ANCHORS AWEIGH...

For the first time in its 197 year history, the U.S. Navy has named a woman to the rank of Admiral. She is Alene B. Duerk, currently Director of the Navy Nurse Corps. Both the Air Force and the Army have women at the rank of General.

The Navy also announced, within the past week, that it has appointed its first woman instructor to the U.S. Naval Academy. She is Lt. Commander Georgia Clark, currently a graduate student at the University of Washington.

ADD-VERSITY AT THE UNIVERSITY...

Because of our interest in women's sports in general and the women's athletic program at MSU specifically, we have waited with anticipation for the arrival of the promised treasures (see Detroit Free Press, 4/12/72, and State News 4/24/72) including an electronic scoreboard and clock for the Women's IM.

Lo! The scoreboard and clock arrived...replete with COCA COLA emblazoned on the clock... Is it true that the "U" gets these items at a discount (or free?) in return for the advertising? Does this mean that any company that wants to advertise can do so by supplying some needed item? We can see it now...

...movie projectors for the IMC with, "Does she or doesn't she?" printed on them...

...new curtains in the Auditorium in red and white with the Budweiser beer label...

...or how about putting "mail pouch tobacco" on the next new building? That should cut costs a little...

The possibilities are endless...if you have any suggestions, send them to the MSU Woman.

SUBCOMMITTEE TO MEET...

The subcommittee on student concerns of the Women's Steering Commission will hold an open meeting in the Williams Hall cafeteria on Monday, May 8, at 9:15 p.m. All students who have ideas, suggestions, or concerns for the Steering Commission are invited to attend.

THOUGHT FOR  
THE WEEK...

"O! What men dare do! what men may do! what men  
daily do, not knowing what they do!"

...Much Ado About Nothing, IV,1,19

### DUAL CAREER POSSIBILITIES STUDIED...

Robert and Rhona Rapoport recently published the results of their five year study of working women, their jobs, their husbands and children. They found that women who combined a full-time career commitment with successful marriage and child-rearing responsibilities were more likely to have been only children from a higher than average social background; early in life they may have experienced family tension that dissuaded them from idealizing family life or placing full hopes for self-realization in it.

The Rapoport's conclusion is that societal reorganization can be done in an evolutionary rather than a revolutionary way...right on!

### INFO. RECEIVED LOUD AND CLEAR...

The staff of the President is hereby officially thanked by the MSU Woman for providing the information on the Presidential Fellows program. Actually, having carefully analyzed the data, we recommend that it be made more readily available in the future. The figures reveal a proportional equity in the appointment of women which can only be interpreted as evidence of "good faith."

Program Phase	Applicants		Appointees	
	M	F	M	F
9/70 - 3/71	16	3	3	1
3/71 - 9/71	24	8	2	1
9/71 - 3/72	25	8	1	1
9/72 - 6/73	47	15	4	0

To all of you women out there, let this be an object lesson. If women do not apply in numbers proportional to their numbers on the campus, they will not be selected in proportion to their numbers on the campus. APPLY in the future....

### TO ALL OUR FANS...

We're glad to know that our humble efforts are being read by all of you out there...and special thanks to the SN for the publicity last week. One correction: we never questioned the naming of "only males" as Presidential Fellows. We just wanted to know how many applicants there had been. Does the SN feel applicants are only men? We don't!

### AND FOR ALL YOU NUMISMATISTS...

One of the earliest examples of women's lib is found on a Roman coin circa 60 B.C. Included on the coin is a representation of Miss Liberty. Not to be out-done, the British put out a token with Lady Godiva on it...a pre-Hefner playmate of the month perhaps? (Items like this are included so that we appear erudite...it seems like the thing to do in an academic community, right?)

#### MCP OF THE WEEK

Sparty  
for serving as a  
symbol on MSU male  
supremacy in sports...

#### HEROINE OF THE WEEK

Dr. Laurine Fitzgerald  
for her stand on the ERA and  
involvement with the MSU Women's  
Steering Commission
