

# The M. A. C. Record.

VOL. 7.

LANSING, MICHIGAN, TUESDAY, APRIL 8, 1902.

No. 28

## THE SECRETARY-ELECT.

**Mr. A. M. Brown, of Schoolcraft,  
Chosen by the State Board.**

THE RECORD takes pleasure in introducing to its readers the recently elected secretary of the College, Addison M. Brown. Mr. Brown

served ten years as Director of Board of Education and had much to do with advancing the standing of his school and placing it, many years ago, upon the approved list of the University of Michigan.

He was elected to the State senate in 1898 and served as a member of the U. of M. Committee, and

ter. He is, without a doubt, the best all-around athlete in the College, and it is a question whether he can best serve the College in the baseball or in the track team.

The final selection of men to represent the College in these two teams will be selected within the next two weeks.

## FARM NOTES.

The Farm Department has recently sold the surplus Shorthorn and Holstein females which have been offered for sale. The former go to Mr. S. E. Whitman of Springport, Mich., the latter to Mr. John C. Lambertson of Orleans, Mich.

We had recently landed at the College from the herd of W. C. Edwards of Rockland, Ont., a very fine mature Shorthorn bull, Gwendall. This bull was bred by E. B. Mitchell & Son of Danvers, Ill., and purchased by Mr. Edwards at Chicago a year ago. He has in his pedigree such names as Imported Cup Bearer, Imp. Gwendoline, Pride of the Isles, and Fairfax Royal. His pedigree is a remarkably good one but better still, is the superior individual quality. During our visit inspecting a number of the best herds in Canada, we saw only two or three bulls that were his equal. Mr. Edwards has the best herd of Shorthorns in America, among them Imp. Missie, 153rd, the six-thousand-dollar heifer sold at auction in Chicago last December, and Marquis of Zenda which Mr. W. S. Marr says is without doubt the best Shorthorn bull in the world.

Messrs. W. J. Geib, W. B. Wilson, seniors specializing in animal husbandry, and Mr. L. F. Bird, special, have completed their thesis work in the feeding of the Michigan and Western lambs placed in experiment on Dec. 1. It is expected the results of their work will shortly be published in the form of a Station bulletin. Of the 150 lambs in experiment not one was lost.

Mr. M. B. Stevens will this week finish his senior thesis work, the feeding of five steers of different breeds. It is the intention to terminate the experiment by having the steers slaughtered and a careful comparison made of their carcasses.

Mr. Guy Short, representing the Chicago Flexible Shaft Co., was at the College on the 1st and 2d of April, giving a practical demonstration of the working of the sheep shearing machine manufactured by his company. The machine works on the principle of the ordinary horse clippers, but is provided with a flexible shaft which conveys the power from a gear operated by a second man. The advantages claimed for its use are, greater speed, and economy in clip of wool. Mr. Short has shorn a single sheep in 1 1/2 minutes, 125 sheep in five hours, and 162 sheep in a day of eight hours. The price of the machine is \$18. It is already past the experimental stage and is now in quite common use among the large sheep growers of the west.

Mr. W. B. Wilson has been detailed by the farm department to

(Continued on page four.)

## ALUMNI.

'74. George W. Brewer is in the United States Government Service at Truxton, Arizona, as industrial teacher in the Truxton Canyon Indian Training School. The Grand Canyon banks near this place, are perhaps the most picturesque of the whole Colorado river canyon, being over a mile in depth.

'79. Allen C. Redding, manager of the Tybo Mining and Reduction Co., Tybo, Nevada, sent to the College last week an interesting relic. It is a paper dated Nov. 12th, 1879, giving the report of the committee selected to fit up rooms for the Eclectic Society. Mr. Redding also writes an interesting letter telling of the difficulties of the newly-formed society.

'85. C. B. Collingwood expects to assume charge of the postoffice before the middle of the month.

'86. Prof. Woodworth, writing to M. A. C. friends, states that on Saturdays at 1:30 p. m. the lunch room, corner LaSalle and Madison sts., is the rendezvous for some of the Chicago alumni.

'89. It is expected that Ray Stannard Baker will be with M. A. C. relatives by Friday or Saturday. He is due in New York from Europe Wednesday.

'90. F. B. Mumford, Professor of Agriculture in the Missouri College of Agriculture is to have completed soon, a new building for live stock instruction and a pavilion for judging. The Annual Live Stock Judging Contest has just been held in that institution and prizes awarded of \$25, \$15, and \$5 each. The judging contest is a feature of the short winter courses in agriculture.

'91. Kenyon L. Butterfield has an article in the April *Review of Reviews*. His subject is "Can Rural Social Forces be Federated?—A First Step." The first step is a reference to the Institute meetings held at the College in February and a resumé of some of the addresses given at that time appears in the article.

'91-'93. Professors W. O. and U. P. Hedrick are receiving an extended visit from their parents.

'99. Miss Fay Wheeler will not leave Washington for M. A. C. until the fore part of May. Miss Lillian Wheeler, '93, plans to visit M. A. C. at commencement. Mrs. Wheeler returned from her Washington trip shortly before the close of the winter term.

'99. Macy W. Lapham, of the United States Bureau of Soils, has contributed, for publication in THE RECORD, an interesting article descriptive of the department. The article, or extracts from it will be published next week.

'01. Instructor George Severance gave an address, "The Necessity and Possibility of Improving Farm Crops," before the Michigan Academy of Sciences, which met last week at Ann Arbor.

MR. ADDISON M. BROWN, A. B.

is a resident of Schoolcraft. His parents were among the early settlers of that community, emigrating from Vermont. He was brought up on a farm and after completing a course at the Schoolcraft High School, he took a full course in the University of Michigan, graduating in '83 with the degree of Bachelor of Arts. He then returned to the home farm and carried on the business for a time in company with his brother, who now holds the Chair of English in the Cincinnati University, and afterwards alone. He is one of the successful farmers of the state and has an enviable reputation as a bright, straightforward business man. He was twice elected president of his village and several times as trustee. He also

chairman of the committee of the Agricultural College. In the latter position he rendered very valuable service to this institution. It will be remembered that at this session of the legislature the appropriations were made for the women's building, the dairy and the new barn. Mr. Brown at the head of the senate committee, took a very active and important part in bringing about these appropriations. He has always been a very earnest supporter of public education and is in thorough accord with the aims and purposes of the Agricultural College.

He has a beautiful family consisting of Mrs. Brown and their four children. They will all be given a hearty welcome to the College campus.

## ATHLETIC OUTLOOK.

### Prospects for Base Ball and Track.

With the completion in the near future of the new field across the river, athletics should receive a great impetus, and from the material which has been presented, the outlook for good track and baseball teams is very bright. In both cases the candidates for the most part are "green," and at the start may not make a showing to predict much for the future.

As sprinters, Moon, McKenna, Kastner, and the two Verrans show promise of becoming point winners. In the jumps, Moon, McKenna, and Baldwin; in the weights, Childs, McKenna, Carpenter, Kratz, Bell, and McDermitt; in the hurdles, Blanchard, Baldwin, and Moon; in the distance runs, Holdsworth, Driskel, Wilson, Kastner, Dunford, and Burrell; in the pole vault, Caine and Stevens; in the bicycle, Rae and Knapp; and in wrestling, Bryan, Brunger, Rudolph, Bird,

Geib, and Anderson compose the most promising candidates for the track team.

Among the baseball candidates, there are several who give promise of becoming good players, but very few who are up to the college standard, and only by hard, conscientious work can a fairly strong team be developed. With Captain Tower in his old position at catcher, Millar at second, and B. Frazer at third, the infield has three experienced players. The two remaining old players are J. Frazer in the out-field, and Case as a pitcher, and a good man in the in-field or out-field. This leaves short-stop, first base, and two out-field positions in doubt. Henderson is the most promising man for a short stop, Rasmussen for first base, Gunison, Anderson and Blake for the two remaining out-field positions. As pitchers, Case, Millar and Jordan should develop into a trio well able to uphold the reputation of the team. As a utility man, McKenna is most valuable and an exceedingly strong bat-

Address all subscriptions and advertising matter to the College Secretary, Agricultural College, Mich. Address all contributions to the Managing Editor.

Business Office with Lawrence & Van Buren Printing Co., 122 Ottawa St. E., Lansing, Mich. Entered as second-class mail matter, Lansing, Mich.

This paper is occasionally sent to non subscribers. Such persons need have no hesitation about taking the paper from the post-office, for no charge will be made for it. The only way, however, to secure the paper regularly is to subscribe.

TUESDAY, APRIL 8, 1902.

WITH the present issue of the RECORD there is a slight change in the management of the paper. For some years past the RECORD has been in charge of various College departments. The editors in the past have found it impossible to make the paper all that they desired owing to the demands made upon them by their regular and more important work. This has proven true with the late editor, Dr. Edwards. His duties as teacher have made it imperative that he give up either his teaching or the management of the paper, consequently he has asked to be relieved of the RECORD work.

It is practically assured that the present editors will be able to devote more of their time to the gathering of news, thus making the paper more than ever a news organ.

THE contest held the last Friday night of the winter term to determine the debaters for the team that is to meet Ypsilanti, resulted in the placing of W. F. Millar, '04m, in first place and Miss Martha Van Orden, '05, in the second place. The markings of the judges showed that Burt Wermuth, '02, and E. I. Dail, '02, were tied for third place. The judges were Dr. Dodds, Supt. C. E. Holmes of the city schools, Mr. C. E. Bement, all of Lansing.

THERE was sent to the RECORD last week by Prof. Woodworth the addresses of the Chicago alumni which are published this week. The RECORD editors regret to say that owing to a lack of space they were unable to publish the 'phone addresses. The interest of the alumni in the paper is, however, appreciated by the editors and it is hoped that the addresses as printed will prove of value to the Chicago alumni as well as to M. A. C. visitors in Chicago.

## Mr. Melendy to Lecture.

The Young Men's Christian Association has been very fortunate in being able to secure Mr. Royal Loren Melendy to give his famous lecture, "A Study of the Saloon in Chicago and Social Substitutes for the Saloon," Friday evening, April 11th.

The investigation of the "Ethical

substitutes for the saloon in Chicago" was undertaken by Chicago Commons under the auspices of the Committee of Fifty. This body of widely and diversely representative men, centering in New York City, was organized in 1893 with such officers as Seth Low, the late Chas. Dudley Warner, Prof. Francis G. Peabody and Wm. E. Dodge with the purpose of securing a body of

all shades of religions and political opinions. He has gathered the facts by going into the homes, churches, saloons, in street corners, and at places of amusement, at all hours of the day and night and in all manner of clothes.

## COMMENTS.

Mr. Melendy's study of the saloon question in Chicago and his report

MR. R. L. MELENDY.

facts concerning the liquor problem of the United States such as may serve as a basis for intelligent public and private action, and to secure for the evidence thus accumulated a measure of confidence on the part of the community which is not granted to partisan statements. To this delicate, difficult, and even hazardous work we assigned Mr. R. L. Melendy. With rare courage, discrimination, manliness and modesty he spent six months in arduous, thorough, unremitting and self-sacrificing toil, which was rewarded in the academic credits for the originality of his research by both the Universities of Michigan and Chicago.—"The Commons."

As far as possible Mr. Melendy has discussed the question with all classes of men and women, and of

on the subject have attracted much attention, and have shown that he is well qualified to speak on the topic in a very interesting and instructive manner.

JAMES B. ANGELL, U. of M.

There is no one in the country better qualified than Mr. Melendy to discuss the saloon as a factor in the life of great cities. His dispassionate study of the conditions in Chicago attracted very general and favorable notice.

CHAS. H. COOLEY,  
Asst. Prof. of Sociology, U. of M.

We have to pay a good price for this lecture and we do not expect to make any more than expenses. The admission fee is put down to 10 cents so that every one can get the benefit of it.

## Business Directory of M. A. C. People in Chicago.

Dr. Edwin Antisdale, 1881-1885, treats eye, ear, nose and throat; office, 103 State street.

Joseph Beauvais, 1892-1893, manager for H. H. Kohlsaat & Co.; office, 195 Clark St.  
Max Beutner, 1898-1899, editorial department Sunday Tribune.

John J. Bohn, 1878-1879, editor and publisher Hotel World. Monon Bldg.

Albert Edward Brown, 1882-1886, U. S. postal clerk; office, General Postoffice, Randolph and Michigan.

Henry C. Buell, 1890-1892m, draughtsman Chicago Telephone Co.; office, 21 Telephone Bldg., Washington and Franklin.

Clinton D. Butterfield, 1893-1897, manager for Whitehead, Hoag & Co.; office, 1527 Marquette Bldg.

Horace Alexander Buys, 1887-1889, electrician; residence, 9206 Jeffrey Ave.

Paul Mellen Chamberlain, 1884-1888m, professor of mechanical engineering; office, Lewis Institute.

Mrs. P. M. Chamberlain, 1893-1896, residence, 909 W. Adams.

Dr. Staley Nichols Chapin, M. D., 1869-1870, office, 70 State St.

Carlton Rollin Dart, 1877-1881, engineer for bridge dept., sanitary district of Chicago; office, Security Bldg.

Edward Eugene Miller, 1888-1889, American Book Co.; residence, 1705 Balmoral Ave.

George Miller, 1877-1881, Principal Irving Park School; residence, 1762 Balmoral Ave.

Albert Jacob Morley, 1887-1888, manager Morley Bros., Saddlery Co.; office, Washington & Canal Sts.

Alexander Willett Moseley, 1899-1900m, mechanical engineering dept.; office, Lewis Institute.

Edward G. Peattie, student 1899-1900, residence, 7660 Bond Ave.

John Woodbury Perrigo, 1890-1894m, John S. Metcalf Co., grain elevator builders, office, 804 The Temple.

Chancey P. Reynolds, 1899-1901, associate editor "Drover's Journal"; office, Drover's Journal yards.

William A. Rider, 1892-1895, Whiting Foundry Equipment Co., Harvey, Ills.

Frank H. Ring, 1896-1897m, machinist with Oscar C. Rixon, 41 and 43 Washington.

William Richard Rummler, 1882-1886, patent attorney, Rummler & Rummler, 1000 Tribune Bldg.

Dewey A. Seeley, 1894-1898, U. S. Weather Bureau; office, Auditorium Bldg.

George Edward Simmons, 1890-1894m, draughtsman with St. P. R. R.; office, Old Colony Bldg.

Edwin Leroy Simmons, 1893-1897m, draughtsman with C. M. & St. P. R. R.; office, Old Colony Bldg, Dearborn and Van Buren.

Homer Collar Skeels, 1894-1898, landscape gardener; office, Forest of Arden, Joliet, Ill.

Clarence Eugene Smith, 1880-1884, president Peoples' Bank; office, Waukegan, Ill.

Jedediah Haskins Smith, 1879-1883, president Eugene Field School, Greenleaf and Ashland.

Nile Cann Smith, 1886-1889, book publisher; residence, 215 S. Harvey, Oak Park, Ill.

James M. Short, 1874-1877; residence, 3812 Vincennes Ave.

Lawrence H. Taylor, 1897-1901, C. & N. W. Civil Engineering Dept.; residence, 112 S. Central Ave.

Ernest Noyes Thayer, 1889-1893, commercial artist, illustrations, designs and advertising ideas; office, 724 Atheneum Bldg.

Mrs. E. N. Thayer (Emma Churchill), 1892-1895; residence, 26 Stanley Terrace.

George Lincoln Teller, 1884-1888, milling and baking chemist; office, Columbus Food Laboratory, 103 State St.

Alfred Daniel Trempe, 1894-1895, Electric Appliance Co., 92 W. Van Buren St.

Edward C. Tryon, 1891-1892, Kellogg Switchboard & Supply Co.; office, Congress & Green St.

Amy Belle Vaughn, 1893-1897, instructor in domestic science, Brown School; Wood and Warren Ave.

Sherman Grant Walton, 1882-1884, railway postoffice clerk; residence, 1440 New Port Ave.

Edwin E. Wood, 1870-1872, merchant; residence, 619 Sunnyside Ave.

John Alfonso Wesener, 1884-1886, professor of chemistry, College of P. & S.; 103 State St.

George Whitney Williams, 1892-1896, (with George M. Brill); office, 1143 Marquette Bldg.

Lucius K. Woodman, 1880-1882, manufacturer woodenware and lawn furniture; office, Plano, Ill.

Mrs. P. B. Woodworth (Lucy Merrylees Clute) 1889-1893; residence 5808 Ohio St.

Philip Bell Woodworth, 1882-1886m, professor of electrical engineering; office, Lewis Institute.

### ABOUT THE CAMPUS.

Ray Vandercook, '05, will not be in College this term.

Miss Carrie Lyford spent the past week at her home in Moline, Ill.

Williams Hall was renovated from cellar to attic during the past week.

Mrs. Landon spent a part of her vacation visiting in Niles and Kalamazoo.

Instructor Michels spent a day or two last week visiting his uncle in Howell.

Several senior mechanical students are worked hard on their theses during vacation.

Matt Crosby, '02, and Harney Hahn, ex-'03, spent their vacation in Springfield.

E. S. Good, '03, visited over Sunday with relatives in the western part of the state.

Miss Avery will attend the meetings of the association for physical culture in Detroit, Saturday.

M. L. Dean accompanied the remains of his infant daughter to Napoleon, Mich., on March 22.

President Snyder's brother, S. B. Snyder, has just been elected city solicitor of Council Bluffs, Iowa.

Mr. C. A. Warren, with '00, who has been instructor at Tuskegee Institute, visited friends here last Monday.

Mrs. Haner, the Misses Avery and Crowe kept bachelors' hall at the Women's building during vacation.

H. Foley Tuttle, '05, did not spend his vacation at his old home, Wilkensburg, Pa., but remained in Detroit instead.

The *Chicago Drovers Journal* for April 1 speaks, in an editorial article, very highly of Prof. J. D. Towar.

Supt. Leo M. Geismar of the Upper Peninsula Experiment Station, was looking about the College the fore part of last week.

Reports come to the experiment station that the destruction done to clover fields by field mice the past year has been very great.

A. H. Case, '02m, has completed his course and will soon begin work as superintendent of bridge construction with the Penn. Bridge Co.

G. S. Pike, '06m, and C. A. Reed, '05, who missed final examinations on account of mumps, expect to make up their work this spring term.

Fred C. Baker, '02, stayed at the College the past week in order to work on his thesis which has to do with determining the moisture of soils.

The farm department planted for experiment purposes oats and sugar beets last Wednesday, March 26th. This is a very early date for the planting of beets.

Under the supervision of Instructor Reynolds, ten of the senior

mechanicals conducted a boiler test recently at the boiler house, which occupied ten hours.

Dillibaugh, '05m; Bushnell and Thomas, '05; Robbins and Pierce, '04m, and Fisk and Sansburn, '06m, all worked on the new laboratory building during vacation.

W. R. Wright, '02, received a visit during vacation from his brother Oscar L. Wright and wife of Three Oaks. Mr. and Mrs. Wright were on their way to Detroit.

The cinder path through the orchard which has been almost entirely re-cindered this spring, is proving of great benefit to all living east of the College.

The April number of the *Michigan School Moderator* will contain the proceedings of the mathematical section in the recent Ann Arbor assembly, written by Instructor Locke.

The experiment station is sending out beet seed to the Upper Peninsula and is also giving out for publication in county newspapers suggestions for the destruction of field mice.

Dr. Edwards acted as judge of the high school contest held in Lansing, Saturday. The schools represented were Albion, Adrian, Mason, Lansing, Marshall, Howell, and Hillsdale.

The mile track is not going to be destroyed as has been reported. The field around the track has been thoroughly drained, which will make the track better than in former years. The owner of the track has consented to let the Athletic Association use the track provided they fix it themselves.

## ABOUT THE CAMPUS.

The members of the College societies who remained at M. A. C. last week held a very enjoyable party in the Olympic rooms Tuesday evening. About fifty were present.

In *Country Life of America* for April appears an article by Prof. C. D. Smith entitled "Points of a Good Cow." A cut of Belle Sarcastic, of the College herd appears with the article.

The new stewards for the clubs are as follows: For Club N, E Balbach, '04m; Club B, A. Adelman, '04m; Club G, A. R. Carter, '04m; Club E, C. A. Lilly, '04m; Club A, F. C. Bird; Club D, Ray Towar, '03.

C. P. Reynolds, ex '02, has, in the *Chicago Drovers' Journal* for April 3d an interesting account of the recent meeting of the Illinois Institute directors. The Illinois Institutes are not well organized and an investigation is being made.

Early in March fire destroyed a portion of the science hall and the foundry of the Montana State University located at Missoula, Mon. Professor Westcott, who formerly taught at M. A. C., is in charge of the science department of this institution.

Those of our students who attended the Easter exercises of the Industrial school enjoyed a rare treat. The features of the exercises were, beautiful Easter lilies, music by the band, appropriate songs by the choir in Easter robes and music from Easter bells.

The class in advanced machine design have completed the drawings for an arbor press and have nearly finished the drawings for a metal planer. They have also one or two other designs started. The arbor press has been in process of construction in the pattern shop and machine shop for several weeks past. It is expected that it will be ready for use at least as early as the beginning of the fall term.

For purposes of comparison, there is given below the prices of board per week in the various clubs for the fall and winter term of this year: Fall term, 1901—Club A, \$2.25; Club B, \$2.30; Club C, \$1.65; Club D, \$2.45; Club E, \$2.40; Club G, \$1.77; Club N, \$1.70. Winter term, 1902—Club A, \$2.10; Club B, \$2.35; Club C (Women's Building), \$1.70; Club D, \$2.24; Club E, \$2.34; Club G, \$1.70; Club X, \$1.82.

Dr. Beal, Miss Blunt, Professors Wheeler, Pettit, Jeffrey, and Instructors Locke, Severance and Ferguson, and Mr. R. L. Brown all attended the meetings of the Academy of Science and the Schoolmasters' Club, which were held in Ann Arbor the last week of the winter term. Miss Blunt read a paper before one of the sessions entitled "Preparatory German as an Element of Culture." Instructor Ferguson also gave an address, his subject being "Animal Husbandry as a Factor in Education."

## Farm Notes.

(Continued from page one.)

conduct an official herd test for Mr. W. S. Carpenter, of Menominee. The work will occupy his time for the next six weeks.

## NOTICES.

The women's gymnasium classes will please meet for registration Wednesday, 3 to 5 p. m., at the gymnasium. The regular class work will begin Friday.

SARAH S. B. AVERY,  
Instructor.

Y. M. C. A. Tickets for the Melendy lecture will be on sale at the postoffice, ten cents each. Lecture takes place Friday evening in the chapel at 8 o'clock.

W. M. BROWN, Pres.

The Co-operative Book Store will be open regularly from 7 to 8 a. m., and from 12:20 to 1 and 6:20 to 7:00 p. m., each week day throughout the term.

H. RAY KINGSLEY, Mgr.

There will be a meeting of all the RECORD editors in the English class room Wednesday evening, 7 o'clock.

P. H. STEVENS,  
Managing Editor.

Domestic Science 3 will meet for the first half of the term with Dr. Marshall in his laboratory.

BELLE C. CROWE, Instructor.

Classes in domestic art will be as follows:

Sophomore, 1 c. Section I, Tuesday and Thursday, from 1 to 3. Section II, Tuesday and Thursday, from 3 to 5. Section III, Wednesday and Friday, from 8 to 10.

Senior 4.

Art needle work, Monday, Wednesday and Friday, from 10 to 12.

Senior 5.

Millinery, Tuesday and Thursday, from 10 to 12.

MRS. L. K. HANER,  
Instructor.

## GENERAL ORDERS NO. 4.

The band and companies A and B will report in uniform at the armory Wednesday, April 9th, at 5 o'clock p. m. Arms and accoutrements will be issued at that time and it is important that each cadet be present to receive them. Any unauthorized absence will be charged against the cadet.

Companies C and D will report for the same purpose at same place, Thursday, April 10th, at 5 o'clock p. m., under the same conditions as above.

Every cadet will bring his classification card at this time. This is important as the companies are to be reorganized.

By order of

MAJ. VERNON.

FLOYD W. OWEN,  
1st Lieut. and Adj. Corps Cadets.

*The Michigan Alumnus* is securing opinions of Michigan Alumni, asking them "What influence in College life has been of most force in my later life." Hon. William Rufus Day, '70, concludes, "The thing that made most impression upon me was the tireless industry of Judge Cooley."

Henry Wade Rogers, '74, for a time president of Northwestern University, now a professor at Yale, says: "As I study the past and reflect upon the good that came to me as a student in the university, my mind always reverts to Thomas M. Cooley, for whom I have a very profound respect and admiration."
