to be distributed. If the organization or group is registered or has obtained a charter, the name of the organization shall appear on the material. This material may be removed after three days of exposure.

Any petitioning or leafleting within the halls which requires the use of hall space requires the permission of that hall government, manager, and hall director. Halls which have no organized, functioning government refer jurisdiction to RHA, the area manager, and the area director.

3. Door-to-door distribution

There shall be no door-to-door distribution of any nature.

4. Commercial distribution

No advertising for commercial and/or non-University interests shall be permitted, other than regular United States mail fully addressed with the student's name and room number.

5. Bulletin boards

- a. All notices and publicity for recognized and authorized student organizations (registered student organizations, living unit organizations, major governing groups, and ASMSU) to be posted in residence halls shall be cleared through University Housing Programs, 338 Student Services Building.
- b. All other notices or publicity shall be cleared by the hall director. A blanket approval may be issued by the manager of residence halls or University Housing Programs.
- c. No advertising for commercial interests will be permitted.
- d. Size of notices and publicity shall not exceed 12 inches x 18 inches.
- e. Each individual residence hall shall have final authority to make exceptions in regard to its policy of bulletin board maintenance.

¹U.S. postal regulations entitle incumbent U.S. senators and representatives to send first class mail to their constituents without full names and addresses. Accordingly, such mail delivered to residence halls will be distributed to residents' mail boxes.

6. Violation of this policy

- a. Any student in a University residence hall who does not comply with this policy will be referred to the student's hall director. The staff member may refer the student to the hall judiciary if deemed necessary.
- b. Any other student will be referred to the Office of the Vice President for Student Affairs and Services.
- c. Any individual outside the University community who does not comply with this policy will be referred to the proper authorities.

7. Revisions

Any revision of any part of this policy must be approved by Residence Halls Association, the University Housing Programs Office, the Department of Residence Hall Management, and the University Committee on Student Affairs.

FACILITIES AND SERVICES, UNIVERSITY

1. All-University Policy for Use of Michigan State University Facilities and Services, Exclusive of Residence Halls, Food Stores and Kellogg Center, by Students; and for Revenue-Producing Projects of Students (Student Group Regulation)

a. Use of Facilities and Services

- (1) All registered student organizations, living unit organizations, major governing groups, and Associated Students of Michigan State University (ASMSU) are to be allowed to use University facilities and services. In addition, individual students and/or unregistered student groups having written permission from ASMSU and the Student Activities Office and upon certification of financial responsibility, are to be allowed to use University facilities and services. The activity for which a facility is requested cannot physically conflict with other previously scheduled events or interfere with basic ongoing facility requirements.

- (2) All events and meetings held on University property or in University facilities which are not "for members only" shall be deemed public meetings open to the University community and any member of that community shall be admitted without discrimination as to race, creed, religion, national origin, sex, or sexual orientation.

Meetings and events which are "for members only" must be so designated when facilities are requested. In addition, the organization must have a record of the individual members prior to requesting facilities and may invite only the pre-determined membership to the meeting or event.

- (3) Security measures for public meetings shall be routinely cleared through and approved by the Department of Public Safety. Should security procedures, as determined by the Department of Public Safety, result in more than routine security costs, the additional costs shall be assumed by the group sponsoring the event. In the event that the sponsoring group contests the ruling of the Department of Public Safety as requiring excessive precautions, the group may appeal the ruling under Article IV of *Academic Freedom for Students at Michigan State University*.

b. Revenue-Producing Projects

- (1) For the purposes of this policy, all activities involving the collection of money by student groups are defined as revenue-producing projects. Revenue-producing projects include the selling of printed materials, political materials, student-produced goods, student-provided services, the selling of tickets and/or charging admission to public activities or events, the soliciting of voluntary contributions, and the selling of other goods and services.
- (2) Only registered student organizations, living unit organizations, major governing groups, and ASMSU may conduct revenue-producing projects on campus.
- (3) All revenue-producing projects must be registered with ASMSU and the Student Life Department except:
 - (a) Revenue-producing projects in which only the membership of the sponsoring registered student organization or living unit organization is solicited.

(b) Sales of student and University publications. (This shall be in accordance with the guidelines established in *Academic Freedom for Students at Michigan State University*.)

(4) The following guidelines are established and apply to all revenue-producing projects conducted on campus:

(a) The date, location, and a brief description of the revenue-producing project must accompany the registration which must be signed by the sponsoring organization's presiding officer. This signature will indicate the sponsoring organization's approval of said project. (NOTE: The Activity Planning Form that is to be used for registration of this information is available in the Student Life Center, 101 Student Services.)

(b) The sponsoring organization assumes all responsibility for conducting a revenue-producing project in compliance with the ordinances, written policies, and regulations of Michigan State University.

(c) The establishment of booths and/or door-to-door solicitation for the purpose of selling literature, publications, goods and services, and tickets is prohibited in any classroom building. An exception to this shall be made for those events held in classroom buildings which require a ticket or admission charge for admittance or solicit a voluntary contribution. In these instances, the sale of tickets or the collection of the admission charge, or the solicitation of the voluntary contribution may take place at the approximate time of the event and in the area of the classroom building designated for the event.

(d) The establishment of booths and/or tables for selling literature, publications, permitted goods and services, and tickets, and the solicitation of voluntary contributions is permitted in the main concourse of the MSU Union and in the lobby of the International Center.

(e) Revenue-producing projects conducted on campus, outside of campus buildings, may not interfere with the use of streets, sidewalks, and building entrances or classes, and other organized educational activities.

(f) Organizations may be required to pay a standard service charge only for any additional University services that might

be required because of the revenue-producing project. The decision to assess such charges may not be based on the method of collection of revenues, the purpose of the revenue-producing project, or the nature and/or composition of the sponsoring group.

c. Conferences

Requests for facilities for conferences or meetings which extend beyond individuals in this University, such as district, regional, or national conferences, must be registered with ASMSU and the Student Life Department. Procedures for registering such requests have been developed jointly by ASMSU and the Student Life Department and are available in the Student Life Center, 101 Student Services.

d. Violations of this policy

The sponsoring organization(s), officers of the sponsoring organization(s), and/or individuals involved in an alleged violation of this policy may be referred to the appropriate judiciary — All-University Student Judiciary or University Graduate Judiciary.

2. Use of Space in Residence Halls (Student Group Regulation)

Residence halls at Michigan State University have been designed to include multipurpose space for academic, social, cultural, governmental, and recreational programs. Residence hall space is primarily for the use and benefit of those students who reside in residence halls during a regular academic term (which is defined as the first day of hall opening through hall closing for that term). For this reason, the recognized governing body of a hall or its authorized representative, the manager, and hall director are responsible for the granting of permission to use space in that hall. (The manager and hall director will assume all responsibility if a student government does not exist in a given hall.) These three groups should not become simply a booking agent, but should recognize that through their responsibility for reserving hall space they can provide hall residents with opportunities for an expanded range of experiences and involvement. This responsibility includes both educational and financial considerations which extend beyond the mechanics of booking rooms. Furthermore, this responsibility must include a concern for the safety and security of the residents and the hall.

a. General Guidelines for Space Use

- (1) Initial contact for the approval and booking process for use of classrooms, kivas, lounges, conference rooms, dining rooms, and similar space, outside of regularly scheduled day and evening classes within a particular hall is initiated by contacting one of the three groups necessary for approval — the hall director, the hall manager, or the hall student government. In this initial contact the steps in the approval and booking process specific to the particular hall will be explained.
- (2) The hall student government, hall director, and hall manager shall develop and have available copies of its specific policy for use of space within that particular hall. It shall include:
 - (a) procedures for obtaining approval and registration for use of space.
 - (b) the means and procedures for covering labor, set-up and clean-up costs; the method of financing; the collection of deposits, if applicable; and the assessment of damage charges to the person and/or the group making the booking.
 - (c) a list of groups that have automatic approval to book specific facilities for meetings through the manager's office for the purpose of making booking regularly scheduled meetings more expedient. These groups could include academic groups located within the hall, residential colleges within the hall, hall governments, advisory staff, management and possibly other groups as appropriate.
 - (d) a list of the facilities in the hall which are available and any limitations on the use of each facility which are appropriate including fire safety limitations.
 - (e) a list of the specific groups in a given hall that qualify as "within-hall groups" as defined in Section 2.b.
 - (f) a statement about "other groups" as defined in Section 2.b. of this policy. This statement will allow for an individual hall to restrict its space based on such considerations as the size of the group, alcohol use, and the nature of the activity.
 - (g) a statement which indicates the closing hours for events. All events or activities held within the living area are expected to end at hall closing — 12:00 midnight, Sunday through Thursday and 1:00

a.m., Saturday and Sunday mornings. However, halls may identify specific facilities outside the living area which could be used for events continuing past closing. Such events may be planned only by "within-hall groups." The facilities for such events must be in locations which result in no disturbance to residents in the living areas. If such facilities can be identified in a given hall and agreed upon by hall government, the hall director, and the manager, a proposal for such an after-hours policy should be forwarded for examination and approval by the Area Director and Area Manager. Such a proposal should also contain explicit expectations for the way in which the hall escort policy will be maintained during such events without excessively overburdening the night receptionist. It would include, furthermore, a stipulation that such events will end promptly at the agreed upon closing time at the initiative of the residents planning the event and without the need for intervention by advisory staff. Subsequent to approval of such a policy, only the hall director, hall manager, and hall government will need to give approval for a given event.

- (h) procedures to be taken against a group which violated agreements or policies governing the use of residence hall space.
- (i) other, as may be appropriate to each individual hall.

(3) Carpeted dining rooms may be used for dances if a suitable floor covering is provided to protect the carpeting. If damages to carpeting occur as a result of dances or any other activity, the use of dining rooms for such purposes will be discontinued.

(4) Food service, cleaning, set-up, and similar services must be secured through the hall manager. Listed below are general guidelines and exceptions to these guidelines may be made by the hall manager according to limitations of that particular hall or the requirements of a given event:

- (a) Events requiring food service need two weeks advance notification after approval is obtained and booking procedures completed.
- (b) Events requiring special set-up or maintenance need one week advance notification after approval is obtained and booking procedures completed.

- (c) Events requiring no special set-up need three working days advance notification after approval is obtained and booking procedures completed.
- (5) Since approval for use of residence hall facilities must be made jointly by the hall government, the hall director, and the hall manager, any one of the parties may veto the use of a hall facility by any group. Such an action should be based upon a sound rationale; for example, a group which failed to fulfill its obligations in the past might be disallowed any further use of space. Primary responsibility for such decisions exists at the hall level and any dissatisfaction with such a decision should be discussed, first, at the hall level. An appeal is possible, but not to be considered routine, if a group thinks it has been treated unjustly. An appeal board consisting of the area director, area manager, and RHA designate can be convened by contacting one member.
- (6) Any event involving the collection of funds shall comply with the *All-University Policy for Use of Michigan State University Facilities and Services, exclusive of Residence Halls, Food Stores, and Kellogg Center by Students; and for Revenue-Producing Projects of Students and with Ordinance 30.00* regarding selling and advertising. Only those organizations specifically enumerated in these policies shall be eligible to collect funds for any event.
 - (a) All student revenue producing events fall under the jurisdiction of ASMSU, RHA, and the Student Life Department. Such events must be registered with the Student Life Department prior to seeking hall space. (Information on procedures for registration of revenue projects is available in the Student Life Center, 101 Student Services.)
 - (b) Granting permission to use hall space for such revenue producing events remains the responsibility of the hall government, hall director, and hall manager.
- (7) Any group requesting use of space in a hall for an event which involves the use of alcoholic beverages must also secure registration and approval for the event under the guidelines of the Administration Ruling (Use of Alcohol) and the alcohol policy of that hall in which the event will be held.
- (8) Advertising for any event must follow established procedures. (See policy for *Distribution of Material in Residence Halls, Fundraising and Revenue-Producing Projects, and Signs.*)
- (9) Any petitioning or leafleting within the halls which requires the use of hall space requires the permission of that hall government, manager, and hall director. Halls which do not have an organized, functioning government defer jurisdiction to RHA. (See also: *Distribution of Material in Residence Halls and Guidelines for Campaigning, Canvassing, and Petition Drives on the Michigan State University Campus*, in the Student Life Center, 101 Student Services.)
- (10) Once space is approved for an all-University event/meeting to be held in residence hall facilities it shall be deemed a public meeting or event open to the entire University community. Any member of that community shall be admitted without discrimination due to race, creed, religion, national origin, sex, or sexual orientation. Similarly, any activity, event, or meeting approved for a house, hall, or complex shall be open to their members of the specific community without discrimination.

Exceptions to the above such as special meetings or events which are "for members only" must be so designated when facilities are requested and advertised as such. In addition, the organization must have a record of individual members prior to requesting facilities and may invite only the pre-determined membership.
- (11) Formally scheduled classes should be conducted in facilities scheduled for that purpose unless prior approval for change is obtained from the academic department, the Office of Space Utilization, the hall manager, the hall governing body, and the hall director.
- (12) Should the need for special academic services occur, (i.e., testing, tutoring, help sessions, or make-up classes) prime consideration should be given to making such space available.
- (13) Groups which fail to adhere to the responsibilities outlined in this policy or specific hall policies may be denied future use of space. However, before disciplinary/administrative action can be taken against a group, the basic tenets of due process must be followed.
 - (a) The group shall be informed in writing that they are accused of space use policy violations. The disciplinary/ administrative process may be initiated by either the hall government, the manager or the advisory staff.

- (b) The group shall have the opportunity to defend itself against the alleged accusations to a committee comprised of representatives of the hall government, management and advisory staffs. If an allegation is not contested by the group, the decision of the hall government, management and advisory staff becomes effective.
- (c) The group shall be informed, in writing, by the hall government, management and advisory staff of any disciplinary/administrative action being taken against it. Specific restrictions or sanctions should be detailed and included in the written notification.
- (d) Final appeal may be addressed to a committee comprised of the Area Director, Area Manager and RHA representative.
- (e) RHA, University Housing Programs and the Department of Residence Halls will keep a list of groups not adhering to the responsibilities outlined in this policy and will make such information available, upon request, to the halls.

b. Use of Space by Within-Hall Groups

The following guidelines as well as the general guidelines shall apply to the use of space for student groups within a particular hall.

- (1) Within-hall groups qualify for the use of residence hall facilities. Such within-hall groups and activities include three major categories:
 - (a) an event or activity planned by the hall, house, or hall government and, 1) attended solely by residents of that hall, or 2) attended by residents of that hall and their invited guests.
 - (b) an event or activity planned and attended by a hall group, which has been formally recognized by the hall government, and that group's invited guests. Hall groups which are so formally recognized are those which have received financial appropriations from the government, or have been formally approved and registered by the government (i.e., photography group, weightlifting group, Black Caucus, radio station). Such groups should be listed in the space use policy of each hall.
 - (c) an event or activity planned and attended by resident members of the residential college or academic unit housed within that hall and their invited guests.

- (2) Within-hall groups must assume responsibility for the meetings, events, or activities they plan. If a particular group does not have demonstrated financial resources (i.e., a University account) a representative of that group must sign a statement agreeing to assume financial responsibility for any charges.
- (3) Within-hall groups may not sponsor activities of groups which fall under Section 2.c., "other groups," thus giving the event "within-hall group" status and thereby circumventing the specific provisions of Section 2.c. which pertain to "other groups."
- (4) Charges for within-hall groups or activities are under the following guidelines. These procedures differ from those for other groups outside the specific hall for two reasons: first, these residents have paid for the use of these facilities through their room and board; second, these groups have recognized financial resources available through the hall government.
 - (a) Charges are not rental charges, but represent additional labor, supplies, material, or repair costs required to accommodate the event. The unit manager, in conjunction with advisors and student government representatives, determines whether or not volunteer help can be accepted to assist in set-up or clean-up. Care should be taken in planning events with respect to day, time, and location, so as to utilize all facilities to the best advantage with lowest possible labor costs.
 - (b) Charges for set-up and clean-up are made if an event is presented for residents of a hall or complex and an admission, collection, or donation is accepted from participants.
 - (c) Charges are made for any event sponsored for all students in residence halls or all University students regardless of whether the event is free or by paid admission.
 - (d) Should an admission or donation be requested solely for the purpose of covering costs (not to raise funds) no charges other than for damages will be assessed, provided tickets are used and a statement of income and expenses for the event is presented by the government to the hall manager. If a profit is realized, charges will be assessed.

- (e) Charges will be made if additional labor is required to prepare the space for use the following morning.
- (f) Charges are made for the use of hall dining rooms where major set-up or cleaning is required. However, the following halls are entitled to one such event each term at no charge so long as the event is non-profit. (This is due to the lack of multi-purpose space adequate to accommodate all residents at a given hall event.)

Owen	Wonders

c. Use of Space in Residence Halls by Other Groups

- (1) Groups other than the within-hall groups outlined in Section 2.b. of this policy should be directed to use other facilities on campus unless their program, meeting, or event is of direct interest and benefit to the residents of a given hall.
- (2) Only those non-residence hall organizations as stipulated in Section a. (1) of the *All-University Policy for Use of Facilities and Services* are eligible to request permission. This section lists registered student organizations, living unit organizations, major governing groups and ASMSU. Guidelines in this section as well as the general guidelines in Section 2.a. pertain to these groups requesting space in a residence hall.
- (3) All events planned by groups under this section must end by hall closing.
- (4) Hall government, hall director, and the manager shall require the organization requesting to use space to handle the following:
 - (a) Cash deposit (as necessary depending on the nature of the activity).
 - (b) Payment as necessary for set-up, clean-up, and damage.
 - (c) Collection of funds.
 - (d) Staffing for supervision and enforcement of existing building and/or University regulations, ordinances, and policies.

- (e) Admission procedures.

- (f) The signature of a group representative on a statement of liability and responsibility.

- (5) All groups which fall under this section and which request the use of space in a residence hall shall be charged a deposit for the use of that space according to the hall's individual policy. Such a deposit will vary depending on the facility requested and the nature of the activity or event. The deposit shall be returned to the organization when all charges for labor, set-up, physical damage, or similar expenses are paid. A deposit shall not be retained for reasons other than payment for services or physical damage. NOTE: Facilities cannot be rented.

- (6) Organizations receiving permission to use facilities will be held responsible by the hall government, hall director, and manager and will be charged for any costs to the hall or University (labor, supplies, materials, damages, etc.) incurred by their activity within the hall. A representative of the organization must sign an agreement with the hall manager accepting financial responsibility. Failure by the group to pay any charges will result in a hold card against the group's representative based on his or her contractual agreement. In addition, judicial action may be undertaken, future requests from that group may be denied and/or a request may be made to ASMSU to revoke that group's status as a registered student organization.

3. Residence Halls Association Conference Housing Policy (Student Group Regulation)

a. Introduction

Residence halls at Michigan State University are intended for the use of the students who live in them. Frequent housing of guests, therefore, becomes an imposition on the residents, and, because of this, housing for a conference during the academic school year is a distinct privilege which can be extended to only a few of the many worthwhile groups.

Residence Hall Management does not book conferences utilizing occupied student rooms during the academic year. However, a variety of conferences are held in halls during the summer months. They are generally placed in halls not occupied by students. Conferences held between terms (e.g., FFA Conference) utilize common areas only and/or empty rooms, and unoccupied student rooms.

The following Residence Halls Association (RHA) conference policy applies only to student conferences held during the academic year.

b. Procedures for Obtaining Permission to House Conference Delegates in Residence Halls:

- (1) Tentative approval for the conference must first be obtained from the Associated Students of Michigan State University (if the sponsoring group is a registered student organization), or from a department of the University.
- (2) Following tentative approval, the sponsoring group must complete the conference housing application. The application should be returned to Residence Halls Association at least six months (during which school is in session) prior to the planned conference.
- (3) The application must be approved by:
 - (a) Residence Halls Association
 - (b) University Housing Programs
 - (c) The department of Residence Hall Management
 - (d) All individual halls in which housing is desired
- (4) After RHA has approved the conference, a coordinator will be assigned from the central staff of RHA. The coordinator will assist in making all further arrangements for housing, feeding, and other facilities.
- (5) The group sponsoring the conference will be financially responsible for all costs incurred, including meals, linen, keys, rental of meeting rooms, stolen articles, and damage to the facilities used.
- (6) No later than 15 days prior to the conference, the sponsoring group must submit to the conference coordinator the exact number of delegates to be housed (with names and room numbers if possible).

FINANCIAL ACCOUNTS — STUDENT ORGANIZATIONS (Student Group Regulation)

1. General Policy

- a. The University does not require student organizations to have their financial accounts with the Controller's Office. They are, however, encouraged to follow good accounting principles and effective financial control of their funds.
- b. Registered student organizations, on campus living unit organizations, major governing groups, and Associated Students of Michigan State University may request to have a financial account with the Controller's Office, and shall be given an account upon request, except incorporated student groups.
- c. Student organizations conducting events to which the public (other than members of the organization) is invited and a stated admission or contribution is collected are encouraged to use tickets issued by the Controller's Office, following established procedures. Failure to follow these procedures may result in forfeiting the privilege of using the accounting services. (NOTE: *The controller's office no longer issues such tickets.*)
- d. Student organizations having the right to use University facilities and services have the option of paying for the use of University facilities and services either by cash, or through their University account, if such account exists. The University may require that cash payments be made in advance.

2. Policies Related to Financial Accounts Held With the Controller's Office

- a. A signature card designating the person and/or persons authorized to sign forms calling for the expenditure of funds from the organization's University account must be on file with the Controller's Office and with ASMSU. Organizations are not required to designate an adviser as the authorized person.
- b. Student organizations are responsible for accounting for any funds received and the allocations of those funds. Specifically, the accounting procedures of those student organizations are not subject to review by any agency of the University or by ASMSU.
- c. Student organizations and their officers are responsible for any financial obligations incurred by the organization and for any overdraft in their University account.

d. The University will not be obligated to process authorized expenditures, if there are not sufficient funds in the student organization's University account. All other authorized expenditures must be processed.

e. Violations shall be referred to the appropriate judicial body.

3. Procedures

Information regarding the current procedures, including service fee charges and account termination, related to financial transactions involving the use of a University account may be obtained from the Book-keeping Division, Controller's Office, 360 Administration Building. These procedures are authorized and approved by the Controller's Office.

(In addition see *General Student Regulation 6.00*).

FIRES (Ordinance 20.00)

... It shall be unlawful for any person or persons to set a fire upon the lands governed by said Board except in approved stoves and grills in designated picnic areas or as required by University personnel in the dump area.

FOOD, PUBLIC SALE ON CAMPUS (Administrative Ruling)

(Applicable to University employees as well as students.)

Food offered for public sale on the campus must, in general, be handled only through the facilities of the Division of Housing and Food Services. This policy does not affect departments or colleges which have established cooperative coffee services that are offered only to their staff and guests. Such service, by agreement, is limited to donuts, rolls, coffee, and soft drinks.

In order to accommodate University organizations, both student and staff, who want the option to offer limited food service to invited guests either as a service to these guests or as a money raising project (or both), and in order at the same time to protect the University and its public, the University allows organizations to offer food for sale under the following guidelines or conditions.

- a. Sales shall be limited to special events or projects and not for general sale to the campus public.
- b. Location and/or time must be such that sales would not be in competition with an established food service. (When the University has a food operation in a building, food will be sold only by that unit.)

c. Location must meet health standards of the State of Michigan. These locations will be inspected by the Concessions Department with any needed help from the University sanitarian.

d. Only packaged or prepared food may be served, including but not necessarily limited to donuts, soft drinks, and packaged snack items.

e. No food requiring preparation by health certified personnel may be served. Food prepared by outside vendors is not approved.

f. Food may be obtained from the Concessions Department and charged at cost plus handling.

g. The sponsoring organization must be responsible for any loss of or damage to loaned equipment.

h. This organization must also be responsible for cleanup of any academic or other facilities and arrangements must be cleared with Physical Plant for any such needed service. An appropriate job request will be necessary for this.

(NOTE: Student organizations offering food for sale must register the event and/or activity according to Section b, "Revenue-producing Projects" of the *All-University Policy on University Facilities and Services* and have it reviewed by the Housing and Food Services Division.)

—Housing and Food Services Division
—March 26, 1968

FUND-RAISING AND REVENUE-PRODUCING PROJECTS

1. Selling and Advertising (Ordinance 30.00)

... No person, firm or corporation shall engage in the business of selling, hawking, or peddling any goods, wares, merchandise or services, or take orders or make contracts for the purchase or delivery thereof, either at the time or in the future, within the boundaries of Michigan State University.

... No person shall erect or otherwise display, except on his personal property, any sign or poster or distribute handbills upon property governed by the Board which advertises or otherwise calls attention to any commercial product, service or activity.

2. Exception

An exception to the above ordinance for student organizations is provided in Section b., "Revenue-producing Projects" of the *All-University Policy for Use of University Facilities and Services*.

(In addition see *General Student Regulation 6.00*.)

HOLD CARD POLICY (Administrative Ruling)

Authority for Hold Card Use

1. Financial Hold Cards

Use of financial hold cards by any agency of the University draws its authority from Article IV of the Bylaws of the Board of Trustees, which states that the Vice President for Finance and Operations and Treasurer "shall be responsible for the collection, custody and accounting for all monies due the University." Students are required to meet legitimate monetary obligations to the University under the following regulations: (1) the Student Motor Vehicle Regulations, and (2) General Student Regulation 6.08, which states, "no student shall knowingly refuse to meet, when due, a legitimate financial obligation to the University." University judiciaries are authorized by *Academic Freedom for Students at Michigan State University* to adjudicate alleged violations of regulations, and are authorized by this policy to initiate use of a hold card against a student who has been judged guilty under General Student Regulation 6.08. The Traffic Appeals Board is authorized under this policy to initiate use of the financial hold card against a student judged guilty of violating the Student Motor Vehicle Regulations.

2. Judicial Hold Cards

Use of judicial hold cards by an administrative officer or judicial body draws its authority from Article VIII of the Bylaws of the Board of Trustees, which states that "Students who fail to comply with [reasonable rules and] regulations may be disciplined in such a manner as may be determined by the faculty or the Board." The manner of discipline is specified in *Academic Freedom for Students at Michigan State University*, *Graduate Student Rights and Responsibilities*, or *Medical Student Rights and Responsibilities*. Administrative officers and judicial bodies are specifically authorized under this policy to initiate use of the judicial hold card to enforce a "suspension" decision against a student, and to contact a student to notify him or her of alleged violation of a regulation and pending judicial or administrative proceedings.

3. Condition-of-Enrollment Hold Cards

Use of condition-of-enrollment hold cards by any agency of the University draws its authority from Article VIII of the Bylaws of the Board of Trustees, which states that the Board "may require students to agree and abide by [reasonable rules and] regulations as a condition of admission to and retention in the University." Agencies of the University are authorized under this policy to initiate use of the condition-of-enrollment hold card to prevent the registration of students deemed to be in noncompliance with a duly established "condition of enrollment."

Criteria for Hold Card Use

1. Financial Hold Cards

Criteria for use of the financial hold card shall be as follows:

- a. Hold cards may be employed to collect any obligations due to the University's operating funds or to student loan funds. Examples of these obligations are: student tuition, residence hall room and board, deferred payments, traffic violations, charges for damages to University property, University housing apartment rent, past due loans, library fines, bad checks or returned credit card charges cashed by students or presented in payment of student indebtedness, charges originating in various operating units (such as the Health Center, Union, Veterinary Clinic, etc.), overdrafts in student organization accounts, etc.
- b. Hold cards may not be used for collection of debts owed to any non-University agency. For purposes of this policy, registered student organizations, student government organizations and student newspapers are defined as non-University agencies. (Exception: ASMSU Student Loan Fund.)
- c. Except in the case of bad checks or returned credit card charges, hold cards may be used only in those cases in which the student has been given or sent adequate notice of his or her indebtedness and warning of hold card use prior to issuance of the hold card.
- d. A current list of all University agencies authorized by the Vice President for Finance and Operations and Treasurer to issue hold cards shall be maintained by the Student Receivables Division, Controller's Office.
- e. Students are entitled to appeal the legitimacy of charges placed against them through established due process procedures. Students are expected to exercise these rights at the time of original notification of indebtedness.

2. Judicial Hold Cards

Judicial bodies and administrative officers may make use of a judicial hold card in two cases:

- a. Hold cards may be issued against a student who has been suspended under the procedures outlined in *Academic Freedom for Students at Michigan State University*, *Graduate Student Rights and Responsibilities*, or *Medical Student Rights and Responsibilities*, to prevent the student's reenrollment.
- b. Hold cards may be issued against a student in order to provide the student with a written statement of alleged violation of regulations and impending judicial or administrative proceedings when attempts to reach the student by certified mail and by telephone have proved unsuccessful. The Vice President for Student Affairs and Services shall authorize each instance of hold card use under the terms of this criterion.

3. Condition-of-Enrollment Hold Cards

Criteria for use of the Condition-of-Enrollment hold card shall be as follows:

- a. The student shall have been demonstrated to be in non-compliance with a condition of enrollment which has been so designated by the Board of Trustees. Examples of such conditions of enrollment are: the Student Housing Policy which requires on-campus residence of designated categories of students; foreign student health insurance; and English proficiency testing for foreign students. Within this category are those regulations with which a student must comply *prior* to enrollment. Hold cards may be issued to prevent a student's enrollment until the student has complied with the regulation.
- b. The student shall have had reasonable opportunity to be informed of and to comply with the condition of enrollment and shall have been given or sent warning prior to issuance of the hold card.
- c. Prior to hold card use, an agency shall have authorization from the Office of Student Affairs and Services for hold card use for the purpose in question. The agency shall demonstrate to the satisfaction of that office that the above criteria are met. A current list of all University agencies authorized by the Office of Student Affairs and Services to issue hold cards shall be maintained by the Office of Student Affairs and Services.

Further General Stipulations

1. Agencies of the University shall make every effort to minimize hold card use, and shall employ alternative methods to accomplish their purpose whenever feasible.
2. Procedures for financial hold card use shall be developed by the Office of the Vice President for Finance and Operations and Treasurer. Procedures for judicial hold card use shall be developed by the Office of Student Affairs and Services. Procedures for condition-of-enrollment hold card use shall be developed by the Office of Student Affairs and Services. The above parties shall cooperate with the Office of the Registrar. All procedures shall include provision for the following:
 - a. Adequate prior notice to the student (including all pertinent details) of pending hold card use, prior to issuance of the hold card.
 - b. Due process to the student, prior to hold card use.
 - c. Nonissuance of a hold card against a student while he or she is in the process of appealing the case in question.

- d. Accurate and current hold card use. The offices responsible for developing procedures shall be responsible for insuring that those procedures are followed.

Judicial Review

This policy and all procedures and administrative decisions stemming therefrom, shall be subject to judicial review as provided in *Academic Freedom for Students at Michigan State University*.

HOUSING POLICY, STUDENT (All-University Policy)

Michigan State University, in its housing system, seeks to provide an educational environment which is maximally conducive to the learning process of students. Consistent with this philosophy, a variety of living options that are supported by student fees is made available in University housing. The University has requirements for on-campus residence to promote an optimum learning environment for students. Any undergraduate student enrolled in seven or more credits at Michigan State University for a term, summer term excluded, is subject to the University's housing regulations. Compliance with the University housing policy is a condition of enrollment. Regulations and procedures are to be developed by appropriate administrative offices to ensure that this policy is implemented.

- Board of Trustees
- May 27, 1983

Housing Requirements and Procedures (Administrative Ruling)

In accordance with the University Housing Policy, the following stipulations apply:

1. **Freshmen and Sophomores** — All freshman and sophomore students, including transfer students (0-84 credits accumulated), are required to reside in University housing, with the following exceptions:¹
 - a. Married students

¹The sophomore student (41-84 credits accumulated) requirement may be waived by administrative action on a yearly basis.

- b. Students who will be twenty years of age by the last official day of registration fall term of the current academic year (The current academic year is fall term through spring term.)
 - c. Veterans with one or more years of active service
 - d. Students living with parents or legal guardian
 - e. Students taking 6 or less credits during the term in question.
2. **Juniors and Seniors**—Juniors and seniors are encouraged to live on campus, though this is not required. Moreover, the University will always seek to achieve some balance of juniors and seniors in each housing unit.

Enforcement

Those students for whom the housing requirement is a condition of enrollment will be asked to verify their adherence to it. Failure to maintain the required residency could result in termination of enrollment by the Division of Student Affairs and Services. Enforcement of the housing regulations is the responsibility of the Division of Student Affairs and Services. The housing requirement does not apply to students during a term in which they are enrolled for 6 or less credits or during the summer term. In any subsequent term during which the student carries 7 or more credits the requirement will again become applicable.

Address

Every student is required to report his or her correct local address at the time of registration and to report any change of address thereafter. Failure to register the actual address at which he or she is living, or failure to notify the University of a change of address within five class days after the change becomes effective, will be considered as falsification of University records. (Change of off-campus address is made in the Office of the Registrar. Change of on-campus address is made in the office of the living unit manager.)

Housing Contract

University housing contracts are in effect for the period stated in terms of the contract. Any student, regardless of class standing, is obligated to fulfill the duration of the housing contract unless an authorized release is obtained. (Note: Application for release may be made through the living unit resident director.) This regulation applies to all students (freshmen, sophomores, juniors, seniors, special and graduate) who enter into a contract for on-campus housing.

Assignment

Only currently enrolled Michigan State University students who have received official housing assignments may live in University housing.

Special Permission

Any student may apply for an exception to the housing requirements. Information on the special permission pro-

cedure and criteria for exceptions can be obtained by contacting the Judicial Affairs Office, 101 Student Services Building. Applications will be considered by a committee appointed by the Vice President for Student Affairs and Services. The committee will have one representative from each of the following offices: Department of Student Life, Department of Residence Halls, University Housing Programs, and Associated Students of Michigan State University. The committee in making its decision shall take into account any professional recommendations of the University staff qualified to judge the category of exception. A student may appeal the decision of the committee to the Vice President for Student Affairs and Services.

Off-campus living units that were recognized by the University as "supervised" housing units in the Spring of 1983 will continue to be eligible to house students consistent with past practice. Specific conditions that will ensure this eligibility will be developed by the Vice President for Student Affairs and Services and in consultation with appropriate off-campus living units. The residents of these units must be advised that the unit is neither supervised by nor under the jurisdiction of the University and that the University assumes no responsibility for the program, the facility, or persons associated with the unit.

—Vice President for Student
Affairs and Services
—January 26, 1984

IDENTIFICATION CARDS (Administrative Ruling)

1. Upon completion of registration each student shall be provided an identification card which shall remain in his or her possession.
2. Students who withdraw or are withdrawn within a term shall surrender to the proper University authorities said identification cards.
3. The falsification, alteration, or unauthorized transference (loaning) of said identification cards or any other University records or documents may be a violation of *General Student Regulation 5.00, Records and Identification*.
4. In case of violation of any rule or regulation of the University or of any local, state, or federal ordinances or laws, students shall, upon demand, surrender said identification cards to the appropriate University authorities charged with the conduct of student affairs or to a member of the Department of Public Safety.

—Vice President for Student
Affairs and Services

INSURANCE (Administrative Ruling)

All foreign students are required by the University to purchase an accident and health insurance policy during registration, unless such insurance is provided by their government or private sponsor.

—Office of the President
—September 4, 1962

INTEGRITY OF SCHOLARSHIP AND GRADES (All-University Policy)

The following statement of University policy was approved by the Academic Council and the Academic Senate, and serves as the definitive statement of principle and procedure to be used in instances of academic dishonesty.

1. The principles of truth and honesty are recognized as fundamental to a community of teachers and scholars. The University expects that both faculty and students will honor these principles and in so doing protect the validity of University grades. This means that all academic work will be done by the student to whom it is assigned, without unauthorized aid of any kind. Instructors, for their part, will exercise care in the planning and supervision of academic work, so that honest effort will be positively encouraged.
2. If any instance of academic dishonesty is discovered by an instructor, it is his or her responsibility to take appropriate action. Depending on his or her judgment of the particular case, he or she may give a failing grade to the student on the assignment or for the course.
3. In instances where only a failing grade in a course is given for academic dishonesty, the instructor will notify the student's academic dean in writing of the circumstances.
4. The student who receives a failing grade based on a charge of academic dishonesty may appeal to the Student-Faculty Judiciary a judgment made by a department, school, or a college. (*Refer to Academic Freedom for Students at Michigan State University.*)
5. When in the judgment of the academic dean, action other than, or in addition to, a failing grade is warranted, the dean will refer the case for judicial review. (*Refer to Academic Freedom for Students at Michigan State University.*)
6. In instances of academic dishonesty where the instructor feels that action other than, or in addition to, a failing grade in the course is warranted, the instructor will report the case to his or her departmental or school chairperson and to the student's academic dean. The dean will then refer the case to the Student-Faculty Judiciary which shall have original jurisdiction. (*Refer to Academic Freedom for Students at Michigan State University.*)

Other than these provisions, the University does not stipulate any eligibility requirements for students holding an office. Each registered student organization and each living unit organization is encouraged to develop the eligibility requirements for its officers.

RESIDENCE HALL BILL OF RIGHTS

Each person, as a resident of Michigan State University residence halls, possesses certain individual rights and responsibilities which must be held in high regard. This document is intended to define minimal expectations of rights and responsibilities of hall residents, in actualizing their freedoms, without placing constraints upon such rights of other residents. Each individual has the right to engage

in those physical, educational, and social pursuits that are a necessary part of his or her university life. However, these rights carry with them a reciprocal responsibility on the part of the individual to insure those same rights for other residents.

1. Primary rights of the individual include:

- a. The right to read and study free from undue interference in one's room: One of the basic purposes of the University is the dissemination and application of knowledge. Unreasonable noise and other distractions inhibit the exercise of this right.
- b. The right to sleep, the right to one's personal belongings, the right to free access to one's room and suite facilities, and the right to a clean environment in which to live: Optimum physical conditions are essential as they support and reinforce and provide for positive conditions in which to learn and live.
- c. The right for redress of grievances: If the academic and residence hall communities are to function in the most educationally profitable manner the right to initiate actions and referrals for impartial and fair adjudication of grievances is held paramount. In exercising this right, the student further holds the right to be free from fear of intimidation; physical and/or emotional harm, and without the imposition of sanctions apart from due process.

2. Subordinate rights of the individual are those which should be protected, but which should not infringe upon the reasonable exercise of the primary rights defined above. These subordinate rights include:

- a. The right to personal privacy: All persons should have freedom from interference with their personal activities, and should be able to maintain privacy for other than academic reasons.
- b. The right to host visitors: All persons should have the opportunity to maintain personal contacts and friendships with other persons to fulfill their needs for socialization. Visitors are to respect the above stated rights of hall residents and to adhere to all regulations.

Any abuse of these rights is subject to review and action according to the procedures given in *Academic Freedom for Students at Michigan State University*. However, processes of mediation, involving students and hall staff, should also be considered as means for resolving conflicts.

Nothing in the Residence Hall Bill of Rights and/or its implementation shall deny any individual his or her basic rights guaranteed under the United States Constitution, nor deny other alternatives for redress of grievances that are available under the individual's status as a student and as a citizen of the State of Michigan.

RESIDENCE HALL REGULATIONS

The following regulations are established to govern the conduct of individuals living and visiting in residence halls. They shall apply to all students regardless of class level, place of residence, or group affiliation when they are in or around any residence hall.

1.0 Individual Responsibilities and Community Rights

The Residence Hall Bill of Rights provides a clear statement of each individual's rights within the residence hall community. These rights are best secured through clear statements of each individual's responsibilities.

- 1.1 No person shall cause or otherwise contribute to unreasonable noise in residence halls or areas immediately surrounding residence halls. (Unreasonable noise is that which interferes with, or has the potential for interfering with the legitimate rights of others.)
- 1.2 No person shall interfere with attempts of others to study.
- 1.3 No person shall interfere with attempts of others to sleep during reasonable and/or posted consideration hours.
- 1.4 No person shall interfere with the free access of another to and from his/her own room, suite, apartment, work area, or office in a residence hall.
- 1.5 No person shall play any athletic games in a common area of a residence hall without proper authorization.
- 1.6 No person shall interfere with the safe or clean environment of others.
- 1.7 No person shall allow an animal, bird, or other pet to enter a residence hall. (Fish and guide-dogs are exceptions.)
- 1.8 No person shall fail to make an effort to discourage another person from violating a regulation and/or to report a violation of which one has knowledge.

(See also: *General Student Regulation 7.00.*)

2.0 Safety of the Individual and Community

Fundamental to the protection of the individual is the maintenance of an environment that is physically safe and predictable. As members of a group, each individual has a special responsibility to ensure that safety hazards are eliminated, fire equipment is maintained, and fire procedures established and followed.

- 2.1 No person shall create, or help to create, a safety hazard.
- 2.2 No person shall throw or drop anything out of a residence hall window.
- 2.3 No person shall possess or use firecrackers, fireworks, firearms, or other dangerous weapons or explosives. (NOTE: Legal weapons must be stored at the Department of Public Safety.)
- 2.4 No person shall possess or use in a residence hall, without proper authorization, any chemical or other dangerous substance, compound, or container of such substances, which may injure, molest, or cause damage.
- 2.5 No person shall set a fire in residence halls or areas immediately associated with residence halls.
- 2.6 No person shall falsely report a fire, nor interfere in any way with emergency services or procedures, nor fail to conform to established safety regulations.
- 2.7 No person shall tamper with fire equipment, nor use such equipment for other than the prevention or control of fire. (Fire equipment shall include, but not be limited to thermal detectors, fire alarms, fire extinguishers, fire extinguisher boxes, fire hoses, and any other fire-fighting devices.)

(See also: *General Student Regulation 7.00.*)

3.0 Harassment and Intimidation

To succeed personally and academically, an individual must be able to live free from unnecessary emotional stress caused by others. Physical or emotional harassment will not be tolerated in a residence hall community.

- 3.1 No person shall harass or abuse any other person. (This shall include, but not be limited to, harassment or abuse based on race, creed, ethnic origin, sex, age, political persuasion, sexual orientation, or handicap.)
- 3.2 No person shall exhibit behavior which harms or threatens to harm another person or another person's property.
- 3.3 No person shall abuse, threaten, or harass any residence hall employee.
- 3.4 No person shall abuse, threaten, harass, or exhibit behavior that intimidates any complainant, respondent, counsel, witness, or judiciary member prior to, during, and after a judicial hearing.

(See also: *General Student Regulation 7.00.*)

4.0 Personal and Community Property

The protection of personal property is important to the well being of the individual. Protection of community property protects the investment all residents make through the payment of their room and board.

- 4.1 No person shall tamper with or borrow without permission the personal property of others.
- 4.2 No person shall, without proper authorization, remove any property from its assigned place in a residence hall.
- 4.3 No person shall damage, deface, or destroy any property.

(See also: *General Student Regulation* 6.00, 7.00.)

5.0 Alcohol*

The residence hall community is part of a larger community, and as such, is not only governed by its own regulations, but by University policies and state law. The State of Michigan establishes the age at which alcohol consumption is legal. Furthermore, alcohol may not be consumed on state land, except by special exception of the body governing the land, which in this case is the MSU Board of Trustees. Because the majority of hall residents are under age, the privilege of drinking alcohol is extended only to those of legal age in their private rooms, suites, or apartments.

- 5.1 No person shall possess open alcoholic beverages within a residence hall, except within the confines of student rooms, suites, or apartments or at social events approved by the Office of the Vice President for Student Affairs and Services.
- 5.2 No person shall organize or participate in a student group event where alcohol is consumed but not approved for consumption (e.g., floor party).
- 5.3 No person shall allow the presence of more than five times the normal occupancy (excludes over or under assignment) in a student room, suite, or apartment where alcohol is being consumed.

**This section of the bill of rights should be viewed in light of the administrative ruling which follows this document.*

6.0 Identification of Individuals

Certain privileges are extended to individuals by virtue of their membership in the residence hall community. In order to protect the community's welfare, the integrity of this identification must be maintained.

- 6.1 No person shall permit others to use his or her University identification, including a meal card or room key, for the purpose of improperly gaining access to a residence hall, a residence hall dining room, an RHA or hall sponsored event, or use of RHA or hall equipment.

- 6.2 No person shall use the University identification of another, including a meal card or room key, for the purpose of improperly gaining access to a residence hall, a residence hall dining room, or an RHA or hall sponsored event or use of RHA or hall equipment.

- 6.3 No person shall refuse to provide his or her name and show appropriate identification to a staff member performing his or her duty, upon request.

(See also: *General Student Regulation* 5.00.)

7.0 Food Service

Meal times should be an opportunity for residents and their visitors to dine in a sociable manner without the fear of inappropriate distractions or interference. The misuse of meal I.D.'s or removal of food from the dining room increases the cost of food service for all residents.

- 7.1 No person shall initiate or otherwise engage in throwing of food, utensils, or other objects in any residence hall dining room or housing facility.
- 7.2 No person shall, without authorization, remove any food or utensils from a residence hall dining room.
- 7.3 No person shall enter a residence hall dining room without proper authorization.

(See also: *General Student Regulation* 6.00, 7.00.)

8.0 Visitors

All members of the residence hall community have some responsibility to help secure the community's welfare by communicating to visitors the expectations established through these regulations.

- 8.1 No person shall permit a non-resident visitor to remain in or use the facilities of a residence hall, including one's residence hall room, for more than three continuous days during any given week.
- 8.2 No person shall fail to take responsibility for his or her visitor.
- 8.3 No person, if a non-resident, shall be a visitor in any residence hall between the official closing and opening hours without a resident escort.
- 8.4 No person shall interfere with the entertaining of a visitor by another, unless the visitor is infringing upon his or her rights.

ADMINISTRATIVE RULING (Use of Alcohol)

Ordinance 22.00 states, in part, that, "the use or possession of alcoholic beverages, including beer and wine, subject to state law, is hereby permitted in housing facilities (rooms, suites, apartments) assigned by Michigan State University." Students must be 21 years of age in order to possess or consume alcoholic beverages in their living quarters.

The following guidelines have been established to better clarify the Administrative Ruling and are included as part of the Ruling:

- 1) No kegs will be allowed in and around University residence halls for any purpose. Included in this expectation is the elimination of all other common sources of alcohol (e.g., trash cans).
- 2) Students are responsible for ensuring compliance with state law and this Administrative Ruling involving alcohol consumption in the University residence halls.

Students who choose to violate the Administrative Ruling governing the use of alcohol should be aware that appropriate administrative personnel within the Division of Student Affairs and Services may adjudicate violations of this Ruling and sanctions may include removal from the residence hall system. (All administrative action will ensure due process for individuals suspected of violating this Ruling.) Additionally, violations may be adjudicated through the judicial process as outlined in the Academic Freedom Report.

RESIDENCE HALL ROOM ENTRY POLICY (Administrative Ruling)

The University is respectful of, and committed to the protection of the student's right to privacy. The University also has responsibility to insure that the welfare of people on campus, the educational and service functions of the University, and the property of the University receive adequate attention and protection. To these ends the Room Entry Policy is established.

1.0 Room Entry

- 1.1 Residence Hall staff shall not enter a resident's room without permission of the student, unless under conditions of immediate and serious threat to the safety

or well being of persons or property or for reasons stated in this Policy. Under such conditions a staff member may enter a student's room whether the residents are present or not. If it is believed such danger is connected with fire, chemicals, explosives, weapons, or other items that would cause serious personal problems or injury, the staff member should, if possible, contact the Department of Public Safety for assistance. The same procedure is prescribed if the danger involves assault or other acts constituting possible jeopardy to persons or property. Others (staff or students) may be asked to assist in an emergency situation requiring room entry which threatens immediate harm to the safety of the individuals.

- 1.2 Staff may also enter into a student's room if the student is not present, to eliminate disruptive noise from electrical sound equipment which may violate an individual's right to sleep, study, read, etc., as defined in Section 1 of the Residence Hall Bill of Rights.
- 1.3 Entry of police officers into a student's room for purposes of investigation is governed by state and federal law. This includes, but is not necessarily limited to, officers in possession of a valid search/arrest warrant, hot pursuit, a safety emergency, or when a police officer has probable cause to believe a felony is being or has been committed by the individual therein.
- 1.4 Residence Hall staff shall not, except as noted in 1.1, 1.2 and 1.3, admit a third party to a student's room without a resident's permission.

2.0 Search

- 2.1 Staff are not to physically search a room under any circumstances.
- 2.2 A search of a student's room by the police for investigative purposes is governed by state and federal law. This includes, but is not necessarily limited to, a search with a search warrant, a search where the student has waived his/her rights, thereby permitting police search, or a search of the immediate area of an arrested subject incident to that arrest.

3.0 Seizure

- 3.1 If upon entering a room through the permission of a resident, a staff member observes the substance of a violation which constitutes an immediate threat to health, safety and welfare; e.g., firearms, combustibles, or explosives, the staff member should direct the disposition of the object or substance under the advice of the Department of Public Safety. Subsequently, the student may be referred for judicial and/or legal action.

4.0 Physical Maintenance

- 4.1 For purposes of safety, sanitation, and general upkeep, the University reserves the right to enter a student's room at any time during the working day for the above purposes, whether a resident is present or not. In cases of emergency, rooms may be entered in the presence or absence of the room's occupants, at times other than regular working hours.
- 4.2 Between terms, residence hall rooms are exclusively under the control of the Department of Residence Halls, and not of the student, even though the student plans to return to the same room the following term. During these periods, the University reserves the right to inspect, maintain, and make repairs in the residence hall rooms. Further, the University reserves the right to replace damaged or obsolete furniture and to remove from the room without the owner's permission any objects or materials which constitute a safety or sanitation hazard, or are property of the University at any time.
- 4.3 Between terms when maintenance staff is inspecting, cleaning and repairing rooms, the University shall exercise reasonable care with respect to protecting against the loss or theft of personal equipment belonging to the student. Beyond exercising reasonable care, however, the University cannot assume responsibility for items of a personal nature that are damaged, lost or stolen.

SAFETY (All-University Policy)

(Applicable to University employees as well as students.)

It is the desire of the Board of Trustees of Michigan State University to conserve the human resources of the University by prevention of accidents to University personnel, students, and visitors which may cause property damage, injury, or loss of life. Humanitarian motives impel the enunciation of the University policy on accident prevention.

It is the policy of Michigan State University to prevent accidents in work, class, and other activities which the University supervises, is responsible for, or sponsors. Each person, regardless of official or unofficial status, who assumes or is assigned responsibility for the work or activities of others is administratively responsible for their safety during such work or activities. Investigation of accidents to University personnel and students during work, class, or sponsored activities is the responsibility of the person whose job it is to supervise the person injured.

It is the intention of the University that there shall be compliance with safe practice standards which are a matter of professional knowledge and with official codes and regulations.

Each department is responsible for the establishment and preservation of safe conditions and safe practices within the area of jurisdiction of the department.

—Board of Trustees —June 15, 1961

NOTE: Pursuant to this policy, each student organization is responsible for the establishment and preservation of safe conditions and safe practices within its area of activity and for the prevention of accidents to members and guests. Questions regarding safety standards, codes, and regulations including those standards pertaining to decorations, food sanitation, public assemblage, fire safety, and accident prevention should be directed to the Office of Safety Services of the University Department of Public Safety, Department of Public Safety Building.

(In addition see *General Student Regulation 7.00.*)

(Student organizations should contact the Student Life Center regarding exceptions to this provision.)

... No person shall efface, alter, tamper with, destroy or remove any sign or inscription of any property governed by the said Board.

... It shall be unlawful for any person to attach any sign or poster to any property other than a bulletin board governed by said Board.

By Board of Trustees Resolution, May 21, 1976, smoking is prohibited in indoor areas in which organized academic activity is taking place.

SORORITY/FRATERNITY REGULATIONS (Student Group Regulation)

a. Guest in Sorority Houses

Allowing guests in sorority chapter houses between the closing hour and the official opening provides an opportunity for students to experience a more equitable living situation without jeopardizing house security. However, with this policy comes added responsibility. The responsibility of maintaining personal conduct in a manner which is in accordance with the policies and ordinances of Michigan State University falls to the individual residents of the sorority house. An added responsibility falls to those electing to have guests. They must act with consideration and respect in regard to roommates and other concerned parties. It also is not the intent of this policy to condone premarital sexual intercourse or cohabitation. Violations of these responsibilities shall be subject to judicial action, and repeated and consistent disregard and misuse of this policy may be grounds for this policy's review and possible amendment.

Policy Implementation and Rules

- (1) Procedures and policies for the establishment of a guest policy in sorority chapter houses between the official closing and opening hours shall be agreed upon by the chapter members, their alumnae adviser, and the Panhellenic Council adviser. These procedures shall be set, and on file, in the Student Life Department and the Panhellenic Council Office.
- (2) Guests must have a specific escort between the official closing and opening hours.
- (3) A proposed guest policy shall be initiated by the governing council of an individual living unit consistent with the established procedures for policy making. It is recommended that the living unit governing councils investigate and establish procedures and policies for the protection of roommate privacy.
- (4) The governing council shall be responsible for complying with the closing hours regulation.

b. Open House Policy

An open house is an event by which a living unit can create a more desirable living experience for the residents, and greater interpersonal relationships can be developed among students of both sexes. It is for these reasons that this policy exists; but with its existence, so must there exist an acceptance of responsibility on the part of the students. The responsibility

of this policy rests upon the individual who must maintain the element of academic privacy in the living areas, maintain his or her conduct in a manner which is in consideration of roommates or other concerned parties, and act in accordance with all policies and ordinances of Michigan State University. Further, it is not the intent of this policy to condone premarital sexual intercourse or cohabitation. SPEAKERS POLICY, OUTSIDE

(Student Group Regulation)

General Policy

It is the policy of Michigan State University to foster a spirit of free inquiry and to encourage the timely discussion of a wide variety of issues, provided that the views expressed are stated openly and, therefore, are subject to critical evaluation. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which peaceful, democratic means for change are available. Therefore, registered student organizations are encouraged to invite speakers to the campus subject only to the following provisions:

1. The speaker must not urge the audience to take action which is prohibited by the rules of the University or which is illegal under federal or Michigan law. Advocating or urging the modification of the government of the United States or of the State of Michigan by violence or sabotage is specifically prohibited. It is the responsibility of the student organization to inform speakers of these prohibitions.
2. Sponsorship must be by a student organization which has been registered under the general regulations approved by the appropriate University authorities.
3. For purposes of preserving a record of all such public meetings and/or coordinating them with the calendar of other activities taking place on University property, the sponsoring organization must (a) make all arrangements for reservation of space with the appropriate University officials, and (b) complete a form to be furnished by the appropriate University office indicating, among other things, the subject to be discussed, the names of all speakers and the time and place of the meeting, the form to be certified by the signature of the appropriate officer of the organization. All rules for administration of requests from registered student organizations must conform to the provisions stated above. It shall be the responsibility of the Assistant Director of Student Life (Student Activities) to certify that all appropriate steps have been taken before the event is officially scheduled.

(NOTE: The registration forms and information regarding the Outside Speakers Policy are available in the Student Life Center, 101 Student Services.)

Michigan State University Implementing Policy

4. Any student organization violating the provisions of this bylaw is subject only to the procedures and penalties applicable to students and student organizations that violate other University rules.
5. Public announcements concerning the speaker shall contain statements that clearly and accurately identify him or her.

6. At meetings dealing with controversial issues, ample time shall be allowed for questions and free discussion of the ideas presented.

7. The Assistant Director of Student Life (Student Activities) is responsible for establishing programs whereby organizations shall be informed about the University's policy on speakers.

8. The Assistant Director of Student Life (Student Activities), 101 Student Services Building, shall receive the speaker registration forms.

STUDENT FEE COLLECTION (Student Taxation) (All-University Policy)

Michigan State University will have a student tax system that will allow students to assess themselves taxes for the purpose of supporting student sponsored programs and services. The all-University student governing bodies (Council of Graduate Students and the Associated Students of Michigan State University) and the on-campus residence unit governing groups (Residence Halls Association, University Apartments Residents Council, and Owen Graduate Association) are authorized to collect refundable and mandatory student taxes from their constituent groups subject to initial student referendum and renewal referendum every three years. Additional criteria, procedures, and accountability measures for the use of University collection procedures by the above mentioned groups are to be developed by appropriate administrative offices.

Until further action by the Board, an exception will exist for The State News, Inc., which will continue to collect student tax assessments under the same procedures that have been in effect since The State News, Inc., became a separately incorporated organization.

Student Fee Collection Criteria and Procedures (Administrative Ruling)

I. All-University Student Governing Bodies and On-Campus Residence Governing Groups

University policy provides that Michigan State University will collect mandatory and refundable fees for all-University student governing bodies (Associated Students of Michigan State University and Council of Graduate Students) and on-campus residence governing groups (Residence Halls Association, University Apartments Residents Council, and Owen Graduate Association). The criteria and procedures follow:

- A. All-University student governing bodies and on-campus residence governing groups shall meet the following provisions before the University will collect fees from constituents of the all-University student governing bodies or the on-campus residence governing groups:
 1. The all-University student governing bodies and the on-campus residence governing groups shall have constitutions duly ratified by their student constituencies and recognized by the University.
 2. The power to assess fees of student constituents must be granted in their constitutions. These all-University governing bodies and the on-campus residence governing groups have the right to assess fees on their student constituencies.

3. The Student Affairs and Services Division and the Business and Finance Division will establish the procedures for collection of mandatory and refundable fees in consultation with the all-University student governing bodies and on-campus residence governing groups.

4. The all-University student governing bodies and the on-campus residence governing groups will establish procedures to refund collected fees to students making the request within the first 10 class days of each academic term.

5. The all-University student governing bodies and the on-campus residence governing groups will make available a yearly financial report to the student population and to the Division of Student Affairs and Services formatted by the executive committee of each all-University student governing body or on-campus residence governing group. If an all-University student governing body or on-campus residence governing group has subdivided its total fee assessment by major governing groups, organizations, or programs (see I.B.), the yearly financial report of the parent all-University student governing body or on-campus residence governing group must contain information from these constituent major governing groups, organizations, or programs. The availability of this report shall be publicized by November 1 in a publication that is distributed campus-wide to their constituent students.

B. Constituent major governing groups, organizations, and programs of the all-University student governing bodies and on-campus residence governing groups may petition or request from their parent governing body or group monies to fund their activities.

The all-University student governing bodies and on-campus residence governing groups may, however, allow their student constituencies to authorize through referendum process the collection of a fee assessment for a specific major governing group, organization or program (see Section III). If such a fee collection is authorized through the referendum process, the parent all-University student governing body or on-campus residence governing group may develop requirements and procedures that govern the use of the fees collected by the specific major governing group, organization, or program.

C. The mandatory and refundable fee collected by the University on behalf of these all-University student governing bodies or on-campus residence governing groups shall be subject to renewal by referendum of the affected student constituency every three years.

1. If an all-University student governing body or on-campus residence governing group has subdivided its total fee assessment by major governing groups, organizations, or programs, the renewal referendum will be conducted on each major governing group, organization, or program every three years.

2. Renewal of the fee requires an approval by a majority of the students voting.

II. Incorporated Student Organizations

University collection procedures may not be used by an all-University student governing body, major student governing group, or student organization which is separately incorporated.

III. Referendum for Establishment, Modification, or Removal

An additional referendum for either establishment, modification, or removal of an all-University student governing body or on-campus residence governing group will be held if the following conditions have been met:

A. A student, major governing group, organization, or program has obtained, by written petition, the written support of at least thirty percent of the affected student constituency for such a referendum. The petition must fairly represent the action that is being requested. Petitions may be circulated from the first day of early registration to the last day of the fifth week of the term in which the early registration applied. The petitions will be validated by the Vice President for Student Affairs and Services at the expense of the student, major governing group, organization, or program.

1. Upon validation of the petitions, a referendum shall be held as part of the registration procedure during the next entire registration procedure except summer term. A majority (fifty percent plus one) of the affected student constituency must vote, and the referendum must be approved by a majority of those voting. Renewal procedures are outlined in Section IV.

2. The costs of all initial and renewal referenda authorized by the procedure outlined in the section of the administrative ruling (III.A.) will be borne by the requesting student, major governing group, organization, or program.

B. An all-University student governing body or on-campus residence governing group may request a referendum to establish a mandatory fee assessment of a new and different student constituency or they may request a referendum to authorize the collection of fees for a specific major governing group, organization, or program. This referendum shall be held during the next entire registration procedure except summer term. The referendum will be open only to the proposed student constituency. A majority of that constituency (fifty percent plus one) must vote on the referendum, and approval for the referendum must be by a majority of those voting.

1. At the time of renewal for fees authorized by the procedure outlined in this section of the administrative ruling (III.B.), the all-University student governing body or on-campus residence governing group that initially requested the referendum for the specific major governing group, organization, or program must decide if it wishes to continue to support the specific major governing group, organization, or program. Renewal referendum procedures are outlined in Section IV. If the all-University student governing body or on-campus residence governing group withdraws its support, the renewal referendum will not be held and the collection of taxes will cease after the spring term of the third year that the taxes have been collected for the specific major governing group, organization or program.

2. The costs of all initial and renewal referenda authorized by the procedure outlined in this section of the administrative ruling (III.B.) will be borne by the requesting major governing group, organization, or program (or all-University student governing body or on-campus residence governing group if a new and different student constituency is being taxed).

C. An all-University student governing body or on-campus residence governing group may request a referendum for modification or removal of any previously established fee under its jurisdiction. A specific major governing group, organization, or program may also request a referendum for modification or removal of any fee it is receiving. These referenda shall be held during the next entire registration procedure except summer term. The referenda must be approved by a majority of students voting.

D. When a student fee is established or modified through a referendum, the new fee will take effect two registration periods after the registration period in which the referendum was conducted (e.g., a referendum conducted winter

term registration, new fee takes effect summer registration; a referendum conducted spring term registration, new fee takes effect at fall registration).

IV. Referendum for Renewal

A. Renewal referenda on the taxes collected for the all-University student governing bodies and on-campus residence governing groups shall be conducted on a rotating basis during spring term registration. Not more than two renewal issues shall be on the ballot during the same period. Renewal of the fees requires an approval by a majority of the students voting.

B. If the referendum is not approved, fees will not be collected commencing with the following fall term. An all-University student governing body or an on-campus residence group may request a new referendum to re-establish the fee. This referendum may be conducted at any registration period except summer term. Re-establishment of the fee requires that a majority (fifty percent plus one) of the affected student constituency must vote in the referendum. The referendum must then be **approved** by a majority of those voting.

V. University Authorization for Tax Collection

The Vice President for Student Affairs and Services shall be the University official empowered to authorize tax collections and/or referenda if the all-University governing bodies or on-campus residence governing groups have met the appropriate provisions of this Administrative Ruling.

VI. Violation of Regulations and Procedures

If it is alleged that any all-University student governing body, on-campus residence governing group, major governing group, organization or program is violating the regulations and procedures in this Administrative Ruling, the Vice President for Student Affairs and Services or his/her designee shall conduct a hearing on this matter. If it is the judgment of the Vice President for Student Affairs and Services that violation of procedures is evident, the affected group(s) may be suspended from collection privileges.

VII. Petition, Referendum, and Collection Costs

The costs associated with validating petitions, conducting referenda, and collecting fees will be borne by the requesting group(s) or student(s).

Affairs and Services

5. The student/resident shall be held responsible for using all reasonable efforts to monitor the actions of his or her spouse, children, or visitors.
6. Suggestions for modification of this document may be presented to the University Apartments Residents Council, U.A.R.C., at any time.

WITHDRAWAL PROCEDURES AND POLICIES (Administrative Ruling)

Voluntary During the Term. A student may voluntarily withdraw from the University prior to the end of the eighth week of a regular term, or prior to the end of the fourth week of the five-week summer term. *After the end of the eighth week of a regular term or the fourth week of the five-week summer term voluntary withdrawal is not permitted.*

The withdrawal procedure begins in the Office of Withdrawals, Room 101, Student Services Building.

Upon official voluntary withdrawal from the University grades are assigned according to the effective date of the withdrawal as follows:

1. If before the middle of the term as given in the *Schedule of Courses*, withdrawal will be without grades.
2. If withdrawal is after the middle of the term as given in the *Schedule of Courses* and prior to the end of the eighth week or prior to the end of the fourth week of the five-week summer term, grades will be given by the faculty according to the following stipulations: N will be given in all courses on the numerical system in which the student is passing at the time of withdrawal; 0.0 will be given in all courses on the numerical system in which the student is failing at the time of withdrawal, N will be given in courses on the P-N system regardless of whether the student is passing or failing at the time of withdrawal.

In case of official withdrawal from the University, term fees are subject to refund according to the refund policy given in a preceding section.

A student living in a residence hall should consult the manager regarding the policy on the refund of room and board fees.

A student living in an off-campus organized living unit should consult the individual unit for policies regarding room and board refunds.

If one or more *complete* terms of school are missed, excluding summer term, the student must apply for readmission through the Office of the Registrar, Administration Building.

Voluntary at the Close of a Term. There is no formal procedure for withdrawal at the end of a term; however, a student living in University housing should notify the manager of the appropriate unit.

Unauthorized. A student who leaves the University during a term without obtaining an official withdrawal will be reported as having failed all courses.

The withdrawal procedure will not take place automatically for the student who leaves campus because of illness, of either one's self or family member, but must be initiated by the student. If this cannot be done in person, withdrawal may be initiated by writing the Office of Withdrawals, Room 101, Student Services Building, Michigan State University, East Lansing, Michigan 48824.

A student who leaves the University without withdrawing formally forfeits any fees or deposits paid to the University.

Involuntary. A student who is called into the Armed Forces during the term should present orders for induction at the Office of Withdrawals, Room 101, Student Services Building, for appropriate action.

Disciplinary. If a student is dismissed for disciplinary reasons during a term, grades are assigned as described in the paragraph *Voluntary During the Term*.

See the calendar inside the back cover of this book regarding deadlines for receiving refunds.

MICHIGAN STATE FIGHT SONG

On the banks of the Red Cedar
Is a school that's known to all
Its specialty is winning
And those Spartans play good ball
Spartan teams are never beaten
All thru the game they fight
Fight for the only colors,
Green and White

Chorus:

Go right thru for MSU
Watch the points keep growing
Spartan teams are bound to win,
They're fighting with a vim,
Rah, Rah, Rah,

See their team is weakening
We're going to win this game
Fight! Fight! Rah! Team Fight!
Victory for M. S. U.

M.S.U. SHADOWS (Alma Mater)

M. S. U. we love thy shadows
when twilight silence falls,
Flushing deep and softly paling
O'er ivy covered halls;
Beneath the pines we'll gather
To give our faith so true,
Sing our love for Alma Mater
And thy praises M. S. U.

When from these scenes we wander
and twilight shadows fade
Our memory still will linger
Where light and shadows played;
In the evening oft we'll gather
And pledge our faith anew,
Sing our love for Alma Mater
And thy praises M. S. U.
