LANSING, MICHIGAN, TUESDAY, MAY 3, 1910.

No. 30.

SPECIAL COURSES FOR TEACHERS OF AGRI- CULTURE.

In order to promote interest in agricultural education and to assist in the preparation of special teachers of agriculture for high schools, a special course of one year in agriculture has been authorized, open to persons who are graduates of State Normals in the life courses, also of recognized colleges, and who have had two or more years, experience in teaching.

The work will consist of subjects selected from the regular, technical, agricultural work of the four-year college course and credit will be given for the work. If the student desires to remain in the institution longer than one year, these credits may be used toward securing a degree later. All students entering this special course will be required to elect at least twenty-five credits each term from the regular technical subjects and they will enter the regular classes, taking the subjects in the same manner and at the same time as the regular students. The classifying officer will guide the students in selecting the technical work.

Teachers of agriculture in secondary schools should have academic preparation equal to the high school teachers of other subjects and this is the reason for placing the entrance requirements as stated above.

Students taking this special course will be required to secure at least seventy-five credits during a year and the subjects will be selected in the order of their precedence under the advice of the classifying officer. On the completion of the year's work the students will be given statements, in suitable form, of the credits earned.

Y. M. C. A.

Roscoe Gilmore Stott, at union meeting Sunday evening, talked on "The Biggest Job in the World." This so-called job, so-called because a job is something we do not care particularly about, comes from the text, "Am I my brother's keeper?" "The carrying out of this text as He wishes," said Mr. Stott, "is the one biggest job in the world. We are too prone to live within ourselves and to disregard the virtues of others, and the responsibilities which we bear towards them. A good keeper will not hold himself up as a model and condemn others, will not be snobbish, will not prove dishonest, and will not be eager to find flaws with those around him. He will be a democrat and an optimist and will be building up, not tearing down all the time." These kind of talks are what we need more of at M. A. C. They make us think, and I am sure that every one who heard the talk went away with a feeling of greater responsibility towards his brother.

Thursday night the Y. M. C. A. was led by R. G. Crane. His subject, "The Relation of Mystery to Religion," was discussed with much interest.

MAY FESTIVAL

TWO CONCERTS

FRIDAY, MAY 27th

FAUST

M. A. C. CHORUS --- 120 VOICES

ADMISSION -- BOTH CONCERTS \$1.25
SINGLE ADMISSION 75 CENTS

SACRED CONCERT.

The second annual sacred concert will be given by the band next Sunday afternoon at 3:30 o'clock in the armory. An excellent program has been arranged, and this concert promises to be fully as enjoyable as the one given last year.

The program is as follows:

1. Coronation March from "The Prophet" - Meyerbeer
2. Cornet solo Non e ver, - Mattei
Mr. L. G. JOHNSON.
3. Vocal solo
4. Meditation, - Morrison
5. Cantate Domino in C,
Dudley Buck
M. A. C. CHOIR.
6. Paraphrase "Melody in F,"
Rubinstein
7. Violin solo - Selected
Mr. DE GRAFF.
8. Fantasie "Ein Marchen,"
Bach
9. Closing Hymn.

The public is cordially invited.
Admission free.

NEW CATALOG NEARLY READY.

The 1909-10 catalogue, which is now in the hands of the printer is fast nearing completion. The publication has been delayed somewhat this year on account of proposed changes in the courses of instruction, but it is hoped that it will be ready for distribution by the middle of the month.

The most important addition to the curriculum is the new veterinary college, which will be known as the Veterinary Division of the Michigan Agricultural College. Its object will be to prepare young men for the practice of veterinary medicine as a profession. Students will be admitted to this course for the first time September 21st, 1910.

As yet, the dean of this division has not been chosen, but a selection will doubtless be made in the near future.

DRAMATIC CLUB.

Last Friday a meeting of those interested in forming a dramatic club was called, and plans discussed for an organization. The object in view is to stimulate an interest among the students in play writing and production, and a study of modern dramas. The next meeting is to be on Friday, the 6th, at 4:45 p. m., in room 7, College Hall. Everyone interested is invited to be present. A constitution will be drawn up and officers elected.

FOUND.

A handkerchief in which is knotted a sum of money has been at the office of the English Department for some time. Notice at the Women's Building has brought no claimant. Owner should see Dr. Blaisdell at once.

ALUMNI

'86.

Those who were at the college from 1882 to 1884 will regret to learn of the death of Sherman Grant Walton, who was a well known and popular member of the class of 1886 during that time.

Mr. Walton died at his residence in Chicago on Tuesday, April 26, at the age of forty-five. The burial took place at Three Rivers, Mich., on April 29th. He was married on October 27th, 1886, at Three Rivers, Mich., to Miss Nellie Bobb, of the same place. He is survived by his widow and a daughter eleven years of age. His death resulted from pneumonia, he having been ill a very short time. Mr. Walton was for many years in the postal mail service.

'91

Mr. W. F. Johnston, with '91, was at the college Wednesday. Mr. Johnston resides at Roscommon, Mich.

'95.

Mr. Robert McKim, with the class of '95, who lives on a farm near Lansing, was at the college Thursday.

'96.

Our Japanese student, W. Matsuura, who graduated in 1896, is now professor of mechanical engineering at the Imperial Japanese School of Tokio. After his graduation from M. A. C. he had two years' experience in the United States, going to Tokio in 1898.

'07.

Mr. Ray Pennell announces that he has changed his address from New Smyrna, Fla., to Traverse City, Mich.

Miss Anna M. Angell, '07, who resides at 504 Ely street, Alma, Michigan, has been the guest of Mrs. Wm. McCloskey of East Lansing and her friends about the campus for a few days.

Mr. C. M. Cade is in charge of a surveying party which is running a line of levels from Texas to the Pacific coast.

Paul Shuttleworth is with S. H. Knox & Company at Danville, Ohio.

'08

Mr. E. S. Martin, with '08, has changed his address from Oklahoma City to 816 Phoenix Building, Minneapolis.

Mr. William Ryder, who has been in charge of a herd of Holstein cattle at the Pontiac asylum, is teaching dairy and animal husbandry at Winona Lake, Ind.

'09

A. H. Crosby, who has been doing advanced registry work throughout the state for the dairy department of the college during the past year, has gone to his home in Three Oaks, Michigan, where he will remain indefinitely.

TUESDAY, MAY 3, 1910.

DEPARTED.

This week is noted the death of a father and that of a mother in our student family. No one just at this time can sympathize more fully with these boys than myself, having just returned from Fremont, where, on Friday, April 29, my own beloved father passed "from death unto life." Those who have not already passed through this sad experience cannot realize to the fullest extent the grief that such parting brings.

We, his children, loved that father, not alone because we were his and he had a right to that love, but because of his quiet Christian life and his devotion to his family. The love we bore him came as a natural consequence—we could do nothing else. The life he lived was a worthy example for us to follow and his good name is the richest heritage which we could ask or expect.

I take this opportunity to thank the friends who have remembered my sorrow at this time, and am sure that to the students mentioned the same kindly sympathy is extended.

RECORD EDITOR.

TIC PARTY.

It was a merry spirit that prevailed at the spring term party given by the Eclectic Society the evening of Saturday, April 30th, for it proved to be one of the pleasantest affairs in the memory of present Tics. At 6:30 a dainty three-course luncheon was served in the dining room, where a number of small tables, decorated with flowers, had been arranged. The walls were very prettily decorated with penants. At about eight o'clock the dancing began. The patrons for the evening were Prof. and Mrs. Wilson, Prof. and Mrs. Reid, and Mrs. M. S. Osband. The absence of Prof. and Mrs. Wilson was greatly regretted.

HESPERIAN.

The annual spring party of the Hesperian society was held in the Armory Saturday evening. All about the sides of the room was a lattice work of purple and white of crepe paper and the room was lighted with artistic lanterns. The decorations were entirely of purple and white, the society colors. The programs were of soft white leather. Music was furnished for the evening by the college orchestra of six pieces and the patrons were Secretary and Mrs. A. M. Brown and Dean and Mrs. R. S. Shaw. About thirty couples attended and among the guests were Miss Grace Clark, of St. Johns. Cy Evans and Mr. Hickman, of Ann Arbor, Lloyd Alexander, Lewis White and William Miller, of Grand Rapids.

THE FOREST NURSERY.

The present spring has been most favorable to those desiring to plant forest tree seeds and handle seedlings. As a result, the operations in the forest nursery are fully four weeks advanced over this same period last year.

The nursery now contains numerous specimens of all our native broad leaved commercial lumber trees and many ornamentals. All of the lake states conifers are represented, as well as a great many of the western cone bearers, the whole numbering over 75 distinct species.

Some southern pines are represented, such as the long leaf pine, which is the source of our commercial supply of turpentine. This will die back as soon as it freezes next fall.

HORTICULTURAL CLUB.

The Hort. Club was addressed Wednesday evening by a man who is well known to the students and also to many of the residents of the state, Dr. W. J. Beal. Dr. Beal has been professor of botany at this college for about 40 years and has gained an enviable reputation among the scientists of the world.

He took as his subject, "How to Make and Keep a Lawn." During the early part of the evening, before it became dark, he took the club on a trip about the campus, pointing out the good and poor pieces of lawn, and the value of different grasses for different places. His special point was the spotted nature of parts of the lawn on the campus, which, he claims is due to sowing grass mixtures. In order to secure a good even lawn, he advises the use of pure June grass or Kentucky blue grass, as it is sometimes called. For shady places, red fescue is the best. Sheep fescue is very good for picnic grounds and other places frequently walked upon.

Weeds are unnecessary on any lawn, if properly fertilized. Where they are present they indicate that the ground is poor. Fertilize the lawn and the June grass will soon crowd out the weeds.

As darkness came on, the club went to the Hort. building, where the doctor finished his talk. Apples were served and a social hour enjoyed.

'09.

A card has been received from Miss Mattie Hendee, with the class of '09, announcing her arrival at Seattle, Washington. From there she will go to Portland, where she expects to teach domestic science.

Te Roller, Pattison. Three-base hits—Mills (2). Two-base hits—Rains, Orr (2), Mills. Home runs—Cortright. Struck out—by Pattison 5, Fleming 1, Briggs 1.

M. A. C. 4—WESTERN RESERVE 0.

The game with Western Reserve last Saturday proved to be one of the best ever played on our field. Jerry Weston pitched his first game on the home field, and did splendidly. His support was also all that could be desired, especially at critical times. The visiting team got more hits than did M. A. C., but those of our boys were more timely and were mixed in with the errors by the visitors. Busch played right field in place of Weston, but aside from this change each member played the same position as in the game with Ohio Wesleyan.

Runs—Te Roller (2), Cortright, Mills. Two-base hits—Knight, Rafferty. Struck out—by Weston 3, McIntosh 3. Double plays—Weston, Rains, Mills.

TRACK MEET.

The first track meet of the season was held at the college on Saturday, April 30. This was both an inter-class meet and a try-out for the varsity candidates. The freshmen now lead with 55½ points to 54 for the sophomores, with the relay still to be run. This relay, which will be run the last of the week, will decide the contest. The meet as a whole was exceptionally good considering the small amount of preparation, due to the unfavorable weather. Some very good records were made, the candidates showing up remarkably well in the following events: Giddings, freshman, in the 100 yard dash, ran the trial heat in 10 2-5; Shaw in the hurdles and pole vault; Lord in the high jump; Capt. Knecht in the quarter and half, and Campbell in the shot put and discuss, all deserve favorable mention.

The summary of events follows: 100 yd. dash—Giddings, Loveland, Borgman; time, 10 3-5 sec.

220 yd. dash—Sanford, Loveland, Giddings; time, 25 sec.

440 yd. dash—Knecht, Sanford, Bushnell; time, 53 3-5 sec.

Half mile run—Knecht, France, Holmes; time, 2 min. 12 sec.

Mile run—Chamberlin; time, 4 min. 48 sec.

2 mile—Geib, Rosen, Fasolt; time, 10 min. 25 1-5 sec.

High hurdles—Shaw, Baldwin, Carpenter; time, 17 sec.

Low hurdles—Shaw 1st, Baldwin and Friar tied for second; time, 28 sec.

Shot put—Campbell, Blue, Friar; dist., 38 ft. 4 in.

Discuss—Campbell, Blue, Friar; dist., 107 ft. 6 in.

Hammer throw—Vosper, Friar, Blue, 104 ft.

Broad jump—Hill, Friar, Campbell; dist., 20 ft. 8 in.

High jump—Lord, Campbell, Bates and Warner tied for third; ht., 5 ft. 7½ in.

Pole Vault—Shaw, Barcroft, Riblet; ht., 10 ft. 3 in.

The baseball team goes to Ann Arbor for a game with the University on next Saturday.

ATHLETICS

M. A. C. 12—OHIO WESLEYAN 1.

The above statement tells in brief the story of the game last Friday. After the third inning it was all M. A. C. The hitting and base running of the team was especially good. Mills got two three-baggers and one double, and in the third he was up third and last, and got two two-base hits in one inning. Cortright got his second home run on the home ground, and after the first inning Pattison pitched a very good game.

The line up:

COLLEGE BUS HEADQUARTERS

ABOUT THE CAMPUS

Miss Louise Norton spent Saturday and Sunday with relatives at Okemos.

Mrs. George Lambert, of Niles, Michigan, spent the week end with her daughter, Georgiana.

A. McVittie, '11, was called home Saturday, April 23, by the death of his father, who has been in ill health for some time.

Miss Gertrude Allen, of Grand Rapids, and Miss Grace Clark, of St. Johns, were here to attend the Hesperian party.

Miss Mabel Sweet, with '10, has returned to her home in Grand Rapids after spending the winter with her sister in Los Angeles, Cal.

The Scrooby Club enjoyed a very pleasant evening Friday night at the home of Rev. and Mrs. Goldsmith. Games were played and refreshments served.

Dean Gilchrist spoke before the County Federation of Women's Clubs of Lenawee county at Clinton, Mich., Wednesday, on the subject of "Food Values."

"The Old Alumnus" will be ably represented on the coming Triennial Reunion program, since the presidential address and the oration are to be given by Judge William L. Carpenter, of Detroit, Class of '75, and Hon. Charles A. Garfield, of Grand Rapids, '70, respectively. Both, by the way, have already signified their intentions of being present.

Prof. L. R. Taft attended a fruit meeting at Eastport, Mich., recently.

Miss Hortense Shultz, of New Bethlehem, Pa., is the guest of Dr. and Mrs. Blaisdell.

Saturday Prof. J. A. Jeffery addressed about one hundred boys at Midland, Mich., who are forming a Boys' Corn Growing Association.

Classes were dismissed at four o'clock Friday afternoon, in order that the students might attend the Ohio Wesleyan-M. A. C. baseball game.

The meet with Notre Dame scheduled for next Saturday has been postponed, as the unfavorable weather has made it impossible for either team to get into shape.

Mr. Gunson gave a lecture before a class at the Y. M. C. A. last Monday evening on the subject of "Floriculture." Mr. Gregg and Prof. Halligan previously spoke before the same class on "Vegetable Gardening" and "Landscape Gardening," respectively.

While it is too early in the season to state definitely the number of high schools which will take part in the coming contest May 14, the inquiries being made indicate that the meet will be better even than those of previous years. Committees are planning to make Friday and Saturday of that week days long to be remembered by our high school visitors. There will be, among other events, baseball games on each of the above days, and the band will furnish music.

Miss Purcell, who has been quite ill with grippe, is again able to be at her desk in Dean Bissell's office.

Prof. and Mrs. V. M. Shoesmith are entertaining the latter's mother, Mrs. F. M. Morrison, and sister, Miss Emma, with '05.

Lee Nies, '13, of Holland, was called home recently on account of the death of his mother. He is a brother of John Nies, '95, and Edward, with '08.

Prof. Shoesmith has just returned from Columbus, Ohio, where he has been attending a meeting of the board of directors of the National Corn Exposition.

A alteration has been made this year in the printing of the new diplomas in accordance with the recent legislative act which changed the name of the college from the State Agricultural college to the Michigan Agricultural college.

We hope soon to be able to publish a summary of the work which Dean Bissell has in hand, which we are sure will be of interest to all. The summary will give information concerning our engineering graduates from '85 to the present time. Dean Bissell has heard from graduates in Mexico, South America, Canada, and it is believed that some are at work on the big canal. Of the 365 to whom letters have been written, about 60 per cent. have responded. One of the interesting features of this work is to determine the wage scale of those out of college from three to fifteen years.

Mr. Ray A. Turner, class of '09, is teaching agriculture in the Hillsdale high school. His address is 69 Howell street.

Ray Stannard Baker read a paper on "Negro Suffrage in the South," before the U and I club Monday evening at the home of Mr. and Mrs. A. O. Bement.

Prof. King gave a reading of Charles Rann Kennedy's "The Servant in the House," Tuesday evening at the social in the banquet hall of St. Mary's Catholic church.

Mr. Timothy Dooley, janitor at Abbot Hall, and Miss Myrtle Salspaugh, of Lansing, were married Wednesday evening. The boys who room in Abbot Hall presented them with a set of solid silver spoons.

Miss Eugenia McDaniels has arrived at East Lansing and will take up her work at once as instructor in entomology and assistant entomologist in the experiment station. She was previously employed in a similar capacity at the Kansas University.

Dr. Marshall gave a talk in Chapel this (Tues.) morning, on his trip to Copenhagen, where he visited some fine dairy farms. He described in an interesting manner the arrangement of the farm and farm buildings, and mentioned especially the great hospitality of the Danish people who he says are quiet and unassuming, always doing "the right thing at the right time." The bell rang all too soon.

CABINET CONFERENCE AT OLIVET.

At the Cabinet Conference of the Young Women's Christian Association of Michigan, held at Olivet, April 29-30, nine colleges were represented, M. A. C. having the largest delegation. Each committee and all the officers of the association were present, accompanied by Miss Gilchrist, who is a member of the State Committee, and Miss Anabel Lee.

At the evening session Dr. Lancaster, of Olivet College, gave a short address of welcome. Miss Strong, State Secretary of city associations, and Miss Reynolds, Secretary of the Industrial Department, gave short addresses, after which a reception was given at Shipherds Hall by the students to the delegates.

Saturday morning was given over to general discussions, and talks by Miss Strong, Miss Reynolds and Miss Taft.

At noon a Geneva luncheon was served in the parlors of the church, after which toasts were given on Geneva topics. Miss Gilchrist very ably acted as toastmistress.

A short afternoon session was held, and each girl returned inspired and greatly enthused, ready to take up the year's work.

WOOD WORK.

Much interest is being manifested by our public schools along the line of industrial work. An arrangement has been made whereby Lansing pupils are enabled to get some training along these lines at the college during the spring term. The boys from the fifth and sixth grades are given instruction in wood work on Friday afternoon, while the seventh and eighth grades take the work on Saturday. The girls are not forgotten, and are given instruction in sewing on Tuesday afternoon at one o'clock. The work is under the supervision of Miss Coad, with Miss Harrison and Miss Van Heulen as teachers, and is given in connection with their normal training work in domestic art.

BIRD ARRIVALS.

In spite of the unusual season the birds have not been earlier than usual in coming from the south, in fact some species have been far behind their average dates. Following are the records so far as noted, but they are manifestly incomplete,

due largely to small amount of field work possible:

April 12, chipping sparrow and field sparrow; April 14, brown thrasher, bittern; April 15, ruby-crowned kinglet; April 16, purple martin; April 21, barn swallow; April 28, cedar waxwing, tree swallow (very late), sharp-shinned hawk; April 29, white-throated sparrow; April 30, house wren.

W. B. B.

OPEN AIR BAND CONCERTS.

The band is planning to introduce another new feature during this spring term, by giving weekly open air concerts.

These concerts will probably be given on Wednesday nights, from 6:30 to 7:30, the first one to be given this week if the weather permits.

Friday night, May 13th, the band will also give another promenade concert in the armory, at which time the regular 15 cent admission fee for the men will be charged. Entertain your high school friends who will be here at that time by bringing them around to the promenade.
