

# The M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

VOL. 13.

LANSING, MICHIGAN, TUESDAY, SEPTEMBER 24, 1907.

No. 1

## PROF. E. E. BOGUE.

One of the saddest events in the history of the College occurred on Monday, August 19, when news was flashed about the campus of the death of Prof. Ernest Everett Bogue, the first acting member of the faculty that has been claimed by death during the fifty years of our history.

Prof. Bogue came to M. A. C. in 1902, a strong, robust man, which he ever continued to be until overcome by that dreaded disease appendicitis. He suffered his first attack the latter part of last January, and underwent three operations before his rugged constitution and indomitable will at last succumbed. In his death the institution loses a man of national reputation in his line of work, a strong and potent influence for good, and a man whose undaunted courage and untiring energy has built up, under many adverse circumstances, a strong and flourishing department of our College.

Ernest Everett Bogue was born in Orwell, Ohio, January 12, 1864. His early life was spent on the farm of his parents, but he early conceived an ambition for a college education. Accordingly, after a three years' course in an Ohio school of high school standing, he entered the Ohio State University in the fall of 1890, strong in body, full of hope and courage and with but \$60 in money. He was graduated with the class of 1894 with the degree of B. S., having worked his way through, and never having missed a class on account of sickness. In 1895-6 he returned to his alma mater for post graduate work, receiving his M. S. degree.

March 25, 1896, he was united in marriage to Myra Viola Wilcox (who survives him) and soon after accepted a professorship in botany and entomology at the Agricultural College at Stillwater, Oklahoma, which position he held until the spring of 1900, when he took a leave of absence to study at Harvard University, where he received the degree of Master of Arts.

In September, 1902, Prof. and Mr. Bogue came to M. A. C., where Mr. Bogue was to take charge of, and build up a forestry department of the college. How well he succeeded may be judged from the present high standard to which the department has attained in the comparatively short time it was under his direction, and which, next to his home, was the dearest to his heart.

## PROF. WILLIAM S. HOLDSWORTH.

Prof. William Sanders Holdsworth, for 26 years in charge of the department of drawing, passed from this life about midnight, Sept. 18th, at his home just north of the College Campus.

For years he had bravely fought a tendency to lung trouble and several years ago spent two winter seasons in Florida. Then followed a

period of marked strength and vigor until the fall of '05, when symptoms again developed. His friends induced him to try the climate of southern California, and in December the Board of Agriculture granted him a generous leave of absence. He returned in May much improved and again took up his work.

In Dec. '06, however he was again attacked and he left for Florida where he spent the winter. He failed however to receive any benefit from this trip and returned in May. He immediately gained strength upon reaching M. A. C. and was able to visit his many friends during the semi-centennial. After the middle of the summer his inability to combat the disease became evident although his snap and vigor were wonderfully maintained until the last. He conducted correspondence in the interest of his department up to within two weeks of his death and he sat with his family before the open fire on Tuesday afternoon. That night he passed peacefully away into the rest which is undisturbed.

Mr. Holdsworth was born in London, England, Feb. 28, 1856. At an early age he came with his parents to the shores of Grand Traverse Bay, where they located among the pines. His fondness for this beautiful invigorating shore never waned. Here he built his summer home and while resting and invigorating in mind and body he gratified his artistic taste with brush and palette.

He was graduated from M. A. C. with the class of '78 and supplemented his work here with a course in art at Boston. In 1881 he came to his alma mater to take charge of the department to which he has since given such efficient service. He was the exemplification of all that he taught; thoroughness, sincerity, something worth while. By his death this college loses a worthy alumnus and a faculty member of high efficiency.

The funeral services were conducted from the home on Thursday afternoon and by the Rector of the Episcopal church, of which he was a member, and the remains taken to Traverse City for burial. The family was accompanied by Prof. Warren Babcock who represented the College at the burial. Mrs. Holdsworth and her three sons will continue to live at M. A. C., where Robert, the oldest son, is in the second year of the engineering course.

## REDUCED EXPRESS RATES.

Arrangements have been perfected with the express companies whereby corn growers desiring to enter exhibits for the national corn exposition, to be held in Chicago October 5-19, will be granted a reduced rate on their shipments. Full particulars can be obtained from nearest express company agent, after September 15. This is a matter of no small importance to exhibitors, as all prize entries must be shipped by express, prepaid.

## NEW MEMBERS OF OUR TEACHING FORCE.

Prof. G. W. Bissell, dean of engineering and professor of mechanical engineering.

Prof. Bissell was graduated from Cornell University in '88 with the degree of M. E. and for three years was instructor in experimental engineering at Sibley College, Cornell. In 1891 he was elected to the position of assistant professor of mechanical engineering at Iowa State College, advanced to full professorship in 1892 and made vice dean of engineering in 1904 which position he resigned to take up the work at M. A. C. Prof. and Mrs. Bissell will occupy the house on faculty row formerly occupied by Prof. Weil.

J. Fred Baker, Professor of Forestry.

Mr. Baker is a native of Wisconsin. He was graduated from M. A. C. in 1902, and entered the service of the U. S. government in the division of forestry. Later he took the forestry course at Yale, completing in '05. He taught forestry in Pennsylvania for a couple of years and was the appointed professor of forestry in the Colorado Agricultural College at Fort Collins, Colorado, which position he resigned to accept the position here. Mr. Baker is a thorough college man and a man of wide experience in practical work. Mrs. Baker will be remembered as Miss Bessie Burkirk, '03.

L. M. Hurt, D. V. M., Professor of Veterinary Science.

Dr. Hurt is a native of Iowa and was graduated from the Iowa State College with the degree of D. V. M., after which he was employed for some time in the Bureau of Animal Industry. In 1904 he was elected to the position of assistant professor in the veterinary department of the Iowa State College, which position he resigned to accept the professorship here.

Orestes I. Gregg, Instructor in Horticulture.

Mr. Gregg is a native of New York State, and was graduated from M. A. C. last January with the degree of B. S. During the summer he has been in the employ of the Horticultural department and enters upon his new duties with a practical working knowledge of his subject.

Zeno P. Metcalf, Instructor in entomology and assistant entomologist of the experiment station.

Mr. Metcalf is a native of Ohio, and was graduated from the Ohio State University with the class of '07. During his senior year he acted as student assistant in the department of entomology.

F. G. Tompkins, Instructor in English.

Mr. Tompkins' home is in Battle Creek. He is a graduate of the University of Michigan and has had four years experience in high school work.

(Continued on page 2.)

## ALUMNI.

'74.

C. L. Bemis, after 16 years' service as superintendent of the Ionia schools, has resigned to accept the superintendency of the State Normal School at Athens, W. Va.

'82.

Under the heading, "Men of Work," the *Michigan Tradesman* for September 4 gives a two column write-up and cut of Joseph E. Coulter, '82. Mr. Coulter is president of the Grand Rapids Shoe and Rubber Co., having been elected to that position over a score or more of applicants, without himself being an applicant.

'85.

J. D. Towar, of the above class, is now installed as director of the experiment station and professor of agriculture at the University of Wyoming, at Laramie.

'88.

W. M. Munson, formerly Professor of Horticulture at Orono, Me., is now connected with the experiment station at West Virginia. His address is now Morgantown, W. Va.

'90.

A. L. Waters will have charge of the new smelter being built by the Carrizo Copper Co., at Ayutla, Talisco, Mex.

With '96

Geo. W. Rose, '91-'94, was killed and his wife severely injured by Mexican bandits Sept. 14. Mr. Rose was connected with the Mexican Mining and Transportation Co. of Guanajuato, Mexico. As yet we have been unable to ascertain the motive for the attack. Mrs. Rose will recover from her injuries.

'02.

H. K. Patriarche was promoted, on July 16th, to the position of traveling freight agent for the P. M. R. R., with headquarters at Pittsburgh, Pa. His address is 717 Negley Ave., S.

'03.

W. Morton Barrows is instructor of zoology and geology at Durham College, New Hampshire.

'04.

Milton Caine, with the above class, who has been in the employ of the Ducktown Sulphur & Iron Co. at Isabella, Tenn., has been seriously ill of typhoid fever at the home of his parents at Lansing. He is much improved and is writing.

Marguerite Barrow is teaching English and chemistry in the high school at Keyport, N. J.

'05.

C. A. Reid is assistant in horticulture at the West Virginia experiment station. His address is Morgantown, W. Va.

With '05.

Harriet Toan is teaching domestic science at Oklahoma City.

TUESDAY, SEPT. 24, 1907.

It is with many misgivings that the writer takes up the work of editing the RECORD after the able way in which it has been handled in the past several years by Mr. B. A. Faunce, whose long connection with the College and whose wide acquaintance with students and alumni have made him especially fitted for the work. However, as an old graduate of M. A. C., with three years of newspaper experience we shall try, with the help of both faculty and students, of which we have been assured, to make the RECORD a true exponent of college life at M. A. C. How well we shall succeed remains to be seen.

We shall be glad to receive advice from all sources, and shall try to profit thereby, and shall feel especially grateful for local and personal items concerning students, faculty, alumni, or events of interest to our readers. Lack of space may make it necessary to omit many contributions, but we shall feel none the less grateful for the items, and shall remember the contributor. Items for publication may be left at the desk in the president's office or in any of the RECORD boxes about the grounds, but in each case must be signed by the writer, not for publication, but as evidence of good faith.

With charity toward all, and malice toward none.

Yours truly,

W. J. WRIGHT.

VACATION time has come and gone. We have camped and fished, tanned our arms and blistered our necks; lived on stale bread and canned goods to our heart's content, and disputed life's very existence with the mosquitoes, or we have worked on the farm or the shop or the office, or we have studied or traveled or done a thousand and one things that we felt it would be such a pleasure to do when we left last June, and now we are back again for another year's hard work, but, honestly, didn't you get a little lonesome for M. A. C., and wasn't you mighty glad to get back again?

"M. A. C., we've got a feelin' for you."

## NEW MEMBERS OF OUR TEACHING FORCE.

(Continued from page 1.)

A. C. Mehrtens, Instructor in Machine Design.

Mr. Mehrtens is a graduate of Pratt Institute of Brooklyn, N. Y., and has had two or three years practical experience in various manufacturing establishments in New York City as a draftsman and designer. His mother and sister will accompany him to Lansing where they will make their home.

J. F. McVey, Instructor in Civil Engineering.

Mr. McVey is a graduate of Lehigh University and has had practical experience in railroad work.

W. Rodney Cornell, Instructor in Civil Engineering.

Mr. Cornell is a graduate of Rutgers College, N. J.

W. H. Wadleigh, Instructor in Physics.

Mr. Wadleigh is a graduate of the Iowa State Normal and also of the University of Michigan. He has had three years' teaching experience and formerly had charge of the science department in Parker College, Minn. Mr. and Mrs. Wadleigh will occupy the J. D. Towar house on Wildwood avenue.

W. H. Perkins, Instructor in Mechanical Drawing.

Mr. Perkins received his training in the Massachusetts Institute of Technology. His practical experience has been gained in an architect's office at Boston.

C. H. Harper, B. S., Instructor in Mechanical drawing.

Mr. Harper is a graduate of the engineering department of the Maryland Agricultural College.

Miss Pearl MacDonald, Instructor in Domestic Science.

Miss MacDonald is a graduate of the U. of M. with the class of '98 and of Columbian University in '06. Miss MacDonald has taught in the high schools of the state for several years and last year taught domestic science in the Saginaw East Side high school.

F. W. Howe, Instructor in Agriculture.

Mr. Howe is a graduate of the U. of M., and last year did graduate work here in agronomy. He had 11 years' teaching experience in the public schools and taught for three years in Healdsburg College, Cal. He will occupy the position recently vacated by Mr. McWethy.

F. M. Boyles, Instructor in Chemistry.

Mr. Boyles is a native of W. Va., and a graduate of the University of that state.

J. F. Darling, Instructor in Chemistry.

Mr. Darling is a native of New York and a graduate of Cornell University.

F. Liverance, Instructor in Dairying.

Mr. Liverance is well known to most M. A. C. people, having graduated from the Agricultural Course here last June.

## PROMOTIONS.

Recognizing their efficient work in their respective departments, the following instructors have been promoted to the rank of assistant professor.

Louis Appleyard, Assistant Professor of Mechanical Engineering; J. J. Myres, Assistant Professor of Zoology; H. S. Reed, Assistant Professor of Chemistry; E. H. Ryder, Assistant Professor of History and Economics; W. G. Sackett, Assistant Professor of Bacteriology and Hygiene.

## CUPID'S DOINGS.

F. J. Phillips, '03, and Miss Bertha Vondracek at Cedar Rapids, Iowa, June 12, 1907.

John Bowditch, sp. with '08, and Miss Martha Willits, Saturday, June 22.

L. B. McWethy, '04, and Miss Eva Keeney, with '07, at Elsie, Mich., June 25. At home at Larimie, Wyo.

W. C. Stebbins, '95, and Miss Helen Warren, July 30. At home after Oct. 1, at Grand Forks, N. D.

Thos. L. Hankinson, '98, and Miss Nettie B. Dickson, Aug. 7, at Louisville, Ky.

W. M. Treadwell, with '99, and Minnie E. Force, at Ypsilanti, Aug. 7.

A. C. Dodge, '04, and Miss Frances Farrand at Lansing, Aug. 7.

O. I. Gregg, '07, and Miss Ina Muzzall, sp. '05-'06, at Grand Haven, Aug. 12.

Arthur C. Green and Miss Maude Miner, sp. '04 and '05, at Owosso, Aug. 14.

C. A. Wilson, '06, and Miss Bertha Wellman, '96, at home of the bride in East Lansing, Aug. 19.

Geo. Stoffer and Miss Helen Andrews, '07, at Williamston, Aug. 22.

Geo. Severance, '01, and Miss Ethel E. Espey, at Palouse, Washington, Aug. 28.

J. S. Shaw, sp. '04-'05, and Emma F. Campbell at Barton, Md., Aug. 29. At home at Marquette, Mich.

Dayton Gurney, '04, and Miss Anna E. Pickett, '05, at Okemos, Sept. 4.

## REFERENDUM THE SUBJECT.

Annual Debate with Ypsilanti Will Be Held During Winter Term.

"Resolved, That all measures adopted by the Michigan legislature and approved by the governor shall be referred to the popular vote upon petition of one-twentieth of the qualified voters." This is the subject chosen by Dr. Blaisdell for this year's debate with Ypsilanti, which has been formally accepted by Prof. Lathers of that institution. Ypsilanti has chosen the affirmative side of the question, and thus it falls upon M. A. C. to defend the negative. Last year the M. A. C. team was easily the winner and was well supported by the students. This year we certainly should be able to do as well.

The department of physics and electrical engineering now occupies its new quarters in the west end of the new engineering building. The old quarters are being used by the chemical department, which now occupies the entire chemical building.

## PROSPECTS FOR 1925.

Tom Llewellyn Yates, son of Mr. and Mrs. Richard L. Yates, born July 18, 1907. Mr. Yates is of the class of '03. Mrs. Yates will be remembered as Miss Kate Gunn, also of '03.

Colman A. Stewart, son of Mr. and Mrs. J. B. Stewart; born Aug. 1, 1907. Mr. Stewart was a member of '01.

Leon Brodie Burnham, son of Mr. and Mrs. A. C. Burnham, born Aug. 12, 1907. Mr. Burnham was of the class of '93.

## POST CARD INFORMATION.

Tinsel decorated cards must be enclosed in envelopes.

Anything pasted on the back of a card makes it subject to letter postage.

A new regulation requires that postcards shall not exceed a certain size—that of the government postcard.

A card of double weight must have double postage. One cannot send every card, no matter how heavy, for one cent.

A foreign card takes double postage, and if it is insufficiently paid, the deficit is doubled on the other side, and the receiver must pay the amount or refuse to accept the card.

Miss Edna Spindler of Lansing, is the new stenographer in the president's office.

Instructor Chapman will occupy rooms in the terrace formerly occupied by Instructor Alger.

Norma A. Searing, with '02, is teaching in the State Normal School at Stevens Point, Wisconsin.

A greater part of the wild garden has now been raised above high water mark and a cement tunnel has been put in at the lower end to accommodate the water from the drain.

Miss Alice Earl, for several years clerk in the secretary's office, has resigned her position, and will spend the winter in Pennsylvania. Miss Agnes Crumb, of Lansing, is filling the position.

Miss Dorothea Moxness, the efficient assistant in the chemical department, has resigned to accept a position as assistant chemist for Baurouh Bros., manufacturing chemists, Baltimore, Md. She leaves for her new field of labor, October 1.

Director Brewer and his assistants have been doing some very credible work on the athletic field during vacation. The grand stand, which was of no use except for football, has been moved to the south side of the field at the side of the gridiron, and a large new bleacher built for the comfort of spectators. The outlook is good for a winning team this year.

Peter denying his Lord makes even a better showing than some of these colleges that are fairly tumbling over themselves now to assure the trustees of the Carnegie teachers' pension fund that they are not "essentially denominational or Christian" and therefore should have a share in the distribution of the fund.—Moderator Topics.

**ABOUT THE CAMPUS.**

Frequent rains during the summer have kept the campus in excellent condition.

Mr. Schepers of the Secretary's office, has purchased Mr. Faunce's house in Collegeville.

Miss Maude Gilchrist, who has been studying at Ann Arbor the past year, will again have active charge of the Woman's Dept. this year.

W. D. Fraser had charge of the Free Press Fresh Air camp at Sylvan Lake this summer. They entertained 156 of Detroit's needy boys during the season.

The Horticultural department has recently issued a neat 16-page folder giving concise information about our Horticultural course. The information is given in a most pleasing form.

Mr. B. A. Faunce, who for several years has been identified with the President's office in various capacities, and also editor of the RECORD, is now a member of the firm of Freyer & Faunce, hardware, carriages and implements at Grant, Mich. His many friends wish him success in his new work.

Fred C. Kenney for twelve years cashier in the Secretary's office, has severed his connection with this institution to accept the position of treasurer of the Massachusetts Agricultural College, to which position he has been elected. Mr. J. Schepers a thoroughly experienced man, formerly with the State Accountant, succeeds him.

Albion college celebrated its fiftieth anniversary Sept. 14. Vice Pres. Fairbanks was the guest of honor.

Mr. Arthur R. Kohler, instructor in horticulture last year, has resigned to accept a similar position at the Minnesota Agricultural College.

Miss Vesta Woodbury, 01, was married to Mr. T. Maitland Marshall, at Fresno, Cal., Tuesday, Sept. 14, 1907. At home after Sept. 23d, at Redlands, Cal.

Warren L. Rogers, State Student Secretary of the Y. M. C. A., will conduct chapel exercises Sunday morning at 9:00 a. m. in College Hall. Mr. Rogers will also have charge of the evening meeting.

Instructor Norton is on a five weeks' trip to the various fairs with an educational exhibit of cattle and sheep. The Michigan State Fair, West Michigan State Fair at Grand Rapids, Greenville, Benton Harbor and Hillsdale are the fairs scheduled.

Dr. G. A. Waterman, who, for 10 years has been at the head of the veterinary department of the college, has resigned to take the active management of his farm near Ann Arbor, which course he has been contemplating for several years. Dr. Waterman was one of our most popular and proficient faculty members, and both he and Mrs. Waterman will be greatly missed in the community and by the student body. The RECORD joins in extending best wishes for the future.

Mr. and Mrs. O. I. Gregg occupy one of Mr. Blair's cottages in Collegeville.

Mrs. C. M. Dickson has rented the Gunn house in Collegeville, and will conduct the same as a boarding house.

F. O. Foster, for the past three years instructor in Dairying here, has established a dairy employment agency at Lansing. See ad in another column.

Vol. 1., No. 1, of the *Round Up*, a weekly paper of about the size of the RECORD, published by the Agricultural College of New Mexico, comes to our desk. It will certainly fill the urgent want of that institution.

Prof. D. Houston of the Royal College of Science at Dublin, Ireland, visited M. A. C. in the early part of July. Prof. Houston made a tour of 13 colleges and universities in the U. S. and Canada for the purpose of securing ideas on teaching methods on this side of the Atlantic.

Prof. Jeffery has recently received for the farm department an interesting collection of corn left by the late Samuel Browning of Detroit. Mr. Browning spent a lifetime gathering these specimens which will prove an interesting exhibit, showing the development of our present varieties. Among them are two ears of black popcorn collected from the Stockbridge Indians in the Berkshire hills, Massachusetts, in 1835.

Mr. Gunson judged the floral exhibit at the State fair.

Prof. L. R. Taft is in Jamestown this week.

Instructor Wadleigh occupies the J. D. Towar house on Wildwood avenue.

Born, to Dr. and Mrs. L. M. Hurt at their home at Ames, Iowa, Sept. 14, a boy.

H. G. Walker, '04, and wife were at the college the first week of September. They were here to attend the wedding of Dayton Gurney and Anna Pickett.

Mrs. Isor, state secretary of the King's Daughters, will meet with the King's Daughters of the College on Friday, Sept. 27, at 7:30 p. m. at Mrs. Snyder's.

Miss Jennie Buell, secretary of the Michigan State Grange, had a very interesting article in the Michigan farmer of August 31, on "Outside Glimpses of the Women's Department at the M. A. C."

For 50 years M. A. C. was especially fortunate in that no active member of the faculty died during that time. In the past four weeks, however, two, Professors Bogue and Holdsworth have passed away.

Under the will of E. W. Currier, '65, Amherst receives a bequest of \$400,000 or more, the largest amount the college has ever received. His death also releases \$180,000 for Williams College, willed by his aunt subject to his life interest.

# ATHLETICS.

## SCHEDULE OF FOOTBALL GAMES.

Oct. 3—Detroit College at M. A. C.  
 " 5—Flint at M. A. C.  
 " 12—Michigan at Ann Arbor.  
 " 19—Notre Dame at Notre Dame.  
 " 26—Wabash at M. A. C.  
 Nov. 2—Kalamazoo at Kazoo.  
 " 9—Albion at M. A. C.  
 " 16—Olivet at M. A. C.  
 " 23—Alma at Alma.  
 " 28—D. A. C. at Detroit.

The above is the schedule, as near as can be given at the present time, and which will probably remain as indicated, with the possible exception of Oct. 19 and 26. Notre Dame was to come here, but cancelled and requested that the game be there instead. Wabash then consented to come, subject to the approval of the board, and, if it is given, the game with Notre Dame may be cancelled, as it would make three of the hardest games come consecutively. Wabash has been the sensation of the west for several years, and will probably put up the hardest game of the series.

The outlook for a good team this year is especially bright. Among the old men back are Capt. Small, "Octy Moore, Parker, Campbell, Frazer, Dunlap, Shedd, Allen, McKenna and Wheeler, while the amount of available freshmen material is large and promising. Fifty men have already reported for practice, and many more have signified their intention of trying for the team.

During the summer Coach Brewer and a squad of men have been busy moving the grandstand, putting up new bleachers and rearranging the track, until the field hardly looks like the same place. About 2500 people can now be accommodated in the grand stand and bleachers, and this, together with the better facilities for getting to the grounds, insure a much larger attendance than ever before. Let everyone who can get out and try for the squad and help the team on to victory.

## SOCIETY OFFICERS.

The following is a list of society officers for the coming term, as far as we have been able to ascertain. We hope to complete the list next week.

AVERAGE men are as colorless as average clothes. College men are outside the average—their togs *have* to be—College Brand Clothes *are*. Just a bit more dash to 'em, a great sight more style—and the precisely right amount of fit. Though exclusive their price isn't enough to *exclude* you from wearing 'em. For the young man and the "like-to-be-young."

**O'CONNOR, Clothier.**

Sole Agents for College Clothes.

AND ALL OTHER KINDS OF

WATCHES, CLOCKS, JEWELRY

Repairing in a workman-like manner.

**H. P. PIPER** Will be at the M. A. C. Book Store from 4 to 6 p. m. to receive and deliver work.

All Work Warranted.

## ALL MEATS . . . .

May look alike to you, but there is a very great difference in the quality we handle and that sold by some other markets. We handle none but the very best. Like the pudding, the proof of good meats is in the eating. A trial will convince you that you ought to trade with us.

We make daily trips to the College.  
 BOTH PHONES. Careful attention given to phone orders.

**GOTTLOB REUTER,**  
 Washington Ave. South.
