WASHINGTON ALUMNI MEET.

The eighth annual meeting of the M. A. C. Alumni Association of Washington, D. C., was held on February 27, 1908, at the Y. M. C. A. building. There were 50 persons present. In the absence of the president, Dr. Chas. F. Wheeler, the first vice president, Wm. F. Wight, presided. The minutes of the previous meeting were read and adopted.

President Wight read specifications for an assistant librarian (feminine) in the Bureau of Plant Industry and stated that one of M. A. C.'s representatives got the job.

Prof. L. H. Bailey discussed the changes at M. A. C. incident to her growth and development, and cited the fact that formerly work in the field was required of students to maintain their devotion to the farm, while now agriculture is taught by actually carrying on its various processes. He believes the curriculum of agricultural colleges should be further extended to include, among other things, a course in rural teaching. He spoke of the good resulting from compulsory labor, and cited the country girl as an example.

The president read a telegram from Prof. Fletcher, expressing regret because of his inability to be present.

President K. L. Butterfield brought greeting from the New England section of the M. A. C. Alumni Association. He deplores the failures of the Memorial building project, and thinks contribution the proper form for expressions of loyalty. He feels such a building would be neutral ground formerly supplied by college spirit which has of late been destroyed by the segregating influence due to the ambitions of the various societies. He feels that no agricultural college can be considered the leader, each having its own peculiarities and that M. A. C.'s greatest field for endeavor is the solution of the problems in Michigan's agriculture.

The following officers for the ensuing year were unanimously elected:

President, C. B. Smith, '94.
1st Vice Pres., Guy Stewart, '95.
2nd Vice Pres., Mrs. L. J. Briggs, '93.
Secretary, W. F. Staley, '88, U. S. Dept. of Agr.
Treasurer, Arthur Adelman, '04.
J. B. Stewart, '01, Harry Eustace, '01, Cora Feldkamp, '05, Executive Com.

The meeting then adjourned to the lunch room, where amid inspiring songs of long ago things vanished right freely.

Prof. Chas. McKenna spoke of a teacher's sphere and of M. A. C.'s opportunity to further Michigan's dairy industry.

Prof. M. W. Munson stated that though M. A. C. might not be the leading school she is nevertheless a leader. He recalled several incidents of the past, especially "Ned and Molly."

The following people were present:

Prof. L. H. Bailey, '82; Pres. K. L. Butterfield, '91; Will Warren Tracy, '67; James H. Tibbits, '73; Donald MacPherson, '74; W. M. Munson, '88; Wm. F. Staley, '88; Wm. A. Taylor, '88; Walter D. Groesbeck, '92; Lyman J. Briggs, '93; Mrs. Katherine (Cook) Briggs, '93; Dick J. Crosby, '93; Mrs. Lillian (Wheeler) Crosby, '93; Wm. W. Tracy, '93; Clarence B. Smith, '94; Wm. F. Wight, '94; Chas. P. Close, '95; M. H. Lapham, '97; Homer Skeels, '98; John B. Stewart, '01; Orla A. Ayrs, '02; Arthur Adelman, '04; D. A. Gurney, '04; Herman Schreiber, '04; Clarence A. Reed, '05; Cora Feldkamp, '05; L. M. Spencer, '06; F. E. Liverance, '06; E. J. Krause, '07; Prof. Chas. McKenny, '88.

Special students and others connected with the college: Mrs. Lyster H. Dewey, '89-'90; Adelbert Dryer, '89-'92; Mrs. C. B. Smith, '97-'00; Miss Maud R. Keller, '98-'01.

A letter from B. B. Clise states that he is now doing demonstration work for the Oliver Plow Co. in the sugar plantations along the Mississippi river.

STATE COLLEGE CHAMPIONS.

Basketball Team Adds Another Athletic Triumph for M. A. C.

The closing of the basketball season last week added another athletic triumph for the college—the state college basketball championship for 1908—which is the seventh consecutive basketball championship won by an M. A. C. team.

The work of the team this year has been particularly good, the schedule being a hard one, including some of the best teams of the middle west, such as Oberlin, Notre Dame, De Pau, Armour Institute and the Haskell Indians.

Of these, Oberlin, De Pau and Haskell were defeated, Notre Dame was once defeated and was twice victorious and Armour Institute won by only three points in an overtime game.

The following is the record for the season:

- M. A. C. 46, Mt. Pleasant 8.
- M. A. C. 38, Mt. Pleasant 23.
- M. A. C. 46, Oberlin 21.
- M. A. C. 67, Saginaw High 23.
- M. A. C. 30, Adrian 14.
- M. A. C. 20, Detroit "Y" 33.
- M. A. C. 74, Grand Rapids "Y" 16.
- M. A. C. 33, Notre Dame 20.
- M. A. C. 13, Notre Dame 23.
- M. A. C. 42, Jackson "Y" 29.
- M. A. C. 40, Midland "Y" 8.
- M. A. C. 27, Detroit "Y" 29.
- M. A. C. 38, Jackson "Y" 25.
- M. A. C. 41, Adrian 29.
- M. A. C. 33, Haskell 18.
- M. A. C. 28, Battle Creek "Y" 14.
- M. A. C. 20, Notre Dame 39.
- M. A. C. 26, De Pau University 17.
- M. A. C. 26, Armour Institute 29.
- M. A. C. 31, South Haven 18.

Total points, M. A. C., 732; Opponents, 436.

THIRD PRELIMINARY.

The third preliminary debates for the Ypsilanti contest will be held next Friday, March 13th, at seven o'clock. There will be two teams, one in Room 7, College Hall, and the other in the Y. M. C. A. rooms. These debates are bound to be very good, because they are composed of men who have won places in the previous debates. The teams are as follows:

Team I, in Room 7, College Hall.

Affirmative. Negative.

H. T. Kempster, C. J. Oviatt, N. B. Hubbard, C. T. Nash, P. H. Piper, R. P. Holdsworth.

Team II, in the Y. M. C. A. Room.

Affirmative. Negative.

J. C. De Camp, C. C. Taylor, Z. T. Graybill, Wm. Rider, T. A. Offer, A. J. Runner.

On account of these debates the meeting of the Debating Club this week has been postponed. A good debate will be ready for a week from the coming Thursday.

GIRL FROM FARM MUST FILL THE PLACE.

Assistant Librarian Not For City Lass.

"Make way for the country girl!"
"All you bespectacled college graduates stand to one side while the daughter of the soil marches through and is crowned."

"For there is one position in the government employ that one of you city girls couldn't get, you selfish things, if every member of congress was clamoring for your appointment."

"In truth a city girl would have as much chance as a snowflake in a hot summer's day to get the latest position offered by the department of agriculture, that of assistant librarian of the Bureau of Plant Industry. To fill that job, according to the qualifications required, it is necessary for the girl to have been born on the farm, to have lived on a farm all her life, to have studied agriculture at a technical agricultural school, to have 'riz' in the morning as the sun is peeping over the hill, and hoe the festive "spud," to know the exact angle at which to swing the scythe, and to know enough to "hike" for the house when it begins to rain."

"And all this bucolic lore is absolutely necessary in the discharge of her duties in the filing, indexing and abstracting stunts which must be performed by the assistant librarian of the Bureau of Plant Industry."

[The above is clipped from a Washington paper and alludes to the position now filled by Miss Cora Feldkamp, '05.]

ANNUAL FACULTY NIGHT.

At the Union Literary Building.

The faculty were entertained and that royally. Such is the verdict of those who attended the annual faculty reception given by the Union Literary Society at their building Saturday night. The recital at the Women's Building, a party at the armory and other attractions kept some away, and many who could not stay the entire evening dropped in for a few moments during the informal reception. Promptly at 8:00 o'clock Mr. C. B. Norton, president of the society, called the meeting to order and the following program was rendered:

Paper—"Inland Waterways," by G. P. Burkhart.

Paper—"The Gyro-Car," by H. H. Harrison.

Music—Violin duet: Messrs. Osborne and VanWagenen.

Paper—"The Power of Man to Mold Plant Life," by F. G. Boyle.

Talk—"Some Mines and Mining Methods," by K. D. Van Wagenen.

After the program the chairs were removed and, with Miss Padlock at the piano and Mr. VanWagenen with the violin, "Uncle" Thomas Gunson, Secretary and Mrs. Brown and other sober members of the faculty, led in a quadrille, and Virginia reel. Miss Mac Donald very appropriately followed with a reading, Angelina Johnson. The remainder of the evening was passed with music and dancing.

These informal social meetings are greatly appreciated, and are the occasion of many a friendly grind at the expense of the faculty members.

K. B. Stevens, '06; H. L. Glazier, '07, and M. L. Johnson, '07, were back for the meeting.

POSTING NOTICES.

Very early in the history of this college, the professor of horticulture and others began to take pride in keeping the campus, especially in the vicinity of the buildings, in good order.

In the United States, there are numerous societies, the object of which is to encourage the improvement of streets, alleys, village and city lots, not only front yards but back yards as well. A good many of the older towns have local organizations for this purpose.

Of late years, these societies have been particularly aggressive on the exhibition of bill boards, and bills defacing natural scenery which are printed as advertisements on the rocks.

No road, or path, or fence, can be rightly considered as ornamental. They are to be tolerated as things of necessity.

Some months ago, President Snyder appointed a committee to consider the subject of outdoor advertising at the college. In several directions this committee has been quietly at work. A few modest bill boards have been placed where most needed and a few others are to be erected.

One of the objects of this note at this time is to set everyone thinking and talking about the most suitable methods of advertising, consistent with good taste. Should telephone poles, newel posts, doors of halls, stairways, etc., be disfigured at the pleasure of every bill poster at the college, when such things would not be tolerated at Lansing? Several buildings have been disfigured: in some instances, for years in other instances for months, by fragments of bills and the paste which held them in place. It is not unusual to see pasted about the campus notices of something soon to take place in Lansing; notices perhaps posted by some one in that city.

Committee.

The Eunomian Society held their freshman oratorical contest Saturday night. Mr. Dennison received first place and Mr. Lewis second. Prof. Smith, Prof. Gunnison and O. W. Stephenson acted as judges.

THE SHORT COURSE PARLIAMENTARY LAW CLUB.

The last meeting of the Short Course Farmers' Club was enlivened by the final discussion of Mr. Kimball's resolution on Dairy Farming. The subject was debated in a vigorous yet humorous fashion and finally came to a vote, being lost by a large majority. The chair was kept busy with rulings on questions of privilege and points of order and there was a very evident disposition to get as much fun out of the subject as possible.

In the course of the evening Mr. Getchell and Prof. Smith were called upon for remarks. The former responded very happily with an appropriate reading, and Prof. Smith gave a parting address to the members of the class. He referred in a feeling way to his own experiences as a boy in a rural home and school. Many of the boys were moved to tears by recollections that touched the deeper sentiments of filial affections and duty. The feelings stirred by this little heart-to-heart talk will never be forgotten by Prof. Smith or the members of this class.

AUROREAN POW-WOW.

The first annual Aureorean Pow-wow of the Aureorean Literary Society enjoyed by about fifty couples in the college armory Saturday evening was a "howling" success.

The peace was only disturbed a few times by unruly Indians of the real wild and woolly type who seemed determined to disturb the "solemnity" of the occasion, but were quieted by cowboys especially engaged to maintain order during the program.

A small Indian settlement and the camp of the cowboys added to the picturesque scenes portraying the natural conditions existing in the land of the Fae and Sox tribes.

Fire water was served from a canoe by the laughing Minniehaha and her companions, and though somewhat qualmish at taking it from them, the guests did muster courage to "tip out of the canoe" once in awhile.

The M. A. C. orchestra furnished an excellent musical program and sure were the real thing on the special war whoop, yelling fiercely in delightful little gurgles.

When the party broke up the girls were glad they were attended by brave M. H. C. escorts and that the Indians were safely in charge of the noble cowboys.

RESOLUTIONS.

Whereas, Death having entered the family of one of our members, Miss Frances Mable Hibbs, be it

Resolved, That the heartfelt sympathy of the members of the Feronian society be extended to the family and friends in their bereavement, that a copy of these resolutions be sent to the afflicted family and a copy be entered on the record of the society and a copy be printed in the M. A. C. RECORD.

ENGINEERING SOCIETY

Mr. Emery, the Michigan representative of the Dodge Manufacturing Co., addressed the Engineering society last Tuesday evening upon the subject, "Rope Power Transmission." For the last twenty years the Dodge Co. have made a specialty of rope devices and in the talk of last week Mr. Emery gave a very instructive outline of some of the results of their study and experience. They early gave up the use of wood-lagging and the old English system of a series of rope belts and are now using nothing but iron pulleys with 45 grooves and the American system of one continuous belt with an automatic tension regulator. The grooves in the pulleys are so designed that the rope never rides on the bottom thus giving a practically noiseless drive with no slip. One great advantage of this system is that it never gives away instantaneously, the outer strands of the rope always giving first. A large field is claimed for rope drives in the near future especially in the transmission of high horse-power at moderate speeds directly from the fly-wheel of the main engines and in the distribution of power throughout large shops.

Several friends of Mr. Emery accompanied him to the meeting and gave short talks to the students after he had finished his address. Mr. Schneider who graduated with the class of '85 and who is now connected with the U. S. Weather Bureau, gave a very interesting talk upon M. A. C. during his student days.

Mr. A. H. Apted, Superintendent of the Grand Rapids Plaster Co., described the methods used by that company in the mining of gypsum and the manufacture of plaster.

Mr. C. B. Newton, of the Grand Rapids Blowpipe and Dust Arrestor Co., gave a description of the blowpipe methods of removing dust, shavings etc., from factories and also explained some of the problems that have been encountered, some of which they have not been able to solve satisfactorily. He announced that steps had been taken towards the installation of a dust collecting system in the college wood-shops on which tests would be made that he hoped would be of great help to his company.

Mr. Collins who was to have given an illustrated talk last week found it impossible to be present but it is expected that he will be here for one of the meetings the early part of next term.

Y. M. C. A.

The Thursday evening meeting was helpful and inspiring to us all. Instructor James spoke and emphasized the fact that every action of today influences our life for tomorrow. Hence the need of care in our every day thought and conduct.

At the union meeting Sunday evening Mr. H. R. Pattengill spoke in his own original and interesting way. He showed us that as young people preparing for life's work we should cultivate love for the good, the pure and noble things of life, and above all we should cultivate a Christian character.

Adrian will not take her place in the M. I. A. A. until next fall.

ABOUT THE CAMPUS

Prof. Shaw was in Chicago last week.

The M. A. C. relay team will meet the U. of M. team at Ann Arbor Saturday.

Mrs. C. E. Marshall gave a musical for a number of friends and pupils at her home Friday afternoon.

Mrs. J. J. Meyers entertained Thursday afternoon in honor of her mother's birthday. Light refreshments were served.

Miss Myra Cobb and Miss Amelia Cobb, of Schoolcraft are spending a few days at the home of Secretary Brown.

Mrs. W. B. Barrows is recovering from an attack of grip, followed by acute laryngitis, which has confined her to the house for more than two weeks. She was able to be out of doors yesterday for the first time.

Everyone who attended the piano recital given by the students of music at the Women's Building, Saturday evening—and the parlors were crowded—enjoyed a rare treat and many expressions of satisfaction are heard from the music lovers who attended. The program as printed last week was carried out to the letter, except the fourth number, Miss Esselstyn, who was to have given this, being ill at her home. Especial mention should be given Miss Hopson who opened the recital, and closed it with a concerto in G minor by Mendelssohn, occupying 25 minutes and playing all from memory.

Prof. Taft was presented with an elegant leather chair by the institute delegates at the Round-up.

All right Brother Pattengil, we'll do our best to quadruple M. A. C.'s attendance in the next few years.

Miss Clement an artist who has lived abroad for three years will give a paper next Monday before the M. A. C. Women's Club on the Art Treasures of Rome.

The sub-freshman class in cookery who have been making a study of breakfast cooking during the term are now putting the theory into practice by giving a series of breakfasts.

Mr. and Mrs. Eugene Murdock and baby of Collinsville, Pa., were guests of Mr. and Mrs. O. I. Gregg over Sunday. Mrs. Murdock was formerly Miss Emma McKee, Special '04-'05.

The regular monthly meeting of the athletic council was held Wednesday evening the following business was transacted: Bills for the past month were allowed, a committee appointed to draft and print copies of the athletic association constitution and committee appointed to arrange for the annual election. The report of the financial secretary showed receipts for basketball to be \$673.83 and expenses \$631.08. The following men were awarded monograms for basketball: Capt. Vondette, McKenna, Krehl, Dickson, Hanish, Merz. Honorable mention was given Mills and Campbell.

Miss Nellie Kayner, of Adrian, has been a guest of Florence Kayner since Friday.

Miss Katherine Slaght, of Battle Creek, visited at Prof. Taft's Saturday and Sunday.

Miss Mabel Mack, of Owosso, former assistant in music at M. A. C., visited friends here over Sunday.

B. F. Pittenger, William Grocinger and Arthur Lederlee are the names of the debaters who will meet M. A. C.'s team in the annual Ysianti-M. A. C. debate.

After the Themian German party a few weeks ago 10 electric light bulbs, 10 sockets and five extensions were missing. It seems hardly possible that anyone would have taken them except as a joke, in which case there has been ample time to return them. As this means an unnecessary expense to the society, anyone knowing of their whereabouts will confer a favor by returning them.

A memorial service in honor of Miss Mable Hibbs, was held in the parlors of the Women's Building Sunday afternoon at 5 o'clock. Miss Jane Daunt, a cousin of the deceased, gave a sketch of her life, and Rev. O. J. Price, of Lansing, a classmate of her home pastor, gave an address on the Value of the Friendships of Early Years, taking as his text, "I have called you not servants but friends." The college choir rendered some excellent music.

Mrs. Hopson, of Owosso, visited her daughter Edna and attended the recital Saturday evening.

Mrs. E. S. Andrews, of Williamston, was the guest of her daughter, Miss Mina Andrews, over Sunday.

In the Intercollegiate Oratorical contest at Hope College Friday night Mr. Jay A. Oakes of Albion took first prize; H. D. Hughes of Olivet, second, and John Donham of Alma, third. Miss Lena Weadge of Albion took first prize in the Women's contest.

A letter from Mr. E. S. Bartlett, with '08, who won the World's Fair shearing trophy now in the library, and who is now in Arizona, states that cold weather has delayed shearing there a great deal, but some has already been done. An Australian named Hill established a new record at Beardsley, Ariz., shearing 325 sheep in 9 hours. The thirty men at that plant averaged 220 for that day.

Six members of the Junior engineering class appeared at chapel Thursday morning in brown and white, the colors of the Tau Beta Phi, and throughout the day performed sundry public stunts incident to their initiation into that honorary fraternity. The newly elected members are: O. W. Fairbanks, C. B. Gaston, L. L. Perkins, C. Greenhoe, H. C. Pratt and M. R. Bowerman. Saturday evening they were tendered a banquet in Club E.

THE BEST PROOF OF CLEAN ATHLETICS.

During the recent athletic revival in the west the evil principally aimed at was the college athlete who was in college for athletics only or principally. M. A. C. has been remarkably free from this evil as the following will show:

During the past four years 15 different men have held the captaincy of some one of the major teams, football, baseball, track and basketball; of these 12, Miller, Kratz, Bell, Haftenkamp, Balbach, Tuttle, Burke, Graham, Armstrong, Wait, Canfield and Doty have graduated; one, Small, graduates in the spring, while but two, Moon and E. B. McKenna left college before graduation. In addition to the above some other monogram men who have graduated with credits might be mentioned, Rasmussen, Wilcox, Burrill, Martin, Brunger, Fryman, Clark, Hough, Spencer, O. A. Kratz, Bird, Thatcher, Boomsalter, Fisk, Graham and others. During those four years, too, no monogram man has been dropped from the institution for poor scholarship.

Of last year's baseball team, three graduated and eight of the other nine are now in college; of the track team, one graduated and fifteen of the other seventeen are now in college; of last year's basketball team, six of the seven were on this year's squad while one only, Mr. Westerman left college on account of illness; of last fall's football team the entire eighteen are in college doing full work and but one is deficient in his work.

In the past year forty-five monograms have been granted to the members of last spring's baseball, track, and tennis teams and to the football and basketball teams of the past season. Five of these, Canfield, Kratz, Gould, Wait and Thatcher, graduated, two, Burroughs and Knapp dropped from college temporarily, the balance are all now in college.

We challenge any college to show a better record for her athletes and also any organization in the institution to show as good a record for its members.

Mrs. Jacob Moore, formerly Theo. Goodwin, with '09, visited College friends last Thursday.

Miss Mac Walker has been entertaining her sister, Beatrice Walker, of Frankfort, the past week.

Miss N. Andrews gave an interesting talk on Character Studies at the Thursday evening Y. W. C. A. meeting.

The third of a series of dinners by the Women's Department was given to 24 guests from the faculty in the dining rooms Tuesday evening. The social hour after the dinner was taken up with music by Miss Pancoast and Miss Sherrod and recitations by Miss MacDonald and Miss Gertrude Alden.

ALL MEATS...

May look alike to you, but there is a very great difference in the quality we handle and that sold by some other markets. We handle none but the very best. Like the pudding, the proof of good meats is in the eating. A trial will convince you that you ought to trade with us. We make daily trips to the College. BOTH PHONES. Careful attention given to phone orders.

AVERAGE men are as colorless as average clothes. College men are outside the average—their togs *have* to be—College Brand Clothes *are*. Just a bit more dash to 'em, a great sight more style—and the precisely right amount of fit. Though exclusive their price isn't enough to *exclude* you from wearing 'em. For the young man and the "like-to-be-young."
