

The M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

VOL. 14.

LANSING, MICHIGAN, TUESDAY, DECEMBER 8, 1908.

No. 12.

REVIEW OF FOOT BALL SEASON.

CLOSES WITH BANQUET DEC. 11.

The football season just closed has been the most successful of any since Coach Brewer came here to direct athletics.

A good schedule of games was provided and the manner in which this schedule was played is a matter of conversation all over Michigan.

Never before did an M. A. C. team go through an entire season without meeting defeat, and seldom has any college team played institutions ranking with Michigan, Wabash and DePaul and kept its goal line clear.

M. A. C. scored a total of 261 points against 22 scored by opponents. 14 of these points were obtained by the strong D. A. C. team of Detroit. The largest score registered in a single game was 58 on the Reserves, and the largest on a college team was made in the game with the Michigan State School for the Deaf, when M. A. C. scored a total of 51 points.

Two games were played where M. A. C. failed to score. Michigan University at Lansing, and DePaul at Chicago, both scores being 0-0.

With the exception of Frazer's broken fingers not a serious injury was received during the entire season, which speaks well for the condition of the players, and for the training they received at the hands of "George" who worked faithfully all fall keeping down swellings and sore spots.

The most noticeable defect of the season was the woeful lack of student spirit. At times when every person connected with the college should have been down on the bleachers, many of the students could be found at the roller rink or other down town places of amusement.

The rooting at mass meetings, held for the purpose of getting good fighting spirit into the team, was most indifferent and weak, and did not represent one-half of what could be done if everybody had done his share of the rooting.

A school represented by such a football team as we have had this fall, and which has played such exceptionally good ball, should be among the leaders in enthusiasm, but the general opinion seemed to be to let somebody else root, and as a result comments have been heard on all sides regarding M. A. C.'s half hearted rooting.

We've got a bunch of good yells and songs and with the whole student body assisting a class of systematic cheering could be established here which should not be surpassed by colleges three and four times our size.

A fitting close to such a glorious season will be the football banquet tendered the team by the student body Friday evening. Those who have been there before know what a royal good time can be had, and those who have never attended are going to miss one of the best gath-

erings of the year if they allow this occasion to slip past. The banquet will be given in Wells Hall, and covers are to be laid for 250. Coach Brewer will act as toastmaster, and the following toasts will be responded to: H. K. Vedder, 17 years of football; Capt. Shedd, Season and Team 1908; Capt. elect McKenna, Prospects for 1909; C. J. Oviatt, For the Olive Green; Prof. G. W. Bissell, Athletics and Engineering; Prof. E. S. King, Inferences.

SELECT PRELIMINARY TEAMS.

FIRST DEBATE JANUARY 15.

The teams for the first preliminary debates were arranged last Thursday at the Debating Club, and are given below. Any others who wish to get in the debates must hand their names to the secretary of the club before the term is over, as the first preliminary is to be pulled off on the second Friday evening in the winter term.

Other business executed at the meeting was the election of officers for the winter term. The following men will hold office:

J. W. Chapin, President.
K. D. Van Wagenen, Vice-president.

A. H. Perrine, Secretary-treasurer.

H. T. Kempster, Chairman of Program Committee.

The names entered for the preliminaries were made up into the following teams, the selection being carried on by lot:

TEAM I.	
Affirmative.	Negative.
H. H. Barnum.	F. H. Kierstead.
C. W. Mason.	J. O. Linton.
J. G. France.	K. D. VanWagenen.
TEAM II.	
W. R. Walker.	R. Lyon.
J. C. DeCamp.	A. J. Runner.
C. M. Frey.	E. S. Lautner.
TEAM III.	
R. G. Kloeffer.	W. C. Spratt.
U. S. Crane.	A. M. Miller.
G. E. Stowell.	A. H. Perrine.
TEAM IV.	
C. J. Barnum.	J. W. Chapin.
F. H. McDermid.	A. G. Bovee.
C. T. Nash.	J. E. Barcroft.

These teams will debate the main question, which is, "Resolved, That corporations engaged in interstate commerce should be required to take out a federal charter, constitutionality being conceded," on the same night in different places. There will be three judges for each team, and the debaters will be judged by a score card upon a scale of 100. Those receiving the three highest in each team will enter the second preliminaries to be held three weeks after the first. The same system will be used until the last three men have been chosen, and these will represent the college against Ypsilanti in the spring.

If four more names are entered a fifth team will be organized, but this must be done by the end of this term.

GERMAN CLUB.

The members of the German classes were invited to meet in the recitation room in the Women's Building on Wednesday evening, for the purpose of organizing a German club. So large a number responded to the invitation that the recitation room at the Women's Building was almost filled. Mr. MacLachlan, '10, acted as temporary chairman, and explained a plan of organization which had been worked out by members of a class of junior engineers under Mr. Hensel's charge. This plan was adopted, officers elected, and thus was started an organization that will no doubt give the members great pleasure and profit. The club hopes to add to the social life of the college something of real value, and to supplement the course in German by providing practice in conversation, in reading prose and drama, and in learning songs and poems. Perhaps one or two German plays will be presented each term.

When the venture has been fairly launched by those naturally its sponsors, the German students in college, it is hoped that an opportunity may be given others interested in the language to join the club.

The following are the officers elected at the first meeting: President, Mr. MacLachlan; Vice-President, Miss Martin; Secretary, Mr. Kudzinski; Treasurer, Mr. Bignell; Sergeant-at-arms, Mr. Campbell.

LIBERAL ARTS UNION.

At a meeting held in the chapel last evening there was organized a society to be known as the Liberal Arts Union of the Michigan Agricultural College, whose purpose is best set forth in a paragraph of the constitution adopted:

"It shall be the purpose of this union to encourage and stimulate a greater interest in those matters that make a broader social and cultural life in the college, and to this end shall encourage and support all organizations that tend to bring about such conditions."

The following board of directors were elected: Dean G. W. Bissell, Pres., Dean Gilchrist, Prof. E. H. Ryder, Prof. A. J. Patten, W. D. Frazer, C. L. Nash, and Ray Turner.

The activities of this organization will naturally be varied and extensive, depending largely upon the existing requirements from year to year.

EUNOMIAN.

A delightful informal gathering in the way of an old fashioned box social was held by the Eunomian Literary Society in their rooms last Saturday evening. The evening was punctuated with music and papers, and a final "dash" for the luncheon, which was served in Christmas boxes.

The society was honored in having as patrons, Prof. and Mrs. V. T. Wilson and Dr. and Mrs. E. A. Seeley.

ALUMNI

In the Record office there is kept a card catalogue of all students who have ever been connected with the college. In order that this may be kept up to date, please notify us of any change of address or occupation.
W. J. WRIGHT, Editor.

With '76.

F. Barnett with the class of '76 has left the farm and gone back into the pastorate and is with the Baptist church at Weston, Mich.

With '94.

In a recent copy of the *Marquette Daily Mining Journal* appears a long illustrated article describing the Gwynn State Savings Bank, of which W. F. Hopkins, with '94, is vice president and general manager. Mr. Hopkins was formerly with the City National Bank of Lansing, going from there to Petoskey, where he served as cashier in the First State Bank for several years. He is also connected with the bank at Munising.

'02.

W. R. Wright, writing from Stillwater, Oklahoma, where he is bacteriologist of the Experiment Station, states that they have about 600 students in the college. He says: "We do things on a large scale here, viz., we have had one 7, one 9 and one 6 inch rain this year and a total of 60 inches."

UNION LITERARY.

The Union Literary Society held open house Saturday night, it being attended by a number of young ladies from the Women's building and by several members of the faculty. Mrs. Landou and Miss Norma Gilchrist chaperoned the meeting.

The following program was rendered:

"The Spanish Armada," Howard Taft.
"Report of the Tuberculosis Congress," Verne Branch.
Vocal Solo, W. C. Malesky.
"National Characteristics of the Hollanders," M. V. Cogsdill.
Medley, R. G. Kirby.
Critic, E. G. Hulse.

OLYMPIC.

The Olympic society entertained at a venison roast in Williams Hall Saturday evening. At the banquet Prof. H. J. Eustace presided as toastmaster and the following responded to toasts: "Trapping," R. S. Wheeler; "Dears," E. P. Wandle; "Olympics," S. J. Hueston. Venison was the principal feature of the menu. The room was decorated with hunting paraphernalia, etc. Following the banquet a dance was given attended by 50 couples. Dean and Mrs. Bissell and Prof. H. J. Eustace were patrons.

Review of the Live Stock Show at Farmers' club tonight.

BASKET BALL PROSPECTS BRIGHT.

35 MEN ANSWER FIRST CALL.

That M. A. C. will be represented by a basket ball team which will be a repetition of last year's fast bunch, can be depended on, even at this early stage of the game.

Thirty-five men answered the first call of the season, last Wednesday evening, and among them were many who showed up in classy style. There are several of the new men who are known to the athletic department by their work on high school and other state teams during the past few years.

Of last year's championship team all are back except Vondette and Krehl, and with the material that showed up in class games, there should be no difficulty in obtaining a team which will outclass nearly everything in the state.

Real practice will not begin until after the beginning of the winter term, but light work will be carried on regularly with the view of getting the men in condition for the hard work which must come before a championship aggregation can be molded into shape.

A departure from the usual manner of scheduling 18 or 20 games will be made this year, as the schedule calls for fewer games, but with stronger teams which should tend to make the sport more interesting for the spectators.

U. of M. opens the season here Jan. 9. This is the first attempt the university has ever made at turning out a basket ball team, but dope has it that it is composed of star material. With the large number of students, Michigan should be able to turn out one of the best and fastest teams in the state.

The games and their dates are given below:

Jan. 9, Michigan at M. A. C.
Jan. 18, Burroughs Adding Machine Co., at M. A. C.
Jan. 22, Wabash at Wabash.
Jan. 23, Notre Dame at Notre Dame.
Feb. 4, Detroit Y. at M. A. C.
Feb. 8, Notre Dame at M. A. C.
Feb. 26, Mt. Pleasant at Mt. Pleasant.
Feb. 27, Alma at Alma.
Mar. 11, Detroit Y. at Detroit.
Mar. 19, Burroughs Adding Machine Co., at Detroit.
Mar. 20, Michigan at Ann Arbor.

MICHIGAN STATE HORTICULTURAL MEETING.

The 38th annual meeting of the Michigan State Horticultural Society was held at South Haven December 1, 2, and 3. The meeting proved to be very successful in the number of fruit raisers attending and in a well arranged program. The plan included an excellent list of speakers with practical, beneficial topics.

South Haven is a place highly regarded by every horticulturist, right in the center of the peach belt, with temperature and soil well adapted to many kinds of fruit, and connected with the Chicago market by both railroad and boat lines. It was a fitting place for a state meeting. It was here also that the "Patron Saint" of Michigan, Horticulturist T. T. Lyon, lived and worked, and the program included memorial exercises in his memory. Many alumni of "The Old College" are located in the region of South Haven, and they again proved loyal by their efforts to make the meeting a thorough success.

The regular annual banquet was held in the South Haven Club rooms on Tuesday evening. About 200 guests and local fruit men were present. Hon. C. W. Garfield of Grand Rapids was toastmaster, and words of welcome were extended by Express, C. J. Monroe of South Haven, and responded to by Pres. C. B. Cook of Owosso. Toasts were given by Hon. L. A. Goodman, of Missouri, Miss Ida Chittenden of Lansing, J. G. Milward of Wisconsin, Thomas Gunson of M. A. C., Prof. S. A. Beach of Iowa, Secretary Chas. E. Bassett of Fennville, Mich., and many others.

A large room in the business section of town was taken for the fruit exhibition, a large number of varieties of apples, pears, and quinces raised in the state were shown, and a great assortment of canned fruit, jellies, etc. The general opinion of all who saw this exhibition was that Michigan can still "raise 'em."

There was also a collection of spraying machinery and horticultural appliances, including the New Way Spraying Co., of Lansing, the Gould Co., Olds Co., and the Hardie Co.

The society offers every year cash prizes of \$15, \$10 and \$5 to three students of the Michigan Agricultural College who prove themselves most efficient in a fruit judging contest. The object of the society is to train young men who can act as judges at fruit exhibitions. Prof. S. A. Beach acted as judge of the contest, and the awards were as follows:

First place, J. G. France, '11.
Second place, W. Postiff, '09.
Third place, J. P. Miller, '10.
Election of officers for the year 1909 was as follows:

R. A. Smythe, of Benton Harbor, Pres.

Re-elected—Chas. E. Bassett, of Fennville, Sec'y.

Re-elected—James Satterlee, of Lansing, Treas.

Executive Board—Prof. H. J. Eustace to take the place of S. W. Fletcher, and W. K. Munson, to take the place of Benton Gebhart, of Hart.

PROGRAM.

Tuesday Morning, Dec. 1.

Roll call. What horticultural lesson has the season of 1908 taught or strengthened? One minute answers from every person present.

"The National Supply of Mineral Plant Food," Prof. H. A. Huston.

Tuesday Afternoon.

"Fertilizers for Fruit," Prof. H. A. Huston, of Chicago.

"Essentials for Success in Orchard Spraying," Prof. L. R. Taft, M. A. C.

"Wisconsin Spraying Experiences," J. G. Milward, Wis. Agr. College.

Tuesday Evening.

Annual Banquet at South Haven Club Rooms, Hon. C. W. Garfield, Toastmaster.

Wednesday Morning, Dec. 2.

"The Forestry Situation," Hon. C. W. Garfield, Grand Rapids.

"Are We Controlling the Peach Diseases?" Deputy Inspector H. G. Welch, Douglas.

Annual Business Meeting.

Report of trustees of the T. T. Lyon Memorial Fund.

Election of officers of State Society.

Wednesday Afternoon.

"When Tree Fruits Fail, What Then?" Thomas Gunson, M. A. C.

"Management of Apple Orchard," Prof. S. A. Beach, Iowa.

"Co-operation for Fruit Growers," Prof. H. J. Eustace, M. A. C.

"Present Requirements for Successful Peach Growing," Chas. B. Welch, Douglas.

Wednesday Evening.

"The Horticultural Outlook," Hon. L. A. Goodman, Mo.

"Horticultural Work for Women," Ida L. Chittenden, Lansing.

"Field Investigations in Pomology of the U. S. Department of Agriculture," Wm. A. Taylor, Washington, D. C. (Illustrated with lantern slides.)

Thursday Morning.

"What Steps Shall Michigan Fruit Growers Take to Produce More and Better Fruits, and to Market Them to Better Advantage?"

Apples, Ralph Ballard, Niles.

Peaches, Chas. F. Hale, Shelby.

Among the M. A. C. people on the program were, Prof. L. R. Taft, who spoke on "Essentials for Success in Orchard Spraying;" Hon. C. W. Garfield, "The Forestry Situation;" Mr. Gunson, "When Tree Fruits Fail, What Then?" Prof. H. J. Eustace, "Co-operation for Fruit Growers;" Prof. Wm. A. Taylor, '88, "Field Investigations in Pomology of the U. S. Dept. of Agriculture;" S. B. Hartman, '03, "Small Fruits;" C. B. Cook, '88, "Poultry Raising and Fruit Growing."

CHAS. SHIRLEY.

PROSPECTS FOR 1909.

That M. A. C. will have a team next fall which ought to at least equal the present year's bunch, if not outclass it, is a foregone conclusion. The fact that of the squad of '08, only three men, Shedd, Allen and Frazer are to be lost, the former as his four years of college ball are up, and the latter two by graduation, gives a basis for the statement that M. A. C.'s chances of having a fast team were never brighter than they are at this time.

In addition to the regular squad, are Cogsdill, Ballard, Patteson, Malesky and Titus, who need but very little additional coaching to round them into varsity material.

M. A. C. is certain to get her share of the good high school stuff which will enter the various colleges of the country next fall as freshmen, especially with such a brilliant season's record on the gridiron to attract their attention; and with the "boosting" which

every loyal M. A. C. student should do during the Christmas, Easter, and summer vacation periods among their high school friends and acquaintances.

M. A. C. has advanced by leaps and bounds in the esteem of other colleges as a worthy athletic rival, and institutions which a few years ago could not be induced to consider us as a competitor, are now ready and eager to try conclusions with us.

Our brilliant record of the passing season has won for us recognition from some of the fastest and best known colleges of the middle west, and dates have already been asked for by such schools as Purdue, Ohio State, Michigan, Wabash, University of Indiana, and Notre Dame for the season of 1909.

A schedule of games with the above named colleges would be greeted with delight by both students and alumni, as it would announce to the college world that M. A. C. is rapidly approaching the point where she can knock for admittance at the doors of the western conference and take her place along side of Chicago, Wisconsin, Minnesota, Illinois and others of the "Big Eight."

It is safe to say that when that time does come M. A. C. will acquit herself with credit to her students, alumni and faculty.

ATTENTION! DEBATERS.

Instructor Leffler has read everything in the college library and the state library upon the question for debate with Ypsilanti, and he has consented to give a talk and answer questions about it at the Debating Club meeting on Thursday. Debaters and others interested will find it greatly to their advantage to be present and get information. This is an unusual opportunity. Be sure to come! Thursday evening in Room 7, College Hall, at 7 p. m.

THE INTERNATIONAL LIVE STOCK SHOW.

The great annual International Live Stock Show in Chicago has come to be a necessary event in the progress of stock breeding in America, and would be very largely missed by breeders in other countries who are greatly in evidence and are strong competitors for the highest honors and prizes awarded.

Several years ago right in the business center of the city of Chicago on the lake front there was held a small cattle show which was about on a par with many of the county fairs of the present time and not more in evidence than the cattle exhibit at the average state fair. Competition was open to all, and each exhibitor might enter as many animals as he desired.

A few years afterwards, in 1899, a number of men interested in the stock industry of the country realized that something must be done or the conditions would be a serious decline in stock and land; that an improved and increased live stock production was necessary to prevent a scarcity of animals and meats—that the present conditions were bringing decrease in the exports of the country and were resulting in decreased fertility of the farm lands. These men saw also that improvement in the conditions must be made through the breeder and feeder.

ABOUT THE CAMPUS

The college orchestra furnished the music for the charity ball at the Masonic Temple at Lansing, Thursday evening.

Prof. Taft goes to Champaign, Ill., this week, where he will speak before the Illinois State Horticultural Society.

Some very novel M. A. C. posters are on sale in the "Co-op.," in which the letters are made up of some 35 campus scenes.

The skating rink is becoming very popular with college people. Even Dr. Dandeno was seen enjoying the pleasures of the waxen floor a few days back.

Owing to several criticisms received, the officers of the Y. M. C. A. wish to announce that the association had nothing to do with the publishing of this year's directory, and that it was issued by other parties.

At a meeting of the squad Saturday noon, P. G. McKenna was elected captain for next year. "Mac" is one of the best known and most popular men in college, has played three years on the team, and is classed as the best half-back in the state.

Sixty couples were in attendance at the first military party of the year held in the armory Friday evening. The decorations were flags, guns and bunting, and one of the cannons occupied a commanding position in one corner of the room. The M. A. C. orchestra furnished the music.

Final exams next week.

Rev. W. C. Hicks conducted chapel exercises Sunday morning.

L. F. Nichols has dropped out of college on account of the death of his mother.

The local oratorical contest will be held Jan. 22. Orators from six societies will compete.

Dr. Beal is in Grand Rapids attending a meeting of the State Ginseng Growers' Association.

The official title of the heads of the State Normal Schools has been changed from principal to president.

LOST.—Somewhere about the campus, a lady's gold hunting-case watch. Finder please leave with Miss Yakely, Registrar's office.

Miss Flora L. Robinson, traveling secretary of the Y. W. C. A., will visit the local association Wednesday and Thursday of this week.

Miss Caroline Hudson, soprano, and Miss Pearl Benedict, contralto, who assisted in the May festival here last spring, appear with others in a concert to be given at the Ypsilanti Normal this week Thursday.

There are on exhibition in the library a number of photographs of the grounds and buildings of the agricultural college at Piracicaba, San Paula, Brazil, to which Prof. C. D. Smith was called as president last year. These photos were recently received by Prof. Pettit from Pres. Smith.

J. V. Hilbert has returned to his college work, after a siege of typhoid.

The Union Literary, Eunomian, and Columbian Societies held open meetings Saturday evening.

Prof. A. V. Stubenrauch, of Berkeley, Cal., was the guest of Mr. and Mrs. H. J. Eustace over Sunday.

LOST.—A gold link cuff button marked with an old English initial Y. Finder please leave at secretary's office.

Mrs. Darling will be pleased to meet all who are interested in voice development at the Y. M. C. A. room, Thursday, from 7 to 7:30 p.m.

All persons who wish to obtain formulas and other valuable data concerning observations on the moon will do well to apply to L. H. Belknap, room 8 A.

The Woman's Society of the People's church will hold a business meeting at the home of Mrs. T. C. Blaisdell, Wednesday at 2:30 o'clock. Every member should be present to decide about making more cooking aprons.

Pres. C. D. Smith, of the Brazilian Agricultural College, has donated to the Forestry department a complete collection of the native woods of Brazil. The collection also contains specimens of the leaves and fruits, also photographs of the trees as they stand in the forest. This collection is enroute from Brazil.

W. Postiff was called home last week on account of the illness of his sister.

The lecture by R. S. Baker, announced for Friday evening of this week, has been postponed on account of Mr. Baker not being able to be here at that time.

The senior foresters will spend 10 days during the Christmas vacation in the lumber camps of Northern Michigan and Northern Minnesota, making a complete report on their observations as to the methods of logging and milling. This report, with photographs, will constitute a part of the work in lumbering.

Coach Brewer has picked what in his estimation would be the "All Star" State College Team as follows:

- C.—Moore, M. A. C.
- R. G.—Anstbuler, Olivet.
- L. G.—Campbell, M. A. C.
- L. T.—Shedd, M. A. C.
- R. G.—Wheeler, M. A. C.
- L. E.—Burroughs, M. A. C.
- R. E.—Frazer, M. A. C.
- Q. B.—Stock, Hillsdale.
- R. H.—McKenna, M. A. C.
- L. H.—Thomas, Olivet.
- F. B.—Exelby, M. A. C.

Of the eleven men chosen, eight are M. A. C. players, and to anyone who watched M. A. C. play this fall, the choice of men for the positions could not be improved upon. McGilvery's work, during the latter half of the season would entitle him to a place as second choice for quarter back.

THE TECHNICAL CLUBS

Brief Reviews of the Meetings

ENGINEERING SOCIETY.

Prof. Sawyer gave an interesting talk on "Harmonic Motions" before the Engineering Society Tuesday evening. He first spoke generally on the subject, speaking of harmonic motions in sound as well as in the line of electricity. The current generated in an electric alternator has harmonic motion corresponding theoretically to a sine curve. In practice machines do not give the theoretical sine curve, but it is the object of the designer to make the curves as near the sine curve as possible. To do this he must be able to study the curve to know what a machine is giving. A crude method is to actually measure the electro-motive force at various points in the cycle. But this tedious process is made much more rapid by the use of the oscillograph. This apparatus consists of two very thin strips of iron suspended in a very strong magnetic field, thus forming polarized magnets. Near these strips are placed small coils which carry the current to be investigated. The currents in these coils act upon the strips which have an extremely short period and can follow every variation in the value of the current. One strip shows the form of the electro-motive force curve, the other, the form of the current curve. The strips carry minute mirrors which reflect beams of light on some sort of receiving device. Mr. Bates supplemented Prof. Sawyer's talk by showing some curves with the oscillograph.

LIVE-STOCK SHOW.

(Continued from page 2.)

this? The little lake front show seemed to indicate that it could not. But there had been nothing of special educational benefit. The few who attended with exhibits enjoyed the short time they were present and generally carried away ribbons and prizes, for it was thought that by issuing plenty of prizes encouragement would be given for the return another year, probably for a similar prize. However, without some practical and educational features introducing methods of scientific feeding and breeding there could be no improvement, so on Nov. 24, that same year, another meeting was called.

Representatives of pure bred live stock record associations, of agricultural colleges, of the railroads, and of other live stock interests of Chicago met in the hall of the Chicago live stock exchange and formed the present organization. An annual exposition was decided upon, the first of which was held in 1900.

That was nine years ago, and the idea has been carried out, improving the conditions each year, the management offering inducements to those who produced only the best grade of stock, and now at this ninth annual international live stock exposition those who attend see only the pick of the land. The "scrub" is no longer in evidence. Even the grand champion steer of last year, a Shorthorn, which was the best in the country, has been improved upon and was beaten by an Aberdeen Angus two-year old, weighing 1610 pounds, bred and fed by the Perdue Agricultural experiment station of Lafayette, Ind.—[Concluded next week]

NOTICE

TO RESIDENTS OF

EAST LANSING

Beginning at once we shall run our own delivery to East Lansing every MONDAY, WEDNESDAY, and FRIDAY morning.

Yours, for better service,

CAMERON & ARBAUGH CO.

ATHLETIC BOARD MEETS.

FIFTEEN MEN RECEIVE COVE- TED EMBLEMS.

At the December meeting of the Athletic Board the following rule regarding class numerals was adopted. Class numerals shall be awarded only to those who made the first or second team representing the college, or to those who have played two full halves of a class football or basket ball game, nine full innings of a class baseball game, or to those who have won one point or more in an outdoor class meet.

Those to receive football monograms for this season are, Capt. Shedd, Capt.-elect McKenna, Moore, A. L. Campbell, J. F. Campbell, Bennett, Lemmon, Wheeler, Frazier, Burroughs, McGilvery, Courtright, Exelby, Lee, and Allen.

As a reward each man who graduates, or who has played four years on the team is to receive a gold football watch fob in lieu of the regulation sweater. These men are Capt. Shedd, Frazier and Allen. Those who have previously won their regulation football sweaters have their choice of a sweater or a blanket. These men are Capt.-elect McKenna, Campbell, A. L. Moore, Wheeler, Exelby, Burroughs and Courtright. Those to receive their first regulation football sweater are, Lemmon, J. F. Campbell, Bennett, McGilvery, and Lee.

The following men will receive the official "R": Maliskey, Cogsdill, Titus, Pattison, Ballard and Stone. Maliskey and Cogsdill will be given a sweater with "R" attached for having served two years on the squad.

Lansing Conservatory — 214 Washington Avenue South.

ALL MEATS...

May look alike to you, but there is a very great difference in the quality we handle and that sold by some other markets. We handle none but the very best. Like the pudding, the proof of good meats is in the eating. A trial will convince you that you ought to trade with us. We make daily trips to the College.

BOTH PHONES. Careful attention given to phone orders.

Gotlieb Reutter.
322 Washington Ave. South.
