Greek Life

Since 1872, MSU students have had the choice of participating in a nationally affiliated Greek letter organization. Today, the Greek community is comprised of 55 (inter)nationally affiliated Greek letter organizations with a combined membership of over 3,100 students. For a list of Greek constituent groups see p.134.

Michigan State University has recommitted itself to the value of Greek letter organizations in the collegiate experience. MSU believes that fraternities and sororities can and should provide educational experiences that support the Guiding Principles of the institution, as well as provide students an opportunity to experience active learning through self-governance.

The value of Greek life for students who choose to participate is the merging of almost every element of the campus experience into one cohesive program—leadership development, academic achievement, community service, sports, social life, housing, alumni relations, and self-governance.

For a “Guide to the Greek Community,” contact the Department of Student Life, 101 Student Services, 355-8286, or visit <http://gogreek.msu.edu>

Did you know?

Beaumont Memorial Tower stands on the site of Old College Hall (1857-1919), the first building in America erected for the teaching of scientific agriculture. The carillon is comprised of 47 bronze bells. The tower was a gift of John W. Beaumont, class of 1882, and was constructed in 1928. After having been silent for nearly 10 years because of needed repairs, the bells, clock and structure were restored and rededicated on May 3, 1996. Funds for the restoration came from donations, including the 1989 class gift.

MSU's Oldest Instructional Building is Linton Hall, built in 1881 to house the library, museum, zoology laboratory, and president's office. Administrative offices gradually expanded to fill the main building, plus a 1947 addition, until the new administration building was opened in 1968.

Employment Verification for Student Employees

Immigration Reform and Control Act of 1986

Since June 1, 1987, the Immigration Reform and Control Act of 1986 has required that all individuals who are hired must be verified for identity and employment eligibility or the employer will be subject to both civil and criminal fines, penalties, and injunctions.

Therefore, all student employees must complete an INS Form I-9 and a W-4 form and present document(s) for employment verification.

It is recommended that you apply immediately for the appropriate document(s) you do not have and would like to use for employment verification. Documents must be presented after accepting employment either on or off campus. Those who do not possess the proper document(s) must present a receipt on or before the first day of employment and must present the required document(s) within 21 calendar days of the employment date.

Questions may be directed to the Student Employment Office at 355-9520, ext. 480.

Students who plan to work must provide evidence of their name, Social Security number, identity, and work authorization to comply with federal laws. United States citizens and Permanent Residents must present an original or duplicate Social Security card along with another document (e.g. driver's license, school identification card with photograph, U.S. Passport, Alien Registration Receipt card) when being processed for employment. A complete list of acceptable documents and specific information for international students is available from the Student Employment Office, 110 Student Services Building, 355-9520, ext. 480.

Disabilities, Rehabilitation

Americans With Disabilities Act, Section 504 of The Rehabilitation Act of 1973 and The Michigan Persons with Disabilities Civil Rights Act

Under the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act (504), and the Michigan Persons with Disabilities Civil Rights Act (MPDCRA), qualified applicants and employees with disabilities are protected from discrimination in hiring, promotion, discharge, pay, job training, benefits and other aspects of

employment. These laws provide that qualified individuals with a disability must be provided with reasonable accommodations that do not impose undue hardship.

The MPDCRA requires an employee to request accommodation within 182 days from the date the employee discovered or should have discovered the need for accommodation. Failure to notify the employer of this need within 182 days releases the employer from its obligation to accommodate under the MPDCRA. The employer is not released from its obligation to accommodate under ADA and Section 504; however, complaints alleging discrimination prohibited by the ADA and 504 must be filed within time limits set forth in the statutes and implementing regulations.

The ADA, Section 504 and the MPDCRA also provide that each University program, service and activity, when viewed in its entirety, must be accessible unless assuring accessibility would fundamentally alter the program, service or activity.

Questions should be directed to the Student Employment Office at 355-9520, ext. 480.

Michigan Right-To-Know Law

The Michigan Right-to-Know Law requires that all employees who may be exposed to hazardous chemicals receive chemical safety awareness training. Student employees who are known to be, or who could potentially be, exposed to hazardous chemicals must be informed of their rights under the law and of specific safety procedures necessary to work with these materials. Student employees who are not working with hazardous chemicals or who have a low probability of exposure must also be informed that they may request the same training concerning their rights under the law. This may be accomplished in the same manner used for other employees—written communications, video presentations, and in-house training. The Office of Radiation, Chemical and Biological Safety should be contacted at 355-0153 for additional information and assistance regarding video presentations and training.

Family and Medical Leave Act of 1993

The Family and Medical Leave Act of 1993 provides eligible student employees with up to twelve weeks of unpaid, job-protected leave. To be eligible, a student employee must have been employed by MSU for at least 12 months and have at least 1,250 hours of service in a twelve-month period. Leave is granted to care for the employee's child following birth, or placement for adoption or foster care; to care for an employee's spouse, son, daughter, or parent, who has a serious health condition; or for a serious health condition that makes the employee unable to perform the employee's job. Upon return from FMLA leave, student employees will be returned to their original or an equivalent position. Questions may be directed to the Student Employment Office at 355-9520, ext. 480.

Rules Governing Personal Conduct of Employees

Rules of personal conduct for employees (including student employees) are intended to promote the orderly and efficient operation of the University, as well as to protect the rights of all employees. The Rules Governing Personal Conduct of Employees may be viewed in the Student Employment Office, 110 Student Services Building. Students having questions or concerns regarding employee conduct should contact the Student Employment Office at 355-9520 ext. 480.

Talk with a financial aid advisor as soon as possible about any questions you might have. Delays may be costly because some programs have application deadlines.

Applying for Aid Filing the FAFSA

The Office of Financial Aid offers a variety of grant, work, and loan programs to give financial options to all families, no matter what their need or resources. You should file a Free Application for Federal Student Aid (FAFSA) to apply for both need-based and non-need-based aid at MSU. This free form is used nationwide to determine aid eligibility by collecting income, asset, and demographic data about the student and family.

Financial Aid

File for aid as early as possible after January 1st of the year in which you wish to begin receiving aid. (For example, file on or after January 1, 1999, if you wish to receive aid beginning Fall Semester 1999.) All questions asking for income or asset figures should be answered, even if the answer is "0." Don't leave them blank.

Make sure you sign and date the application, and that you release the data to MSU by completing Step Five with MSU's Title IV code of 002290.

Types of Financial Aid

Financial aid programs fall into three categories: grants and scholarships, loans, and work. Programs within each category may be need-based or non-need-based. As stated above, need is determined by federal processing of the data on the FAFSA. Students who do not qualify for need-based aid may still be eligible for some loan programs, and student employment is available for all MSU students. The Office of Financial Aid must follow federal, state, and institutional regulations when awarding aid. Awards will be made on a first-come, first-served basis as long as funds are available.

Scholarship Assistance

If you would like to pursue scholarship possibilities beyond those offered at MSU you might want to conduct a personal scholarship search. To begin the search, visit the library or:

- Call 517/335-1790 (State of Michigan) for a MI-Cashe scholarship search application (\$15).
- Access a free national computerized scholarship search service called fastWEB. On a computer connected to the World Wide Web, point your browser to: <http://www.fastweb.com>

Short-Term Loans

If you need money temporarily to assist you with educational expenses, short-term loans are available in the Office of Financial Aid. Depending on student demand, as well as good credit with the University, these loans are available in a relatively short time. Loans are repayable within 60 days.

Budgeting

Budgeting for the entire year is essential. The Office of Financial Aid provides budgeting worksheets and information at its offices and on its World Wide Web page and advisors will assist you in planning a budget.

Consultation

Financial Aid advisors are happy to help you with questions about your financial aid package or about planning your budget while at MSU. Contact an advisor by phone, fax, or E-mail, or speak with an advisor in one of the offices. Walk-in service is available and no appointment is necessary.

Personal Finance Course

A three-credit course in personal finance is offered by Family and Child Ecology (FCE 238) and is carried over campus/community cable. Check the *Schedule of Courses* for times.

Undergraduates are governed by the Associated Students of Michigan State University (ASMSU). Graduates are governed by the Council of Graduate Students (COGS).

Associated Students of MSU (ASMSU)

ASMSU is the all-University undergraduate student government at MSU. ASMSU represents students within the academic governance system, on campus, in the City of East Lansing, in the State of Michigan and nationally. necessary to be treated right away, the patient may be seen in the Urgent Care Clinic or given a same day appointment.

Urgent Care Clinic

An Urgent Care Clinic is available for minor trauma and illnesses that do not require the full facilities of a hospital emergency room, but do require immediate care, such as lacerations, bone fractures or food poisoning. Medical problems requiring hospitalization or the facilities and personnel of a hospital emergency department are referred as appropriate.

Personal Security

MSU Department of Police and Public Safety

The department performs a variety of tasks for the benefit of individual citizens, organizations, and institutional agencies that comprise the University community. The department is divided into two divisions.

Police Bureau...performs the duties of a similarly sized municipal department, plus many non-police oriented services. The telephone number for non-emergencies is 355-2221. For emergencies only, call 9-1-1. The Police Bureau also includes **Special Events** which provides planning for traffic, security and parking associated with large events such as football and basketball games and concerts.

Parking and Safety Bureau...**Parking** is responsible for enforcement of University parking regulations and ordinances. (Approximately ninety-five percent of all parking tickets are issued by student employees.) The division issues licenses for bicycles and parking permits for motor vehicles operated on campus. It also acts as a communications link between the community and All-University Traffic Committee and the Student Traffic Appeals Court. For information, call 355-8440.

Safety includes specialists trained in the areas of public health and safety, occupational health and safety, fire safety, integrated pest management, and emergency planning. Efforts are directed toward controlling and eliminating safety, health, fire and other hazards and to preserving and improving environmental factors which contribute to improved health and safety protection. For information, call 353-5360.

Bicycle Security

The Department of Police and Public Safety has published a pamphlet on bicycle security. Copies are available in the Parking Office. Following are theft prevention tips recommended by the MSU police.

1. Register your bicycle with the Department of Police and Public Safety so pertinent information is on file.
2. Secure your bicycle with a good case hardened lock or case hardened chain.
3. Secure the chain around both wheels, the frame and to a bicycle rack.
4. Know your serial number—write it down.

5. Engrave your operator's license number into the frame of the bicycle. This should be visible.
6. If you observe suspicious persons and/or activity, call the police.

Always Lock Your Bike!

Security Where You Live

Whether you live in a residence hall, an apartment, or a house, be cautious about protecting your property and yourself within your living space. MSU police indicate that most offenses against students in the residence halls are "crimes of opportunity." Wherever you live, denial of opportunity for crime is key to your personal security.

1. Always lock your door, even if you leave for "just a minute." This is the single best deterrent to intruders.
2. Never leave wallets, purses, checkbooks, and other small items of value lying visible in the room. Keep them out of sight. Conceal these items in places other than in your desk or dresser.
3. Do not leave notes on your door announcing you are not at home.
4. Do not open your door to strangers.
5. Close your curtains at night.
6. Do not take in overnight guests that you do not know.
7. Do not carry a key chain with your name, address, or car license number on it.
8. Do not let strangers into the building after closing.
9. Do not prop exterior doors open after closing.
10. Work out an agreement with neighbors to watch for suspicious activity or persons. Report anything suspicious to the police.

Personal Property

Personal property, such as radios, stereos, cameras and calculators, should be marked for identification. Use of your driver's license number is recommended since social security numbers cannot be traced in Michigan. Engraving tools may be checked out at the Police Desk in the Department of Police and Public Safety.

Do not take valuables into the intramural buildings as their security cannot be guaranteed. Lockers are available for your use; bring your own lock or rent one for a quarter. Don't take a chance by leaving valuables "on the sidelines."

MICHIGAN STATE UNIVERSITY STATEMENT ON SEXUAL ASSAULT

Information and Programs on Sexual Assault

Introduction

Federal law requires institutions of higher education to develop and distribute a statement describing the institution's programs that are aimed at the prevention of sexual offenses and the procedures for a victim to follow once a sexual offense has occurred.

Through programs to prevent sexual assault¹ and to support victims of sexual assault, Michigan State University strives to create an environment free of sexual assault, sexual harassment and other forms of sexual victimization.

Educational Opportunities

Michigan State University provides a variety of preventive/educational activities to promote awareness of rape, acquaintance rape and other sex offenses, including: professional and peer presentations in living units, classes, co-curricular groups, orientation sessions and community sessions; written and video resources; and self-defense classes. These programs are developed and delivered by many University departments and student organizations. For example, workshops on self-defense and sexual assault awareness are offered throughout the year by the Sexual Assault Crisis and Safety Education Program (located in the Counseling Center), 207 Student Services, 355-8270; the Women's Resource Center, 353-1635; and the Self-Defense for Women Program at IM-Sports West, 355-5250. A one-credit course in women's self-defense (PES 106L) is also offered regularly. These preventive/educational activities are coordinated through the Sexual Assault Crisis and Safety Education Program.

Information about personal safety, including the State Walk night-time walking service, the Nite Line bus service and the special Green and White bus lines, is included in *Spartan Life* student handbook. Also, the University's Department of Police and Public Safety issues publications which provide information on campus safety, including strategies that can be employed to decrease the chance of becoming a victim of sexual assault.

University Policies

Article 2.00 of the University's General Student Regulations prohibits sexual assault, including rape, date rape and acquaintance rape. It says:

Physical security and an environment free of harassment are necessary for individuals if they are to successfully pursue their educational endeavors and fulfill responsibilities; therefore, no student shall:

2.01 cause or threaten physical harm to another, or endanger the physical safety of another.

2.02 continuously or persistently intimidate another individual so as to coerce that individual into some action or avoidance of action.

These regulations apply on the land governed by the Board of Trustees of Michigan State University or when students or student groups are engaged in University-sponsored or student group-sponsored activities off campus. The General Student Regulations are included in *Spartan Life*.

University Ordinance 22.00 states: "No person shall accost, molest, or harass any person upon the lands governed by the Board [of Trustees of Michigan State University]." University Ordinances are available at the Information Desk in the Main Library and at the following web site: <http://www.msu.edu/dig/DOCUMENTS/ordinance95.html#ord27>

MSU also has a Policy on Sexual Harassment, which is applicable to all members of the University community. It is included in *Spartan Life*, and lists sexual assault as an example of sexual harassment. Sexual harassment is defined in the Policy on Sexual Harassment as unwelcome sexual advances, unwelcome requests for sexual favors or other unwelcome behavior of a sexual nature when:

submission to such behavior is made, explicitly or implicitly, a term or condition of an individual's employment or status in a course, program or activity;

Submission to or rejection of such behavior is used as a basis for a decision affecting an individual's employment or participation in a course, program or activity; or

Such behavior is so severe, persistent or pervasive that a reasonable person would find that it:

- a) alters the terms or conditions of a person's employment or educational experience, or

¹ For purposes of this policy, sexual assault means any physical act of a sexual nature directed against another person, forcibly and/or against that person's will, or not forcibly or against that person's will when the victim is incapable of giving consent because of her or his temporary or permanent mental or physical incapacity or because of his or her youth. This definition is based upon Appendix E to the Department of Education regulations implementing the Student Right to Know and Campus Security Act.

- b) unreasonably interferes with an individual's work or performance in a course, program or activity,

thus creating a hostile or abusive working or educational environment.

Since sexual harassment is a form of unlawful gender discrimination, violation of the Policy on Sexual Harassment is also a violation of the University's Anti-Discrimination Policy.

Students found through University disciplinary proceedings to have violated applicable conduct codes may suffer a variety of sanctions, including a requirement to move out of University housing or suspension from the University. In some instances, students accused of sexual assault may be suspended on an interim basis.¹

Michigan Law

Michigan, like all other states, has laws that criminalize various forms of sexual assault. These laws provide severe penalties for those convicted of these crimes. Married persons can be charged with these crimes. In a criminal prosecution it is no longer required to show resistance on the part of the victim as an element of the crime, nor does the testimony of the victim need corroboration.

The University may proceed with its own disciplinary hearing and action whether or not a criminal prosecution occurs. The University need not await the disposition of any criminal prosecution.

Medical Help/Counseling

During its regular service hours, Michigan State University's Olin Health Center provides medical services and assistance with the preservation of physical evidence to MSU students who are victims of sexual assaults. Sparrow Hospital provides emergency service.

Victims of sexual assault are encouraged to seek assistance from members of the University Counseling Center Sexual Assault Crisis and Safety Education Program staff, who can assist them in accessing available University and community resources, including those listed at the end of this Policy. This assistance may include accompanying the victim to the hospital and/or to interviews with the police and other authorities; assistance during judicial/legal proceedings; immediate emotional support; and on-going individual and group counseling.

Reporting Procedures and Resources

An individual who is the victim of a sexual assault should immediately report the incident to the Michigan State University Department of Police and Public Safety or to the respective law enforcement agency which has jurisdiction if the assault occurred in an off-campus location.

A victim of a sexual assault is encouraged to preserve whatever evidence may be available by not bathing, showering or douching. A change of clothes should be taken to the hospital because clothing may be kept as evidence. If clothes have already been removed, they should be taken in a paper bag.

If the assailant is a Michigan State University student, the incident should also be reported to the Judicial Affairs Office. Judicial procedures outlined in Article 4 of "Academic Freedom for Students at Michigan State University" will be followed in adjudicating sexual assault cases. These procedures permit both the complainant (victim) and respondent (accused) to be accompanied by a member of the student body, faculty or staff of the University during a disciplinary hearing. If criminal charges are pending, the respondent may be accompanied to the hearing by an attorney. In that event, the complainant may also have an attorney present at the disciplinary hearing. Both the complainant and respondent are entitled to be informed of the outcome of the disciplinary hearing.

If the assailant is an employee of the University, the incident should be reported to the employee's supervisor or to the Director of the Office of Affirmative Action Compliance and Monitoring. An employee who commits a sexual assault may be subject to disciplinary action, up to and including discharge.

A student who believes she or he has been the victim of an alleged sexual assault and would like assistance in changing her or his academic situation because of the assault should contact the University Ombudsman. If a student who believes he or she has been the victim of a sexual assault wishes to change his or her University housing situation, he or she should contact his or her residence hall director. In each case, assistance will be provided to the extent other options are reasonably available.

MSU Police Sexual Assault Response Guarantee

The Michigan State University Department of Police and Public Safety has adopted the *MSU Police Sexual Assault Response Guarantee*, which states:

¹ See Section 4.3.7 of "Academic Freedom for Students at Michigan State University" which reads:
When the Vice President for Student Affairs and Services, at his/her discretion, believes there is reasonable cause that a student's continued presence at Michigan State University constitutes a clear and present danger to the health or safety of persons or property, the Vice President for Student Affairs and Services or his/her designee may temporarily suspend a student pending final resolution of the matter. The interim suspension shall not preclude, predetermine, or render irrelevant subsequent disciplinary action or procedures; nor shall an interim suspension create a presumption of guilt.

Sexual assaults, including date/acquaintance rape, are a very serious concern of the University. If you feel you are the victim of a sexual assault on campus, your MSU Police Department will guarantee you the following:

We will meet with you privately, at a place of your choice in this area, to take a complaint report.

We will not release your name to the public or to the press.

Our officers will not prejudge you, and you will not be blamed for what occurred.

We will treat you and your particular case with courtesy, sensitivity, dignity, understanding and professionalism.

If you feel more comfortable talking with a female or male officer, we will do our best to accommodate your request.

We will assist you in arranging for any hospital treatment or other medical needs.

We will assist you in privately contacting counseling, safety, advising and other available resources.

We will fully investigate your case, and will help you to achieve the best outcome. This may involve the arrest and full prosecution of the suspect responsible. You will be kept up-to-date on the progress of the investigation and/or prosecution.

We will continue to be available for you, to answer your questions, to explain the systems and processes involved (prosecutor, courts, etc.), and to be a listening ear if you wish.

We will consider your case seriously regardless of your gender or sexual orientation, and regardless of the gender or sexual orientation of the suspect.

If you feel you are a sexual assault victim, call the MSU Police Department at 355-2221, and say you want to privately make a sexual assault complaint. You may call any time of day or night.

If we fail to achieve any part of the above guarantee, the Chief of Police, Dr. Bruce Benson, will meet with you personally to address any problems. The MSU Police want to help you make the MSU campus safe for students, faculty, staff and visitors.

MSU Safe Place

The University has a relationship violence shelter on campus, called the MSU Safe Place. The MSU Safe Place program reflects the University's commitment to help provide an environment free from relationship violence (emotional, physical and sexual abuse) for students, staff, faculty, retirees and their partners. MSU Safe Place works in conjunction with the Council Against Domestic Assault (CADA) to provide many programs. Sexual Assault Prevention

In general

- ◆ Learn self-defense. It's easier than you may think.
- ◆ Be assertive. If you have a feeling something is wrong, be safe, NOT polite.
- ◆ Be discreet about your personal plans.
- ◆ Be aware; rapists are often not strangers.

While walking

- ◆ Keep alert.
- ◆ Don't take shortcuts through deserted areas.
- ◆ If followed, head for lights and people.
- ◆ Use shriek alarms or whistles to draw attention; chemical devices are of limited use.
- ◆ On campus, use green light telephones or residence hall front entrance phones to summon help.

In your car

- ◆ Check the back seat for intruders.
- ◆ Lock the doors when driving or parked.
- ◆ Lean on horn if you feel threatened.
- ◆ If followed, drive to a busy area or police station.

At a party

- ◆ You are very vulnerable when you've been drinking or are high. Don't leave a party or go to a secluded room with a casual acquaintance under these circumstances.
- ◆ A buddy system is useful. Prior to the party, discuss with friends what you do or don't want to happen and arrange a signal or phrase that means "help me out."
- ◆ Do not leave your beverage unattended or accept opened drinks from anyone except the bartender. For information on sedative drugs see
<http://www.counseling.msu.edu/sap/index.htm>

For Men

- ◆ Men are victims, too. Follow guidelines for safety offered above.
- ◆ Consent by both parties to any sexual contact is what discriminates sexual assault from legal sexual activity. A sober yes to anything from a kiss to intercourse is your best protection against accusations of assault.
- ◆ Be cautious about accepting rides—anytime, anywhere.

Personal Safety

We all like to think of the campus as a safe place—BUT don't walk alone at night! Go with a friend, use the Nite Line bus service or the Green & White bus lines, or call StateWalk.

StateWalk is an on-campus night time walking service sponsored by the Residence Halls Association in cooperation with the Department of Police and Public Safety. Pairs of trained student volunteers walk with individuals from certain locations to their cars, residence halls, or other campus destinations. Hours are dusk to 1 a.m., Sunday through Thursday (except during breaks and summer semester). The service is offered from: the Main Library, Room W-122 (near the Red Cedar exit), 355-5548; Brody Hall, 432-3456; and McDonel Hall, 432-3499.

The **Nite Line** and the **Green & White Lines** are offered by the Campus Bus Service. Nite Line has a fixed route between 10 p.m. and 2:40 a.m., seven days a week. The Green & White Lines respond to special requests between the hours of 1 a.m. and 11 a.m. Call 394-6230 and a bus will come to your on-campus location. See: "Bus Services on Campus" in the Transportation section of this book.

The **MSU Safe Ride** program focuses on offering safe, inexpensive alternatives to driving/walking late at night. This program runs both on and off campus. For more information, contact Olin Health Education Services at 353-0718, or visit <http://www.msu.edu/~healthed/>

GREEN LIGHT TELEPHONES

The Green Light Telephone System is a network of emergency telephones strategically placed in campus parking areas and along campus walkways. They are mounted on posts topped with a green light. These phones are for emergency calls to on-campus numbers, including contacts with Dial-A-Ride. Become familiar with the locations of Green Light telephones as you walk the campus—just in case. (See back cover for map.)

Intramural Sports

Intramural Sports and Recreative Services offers recreative facilities for the use of all students, regardless of skill level. Keep up-to-date with activities and team schedules at the IM Sports Web site: <http://www.imsports.msu.edu> An *Intramural Calendar and Handbook* providing information about recreational sports activities on campus is available at all IM buildings.

Facilities

Three buildings, IM Sports-West, IM Sports-Circle, and IM Sports-East, house most of the indoor activity areas. Additional space is available in Jenison Fieldhouse and Demonstration Hall. There are three indoor swimming pools and one outdoor pool, one fitness trail, and indoor and outdoor tracks and tennis courts, as well as numerous other courts. Many of the outdoor courts and playing fields are lighted.

Facilities are available everyday and may be used by any student, faculty or staff member upon presentation of MSU photo identification. Spouses and children are also welcome during designated hours and within certain guidelines. Since use is very high, reservations are suggested for most facilities. The reservation numbers are 432-1475 for IM-West, 355-4711 for IM-Circle and 353-3223 for IM-East. Towel and locker services are available for a small fee and a variety of equipment can be checked out simply by presenting valid University identification.

Special Population Programs

Intramural Sports and Recreative Services celebrates the diversity inherent in our large international institution. To accommodate the recreative needs of this community, special programs such as Self-Defense for Women, Family Rec, Friendship Games for International Students, Services for Students with Disabilities, and special Health and Fitness activities are offered. In addition, the department offers a variety of student employment opportunities in all program areas.

Students are encouraged to call the IM Sports West office at 355-5250 for information regarding any of these programs.

Fun vs Formal Competition

You can choose your level of involvement. Play or swim occasionally just for fun, enter a tournament for an individual sport, join one of the 40 Sports Clubs, try a step aerobic class, or participate on a team in one of the four leagues—residence hall, fraternity-sorority, co-rec, or independent. An Intramural Schedule of Events is distributed to living units and is available at any IM office.

Active Is as Active Does

IM participation data for 1998-99 show that students participate in huge numbers. For instance:

Basketball players (246 teams)	2,460
Team sports, total players	14,543
Aerobics (participations)	28,149

Vehicles

If you drive a vehicle (**including a moped**) on campus, you are subject to the Student Motor Vehicle regulations. Please refer to "Motor Vehicles" in Part III of this book for information regarding registration requirements and fees. The complete Student Motor Vehicle Regulations, including a map of campus parking areas, is available from the Parking Office. The regulations should be read carefully as they are strictly enforced. Tickets cost as much as \$50 and retrieving your vehicle after it has been towed costs \$40, not to mention the inconvenience.

Requirements and fees for registration, hours that students may drive on campus, and the fine schedule are subject to change.

For assistance or clarification, visit the Parking Office in the Police and Public Safety Building at the south end of Red Cedar Road, or call 355-8440.

All-University Traffic Committee (AUTC): This committee recommends motor vehicle regulations for students and employees; recommends changes in the University Traffic Ordinances; establishes reserved parking spaces for individuals and departments; reviews plans and designs for traffic ways and parking facilities and recommends changes if deemed necessary; and acts upon appeals for parking and/or driving privileges not granted by the Student Motor Vehicle Regulations. The committee is composed of four undergraduate students, two graduate students, three faculty members, three staff members, and four ex-officio members representing the offices of Police and Public Safety, Campus Park and Planning, Housing and Food Services, and Automotive Services. To contact AUTC, call the Parking Office, 355-8440.

Bicycles

The process for the establishment and adjudication of regulations governing student conduct are set forth in *Academic Freedom for Students at Michigan State University*. Based on the principle of student involvement, there is both a specific legislative process and a comprehensive judicial system which govern undergraduate students. To the extent that interest motivates personal involvement, there continue to be broad avenues for student participation in the governance process.

THE LEGISLATIVE SYSTEM

Michigan State University maintains three levels of regulations applicable to student conduct, all of which require student approval. In addition, there are rulings established by administrative offices and policies and ordinances established by the Board of Trustees. Information regarding the process through which the various regulations and policies are enacted is indicated below.

General Student Regulations Student Group Regulations Living Group Regulations Administrative Rulings All-University Policies

The above types of regulations, rulings, and policies are enacted in accordance with Article 5 of *Academic Freedom for Students at Michigan State University*. (See Part 2 of this book.) A brief description of each may also be found at the beginning of Part 3 of this book under "Types of Rules." References for further information include:

- a. Bylaws of the Board of Trustees, Articles IV, VI, and VIII
- b. Bylaws for Academic Governance, Articles 2, 4 and 5

MSU Ordinances — The Board of Trustees is granted authority by the constitution of the State of Michigan to legislate ordinances governing the conduct of all persons on University property. These ordinances are law, violations of which are misdemeanors and adjudicated through the courts. The legislative process need not involve anyone except the Board of Trustees, although in practice the administration contributes its advice and relevant student-faculty committees may also be consulted.

THE JUDICIAL SYSTEM

Michigan State University has a number of judicial bodies which serve the interests of undergraduate and graduate students by contributing to the protection of an environment for learning. Although specific procedures vary from one structure or judiciary to another, all operate in a manner designed to assure due process.

This overview focuses on the judicial system established through the report on *Academic Freedom for Students at Michigan State University* (commonly referred to as the *Academic Freedom Report* or AFR). The *Academic Freedom Report* was adopted in 1967; was amended in 1971, 1977, 1983; and was completely revised in 1984.

What Does a Campus Judicial System Do?

In addition to hearing alleged violations of regulations governing student conduct, the MSU judicial system also protects student rights against infringement by other students, by faculty or administrators, by groups, or by the University itself. For example, the judicial system provides for consideration of challenges to regulations or administrative decisions alleged to be inconsistent with fundamental student rights outlined in the *Academic Freedom Report*. In addition, there is provision for considering allegations that legislative bodies or officers have acted inconsistently with their respective constitutions. It is through performance of these functions, as well as through consideration of alleged violations of regulations, that the judicial system seeks to maintain the delicate balance between maximum freedom and necessary order so fundamental to the protection of an environment for learning.

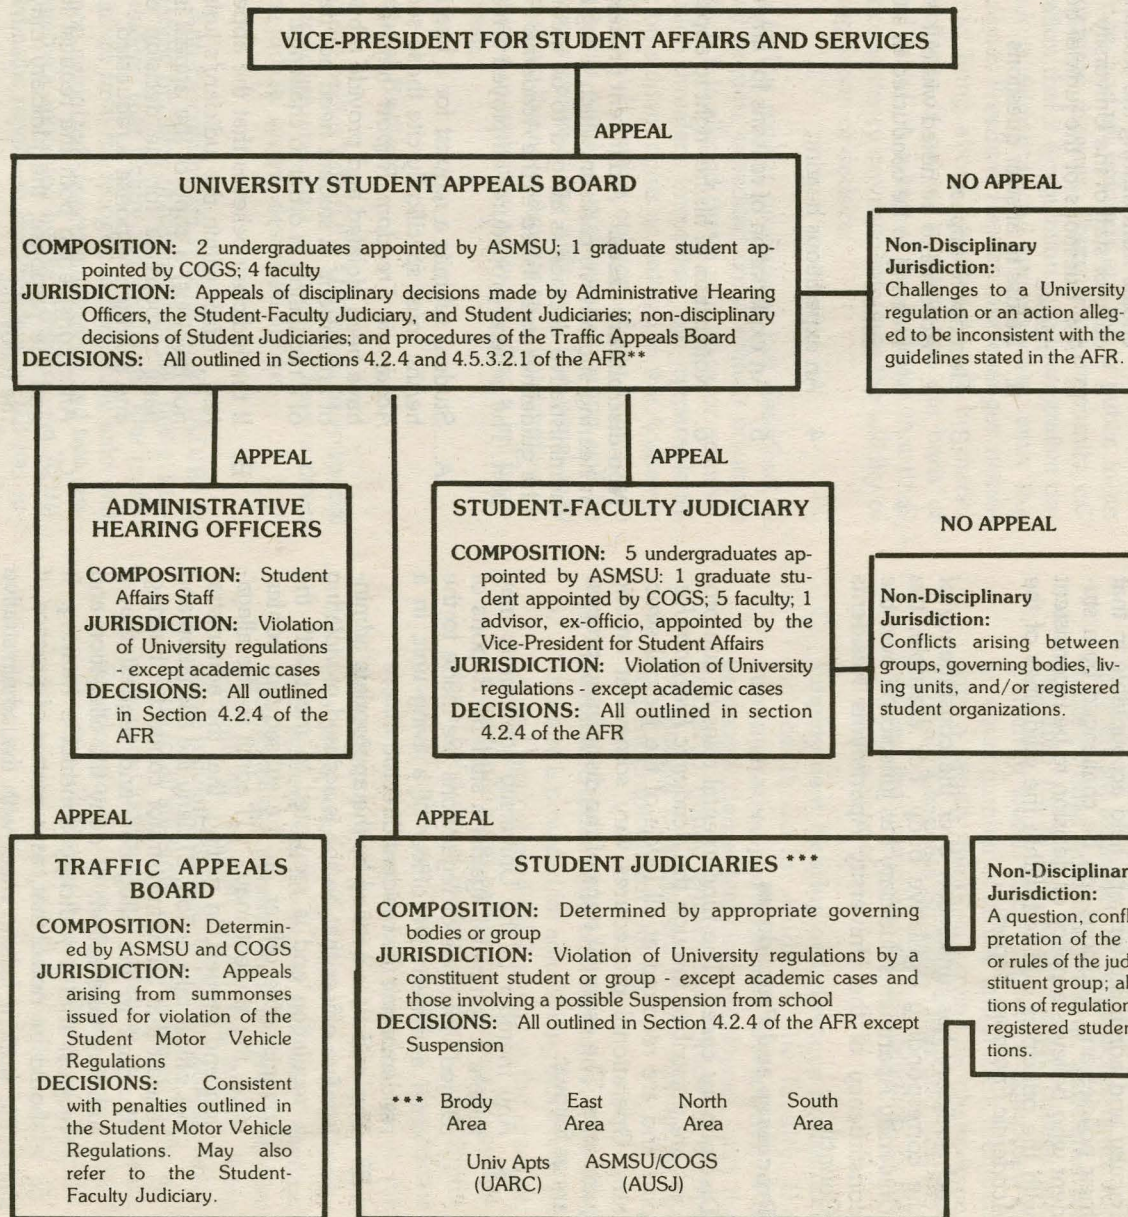

Structure and Organization of the System

The structure and organization of the judicial system is outlined in the chart which follows. The chart indicates the composition, jurisdiction, and decisions available at the different levels. Also shown are routes of appeal.

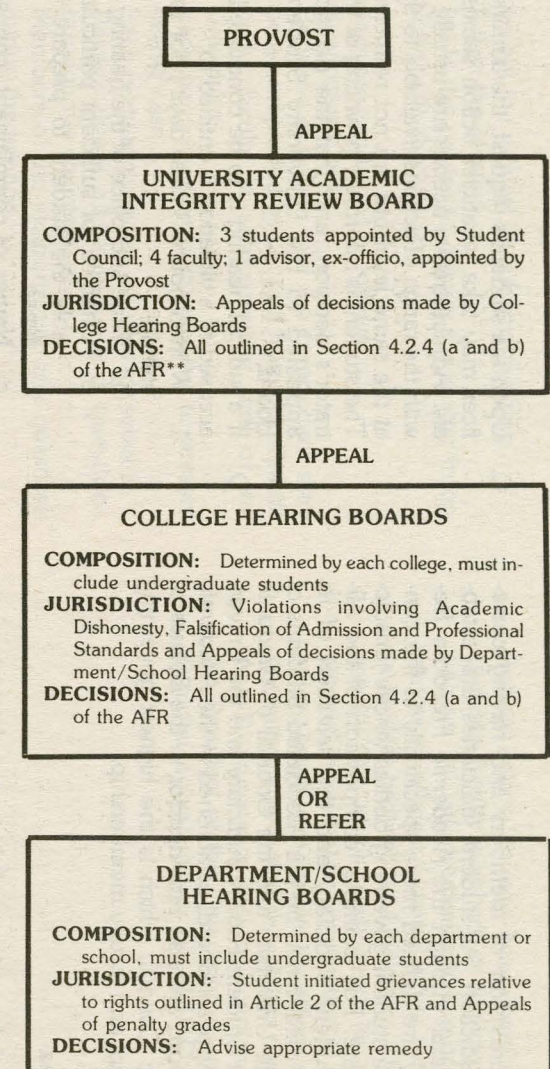

Relationship of the Judicial System to Campus Governance

Legislation and adjudication are two separate functions of campus governance, although interdependent for their validity and effectiveness. Each needs the other for support and criticism. The judicial system is structured on the principle that legislative authority requires judicial responsibility. Accordingly, there is provision for a judicial body to parallel each legislative body, depending

GRADUATE AND UNDERGRADUATE NON-ACADEMIC DISCIPLINARY AND NON-DISCIPLINARY JUDICIAL STRUCTURE

UNDERGRADUATE ACADEMIC JUDICIAL STRUCTURE*

*Graduate Academic Judicial Structure is described in the Graduate Student Rights and Responsibilities

**AFR refers to Report on Academic Freedom for Students at Michigan State University

upon it for provision of members and having corresponding jurisdiction. All-student judiciaries are established in general through the *Academic Freedom Report*, but they are defined more specifically in the constitution of the student governing bodies whose jurisdictions they share. For example, composition of the All-University Student Judiciary and the selection of its members are determined by the Associated Students of Michigan State University and the Council of Graduate Students. The Student-Faculty Judiciary and the University Student Appeals Board, established in the *Academic Freedom Report*, are also provided for in the *Bylaws* of the Academic Council, which is the highest governing body of student and faculty membership.

Jurisdictions

Jurisdictions of the various judiciaries are determined on the basis of constituencies and residence of the respondent (accused). Students are held accountable for behavioral expectations set forth in duly established regulations regarding individual and group conduct.

Faculty and administrators are held accountable in that their policies and decisions can be challenged by a student who believes a policy or decision to be inconsistent with the principles outlined within the guidelines of the *Academic Freedom Report*.

Each judiciary has jurisdiction over the constituency of the corresponding legislative body. For example, the University Apartments Judiciary has jurisdiction over the constituency of the University Apartments Residents Council.

Processes and Procedures

Disciplinary cases. The fundamental rules of due process are prescribed through the *Academic Freedom Report* and are required at all levels of the judicial structure. Operational procedures vary somewhat among judiciaries. The essential steps of the disciplinary process are as follows:

- A. Any member of the University community may initiate a complaint against a student. Reports of alleged violations of regulations are made to the chief administrative officer of a living unit, in a residence hall the resident director.
- B. The student is notified by the appropriate administrative officer that he/she is accused of violating a regulation and is requested to meet with the administrative officer. In the subsequent conference, the student may: 1) admit to the allegation and request, in writing, that the administrative officer take action; 2) deny the allegation and request that an administrator conduct a hearing; 3) admit to the allegation and request that a judiciary take action; 4) deny the allegation and request that a judiciary conduct a hearing. It should be noted that, as a matter of practice, if the student fails to meet with the administrative officer, the case is also referred to a judiciary.

- C. Upon the student's request, the administrative officer may take whatever action seems appropriate. Administrative actions are usually in keeping with the range of actions available to the judiciary at the same level but are not restricted to these. The student is informed in writing of the administrator's decision, and that the decision may be appealed to the University Student Appeals Board.
- D. If a judicial hearing is to be conducted, a student accused of a violation is entitled to:
 1. Written notice 3 class days prior to a hearing, stating:
 - a. Time and place of the hearing
 - b. Charges, of sufficient particularity to enable the student to prepare his/her defense
 - c. Names of complainant, counsel and witnesses
 2. Appear in person and present his/her defense
 - a. Call witness in his/her behalf
 - b. Be accompanied by counsel of his/her choice from among the student body, faculty or staff of the University
 - c. Ask questions of the judicial body or witnesses
 - d. Refuse to answer questions
 3. Elect not to appear
 - a. Absence to be noted without prejudice
 - b. Hearing to be conducted in student's absence
 4. An expeditious hearing
 5. An explanation of reasons for any decision
 6. Notification of his/her right to appeal

Non-disciplinary cases. A different process is followed in hearing substantive cases in which a regulation or an administrative decision is alleged to be inconsistent with the guidelines established in the *Academic Freedom Report*. The general procedures employed are as follows:

- A. Student submits a request for a hearing in which he/she must specifically cite those sections of the *Academic Freedom Report* he/she believes to have been violated and provide a brief statement of argument. A student need not be in violation of a regulation in order to challenge.
- B. If the judiciary believes that the appeal has merit (e.g., it falls within the judiciary's jurisdiction, it is not frivolous) a copy of the appeal is sent to the party responsible for the decision or regulation and a written response is requested.
- C. After considering both the request for a hearing and the response, the judiciary may do one of the following:

1. Accept the request for a formal hearing.
 2. Reject the request
 3. Invite the parties to discuss the matter informally with the judiciary
- D. Hearings are conducted as follows:
1. Hearings are open
 2. Both the appellant and the respondent may be accompanied by counsel from the student body, faculty or administrative staff of the University
 3. Each party is given thirty minutes to present his/her case
 4. Each party is given ten minutes for rebuttal
 5. Parties direct all remarks and questions through the chairperson
 6. Members of the judiciary may ask questions during the hearing
- E. The judiciary considers the matter in closed session and makes a ruling.
- F. Parties to the case are notified of the judiciary's findings, and all opinions are made public in an appropriate manner. There is a community expectation that if a regulation or administrative decision is found to be inconsistent with the *Academic Freedom Report*, the changes necessary to bring about consistency will be made. Compliance is gained primarily on the basis of "good faith." A ruling of the judiciary that finds no inconsistency serves to reinforce the validity of the regulation or decision.

In addition to the regular procedures just described, a student may request expedited consideration of urgent cases in which it is alleged that a regulation or administrative decision threatens immediate and irreparable infringement on student rights as defined in the *Academic Freedom Report*. If in the opinion of the chairperson that request has merit, a preliminary hearing will be called before a panel of the judiciary. The panel may decide to request the administrator or administrative office to postpone or withdraw action pending a full hearing on the case.

Other Judicial Bodies

Several judicial bodies within the University have special areas of jurisdiction and may or may not have a direct link with the judicial system described above.

- A. The Anti-Discrimination Judicial Board (ADJB) is composed of: three undergraduates and one graduate student; four faculty and specialists; four representatives from the recognized bargaining units and the non-unionized support employees; and two representatives appointed by the President. An ADJB Coordinator reports to the President. ADJB has jurisdiction over violations of the MSU Anti-Discrim-

ination Policy. It may hear complaints filed by students, faculty members, or employees. Parties involved in anti-discrimination proceedings may choose an advisor (counsel) from the faculty, staff or student body of the University. The ADJB may specify the actions that must be taken by the charged individual or organization to remedy a violation. Intent is to remove the effects of discrimination rather than to punish violators. Decisions of the Anti-Discrimination Judicial Board are reviewed by the President of the University. (Consult the *Anti-Discrimination Policy* or the ADJB Coordinator.)

- B. **Graduate Judicial Structure.** A completely separate judicial structure is provided for adjudicating cases brought by and against graduate students in the areas of: 1) academic rights and responsibilities; 2) professional rights and duties of graduate assistants; 3) professional rights and duties of other graduate students. Judiciaries are provided for at the departmental, college and University levels. Each judiciary is composed of an equal number of faculty and student members with a faculty member serving as chairperson. (Consult *Graduate Student Rights and Responsibilities*, the Council of Graduate Students, or the Graduate School.)
- C. **Employment Hearing or Grievance Procedures** include those for students, the faculty, the administrative-professional personnel, the unionized clerical-technical employees, and the unionized hourly employees. (Students consult the *Student Employment Policy Manual* or the Student Employment Office.)
- D. **Medical Student Judicial Structure.** A judicial structure is provided for adjudicating cases brought by and against medical students in the areas of: 1) academic rights and responsibilities; 2) professional behavior of medical students; and 3) professional rights and responsibilities of graduate assistants. Judiciaries are provided for at the departmental, college, and university levels. Each judiciary is composed of equal numbers of faculty and student members. In addition, medical students alleged to have violated General Student Regulations, student group regulations, living group regulations, or all-University policies which apply to all students, may be referred to the appropriate judiciary as outlined in *Academic Freedom for Students at Michigan State University*. (Consult Medical Student Rights and Responsibilities or contact the Dean's office of the appropriate medical college or the Graduate School.)

HISTORY OF APPROVAL

ACADEMIC FREEDOM FOR STUDENTS AT MICHIGAN STATE UNIVERSITY

FOREWORD

The foreword is not a part of the document that follows. It supplies, however, a necessary perspective for interpreting the document.

Student rights and responsibilities at Michigan State University must be understood against the social and historical background of the University itself.

When, more than a century ago, the people of Michigan established this institution on the land-grant principle, they framed a new conception of the role of the University in American life.

A land-grant university is a trusteeship of intellect in the service of society. It gathers society's creative and critical powers and uses them to advance the common good and to solve fundamental problems.

That is the special character that has caused the land-grant university to become one of the great transforming agencies of the American scene. When it honors its commission, it acts not for the sake of the academic community, but for the sake of society beyond the academy. All members of the academic community — trustees, administrators, faculty, staff, and students — enact a trust of which society beyond the University is the proper beneficiary.

The real significance of this document, as we believe, is not that students have acquired rights, but that they have explicitly been made party to our social trust. The responsibility which lies upon the trustees, the administration, and the faculty continues. They remain guardians of the University, charged with preserving in it the genius of scholarship and the conditions of inquiry which society has entrusted to their care.

PREFACE

This report, the *Graduate Student Rights and Responsibilities* document, and the *Medical Students Rights and Responsibilities* document contain guidelines to the rights and duties of students in matters of conduct, academic pursuits, the keeping of records, and publications. This report describes structures and procedures for the formulation of regulations governing student conduct, for the interpretation and amendment of the guidelines, for the adjudication of student disciplinary cases, and for channeling student complaints, grievances, or concerns to faculty, staff, and administrators for appropriate action.

For the most part, these provisions simply make explicit what has been long understood and practiced at Michigan State University. This report identifies rights and duties of students and provides for students a carefully prescribed

system of due process. The report does not contain a general or abstract definition of academic freedom. Rather, the report is an operational definition with concrete application of the concept of academic freedom for students.

ARTICLE 1

Student Rights and Responsibilities at Michigan State University

1.1 Michigan State University is a community of scholars whose members include its faculty, staff, students, and administrators. The basic purposes of the University are the advancement, dissemination, and application of knowledge. The most basic condition for the achievement of these purposes is freedom of expression and communication. Without this freedom, effective sifting and testing of ideas cease, and research, teaching, and learning are stifled. Knowledge is as broad and diverse as life itself, and the need for freedom is equally broad. Yet absolute freedom in all aspects of life means anarchy, just as absolute order means tyranny. Both anarchy and tyranny are antithetical to the purposes and character of the University. Therefore, the University always must strive to strike that balance between maximum freedom and necessary order which best promotes its basic purposes by providing the environment most conducive to the many faceted activities of instruction, research, and service.

1.2 Each right of an individual places a reciprocal duty upon others: the duty to permit the individual to exercise the right. The student, as a member of the academic community, has both rights and duties. Within that community, the student's most essential right is the right to learn. The University has a duty to provide for the student those privileges, opportunities, and protections which best promote the learning process in all its aspects. The student also has duties to other members of the academic community, the most important of which is to refrain from interference with those rights of others which are equally essential to the purposes and processes of the University.

1.3 The University cherishes many values, modes of thought, and standards of behavior that are better taught by example, persuasion, social pressure, and rewards than by the threat of penalties. Regulations governing the activities and conduct of student groups and individual students should not be comprehensive codes of desirable conduct; rather, they should be limited to the prescription of procedures for meeting the practical, routine necessities of a complex community and to the prohibition or limitation of acts which cannot be tolerated because they seriously interfere with the basic purposes, necessities, and processes of the academic community, or with rights essential to other members of the community.

1.4 The student is not only a member of the academic community, but a citizen of the larger society, who retains those rights, protections, and guarantees of fair treatment held by all citizens, and which the University may not deny. The enforcement of the student's duties to the larger society is, however, the responsibility of the legal and judicial authorities duly established for that purpose.

Guidelines

1.5 To protect student rights and to facilitate the definition of student responsibilities at Michigan State University, the following guidelines shall apply to those stipulations and conditions by which student conduct is regulated, broadly referred to as "regulations" in the remainder of this Article.

1.5.1 All regulations shall seek the best possible reconciliation of the principles of maximum freedom and necessary order.

1.5.2 There shall be no regulation unless there is a demonstrable need which is reasonably related to the basic purposes and necessities of the University as stipulated herein.

1.5.3 To the maximum extent feasible, students shall participate in formulating and revising regulations governing student conduct.

1.5.4 All regulations governing student conduct shall be made public in an appropriate manner.

1.5.5 Every regulation shall be as brief, clear, and specific as possible.

1.5.6 Wherever rights conflict, regulations shall, to the maximum extent feasible, permit reasonable scope for each conflicting right by defining the circumstances of time, place, and means appropriate to its exercise.

1.5.7 Regulations shall respect the free expression of ideas and shall encourage the competition of ideas from diverse perspectives.

1.5.8 Procedures and penalties for the violation of regulations shall be designed for guidance or correction of behavior only.

1.5.9 Penalties shall be commensurate with the seriousness of the offense. Repeated violations may justify increasingly severe penalties.

1.5.10 There shall be clearly defined channels and procedures for the appeal and review of:

- a. The finding of guilt in an alleged violation of a regulation.
- b. The reasonableness, under the circumstances, of the penalty imposed for a specific violation.
- c. The substance of a regulation or administrative decision which is alleged to be inconsistent with the guidelines in this document.
- d. The fairness of the procedures followed in the adjudication.

1.5.11 Every regulation shall specify to whom it applies and whether responsibility for compliance lies with individuals, with groups, or with both.

1.6 Handbook of Regulations and Structures: A handbook of the University's current regulations and structures relating to student rights and responsibilities shall be made available to every member of the academic community.

ARTICLE 2

Academic Rights and Responsibilities

2.1. Preamble

2.1.1 The freedom and effectiveness of the educational process depend upon the provision of appropriate conditions and opportunities for learning in an environment that is supportive of diversity among ideas, cultures, and student characteristics. The responsibility to secure, respect, and protect such opportunities and conditions is shared by all members of the academic community. The primacy of the faculty's role and its centrality in the educational process must be recognized and preserved. The primary intellectual purpose of the University — its intellectual content and integrity — is the responsibility of the faculty.

2.1.2 The establishment and maintenance of the proper relationship between instructor and student are fundamental to the University's function, and require both instructor and student to recognize the rights and responsibilities which derive from it. The relationship between instructor and student as individuals should be founded on mutual respect and understanding together with shared dedication to the educational process.

2.2 Role of the Faculty in the Instructional Process

2.2.1 No provision for the rights of students can be valid which suspends the rights of the faculty. The student's right to competent instruction must be reconciled with the rights of the faculty, consistent with the principle that the competency of a professional can be rightly judged only by professionals. It is therefore acknowledged and mandated that competence of instruction shall be judged by the faculty.

2.2.2 Teaching units shall provide appropriate and clearly defined channels for the receipt and consideration of student complaints concerning instruction. In no instance shall the competence of instruction form the basis of an adversarial proceeding before any of the judicial bodies established in this document.

2.2.3 Faculty shall have authority and responsibility for academic policy and practices in areas such as degree eligibility and requirements, course content and grading, classroom procedure, and standards of professional behavior in accordance with the *Bylaws for Academic Governance*, the *Code of Teaching Responsibility*, and other documents on faculty rights and responsibilities.

2.2.4. No hearing board established under this document shall interfere with the evaluation of a student which represents a course instructor's good faith judgment of the student's performance. In the event that an evaluation is determined to be based on inappropriate or irrelevant factors, as discussed in 2.3.2 below, the dean of the college shall cause the student's performance to be reassessed and good faith evaluation established.

2.3 Rights and Responsibilities of the Student

2.3.1 The student is responsible for learning the content of a course of study according to standards of performance established by the faculty and for adhering to standards of professional behavior established by the faculty.

2.3.2 The student has a right to academic evaluations which represent the course instructor's good faith judgments of performance. Course grades shall represent the instructor's professional and objective evaluation of the student's academic performance. The student shall have the right to know all course requirements, including grading criteria, and procedures at the beginning of the course. Course evaluation procedures are covered by the *Code of Teaching Responsibility*.

2.3.2.1 To overcome the presumption of good faith, it must be demonstrated that an evaluation was based entirely or in part upon factors that are inappropriate or irrelevant both to academic performance and applicable professional standards.

2.3.3 The student shares with the faculty the responsibility for maintaining the integrity of scholarship, grades, and professional standards.

2.3.4 The student shall be free to take reasoned exception to information and views offered in the classroom, and to reserve judgment about matters of opinion, without fear of penalty.

2.3.5 The student's behavior in the classroom shall be conducive to the teaching and learning process for all concerned.

2.3.6 The student has a right to be governed by educationally justifiable academic regulations and professional standards.

2.3.7 The student has a right to accurate, timely, and clearly stated information concerning general academic requirements for establishing and maintaining an acceptable academic standing, the student's academic relationship with the University and the details of any special conditions which may apply, and graduation requirements for the student's academic program. Students are responsible for informing themselves of University, college, department, and school requirements as stated in unit publications and in the University catalog. In planning to meet such requirements, students are responsible for consulting with their academic advisors.

2.3.8 The student has a right to protection against improper disclosure of information concerning academic performance and personal characteristics such as values, beliefs, organizational affiliations, and health.

2.3.9 The student has a right to be protected from personal exploitation and to receive recognition for scholarly assistance to faculty.

2.3.10 The student has a right to scholarly relationships with faculty based on mutual trust and civility.

2.4 Adjudication of Undergraduate Student Grievances and Cases of Academic Dishonesty, Violations of Professional Standards, and Falsification of Admissions and Academic Records.

2.4.1 The University undertakes, within the limits of its resources and the limits imposed by due respect for the professional rights of the faculty, to supply an appropriate remedy for legitimate student grievances. (The limits of the University's resources proceed from factors that, while subject to its influence, are not always subject to its control.)

2.4.1.1 Procedures for the adjudication of grievances must proceed in a timely manner.

2.4.2 If problems arise in the relationship between instructor and student, both should attempt to resolve them in informal, direct discussions. If the problem remains unresolved, then the chief administrator of the unit and/or the Ombudsman should be consulted. If still aggrieved, a student may then submit a formal, written grievance for consideration by an appropriate hearing board. The formal grievance alleging violations of academic rights must include a proposed remedy, which could be implemented by a responsible administrator.

2.4.2.1 Grievances must normally be initiated no later than mid-term of the quarter following the one wherein the alleged violation occurred. If the involved instructor or student is absent from the University during the quarter, or if other appropriate reasons exist, an exception to this provision shall be granted by the unit. If the involved instructor is no longer employed by the University before the formal grievance procedure is completed, the grievance process may proceed.

2.4.2.2 Student grievances must be initiated at the lowest administrative level feasible: normally, the department/school. With the approval of the college dean, small departments/schools may waive jurisdiction and refer grievances to the college hearing board.

2.4.2.3 Administrators shall transmit written grievances promptly to the unit hearing board and to the instructor or other persons party to the matter.

2.4.3 For the purpose of constituting a department/school or college hearing board, undergraduate students shall be represented on the hearing board.

2.4.4 Parties to a grievance shall have an opportunity to state their cases, present evidence, designate witnesses, ask questions, and present a rebuttal.

2.4.4.1 Units shall constitute their hearing boards and establish their own procedures in a manner consistent with this document. A copy of procedures adopted by each unit shall be filed with the Office of the Ombudsman and with other appropriate offices.

2.4.4.2 Unit hearing boards shall ensure that a collegial atmosphere prevails in grievance hearings. Involvement of counsel should normally not be required. When present, counsel shall be limited to a member of the student body, faculty, or staff of the University. No member of the University's legal department shall serve as counsel under these provisions.

2.4.5 The hearing board shall prepare a written report of findings, and forward copies to the parties involved and to the Ombudsman. All recipients are expected to respect the confidentiality of this report. When a hearing committee finds that a violation of academic rights has occurred and that redress is possible, it shall direct that redress be provided. The responsible administrator, with the advice of the hearing board, shall implement an appropriate remedy.

2.4.6 The appropriate initial judiciary for cases involving alleged violations of regulations prohibiting academic dishonesty, violations of professional standards, or falsification of admission or academic records by undergraduate students which are referred for disciplinary action shall be the hearing board of the college within which the violation is alleged to have occurred.

2.4.6.1 In cases of ambiguous jurisdiction, the appropriate judiciary will be randomly selected by the Assistant Provost for Undergraduate Education from the hearing boards for the Colleges of Arts and Letters, Natural Science, and Social Science.

2.4.6.2 In cases of academic dishonesty, violations of professional standards, or falsification of admission or academic records by undergraduate students which are referred for disciplinary action, the college level hearing boards shall have available to them the full range of decisions provided to a judiciary for disciplinary cases through this document. The dean of the student's college may implement the finding, request the hearing board to reconsider its decision, or forward the finding and a conflicting recommendation to the Office of the Provost for final resolution.

2.4.7 Either party to a grievance may appeal the decision of the department/school hearing board to the college hearing board. All appeals must be in writing. When a college hearing board finds that a violation of academic rights has occurred and that redress is possible, it shall direct that redress be provided. The responsible administrator, with the advice of the board, shall implement an appropriate remedy.

2.4.7.1 Either party to a grievance may appeal the decision of the college hearing board to the University Academic Integrity Review Board only in cases of a penalty grade for academic dishonesty; cases involving alleged violations of regulations prohibiting academic dishonesty, violations of professional standards or falsifications of admission and academic records by undergraduate students which are referred for disciplinary action; or other grievances heard only at the college level. All grievances must be in writing. When the University Academic Integrity Review Board finds that such a violation of academic rights has occurred and that redress is possible, it shall direct that redress be provided. The responsible administrator, with the advice of the board, shall implement an appropriate remedy.

2.4.7.1.1 All appeals to the University Academic Integrity Review Board in cases of a penalty grade for academic dishonesty must specify the alleged defects in the substance and/or procedures of the previous adjudication(s) in sufficient particularity to justify further proceedings.

2.4.7.1.2 All appeals to the University Academic Integrity Review Board in cases of alleged violations of regulations prohibiting academic dishonesty, violations of professional standards, or falsification of admission and academic records which are referred for disciplinary action must specify the alleged defects in the substance and/or procedures of the previous adjudication in sufficient particularity to justify further proceedings.

2.4.7.2 Appeals may challenge the substance of a decision and/or the procedures employed in the adjudication. (Presentation of new evidence will normally be inappropriate at an appeal hearing.)

2.4.7.3. Appeals must be filed within ten class days following notice of a decision. The original decision shall be held in abeyance while under appeal.

2.4.8 If a student is accused of academic dishonesty and is referred for judicial action, and if a disciplinary sanction is not held to be supported by the preponderance of evidence as required in Article 4, the student may appeal a penalty grade received in the case to the department/school hearing board as indicated in 2.4.9.

2.4.9 A student who receives a penalty grade based upon a charge of academic dishonesty, even if not referred for disciplinary action, may seek a hearing according to the procedures in this Article. In such a hearing, the burden of proof shall rest upon the instructor whose prior assignment of the penalty grade will constitute a charge of academic dishonesty. The hearing board shall proceed in compliance with applicable academic legislation on the integrity of scholarship, grades, and professional standards, and the procedural and appeal provisions of this document shall apply.

ARTICLE 3

Student Records at Michigan State University

3.1 Achieving educational goals, providing direction to students, and extending service to society demand that the University keep records. All policies and practices concerning records shall be based on respect for the privacy of the individual student. Because of the professional and legal responsibilities involved, record keeping must be delegated only to responsible persons.

3.2 All policies and practices governing access, maintenance, and release of student records shall conform to the University's published guidelines.

3.2.1 No record shall be made, duplicated, or retained unless there is a demonstrable need for it which is reasonably related to the basic purposes and necessities of the University.

3.2.2 The University shall not make, duplicate, or retain records of a student's religious or political beliefs without the student's knowledge and consent.

3.2.3 A student shall have the right to inspect the official transcript of his or her own academic record and shall also have the right to inspect reports and evaluations of his or her conduct.

3.2.4 All policies and practices dealing with the acquisition of information for records shall be formulated with due regard for the student's right of privacy.

3.2.5 Every record containing information about a student's character shall state when the information was acquired and the name and position of the person who gave it.

3.2.6 Evaluation of students shall be made only by persons who are qualified to make that evaluation.

3.2.7 All persons who handle confidential records shall be instructed concerning the confidential nature of such information and their responsibilities regarding it.

3.2.8 No one outside the faculty or administrative staff of Michigan State University, except as specified by law, may have access to the records of a student's offenses against University regulations without the express permission of the student in writing.

3.2.9 All policies governing the maintenance and the selective release of records and of portions of records shall be made public in an appropriate manner and shall be subject to judicial review as provided in Article 4.

ARTICLE 4

Judicial Process

4.1 Introduction

4.1.1 The University as a community is dependent upon maintaining a balance among personal freedoms, individual responsibilities, institutional rights, and institutional responsibilities. When rights conflict or when responsibilities are not met, means for hearing and redress must be provided. The fundamentals of fair play are the necessary guarantees of judicial process. Each party to a hearing has rights and corresponding responsibilities which, together, define the elements of fair play essential to due process. The requirements of due process are outlined below in 4.3 and 4.4 and shall be adhered to by all duly constituted judicial bodies as provided herein.

4.2 General Procedures for All Judiciaries

4.2.1 Code of Operations: Each judiciary shall establish a code of operations which is in all ways consistent with the provisions of due process as outlined in Sections 4.3, 4.4, and 4.5 of this Article, including establishing procedures for determining whether a complaint or allegation appropriately warrants a judicial hearing.

4.2.2 A Student Judiciary, with cause, may waive jurisdiction and request that a case be heard by the Student-Faculty Judiciary. The Student-Faculty Judiciary may elect to hear the case or direct a Student Judiciary to hear it.

4.2.3 Open and Closed Hearings: An open hearing is open to any member of the University community. A closed hearing is restricted to the parties concerned. The judiciary may close an open hearing at any time to maintain order.

a. Disciplinary hearings shall be closed unless an open hearing is requested by the respondent. (See Section 4.3)

b. Non-disciplinary hearings shall be open unless the judiciary determines that the hearing should be closed to protect the confidentiality of information. (See section 4.4)

4.2.4 Decisions:

a. **Findings:** After hearing a case, a hearing body shall decide whether an allegation has been supported by the preponderance of evidence. If the allegation is not so supported, the case is dismissed. If the allegation is supported, the judiciary may select from the following sanctions:

b. **Sanctions in disciplinary cases:**

1. **No action.**

2. **Warning.** An official written statement expressing disapproval of acts committed.

3. **Warning Probation.** A probation indicating that further violations of regulations will result in more severe disciplinary action. This probation will be imposed for a specific period of time, and the student shall be automatically removed from probation when the imposed period expires. This probation may be accompanied by a requirement that restitution be made for University property damages or losses resulting from acts committed, or other requirements or special conditions as deemed appropriate.

4. **Disciplinary Probation.** A period of time specified for observing and evaluating a student's conduct, with or without special conditions, including a written reprimand and indicating that (a) further violations while on probation may result in more severe disciplinary action including suspension or (b) further violation while on probation of regulations of similar or greater severity will result in suspension. This probation will be imposed for a specific period of time, and the student shall automatically be removed from probation when the imposed period expires.

Special Conditions: A special condition of disciplinary probation may include:

- (i) **Restitution:** By such date established by the appropriate judiciary or administrative officer, the student shall pay for University property damages or losses resulting from acts committed.

The student shall be expected to meet with the representative, receive a written statement of the alleged violation, and choose whether the allegation is handled by an appropriate judiciary or an administrator. The provisions of this document concerning sanctions and appeals apply to either option. Students who fail to meet initially with the representative shall be referred to the appropriate judiciary for a hearing.

4.3.1.1.1 In cases of academic dishonesty, violations of professional standards, and falsification of admission and academic records, all alleged violations will be handled by the appropriate judiciary.

4.3.4 Both the respondent and the complainant shall be expected to appear at the hearing and present their cases to the hearing body.

- a. Should the complainant fail to appear, the hearing body may either postpone the hearing or dismiss the case.

4.3.5 Both the respondent and the complainant shall be entitled to:

The interim suspension shall not preclude, predetermine, or render irrelevant subsequent disciplinary action or procedures; nor shall an interim suspension create a presumption of guilt.

¹ Permission may be granted to the respondent to be accompanied by an attorney if there are criminal charges pending. If the respondent is charged with a sex offense, the complainant may also have an attorney present.

4.3.7.1 Students placed on interim suspension may petition for reinstatement pending the final resolution of their cases. Such petitions will be considered by either the Vice President for Student Affairs and Services or the Student-Faculty Judiciary as requested by the petitioner. The All-University Undergraduate Student Governing Body and the All-University Graduate Student Governing Body shall also establish a student judiciary. - a. Upon receipt of such a request, the student judiciary shall conduct a preliminary examination to determine whether a temporary restraining action should be taken. This meeting should include opportunity for both the complainant and the respondent to present information. Consideration should be given to the nature and potential extent of irreparable harm, other alternatives to remedy the situation, and whether a temporary restraining action would preclude, pre-determine, or render irrelevant the ultimate decision of a judiciary in reviewing the details of the case.

b. a. Upon receipt of such a request, the Student-Faculty Judiciary shall conduct a preliminary examination to determine whether temporary restraining action should be taken. This meeting should include opportunity for both the complainant and the respondent to present information. 5.6.3.2 The administrator shall assess the situation and implement any non-punitive action appropriate to the circumstances: e.g. restrict service, require restitution. However, disciplinary sanctions may only be imposed through the judicial process described in Article 4.

5.6.3.3 The student shall be entitled to written notification of:

- a. Any non-disciplinary action of the administrator, and the rationale.
- b. The right to appeal the administrator's decision to the University Student Appeals Board, under 4.5.3.2d. of this document.

5.6.4 In common with regulations, Administrative Rulings applicable to students shall comply with Sections 1.5.1 through 1.5.7 and Section 1.5.11 of this document.

6.4.7 The offices of the Secretary of the Board of Trustees and the All-University Undergraduate Governing Body shall keep available for inspection an up-to-date list of places of distribution within campus buildings.

6.5 Any regulations necessary to implement these guidelines shall be developed in accordance with Article 5.

The Ombudsman's functions shall include the following charges:

7.1.1 The Ombudsman shall establish simple, orderly procedures for receiving requests, complaints, and grievances of students.

7.1.2 The Ombudsman shall assist students in accomplishing the expeditious settlement of their problems and may advise a student that the student's request, complaint, or grievance lacks merit, or that the student should seek a remedy before another duly-constituted body or officer of the University; or the Ombudsman may deem it appropriate to assist the student in obtaining an informal settlement of the student's problem.

7.1.3 The Ombudsman shall have broad investigatory powers and direct and ready access to all University officials from the President down.

7.1.4 When necessary, the Ombudsman shall report directly to the President valid complaints for which no remedy has been found. The Ombudsman shall also report any recommendations regarding such complaints.

GRADUATE STUDENT RIGHTS AND RESPONSIBILITIES AT MICHIGAN STATE UNIVERSITY

Foreword

The foreword is not part of the document that follows. It supplies, however, a necessary perspective for interpreting the document. Graduate student rights and responsibilities at Michigan State University are part of the social and historical background of the University itself.

When, more than a century ago, the people of Michigan established this institution on the land-grant principle, they framed a new conception of the role of the university in American life.

A land-grant university is a trusteeship of intellect in the service of society. It gathers society's creative and intellectual powers and uses them to advance the common good and to solve fundamental problems.

That is the special character that has caused the land-grant university to become one of the great transforming agencies of the American scene. When it honors its commission, it acts not for the sake of the academic community, but for the sake of society. All members of the academic community—students, staff, faculty, administrators, and trustees—enact a trust of which society beyond the university is the proper beneficiary.

This document is significant not merely because it establishes that graduate students have certain rights and responsibilities, but particularly because it affirms that they are a party to the social trust shared by all in the university community who are charged with preserving and advancing the genius of scholarship and the conditions of inquiry which society has entrusted to our care.

Preface

This report, the *Academic Freedom for Students at Michigan State University*, and the *Medical Students Rights and Responsibilities* document, contain guidelines to the rights and duties of graduate students in matters of conduct, academic pursuits, keeping of records, and employment. This report describes structures and procedures for formulating regulations governing graduate student conduct, for interpreting and amending the guidelines, for adjudicating graduate student disciplinary cases, and for channeling student complaints, grievances, or concerns to faculty, staff, and administrators for appropriate action.

For the most part these provisions simply make explicit what has been long understood and practiced at Michigan State University. This report identifies rights and duties of graduate students and provides for graduate students a carefully prescribed system of due process. Rather than expounding a generalized abstract definition of academic freedom, this report provides an operational definition with concrete application of the concept of academic freedom for graduate students.

ARTICLE 1

Graduate Student Rights and Responsibilities at Michigan State University

1.1 Michigan State University is a community of scholars whose members include its faculty, staff, students, and administrators. The basic purposes of the University are the advancement, dissemination and application of knowledge. The most basic condition for the achievement of these purposes is freedom of expression and communication. Without this freedom, effective sifting and testing of ideas cease, and research, teaching, and learning are stifled. Knowledge is as broad and diverse as life itself, and the need for freedom is equally broad. Yet absolute freedom in all aspects of life means anarchy, just as absolute order means tyranny. Both anarchy and tyranny are antithetical to the purposes and necessities of the University. Therefore, the University always must strive to strike that balance between maximum freedom and necessary order which best promotes its basic purposes by providing the environment most conducive to the many faceted activities of instruction, research, and service.

1.2 Each right of an individual places a reciprocal duty upon others: the duty to permit the individual to exercise the right. The graduate student, as a member of the academic community, has both rights and duties. Within that community, the graduate student's most essential right is the right to learn. The University has a duty to provide for the graduate student those privileges, opportunities and protections which best promote the learning process in all its aspects. The graduate student also has duties to other members of the academic community, the most important of which is to refrain from interference with those rights of others which are equally essential to the purposes and processes of the University.

1.3 The University cherishes many values, modes of thought and standards of behavior that are better taught by example, persuasion, social pressure, and rewards than by the threat of penalties. Regulations governing the activities and conduct of graduate students individually or collectively should not be comprehensive codes of desirable conduct; rather, they should be limited to the prescription of procedures for meeting the practical, routine necessities of a complex community and to the prohibition or limitations of acts which cannot be tolerated because they seriously interfere with the basic purposes and processes of the academic community, or with rights essential to other members of the community.

1.4 The graduate student is not only a member of the academic community, but a citizen of the larger society, who retains those rights, protections and guarantees of fair treatment held by all citizens, and which the University may not deny. The enforcement of the graduate student's duties to the larger society is, however, the responsibility of the legal and judicial authorities duly establishes for that purpose.

Guidelines

1.5 To protect graduate student rights and to facilitate the definition of graduate student responsibilities at Michigan State University, the following guidelines shall apply to those stipulations and conditions by which graduate conduct is regulated, broadly referred to as "regulations" in the remainder of this Article.

1.5.1 All regulations shall seek the best possible reconciliation of the principles of maximum freedom and necessary order.

1.5.2 There shall be no regulation unless there is a demonstrable need which is reasonably related to the basic purposes and necessities of the University as stipulated herein.

1.5.3 To the maximum extent feasible, graduate students shall participate in formulating and revising regulations governing graduate student conduct.

1.5.4 All regulations governing graduate student conduct shall be made public in an appropriate manner.

1.5.5 Every regulation shall be as brief, clear and specific as possible.

1.5.6 Wherever rights conflict, regulations shall, to the maximum extent feasible, permit reasonable scope for each conflicting right by defining the circumstances of time, place and means appropriate to its exercise.

1.5.7 Regulations shall respect the free expression of ideas and shall encourage competition of ideas from diverse perspectives.

1.5.8 Procedures and penalties for the violation of regulations shall be designed for guidance or correction of behavior only.

1.5.9 Penalties shall be commensurate with the seriousness of the offense. Repeated violations may justify increasingly severe penalties.

1.5.10 There shall be clearly defined channels and procedures for the appeal and review of:

- a. The finding of guilt in an alleged violation of a regulation.
- b. The reasonableness, under the circumstances, of the penalty imposed for a specific violation.
- c. The substance of a regulation or administrative decision which is alleged to be inconsistent with the guidelines in this document.
- d. The lack of adherence to the applicable procedures in the adjudication.

1.5.11 Every regulation shall specify to whom it applies and whether responsibility for compliance lies with graduate students either individually or collectively.

1.6 Handbook of Regulations and Structures: A handbook of the University's current regulations and structures relating to student rights and responsibilities shall be made available to every member of the academic community.

ARTICLE 2

Academic Rights and Responsibilities for Graduate Students

2.1 Preamble

2.1.1 The freedom and effectiveness of the educational process depend upon the provision of appropriate conditions and opportunities for learning in an environment that is supportive of diversity among ideas, cultures, and student characteristics. The responsibility to secure, respect and protect such opportunities and conditions is shared by all members of the academic community. The primacy of the faculty's role and its unquestionable centrality in the educational process must be recognized and preserved. The primary intellectual purpose of the University — its intellectual content and integrity — is the responsibility of the faculty.

2.1.2 The establishment and maintenance of the proper relationship between instructor and student are fundamental to the University's function, and require both instructor and student to recognize the rights and responsibilities which derive from it. The relationship between instructor and student as individuals should be founded on mutual respect and understanding together with shared dedication to the educational process.

2.2 Role of the Faculty in the Instructional Process

2.2.1 No provision for the rights of graduate students can be valid which suspends the rights of the faculty. The graduate student's right to competent instruction must be reconciled with the rights of the faculty, consistent with the principle that the competency of a professional can be rightly judged only by professionals. It is therefore acknowledged and mandated that competence of instruction shall be judged by the faculty.

2.2.2 Teaching units shall provide appropriate and clearly defined channels for the receipt and consideration of graduate student complaints concerning instruction. In no instance shall the competence of instruction form the basis of an adversarial proceeding before any of the judicial bodies established in this document.

2.2.3 Faculty shall have authority and responsibility for academic policy and practices in areas such as degree eligibility and requirements, course content and grading, classroom procedure, and standards of professional behavior in accordance with the *Bylaws for Academic Governance*, the *Code of Teaching Responsibility*, and other documents on faculty rights and responsibilities.

2.2.4 No hearing board established under this document shall direct a change in the evaluation of a graduate student which represents a course instructor's or guidance committee's good faith judgment of the graduate student's performance. In the event that an evaluation is determined to be based on inappropriate or irrelevant factors, the dean of the college shall cause the student's performance to be reassessed and good faith evaluation established. (See also Sections 2.3.10, 2.4.8, and Article 5.)

2.3 Rights and Responsibilities of the Graduate Student

2.3.1 The graduate student has a right to be governed by educationally justifiable academic regulations and professional standards.

2.3.2 In all areas of graduate education pertaining to academic rights and responsibilities, there shall be no discrimination on the basis of race, color, creed, gender, national origin, political persuasion, sexual preference, marital status, handicap, or age.

2.3.3 The graduate student has a right to accurate, timely, and clearly stated information concerning general academic requirements for establishing and maintaining an acceptable academic standing, the graduate student's academic relationship with the University and the details of any special conditions which may apply. Requirements for the student's academic program shall be made known by the administering unit at the time of the student's first enrollment. Graduate students are responsible for informing themselves of University, college, department, and school requirements as stated in unit publications and in the University catalog. In planning to meet such requirements, students are responsible for consulting with their academic advisers and guidance committees.

2.3.4 The graduate student, regardless of degree program, has a right to the best advice the unit can provide concerning program planning, research, professional expectations, selection of courses and professors, and general degree requirements.

2.3.5 Units shall maintain records for their graduate students, specifying and/or containing degree requirements, course waivers and substitutions, program changes, and other stipulations directly affecting their degree programs. Graduate students shall be provided access to and/or a copy of these records upon request.

2.3.6 The graduate student shall be free to take reasoned exception to information and views offered in the classroom, and to reserve judgment about matters of opinion, without fear of penalty.

2.3.7 Graduate students and faculty have a responsibility to maintain at all times the kind of classroom decorum and collegial atmosphere which insures that the process of teaching and learning can take place.

2.3.8 The graduate student shares with the faculty the responsibility for maintaining the integrity of scholarship, grades, and professional standards.

2.3.9 The graduate student is responsible for learning the content of a course of study according to standards of performance established by the faculty and for adhering to standards of professional behavior established by the faculty.

2.3.10 The graduate student has a right to academic evaluations which represent good faith judgments of performance by course instructors and guidance committees. Course grades shall represent the instructor's professional and objective evaluation of the graduate student's academic performance. The graduate student shall have the right to know all course requirements, including grading criteria, and procedures at the beginning of the course. Procedural guidelines are included in *The Code of Teaching Responsibility*.

2.3.11 The graduate student has a right to protection against improper disclosure of information concerning academic performance and personal characteristics such as values, beliefs, organizational affiliations, and health. (See also Article 3.)

2.3.12 The graduate student has a right to scholarly relationships with faculty based on mutual trust and civility.

2.3.13 The graduate student has a right to be protected from personal exploitation and to receive recognition for scholarly assistance to faculty.

2.4 Academic Programming.

2.4.1 The department/school is responsible for informing all incoming master's candidates of program requirements and procedures.

2.4.2 Guidance Committee. It shall be the responsibility of each graduate student admitted to a doctoral program, to a Diploma for Advanced Graduate Study program, or to a master's program that requires a guidance committee, to form a guidance committee with the concurrence of the unit chairperson/director or designated representative. Composition of the guidance committee will be in accord with University, college, and department/school guidelines. In the event that a student is unable to form a guidance committee, it shall be the responsibility of the unit chairperson/director to intervene with the faculty of the unit in order to resolve the problem.

2.4.2.1 For graduate students in doctoral programs and Diploma for Advanced Graduate Study programs, the guidance committee shall be formed within the first three terms of doctoral study, or within three terms beyond the master's degree or its equivalent. Within one term after the committee is formed, the chairperson of the guidance committee shall file a guidance committee report with the dean of the college, listing all degree requirements. A copy of this guidance committee report shall also be given to the graduate student. This guidance committee report, as changed or amended in full consultation between the graduate student and the committee, and approved by the appropriate department chairperson or school director and the dean of the college, shall be regarded as the statement of program requirements. The program will not be considered binding unless signed by the student.

2.4.2.2 Once designated, the guidance committee has the responsibility to meet periodically to oversee the graduate student's progress as long as the graduate student continues in good standing. Any desired or required changes in the membership of the guidance committee may be made by the graduate student with the concurrence of the unit chairperson/director or designated representative or by the unit with the concurrence of the graduate student in accordance with University, college, and unit policy. The guidance committee, with the concurrence of the graduate student, may form a dissertation committee to supersede or supplement the guidance committee. Committee or dissertation chairpersons on leave shall provide for the necessary guidance of their advisees during their absence.

2.4.3 Residency. Academic residency requirements and residency fee policies shall be made known to the graduate student at the time of admission.

2.4.4 Time Limits. The time limitations for candidates seeking advanced degrees shall be made known to the graduate student at the time of first enrollment. Application for extension shall be submitted to the department/school and transmitted for approval by the dean of the college.

2.4.5 Program Changes. Each department/school shall establish procedures for altering individual graduate programs that have been approved in accord with the provisions of Section 2.4.2.1. Graduate students shall be involved in developing such procedures. (See also Section 6.1.1)

2.4.6 Dissertation and Thesis. The nature and scope of the doctoral dissertation and master's thesis (or its equivalent) shall be defined by the department/school or college and the guidance or dissertation committee according to the professional and scholarly research standards of the discipline. The department/school or college shall specify in advance the acceptable style and form of the dissertation or thesis in accordance with *The Graduate School Guide to the Preparation of Master's Theses and Doctoral Dissertations*.

2.4.6.1 Standards for typing, duplication or reproduction and binding of dissertations and theses, as well as the stipulations covering abstracts, number of copies, dates and deadlines for acceptance, and regulations for microfilming and publication shall be established and published by The Graduate School.

2.4.7 Code of Professional Standards. Each department/school and college shall communicate to graduate students, at the time of their first enrollment in a degree program or in a course in the unit, any specific codes of professional and academic standards covering the conduct expected of them.

2.4.8 Evaluation. Graduate students have a right to periodic evaluation as a measure of their academic progress, performance, and professional potential. Evaluation of graduate students shall be made only by persons who are qualified to make that evaluation. Written descriptions of unit/program methods of evaluation and the general rationale employed shall be provided to graduate students and the faculty. Written evaluations shall be communicated to the graduate student at least once a year, and a copy of such evaluations shall be placed in the graduate student's file. (See also Section 2.5.2.4)

2.4.8.1 When determination is made that a graduate student's progress or performance is unsatisfactory, the student shall be notified.

2.4.8.2 If a graduate student's status in a program is in jeopardy, the graduate student shall be informed in writing, and a copy of the notice shall be placed in the student's file.

2.4.9 Terminations and Withdrawals. Each department/school and college shall establish criteria for the termination or withdrawal of graduate students enrolled in its graduate programs. Such criteria shall be published and made available to graduate students at the time they first begin their graduate programs. Should a decision to terminate a graduate student be made, the affected graduate student shall be notified in writing. All information regarding the decision is to be held in strict confidence between the student and faculty with responsibility for the student; release may be only with the written consent of the graduate student involved unless the decision becomes the substance for a grievance procedure, in which case such information shall be released to the grievance committee. The same privacy is to be accorded the reasons for a graduate student's temporary or permanent withdrawal from the University.

Should a decision to terminate be held in abeyance, pending completion of the stipulated conditions, these conditions must be communicated in writing to the student.

2.5 Educational Training of Graduate Students in Teaching Roles

2.5.1 Units are responsible for establishing orientation and in-service training programs for all graduate students in teaching roles. Such programs shall include an introduction to course goals, grading criteria and practice, and classroom procedures as well as periodic classroom visitation. The graduate student in a teaching role is held responsible for full and active participation in all such programs.

2.5.2 Graduate students who are involved in teaching roles are expected to fulfill effectively their assigned responsibilities at a high level of performance. To gain feedback for monitoring and increasing their teaching effectiveness, such graduate students shall use, where applicable, confidential instructional rating reports in each course that they teach. These reports shall be submitted to the unit in accordance with the stated policy of the Academic Council.

2.5.2.1 The coordinator of each course staffed by graduate students in teaching roles shall submit each term to the unit administrator or to the appropriate unit committee a formal written evaluation of each of the graduate students in teaching roles. After notifying the graduate student, appropriate members of the department/school should visit and observe the student's teaching in the instructional setting, and information from these visits and observations should be used in the evaluation.

2.5.2.2 The graduate student instructional rating reports (or summaries thereof), formal written evaluations, and any supplementary information shall be placed in a confidential file for use by the student and by faculty members in accordance with 2.5.2.3. This material shall remain on active file until the graduate student's teaching role is terminated, after which a copy of the file becomes the graduate student's personal property upon request.

2.5.2.3 Evaluation material described in 2.5.2.2 may be used in overall evaluations and in determining such matters as renewal of assistantships, teaching assignments, recommendations, and the need for further training.

2.5.2.4 An evaluation of teaching shall be given to the graduate student who has a teaching role at least once each year. (See also 2.4.8.)

ARTICLE 3

ARTICLE 4

Graduate Student Support

4.1 Classes of Support

4.1.1 Students receiving support through the University fall primarily into three classes:

- (a) graduate assistants
- (b) University employees
- (c) fellowship, scholarships and grant recipients

4.2 Graduate Assistants

4.2.1 Graduate assistants are graduate students currently enrolled in degree programs who are appointed through established University procedures and according to University policy governing graduate assistantships. Duties assigned to graduate assistants may include (but not be limited to) classroom instruction, student advising, writing supervision, reading of papers and examinations, and research. The responsibilities delegated to a graduate assistant must be performed under the supervision of an appropriate faculty member or administrator.

4.2.2 With the participation of graduate student representatives, each unit appointing graduate assistants shall develop policies and make available current information covering, but not limited to, the following:

- (a) criteria for selecting new graduate assistants
- (b) criteria for renewing and/or continuing graduate assistantships
- (c) stipends (see 4.2.4)
- (d) stipend advancement and promotion
- (e) tax status of stipends (according to IRS policy)
- (f) procedures for evaluating performance (see also 2.5.2-2.5.2.4)
- (g) length of term of appointment, including continuance and renewal of graduate assistantships
- (h) work load, duties, and vacation schedules
- (i) grievance procedures

4.2.3 By March 31st of each calendar year, units shall advise each graduate assistant in writing of one (or more) of the following: (a) that the assistantship will be renewed for the following academic year; (b) that the assistantship will be renewed provided the assistant is able to meet certain specified conditions; (c) that the assistantship will be renewed provided the unit is able to meet certain specified conditions; (d) that the assistantship will not be renewed for the following academic year. If the assistantship is not renewed, the reasons shall be indicated. Evaluative judgments about students should be communicated in accordance with guidelines in 2.4.8. (See all Sections 2.5.2-2.5.2.4.)

4.2.4 The Office of the Provost shall establish a campus-wide policy for graduate assistant stipends, taking into account (a) the amount of stipend adequate in relation to the current cost of living, (b) the need to be competitive with other universities, and (c) the availability of resources for graduate assistant stipends. (The Office of the Provost shall consult with the Dean of The Graduate School and the University Graduate Council on graduate assistant stipend levels.)

4.2.5 Graduate assistants are entitled to all benefits normally accorded to full-time graduate students, except as specified under policies established in accordance with 4.2.7.

4.2.6 All graduate assistants are entitled to such clerical-secretarial help and supplies as are commensurate with their assigned responsibilities and the resources of the unit.

4.2.7 The Office of the Provost and the Office of the Vice President for Finance and Operations, in consultation with the Dean of The Graduate School and the University Graduate Council and other appropriate, duly authorized authorities, shall review and publish policies for graduate assistants relating to (a) sick leave, (b) parking privileges, (c) bus privileges, (d) travel off campus, (e) insurance, and (f) health care.

4.2.8 Within the constraints of their training, experience and responsibilities, graduate assistants have a right to the same professional respect as that accorded to regular faculty.

4.3 University-Employed Graduate Students

4.3.1 The following articles are intended to cover all graduate students who are not formally designated as graduate assistants but are employed by the University.

4.3.2 The University's student employment office shall publish annually minimum and maximum salaries and hourly wages for University-employed graduate students. This office shall have the authority to approve unit requests for all payments above the established maximums.

4.3.3 The University shall not deny a regular employee's fringe benefits solely because the person is also registered as a student.

4.3.4 Working hours shall not be adjusted in such a way as to deprive graduate student employees of fringe benefits they would otherwise be entitled to without the consent of the graduate student(s) involved.

4.3.5 University employees who are pursuing graduate study are bound by collective bargaining agreements or other applicable University personnel policies and agreements.

4.3.6 Employment-related grievances of graduate students employed in non-academic positions should be filed with the employing units under their respective procedures.

4.4 Fellowship, Scholarship and Grant Recipients

4.4.1 A graduate student supported by a fellowship, scholarship, or grant shall have a right to such information as (a) the responsibilities and performance required for retention of support, (b) the privileges and status associated with support, and (c) grievance procedures.

4.5 University Policies Relating to Graduate Student Support Recipients

4.5.1 Michigan State University and all of its units are Affirmative Action/Equal Opportunity Employers. Therefore, (a) discrimination on the basis of race, color, creed, gender, national origin, political persuasion, sexual preference, marital status, handicap or age is expressly prohibited; (b) employment appointment policies shall be consistent with anti-discrimination policies of Michigan State University.

4.5.2 Graduate students shall be informed of all employment policies when a position is tendered.

4.5.3 The University retains the right to demote, suspend, terminate or otherwise discipline graduate students receiving support through the University for cause and for failure to meet their responsibilities. The University also retains the right to terminate a graduate student's participation in an academic program, which in turn may terminate the graduate student's assistantship or other support. Graduate students who believe they have a grievance under this article may utilize the judicial procedures outlined in Article 5.

4.5.3.1 In cases where the graduate student contends that the action of the University may cause irreparable harm, the graduate student may appeal to the appropriate judiciary for an expedited hearing.

ARTICLE 5

Adjudication of Cases Involving Graduate Student Rights and Responsibilities

5.1 Judicial Structure

5.1.1 To promote effective functioning of the system of graduate student rights and responsibilities, an appropriate judicial structure and process shall be established for hearing and adjudicating all cases brought by and against graduate students in the following areas:

- (a) Academic Rights and Responsibilities
- (b) Professional Rights and Duties of Graduate Assistants
- (c) Professional Rights and Duties of other Graduate Students

5.1.2 Department/School Level. Adjudication necessitated on the department/school level may be handled informally or, at the request of a party or parties, formally through a department/school hearing board. The hearing board shall be composed of the unit administrator or designee and equal numbers of faculty and graduate students selected by their respective groups in accordance with the department/school bylaws. If the unit administrator is involved in the case, neither the unit administrator nor the designee may serve on the hearing board.

5.1.3 College Graduate Hearing Board. Each college shall establish a judiciary composed of the chair of the college graduate committee or designee and equal numbers of faculty and graduate students selected by their respective groups in accordance with college bylaws.

5.1.4 University Graduate Judiciary. A judiciary shall be established at the University level composed of the Dean of The Graduate School or designee, who shall serve as chairperson, three elected faculty members of the University Graduate Council, and three graduate students chosen by the all-University Graduate Student Governing Body.

5.1.5 Each hearing board or judiciary shall be chaired by a member who has faculty rank and shall provide a suitable number of alternate members chosen in accordance with the procedures established above.

5.1.6 Term of Office. Hearing board or judiciary members at all levels shall be selected in the fall of the year and shall serve one year. The one-year term shall not preclude reappointment of any member the following year.

5.1.7 Members of a judiciary involved or possessing other conflicts of interest in a case at issue shall be disqualified from sitting on the judiciary for that specific case.

5.2 Jurisdiction of Alleged Violations (other than grievances).

5.2.1 Except as specified in this document (particularly in Section 5.1), alleged violations of student group regulations, general student regulations or All-University policies as they apply to all students (undergraduate, graduate, graduate-professional) will be referred to the appropriate judiciary as outlined in the *Academic Freedom for Students at Michigan State University*.

5.3 Redress of Grievances

5.3.1 With respect to allegations of violation(s) by or against a graduate student in the areas cited in Section 5.1, where possible, a grievant is encouraged to seek resolution and redress informally with the appropriate individual(s).

5.3.2 If problems arise in the relationship between instructor and student, both should attempt to resolve them in informal, direct discussions. If the problem remains unresolved, then the unit administrator and/or the Ombudsman should be consulted. If still aggrieved, a student may then submit a formal, written grievance for consideration by an appropriate hearing board. The formal grievance alleging violations of academic rights must include a proposed remedy which could be implemented by a responsible administrator.

5.3.3 The University undertakes, within the limits of its resources and the limits imposed by due respect for the professional rights of the faculty, to supply an appropriate remedy for legitimate student grievances. (The limits of the University's resources proceed from factors that, while subject to its influence, are not always subject to its control.)

5.3.4 To overcome the presumption of good faith in course instructors' and graduate committees' judgments of performance, grievances concerning academic evaluations must demonstrate that an evaluation was based entirely or in part upon factors that are inappropriate or irrelevant to academic performance and applicable professional standards. (See Sections 2.2 as well as 2.3.11 and 2.4.8.)

5.3.5 Any member of the academic community of Michigan State University may initiate a grievance involving the rights and responsibilities of graduate students. Grievances alleging violation of the academic rights of an undergraduate student by a graduate student shall be heard by the unit level judiciaries outlined in the *Academic Freedom for Students at Michigan State University*.

5.3.6 In submitting a formal grievance to an appropriate hearing board (see Section 5.3.6.2) alleging violation(s) by or against a graduate student in the areas cited in Section 5.1, a grievant must submit a written, signed statement that specifies in sufficient particularity to justify proceedings the point(s) forming the basis of the grievance, the person(s) and/or unit(s) against whom/which the grievance is filed, and the redress that is sought.

5.3.6.1 Grievances must normally be initiated no later than mid-term of the quarter following the one wherein the alleged violation occurred (exclusive of summer term). If the involved instructor or student is absent from the University during that quarter, or if other appropriate reasons exist, an exception to this provision may be granted by the appropriate Hearing Board. If, before the formal grievance procedures are completed, the involved instructor is no longer employed by the University, the grievance process may nevertheless proceed.

5.3.6.2 Student grievances alleging violation of academic and professional rights must be initiated at the lowest administrative level feasible; normally, the department/school. With the approval of the college dean, departments/schools may waive jurisdiction and refer grievances to the college hearing board.

5.4 Judicial Procedures

5.4.1 Hearing boards shall establish their own procedures in a manner consistent with this document. A copy of procedures adopted by each unit shall be filed with the Office of the Ombudsman and with the office of the Dean of The Graduate School.

5.4.2 Procedures for the adjudication of grievances must proceed in a timely manner.

5.4.3 Upon receipt of a formal grievance, the chairperson of the hearing board shall transmit a copy of the grievance within ten (10) class days to the hearing board members and to the person or persons party to the matter.

5.4.4 In urgent cases in which it is alleged that a regulation, administrative decision or action threatens immediate and irreparable damage to any of the parties involved, the hearing board or judiciary shall expedite the hearing and final disposition of the case.

5.4.5 A hearing board or judiciary is empowered to act on a request to direct an individual or unit to discontinue or postpone an administrative decision or action that threatens immediate and irreparable damage to any of the parties involved pending final disposition of the case. The hearing board or judiciary shall expedite the hearing and final disposition of this urgent case.

5.4.6 A department/school or college hearing board shall review each hearing request for jurisdiction and judicial merit and may then forward a copy of the request to the appropriate individual(s) and invite a written response. After considering all submitted information, the board may:

- a. Accept the request, in full or in part, and proceed to schedule a hearing.
- b. Reject the request and provide an appropriate explanation.
- c. Invite all parties to meet with the board for an informal discussion of the issues. Such a discussion shall not preclude a later hearing.

5.4.7 Notice of Hearing. At least three (3) class days prior to a formal hearing, both the respondent and the complainant shall be entitled to a written notification of hearing from the appropriate hearing body. This notice of hearing shall state:

- a. The nature of the issues, charges and/or conflicts to be heard with sufficient particularity to enable both the respondent and the complainant to prepare their respective cases.
- b. The time and place of the hearing.
- c. The body adjudicating the case.
- d. The names of the respondent and complainant.
- e. The name(s) of any potential witnesses.

5.4.8 Either the complainant or the respondent may request, with cause, a postponement prior to the scheduled time of a hearing. The hearing board may grant or deny such a request.

5.4.9 Both the respondent and the complainant shall be expected to appear at the hearing and present their cases to the judiciary.

- a. Should the complainant fail to appear, the judiciary may either postpone the hearing or dismiss the case.
- b. Should the respondent fail to appear, the judiciary may either postpone the hearing or, only in unusual circumstances, hear the case in his or her absence.
- c. The judiciary may accept written statements from a party to the hearing in lieu of a personal appearance, but only in unusual circumstances. Such written statements must be submitted to the judiciary at least one (1) day prior to the scheduled hearing.

5.4.10 Hearing boards shall ensure that a collegial atmosphere prevails in grievance hearings. Involvement of counsel should normally not be required. When present, counsel shall be limited to a member of the student body, faculty, or staff of the University.¹

5.4.10.1 During the hearing, parties to a grievance shall have an opportunity to state their cases, present evidence, designate witnesses, ask questions, and present a rebuttal.

5.4.11 The hearing board shall prepare a written report of findings and rationale for the decision and shall forward copies to the parties involved, to the responsible administrator(s), to the Ombudsman, and to the Dean of The Graduate School. The report shall indicate the major elements of evidence, or lack thereof, which support the hearing board's decision. All recipients are expected to respect the confidentiality of this report. When a hearing board finds that a violation of academic rights has occurred and that redress is possible, it shall direct the responsible administrator to provide redress. The administrator, in consultation with the hearing board, shall implement an appropriate remedy.

5.4.12 Appeals. The decision of the original hearing board may be appealed by either party to a grievance only to the next level hearing board. If the original hearing was by a department/school hearing board, the appeal shall be made to the college hearing board. If the original hearing was by a college hearing board, the appeal should be made to the University Graduate Judiciary.

5.4.12.1 Appeals must allege either that applicable procedures for adjudicating the case were not followed in the previous hearing or that the findings of the hearing board were not supported by the preponderance of the evidence. (Presentation of new evidence will normally be inappropriate at an appeal hearing.)

5.4.12.2 All appeals must be written and signed and must specify the alleged defects in the previous adjudication(s) in sufficient particularity to justify further proceedings. The appeal must also specify the redress that is sought.

5.4.12.3 Appeals must be filed within ten (10) class days following a notice of a decision. The original decision shall be held in abeyance while under appeal.

5.4.12.4 An appellate board (i.e., a college hearing board or the University Graduate Judiciary) shall review each appeal request and may then forward a copy of the request to the appropriate individual(s) and invite a written response. After considering all submitted information, the appellate board may

- a. decide that sufficient reasons for an appeal do not exist and that the decision of the lower hearing body shall stand;

- b. direct the lower hearing body to rehear the case or to reconsider or clarify its decision; or

- c. decide that sufficient reasons exist for an appeal and accept the request, in full or in part, and proceed to schedule an appeal hearing.

5.4.12.4.1 Following an appeal hearing, an appellate board may affirm, reverse, or modify the decision of the lower hearing body.

5.4.13 Reconsideration. Each judiciary or hearing board shall make provision to allow the parties to a grievance to request reconsideration of a case within sixty (60) days if it is determined that new evidence has arisen. An exception to the time provision may be granted by the appropriate judiciary or hearing board.

5.5 Academic Dismissal and Academic Disciplinary Cases

5.5.1 When sanctions other than or in addition to a penalty grade are involved, the college hearing board has original jurisdiction, and the University Graduate Judiciary has appellate jurisdiction over academic dismissals and disciplinary cases against graduate students relating to academic dishonesty, violations of professional standards, or falsification of admission or academic records.

5.5.2 A student who receives a penalty grade based upon a charge of academic dishonesty and who is not referred for judicial action may seek a hearing from a department/school hearing board. In such a hearing, the burden of proof shall rest upon the instructor whose prior assignment of the penalty grade will constitute a charge of academic dishonesty. The college hearing board shall proceed in compliance with applicable University and/or unit academic legislation on the integrity of scholarship, grades, and professional standards; and the procedural and appeal provisions of this document shall apply.

5.5.2.1 After hearing a case involving academic dismissal, dishonesty, professional standards, or falsification of admission or academic records, the college hearing board shall decide whether action is supported by the preponderance of evidence. If the finding is that disciplinary action is not warranted, the graduate student may challenge a penalty grade received in the case through the department/school and college hearing boards. If disciplinary action in addition to any penalty grade which has been assessed is supported by the preponderance of evidence, the hearing board may select from the following sanctions:

a. Sanctions in academic disciplinary cases:

- (1) **Warning.** An official written statement expressing disapproval of acts committed.

¹ Permission may be granted to the respondent to be accompanied by an attorney if there are criminal charges pending. If the respondent is charged with a sex offense, the complainant may also have an attorney present.

- (2) **Warning Probation.** A probation indicating that further violations of regulations will result in more severe disciplinary action. This probation will be imposed for a specific period of time; and provided no further violations have occurred, the graduate student shall be automatically removed from probation when the imposed period expires. This probation may be accompanied by a requirement that restitution be made for University property damages or losses resulting from acts committed, or other requirements or special conditions as deemed appropriate.
- (3) **Disciplinary Probation.** A period of time specified for observing and evaluating a graduate student's conduct, with or without special conditions, including a written reprimand, and indicating that (a) further violations while on probation may result in more severe disciplinary action including suspension, or (b) further violation while on probation of regulations of similar or greater severity will result in suspension. This probation will be imposed for a specific period of time; and, provided no further violations have occurred, the graduate student shall automatically be removed from probation when the imposed period expires.
- (4) **Suspension.** A suspension from the University may be for a specified period of time, in which case the graduate student is eligible to apply for readmission at the end of the stated period of time; or it may be a conditional suspension, in which case the graduate student must demonstrate that he/she has fulfilled stated conditions prior to applying for readmission. A recommendation of suspension must be reviewed by the Dean of The Graduate School and the Provost who may affirm the decision or direct other appropriate redress in consultation with the hearing body.
- (5) **Other:** Other action deemed appropriate to a specific case.

b. Sanctions in academic dismissal cases:

- (1) Academic dismissal does not imply future readmission, nor does it mean that the person is forever barred from enrollment at Michigan State University. After a period of at least a year, and usually a minimum of two years, a student dismissed for academic reasons may apply for readmission. The applicant must be prepared to submit evidence indicative of capacity to perform graduate level work. Declarations of good intentions are not sufficient. Each application will be considered on its merits. If the student has attended another institution while on dismissal, an official transcript must be submitted.

5.6 The University Graduate Judiciary is the final hearing body within the judicial structure related to graduate academic rights and responsibilities.

5.6.1 The University Graduate Judiciary shall have available to it the full range of decisions provided to hearing boards through this document. In addition; the University Graduate Judiciary may make whatever recommendations it may consider appropriate to specific cases. When the Judiciary finds that a violation of academic rights has occurred and that redress is possible, the Judiciary shall direct the responsible administrator to provide redress. The administrator, in consultation with the University Graduate Judiciary, shall implement an appropriate remedy.

ARTICLE 6

Academic Governance

6.1 Graduate students shall participate in academic governance at the department, school, college, and University levels.

6.1.1 At the department/school level, graduate student participation in the policy-making process shall include, but not necessarily be limited to, the following:

- Graduate curriculum and degree requirements.
- Graduate financial aids and awards.
- Graduate admissions criteria.

6.1.1.1 Graduate student representatives shall participate as voting members on departmental/school committees relating to the policy-making process.

6.1.2 At the college level, graduate student participation shall include voting membership on those committees directly concerned with graduate student affairs.

6.1.2.1 The dean's advisory committee, or its equivalent, in consultation with graduate student representatives of the various departments/schools, shall determine which college level committees are directly concerned with graduate student affairs.

6.1.3 At the University level, graduate students shall be selected and shall have voting membership on the University Graduate Council, Academic Council and other such committees as specified by the *Bylaws for Academic Governance*.

A proposed amendment or revision that is rejected by the Academic Council shall be returned to the University Graduate Council and to the all-University graduate student governing body along with a written explanation for the rejection. This explanation may include suggestions for alteration of the proposal. A proposed amendment or revision that is approved by the Academic Council shall be forwarded to the President who shall present it to the Board of Trustees according to existing practices of Academic Council for such transmittal.

7.5 The Board of Trustees shall review all amendments and revisions and may approve the proposal, at which time it shall become operative, or reject the proposal and return it to the Academic Council with an explanation.

Types of Rules

The University has established several types of rules which govern the conduct of students and organized student groups, and which are described below.

University Ordinances:

- a. Apply to all individuals—students, employees, visitors on campus.
- b. Final approval by the Board of Trustees.
- c. Enforced by the Department of Police and Public Safety with the support of students, faculty, and administrative personnel.
- d. Adjudicated through criminal court proceedings in the same manner as city ordinances or state laws.

(Although this book contains only selected ordinances, everyone is expected to comply with all University ordinances, which are available for reference at the Information Desk, Main Library, or at

<http://www.msu.edu/dig/DOCUMENTS/ordinance95.html>)

General Student Regulations:

- a. Apply to the conduct of all registered students and organizations.
- b. Final approval by the University president.
- c. Enforced by all students, faculty, and administrative personnel, with support of the Department of Police and Public Safety.
- d. Adjudicated through University judicial procedures.

Student Group Regulations:

- a. Apply to those students specified in the regulation.
- b. Final approval by the Vice President for Student Affairs and Services.
- c. Enforced by students, faculty, and administrative personnel.
- d. Adjudicated through University judicial procedures.

Administrative Rulings:

- a. Apply to those specified in the ruling.
- b. Adopted by various offices of the University for implementing delegated administrative responsibility, usually after consultation with student-faculty advisory committees.
- c. Enforced by administrative personnel in the respective offices, supported by students and faculty.
- d. Adjudicated through administrative action.

All-University Policies:

- a. Apply to those specified in the policy.
- b. Final approval by the Board of Trustees for carrying out major University responsibilities.
- c. Enforced by students, faculty, and administrative personnel.
- d. Adjudicated through administrative action, University judicial procedures, or as provided in the policy.

In general, all-University policies and administrative rulings apply only to those individuals registered as students. Some, however, also apply to University employees. Where such is the case, mention is made of the fact immediately before the text of the policy or ruling.

Additional Regulations

Students are, of course, expected to live in accordance with local, state, and national laws. The enforcement of such laws is the responsibility of the legal and judicial authorities duly established for that purpose. Conduct alleged to have violated both law and University regulations may be handled concurrently through the courts and University disciplinary proceedings. The complainant may choose whether to file criminal charges and/or an internal judicial complaint.

Arrangement of this section

The regulations which follow are arranged so as to list the General Student Regulations, Residence Hall Regulations and University Apartments Regulations first. All other regulations follow, arranged alphabetically by title. Each regulation includes, besides the text, an identification of type; a citation of approving agencies and date of final approval or most recent amendment; and a cross reference to other regulations on the same topic where applicable.

Note: All regulations, policies, administrative rulings and ordinances are subject to change. For the most current information, please consult the Spartan Life web site, <http://www.vps.msu.edu/SpLife/index.htm>

ACADEMIC HONESTY

Academic honesty is central to the educational process and acts of academic dishonesty are serious offenses within the University community. Suspension from the University could be the consequence for acts of academic dishonesty.

Students should be familiar with General Student Regulation 1.00 on Scholarship and Grades (see next page), and with the all-University policy on Integrity of Scholarship and Grades, also printed in Part III of this book. In addition, it is important that students clearly understand the specific expectations of their individual instructors with regard to this important matter. The process for adjudicating cases of academic dishonesty is outlined in Section 2.4 of *Academic Freedom for Students at Michigan State University*.

General Student Regulations

Introduction

General student regulations shall be those regulations established within the University community (students, trustees, administrators, faculty, and staff) to secure the safety of members of the University community and University facilities, maintain order, and ensure the successful operation of the institution. Such regulations shall apply to all students regardless of class level, place of residence, or group affiliation as well as to all governing bodies, governing groups, living groups, and registered student organizations (5.2.1 *Academic Freedom for Students at Michigan State University*).

The regulations apply to students and student groups while on the land governed by the Board of Trustees of Michigan State University or when students or student groups are engaged in University-sponsored or student group-sponsored (student governing groups and registered student organizations) activities off campus. The regulations relating to scholarship and grades, University functions and services, and University property, however, apply without reference to where the activity occurs. Because technology is constantly changing teaching, learning, and administrative processes, it is understood that the general principles which govern these regulations should be extended to apply to new and unanticipated situations.

Any member of the University community may file a complaint involving the alleged violation of these regulations by a student or student group. The University through its internal judicial system shall maintain jurisdiction over these regulations and conduct hearings in accordance with established University procedures. In the application of the regulations, it is intended that one be held accountable for conduct which fails to meet the standard of what a reasonable and prudent person would or would not have done under similar circumstances.

1.00 PROTECTION OF SCHOLARSHIP AND GRADES

The principles of truth and honesty are fundamental to the educational process and the academic integrity of the University; therefore, no student shall:

- 1.01 claim or submit the academic work of another as one's own.
- 1.02 procure, provide, accept or use any materials containing questions or answers to any examination or assignment without proper authorization.
- 1.03 complete or attempt to complete any assignment or examination for another individual without proper authorization.
- 1.04 allow any examination or assignment to be completed for oneself, in part or in total, by another without proper authorization.

- 1.05 alter, tamper with, appropriate, destroy or otherwise interfere with the research, resources, or other academic work of another person.

- 1.06 fabricate or falsify data or results.

(See also: *Integrity of Scholarship and Grades.*)

2.00 PROTECTION OF INDIVIDUALS

Physical security and an environment free of harassment are necessary for individuals if they are to successfully pursue their educational endeavors and fulfill responsibilities; therefore, no student shall:

- 2.01 cause or threaten physical harm to another, or endanger the physical safety of another.
- 2.02 continuously or persistently intimidate another individual so as to coerce that individual into some action or avoidance of action.
- 2.03 possess or use any firearms, explosive materials, incendiary device or other dangerous objects or substance without proper University authorization.
- 2.04 obstruct or disrupt the activities or functions of another individual as protected by law, ordinance, regulation, or policy.

- 2.07 possess, consume, furnish, manufacture, sell, exchange or otherwise distribute any alcoholic beverages except as permitted by state law and University ordinance.

- 3.01 obstruct or disrupt the activities or functions of a group as protected by law, ordinance, regulation, or policy.

4.00 PROTECTION OF PROPERTY

It is important that the property of individuals, student groups, and the University be protected if the University and the members of the academic community are to engage in their activities and to effectively discharge their responsibilities; therefore, no student shall:

- 4.01** damage, deface, or destroy the property of another person or the University.
- 4.02** tamper with or misuse University fire or safety equipment, including, but not necessarily limited to, fire extinguishers, fire hoses, and alarm systems.
- 4.03** copy, appropriate or use the property of another without proper authorization.

- 4.08** place posters, signs, or handbills except on one's own personal property or in areas authorized by the University.

(See also: *Bicycles-Illegal Taking; Closing Hours; Distribution of Literature; Facilities and Services; Plant Materials; Residence Regulations 4.0, 6.0 and 7.0; Residence Hall Room Entry; Signs.*)

5.00 PROTECTION OF UNIVERSITY FUNCTIONS AND SERVICES

Functions, services, and processes of the University must be protected if the institution is to be effective in discharging its responsibilities; therefore, no student shall:

- 5.01** provide false information for the purpose of gaining benefit for oneself or others to any office, agency, or individual acting on behalf of the University.
- 5.02** interfere with the functions and services of the University (for example, including, but not limited to, classes, social, cultural, and athletic events, computing services, registration, housing and food services,

governance meetings and judicial hearings) such that the function or service is obstructed or disrupted.

- 5.03** alter or forge any University document and/or record, including identification materials, issued or used by the University.
- 5.04** allow any University document and/or record, including identification materials, issued by the University for one's own use to be used by another.
- 5.05** use any University document and/or record for other than its authorized purpose, including identification materials issued to another.
- 5.06** act as an agent of the University unless authorized to do so.

FIRE SAFETY

It is imperative that students residing in University housing be confident that their neighbors and visitors not engage in acts that will increase the likelihood of fire or loss of life from fire. Setting off explosives (including firecrackers) or setting a fire in University housing, or falsely pulling a fire alarm in residence halls may result in suspension from the University and prosecution under the law.

Students should be familiar with General Student Regulation 2.01, 2.03, and 4.02 and Section 2 of the Residence Hall Regulations—Undergraduate Halls, Owen Graduate Center, and University Apartments Community. The Process for adjudicating alleged violations of these regulations is outlined in Article 4 of *Academic Freedom for Students at Michigan State University*.

Residence Hall Bill of Rights—Undergraduate and Graduate Halls

(Student Group Regulation)

Each person, as a resident of Michigan State University residence halls, possesses certain individual rights and responsibilities which must be held in high regard. This document is intended to define minimal expectations of rights and responsibilities of hall residents, in actualizing their freedoms, without placing constraints upon such rights of other residents. Each individual has the right to engage in those physical, educational, and social pursuits that are a necessary part of his or her university life. However, these rights carry with them a reciprocal responsibility on the part of the individual to insure those same rights for other residents.

1. Primary rights of the individual include:

- a. The right to read and study free from undue interference in one's room: One of the basic purposes of the University is the dissemination and application of knowledge. Unreasonable noise and other distractions inhibit the exercise of this right.
- b. The right to sleep, the right to one's personal belongings, the right to free access to one's room and suite facilities, and the right to a clean environment in which to live: Optimum physical conditions are essential as they support and reinforce and provide for positive conditions in which to learn and live.
- c. The right for redress of grievances: If the academic and residence hall communities are to function in the most educationally profitable manner the right to initiate actions and referrals for impartial and fair adjudication of grievances is held paramount. In exercising this right, the student further holds the right to be free from fear of intimidation, physical and/or emotional harm, and without the imposition of sanctions apart from due process.

2. Subordinate rights of the individual are those which should be protected, but which should not infringe upon the reasonable exercise of the primary rights defined above. These subordinate rights include:

- a. The right to personal privacy: All persons should have freedom from interference with their personal activities, and should be able to maintain privacy for other than academic reasons.
- b. The right to host visitors: All persons should have the opportunity to maintain personal contacts and friendships with other persons to fulfill their needs for socialization. Visitors are to respect the above stated rights of hall residents and to adhere to all regulations.

Any abuse of these rights is subject to review and action according to the procedures given in *Academic Freedom for Students at Michigan State University*. However, processes

of mediation, involving students and hall staff, should also be considered as means for resolving conflicts.

Nothing in the Residence Hall Bill of Rights and/or its implementation shall deny any individual his or her basic rights guaranteed under the United States Constitution, nor deny other alternatives for redress of grievances that are available under the individual's status as a student and as a citizen of the State of Michigan.

Residence Hall Regulations—Undergraduate Halls

(Student Group Regulation)

The following regulations are established to govern the conduct of individuals living and visiting in residence halls. They shall apply to all students regardless of class level, place of residence, or group affiliation when they are in or around any residence hall.

1.0 Individual Responsibilities and Community Rights

The Residence Hall Bill of Rights provides a clear statement of each individual's rights within the residence hall community. These rights are best secured through clear statements of each individual's responsibilities.

- 1.1 No person shall cause or otherwise contribute to unreasonable noise in residence halls or areas immediately surrounding residence halls. (Unreasonable noise is that which interferes with, or has the potential for interfering with the legitimate rights of others.)
- 1.2 No person shall interfere with attempts of others to study.
- 1.3 No person shall interfere with attempts of others to sleep during reasonable and/or posted consideration hours.
- 1.4 No person shall interfere with the free access of another to and from his/her own room, suite, apartment, work area, or office in a residence hall.
- 1.5 No person shall play any athletic games in a common area of a residence hall without proper authorization.
- 1.6 No person shall interfere with the safe or clean environment of others.
- 1.7 No person shall allow an animal, bird, or other pet to enter a residence hall. (Fish and guide dogs are exceptions.)
- 1.8 No person shall fail to make an effort to discourage another person from violating a regulation and/or to report a violation of which one has knowledge.

(See also: *General Student Regulation 2.00 and 3.00.*)

2.0 Safety of the Individual and Community

Fundamental to the protection of the individual is the maintenance of an environment that is physically safe and predictable. As members of a group, each individual has a special responsibility to ensure that safety hazards are eliminated, fire equipment is maintained, and fire procedures established and followed.

- 2.1 No person shall create, or help to create, a safety hazard.
- 2.2 No person shall throw or drop anything out of a residence hall window.
- 2.3 No person shall possess or use firecrackers, fireworks, firearms, or other dangerous weapons or explosives. (NOTE: Legal weapons must be stored at the Department of Police and Public Safety.)
- 2.4 No person shall possess or use in a residence hall, without proper authorization, any chemical or other dangerous substance, compound, or container of such substances, which may injure, molest, or cause damage.
- 2.5 No person shall set a fire in residence halls or areas immediately associated with residence halls.
- 2.6 No person shall falsely report a fire, nor interfere in any way with emergency services or procedures, nor fail to conform to established safety regulations.
- 2.7 No person shall tamper with fire equipment, nor use such equipment for other than the prevention or control of fire. (Fire equipment shall include, but not be limited to thermal detectors, fire alarms, fire extinguishers, fire extinguisher boxes, fire hoses, and any other fire-fighting devices.)

(See also: *General Student Regulation 2.00, 3.00 and 4.00.*)

3.0 Harassment and Intimidation

To succeed personally and academically, an individual must be able to live free from unnecessary emotional stress caused by others. Physical or emotional harassment will not be tolerated in a residence hall community.

- 3.1 No person shall harass or abuse any other person. (This shall include, but not be limited to, harassment or abuse based on race, creed, ethnic origin, sex, age, political persuasion, sexual orientation, or disability.)
- 3.2 No person shall exhibit behavior which harms or threatens to harm another person or another person's property.
- 3.3 No person shall abuse, threaten, or harass any residence hall employee.
- 3.4 No person shall abuse, threaten, harass, or exhibit behavior that intimidates any complainant, respondent, counsel, witness, or judiciary member prior to, during, and after a judicial hearing.

(See also: *General Student Regulation 2.00 and 3.00.*)

4.0 Personal and Community Property

The protection of personal property is important to the well being of the individual. Protection of community property protects the investment all residents make through the payment of their room and board.

- 4.1 No person shall tamper with or borrow without permission the personal property of others.
- 4.2 No person shall, without proper authorization, remove any property from its assigned place in a residence hall.
- 4.3 No person shall damage, deface, or destroy any property.

(See also: *General Student Regulation 4.00.*)

5.0 Alcohol

The residence hall community is part of a larger community, and as such, is not only governed by its own regulations, but by University policies and state law. The State of Michigan establishes the age at which alcohol consumption is legal. Furthermore, alcohol may not be consumed on state land, except by special exception of the body governing the land, which in this case is the MSU Board of Trustees. Because the majority of hall residents are under age, the privilege of drinking alcohol is extended only to those of legal age in their private rooms, suites, or apartments.

- 5.1 No person shall possess open alcoholic beverages within a residence hall, except within the confines of student rooms, suites, or apartments or at social events approved by the Office of the Vice President for Student Affairs and Services.
- 5.2 No person shall organize or participate in a student group event where alcohol is consumed but not approved for consumption (e.g., floor party).
- 5.3 No person shall allow the presence of more than five times the normal occupancy (excludes over or under assignment) in a student room, suite, or apartment where alcohol is being consumed.
- 5.4 No person shall possess or use a common source of alcohol (e.g., keg, trash can, etc.), nor shall any person participate in an event where a common source is present.

(See also: *General Student Regulation 2.00.*)

6.0 Identification of Individuals

Certain privileges are extended to individuals by virtue of their membership in the residence hall community. In order to protect the community's welfare, the integrity of this identification must be maintained.

- 6.1 No person shall permit others to use his or her University identification, including a meal card or room key, for the purpose of improperly gaining access to a residence hall, a residence hall dining room, an

RHA or hall sponsored event, or use of RHA or hall equipment.

- 6.2 No person shall use the University identification of another, including a meal card or room key, for the purpose of improperly gaining access to a residence hall, a residence hall dining room, or an RHA or hall sponsored event or use of RHA or hall equipment.
- 6.3 No person shall refuse to provide his or her name and show appropriate identification to a staff member performing his or her duty, upon request.

(See also: *General Student Regulation 3.00, 4.00 and 5.00.*)

7.0 Food Service

Meal times should be an opportunity for residents and their visitors to dine in a sociable manner without the fear of inappropriate distractions or interference. The misuse of meal I.D.'s or removal of food from the dining room increases the cost of food service for all residents.

- 7.1 No person shall initiate or otherwise engage in throwing of food, utensils, or other objects in any residence hall dining room or housing facility.
- 7.2 No person shall, without authorization, remove any food or utensils from a residence hall dining room.
- 7.3 No person shall enter a residence hall dining room without proper authorization.

(See also: *General Student Regulation 2.00, 4.00 and 5.00.*)

8.0 Visitors

All members of the residence hall community have some responsibility to help secure the community's welfare by communicating to visitors the expectations established through these regulations.

- 8.1 No person shall permit a non-resident visitor to remain in or use the facilities of a residence hall, including one's residence hall room, for more than three continuous days during any given week.
- 8.2 No person shall fail to take responsibility for his or her visitor.
- 8.3 No person, if a non-resident, shall be a visitor in any residence hall between the official closing and opening hours without a resident escort.
- 8.4 No person shall interfere with the entertaining of a visitor by another, unless the visitor is infringing upon his or her rights.

2. All residents shall enjoy the right to live in a safe and clean environment.

Responsibilities of each resident to insure this right shall include, but are not limited to, the following:

- a. Avoid creating or helping to create a safety hazard. (This includes blocking safety tunnels, sidewalks, or entrances with bikes, motorcycles, toys, clothes lines, etc.)
 - b. Avoid possessing or using fireworks on University Apartments property.
 - c. Avoid discharging a firearm on University Apartment property.
 - d. Park his or her motor vehicles only in the lined parking spaces provided.
 - e. Keep the area immediately in front of his or her apartment clean, orderly and free from safety hazards.
3. All residents shall enjoy the right to their personal property, and equal access to all property provided by University Apartments for residents.

Responsibilities of each resident to insure this right shall include, but are not limited to the following:

- a. Avoid tampering with, or borrowing without permission, the personal property of another.
 - b. Avoid vandalizing or defacing any University Apartments property. (This includes bulletin boards, flower beds, recreational or playground equipment, etc.)
4. All University Apartments residents shall enjoy the right to live free from harassment, intimidation or assault. (This shall include, but not be limited to, written harassment, physical attack, peeping Toms, harassment by telephone, verbal harassment, etc.)
 5. The student/resident shall be held responsible for using all reasonable efforts to monitor the actions of his or her spouse, children, or visitors.
 6. Suggestions for modification of this document may be presented to the Residents Council for University Apartments, RCUA, at any time.

Acceptable Use of Computing Systems, Software and the University Digital Network

(Administrative Ruling)

I. Foreword

Access to modern information technology is essential to the pursuit and achievement of excellence across the MSU mission of instruction, research, and service outreach. The privilege of use of computing systems and software, as well as internal and external data networks, is important to all members of the University community. The preservation of that privilege for the full community requires that each individual faculty member, staff member, and student comply with institutional and external standards for appropriate use.

To assist and ensure such compliance, Computing and Technology, with the advice and counsel of the all-University Computing and Communications Systems Advisory Committee, establishes the following administrative ruling, applicable to all faculty, staff and students.

II. Definitions

A "System Sponsor" is the individual under whose authority a computing system, local network, or external network connection is funded. Individual computer systems and local networks may be sponsored by faculty members (e.g., using research grant funds), or by departments, colleges, or other units, in which latter case the unit administrator is the System Sponsor. For the purposes of this ruling, the Director of the MSU Computer Laboratory is the System Sponsor for the inter-building MSU digital network and for MSU external network connections, including those to BITNET, CICNET, and MERIT and other parts of the national Internet.

A "System Manager" is the person who is authorized by a System Sponsor to grant and create user privileges, maintain the system filestore, and generally ensure the effective operation of a system. (For example, in the case of UNIX systems, the System Manager typically will be the "superuser" who uses the "root" user ID.) In some cases, the System Manager and the System Sponsor may be the same individual.

"Facility Staff" are the individuals who are authorized to monitor, manage, or otherwise grant temporary access to computing facilities (such as microcomputer laboratories) in which one or more systems are used on an open access basis by either specific populations of faculty, staff, and students, or the entire campus community.

A "User" is any individual who uses, logs in, attempts to use, or attempts to log in to a system, whether by direct connection or across one or more networks, or who attempts to connect to or traverse a network, whether via hardware, software, or both. The term "User" thus includes System Sponsors, System Managers, and Facility Staff.

III. Implications of Diversity in the Information Technology Environment

1. The provision and use of computing and networking privileges is governed by Michigan State University's Anti-Discrimination Policy. System Sponsors are responsible for ensuring full compliance.
 - 1.1 Access to computing or networking hardware or software is not to be restricted based upon ethnic or national origin. Restrictions predicated on citizenship are in general to be avoided, and must in every case receive prior approval from the Vice Provost for Computing and Technology, who will consult with the Office of the University General Counsel in each instance.
2. Because computing systems at MSU serve diverse purposes and diverse constituencies, System Sponsors are accorded wide discretion in establishing reasonable and appropriate policies applicable to their systems. (For example, some System Sponsors, to achieve their particular goals, may permit or encourage the playing of computer games. On other systems, System Sponsors may legitimately prohibit game-playing in order to conserve scarce resources.) The effectiveness of such policies depends substantially on their systematic communication to Users, typically at the time usage authorization is first granted by the System Manager or by Facility Staff.
3. Users must expect considerable variation in what constitutes acceptable use from system to system, and must make reasonable efforts to inform themselves about the particular policies applicable to each system they use. In cases of doubt, the burden

of responsibility is on the User to inquire concerning the permissibility of an action or use, prior to execution. Questions should be directed in turn to Facility Staff, the System Manager, and the System Sponsor.

4. Even within a single system, it is sometimes appropriate for System Sponsors and/or System Managers to establish different categories of user accounts or ID's, sometimes with different attendant charges or privileges, and to authorize a single user to access accounts or ID's in two or more categories. In such cases, Users must restrict their usage of each account or ID to that appropriate for it. Similar considerations apply when accounts or ID's are held on multiple systems. (Example: a student may have a limited resource account for classwork and an unlimited resource account for research. Unauthorized use of the unlimited resource account to create a competitive advantage in the classwork is inappropriate and may be construed as academic dishonesty.)

5. Michigan State University utilizes a wide variety of software, with an equally wide range of license and copyright provisions. Users are responsible for informing themselves of, and complying scrupulously with, the license and copyright provisions of the software that they use.

- 5.1 No software copy is to be made by any User without a prior, good faith determination that such copying is in fact permissible. All Users must respect the legal protection provided by copyright and license to programs and data.

- 5.2 The licenses of certain advanced software tools (e.g., some expert system generators) require that intellectual products produced with such tools be provided to the licensor. System Sponsors are responsible for ensuring that such requirements are publicized to Users appropriately by System Managers and Facility Staff. System Sponsors and Users are jointly responsible for ensuring compliance with such requirements.

IV. Good Citizenship In "Cyberspace"

1. All Users must respect the privacy and usage privileges of others, both on the MSU campus and at all sites reachable by MSU's external network connections.

- 1.1 Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other Users, whether on the MSU campus or elsewhere, or develop or retain programs for that purpose, without the authorization of the file owner or the Vice Provost for Computing and Technology. Reasonable file copying (e.g., in backups) and password changes are permitted among the routine tasks of System Managers and of appropriately authorized Facility Staff.

- 1.2 Users shall not represent themselves electronically as others, either on the MSU campus or elsewhere, unless explicitly authorized to do so by those other Users. To be valid, such authorization of one User by another User must not circumvent established, system-specific policies defining eligibility for resource access.

- 1.3 Users shall not intentionally develop or retain programs that harass other Users, either on the MSU campus or elsewhere.

- 1.4 Users shall not obstruct or disrupt the use of any computing system or network by another person or entity, either on the MSU campus or elsewhere, whose usage is protected by law, ordinance, regulation, policy, or administrative ruling.

2. All Users must respect the integrity of computing systems and networks, both on the MSU campus and at all sites reachable by MSU's external network connections.

- 2.1 Users shall not by any means attempt to infiltrate (e.g., gain access without proper authorization) a computing system or network, either on the MSU campus or elsewhere.

- 2.2 Users shall not attempt to damage, or alter without proper authorization from the System Sponsor, either the hardware or the software components of a computing system or network, either on the MSU campus or elsewhere.

3. All Users of MSU's external network connections shall comply with the evolving "Acceptable Use" policies established by the external networks' governing bodies.

- 3.2 The current CICNET policy is attached as Appendix B of this ruling.

- 3.3 The current MERIT policy is attached as Appendix C of this ruling.

- 3.4 The MSU Computer Laboratory will publish revisions of external networks' "Acceptable Use" policies, making them available to Users in both printed and electronic form.

- 3.5 In cases of doubt, Users bear the burden of responsibility to inquire concerning the permissibility of external network uses, prior to execution. Such questions should be directed to the MSU Computer Laboratory's main office.

4. Computing and networking resources are sometimes in scarce supply. Resource contention may variously involve disk space, CPU time, terminal or workstation keyboard access, printer access, plotter access, software access and network bandwidth. Priorities between uses (e.g., instruction versus research versus system maintenance) and between Users (e.g., students in different classes)

will vary from system to system and according to time of day, week, semester, and year.

- 4.1 System Sponsors, and by their delegation System Managers and Facility Staff, have broad discretion to set and revise reasonable usage priorities and operational policies (such as hours of operation, usage time limits, populations to be served, etc.) They may also take such routine steps (e.g., removing hung jobs, updating system configurations and user defaults, reprioritizing resource-intensive jobs, managing print queues, backing up systems, etc.) as may be reasonably necessary for the operation of their systems or facilities.
- 4.2 Users are expected to comply fully with the instructions of Facility Staff, System Managers, and System Sponsors. In particular, Users will vacate terminals, workstations, or the facility and will surrender other resources (such as printers and software) promptly when asked to do so, both at closing times and when necessary to permit access by others.
- 4.3 Where possible, Users should be provided systematic means (e.g., through facility, departmental, or college computing advisory committees, or via CCSAC at the All-University level) to advance suggestions and criticisms concerning the priorities and their implementation. Appropriate avenues for complaints concerning services provided by Facility Staff also should be provided.

V. Enforcement and Adjudication

1. The principal responsibility for investigation of suspected non-compliance with the provisions of this ruling rests with System Sponsors. At their discretion, they may delegate it to System Managers and/or Facility Staff.
 - 1.1 The investigation of alleged or suspected non-compliance with this ruling is to be conducted with due regard for the rights of all Users, such as the rights to privacy and intellectual property.
 - 1.2 System Sponsors may suspend service to Users without notice when reasonably necessary to the operation or integrity of the system or the networks connected to it; they may also delegate this judgment and authority to System Managers.
 - 1.3 Cessation of service, whether by network disconnection or disablement of log-in capability, shall be utilized in preference to file inspection when remedying or investigating instances of alleged disruption.
 - 1.4 The content of User files is not to be surreptitiously or otherwise examined, nor is the User-generated message content of User network transactions to be monitored, without the prior written permission of either the User in-

volved or the Vice Provost for Computing and Technology. However, System Managers and others charged by them with forwarding misdirected or undeliverable electronic mail and/or delivering print-outs and plots may examine such mail or hard-copy to the extent reasonably necessary for such purpose.

2. Subject to the non-discrimination provisions herein, faculty members acting as System Sponsors for computing systems or local networks established with their own research grant funds may change, suspend, or revoke User privileges in the best interests of the research being conducted.
3. When an instance of non-compliance is suspected or discovered in a computing system or network established by a department, college or other administrative unit, a unit administrator (typically the System Sponsor) shall proceed in accord with Section 5.6.3 of Academic Freedom for Students at Michigan State University.
 - 3.1 System Sponsors may elect to refer the issue to the Vice Provost for Computing and Technology for handling. They must always do so if systems or networks in multiple campus units have been disrupted or compromised, or if any non-MSU system, network, or party is involved.
 - 3.2 Internal disciplinary action may be appropriate in some cases of non-compliance with this ruling. Relevant General Student Regulations include 1.05, 1.06, 2.02, 2.04, 4.03, 4.05, 4.06, and 5.02; allegations are adjudicable under Article IV of Academic Freedom for Students at Michigan State University. Disciplinary issues concerning students, faculty, or staff should be discussed with the Vice Provost for Computing and Technology before action is taken, in the interests of consistency of treatment.
 - 3.3 Criminal or civil action against faculty, staff, or students may be appropriate in some instances. Such cases should be discussed with the Vice Provost for Computing and Technology, in the interests of consistency of treatment.

Address Change

(Administrative Ruling)

The Housing Requirements and Procedures state the following: "Every student is required to report his or her correct local address at the time of registration and to report any change of address thereafter. Failure to register the actual address at which he or she is living, or failure to notify the University of a change of address within five class days after the change becomes effective, will be considered as falsification of University records. (Change of off-campus address is made in the Office of the Registrar, 150 Administration Building. Change of on-campus address is made in the office of the living-unit manager.)"

Address Withholding Policy

(Administrative Ruling)

Students may, upon request, withhold their name and address information from publication in the *Student Directory*. To do so, go to the Registrar's office, 150 Administration Building, during the first eight days of classes fall semester.

Alcoholic Beverages

1. MSU Ordinance 22.00

.01 The use or possession of alcoholic beverages, including beer and wine, subject to state law, is permissible in housing facilities (rooms, suites, and apartments) assigned by Michigan State University.

.02 The use or possession of alcoholic beverages is prohibited in classrooms, lecture halls, laboratories, the libraries, the chapel and within buildings or arenas where athletic events, lectures, and concerts are held.

.03 The use of alcoholic beverages is prohibited in all public areas of campus buildings except with respect to events or occasions where such is approved or authorized by the Secretary of the Board of Trustees, pursuant to express criteria which have been prepared by the Secretary and reviewed by the Office of the General Counsel.

2. State Law

Michigan Law prohibits, among other things, possession, purchase, and consumption of alcoholic beverages by persons under 21 years of age. It also prohibits the sale and furnishing of alcoholic beverages to persons under 21 years of age.

There is a potential for legal responsibility when an individual, even if unlicensed, furnishes alcoholic beverages to persons under 21 years of age. If a minor to whom the beverage was furnished subsequently has an accident attributable to the beverage, then the unlicensed furnisher may be found to be legally liable.

Also under state law, open or unsealed containers of alcoholic beverages may not be transported in the passenger compartment of motor vehicles.

Students are encouraged to become familiar with their responsibilities under the State Liquor Control Act, which may be found in the MSU Library.

3. East Lansing Ordinances

East Lansing ordinances prohibit the possession of any alcoholic beverage in an open container or a container with a broken seal in any public place or private area open to the public, except a licensed liquor establishment or elsewhere as provided by ordinance. Partying and tailgating on public property with alcoholic beverages is prohibited within the city's jurisdiction.

City ordinance also prohibits the use of any type of false identification to enter a bar or to purchase liquor from a carry-out store and requires liquor establishments to confiscate suspected false identification and turn it over to the Police Department.

Students are encouraged to become familiar with their responsibilities under East Lansing Ordinances, which may be obtained at East Lansing City Hall.

ZERO TOLERANCE

Michigan has a "zero tolerance" policy for drivers under 21, meaning their blood alcohol concentration cannot exceed .02 percent. This means that even one beer is too many.

Minors who have been consuming, possessing or purchasing alcohol are subject to arrest resulting in a misdemeanor and a criminal record. Penalties may include fine, community service, suspension of driver's license, and substance abuse screening at the individual's expense. Suspension of the driver's license can occur whether or not the individual was driving at the time of arrest. Repeated offenses result in more severe penalties.

Use of fraudulent identification to purchase alcohol is also a misdemeanor and may result in fine, loss of license, and substance abuse screening.

Anyone 21 or older who furnishes alcohol to a minor will be fined \$1,000 and face up to 60 days in jail.

MSU Drug and Alcohol Policy

(All-University Policy)

(Applicable to University employees as well as students)

Congress has passed and the President has signed the Drug-Free Workplace Act of 1988 and Drug-Free Schools and Communities Act Amendment of 1989. The following is Michigan State University's Drug and Alcohol Policy for employees and students.

Employees¹

Consistent with State and Federal Law, Michigan State University will maintain a workplace free from the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance.² The unlawful manufacture, distribution, dispensation, possession or use of controlled substances, illicit drugs and alcohol are prohibited on any property under the control of and governed by the Board of Trustees of Michigan State University, and at any site where work is performed by individuals on behalf of Michigan State University.

Pursuant to applicable University procedures governing employee discipline, any employee involved in the unlawful use, sale, manufacturing, dispensing or possession of controlled substances, illicit drugs and alcohol on University premises or work sites, or working under the influence of such substances, will be subject to disciplinary action up to and including dismissal and referral for prosecution.

The employee must notify the University of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) calendar days after such conviction. Failure to provide such notice will subject the employee to discipline up to and including dismissal pursuant to applicable University procedures governing employee discipline. The employee shall notify his/her immediate supervisor, who will report the incident to the Office of Human Resources, Academic Human Resources or Student Employment Office.

Michigan State University supports and sponsors programs aimed at the prevention of substance abuse by University employees. The Employee Assistance Program provides preventative programs and counseling for employees experiencing substance-dependency problems. Assistance is available on a voluntary basis. Leaves of absence to obtain treatment may be obtained under the medical leave provision of the appropriate labor contract or policy.

Students

Michigan State University's compliance with provisions of the Drug-Free Schools and Communities Act Amendments of 1989 applying to students is achieved through a comprehensive alcohol and other drug prevention program which includes policy enforcement, education programs and treatment services.

General Student Regulations 2.06 and 2.07 prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students on Michigan State University property or as part of any of its activities. These regulations are as follows:

- 2.06 "No student shall possess, use, manufacture, produce, sell, exchange or otherwise distribute any drug prohibited by federal or state laws."
- 2.07 "No student shall possess, consume, furnish, manufacture, sell, exchange or otherwise distribute any alcoholic beverages except as permitted by state law and University ordinance."

Alleged violations of MSU regulations are adjudicated through the MSU student judicial process. Consequences for violations may include, but are not limited to, some form of disciplinary probation, required attendance at educational programs, referral for assessment and treatment, relocation to a new living environment, and suspension from Michigan State University for sale of illegal drugs or repeated violations of the regulations. In addition, students can expect to be arrested and fined for violations of State Law on campus.

Michigan State University supports and sponsors programs aimed at the prevention of substance abuse by students. Information about education and treatment services may be obtained from the Alcohol and Other Drug Education Office, Student Life Center.

All-University Events and Activities

(Student Group Regulation)

All-University events and activities sponsored on the campus by registered student organizations, living unit organizations, and major governing groups must be calendared through the Student Life Center, 101 Student Services Building.

1 This policy applies to all University employees, including but not limited to: faculty, academic staff, support staff and student employees.

2 Five schedules of controlled substances are defined in the comprehensive Drug Abuse Prevention and Control Act of 1970, 21. U.S.C. 812.

Animals

(Ordinance 23.00)

.01 No person owning or being responsible for an animal brought upon property governed by the Board shall do so without securing the animal by appropriate use of a leash.

.02 No person shall bring any animal into any University building.

Anti-Discrimination Policy

(All-University Policy)

(Applicable to University employees as well as students.)

Article I. Purpose

Michigan State University's scholarly community-building efforts occur within the context of general societal expectations, as embodied in the law. The University, consistent with its policies and governing law, promotes institutional diversity and pluralism through mechanisms such as affirmative action, within an over-arching strategy promoting equitable access to opportunity. The University's commitment to non-discrimination is the foundation for such efforts.

This policy states expectations for institutional and individual conduct. It applies to all University community mem-

bers, including faculty, staff, students, registered student organizations, student governing bodies, and the University's administrative units, and the University's contractors in the execution of their University contracts or engagements¹, with respect to the following:

1. All educational, employment, cultural, and social activities occurring on the University campus;
 2. University-sponsored programs occurring off-campus, including but not limited to cooperative extension, intercollegiate athletics, lifelong education, and any regularly scheduled classes;
 3. University housing; and
 4. Programs and activities sponsored by student governing bodies, including their constituent groups, and by registered student organizations.
- 33

Article II. Prohibited Discrimination

Unlawful acts of discrimination or harassment are prohibited.

In addition, the University community holds itself to certain standards of conduct more stringent than those mandated by law. Thus, even if not illegal, acts are prohibited under this policy if they:

1. Discriminate against any University community member(s) through inappropriate limitation² of employment opportunity³, access to University residential facilities, or participation in educational, athletic, social, cultural, or other University activities on the basis of age, color, gender, disability status, height, marital status, national origin, political persuasion, race, religion, sexual orientation, veteran status, or weight⁴ or
2. Harass any University community member(s) on the basis of age, color, gender, disability status, height, marital status, national origin, political persuasion, race, religion, sexual orientation, veteran status, or weight.

These prohibitions are not intended to abridge University community members' rights of free expression or other civil rights.

Article III. Mediation and Adjudication

Mediation of claims and disputes, through consultation provided by offices serving the University, is encouraged⁵.

- 1 This policy does not apply to the conduct of a contractor's internal affairs, nor does it apply to the conduct of contractual engagements to which the University is not a party.
- 2 Limitations are inappropriate if they are not directly related to a legitimate University purpose.
- 3 For purposes of this policy, "employment opportunity" is defined as job access and placement, retention, promotion, professional development, and salary.
- 4 University ordinances, written regulations and policies, and published ADJB decisions approved by the President, provide guidance on the discriminatory acts prohibited by Section 1 and the harassing acts prohibited by Section 2.
- 5 Consultation with one or more of the following may be useful: the chairperson, director, or dean of the relevant unit • supervisory support personnel • the Women's Resource Center • the Ombudsman • the Office of Minority Student Affairs • Student Life or Residence Halls staff • Sexual Assault Crisis & Safety Education • faculty or staff academic advisors • the MSU Counseling Center •

Complaints under this policy may be submitted for non-disciplinary adjudication according to the provisions of the "Procedures of the Anti-Discrimination Judicial Board." Upon its review, the ADJB may recommend that appropriate disciplinary proceedings be initiated, if such has not already occurred. Disciplinary proceedings are governed by the documents listed in Appendix A.

Excepting the President and the General Counsel, any University community member may be named in a complaint.

PROCEDURES OF THE ANTI-DISCRIMINATION JUDICIAL BOARD

Article I. Composition and Selection of the Anti-Discrimination Judicial Board

1. The Anti-Discrimination Judicial Board (ADJB) shall consist of at least fourteen individuals serving staggered terms, and shall include at least two minority persons, five women, five men, and one person with a disability. Membership shall comprise:
 - a. Three junior-status, undergraduate students selected by ASMSU. Each student shall serve for a term of two years.
 - b. One graduate student, to serve for a term of two years, selected by the Council of Graduate Students.

- c. Four members selected by the University Committee on Academic Governance from the tenure system faculty and job security system specialists. Each member shall serve for a term of three years.
- d. Four individuals, to serve for terms of three years, selected by the Vice President for Finance and Operations from a slate comprised of two nominees from each recognized bargaining unit and two nominees from the non-unionized support employees.
- e. Two individuals, to serve for terms of two years, appointed by the President. All selectors shall strive to ensure membership diversity, being cognizant of the factors listed in Article II of the MSU Anti-Discrimination Policy. Additional Presidential appointments shall be made if necessary in any given year to ensure the minimum diversity of membership mandated above. When and if necessary, such appointees shall serve for two years.

No member of the ADJB shall serve more than two consecutive terms. All selecting groups and University officers are expected to give due consideration to the necessity for a diverse total membership.

2. Terms on the ADJB shall begin on August 15th. Thereafter, the ADJB shall select one of its members to serve as chairperson for the entire year. Vacancies during terms shall be filled in accord with these procedures. The chairperson shall appoint members of hearing panels, as provided herein.
3. The position of "ADJB Coordinator" shall be established, reporting to the President of Michigan State University. The ADJB Coordinator shall ensure the provision of appropriate staff support services for the ADJB and generally facilitate the efficient operation of the group. In addition, at all hearings and appeals, the ADJB Coordinator shall:
 - ◆ preside without vote to ensure consistency and equity in procedure;
 - ◆ provide the legal advice needed by the ADJB; and
 - ◆ draft majority and minority opinions for finalization and approval by the ADJB, at the request of the group's members.

Procedural rulings made by the ADJB Coordinator while presiding over hearings and appeals may be appealed in writing to the President, upon completion of the ADJB proceedings.

1 "Minority" is defined by the Federal Inter-Agency Committee on Education as one who is a member of one of the following groups: a. American Indian or Alaskan Native; b. Asian or Pacific Islander; c. Black (African-American); and d. Hispanic.

Article II. Jurisdiction

1. The ADJB shall have jurisdiction only over those complaints filed by and pertaining to members of the University community which allege discrimination as defined in the All-University Policy entitled "MSU Anti-Discrimination Policy."
2. A complaint filed with the ADJB must be filed within thirty (30) calendar days of the alleged discrimination. Either the ADJB Coordinator or the full ADJB by majority vote may waive the 30-day time limit for good cause shown. A complaint must simply, concisely and directly specify the time, place, and nature of the alleged discrimination, as well as the individual(s), group, or entity alleged to be responsible for the discrimination. The complaint must also contain a short and plain statement of the remedy sought.
3. The ADJB shall not proceed to consider any claim: (a) for which another procedure for final and binding adjudication is provided within the University by contract, unless both contracting parties agree to submit the matter to this ADJB or (b) which, based on the same set of facts, has been submitted for adjudication under the rules of another University procedure. However, when a complaint has been adjudicated under another University procedure, the ADJB may review such findings upon the written request of the complainant, to assure itself that any non-disciplinary matters relating to prohibited discrimination were satisfactorily addressed. If, in its judgment, such non-disciplinary matters were not adequately addressed, it may accept the complaint for further consideration on the basis of the non-disciplinary charges of discrimination only.
4. The ADJB shall have no jurisdiction respecting disciplinary charges against individuals, and no disciplinary sanctions shall be imposed through the procedures set forth herein. Alternative disciplinary channels exist for the consideration of such charges against any member of the University community. (See Appendix A.) On the basis of its non-disciplinary proceedings, the ADJB may recommend that separate, *de novo* disciplinary proceedings be initiated by relevant administrators for alleged violations of the "MSU Anti-Discrimination Policy" when such actions were known, or reasonably should have been known, to be prohibited by that policy.
5. The ADJB shall address all jurisdictional questions by a majority vote of the full Board. Immediate presidential review of jurisdictional decisions may be requested under Article IV by either party to a dispute.

Article III. Procedures

1. Initial Filing of a Complaint
 - a. When an individual files a complaint with the ADJB, the ADJB Coordinator shall refer the matter in writing to the chairperson of the ADJB, who

shall appoint five voting members of a Hearing Panel to be convened and presided over by the ADJB Coordinator. The ADJB Coordinator shall provide a copy of the complaint to the party or parties against whom it is made.

- b. A contested matter shall be heard without undue delay. The hearing and its record shall be closed unless both parties consent to an open hearing. The ADJB Coordinator shall give the parties reasonable notice of the hearing, which notice shall include:
 - 1) A statement of the date, hour, place and nature of the hearing; (a hearing shall not be continued or adjourned except for good cause and in the discretion of the ADJB Coordinator);
 - 2) A copy of this policy and the general rules of conduct for hearings.
- c. The complainant is required to establish the basis for and produce evidence in support of the complaint. Complainants assume the burden of proof, which must be met by a preponderance of the evidence¹.
- d. After the complainant presents his/her case, the respondent shall present his/her case. Respondent may elect to forego answering a complaint.
- e. Parties may be accompanied by an advisor of their choice, who may provide private counsel to the party during a hearing but shall have no official voice in the proceeding. Advisors must be members of the faculty, staff, or student body of the University. Each party shall be responsible for the presentation of his/her own case. Each party shall have the opportunity to present witnesses, and to question witnesses presented by the other.
- f. The Hearing Panel shall render a decision in writing, without undue delay, and the ADJB Coordinator shall transmit copies of it promptly to the ADJB chairperson and the parties. The Panel's decision shall address all major questions raised. The recommended relief, if any, shall be tailored to remedy charges which have been substantiated. The decision shall state the name(s) of the prevailing party/ies and the party/ies against whom any complaints have been substantiated. The Panel shall carefully and clearly state its factual findings and the reasoning supporting its decision.

1 I.e., that which is more convincing, more credible, and of greater weight than contrary evidence.

2. Appellate Procedures

- a. A party may appeal the decision of the Hearing Panel to the full ADJB by filing a written request with a short, written statement in support of the party's position on appeal with the ADJB Coordinator. The appeal shall be filed within 14 calendar days of receipt of the Panel's decision, and a copy shall be provided to the opposing party. The opposing party shall have 14 calendar days from receipt of the request in which to submit a written statement in support of its position on appeal.
- b. Appeals shall be based on the record established at the initial hearing and shall be limited to the following two issues:
 - 1) whether the evidence previously presented provides a reasonable basis for the resulting findings and recommended remedies (if any), and
 - 2) whether specified procedural errors were so substantial as to effectively deny the appealing party fundamental fairness.
- c. The ADJB chairperson shall provide written notice to both parties of the scheduled hearing date.
- d. With the exception of the ADJB Coordinator, members of the initial Hearing Panel shall not participate in the appellate hearing or deliberations. An appellate quorum shall be necessary to hear any appeal and shall consist of a majority of those ADJB members who did not serve on the original hearing Panel.
- e. Parties may be accompanied by an advisor of their choice, who may provide private counsel to the party during an appeal but shall have no voice in the proceeding. Advisors must be members of the faculty, staff, or student body of the University. Each party shall be responsible for the presentation of his/her own appeal.
- f. The ADJB shall give each party the opportunity to present an oral argument, based on the record established at the initial hearing, in support of his/her position on appeal.
- g. The hearing shall be closed unless both parties consent to an open hearing.
- h. The ADJB's review on appeal shall be limited to the record established at the initial hearing, the Hearing Panel's decision, the written statements submitted by the parties, and the parties' oral arguments. Findings of fact by the Hearing Panel may not be overturned unless clearly erroneous.

- i. The ADJB shall render a decision without undue delay. The ADJB may affirm or reverse the Hearing Panel's decision in whole or in part and/or remand it to the original Hearing Panel for reconsideration. Recommended relief, if any, shall be tailored to remedy those charges which have been substantiated.

Article IV. Final Resolution

1. Decisions issued by the ADJB (including those of jurisdiction) and unappealed decisions of its Hearing Panels shall be forwarded to the President by the ADJB Coordinator in the form of a recommendation, without undue delay.
2. Within 30 calendar days, the President shall either concur with the decision and direct appropriate action to implement it, or for stated cause, shall overrule or modify the decision. When the President overrules or modifies a decision, he/she shall provide written reasons to the ADJB and to the parties.

Article V. The ADJB's Advisory Function

The ADJB shall meet with the ADJB Coordinator regularly (at least once annually and no more than monthly at the discretion of the Board) to review and consider any policies or practices brought to its attention, which may have contributed to allegations of unlawful discrimination or harassment. The ADJB may meet with University administrators to obtain information regarding relevant policies and practices. Upon discussion and review, the ADJB may make such advisory operational recommendations to the President as it deems appropriate.

Article VI. Other Provisions

1. Time Limits

With the exception of the thirty-day filing deadline in Section II of Article II, all time limits set forth above shall be suspended during regularly scheduled vacations or semester breaks in the University's academic year. Summer semesters shall similarly be excluded from consideration when calculating time limits applicable to complaints brought by students not then enrolled.

2. Regular Reports

The ADJB Coordinator shall make annual reports to the President, who shall share them with the Board of Trustees and University community.

3. Assistance with Complaints

Individuals considering filing complaints with ADJB may obtain advice and procedural assistance through the ADJB coordinator and, as appropriate, the bodies listed in footnote #5 of Article III of the MSU Anti-Discrimination Policy..

Bad Check Collection

(Administrative Ruling)

General Policy: Each individual is sent written notification that his or her check has been returned, requesting redemption, either by cash, money order, or certified check, within a period of ten days.

1. Checks negotiated for the purpose of registering, including payment of holds, tuition, board and room:

Written notification is sent to each student indicating that a check was returned and requesting the student to redeem the check or contact the Cashier's Office within ten (10) days. The notice also indicates that the student's registration may be cancelled if the check is not redeemed by the due date on the notice. A student whose registration has been cancelled may be allowed to re-register during the semester subject to class availability, department approval, and the payment of all outstanding obligations with certifiable funds. A service charge of \$70 is assessed unless the student presents a letter from his or her bank stating that the bank made an error. The \$70 service charge is comprised of a \$20 returned item service charge and a late enrollment fee of \$50.

2. Checks negotiated for reasons other than registration:

Written notification is sent to a person indicating that his or her check has been returned. This notice requests redemption of the check within a period of ten (10) days by cash, money order, or certified check plus a \$20 service charge.

- a. **Non-Student Checks**—If there is no response to the notice, a follow-up letter will be mailed allowing fifteen days in which to pay. If unpaid by the due date allowed, the check is charged back to the department concerned. If the check amount and service charge totals \$25 or more it is sent to Delinquent Receivables to be referred to a collection agency.
- b. **Student Checks**—Immediately upon receipt of the unpaid check by the University, a financial hold is placed against the student. If the check and service charge remain unpaid, the account may be turned over to Delinquent Receivables for collection.

3. Checks negotiated when it appears that the individual has full knowledge that funds were not available or the person admits to securing money under false pretenses:

- a. If the individual or student fails to make restitution as a result of normal follow-up procedures, and it appears that the individual has full knowledge that funds were not available, or the person admits to securing money under false pretenses, the case will be reviewed for possible prosecution.

- b. Individuals wishing to make restitution on checks referred to the Department of Police and Public Safety must make restitution at that office.

4. Bad Check Lists:

- a. A student, who has issued three (3) checks to the University that have been returned, will be sent written notification that his or her name is being placed on the bad check list. In addition, any student who fails to make restitution on any check by the deadline on his or her original notification letter will be sent a letter advising that his or her name may be placed on the bad check list if not paid within ten (10) days. Both letters also advise him or her that all future payments to the University must be by cash, money order, or certified check. A student whose registration has been cancelled for nonpayment of a registration check will be immediately placed on the bad check list.
- b. Placement on the bad check list may be cause for denying future short term loans.
- c. A student may request that his or her name be removed from the bad check list one year from the date his or her last returned check was paid in full by writing a letter to the Cashier's Office.

5. Other Sanctions:

In addition, the University reserves the right to take one or more of the following actions:

- a. Refer the student to the Office of Student Affairs and Services for disciplinary action.
- b. Refer past-due unpaid returned checks and charges to an external collection agency and report the balance to a credit bureau.
- c. Bring action against the individual for the amount of a returned check not redeemed within 30 days of the date of the notification letter and \$250 in costs. In addition, the court could rule that you must also pay the greater of \$100 or two times the amount of the returned check. If you pay the total amount due within 30 days, no civil action will be taken against you.

Bicycles

The following statements summarize University ordinances pertaining to bicycles on the Michigan State University campus. Copies of this summary and a map of bike routes are available from the Department of Police and Public Safety, located at the South end of Red Cedar Road.

1. **Licensing.** Every bicycle operated or possessed on the campus must be licensed either by the University for a fee of \$2 for four years, or by the cities of Lansing, East Lansing, Lansing Township or Meridian Township. Licenses issued by the University are available in the Parking Office, in the Department of Police and Public Safety Building. Licenses must be immediately attached to the bicycle.
2. **Parking.** Unattended bicycles must be placed in bicycles racks and locked. When racks are full, the bicycle must be parked in the immediate vicinity of the racks. Under no circumstances shall bicycles be parked in shrubbery, on sidewalks, near building exits and entrances, in vehicle parking areas, or next to poles, posts, trees, hand rails, etc.
3. **Operation.** The Michigan Motor Vehicle Code requires that bicycles be operated as if they were motor vehicles. You are required to yield the right of way to pedestrians in marked crosswalks, obey all traffic control signs and devices, and keep as far to the right on the roadway as is possible. Riding on sidewalks or footpaths, riding more than two abreast, and riding against traffic is prohibited.
4. **Equipment.** Bicycles operated during dusk, darkness or dawn hours shall show a white light to the front and a red light or reflector to the rear.
5. **Impounding.** Bicycles not properly parked, not licensed, or parked unlocked will be impounded and may be reclaimed at the Department of Police and Public Safety upon proof of ownership and payment of the established impounding fee.
6. **Illegal Taking.** No person shall take or use a bicycle without the authority of the owner. No person shall willfully or knowingly assist or be a party to the unauthorized taking of a bicycle.
7. **Annual Cleanup.** All bicycles parked in hall or class building racks during the week between spring semester and summer term will be impounded by the Department of Police and Public safety. Each year an area will be designated for the parking of bicycles during the break between semesters and for summer storage. Those students using summer storage must remove their bicycles by midnight of the first day of classes fall semester.
8. **Enforcement and Administration.** The Department of Police and Public Safety is responsible for the enforcement and administration of the University Traffic Ordinance, the Michigan Motor Vehicle Code, and the bicycle licensing and control provisions thereof.

Code of Teaching Responsibility

The teaching responsibilities of instructional staff members (herein referred to as instructors) are among those many areas of university life which have for generations been a part of the unwritten code of academicians. The provisions of such a code are so reasonable to learned and humane individuals that it may appear redundant or unnecessary to state them. However, the University conceives them to be so important that performance by instructors in meeting the provisions of this code shall be taken into consideration in determining salary increases, tenure, and promotion.

1. Instructors are responsible for ensuring that the content of the courses they teach is consistent with the course descriptions approved by the University Committee on Curriculum and the Academic Council. Instructors are also responsible for stating clearly to students in their classes the instructional objectives of each course at the beginning of each semester. It is expected that the class activities will be directed toward the fulfillment of these objectives and that the bases upon which student performance is evaluated will be consistent with these objectives. The University prohibits students from commercializing their notes of lectures and University-provided class materials, without the written consent of the instructor. Instructors may allow commercialization

¹ Private Express Statutes (Vol. 39 Federal Register) pp. 33211-13. Sect. 310.3(b) does not permit the Campus Mail Services to receive and/or carry letters (1) which do not relate to the current business of University, e.g., personal letters of the University's officers and employees, (2) exchanged between non-University agencies, or (3) exchanged between students.

by including express permission in the course syllabus or other written statement distributed to all students in the class.

2. Instructors are responsible for informing students in their classes of the methods to be used in determining final course grades and of any special requirements of attendance which differ from the attendance policy of the University. Course grades will be determined by the instructor's assessment of each student's individual performance, judged by standards of academic achievement.
3. Examinations and other assignments submitted for grading during the semester should be returned with sufficient promptness to enhance the learning experience. Unclaimed final examination answers will be retained by the instructor for at least one semester so that they may be reviewed by students who desire to do so. Examination questions are an integral part of course materials, and the decision whether to allow their retention by students is the responsibility of the instructor. Term papers and other comparable projects are the property of students who prepare them. They should be returned to students who ask for them and those which are not returned should be retained by the instructor for at least one semester. Instructors who desire to retain a copy for their own files should state their intention to do so in order that students may prepare additional copies for themselves.
4. Instructors are expected to meet their classes regularly and at scheduled times. Instructors will notify their units if they are to be absent and if appropriate arrangements have not been made so that suitable action may be taken by the unit if necessary.
5. Instructors of courses in which assistants are authorized to perform teaching or grading functions shall be responsible for acquainting such individuals with the provisions of this Code and for monitoring their compliance.
6. Instructors are expected to schedule and keep a reasonable number of office hours for student conferences. Office hours should be scheduled at times convenient to both students and instructors with the additional option of prearranged appointments for students when there are schedule conflicts. The minimum number of office hours is to be agreed upon by the teaching unit, and specific times should be a matter of common knowledge.
7. Instructors who are responsible for academic advising are expected to be in their offices at appropriate hours during advising and enrollment periods. Arrangements shall also be made for advising during registration.

Hearing Procedures

1. Students may register complaints regarding an instructor's failure to comply with the provisions of the *Code of Teaching Responsibility* directly with that instructor.
2. Students may also take complaints directly to teaching units' chief administrators or their designates.* If those persons are unable to resolve matters to the student's satisfaction, they are obligated to transmit written complaints to unit committees charged with hearing such complaints. A copy of any complaint transmitted shall be sent to the instructor. A written report of the action or recommendation of such groups will be forwarded to the student and to the instructor, normally within ten working days of the receipt of the complaint.
3. Complaints coming to the University Ombudsman* will be reported, in writing, to chief administrators of the teaching units involved when in the Ombudsman's opinion a hearing appears necessary. It will be the responsibility of chief administrators or their designates to inform the instructor and to refer such unresolved complaints to the unit committees charged with hearing such complaints. A written report of the action or recommendation of such groups will be forwarded to the University Ombudsman, to the student, and to the instructor, normally within ten working days of the receipt of the complaint.
4. Students wishing to appeal a teaching unit action or recommendation may do so as outlined in *Academic Freedom for Students at Michigan State University*, *Graduate Student Rights and Responsibilities*, or *Medical Student Rights and Responsibilities*.

*Such complaints must normally be initiated no later than the middle of the semester following the one wherein alleged violations occurred. Exceptions shall be made in cases where the involved instructor or student is absent from the University during the semester following the one wherein alleged violations occurred.

Conflict of Interest in Educational Responsibilities Resulting from Consensual Amorous or Sexual Relationships^{1,2}

(All-University Policy)

An amorous or sexual relationship between a student and a faculty member, a graduate teaching assistant or another University employee who has educational responsibility for that student may impair or undermine the ongoing trust needed for effective teaching, learning and professional development. Because of the faculty member, graduate assistant or other employee's authority or power over the student, inherently conflicting interests and perceptions of unfair advantage arise when a faculty member, graduate teaching assistant or other employee assumes or maintains educational responsibility for a student with whom the faculty member, graduate teaching assistant or other employee has engaged in amorous or sexual relations.

It is, therefore, the policy of Michigan State University that each faculty member, graduate teaching assistant and other University employee who has educational responsibilities for students shall not assume or maintain educational responsibility for a student with whom the faculty member, graduate teaching assistant or other employee has engaged in amorous or sexual relations, even if such relations were consensual. Whether such amorous or sexual relationships predate the assumption of educational responsibility for the student, or arise out of the educational relationship, the faculty member, graduate teaching assistant or other employee shall immediately disclose the amorous or sexual relationship to the relevant unit administrator, who shall promptly arrange other oversight for the student.

In unusual circumstances, the achievement of the affected student's academic requirements may necessitate continued oversight of the affected student by the faculty member, graduate teaching assistant or other University employee who has engaged in amorous or sexual relations with that student. In such circumstances the unit administrator shall, therefore, have authority, after consulting the affected student, to permit the continued oversight of the affected student by the faculty member, graduate teaching assistant or other University employee, provided that the faculty member, graduate teaching assistant or other University employee shall not grade or otherwise evaluate, or participate in the grading or other evaluation of, the work of the affected student, and that the alternative arrangements for grading or evaluating the affected student's work treat the student comparably to other students.

Disorderly Assemblages or Conduct

(Ordinance 15.00)

.01 No person shall, without authorization, assemble together anywhere on the campus for the purpose of creating any excessive noise or disturbance, riot, raid, or disruption, or assemble in a manner which obstructs the free movement of persons about the campus or the free and normal use of University buildings and facilities, or prevents or obstructs the normal operations of the University.

.02 No person shall disrupt the normal operation of any properly authorized class, laboratory, seminar, examination, field trip or other educational activity of the University.

.03 No person shall disrupt the normal use of any campus building or area which has been assigned or scheduled by appropriate means for educational or extracurricular activities. Included within, but not limited to the foregoing, is the use of appropriate buildings or areas for dramatic or musical presentations, lectures, athletic events, military exercises, orientation meetings, registration, commencement ceremonies, and placement activities.

.04 No person shall use public address equipment, bullhorns, or other methods of sound amplification anywhere upon the campus except through written permit by the Secretary of the Board of Trustees.

.05 No person shall disrupt the normal activity or molest the property of any person, firm or agency while that person, firm or agency is carrying out service, activity or agreement for or with the University.

.06 No unauthorized person shall enter upon the playing area of any athletic contest or exhibition while said contest or exhibition is in progress.

.07 No person shall project or drop any object which could cause injury, damage or interference in the spectator or playing area during any athletic contest or exhibition.

.08 No person shall enter or attempt to enter into any dance or social, athletic, theatrical or other public event without a ticket of admission to such event when such tickets are required, or enter or attempt to enter contrary to any established rules or qualifications for eligibility for attendance at such events as provided by the sponsors. No person ineligible to attend such events shall loiter about the premises where such an event is being held.

.09 No person shall enter any steam tunnel, mechanical room or boiler room unless required to do so in the proper performance of assigned University duties.

.10 No person shall make, or continue, cause or permit to be made, orally or by use of any device, any unnecessary noise

1 The Board of Trustees approved this policy statement on November 8, 1996. The Board of Trustees adopted a subsequent motion which emphasized the view of the Board that consensual amorous or sexual relations between faculty and students are discouraged.
2 Other relevant policies include "Supervision of Academic Work by Relatives" and "Conflict of Interest in Employment"

disturbance. Noncommercial public speaking and public assembly activities conducted on any public space or public right of way shall be exempt from this section, except as otherwise provided herein.

The following acts, and the causing thereof, are hereby declared to be violations of this section: Sound Production and Reproduction System. The playing, using or operating, or permitting the playing, using or operating, of any television or radio receiving set, musical instrument, or other machine or device for producing, reproducing or amplifying sound, in such a manner as to create a noise disturbance, or at any time with a louder volume than is reasonably necessary for convenient hearing for the person(s) present in the room, vehicle or other place in which such instrument, machine, set or device is operated and who are voluntary listeners thereto. The operation of any such television or radio receiving set, instrument, machine or device between 11:00 p.m. and 7:00 a.m. of the following day in such a manner as to be plainly audible at a distance of seventy-five feet from the building, structure, vehicle or other place in which it is located shall be prima facie evidence of a violation of this section. This subsection shall not apply to noncommercial speech.

Distribution of Literature

The right of students to express opinions and communicate ideas in writing is viewed by the University as fundamental, subject to regulation only with regard to the manner of distribution, and the identification of the author. For this reason, the over-riding principles governing student publications are contained in the document codifying student rights and responsibilities, *Academic Freedom for Students at Michigan State University*, specifically in Article 6, entitled "Independent and University-supported Student Publications."

Distribution of Material in Residence Halls

(Student Group Regulation)

1. Mailbox distribution

Material may be placed in University residence hall mailboxes provided it qualifies as one of the following:

- a. U.S. mail.¹
- b. Campus mail with student's name and room number.
- c. Material from hall directors, Department of Residence Life, area directors, management, area managers, hall government or Residence Halls Association (RHA).

- d. Registered student organizations, living unit organizations, major governing groups and ASMSU, if the material carries the student's name and room number. RHA is excepted from this provision.
- e. Material presented to the desk receptionist if the material has the student's name and room number. (This is to be understood as communication between individuals, not mass distribution.)

The above procedures are to protect all the occupants of the halls from mass distribution of material that is generally not of interest to the majority of the occupants; to protect the privacy of the individual; and to facilitate a method of circulation which is feasible and effective.

2. Free-will, pick-up distribution

Mass distribution of material, on a free-will, pick-up basis, may be accomplished in the University residence halls at the designated distribution center. Any University or student group or organization may distribute at this center, provided the name of the individual or individuals responsible for the material appears on the item to be distributed. If the organization or group is registered or has obtained a charter, the name of the organization shall appear on the material. This material may be removed after three days of exposure.

Any petitioning or leafleting within the halls which requires the use of hall space requires the permission of that hall government, manager, and hall director. Halls which have no organized, functioning government refer jurisdiction to RHA, the area manager, and the area director.

3. Door-to-door distribution

There shall be no door-to-door distribution of any nature.

4. Commercial distribution

No advertising for commercial and/or non-University interests shall be permitted, other than regular United States mail fully addressed with the student's name and room number.

5. Bulletin boards

- a. All notices and publicity for recognized and authorized student organizations (registered student organizations, living unit organizations, major governing groups, and ASMSU) to be posted in residence halls shall be cleared through the Department of Residence Life, G-64 Wilson Hall.
- b. All other notices or publicity shall be cleared by the hall director. A blanket approval may be issued by the manager of residence halls or Department of Residence Life.
- c. No advertising for commercial interests will be permitted.
- d. Size of notices and publicity shall not exceed 12 inches x 18 inches.

¹ U.S. postal regulations entitle incumbent U.S. senators and representatives to send first class mail to their constituents without full names and addresses. Accordingly, such mail delivered to residence halls will be distributed to residents' mail boxes.

- e. Each individual residence hall shall have final authority to make exceptions in regard to its policy of bulletin board maintenance.

6. Violation of this policy

- a. Any student in a University residence hall who does not comply with this policy will be referred to the student's hall director. The staff member may refer the student to the hall judiciary if deemed necessary.
- b. Any other student will be referred to the Office of the Vice President for Student Affairs and Services.
- c. Any individual outside the University community who does not comply with this policy will be referred to the proper authorities.

7. Revisions

Any revision of any part of this policy must be approved by Residence Halls Association, the Department of Residence Life, the Department of University Housing, and the University Committee on Student Affairs.

Facilities and Services, University

1. All-University Policy for Use of Michigan State University Facilities and Services, Exclusive of Residence Halls, Food Stores and Kellogg Center, by Students; and for Revenue-Producing Projects of Students (Student Group Regulation)

a. Use of Facilities and Services

- 1) All qualified registered student organizations, living unit organizations, major governing groups, Council of Graduate Students (COGS), and Associated Students of Michigan State University (ASMSU) are to be allowed to use University facilities and services. These activities and their time, place, and manner must be scheduled according to University policies and procedures. The activity for which a facility is requested cannot physically conflict with other previously scheduled events or interfere with basic ongoing facility requirements.
- 2) All events and meetings held on University property or in University facilities which are not "for members only" shall be deemed public meetings

open to the University community and any member of that community shall be admitted without discrimination as to race, creed, ethnic origin, age, political persuasion, marital status, disability status, sex, or sexual orientation.

Meetings and events which are "for members only" must be so designated when facilities are requested. In addition, the organization must have a record of the individual members prior to requesting facilities and may invite only the pre-determined membership to the meeting or event.

- 3) Security measures for public meetings shall be routinely cleared through and approved by the Department of Police and Public Safety. Should security procedures, as determined by the Department of Police and Public Safety, result in more than routine security costs, the additional costs shall be assumed by the group sponsoring the event. In the event that the sponsoring group contests the ruling of the Department of Police and Public Safety as requiring excessive precautions, the group may appeal the ruling under Article IV of *Academic Freedom for Students at Michigan State University*.

b. Revenue-Producing Projects

- 1) For the purposes of this policy, all activities involving the collection of money by student groups are defined as revenue-producing projects. Revenue-producing projects include the selling of printed materials, political materials, student-produced goods, student-provided services, the selling of tickets and/or charging admission to public activities or events, the soliciting of voluntary contributions, and the selling of other goods and services.
- 2) No revenue-producing event held on campus or in University facilities may directly benefit financially the individual officers and/or members. Any exceptions to this must be approved through the Student Affairs and Services Division.
- 3) Only registered student organizations, living unit organizations, major governing groups, COGS, and ASMSU may conduct revenue-producing projects on campus.
- 4) Registered student organizations sponsoring revenue-producing events on the campus or in University facilities must have a University financial account and all revenues and expenditures of the revenue-producing event must go through this account unless the revenues are under \$50 per day. The University, through the Student Affairs and Services Division, reserves the right to review and audit this account.
- 5) All revenue-producing projects must be registered with the Student Affairs and Services Division except:

- a) Revenue-producing projects in which only the membership of the sponsoring registered student organization or living unit organization is solicited.
 - b) Sales of student and University publications. (This shall be in accordance with the guidelines established in *Academic Freedom for Students at Michigan State University*.)
- 6) The following guidelines are established and apply to all revenue-producing projects conducted on campus:
- a) The date, location, and a brief description of the revenue-producing project must accompany the registration which must be signed by the sponsoring organization's advisor and presiding officer. These signatures will indicate the sponsoring organization's approval of said project.
 - b) The sponsoring organization assumes all responsibility for conducting a revenue-producing project in compliance with the ordinances, written policies, and regulations of Michigan State University.
 - c) The establishment of booths and/or door-to-door solicitation for the purpose of selling literature, publications, goods and services, and tickets is prohibited in any classroom building. An exception to this shall be made for those events held in classroom buildings which require a ticket or admission charge for admittance or solicit a voluntary contribution. In these instances, the sale of tickets or the collection of the admission charge, or the solicitation of the voluntary contribution may take place at the approximate time of the event and in the area of the classroom building designated for the event.
 - d) The establishment of booths and/or tables for selling literature, publications, permitted goods and services, and tickets, and the solicitation of voluntary contributions is permitted in the main concourse of the MSU Union and in the lobby of the International Center.
 - e) Revenue-producing projects conducted on campus, outside of campus buildings, may not interfere with the use of streets, sidewalks, and building entrances or classes, and other organized educational activities.
 - f) Organizations may be required to pay a standard service charge only for any additional University services that might be required because of the revenue-producing project. There may also be a rental charge for the use of some facilities. The decision to assess such charges may not be based on the method of collection of revenues, the purpose of the

revenue-producing project, or the nature and/or composition of the sponsoring group.

2. Use of Space in Residence Halls

(Student Group Regulation)

Residence halls at Michigan State University have been designed to include multipurpose space for academic, social, cultural, governmental, and recreational programs. Residence hall space is primarily for the use and benefit of those students who reside in residence halls during a regular academic semester (which is defined as the first day of hall opening through hall closing for that semester). For this reason, the recognized governing body of a hall or its authorized representative, the manager, and hall director are responsible for the granting of permission to use space in that hall. (The manager and hall director will assume all responsibility if a student government does not exist in a given hall.) These three groups should not become simply a booking agent, but should recognize that through their responsibility for reserving hall space they can provide hall residents with opportunities for an expanded range of experiences and involvement. This responsibility includes both educational and financial considerations which extend beyond the mechanics of booking rooms. Furthermore, this responsibility must include a concern for the safety and security of the residents and the hall.

a. General Guidelines for Space Use

- 1) Initial contact for the approval and booking process for use of classrooms, kivas, lounges, conference rooms, dining rooms, and similar space, outside of regularly scheduled day and evening classes within a particular hall is initiated by contacting one of the three groups necessary for approval — the hall director, the hall manager, or the hall student government. In this initial contact the steps in the approval and booking process specific to the particular hall will be explained.
- 2) The hall student government, hall director, and hall manager shall develop and have available copies of its specific policy for use of space within that particular hall. It shall include:
 - a) procedures for obtaining approval and registration for use of space.
 - b) the means and procedures for covering labor, set-up and clean-up costs; the method of financing; the collection of deposits, if applicable; and the assessment of damage charges to the person and/or the group making the booking.
 - c) a list of groups that have automatic approval to book specific facilities for meetings

- through the manager's office for the purpose of making booking regularly scheduled meetings more expedient. These groups could include academic groups located within the hall, residential colleges within the hall, hall governments, advisory staff, management and possibly other groups as appropriate.
- d) a list of the facilities in the hall which are available and any limitations on the use of each facility which are appropriate including fire safety limitations.
 - e) a list of the specific groups in a given hall that qualify as "within-hall groups" as defined in Section 2.b.
 - f) a statement about "other groups" as defined in Section 2.b. of this policy. This statement will allow for an individual hall to restrict its space based on such considerations as the size of the group, alcohol use, and the nature of the activity.
 - g) a statement which indicates the closing hours for events. All events or activities held within the living area are expected to end at hall closing—12:00 midnight, Sunday through Thursday and 1:00 a.m., Saturday and Sunday mornings. However, halls may identify specific facilities outside the living area which could be used for events continuing past closing. Such events may be planned only by "within-hall groups." The facilities for such events must be in locations which result in no disturbance to residents in the living areas. If such facilities can be identified in a given hall and agreed upon by hall government, the hall director, and the manager, a proposal for such an after-hours policy should be forwarded for examination and approval by the Area Director and Area Manager. Such a proposal should also contain explicit expectations for the way in which the hall escort policy will be maintained during such events without excessively overburdening the night receptionist. It would include, furthermore, a stipulation that such events will end promptly at the agreed upon closing time at the initiative of the residents planning the event and without the need for intervention by advisory staff. Subsequent to approval of such a policy, only the hall director, hall manager, and hall government will need to give approval for a given event.
 - h) procedures to be taken against a group which violated agreements or policies governing the use of residence hall space.
 - i) other, as may be appropriate to each individual hall.
- 3) Carpeted dining rooms may be used for dances if a suitable floor covering is provided to protect the carpeting. If damages to carpeting occur as a result of dances or any other activity, the use of dining rooms for such purposes will be discontinued.
 - 4) Food service, cleaning, set-up, and similar services must be secured through the hall manager. Listed below are general guidelines and exceptions to these guidelines may be made by the hall manager according to limitations of that particular hall or the requirements of a given event:
 - a) Events requiring food service need two weeks advance notification after approval is obtained and booking procedures completed.
 - b) Events requiring special set-up or maintenance need one week advance notification after approval is obtained and booking procedures completed.
 - c) Events requiring no special set-up need three working days advance notification after approval is obtained and booking procedures completed.
 - 5) Since approval for use of residence hall facilities must be made jointly by the hall government, the hall director, and the hall manager, any one of the parties may veto the use of a hall facility by any group. Such an action should be based upon a sound rationale: for example, a group which failed to fulfill its obligations in the past might be disallowed any further use of space. Primary responsibility for such decisions exists at the hall level and any dissatisfaction with such a decision should be discussed, first, at the hall level. An appeal is possible, but not to be considered routine, if a group thinks it has been treated unjustly. An appeal board consisting of the area director, area manager, and RHA designate can be convened by contacting one member.
 - 6) Any event involving the collection of funds shall comply with the *All-University Policy for Use of Michigan State University Facilities and Services*, exclusive of Residence Halls, Food Stores, and Kellogg Center by Students; and for *Revenue-Producing Projects of Students* and with *Ordinance 27.00* regarding selling and advertising. Only those organizations specifically enumerated in these policies shall be eligible to collect funds for any event.
 - a) All student revenue-producing events fall under the jurisdiction of ASMSU, RHA, and the Student Life Department. Such events must be registered with the Student Life Department prior to seeking hall space. (Information on procedures for registration of revenue projects is available in the Student Life Center, 101 Student Services.)

- b) Granting permission to use hall space for such revenue producing events remains the responsibility of the hall government, hall director, and hall manager.
- 7) Any group requesting use of space in a hall for an event which involves the use of alcoholic beverages must also secure registration and approval for the event under the guidelines of the Administration Ruling (Use of Alcohol) and the alcohol policy of that hall in which the event will be held.
- 8) Advertising for any event must follow established procedures. (See policy for *Distribution of Material in Residence Halls, Fundraising and Revenue-Producing Projects, and Signs.*)
- 9) Any petitioning or leafleting within the halls which requires the use of hall space requires the permission of that hall government, manager, and hall director. Halls which do not have an organized, functioning government defer jurisdiction to RHA. (See also: *Distribution of Material in Residence Halls and Guidelines for Campaigning, Canvassing, and Petition Drives on the Michigan State University Campus*, in the Student Life Center, 101 Student Services.)
- 10) Once space is approved for an all-University event/meeting to be held in residence hall facilities it shall be deemed a public meeting or event open to the entire University community. Any member of that community shall be admitted without discrimination due to race, creed, religion, national origin, sex, or sexual orientation. Similarly, any activity, event, or meeting approved for a house, hall, or complex shall be open to their members of the specific community without discrimination.

Exceptions to the above such as special meetings or events which are "for members only" must be so designated when facilities are requested and advertised as such. In addition, the organization must have a record of individual members prior to requesting facilities and may invite only the pre-determined membership.

- 11) Formally scheduled classes should be conducted in facilities scheduled for that purpose unless prior approval for change is obtained from the academic department, the Office of Space Utilization, the hall manager, the hall governing body, and the hall director.
- 12) Should the need for special academic services occur, (i.e., testing, tutoring, help sessions, or make-up classes) prime consideration should be given to making such space available.
- 13) Groups which fail to adhere to the responsibilities outlined in this policy or specific hall policies may be denied future use of space. However, before disciplinary/ administrative action can be taken

against a group, the basic tenets of due process must be followed.

- a) The group shall be informed in writing that they are accused of space use policy violations. The disciplinary/ administrative process may be initiated by either the hall government, the manager or the Residence Life staff.
- b) The group shall have the opportunity to defend itself against the alleged accusations to a committee comprised of representatives of the hall government, management and Residence Life staffs. If an allegation is not contested by the group, the decision of the hall government, management and Residence Life staff becomes effective.
- c) The group shall be informed, in writing, by the hall government, management and Residence Life staff of any disciplinary/administrative action being taken against it. Specific restrictions or sanctions should be detailed and included in the written notification.
- d) Final appeal may be addressed to a committee comprised of the Area Director, Area Manager and RHA representative.
- e) RHA, the Department of Residence Life and the Department of University Housing will keep a list of groups not adhering to the responsibilities outlined in this policy and will make such information available, upon request, to the halls.

b. Use of Space by Within-Hall Groups

The following guidelines as well as the general guidelines shall apply to the use of space for student groups within a particular hall.

- 1) Within-hall groups qualify for the use of residence hall facilities. Such within-hall groups and activities include three major categories:
 - a) an event or activity planned by the hall, house, or hall government and, 1) attended solely by residents of that hall, or 2) attended by residents of that hall and their invited guests.
 - b) an event or activity planned and attended by a hall group, which has been formally recognized by the hall government, and that group's invited guests. Hall groups which are so formally recognized are those which have received financial appropriations from the government, or have been formally approved and registered by the government (i.e., photography group, weightlifting group, Black Caucus, radio station). Such groups should be listed in the space use policy of each hall.

- c) an event or activity planned and attended by resident members of the residential college or academic unit housed within that hall and their invited guests.

2) Within-hall groups must assume responsibility for the meetings, events, or activities they plan. If a particular group does not have demonstrated financial resources (i.e., a University account) a representative of that group must sign a statement agreeing to assume financial responsibility for any charges.

3) Within-hall groups may not sponsor activities of groups which fall under Section 2.c., "other groups," thus giving the event "within-hall group" status and thereby circumventing the specific provisions of Section 2.c. which pertain to "other groups."

4) Charges for within-hall groups or activities are under the following guidelines. These procedures differ from those for other groups outside the specific hall for two reasons: first, these residents have paid for the use of these facilities through their room and board; second, these groups have recognized financial resources available through the hall government.

a) Charges are not rental charges, but represent additional labor, supplies, material, or repair costs required to accommodate the event. The unit manager, in conjunction with Residence Life staff and student government representatives, determines whether or not volunteer help can be accepted to assist in set-up or clean-up. Care should be taken in planning events with respect to day, time, and location, so as to utilize all facilities to the best advantage with lowest possible labor costs.

b) Charges for set-up and clean-up are made if an event is presented for residents of a hall or complex and an admission, collection, or donation is accepted from participants.

c) Charges are made for any event sponsored for all students in residence halls or all University students regardless of whether the event is free or by paid admission.

d) Should an admission or donation be requested solely for the purpose of covering costs (not to raise funds) no charges other than for damages will be assessed, provided tickets are used and a statement of income and expenses for the event is presented by the government to the hall manager. If a profit is realized, charges will be assessed.

e) Charges will be made if additional labor is required to prepare the space for use the following morning.

f) Charges are made for the use of hall dining rooms where major set-up or cleaning is required. However, the following halls are entitled to one such event each term at no charge so long as the event is non-profit. (This is due to the lack of multi-purpose space adequate to accommodate all residents at a given hall event.)

Mason-Abbot	West Circle Halls
McDonel	Wilson
Owen	Wonders

c. Use of Space in Residence Halls by Other Groups

1) Groups other than the within-hall groups outlined in Section 2.b. of this policy should be directed to use other facilities on campus unless their program, meeting, or event is of direct interest and benefit to the residents of a given hall.

2) Only those non-residence hall organizations as stipulated in Section a. (1) of the All-University Policy for Use of Facilities and Services are eligible to request permission. This section lists registered student organizations, living unit organizations, major governing groups and ASMSU. Guidelines in this section as well as the general guidelines in Section 2.a. pertain to these groups requesting space in a residence hall.

3) All events planned by groups under this section must end by hall closing.

4) Hall government, hall director, and the manager shall require the organization requesting to use space to handle the following:

a) Cash deposit (as necessary depending on the nature of the activity).

b) Payment as necessary for set-up, clean-up, and damage.

c) Collection of funds.

d) Staffing for supervision and enforcement of existing building and/or University regulations, ordinances, and policies.

e) Admission procedures.

f) The signature of a group representative on a statement of liability and responsibility.

5) All groups which fall under this section and which request the use of space in a residence hall shall be charged a deposit for the use of that space according to the hall's individual policy. Such a deposit will vary depending on the facility requested and the nature of the activity or event. The deposit shall be returned to the organization when all charges for labor, set-up, physical damage, or

similar expenses are paid. A deposit shall not be retained for reasons other than payment for services or physical damage. NOTE: Facilities cannot be rented.

- 6) Organizations receiving permission to use facilities will be held responsible by the hall government, hall director, and manager and will be charged for any costs to the hall or University (labor, supplies, materials, damages, etc.) incurred by their activity within the hall. A representative of the organization must sign an agreement with the hall manager accepting financial responsibility. Failure by the group to pay any charges will result in a hold card against the group's representative based on his or her contractual agreement. In addition, judicial action may be undertaken, future requests from that group may be denied and/or a request may be made to ASMSU to revoke that group's status as a registered student organization.

3. Residence Halls Association Conference Housing Policy (Student Group Regulation)

a. Introduction

Residence halls at Michigan State University are intended for the use of the students who live in them. Frequent housing of guests, therefore, becomes an imposition on the residents, and, because of this, housing for a conference during the academic school year is a distinct privilege which can be extended to only a few of the many worthwhile groups.

University Housing does not book conferences utilizing occupied student rooms during the academic year. However, a variety of conferences are held in halls during the summer months. They are generally placed in halls not occupied by students. Conferences held between terms (e.g., FFA Conference) utilize common areas only and/or empty rooms, and unoccupied student rooms.

The following Residence Halls Association (RHA) conference policy applies only to student conferences held during the academic year.

b. Procedures for Obtaining Permission to House Conference Delegates in Residence Halls:

- 1) Tentative approval for the conference must first be obtained from the Associated Students of Michigan State University (if the sponsoring group is a registered student organization), or from a department of the University.

- 2) Following tentative approval, the sponsoring group must complete the conference housing application. The application should be returned to Residence Halls Association at least six months (during which school is in session) prior to the planned conference.

- 3) The application must be approved by:

- a) Residence Halls Association
- b) Department of Residence Life
- c) The Department of University Housing
- d) All individual halls in which housing is desired

- 4) After RHA has approved the conference, a coordinator will be assigned from the central staff of RHA. The coordinator will assist in making all further arrangements for housing, feeding, and other facilities.

- 5) The group sponsoring the conference will be financially responsible for all costs incurred, including meals, linen, keys, rental of meeting rooms, stolen articles, and damage to the facilities used.

- 6) No later than 15 days prior to the conference, the sponsoring group must submit to the conference coordinator the exact number of delegates to be housed (with names and room numbers if possible).

Financial Accounts—Student Organizations

(Student Group Regulation)

1. General Policy

- a. The University does not require student organizations to have their financial accounts with the Controller's Office. They are, however, encouraged to follow good accounting principles and effective financial control of their funds.
- b. Registered student organizations, on-campus living unit organizations, major governing groups, Associated Students of Michigan State University, and Council of Graduate Students may request to have a financial account with the Controller's Office, and shall be given an account upon request.

- c. Registered student organizations sponsoring revenue-producing events on the campus or in University facilities must have a University financial account and all revenues and expenditures of the revenue-producing event must go through this account unless the revenues are under \$50 per day. The University through the Student Affairs and Services Division reserves the right to review and audit this account.
- d. Student organizations having the right to use University facilities and services have the option of paying for the use of University facilities and services either by cash, or through their University account, if such an account exists. The University may require that cash payments be made in advance.
- e. A signature card designating the person and/or persons authorized to sign forms calling for the expenditure of funds from the organization's University account must be on file with the Controller's Office. Organizations are not required to designate an advisor as the authorized person.
- f. Student organizations and their officers are responsible for any financial obligations incurred by the organization and for any overdraft in their University account.
- g. The University will not be obligated to process authorized expenditures, if there are not sufficient funds in the student organization's University account. All other authorized expenditures will be processed, unless prohibited by law or applicable University regulations.
- h. If a registered student organization fails to re-register by the end of the second week of the fall term, the organization's account will be closed automatically.

2. Procedures (Administrative Ruling)

Procedures related to financial transactions involving the use of a University account have been developed and approved by the Controller's Office. Copies of these procedures may be obtained in the Controller's Office (Accounting Department, 360 Administration Building) or in the Student Life Center, 101 Student Services.

.01 No person shall possess any firearm or weapon anywhere upon property governed by the Board. Persons residing on property governed by the Board shall store any and all firearms and weapons with the Department of Police and Public Safety.

.02 No person shall possess any chemical, or other dangerous substance or compound, with the intent of using the same to injure, molest, or coerce another, anywhere upon property governed by the Board.

.03 The use of any firearm or weapon is prohibited upon property governed by the Board except those areas specifically set aside and supervised at range facilities, or as part of the regular education process, or as outlined in Ordinance 37.02 (wildlife) and its subsections.

Fires

(Ordinance 19.00)

... Except in connection with approved University activities and authorized University operations, no person shall set a fire upon property governed by the Board, except in approved stoves, or in grills in designated picnic areas. It shall be a violation of this Ordinance to set a fire upon property governed by the Board which is not approved, as provided.

Food, Public Sale on Campus

(Administrative Ruling — Applicable to University employees as well as students.)

Food offered for public sale on the campus must, in general, be handled only through the facilities of the Division of Housing and Food Services. This policy does not affect departments or colleges which have established cooperative coffee services that are offered only to their staff and guests. Such service, by agreement, is limited to donuts, rolls, coffee, and soft drinks.

In order to accommodate University organizations, both student and staff, who want the option to offer limited food service to invited guests either as a service to these guests or as a money raising project (or both), and in order at the same time to protect the University and its public, the University allows organizations to offer food for sale under the following guidelines or conditions.

- a. Sales shall be limited to special events or projects and not for general sale to the campus public.
- b. Location and/or time must be such that sales would not be in competition with an established

food service. (When the University has a food operation in a building, food will be sold only by that unit.)

- c. Location must meet health standards of the State of Michigan. These locations will be inspected by the Housing and Food Services Division with any needed help from the University sanitarian.
- d. Only packaged or prepared food may be served, including but not necessarily limited to donuts, soft drinks, and packaged snack items.
- e. No food requiring preparation by health certified personnel may be served. Food prepared by outside vendors is not approved.
- f. Food may be obtained from the Concessions Department and charged at cost plus handling.
- g. The sponsoring organization must be responsible for any loss of or damage to loaned equipment.
- h. This organization must also be responsible for cleanup of any academic or other facilities and arrangements must be cleared with Physical Plant for any such needed service. An appropriate job request will be necessary for this.

(NOTE: Student organizations offering food for sale must register the event and/or activity according to Section b, "Revenue-producing Projects" of the *All-University Policy on University Facilities and Services* and have it reviewed by the Housing and Food Services Division.)

Fund-Raising and Revenue-Producing Projects

See: *Selling and Advertising and Facilities and Services*
1.b. "Revenue-Producing Projects"

Funding Student-Sponsored Programs and Activities by University Administrative Units, Criteria for

Freedom of expression and communication is recognized as essential to the basic purposes of the University. "The freedom and effectiveness of the educational process depends upon the provision of appropriate conditions and opportunities for learning in an environment that is supportive of diversity among ideas, cultures, and student characteristics." (Academic Freedom Report, Article 2.1.1, *Spartan Life*).

Within this context, student organizations can further opportunities for learning through co-curricular programs which they sponsor. The Outside Speakers Policy specifically encourages student groups to invite speakers to the campus in order to foster free inquiry and "to encourage the timely discussion of a wide variety of issues, provided that the views expressed are stated openly and, therefore, are subject to critical evaluation." (*Spartan Life*).

Student groups may seek funding for the programs they choose to sponsor from a variety of sources.

The All-University Policy on Student Fee Collection, (*Spartan Life*), provides for students to tax themselves in order to provide programs and services of particular interest to members of the student body. Further, the University has specific provisions, under the All-University Policy for the Use of Michigan State University Facilities and Services (*Spartan Life*), whereby student groups can utilize University facilities and services for revenue-producing projects. Under this policy student groups may sell tickets or charge admission to public activities or events, as well as solicit voluntary contributions or sell student-produced goods and student-provided services. In order to support their programs and activities, student groups are encouraged to look to revenue-producing projects and funding from those student organizations that distribute student tax revenues.

Beyond utilization of student tax dollars and revenue-producing projects, student groups may solicit the support of other student groups on campus to co-sponsor programs of mutual interest.

University funds may be provided directly to student groups by administrative units for student-sponsored programs and activities if the following criteria are met.

1. The group must be either a registered student organization or student governing body recognized by the University.
2. The funds allocated must be designated for defined programmatic purposes, e.g., conferences, speakers, exhibits.
3. Allocations of funds should, in the judgement of the unit(s), promote the educational, programmatic objectives of the unit(s).
4. In the absence of actual unit sponsorship, allocations by an administrative unit must serve to supplement funding, not provide sole support for programs and activities under the auspices of a student organization.
5. The amount of any allocations typically reflects factors such as the overall budget a student group believes is needed to meet its program objectives, the available sources of funding for student-sponsored programs and activities, the availability of funds within the unit for such purposes, and the unit's practice of funding similar programs and activities.
6. Administrators shall advise student groups that any programs and activities funded by an administrative unit must meet the requirements set forth in University policies and Student Group Regulations, e.g., the Outside Speakers Policy, the All-University Policy for Use

of Michigan State University Facilities and Services, and the Anti-Discrimination Policy.

7. Administrators who allocate funds to student organizations are held accountable for these allocations and their programmatic implications within the context of the University's usual procedures. The unit must maintain a record of funds directly allocated to student organizations. Further, for public events (e.g., outside speakers), the unit's contribution to the event should be visible on materials related to the program.

These criteria do not apply to activities for students sponsored by administrative units.

Holds on Enrollment, Registration, Readmission, and University Services

(Administrative Ruling)

Authority for Hold Use

1. Financial Holds

The Vice President for Finance and Operations and Treasurer is responsible for the collection, custody and accounting for all monies due the University. Holds may be employed to collect any financial obligations due to the University's operating funds or to student loan funds.

2. Judicial Holds

The procedures for student discipline are specified in *Academic Freedom for Students at Michigan State University, Graduate Student Rights and Responsibilities, or Medical Student Rights and Responsibilities*. Administrative officers and judicial bodies are specifically authorized under this administrative ruling to request of the Provost or the Vice President for Student Affairs and Services the use of the judicial hold to enforce a "suspension" decision against a student, and to contact a student to notify him or her of an alleged violation of a regulation and pending judicial or administrative proceedings.

3. Academic Holds

Academic holds are used to assure that students abide by reasonable rules and regulations as a condition of admission to and retention in the University. Agencies of the University and academic administrators are authorized under this administrative ruling to initiate use of the academic hold for this purpose.

4. Administrative Holds

Administrative holds are also used to assure that students abide by reasonable rules and regulations as a condition of admission to and retention in the University. Agencies of the University and academic adminis-

trators are authorized under this administrative ruling to initiate use of the administrative hold for this purpose.

Criteria for Hold Use

1. Financial Holds

Criteria for use of the financial hold shall be as follows:

- a. Holds may be employed to collect any financial obligations due to the University's operating funds or to student loan funds. Examples of these obligations are: student tuition, residence hall room and board, deferred payments, traffic violations, charges for damages to University property, University housing apartment rent, past due loans, library fines, bad checks cashed by students or presented in payment of student indebtedness, charges originating in various operating units (such as the Health Center, MSU Union, Veterinary Clinic, etc.), overdrafts in student organization accounts, etc.
- b. Holds may not be used for collection of debts owed to any non-University agency. For purposes of this administrative ruling, registered student organizations, student government organizations and student newspapers are defined as non-University agencies. (Exception: ASMSU Student Loan Fund.)
- c. Except in the case of bad checks, holds may be used only in those cases in which the student has been given or sent adequate notice of his or her indebtedness and warning of hold use prior to issuance of the hold.
- d. A current list of all University agencies authorized by the Vice President for Finance and Operations and Treasurer to issue holds shall be maintained by the Student Receivables Division, Controller's Office.
- e. Students are entitled to appeal the legitimacy of charges placed against them through established due process procedures. Students are expected to exercise these rights at the time of original notification of indebtedness.
- f. A student will not be permitted to enroll for courses, be registered, be re-admitted to the University, have an application for admission to a new program of study processed, or receive services such as transcripts and diplomas, if a financial hold has been placed on the student. Additionally, in some circumstances, financial aid processing may be withheld if a financial hold has been placed.
- g. If a student has enrolled for courses and has not paid the financial obligation which created the financial hold by a specified due date, the student will be dropped from the courses in which he/she is enrolled.

2. Judicial Holds

Judicial bodies and administrative officers may make use of judicial holds in two cases:

- a. Holds may be issued against a student who has been suspended under the procedures outlined in *Academic Freedom for Students at Michigan State University*, *Graduate Student Rights and Responsibilities*, or *Medical Student Rights and Responsibilities*, to prevent the student's reenrollment and/or registration.
- b. Holds may be issued against a student in order to require the student to appear at an administrator's office so that the student can be provided with a written statement of alleged violation of regulations and impending judicial or administrative proceedings when attempts to reach the student by certified mail and by telephone have proved unsuccessful.
- c. A judicial hold may prevent a student from being readmitted to the University, having an application for admission to a new program of study processed, enrolling in courses, and registering (paying of fees) depending upon the time within the academic semester when the hold is placed.
- d. The Office of the Vice President for Student Affairs and Services or the Office of the Provost shall authorize each instance of judicial holds under the terms of the criteria in the above sections.

3. Academic Holds

- a. The Provost and College deans and their designees are authorized to issue an academic hold which prevents a student from enrolling in courses and registering (paying of fees) because the student (1) has not met or needs to complete an academic requirement, e.g., has not declared a major, has failed to meet conditions of reinstatement or readmission, has failed to take the international student English proficiency test, has failed to supply required transcripts; (2) has been recessed or dismissed; (3) needs to see an academic adviser due to academic-related issues; or (4) has not met or needs to complete a recognized obligation incurred in the regular course of an academic program or in utilizing an academic service.
- b. The student shall have had reasonable opportunity to be informed of and to comply with the academic requirement and shall have been given or sent warning prior to issuance of a hold.
- c. To ensure that the above conditions and criteria are being met, the persons and agencies authorized to issue academic holds shall provide a copy of their hold use procedures to the Office of the Provost for review and approval.

Housing Policy, Student

(All-University Policy)

Michigan State University, in its housing system, seeks to provide an educational environment which is maximally conducive to the learning process of students. Consistent with this philosophy, a variety of living options that are supported by student fees is made available in University housing. The University has requirements for on-campus residence to promote an optimal learning environment for students. Any undergraduate student enrolled in seven or more credits at Michigan State University for a semester, summer semester excluded, is subject to the University's housing regulations. Compliance with the University housing policy is a condition of enrollment. Regulations and procedures are to be developed by appropriate administrative offices to ensure that this policy is implemented.

—Board of Trustees
—May 27, 1983

Housing Requirements and Procedures (Administrative Ruling)

In accordance with the University Housing Policy, the following stipulations apply:

1. **Freshmen and Sophomores**—All freshman and sophomore students, including transfer students (0 - 55 credits accumulated), are required to reside in University housing, with the following exceptions:¹
 - a. Married students
 - b. Students who will be twenty years of age by the last official day of registration fall semester of the current academic year (The current academic year is fall semester and spring semester.)
 - c. Veterans with one or more years of active service
 - d. Students living with parents or legal guardian
 - e. Students taking 6 or less credits during the semester in question.

2. **Juniors and Seniors**—Juniors and seniors are encouraged to live on campus. Moreover, the University will always seek to achieve some balance of juniors and seniors in each housing unit.

Enforcement

Those students for whom the housing requirement is a condition of enrollment will be asked to verify their adherence to it. Failure to maintain the required residency could result in termination of enrollment by the Division of Student Affairs and Services. Enforcement of the housing regulations is the responsibility of the Division of Student Affairs and Services. The housing requirement does not apply to students during a semester in which they are enrolled for 6 or less credits or during the summer semester. In any subsequent semester during which the student carries 7 or more credits the requirement will again become applicable.

Address

Every student is required to report his or her correct local address at the time of registration and to report any change of address thereafter. Failure to register the actual address at which he or she is living, or failure to notify the University of a change of address within five class days after the change becomes effective, will be considered as falsification of University records. (Change of off-campus address is made in the Office of the Registrar. Change of on-campus address is made in the office of the living-unit manager.)

Housing Contract

University housing contracts are in effect for the period stated in terms of the contract. Any student, regardless of class standing, is obligated to fulfill the duration of the housing contract unless an authorized release is obtained. (Note: Application for release may be made through the living-unit resident director or manager.) This regulation applies to all students (freshmen, sophomores, juniors, seniors, special and graduate) who enter into a contract for on-campus housing.

Assignment

Only those persons who have received official housing assignments may live in University housing.

Special Permission

Any student may apply for an exception to the housing requirements. Information on the special permission procedure and criteria for exceptions can be obtained by contacting the Judicial Affairs Office, 339 Student Services. Applications will be considered by a committee appointed by the Vice President for Student Affairs and Services. The committee will have one representative from each of the following offices: Department of Student Life, University Housing, Department of Residence Life, and Associated Students of Michigan State University. A student may appeal the decision of the committee to the Vice President for Student Affairs and Services.

Off-campus living units that were recognized by the University as "supervised" housing units in the Spring of 1983 will continue to be eligible to house students consistent with

¹ The sophomore student (28 - 55 credits accumulated) requirement may be waived by administrative action on a yearly basis.

past practice. Specific conditions that will ensure this eligibility will be developed by the Vice President for Student Affairs and Services and in consultation with appropriate off-campus living units. The residents of these units must be advised that the unit is neither supervised by nor under the jurisdiction of the University and that the University assumes no responsibility for the program, the facility, or persons associated with the unit.

Integrity of Scholarships and Grades

(All-University Policy)

The following statement of University policy was approved by the Academic Council and the Academic Senate, and serves as the definitive statement of principle and procedure to be used in instances of academic dishonesty.

1. The principles of truth and honesty are recognized as fundamental to a community of teachers and scholars. The University expects that both faculty and students will honor these principles and in so doing protect the validity of University grades. This means that all academic work will be done by the student to whom it is assigned, without unauthorized aid of any kind. (See *General Student Regulation 1.00, Scholarship and Grades*, for specific regulations.) Instructors, for their part, will exercise care in the planning and supervision of academic work, so that honest effort will be positively encouraged.
2. If any instance of academic dishonesty is discovered by an instructor, it is his or her responsibility to take appropriate action. Depending on his or her judgment of the particular case, he or she may give a failing grade to the student on the assignment or for the course.
3. In instances where a failing grade in a course is given only for academic dishonesty, the instructor will notify the student's academic dean in writing of the circumstances.
4. The student who receives a failing grade based on a charge of academic dishonesty may appeal to the University Academic Integrity Review Board a judgment made by a department, school, or a college. Refer to *Academic Freedom for Students at Michigan State University*.
5. When in the judgment of the academic dean, action other than, or in addition to, a failing grade is warranted, the dean will refer the case to the University Academic Integrity Review Board which shall have original jurisdiction. Refer to *Academic Freedom for Students at Michigan State University*.
6. In instances of academic dishonesty where the instructor feels that action other than, or in addition to, a failing grade in the course is warranted, the instructor will report the case to his or her departmental or school chairperson and to the student's academic dean. The dean will then refer the case to the University Academic Integrity Review Board which shall have original jurisdiction. Refer to *Academic Freedom for Students at Michigan State University*.

Residence Hall Room Entry Policy

(Administrative Ruling)

The University is respectful of, and committed to the protection of the student's right to privacy. The University also has responsibility to insure that the welfare of people on campus, the educational and service functions of the University, and the property of the University receive adequate attention and protection. To these ends the Room Entry Policy is established.

1.0 Room Entry

- 1.1 Residence Hall staff shall not enter a resident's room without permission of the student, unless under conditions of immediate and serious threat to the safety or well being of persons or property or for reasons stated in this Policy. Under such conditions a staff member may enter a student's room whether the residents are present or not. If it is believed such danger is connected with fire, chemicals, explosives, weapons, or other items that would cause serious personal problems or injury, the staff member should, if possible, contact the Department of Police and Public Safety for assistance. The same procedure is prescribed if the danger involves assault or other acts constituting possible jeopardy to persons or property. Others (staff or students) may be asked to assist in an emergency situation requiring room entry which threatens immediate harm to the safety of the individuals.
- 1.2 Staff may also enter into a student's room if the student is not present, to eliminate disruptive noise from electrical sound equipment which may violate an individual's right to sleep, study, read, etc., as defined in Section 1 of the Residence Hall Bill of Rights.
- 1.3 Entry of police officers into a student's room for purposes of investigation is governed by state and federal law. This includes, but is not necessarily limited to, officers in possession of a valid search/arrest warrant, hot pursuit, a safety emergency, or when a police officer has probable cause to believe a felony is being or has been committed by the individual therein.

- 1.4 Residence Hall staff shall not, except as noted in 1.1, 1.2 and 1.3, admit a third party to a student's room without a resident's permission.

2.0 Search

- 2.1 Staff are not to physically search a room under any circumstances.
- 2.2 A search of a student's room by the police for investigative purposes is governed by state and federal law. This includes, but is not necessarily limited to, a search with a search warrant, a search where the student has waived his/her rights, thereby permitting police search, or a search of the immediate area of an arrested subject incident to that arrest.

3.0 Seizure

- 3.1 If upon entering a room through the permission of a resident, a staff member observes the substance of a violation which constitutes an immediate threat to health, safety and welfare (e.g., firearms, combustibles, or explosives), the staff member should direct the disposition of the object or substance under the advice of the Department of Police and Public Safety. Subsequently, the student may be referred for judicial and/or legal action.

4.0 Physical Maintenance

- 4.1 For purposes of safety, sanitation, and general upkeep, the University reserves the right to enter a student's room at any time during the working day for the above purposes, whether a resident is present or not. In cases of emergency, rooms may be entered in the presence or absence of the room's occupants, at times other than regular working hours.
- 4.2 Between semesters, residence hall rooms are exclusively under the control of University Housing, and not of the student, even though the student plans to return to the same room the following semester. During these periods, the University reserves the right to inspect, maintain, and make repairs in the residence hall rooms. Further, the University reserves the right to replace damaged or obsolete furniture and to remove from the room without the owner's permission any objects or materials which constitute a safety or sanitation hazard, or are property of the University at any time.
- 4.3 Between semesters when maintenance staff is inspecting, cleaning and repairing rooms, the University shall exercise reasonable care with respect to protecting against the loss or theft of personal equipment belonging to the student. Beyond exercising reasonable care, however, the University cannot assume responsibility for items of a personal nature that are damaged, lost or stolen.

Sexual Harassment, Policy on

I. INTRODUCTION

Michigan State University is committed to maintaining a learning and working environment for all students, faculty, and staff that is fair, humane, and responsible - an environment that supports career and educational advancement on the basis of job and academic performance. Sexual harassment subverts the mission of the University and offends the integrity of the University community. It is reprehensible and is not tolerated at Michigan State University.

Sexual harassment is a form of unlawful gender (sex) discrimination. It may involve harassment of women by men, harassment of men by women, and harassment between persons of the same sex. Sexual harassment is made unlawful by Title VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, and Michigan's Elliott-Larsen Civil Rights Act. The University and the law also prohibit retaliation against persons who complain about alleged sexual harassment or who cooperate in an investigation of reported sexual harassment.

This Policy applies to all members of the University community - faculty, staff, and students.

II. PROHIBITION

Members of the University community shall not engage in sexual harassment. Persons who do so are subject to disciplinary action, up to and including discharge for employees and suspension for students.

III. DEFINITION

A. What is Sexual Harassment?

"Sexual harassment" means unwelcome sexual advances, unwelcome requests for sexual favors, or other unwelcome behavior of a sexual nature when:

1. submission to such behavior is made, explicitly or implicitly, a term or condition of an individual's employment or status in a course, program, or activity; or
2. submission to or rejection of such behavior is used as a basis for a decision affecting an individual's employment or participation in a course, program, or activity; or
3. such behavior is so severe, persistent, or pervasive that a reasonable person would find that it:
 - a) alters the terms or conditions of a person's employment or educational experience, or
 - b) unreasonably interferes with an individual's work or performance in a course, program, or activity, thus creating a hostile or abusive working or educational environment.

Sexual harassment involves unwanted sexual attention. However, a person's subjective belief that behavior is offensive does not make that behavior sexual harassment. The behavior must also be objectively unreasonable.

The determination as to whether behavior is sexual harassment must take account of the totality of the circumstances, including the nature of the behavior and the context in which it occurred. Sexually harassing conduct often involves a pattern of offensive behavior. However, a single instance of assaultive, physically threatening, or other especially abusive behavior may constitute sexual harassment.

B. Examples of Sexual Harassment

Many kinds of behavior may fit within the preceding definition of sexual harassment. The following list is not exhaustive.

- ◆ sexual assault
- ◆ threats or insinuations which lead the victim reasonably to believe that granting or denying sexual favors will affect her or his reputation, education, employment, advancement, or standing within the University
- ◆ sexual advances, sexual propositions, or sexual demands which are not agreeable to both parties
- ◆ unwelcome and persistent sexually explicit statements or stories which are not legitimately related to employment duties, course content, research, or other University programs or activities
- ◆ repeatedly using sexually degrading words or sounds to describe a person
- ◆ unwanted and unnecessary touching, patting, hugging, or other physical contact
- ◆ recurring comments or questions about an individual's sexual prowess, sexual deficiencies, or sexual behavior

Speech and expressive conduct can be sexual harassment. However, this Policy shall not be interpreted to abridge First Amendment rights or to infringe academic freedom, as defined in the Faculty Handbook, the Faculty Rights and Responsibilities policy, and the document entitled Academic Freedom for Students at Michigan State University.

Behavior of a sexual nature that is not sexual harassment may nonetheless be unprofessional in the workplace or disruptive in the classroom and, like other unprofessional or disruptive behavior, could warrant discipline.

IV. VIOLATIONS

A. Seeking Information on Sexual Harassment

A member of the University community who seeks information regarding sexual harassment and this Policy may contact:

- ◆ Women's Resource Center staff¹
- ◆ the Anti-Discrimination Judicial Board Coordinator
- ◆ the Director of the Office of Affirmative Action Compliance and Monitoring

- ◆ the administrator in charge (e.g., chairperson, director, dean, vice president) of the relevant academic or support unit
- ◆ the Faculty Grievance Official
- ◆ the Coordinator of the Employee Assistance Program
- ◆ the Associate Dean for Graduate Student Welfare
- ◆ the Director of Human Resources
- ◆ the Director or the Coordinator of Sexual Assault Safety Education of the MSU Counseling Center
- ◆ University Undergraduate Division staff
- ◆ the Ombudsman
- ◆ Residence Hall Directors
- ◆ the Director of Student Life
- ◆ the Director of the Student Employment Office

Unit administrators who need help in applying this Policy should contact: the Director of Human Resources or the Assistant Provost/Assistant Vice President for Academic Human Resources, whichever is appropriate; the Director of the Office of Affirmative Action Compliance and Monitoring; or the Office of the General Counsel.

B. Complaining about Sexual Harassment

A member of the University community who wishes to complain about sexual harassment by an employee or student of the University should take the following action:

- ◆ If the alleged harasser is a faculty or staff member, the complaint should be made, orally or in writing, to the alleged harasser's unit administrator or to the Director of the Office of Affirmative Action Compliance and Monitoring.
- ◆ If the alleged harasser is the unit administrator, the complaint should be made, orally or in writing, to the unit administrator's superior or to the Director of the Office of Affirmative Action Compliance and Monitoring.
- ◆ If the alleged harasser is a student, the complaint should be made to the Office of Judicial Affairs, Division of Student Affairs and Services.

For the University most effectively to investigate and respond to alleged sexual harassment, the complaint should be made as promptly as possible after the alleged sexual harassment occurs.

A member of the University community who believes that she or he has been sexually harassed may also elect to file a complaint with the Anti-Discrimination Judicial Board for violation of the University's Anti-Discrimination Policy or to file a grievance against the alleged harasser under applicable University procedures. The submission of such a complaint or grievance does not affect the University's ability to take disciplinary or other administrative action even though the complaint or grievance is still pending.

Reports of sexual assault and other crimes should be directed to the University's Department of Police and Public Safety, regardless of whether the matter is also reported as sexual harassment.

¹ Women's Resource Center staff will supply on request information on how individuals identified in this Policy may be contacted.

C. Processing Complaints

Complaints of alleged sexual harassment made to the Office of Judicial Affairs, Division of Student Affairs and Services, will be processed under the applicable student disciplinary code.

Complaints of alleged sexual harassment made to the Director of the Office of Affirmative Action Compliance and Monitoring will be referred to the unit administrator of the alleged harasser or, if the alleged harasser is the unit administrator, to the unit administrator's superior. Complaints made or referred to the unit administrator of the alleged harasser or the unit administrator's superior will be processed by those individuals.

Each complaint of sexual harassment must be evaluated with reference to the pertinent circumstances. On occasion, a complaint will be resolved informally. Other complaints will result in investigations, including interviews and the review of documentary material. Both the complainant and the alleged harasser will be notified of the outcome of an investigation. If an investigation results in a determination that sexual harassment has occurred, the University will take remedial, including, where appropriate, disciplinary, action.

In processing sexual harassment complaints, the responsible administrator will normally confer with the Office of the General Counsel and academic or human resources administrators. Guidelines for investigating allegations of sexual harassment are available to administrators.

Members of the University community are expected to cooperate in investigations of alleged sexual harassment by University officials.

D. Sexual Harassment by Third Parties

If a University student believes that she or he has been sexually harassed in a University academic program by an individual who is not a University employee or student, the student should report the alleged sexual harassment to the unit administrator (department chair or dean) responsible for that academic program or to the Director of the Office of Affirmative Action Compliance and Monitoring.

If a University employee (including a student employee) believes that he or she has been sexually harassed within the scope of his or her employment activities by an individual who is not a University employee or student, the University employee should report the alleged sexual harassment to his or her supervisor or to the Director of the Office of Affirmative Action Compliance and Monitoring.

If the University determines that a third party has sexually harassed a University student in a University academic program or a University employee within the scope of her or his employment, the University will take corrective action. Individuals who are not students or employees of the Uni-

versity are not subject to discipline under the University's internal processes, however.

A member of the University community who believes that he or she has been sexually harassed by a University contractor in the execution of a University contract or engagement may also elect to file a written complaint with the Anti-Discrimination Judicial Board for violation of the University's Anti-Discrimination Policy.

E. Confidentiality

To the extent permitted by law, the confidentiality of all persons involved in a sexual harassment investigation or complaint will be observed, except insofar as information needs to be disclosed so that the University may effectively investigate the matter or take corrective measures.

F. Retaliation

Persons who complain about sexual harassment, or who cooperate in the University's investigation and handling of sexual harassment reports or complaints, shall not be subject to retaliation for complaining or cooperating, whether or not the University finds that there was sexual harassment. If a complainant or witness believes that she or he is being subjected to retaliation, she or he should promptly contact the Director of Human Resources (staff), the Assistant Provost/Assistant Vice President for Academic Human Resources (faculty and academic staff), the Assistant Vice President for Student Affairs (students), or the Director of the Office of Affirmative Action Compliance and Monitoring (faculty, staff, or students).

G. False Complaints

Any member of the University community who knowingly files a false complaint of sexual harassment, or who knowingly provides false information to or intentionally misleads University officials who are investigating a complaint of alleged sexual harassment, is subject to disciplinary action, up to and including discharge for employees and suspension for students.

V. OTHER RELEVANT UNIVERSITY POLICIES

Since sexual harassment is a form of unlawful gender discrimination, a member of the University community who violates this Policy also violates the University's Anti-Discrimination Policy.¹ Other University policies relevant to behavior of a sexual nature by members of the University community include Conflict of Interest in Educational Responsibilities Resulting from Consensual Amorous or Sexual Relationships, Conflict of Interest in Employment, Article 2.00 of the General Student Regulations, Article 3.00 of the Graduate and Undergraduate Residence Hall Regulations, and Ordinance 22.00.

—Office of the President
—May, 1999

¹ The Anti-Discrimination Policy is an All-University Policy. Therefore, alleged violations by students of the Policy on Sexual Harassment may be adjudicated under the University's student disciplinary processes.

Smoke-Free Policy, MSU

(All-University Policy)

(Applicable to University employees as well as students)

The compelling scientific findings, as summarized by the United States Surgeon General (1986)¹ and the Environmental Protection Agency (1989², 1992³), indicate that the simple separation of buildings into "smoking" and "non-smoking" sections does not eliminate the unequivocal health risks that result from Environmental Tobacco Smoke (ETS). In light of these findings, Michigan State University is committed to eliminating harmful exposures to environmental tobacco smoke unwanted by students, faculty, staff and visitors, and adopts the following SMOKE-FREE policy.

1. Smoking will not be permitted in any enclosed space, regardless of location, except specifically designated private residential space and hotel rooms. Smoking will not be permitted near exits and entrances of buildings, except at a reasonable distance or unless otherwise designated.
2. Cigarettes and other tobacco products will not be sold on University grounds.
3. This smoke-free policy applies to all Michigan State University facilities and vehicles, owned or leased.

Smoking cessation programs provided by Healthy U and Olin Health Center are available to assist persons who wish to quit smoking. Questions, problems and complaints regarding this policy should be handled through existing departmental administrative channels and administrative procedures, including the Housing Options Committee. Persons found to have violated this policy will be subject to

disciplinary action in the same manner and magnitude as violations of other University policies.

The success of this policy will depend on the thoughtfulness, consideration, and cooperation of smokers and non-smokers. All employees share in the responsibility for adhering to and enforcing this policy.

Speakers Policy, Outside

(Student Group Regulation)

General Policy

It is the policy of Michigan State University to foster a spirit of free inquiry and to encourage the timely discussion of a wide variety of issues, provided that the views expressed are stated openly and, therefore, are subject to critical evaluation. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which peaceful, democratic means for change are available. Therefore, registered student organizations are encouraged to invite speakers to the campus subject only to the following provisions:

1. The speaker must not urge the audience to take action which is prohibited by the rules of the University or

Free Speech and Individual Responsibility

A statement by M. Peter McPherson, President, Michigan State University

I strongly believe in the First Amendment of the Constitution of the United States and those rights it protects. Free speech is fundamental to the academy.

Therefore, I do not support a speech code. It would be difficult, in my judgment, to draft a meaningful speech code that would not violate the First Amendment. Recent court cases tend to support this position.

Yet, adherence to the tenets of free speech is not the sole core value of the academy. Intellectual honesty in the pursuit of truth is also fundamental. Other key values include non-discrimination, openness to and tolerance for new ideas, and civility.

Ideally, the members of a university community who exercise their First Amendment rights should each listen to the ideas and beliefs of others, reflect critically on their own ideas and beliefs, accept individual responsibility for their actions and words, and commit themselves to contribute to the positive, scholarly tenor and richness of the intellectual debate.

These responsibilities derive from the shared values of the university community of which we are members, and extend beyond our formal duties under any laws or institutional regulations by which we are bound. We bind ourselves as loosely as possible with laws and regulations, but we rely for a healthy community on a shared sense of what is right and on assumption of individual responsibility.

Our shared values at MSU and our vision for the future are articulated in the "Guiding Principles:" access to quality, active learning, knowledge and scholarship, problem solving, diversity within community and making people matter. These principles provide an important lens through which we can judge what we do and react to the words and deeds of others.

Historically, strong universities have benefited from visitors and the leavening influence of their speeches. Visiting speakers can cause discomfort: at times because they disturb our self-

image or complacency and at times because they propagate views we consider or suspect to be erroneous.

Both malice and reckless disregard of truth are wrong, but the academy and our society as a whole accept their possibility to ensure the great blessing of open inquiry. MSU has addressed these issues in the context of student organizations through its 1962 board-approved "Outside Speakers Policy" and in its 1990 "Criteria for Funding Student-Sponsored Programs and Activities by University Administrative Units."

These documents are printed annually in the MSU publication *Spartan Life*. Copies are available in 162 Student Services Building. This information is also available electronically at <http://www.ssb.msu.edu/SpLife/speech.htm>.

I urge student groups, their advisers and other organizations to familiarize themselves with the policy and the criteria. I suggest to others in the MSU community that the general principles the policy promotes—including accuracy of publicity and provision of opportunity for questions and discussion in case of controversy—should guide us all.

I believe all members of our campus community should take responsibility to uphold both the tenets of free speech and our shared and core values. As appropriate, I urge dialogue (if possible) between affected groups before and after an event in the spirit of our core values.

As president, there will be times when I will disagree with speakers brought to campus and with sponsored activities, especially when they violate the core values of the academy. When this happens and I feel it is appropriate to do so, I will state my opinions openly, as I have in the past. So too should others. Critical reflection is a foundation of the efficient operation of the marketplace of ideas.

January 25, 1996

which is illegal under federal or Michigan law. Advocating or urging the modification of the government of the United States or of the State of Michigan by violence or sabotage is specifically prohibited. It is the responsibility of the student organization to inform speakers of these prohibitions.

2. Sponsorship must be by a student organization which has been registered under the general regulations approved by the appropriate University authorities.
3. For purposes of preserving a record of all such public meetings and/or coordinating them with the calendar of other activities taking place on University property, the sponsoring organization must (a) make all arrangements for reservation of space with the appropriate University officials, and (b) complete a form to be furnished by the appropriate University office indicating, among other things, the subject to be discussed, the names of all speakers and the time and place of the meeting, the form to be certified by the signature of the appropriate officer of the organization. All rules for administration of requests from registered student organizations must conform to the provisions stated above. It shall be the responsibility of the Assistant Director of Student Life (Student Activities) to certify that all appropriate steps have been taken before the event is officially scheduled.

(NOTE: The registration forms and information regarding the Outside Speakers Policy are available in the Student Life Center, 101 Student Services.)

University Implementing Policy

4. Any student organization violating the provisions of this bylaw is subject only to the procedures and penalties applicable to students and student organizations that violate other University rules.
5. Public announcements concerning the speaker shall contain statements that clearly and accurately identify him or her.
6. At meetings dealing with controversial issues, ample time shall be allowed for questions and free discussion of the ideas presented.
7. The Assistant Director of Student Life (Student Activities) is responsible for establishing programs whereby organizations shall be informed about the University's policy on speakers.
8. The Assistant Director of Student Life (Student Activities), 101 Student Services Building, shall receive the speaker registration forms.

Student Events—Social

Social events (e.g., dances, mixers) that occur on the Michigan State University campus and to which persons beyond the sponsoring organization's membership are invited must be in compliance with the procedures for scheduling such events. These procedures may be obtained at the Student Life Center, 101 Student Services. The scheduling process must begin at least 28 calendar days prior to the desired date for the event.

Student Conduct Policy, Interim

(All-University Policy)

Prohibition

Michigan State University students shall not engage in disorderly conduct at or in connection with a riot.

Definitions

"Riot" means five or more persons, acting in concert, who engage in violent conduct and thereby intentionally or recklessly cause or create a serious risk of causing public terror or alarm.

"Acting in concert" means acting with a common intent or purpose.

"Disorderly conduct at or in connection with a riot" includes, but is not limited to, setting fires; throwing bottles or other projectiles; damaging, destroying, or defacing property not the student's own; obstructing, interfering with, or disrupting the activities of peace officers or public safety personnel engaged in the lawful performance of their official duties; failing to disperse when so directed by peace officers; intentionally or recklessly causing or threatening physical harm to another; endangering the physical safety of another; tampering with or misusing fire or safety equipment; theft or looting; resisting arrest; and conspiring with others to do any of the foregoing.

Application

This Policy applies to all Michigan State University students whenever the prohibited conduct occurs on the land governed by the Board of Trustees of Michigan State University (the "campus"), when students are engaged in University-sponsored or student group sponsored (student governing group and registered student organization) activities off campus, in all local government jurisdictions adjacent to the campus, on any other college or university campus, and in all local government jurisdictions adjacent to such campuses.

Temporary Suspension

When the Vice President for Student Affairs and Services ("VPSAS") determines that there is reasonable cause to believe that a student has violated this Policy, the VPSAS may temporarily suspend the student pending final determination

of whether the student has violated this Policy. Students placed on temporary suspension may petition for reinstatement pending the final resolution of their cases. Such petitions will be considered by the Student-Faculty Judiciary within five class days. A temporary suspension shall not preclude, predetermine, or render irrelevant subsequent disciplinary action or procedures, nor shall an interim suspension create a presumption of guilt. Disciplinary action for violation of this Policy shall otherwise be governed by the same procedures, including the range of sanctions up to suspension, applicable to alleged violations by students of other University policies and regulations, which procedures are set forth in the Academic Freedom Report for Students at Michigan State University, the Graduate Student Rights and Responsibilities document, and the Medical Student Rights and Responsibilities document.

Prior to placing a student on temporary suspension, the VPSAS shall:

1. make reasonable efforts to notify the affected student that the matter is under review and that the student may submit a statement and pertinent documents for consideration by the VPSAS, and/or confer with the VPSAS, in person or by telephone, within a time period to be specified in the notice; and
2. review available information and decide whether, in light of the totality of the circumstances and the standard stated in this Policy, a temporary suspension is appropriate.

Interpretation

This Policy shall not be interpreted to restrict or limit any student's First Amendment rights to freedom of speech or assembly.

Note: The Interim Student Conduct Policy shall remain in effect for two years. On April 30, 2001, if the academic governance process has produced a proposed permanent policy for the Board's consideration, even if the Board has not acted upon it, the Interim Student Conduct Policy shall no longer be effective. If the governance process has not produced a proposed permanent policy for the Board's consideration, then the Interim Student Conduct Policy shall become permanent.

Student Fee Collection (Student Taxation)

(All-University Policy)

Michigan State University will have a student tax system that will allow students to assess themselves taxes for the purpose of supporting student sponsored programs and services. The all-University student governing bodies (Council of Graduate Students and the Associated Students

of Michigan State University) and the on-campus residence unit governing groups (Residence Halls Association, Residents Council for University Apartments, and Owen Graduate Association) are authorized to collect refundable and mandatory student taxes from their constituent groups subject to initial student referendum and renewal referendum every three years. Additional criteria, procedures, and accountability measures for the use of University collection procedures by the above mentioned groups are to be developed by appropriate administrative offices.

Until further action by the Board, an exception will exist for The State News, Inc., which will continue to collect student tax assessments under the same procedures that have been in effect since The State News, Inc., became a separately incorporated organization.

—Board of Trustees
—December 2, 1983

Student Fee Collection Criteria and Procedures (Administrative Ruling)

I. All-University Student Governing Bodies and On-Campus Residence Governing Groups

University policy provides that Michigan State University will collect mandatory and refundable fees for all-University student governing bodies (Associated Students of Michigan State University and Council of Graduate Students) and on-campus residence governing groups (Residence Halls Association, Residents Council for University Apartments, and Owen Graduate Association). The criteria and procedures follow:

- A. All-University student governing bodies and on-campus residence governing groups shall meet the following provisions before the University will collect fees from constituents of the all-University student governing bodies or the on-campus residence governing groups:
 1. The all-University student governing bodies and the on-campus residence governing groups shall have constitutions duly ratified by their student constituencies and recognized by the University.
 2. The power to assess fees of student constituents must be granted in their constitutions. These all-University governing bodies and the on-campus residence governing groups have the right to assess fees on their student constituencies.
 3. The Student Affairs and Services Division and the Business and Finance Division will establish the procedures for collection of mandatory and refundable fees in consultation with the all-University student governing bodies and on-campus residence governing groups.
 4. The all-University student governing bodies and the on-campus residence governing

groups will establish procedures to refund collected fees to students making the request within the first 10 class days of each academic semester.

5. The all-University student governing bodies and the on-campus residence governing groups will make available a yearly financial report to the student population and to the Division of Student Affairs and Services formatted by the executive committee of each all-University student governing body or on-campus residence governing group. If an all-University student governing body or on-campus residence governing group has subdivided its total fee assessment by major governing groups, organizations, or programs (see I.B.), the yearly financial report of the parent all-University student governing body or on-campus residence governing group must contain information from these constituent major governing groups, organizations, or programs. The availability of this report shall be publicized by November 1 in a publication that is distributed campus-wide to their constituent students.

- B. Constituent major governing groups, organizations, and programs of the all-University student governing bodies and on-campus residence governing groups may petition or request from their parent governing body or group monies to fund their activities.

The all-University student governing bodies and on-campus residence governing groups may, however, allow their student constituencies to authorize through referendum process the collection of a fee assessment for a specific major governing group, organization or program (see Section III). If such a fee collection is authorized through the referendum process, the parent all-University student governing body or on-campus residence governing group may develop requirements and procedures that govern the use of the fees collected by the specific major governing group, organization, or program.

- C. The mandatory and refundable fee collected by the University on behalf of these all-University student governing bodies or on-campus residence governing groups shall be subject to renewal by referendum of the affected student constituency every three years.

1. If an all-University student governing body or on-campus residence governing group has subdivided its total fee assessment by major governing groups, organizations, or programs, the renewal referendum will be conducted on each major governing group, organization, or program every three years.

2. Renewal of the fee requires an approval by a majority of the students voting.

II. Incorporated Student Organizations

University collection procedures may not be used by an all-University student governing body, major student governing group, or student organization which is separately incorporated.

III. Referendum for Establishment, Modification, or Removal

An additional referendum for either establishment, modification, or removal of an all-University student governing body or on-campus residence governing group will be held if the following conditions have been met:

- A. A student, major governing group, organization, or program has obtained, by written petition, the written support of at least thirty percent of the affected student constituency for such a referendum. The petition must fairly represent the action that is being requested. Petitions may be circulated from the first day of early registration to the last day of the fifth week of the semester in which the early registration applied. The petitions will be validated by the Vice President for Student Affairs and Services at the expense of the student, major governing group, organization, or program.

1. Upon validation of the petitions, a referendum shall be held in a manner prescribed by the Vice President for Student Affairs and Services. A majority (fifty percent plus one) of the affected student constituency must vote, and the referendum must be approved by a majority of those voting. Renewal procedures are outlined in Section IV.
2. The costs of all initial and renewal referenda authorized by the procedure outlined in the section of the administrative ruling (III.A.) will be borne by the requesting student, major governing group, organization, or program.

- B. An all-University student governing body or on-campus residence governing group may request a referendum to establish a mandatory fee assessment of a new and different student constituency or they may request a referendum to authorize the collection of fees for a specific major governing group, organization, or program. This referendum shall be held in a manner prescribed by the Vice President for Student Affairs and Services. The referendum will be open only to the proposed student constituency. A majority of that constituency (fifty percent plus one) must vote on the referendum, and approval for the referendum must be by a majority of those voting.

1. At the time of renewal for fees authorized by the procedure outlined in this section of the administrative ruling (III.B.), the all-University student governing body or on-campus residence governing group that initially requested the referendum for the specific major governing group, organization, or program must decide if it wishes to continue to support the specific major governing group, organization, or program. Renewal referendum procedures are outlined in Section IV. If the all-University student governing body or on-campus residence governing group withdraws its support, the renewal referendum will not be held and the collection of taxes will cease after the spring semester of the third year that the taxes have been collected for the specific major governing group, organization or program.
 2. The costs of all initial and renewal referenda authorized by the procedure outlined in this section of the administrative ruling (III.B.) will be borne by the requesting major governing group, organization, or program (or all-University student governing body or on-campus residence governing group if a new and different student constituency is being taxed).
- C. An all-University student governing body or on-campus residence governing group may request a referendum for modification or removal of any previously established fee under its jurisdiction. A specific major governing group, organization, or program may also request a referendum for modification or removal of any fee it is receiving. These referenda shall be held during the next entire registration procedure except summer term. The referenda must be approved by a majority of students voting.
 - D. When a student fee is established or modified through a referendum, the new fee will take effect two registration periods after the registration period in which the referendum was conducted (e.g., a referendum conducted fall registration, new fee takes effect summer registration; a referendum conducted spring registration, new fee takes effect at fall registration).

IV. Referendum for Renewal

- A. Renewal referenda on the taxes collected for the all-University student governing bodies and on-campus residence governing groups shall be conducted on a rotating basis during spring semester. Not more than two renewal issues shall be on the ballot during the same period. Renewal of the fees requires an approval by a majority of the students voting.
- B. If the referendum is not approved, fees will not be collected commencing with the following fall semester. An all-University student governing body or an on-campus residence group may request a new referendum to re-establish the fee. This referendum may be conducted any term except summer term. Re-establishment of the fee requires that a majority (fifty percent plus one) of the affected student constituency must vote in the referendum. The referendum must then be approved by a majority of those voting.

V. University Authorization for Tax Collection

The Vice President for Student Affairs and Services shall be the University official empowered to authorize tax collections and/or referenda if the all-University governing bodies or on-campus residence governing groups have met the appropriate provisions of this Administrative Ruling.

VI. Violation of Regulations and Procedures

If it is alleged that any all-University student governing body, on-campus residence governing group, major governing group, organization or program is violating the regulations and procedures in this Administrative Ruling, the Vice President for Student Affairs and Services or his/her designee shall conduct a hearing on this matter. If it is the judgment of the Vice President for Student Affairs and Services that violation of procedures is evident, the affected group(s) may be suspended from collection privileges.

VII. Petition, Referendum, and Collection Costs

The costs associated with validating petitions, conducting referenda, and collecting fees will be borne by the requesting group(s) or student(s).

University Trademarks

The trademarks of Michigan State University are the exclusive property of the Michigan State University Board of Trustees, in accordance with the trademark and service mark registrations filed with the U.S. Patent and Trademark Office and the Michigan Secretary of State. The University reserves ownership of any trademark, service mark, logo, insignia, seal, design, or other symbol or device associated with or referring to Michigan State University.

To protect its reputation both aesthetically and financially, Michigan State has established the Office of University Licensing Programs. Persons and businesses wishing to use these marks commercially are required to enter into a license agreement and submit royalties to the University.

Registered student organizations and individual students using these names, marks, and symbols are directed to the Office of University Licensing Programs, 216 MSU Union, 355-3434, where approval must be obtained and specific instructions secured, prior to use.

Withdrawal Procedures and Policies

(Administrative Ruling)

Voluntary During the Semester. A student may voluntarily withdraw from the University prior to the end of the twelfth week of a semester, or within the first 6/7 of the duration of the student's enrollment in a summer or special session (calculated in weekdays). Withdrawal is not permitted after these deadlines.

The withdrawal procedure begins in the office of the assistant dean of the college in which the student is enrolled or in the Office of the Registrar, Room 150 Administration Building.

Upon official voluntary withdrawal from the University, symbols are assigned to courses in which the student was enrolled according to the effective date of the withdrawal as follows:

1. If withdrawal is before the middle of the semester or summer session, no symbols will be assigned to courses in which the student was enrolled.
2. If withdrawal is after the middle of the semester or summer session, symbols will be assigned by instructors to courses in which the student was enrolled as follows: W (no grade) to indicate *passing* or *no basis for grade* regardless of the grading system under which the student is enrolled, N to indicate *failing* in a course authorized for P-N grading, or 0.0 to indicate *failing* in a course authorized for numeric grading.

In case of official withdrawal from the University, fees are subject to refund according to the refund policy.

A student living in a residence hall should consult the manager regarding the policy on the refund of room and board fees.

A student living in an off-campus organized living unit should consult the individual unit for policies regarding room and board refunds.

If three or more *complete* semesters of school are missed subsequent to withdrawal, including the summer sessions, the student must apply for readmission through the Office of the Registrar, Administration Building.

Voluntary at the Close of a Semester. There is no formal procedure for withdrawal at the end of a semester; however, a student living in University housing should notify the manager of the appropriate unit.

Unauthorized. A student who leaves the University during a semester or summer session without obtaining an official withdrawal will be reported as having failed all courses.

The withdrawal procedure will not take place automatically for the student who leaves campus because of illness, of either one's self or family member, but must be initiated by the student. If this cannot be done in person, withdrawal may be initiated by writing to the assistant dean of the college in which the student is enrolled or the Office of the Registrar, Room 150 Administration Building.

A student who leaves the University without withdrawing formally forfeits any fees or deposits paid to the University.

Involuntary. A student who is called into the Armed Forces during the semester should present orders for induction at the office of the assistant dean of the college in which the student is enrolled or at the Office of the Registrar for appropriate action.

Disciplinary. If a student is dismissed for disciplinary reasons during a semester, grades are assigned as described in the paragraph *Voluntary During the Semester*.

MICHIGAN STATE FIGHT SONG

On the banks of the Red Cedar
Is a school that's known to all
Its specialty is winning
And those Spartans play good ball
Spartan teams are never beaten
All thru the game they fight
Fight for the only colors,
Green and White

Chorus:
Go right thru for MSU
Watch the points keep growing
Spartan teams are bound to win,
They're fighting with a vim,
Rah, Rah, Rah,

See their team is weakening
We're going to win this game
Fight! Fight! Rah! Team Fight!
Victory for M. S. U.

M.S.U. SHADOWS

(Alma Mater)

M. S. U. we love they shadows
when twilight silence falls,
Flushing deep and softly paling
O'er ivy covered halls;
Beneath the pines we'll gather
To give our faith so true,
Sing our love for Alma Mater
And thy praises M. S. U.

When from these scenes we wander
and twilight shadows fade
Our memory still will linger
Where light and shadows played;
In the evening oft we'll gather
And pledge our faith anew,
Sing our love for Alma Mater
And thy praises M. S. U.
