

The M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

VOL. 10.

LANSING, MICHIGAN, TUESDAY, DEC. 6, 1904.

No. 12

Y. W. C. A.

The Thursday evening meeting was led by Edith Hutchins. Her subject was "Obedience," and the lesson was drawn from the story of the trial of Abraham's faith and his obedience to the Divine command, found in Genesis 22.

HORT. CLUB.

The regular meeting of the Horticultural Club was held Wednesday evening. Mr. Sackett, instructor in bacteriology, gave a very interesting talk on plant bacteriology. He gave the club some general ideas of what the subject included, and then took the pear blight germ as a concrete example, and explained its morphology, method of attack, symptoms of the disease, etc. A discussion followed.

Prof. Northrop, a graduate of '01 of this College, who has recently been connected with Cornell University, gave a short talk on Cornell College of Agriculture and Cornell University.

Mr. Gunson exhibited some of his delicious experimental Keiffer pears, which were enjoyed by all. Mr. McCue distributed, named and explained several varieties of oranges, tangerines, pomelloes, cornquats, and fifteen or twenty varieties of apples from New Hampshire.

The meeting was well attended, and the members manifested a keen interest in the work and progress of the club.

M. A. C. FORESTERS.

Nearly 40 students and others were present at the meeting of the M. A. C. Foresters last evening to listen to an address on the Needs of Forestry in Michigan, by Hon. E. A. Wildey, State Land Commissioner.

As one reason why the forests were removed so fast the speaker said that the state formerly sold its timber land for \$1.25 per acre and required only one-fourth payment down. In this way a man could get possession of large tracts of timber and remove it on a very small investment. There are no large bodies of timber in the Lower Peninsula but in the Upper Peninsula large tracts still exist but are much damaged by fire from time to time. Data was furnished to show the amount of timber the state had produced and why it should produce more. Michigan is the home of the white and Norway pines, and they have a merchantable value from the time they are four feet high until they will make the finest lumber.

Legislation so as to remove a portion of the tax from growing timber would be in the nature of legislating for a class and such is difficult to enact.

The tenure of state offices is so changeable and forestry operations extend over such long periods that the plans of one set of officers may never reach maturity. Mr. Wildey

thinks the state should set the example, as it is doing in Roscommon and Crawford counties, for private individuals to follow.

Railroad companies are taking hold of the forestry question and making extensive plantations for tie material. These organizations and paper manufacturers require trained men for their work.

On the subject of taxation he advised the young men to see to it that the owner of timbered lands was not assessed too high a rate and at a rate that should be uniform.

The speaker said that forestry is the salvation of the non-agricultural lands of the state. In certain counties 97 per cent. of them has never been plowed and a large per cent. of these lands are fit for forestry only. The state has in some cases paid out over three dollars for every dollar of tax collected. In other instances where state lands have been advertised and sold nearly four times as much was spent by the state in advertising and other ways as the land brought when finally sold. The speaker said he did not think there was an acre of land in Michigan too sterile to raise Norway pine.

Many questions were asked and by his answers the speaker showed that he is very familiar with every part of the Lower Peninsula and understands the condition thoroughly.

DEBATING CLUB.

The question discussed in the Debating Club was, *Resolved*, that in the military department at M. A. C. none but underclass men should be required to drill as privates. The affirmative speakers were Mr. L. D. Bushnell and T. F. Locke. The negative speakers were Mr. W. K. Hough and Mr. F. Liverance. The judges stood two for the affirmative. Dr. Edwards acted as critic and brought out many good points whereby debating in the society can be improved.

The meeting next week is the last for the fall term.

The preliminaries for the Ypsilanti-M. A. C. debate are to be held the first week of next term. The question is, *Resolved*, that labor unions are beneficial to the interests of the United States. Ten teams have been selected.

A VISIT TO THE LIVE STOCK SHOW.

About sixty students consisting of freshmen principally, with a few sophomores, attended the International Live Stock Exposition held at Chicago the past week, in addition to the team entered in the student judging contest. The students left at midnight Monday, Nov. 28, arriving in Chicago about 7:00 a. m., thus giving them the whole day to inspect the exposition. A general survey of the show was made, after which the balance of the day was spent watching the judging of the various classes of animals at the ring side.

The next day, Tuesday, the stock yards were visited at which place the car load lots of cattle were inspected. A trip was taken through the market division of the yards and the feeder division as well. The greater part of the time was spent in looking over the feeder stocks. The sheep and swine divisions were also visited, the car load lots in each case being the center of attraction. Just before noon on Tuesday the whole student body made a visit to the Board of Trade, and upon their return at 1:30 p. m. Schwarzschild and Sulzberger had a number of tally-hos waiting to convey them to their packing establishment where they were enabled to see all of the various phases of slaughtering, dressing, cutting, curing, etc., which are employed in the large packing houses.

The boys all came home feeling that they had been amply repaid for time and money spent.

Y. M. C. A.

Mr. Locke led the Thursday evening prayer meeting, taking for his subject, "Companionship with God and men." Mr. Wilcox and Mr. Frazier gave short talks on the subject, and the suggestions brought out were helpful and encouraging.

Sunday morning chapel service was conducted by a corps of the Salvation Army, the sermon being delivered by Brigadier Blanche B. Cox, of Detroit, who has charge of the work in Michigan and Indiana. She showed how infinitely more satisfactory is the life of the true Christian than that of the worldly person, and urged earnestly to this higher life.

The union service Sunday night was led by Prof. Smith whose theme was the request that Elisha made of Elijah, showing what was meant by a "double portion" of Elijah's spirit, and why Elisha needed that spirit, applying the teaching to our own times and circumstances.

NOTICE.

Student certificates for the holiday vacation will not be issued until Thursday, Dec. 22. Students will not be obliged, however, to secure them on this day as they will be issued on Friday and Saturday also. All roads in the Central Passenger Association will accept these certificates and rates can be obtained on roads as far east as Buffalo and as far west as Chicago.

If there are students who desire rates on eastern or western roads, they should report to Miss Yakeley at once so that plenty of time may be had in an effort to secure same.

W. T. Lockwood, of Hillsdale, and J. N. King, of Alma, were guests of Secretary F. R. Hurst Monday.

The Ero Alphan Society gave an eleven o'clock to their friends last Friday evening. Mr. and Mrs. Gunson kindly acted as chaperones. The rooms were very prettily decorated and every one reports an enjoyable evening.

ALUMNI.

'92.

D. W. Trine is running a large truck farm near Dooley, Va. He reports a good business.

'00.

C. H. Hilton who is in the fruit business near Benton Harbor, is to read a paper before the State Horticultural Society which meets at Benton Harbor this week.

'01.

R. S. Northrop, who has been visiting at his home in the city for a few weeks, leaves this week for the Utah Agricultural College where he has a position as Instructor in Horticulture.

In the corn judging contest at Chicago the past week, the team from Kansas under Mr. V. M. Shoesmith, '01, won from Iowa, there being but the two colleges contesting. The prize was a trophy valued at \$1500, the winning of which must have caused considerable satisfaction to our friend Shoesmith. Instructor McWethy met Mr. Shoesmith at Chicago and had a pleasant visit with him.

Charles E. Collier, special sugar beet student in 1901, is at present chief chemist of one of the largest sugar plantations and refineries in the south, situated at Sugarland, Tex. Since leaving College he has successfully held positions as chemist, foreman and assistant superintendent of beet sugar houses in Colorado, Canada and Michigan. This company will refine 300,000 pounds of granulated sugar daily. Mr. Collier states that Sugarland is about 30 miles from Galveston and about the same distance from Houston, Tex.

'03.

George E. Tryon is drafting for the Page Woven Wire Fence Company of Manassas, Pa.

At the recent convention of Tau Beta Pi association held in Cleveland the local chapter was represented by H. S. Hunt '05 and W. R. Shedd '02. J. H. Hedges '03 represented the Michigan Beta chapter recently organized at the Michigan School of Mines. Prof. L. J. Breckenridge (Lehigh Uni.) formerly professor of mechanical engineering at M. A. C., and Prof. G. A. Goodenough '92 were elected members of the advisory board. The association consists of eleven chapters all of which were represented at the convention.

Several societies have reported their new officers for the winter term, but as all have not as yet elected officers, it was thought best to hold them until all were in when they will be published in one issue. We trust that each society will report as soon as their elections take place. If all are in by Saturday, we can publish them in next week's issue.

TUESDAY, DEC. 6, 1904.

WE HAD hoped to present to our readers in this issue of THE RECORD a summary of the work of our football team for the season just closed; but owing to a delay in getting a picture of the team, it was thought best not to do so. We expect, however, to have ready for publication next week a summary of the games with something of the history of each player and also a fine half-tone cut of the team.

FERONIAN PARTY.

Last Saturday, December 3, 1904, the Feronian Literary Society entertained their friends at a theatre party in the gymnasium of the Woman's Building. At the close of the play supper was served in the society rooms. Prof. and Mrs. C. D. Smith and Prof. and Mrs. Babcock kindly acted as chaperones and Mrs. Bert Smith, Mrs. Campbell and Mrs. Dudley were among the guests.

MICHIGAN FARMERS' INSTITUTES.

During the coming month, institutes will be held at the following places:

TWO-DAY COUNTY INSTITUTES.

Long Rapids, Alpena Co., Dec. 6 and 7.

Millersburg, Presque Isle Co., Dec. 8 and 9.

Wolverine, Cheboygan Co., Dec. 9 and 10.

Grayling, Crawford Co., Dec. 12 and 13.

West Branch, Ogemaw Co., Dec. 14 and 15.

Gladwin Twp., Gladwin Co., Dec. 16 and 17.

Hersey, Osceola Co., Dec. 13 and 14.

Luther, Lake Co., Dec. 14 and 15.

Manton, Wexford Co., Dec. 15 and 16.

Elmira, Otsego Co., Dec. 16 and 17.

Harbor Springs, Emmet Co., Dec. 19 and 20.

Holton, Muskegon Co., Dec. 19 and 20.

Casnovia, Muskegon Co., Dec. 21-22.

Charlevoix, Charlevoix Co., Dec. 20 and 21.

ONE-DAY INSTITUTES.

Brampton, Delta Co., Dec. 3.

Bristol, Lake Co., Dec. 13.

Old Mission, Grand Traverse Co., Dec. 12.

Williamsburg, Grand Traverse Co., Dec. 14.

Long Lake, Grand Traverse Co., Dec. 13.

Grant, Grand Traverse Co., Dec. 15.

Mayfield, Grand Traverse Co., Dec. 16.

DuPlain, Clinton Co., Dec. 13.

Maple Rapids, Clinton Co., Dec. 14.

Victor, Clinton Co., Dec. 15.

Eagle, Clinton Co., Dec. 16.

Lake City, Missaukee Co., Dec. 17.

Cranston, Oceana Co., Dec. 17.

Mars, Oceana county, Dec. 19.

Ferry, Osceola Co., Dec. 20.

Walkerville, Oceana Co., Dec. 21.

Hesperia, Oceana Co., Dec. 22.

Alba, Antrim Co., Dec. 20.

Eastport, Antrim Co., Dec. 21.

Elk Rapids, Antrim Co., Dec. 22.

Galesburg, Kalamazoo Co., Dec. 21.

Bellevue, Eaton Co., Dec. 22.

Dimondale, Eaton Co., Dec. 23.

BIBLE STUDY CONFERENCE.

The Bible Study Conference of the Michigan Colleges was a success in every way. There were representatives from all the colleges of the state, who met for a two days' discussion of the best means of carrying on Bible study work in the College Associations. It was a small gathering, about thirty men in all, but every one was there with a spirit to be instructed and inspired, and it is certain that Bible study in the future must have a much more important place in Y. M. C. A. work on account of this convention. A vote of thanks is due to Olivet from every association in the state for the effort they put forth to provide entertainment. Every student in Olivet strove to make the visit pleasant to those who were so fortunate as to be among the delegates. The Y. W. C. A. reception to the students of Olivet and the delegates was one of the most pleasant features of the convention and gave us a glimpse of the splendid college life at their college.

Following is the program of the conference:

SATURDAY, DECEMBER 3, 2:00 P. M.

Devotional Services.

The Purpose of this Institute, Almon M. Chapin, Olivet.

Bible Study in Michigan as it is and as it ought to be, Carl H. Smith, Lansing, Student Secretary.

The Student Body and Bible Study, Artley B. Parson, General Secretary, U. of M.

Discussion.

How to Maintain Attendance, Roy Norton, Albion.

The Claims of the Bible upon the Young Man, F. S. Goodman, New York, International Secretary.

Bible Study from the Faculty Point of View, Dr. E. G. Lancaster, President of Olivet College.

6:45 p. m.

Devotional Services.

Address to all Students, Prof. L. Waterman of Hillsdale.

SUNDAY, DECEMBER 4, 9:00 A. M.

Devotional Meeting 10:30 a. m.

Church Services 2:30 p. m.

Devotional Services.

The Leader—Qualifications, Responsibilities and Duties, Frank R. Hurst, General Secretary, M. A. C. Discussion.

Lakeside and the Bible Student, W. T. Lockwood, Hillsdale.

Discussion.

An Efficient Bible Study Committee, H. F. Clarke, Olivet.

Discussion.

Bible Study and Evangelism, F. S. Goodman, International Secretary, 7:30 p. m., at the church.

Devotional Services.

Address (with stereopticon), F. S. Goodman, International Secretary.

The representatives from M. A. C. were Messrs. Ford, Fiske, Brainard, Willits, and Hurst. F. R. H.

Senior dinner given by Miss Lillian Taft on Monday evening, Nov. 28.

MENU.

Cream of Green Pea Soup
Bread Sticks
Potato Patties with Creamed Salmon
Stuffed Round Steak
Mashed Potatoes
Sweet Potatoes au Gratin
Parker House Rolls
Brown Gravy
Butter Balls
Nut and Celery Salad
Wafers
Grape Sherbet
Chocolate Nougat Cake
Coffee
Mints

Guests, Mrs. Taft, Mrs. Smith, Miss Earl.

Table decorations, Poinsetta in tall vase over circular mirror.

Waitress, Katherine McNaughton.

Senior dinner given by Carrie B. Auspach on Tuesday evening, Nov. 29.

MENU.

Oyster Cocktail
Cream Tomato Soup
Bread Sticks
Olives
Breaded Veal Cutlets, Brown Gravy
Mashed Potatoes
Spaghetti Timbales with Peas
Dinner Rolls
Apple Salad
Salted Wafers
Banana Fritters
Jelly
Pistachia Ice Cream
Angel Food
Cafe Noir
Mints

Guests, Pres. Snyder and Mrs. Snyder, Mrs. Landon.

Table decorations, red carnations and ferns, most artistically arranged from each plate toward the center of the table. The lights in the room were shaded with red.

Waitress, Miss Finley.

In the report of the two senior dinners in last week's issue, it should have been stated that in Miss Paddock's dinner the dietary was given for four persons, while that of Miss Maynard's was given for only one.

The class in veterinary science is doing dissecting work.

The board for the various clubs has been audited for the fall term and is as follows: Club A, \$2.50; Club B, \$2.65; Club C, \$1.80; Club D, \$2.37; Club E, \$2.65; Club G, \$2.15; Club H, \$1.89.

The American Federation of Students of Agriculture held its annual meeting in Chicago the past week. The business meeting was held on Tuesday afternoon and a program carried out in the evening. The program was presented by students from the various colleges. A few of the leading professors were also on the program, among which was Hon. John Dryden, minister of agri-

culture from Canada. This program, as well as all arrangements for the meeting, was looked after by one college, North Dakota having the work in hand. Next year the officers will be chosen from Purdue, and this college will make the necessary arrangements for the meeting in 1905. This is done that the officers may all be in one place and work to better advantage. The states represented were Colorado, Illinois, Indiana, Iowa, Michigan, Missouri, Nebraska, North Dakota, Ohio and Wisconsin.

Prof. Taft returned from his work at St. Louis the past week and reports a fine display of fruit during the past month. Michigan was one of the fourteen states to receive a grand prize for the excellence of its exhibit fruit. Gold medals were awarded to Benzie, Oceana and Van Buren counties. Gold medals were also awarded to the Agricultural College Experiment Station, South Haven Experiment Station, Paul Rose of South Frankfort and Benton Gebhart, Shelby. In addition to the above, more than one hundred silver and bronze medals were awarded to various exhibitors of Michigan fruit.

In the floral exhibit Mr. S. S. Bailey of East Paris received a silver medal for asters; John Brietmeyer's Sons, Detroit, gold medal for roses, carnations and cysanthemums; Nathan Smith & Son, Adrian, gold medal for cysanthemums; Eli Cross, Grand Rapids, bronze medal for violets.

The Michigan State Commission also received a gold medal for the collective exhibit of vegetables. Silver medals were awarded for exhibits of vegetables to Alpena County Grange Society; Capitol Grange, Lansing; Ed Davis, Excelsior; South Haven Experiment Station; Mancelona Grange; C. A. Tyler, Nottawa, and R. E. Histed, South Haven. Bronze medals were awarded to Upper Peninsula Agricultural Society; George Auschnetz, Tawas City; O. T. Marvin, Holton; Muskegon Grange No. 41 and Iosco County Agricultural Society. These were also for exhibits of vegetables.

The weather conditions for the month of November are shown in the following summary taken from the Meteorological Report.

Date	Temperature		Amount of Rainfall or Snow	Prevailing Wind Direction	Character of Day
	max.	min.			
1	68	34		W.	Clear
2	66	42		S. W.	"

notch style. Try a pair.

C. D. WOODBURY, HOLLISTER BLOCK.

ABOUT THE CAMPUS.

Prof. Smith delivers an address
at Benton Harbor this evening.

Mr. Blair has the foundation laid
for another new house in College-
ville.

Mrs. Newman spent a few days
at her home in Portland the past
week.

Miss Grace Brewer was the guest
of Mrs. C. L. Brewer the past
week.

Quite a fire in Oakwood grove
the past week. No very serious
damage was done however.

This snow and blow certainly
makes one think of Christmas va-
cation. It will soon be here too.

The class in domestic science, 1 a,
under Miss Purmort, visited one of
Lansing's leading flour mills on Sat-
urday afternoon.

Instructor F. O. Foster took his
class in dairying through the con-
densed milk factory in the city last
Saturday afternoon. Other places
of interest were also visited.

The State Grange and Farmers'
Clubs meet in Lansing Dec. 12. A
cordial invitation is extended to all
of the delegates of these organiza-
tions to visit the College while in
the city.

A supplement to the November
bulletin is being sent out from the
president's office. It has to do with
our special courses and will be
mailed to persons interested whose
address is furnished.

Prof. Barrows was in Battle
Creek on Wednesday of last week

to inspect the collection of birds'
eggs of Dr. H. W. Harvey, and
gather material for the new bulletin
on the birds of Michigan.

An electric motor has been in-
stalled on the addition of Chase and
Angell for the purpose of forcing
water to the various buildings on
the plat. The power will be fur-
nished by the Piatt Company, of
Lansing.

A. C. Bradley, assistant secretary
of the College from Sept. '93 to
Sept. '95, recently sent the Zoologi-
cal Department a nice specimen of
the snowy owl which he killed near
Newberry (U. P.) Mich. It will
be mounted and placed in the
museum.

The pond back of the Women's
Building is being deepened and a
hydraulic ram will be installed
which will give ample supply of
water from the river. The marl
and muck taken from the bed of the
pond is being used to mulch portions
of the campus.

While Dr. Beal was professor of
horticulture, as well as of botany,
not later than 1881, he had a
sprinkling pot made of copper in
Lansing. This sprinkler has been
in constant use ever since, a period
of at least 23 years, and looks as
sound as ever, save a few bruises.

A number of very desirable
changes have been made at our post-
office. An extra general delivery
window has been put in, eighty call
boxes added and the money order
department placed in the north room.
A larger public writing desk has

also been placed in the waiting
room.

Mr. H. B. Sherman, who has
been employed by the horticultural
department for the past two years
as foreman of the grounds, has re-
signed his position and will leave for
Centralia, Washington, about the
first of January. Mr. Sherman has
been a very efficient foreman, and
we wish him the best of success in
his new home.

A. H. Parrott, a former instructor
in mathematics at M. A. C., is now
at the North Dakota Agricultural
College. Mr. Parrott was elected
instructor in mathematics at the
above named place, but about a
month ago was made registrar of
the college. He writes very pleas-
antly of his work and seems to be
enjoying life in the west.

Beginning January 1st, the Horti-
cultural Club will publish an eight
page bulletin giving reports of its
meetings, news from its members
and reports of experiments per-
formed by students in the horti-
cultural department. The publication
will be called "Bulletin of the Mich-
igan Agricultural College Horti-
cultural Club." It will be monthly
and the subscription price will be
fifty cents per year.

Dean Gilchrist and Miss Carpen-
ter were in Detroit on Thursday of
last week to hear the address of
Mrs. Nellie Kedzie Jones before
the Twentieth Century Club. The
subject was "Educating our Girls"
and was highly appreciated by those
present. Mrs. Jones is considered

one of the best speakers of the day
on the subject of household eco-
nomics. She was one of the speakers
at M. A. C. at the dedication of the
Women's Building.

Basketball practice began Thurs-
day night and a large number of
enthusiastic players turned out for
the work. Each of the classes is
is taking an interest and class
schedules will be played. Mr.
Brewer will have charge of the
team this year and do all of the
coaching. Of last year's regular
team, the following members are
back: Capt. Tuttle, J. E. Schaefer,
and Joe Haftenkamp. Of the sub-
stitutes of last year who are again
in college are R. A. Bauld and H.
S. Hunt.

As the result of the call in last
weeks' RECORD for students inter-
ested in electrical work to meet in
the physics lecture room on Friday
evening, a large number of Juniors,
Sophomores, and others met and
effected an organization for the
study of electrical matters during the
coming winter. Considerable en-
thusiasm was manifested and much
interest is being taken as shown by
the large number present. The
club meets again this evening to re-
view the report of the committee
appointed to draw up a constitution
and arrangements are on the way
for the first program meeting. At
the Friday evening meeting Mr.
Boomsliet read a paper written by
the president of Stevens Institute of
Technology on the outline of what
should be included in an electrical
engineering course. w. w.

'04.

We give below a list of the graduates of last June with as much information as to address and occupation as it has been possible to gather. Information concerning addresses omitted will be gladly received and published in next week's RECORD. The list is as follows:

Arthur Adelman, 1739 13th St., N. W., Washington, D. C.

A. R. Alger, instructor in mathematics, M. A. C.

Elvine L. Armstrong, (Mrs. H. Reynolds), Berkeley, Cal.

Edward Balbach, inspector for the College on the new power plant, M. A. C.

R. J. Baldwin, on the farm at his home, Brown City, Mich.

Marguerite Barrows, M. A. C.

L. F. Bird is instructor in agriculture, M. A. C.

C. L. Brody, on the farm at Corey, Mich.

C. I. Brunger, at Grand Ledge on the farm.

Don Button, on the farm at Farmington, Mich.

W. F. Carleton is in electrical work at Schenectady, N. Y.

A. R. Carter is drafting with the city engineer at Rockford, Ill.

L. T. Clark, assistant in department of bacteriology, M. A. C.

A. C. Dodge is in South America as a mining engineer. His address is Cerro de Pasco, Peru.

Paul N. Flint is on the farm at Cement City.

Henry Geller is taking work in the University of Illinois.

D. A. Gurney is drafting at Olds Gasoline Engine Works, Lansing.

H. D. Hahn is taking post graduate work at M. A. C.

H. N. Horbeck is instructor in science at Traverse City high school.

Geo. V. Howard is with a salt company at Wyandotte, Mich.

Elizabeth Johns is at present at her home in Wixom, Mich.

S. E. Johnson is employed by the Clark Automobile Co., Lansing.

Jesse P. Knickerbocker is in machine shop work in Chicago. His address is 42 S. Clark street.

Jewel Lee is teaching in Clinton county.

F. A. Loew, employed by Botanical Department, M. A. C.

R. D. Malby is on the farm at Brighton, Mich.

Geo. E. Martin is drafting at Olds Gasoline Engine Works, Lansing.

Geo. S. McMullen is on the home farm at Grand Ledge, Mich.

L. B. McWethy, Instructor in Agriculture, M. A. C.

W. S. Merick, Instructor in Manual Training at Kalamazoo, Mich.

W. F. Millar is employed by the U. S. Lake Survey with offices at Detroit.

Geo. P. Morbeck, Ingalls, Mich.

Jessie K. Palmer is at her home, Kalkaska.

Paul B. Pierce.

J. H. Prost.

With '06.

Harry French, with '06, is taking electrical engineering work at Purdue University. James Schwader, of the same class, is taking civil engineering. George A. Mosley, with '05, is also taking work at Purdue.

One of Alma's football team, in writing to one of our team, a few days after playing the game of Nov. 19, says: "It is a pleasure to go to M. A. C. to enter into a contest of any kind. A visiting team is *always* treated finely in every way by both their opponents and the student body. M. A. C. never plays dirt but is always 'sandy.'" Such a friendly spirit between two colleges is an ideal condition, and it is to be hoped that such compliments may always be merited by the student body of this college.

UNCLE SAM'S ROLL IS GROWING FAST.

Our population is on the increase as never before, and there is not a shadow of doubt that it will continue to steadily increase, at least for the next half dozen years; and no reasonable mind can doubt the enormous significance of this increase in population in its relation to the demands for the necessities as well as for many of the luxuries of life. Four years ago we were surprised at the census which showed a population of 75,000,000, but we soon came to regard such a population as a mere matter of course, and now we talk of 80,000,000 and seem to attach but little significance to it. And yet, in 1910, if the percentage of increase keeps on, we shall have a population of more than 88,000,000. When it is realized that in the past thirty-three years our population has increased 100 per cent. while that of all the world has increased but 25 per cent. we get some idea of what this expansion in our population means to the United States. And the increase in population can have but one effect, and that is to increase our prosperity and material resources. —*Leslie's Weekly*.

Iowa is to have a new engineering building which will cost \$50,000.

Organized Effort Wins.

Life Insurance is Organized Thrift.

The Mutual Benefit shows 60 years success with splendid management.

Do you want to come in now while you can? Some wait too long.

No one ever regretted carrying a good insurance contract.

"What? I know I'm thin, but I didn't know you could see my back from the front."—*College Days*.

ALL MEATS

May look alike to you, but there is a very great difference in the quality we handle and that sold by some other markets. We handle none but the very best. Like the pudding, the proof of good meats is in the eating. A trial will convince you that you ought to trade with us.

We make daily trips to the College. BOTH PHONES. Careful attention given to phone orders.
