Members of Executive Committee.  
Elected at Large:  
C. S. Langdon, '11, Hubbardston.  
A. C. Anderson, '06, Flint.  
Mrs. Helen Esselstyn Wood, '09, Lansing.

**MEMBERSHIP IN THE M. A. C. ASSOCIATION**  
which includes subscription to the  
Record, \$2.50 PER YEAR.

Make Remittances payable to the M. A. C.  
Association.

Unless members request a discontinuance it will  
be assumed that a renewal of member-  
ship is desired.

## M. A. C. ASSOCIATIONS.

### Central Michigan.

President—S. F. Edwards, '09, Lansing.  
Vice President—Elizabeth Palm, '11, Library, East  
Lansing.  
Secretary-Treasurer—E. E. Hotchin, '12, East  
Lansing.

### Detroit Club.

President—L. T. Clark, '04, 108 Charlotte Ave.  
Vice-President—B. H. Anibal, '09, 185 Richton  
Ave.  
Secretary-Treasurer—G. V. Branch, '12, 1934  
Liverpool Ave.

### Grand Rapids.

President—Mrs. L. B. Littell, '03, 554 Giffings  
Ave.  
Vice-President—Mrs. Casper Baerman, w'02, 636  
Parkwood St.  
Secretary-Treasurer—Miss Luie H. Ball, '13, 100  
Madison Ave., Grand Rapids.

### Flint Club.

President—I. E. Parsons, '07 Grand Blanc.  
Vice-President—Mrs. O. G. Anderson, '13, Grand  
Blanc, R. 1.  
Secretary—Howard R. Estes, '17, Y. M. C. A.,  
Flint.

### Owosso.

President—R. S. Linton, '16, 329 W. Oliver St.  
Secretary—H. E. Dennison, '11, 305 Miner Bldg.

### Jackson County.

President—L. Whitney Watkins, '03, Manchester.  
Vice-President—W. K. Sagindorph, '04, 415 W.  
Franklin St., Jackson.  
Secretary—W. B. Allen, '07, 129 S. Hill St. Jackson.

### Kalamazoo Club.

President—Jason Woodman, '81, Paw Paw.  
Vice-President—Fred L. Chappell, '85, Suite 37-42  
Chase Bldg.

### Upper Peninsula Association.

President—L. R. Walker, '15, Court House, Mar-  
quette, Mich.  
Secretary—Aurelia B. Potts, '12, Court House,  
Marquette, Mich.

### South Haven.

President—Floyd M. Barden, '08, South Haven.  
Secretary—Virginia Flory, '20, South Haven.

### Northeast Michigan.

President—E. C. Geyer, '13, 511 Perry St., Sagi-  
naw, W. S.  
Vice-President—Roscoe W. Rice '17.  
104 6th St., Bay City.  
Secretary—Dan H. Ellis, '07, 616 Owen St., Sagi-  
naw.  
Treasurer—Z. E. Colby, '09, 213 Fraser St., Bay  
City.

### St. Joseph County.

President—H. C. Bucknell, '06, Centerville.  
Secretary—Vern Schaeffer, '11, Sturgis.

### Berrien County.

President—Charles Richards, '16, Benton Harbor,  
R. R. Fair Plains.  
Secretary—Kittie Handy, '16, Court House, St.  
Joseph.  
Treasurer—Willard Sanborn, w '13, Sodus.

### Livingston County.

President—G. P. Burkhardt, '10, Fowlerville.  
Secretary—F. S. Dunks, '05, Court House, Howell.

### Northwest Michigan.

President—H. A. Danville, '83, Manistee.  
Vice-President—L. W. Reed, '14, Copemish.

### Chicago, Ill.

President—Wm. D. Hurd, '99, 820 Lumber Ex-  
change Bldg.  
Secretary—H. P. Henry, '15, 192 N. Clark.

### New York City.

President—John J. Bush, '84, 616 W. 137th St.,  
New York City, N. Y.  
Secretary—O. S. Shields, '16, 719 Hancock St.,  
Brooklyn, N. Y.

### Cleveland, Ohio.

Secretary—L. C. Milburn, '14, 1451 E. 134th St.,  
Cleveland.

### Milwaukee, Wis.

President—Wm. L. Davidson, '13, Scout Execu-  
tive, 84 Mason St.  
Secretary—Geo. B. Wells, '00, Schroeder Lum-  
ber Co.

### Portland, Oregon.

President—C. W. Bale, '00, 718 E. Ash St., Port-  
land, Ore.  
Secretary-Treasurer—R. G. Scofield, '07, 1061 East  
Sixth St., Portland, Ore.

### Minneapolis Club.

Secretary—C. C. Cavanagh, '09, 836 Security Bldg.

### Washington, D. C.

President—John W. Rittinger, '94, Room 364  
House Office.  
Secretary—Mrs. D. A. Gurney, '04, 1217 Gallatin  
St., N. W.

### Western New York.

President—Prof. G. H. Collingwood, '11, 408 Dry-  
den Rd., Ithaca.  
Secretary—Prof. W. J. Wright, '04, Cornell Univ.,  
Ithaca.

### Southern California.

President—Harry A. Schuyler, '13, Whittier.  
Secretary-Treasurer—Ralph E. Caryl, '14, River-  
side.

### Northern California.

Vice-President—E. C. Bank, '84, Waterman,  
Calif.  
Secretary—G. H. Freear, '10, 120 Jessie St., San  
Francisco.

### Seattle.

Vice President—Capt. Wm. D. Frazer, '09, 5012 20  
Ave. N. E.  
Secretary-Treasurer—Emma B. Barrett, '03, 4001  
Whitman Ave.

### New England.

Secretary—Glenn C. Sevey, '03, 57 Worthington  
St., Springfield, Mass.

VOL. XXVI. No. 3.

EAST LANSING

Oct. 8, 1920

COLLEGE GOLFERS will not have to journey to the Lansing Country Club for a round of golf if plans of East Lansing enthusiasts of the links game materialize. A golf club has been organized, membership in which will be open to faculty, residents of East Lansing and students in college. A 9-hole course has been laid out in the pasture across the river from the gymnasium. This field has been assigned to the use of the Cavalry but arrangements will be made so that both the golf enthusiasts and members of the Cavalry will be able to use it, without interfering with each other. The golf course has been arranged around the outside in circular form, leaving the center for the military maneuvers. Temporary officers are: Pres., R. K. Steward; Sec'y-Treas., L. M. Field; Greens Committee, Major Elliot, Director C. L. Brewer and Capt. J. J. Teeter; Membership Committee, Prof. A. J. Clark, Major P. G. Wrightson and J. B. Hasselman. The membership committee announce that three types of membership have been decided upon, active for college staff members, associate for town or East Lansing members outside the college staff, and junior for students. The membership rolls are now open and all those coming into membership prior to Oct. 15 will be admitted as charter members. The details of organization have not yet been completed but an initiation fee of \$5.00 has been established and dues of probably not to exceed \$5.00 a year. Equipment for the course has been ordered and it is expected to get in shape for use this fall.

THE SOPH-FRESH class rush is set for Saturday afternoon, with members of the Student Council acting as referees. There will be no rushing of the bridge as the structure is not strong enough to stand the strain. The first event of the afternoon will be the football rush on the back field behind the bleachers. A leap frog race by picked teams is planned to follow this. The third event will be the time-honored tug of war across the Red Cedar, with the sophs on the north bank and the fresh on the south. The final event is the flag rush in Sleepy Hollow just in front of the Senior House.

KIWANIANS to the number of 500, who were attending the third annual district convention in Lansing yesterday, visited the college in a body in the afternoon. Kiwanian Chester L. Brewer officiated as host on the campus, and an inspection was made of the gymnasium and swimming pool. As the caravan passed in front of the Dairy building, an ice-cream cone was handed to each Kiwanian by co-eds of M. A. C.

THE ENROLLMENT Wednesday noon of this week totaled 1470, with a few stragglers coming in. This is divided as follows: freshmen 524, sophomores 396, juniors 250, seniors 201, specials 24, post graduates 10, irregulars 15, and federal men 50. The agricultural division is in the lead with 517; the engineers are second with 505, home economics 351, and vets 22. The junior and senior classes are both very small, still showing the effects of the war, while the sophomore and freshmen classes are still holding their own.

THE "Y" MEMBERSHIP DRIVE on the campus will be staged on October 11-12. The local organization has been exceptionally busy during the opening days of school. Besides supplying the "Freshman's Bible," and giving advice and directions to freshmen and others, the "Y" conducts an employment bureau for students who wish to work.

A PRACTICAL DEMONSTRATION of a motor power lawn mower was given on the campus Monday afternoon. This was one of the features of the annual two day convention of the distributors of the Ideal Power Lawn Mower Co. a Lansing corporation, of which Charles S. Smith w'94 is treasurer and general manager.

THE GRADE POINT SYSTEM was adopted at M. A. C. by the faculty on September 11, to take effect at the beginning of this fall term. Under the old system 240 credits were required for graduation, and now in addition to this 240 points will also be required. Three points will be allowed for each credit of work with an A grade, 2 points for each credit with a B grade, 1 for each credit with a C grade, and no points for work of D grade or lower. If a student falls behind in points in proportion to the number of credits of work he has taken, he will, on completion of the college year, be automatically dropped from the course, but may appear in person before the scholarship committee to show cause for reinstatement. The point system is being successfully worked out in many large educational institutions.

M. A. C. is to have an opera this year if the plans of the M. A. C. Union Board materialize, to be produced under the management of the Board during the winter term. The production will probably be given in Lansing and the proceeds will be turned over to the Memorial Building fund. "Campus Days," a musical review by Henry T. DeHart '17 of Purdue is being considered for the production. The setting is all on M. A. C.'s campus, and the series of reviews presented will be well known to students, alumni and friends.

## NEWS AND COMMENT

*"The highest service of the alumni organization is to bring to the service of the college the very best that the sober judgment of an awakened and enlightened alumni body is capable of producing."*

E. B. Johnson, University of Minnesota.

\* \* \*

### A SQUARE DEAL FOR "POTSY"

There are few positions which are so subject to ups and downs or which may rise higher or drop lower in the public eye (never the student eye) than that of the college athletic coach. As his team wins, his position before supporting fans rises rapidly to a towering pinnacle, and as his team loses, he drops down and out and we hear calls for a new coach.

College spirit keeps a student loyal even to a losing team. This was never so well demonstrated as at M. A. C. last fall. However, the off-campus follower, be he alumnus or just "friend fan," backs the team largely to win. Every Aggie wants a winning team. We are loath to let the reputation that M. A. C. made for herself several years ago slide slowly into oblivion, or even to submit to the clouding of the halo that hung over the name of "Michigan Aggie" in the glorious days of 1913, 14 and 15.

So this is the situation that Coach "Potsy" Clark, newly acquired from Illinois, finds himself up against this fall as he takes up the reins on the Michigan Aggie gridiron.

Granted that we want a winning team let us stop a moment and consider how much we are expecting of a new coach this first year. Remembering that M. A. C. has not had a big team since the War started, remembering that we do not have the great masses of material to draw from that many of our mid-western competitors do, and further remembering that it takes several years of consistent and constructive coaching by a well-organized coaching staff to build a winner—considering all of these entering factors—we feel certain that old Aggies will want to give "Potsy" Clark a square deal, that same "square deal" that they have always been proud of as their slogan in athletics, in this his first year with the Green and White team. Considering everything should we not be satisfied with a fair showing from the new coach this fall?

Clark comes to M. A. C. from Illinois with a splendid reputation, both as a player and a coach. For that reason we feel certain that if his luck doesn't change, our's will. A square deal from alumni means giving him the advantage of strong alumni support.

### THE POINT SYSTEM

On September 11th, the faculty adopted the following resolution:

That a point system be adopted in connection with the present grading system; effective in the fall of 1920; That 240 points and 240 credits be required for graduation; and That 3 points be allowed for each credit of work with an A grade; 2 points for each credit of work with a B grade; 1 point for each credit of work with a C grade, and no points for work of D grade or lower. The resolution further establishes that students falling behind in points in proportion to the number of credits of work that they have taken, will, on completion of the scholastic year, be automatically dropped from the course, but may appear in person before the scholarship committee to show cause for reinstatement.

We are glad to call the attention of the Alumni to this action of the faculty for we believe it is a distinct step forward and will do much to raise the scholastic standing of the college. It will no longer be possible for a student "to just get thru." He must make a creditable showing in all subjects. It will do away with inferior students flunking out at other institutions and coming here to graduate. It places a premium on scholarship and automatically eliminates the sluggard, the inefficient and indolent student. Furthermore it puts us on an equal basis with the leading universities and colleges throughout the country, most of which have had some such system as this in use for some time. This is but a partial list of the benefits of the new system but they are sufficient to show its advantages and the wisdom of installing it at M. A. C. The faculty are to be congratulated for adopting it.

PRESIDENT M. B. RANN, '21, of the M. A. C. Union, has appointed the following entertainment committee to have charge of the social affairs of the Union during the fall term. The appointments are: Chairman, Roy E. Bergman '21 of Rapid River; Charles H. Osgood, '21, of Morenci; Keith A. Weston, '21, of Traverse City; and Ralph B. Coulter, '21, of Charlevoix. The first Union party was held in the gymnasium Saturday night and the dates for the next two Union social affairs are Saturday, November 6, and Saturday, December 4.

THE COSMOPOLITAN CLUB held its first meeting of the year at the People's Church on Thursday evening. It was an informal meeting and get-together, and gave the new men in college an opportunity to meet the old ones.

Perspective Drawing of Proposed Union Memorial Building.

## Preliminary Plans of Alumni Building Submitted by Pond and Pond.

At a meeting of the Plans Committee of the Union Memorial Building in the offices of President Thomas, '85, in Lansing, September 29, the preliminary sketch plans for the Union Memorial Building as prepared by Pond and Pond, Chicago architects and designers of the University of Michigan Union Building, were presented.

The above perspective drawing, which will no doubt remain unaltered in its outward lines, was made from these plans, although the floor plan details and the allotment of space for the different facilities which the building will provide, are subject to some modifications. The sketch shows the Building in its proposed site on the northeast corner of the drill grounds, near the location of the old Dr. Beal house now occupied by Dr. Bessey. The Building faces north and the view is from the northeast, showing the Gymnasium in the distance.

The feature of the building, as will be seen from the drawing, is the massive, dominating tower which will tend to make the alumni building the dominant structure of the west section of the campus.

Roughly the plans contemplate a large cafeteria on the ground floor which will be practically at the surface level, a rise of only two steps being made at the entrance. The

cafeteria, entered through a spacious lobby with cloak and toilet rooms adjoining, has a "commons" dining room for both men and women, a separate men's section or tap room, and a separate women's tea-room. The kitchens, store rooms, refrigerator plant and service rooms are at the right of the entrance with quarters for matron and house manager in the right wing.

The entire right wing is to be given over to the rooms for alumni and College guests, there being three floors with rooming accommodations, ten rooms on each floor.

On the second floor and extending through the third is an auditorium with a capacity of 600 with a stage at one end for small semi-social entertainments. This is planned for a general assembly room and can be also used as an overflow dining room and is to have a floor suitable for dancing. On this floor also is a large concourse or lobby and the alumni offices. On the third floor are student organization offices, committee rooms, billiard rooms and private dining rooms. The tower room is also fitted for college organization offices or club rooms.

Detailed elevations and floor plans will be printed in an early issue of the Record as soon as they have been settled upon by the Plans Committee.

## ABOUT THE CAMPUS

### CAMPUS ACTIVITIES.

Oct. 9—M. A. C. and University of Wisconsin, at Madison.

Oct. 9—Annual Freshman-Sophomore Class Rush, Sleepy Hollow.

Oct. 10—Open Forum at People's Church, Hon. Patrick H. Kelley, speaker.

Oct. 11—Liberal Arts Entertainment, Hortense Neilsen in Ibsen's masterpiece, "Ghosts."

Oct. 11-12—"Y" membership campaign.

Oct. 15—Union Memorial Building Plans Committee Meeting, Michigan Union, Ann Arbor.

Oct. 16—M. A. C. and University of Michigan at Ann Arbor.

### UNIVERSITY OF MICHIGAN PREPARING FOR PRESIDENT BURTON'S INAUGURAL.

A number of the faculty of the College have been invited to be present as guests of the regents and the faculty of the University of Michigan at the Educational Conference to be held on the occasion of the inauguration of President Marion Leroy Burton at the University of Michigan, October 14, 15 and 16. The State Board of Agriculture have authorized President Kedzie and Mr. Watkins to attend the inauguration of the new president of the University as representatives of the Michigan Agricultural College. Undoubtedly a number of the faculty will also attend the Educational Conference.

The inauguration of President Burton will be held on Thursday, October 14 at 10:30 in Hill Auditorium. It will be preceded by the usual academic procession. At the inaugural ceremony an historical address by President Emeritus Harry B. Hutchins, LL. D. will open the exercises, which will be followed by an induction of the President by the Honorable Victor M. Gore, Regent of the University. The inaugural address by Dr. Burton is entitled, "The Function of the State University." Following this are the two addresses, "The Functions of the Governing Board in the administration of a University" by Honorable William L. Abbott, M. E., Trustee, University of Illinois, and "The Functions of the Faculty in the Administration of a University" by Professor Joseph A. Leighton, Ph. D., LL.D. Ohio State University.

At 2:30 Thursday afternoon is a session dealing with educational readjustments, the addresses of which are: "The Integration of the University," Professor Williston Walker, Ph.D., D.D., LL.D. Provost of Yale University, "Academic Freedom and Social Responsibility" by Robert E. Vinson, LL.D.

President of the University of Texas, "The Place of the University in Training for Citizenship" Roscoe Pound, Ph.D., LL.D., Dean of the Law School, Harvard University, "The University and International Relationships" by Sir Robert A. Falconer, LL.D., D.Litt., C.M.G., President of the University of Toronto. At 8:30 in the evening is a reception to delegates, guests and members of the faculty in the Alumni Memorial Hall.

Friday morning, October 15, is a session dealing with administrative problems of the State Universities and in the afternoon a session dealing with constructive measures. In the evening there is a banquet to delegates, invited guests and members of the faculty of professional rank in the Michigan Union at which Dr. A. Lawrence Lowell, Ph.D., LL.D., President of Harvard University, and other guests will speak.

Saturday morning there will be a meeting of the regents of State Universities held in the Michigan Union, and at noon there will be a luncheon for representative regents of State Universities. On the program is an announcement of the Michigan Agricultural College and the University of Michigan football game at Ferry Field on Saturday afternoon at 2:30, which will be attended by a large number of the delegates and guests of the inaugural.

### ADVANCED DEGREE MEN ARE COSMOPOLITAN.

M. A. C. has ten students pursuing advanced work this year, three former M. A. C. men and seven from outside institutions. James Alton Bennett '15 M. A. C., is doing P. G. work in Landscape Gardening, majoring in horticulture and minoring in botany. China sends Chang Kong Chuang from Pekin Agricultural College, who majors in chemistry and minors in soils. J. Lyall L. Frank of Cornell University majors in parasitology and minors in pathology and histology; Otto H. Friedman of Oklahoma Agricultural College also minors in pathology and histology, but takes his major work in bacteriology. Leo Joseph Klotz '19 and Wilfred D. Mills '20 of M. A. C., are both majoring in botany and minoring in field crops. Hugh B. Smith of Colorado Agricultural college is taking his major work in farm crops and his minor in botany, and Lionel E. Tisdale of Georgia Agricultural college majors in botany and minores in bacteriology. Sarkis Der Sarkisian comes from the International College of Syria and will major in soils and minor in bacteriology; while Japan is represented by Hohei Funayama of Tokio Agricultural College, who is majoring in dairying and minoring in bacteriology.

Howard Terrace.

## COAST ARTILLERY WORK PRAISED.

A letter has just been received in President Kedzie's office, from F. W. Coe, Major General in the U. S. Army, which speaks highly of the work done by M. A. C. students at the summer military camp at Fort Monroe. Part of the letter follows: "As the college year is about to open, I wish to take this occasion to express to you my appreciation of the work that has been accomplished by the Coast Artillery Unit of the R. O. T. C. at your college during the past year, and especially during the camp at Fort Monroe, Virginia, which I inspected on July 23, 1920. The progress of the students attending the camp in the practical work of the course, as demonstrated by the exercises I witnessed, was most impressive. Such results can only be obtained when both instructors and students are imbued with the highest motives and the honest desire to make the most of their opportunities. I was particularly gratified at observing the high character and intelligence of the young men attending the camp at Fort Monroe."

## THEY SAY THAT M. A. C.—

As loyal sons and daughters of M. A. C. we are sometimes told that we blow our own horn too much, and we are always glad to know that other people sometimes blow it for

us. President Kerr of the Oregon Agricultural College, according to the Oregon Agricultural College Alumnus, in an address given recently paid a tribute to M. A. C. We quote the following:

"Michigan Agricultural College is an institution which did much, particularly during the earlier years, in training men in agriculture. I think there are more deans in different land grant institutions—deans of agriculture—who had their training in Michigan Agricultural college than in any other institution in the United States."

HORTENSE NEILSEN, famous impersonator, will appear as the first attraction of the Liberal Arts Entertainment course at the gymnasium on October 11. She will present Ibsen's great play, "Ghosts." Miss Neilsen gave two very pleasing and interesting entertainments at the college during summer school, presenting Drinkwater's "Abraham Lincoln" and Ibsen's "Doll's House."

THE FACULTY RIFLE TEAM met Wednesday night to reorganize for the coming year. No doubt the erudite shooters will adopt as their slogan "Beat the Freshmen," as they would have won the tournament last year had it not been for the "frosh" team. However Dr. Bessey organizer of the faculty squad frankly admits that the best team won and offers no alibi for the failure of the faculty team to carry off the honors.

## ATHLETICS

### ALBION SUCCUMBS TO STRAIGHT FOOTBALL, 16-0.

It took nothing more than straight football on the part of the Michigan Aggies to put the skids under Albion college Saturday afternoon 16 to 0. Always on the defensive, the Methodists were able to make only one first down on their more powerful opponents, and had penalties not interfered the score would have been more indicative of the losing battle which the Albionites played.

Not wishing to allow any information to leak into the camps of the opponents in coming games, Coach "Potsy" Clark sent the Big Green eleven on the field with instructions to keep everything under cover. As a result the first half of the game found the Aggies pounding off either tackle, and occasionally skirting the ends but showing nothing in the nature of a sensational attack. Had it not been for the safety which opened the game the scoring during this period would have remained at nothing all.

However, penalties for holding prevented the Aggies from crossing the line at least once in the opening half. Time and again the oval was carried down the field by Johnson, Brady and Schwei only to be brought back on penalties.

Johnson's long kickoff at the opening of the game proved the initial undoing of the Albion eleven. Darrell Hoeltzel took the ball, fumbled and recovered, to be pushed back over his own line for a safety. Following this, it was not until the third quarter that the big green broke into the scoring column.

Albion had the ball on its own 25-yard line and started a line. Gingrich, a new man on the Aggie 'varsity, broke in, grabbed the ball which was being juggled in the air and raced through for a touchdown. Johnson kicked the goal.

Johnson got in a long boot on the kickoff and Redford, of Albion, returned the ball to his own 20-yard line. Brady intercepted a forward pass attempted on the next play and dodged through a broken field for the second touchdown. Johnson again kicked the goal.

With the game tied up, Coach Clark immediately began to draw in his first string men and send in substitutes. Like the men whose places they took, the subs kept the visitors at bay all the time, tearing wide holes in the line and smothering every attempt made by the Methodists. A last drive by the Aggies was carrying the ball steadily into Albion territory when the final whistle closed the game.

The large crowd of students and Aggie supporters witnessing the game, displayed signs

of great encouragement over the showing of the team. Realizing that the Big Green was holding in reserve most of the football which it has been taught to use, the people in the stands sensed the wonderful improvement which has come over the outfit in a short time.

That another week similar to the past seven days will prepare the team to cope with the strong opposition it will meet at Madison and Ann Arbor is the present belief in the Aggie camp.

Since Saturday's game came nowhere near taxing the powers of the Aggie squad, the coach called his gridders together for a short session Sunday morning. Giving up the usual Sunday morning opportunity to "sleep-in" the squad donned moleskins instead of their Sunday best and went through a stiff signal drill with intermittent "rakings over" for the errors in Saturday's game.

The first appearance of the varsity band and of the cheer leading team came with Saturday's game. A team of four men directed the yells in the main stands and three other yell-leaders put the freshmen band in the east stand through their paces.

About 50 pieces were included in the band which marched onto the field before the game. The exhibition drill of the band, like the best tactics of the team, however, were not uncovered, these being held for some of the larger games.

#### Summary:

Mich. Aggies (16)	Albion (0)
Bassett .....	L. E. .... Kenaga
Bos .....	L. T. .... Spanenburg
Radewald .....	L. G. .... E. Smith
Martin .....	C. .... Winegar
Swanson .....	R. G. .... Dutton
Leffler .....	R. T. .... G. Smith
Gingrich .....	R. E. .... Bullen
Wilcox .....	Q. B. .... Shields
Johnson .....	L. H. .... D. Hoeltzel
Brady .....	R. H. .... Benish
Schwei .....	F. B. .... Redford

Touchdowns—Gingrich, Brady.

Goals from touchdown—Johnson, 2.

Substitutions—Michigan Aggies: Morrison for Martin; Springer for Wilcox; Thompson for Gingrich; Matson for Swanson; Watson for Bos; Willman for Bassett; Thorpe for Leffler; Van Orden for Radewald; Noblett for Brady. Albion—Lang for Shields; Shields for Lang; Darrel Hoeltzel for Dewitt Hoeltzel; Seger for Spanenburg; Rutz for Winegar; Tomin for Kenaga; Miller for G. Smith; Lang for Shields; DeWitt for Tomin.

Referee—Eldridge, Michigan. Umpire—Mitchell, Michigan. Head Linesman—Packard, Michigan.

## AGGIES WALLOP ALMA 48-0.

Unwinding a brand of football that hitherto remained tightly sealed and displaying an agility in the open field game that gave a decided boost to Aggie hopes against Wisconsin, M. A. C. won from Alma Wednesday afternoon 48-0.

The midweek game will serve as an excellent preparation for the Wisconsin tilt Saturday and as such both straight football, passing, and open field work, in fact the whole repertoire were tried out to the satisfaction of Aggie followers.

Alma was continually upon the defensive and during the first half held the Green and White on end runs although their line was easily punctured.

Two touchdowns were all the Aggies could garner during the first half, one during each quarter. In the last half however the excellence of the Aggies open field game made a telling impression on the score board, totaling five more touchdowns. For one of these the kick failed to register making the total count 48.

Both Springer and Hammes were\* used sparingly, the two Big Green stars being given just enough of the scrimmage to put them in good shape for the Badger contest Saturday.

## ALL-FRESH LOOKS PROMISING.

Sixty-two yearlings answered the first call for candidates for the Michigan Aggie All-Fresh football squad, Saturday morning, and Coach L. F. Frimodig '17, who will handle the freshmen again this season is convinced that he has even more good material than came with last season's winning squad.

First practice for the youngsters is scheduled for Monday evening. The work for the squad will be increased gradually both in amount and quality and it is expected that a mighty good combination will be ready for the opening of the schedule the latter part of this month.

One of the best-looking candidates for the team is George D. Johnson, a Michigan All-Fresh man of last season. Johnson weighs 180 pounds, and comes highly touted for his work at end. During the season last year he was injured and was forced to discontinue his scholastic work at Ann Arbor. This year he is starting over and he picked Michigan Aggie rather than Michigan as his school.

The Archold brothers, H. K. and Chester, from Massilon, Ohio, are other very likely looking candidates for berths on the first year team. The former tips the scales at 175 pounds and handles the ball as though he had had considerable experience. He is a backfield man. Chester Archold weighs in at 168 pounds, plays tackle, end or half and has had even more experience than his brother.

F. A. Smith is a 140-pound quarter who has played one year with Alma college, in addition to several years with the high school in Alma. About the heaviest man in the lot is John Hunter, 185 pounds, who played full-back on Newberry high for three years. He is picked as a very promising addition to the squad.

Davis, who has directed playground work in Lansing for some time has entered the college and will be out with the All-Fresh Monday evening. In his high school days, Davis was picked for the All-Kansas high school team one season. His position is at quarter, and from the experience which he's had, he is counted upon to make a heady and valuable pilot for the team.

Other backfield men who appear to have the makings of good football men are Oswalt of Vicksburg high, Nordling of Ironwood high, Frank of Detroit Western, and Burris of Sault Ste. Marie high school. Linemen who have attracted the attention of the coach are Grafton, who has had three years of prep school experience, Jones of Ionia, Tangenberg of Grand Rapids South, and Temple of Sandusky high.

A feature of the freshman squad this season is the age of the majority of men out for positions. Most of them are older, more seasoned and even heavier than is usual, and this will probably prove a great help in the development of the team.

ALPHEUS H. MAXON, a sophomore engineer of Hart, Michigan, was severely injured in an automobile accident Saturday night when he drove his car into a string of box cars at the corner of Larch and Saginaw streets in Lansing. He suffered compound fractures of both legs and was badly bruised. He was removed to Sparrow Hospital and his recovery is expected. Maxon is a member of the Forensic Literary Society.

## NEUROLOGY

## J. FRANK GALLOWAY '17

J. Frank Galloway (with '17) lost his life on August 26, when the steamers Superior City and Willis L. King collided off Whitefish point. Galloway was a wheelsman on the Superior City.

Galloway was with the class of 1917 almost up to the time of graduation. He entered the service in July 1917, with the 85th Division, Company A, and remained with that unit all the time they were in Russia. He returned from overseas in the summer of 1919, and entered the City Foresters' department of the city of Detroit. He lived in Algonac all his life with the exception of one year, when his mother, Mrs. C. M. Gilbert lived in East Lansing. When in college, Galloway was a member of the Orphic Literary society.

## THE MAIL BAG

### From An 'Oser Far From Home

Island of Guam, May 27, 1920.

Dear Mr. McKibbin:

Your letter together with the folder and other material relative to the Union Memorial Building reached me the latter part of last month.

I am enclosing herewith the subscription card indicating the amount that I feel at this time that I am able to pledge to the good cause, together with money order covering the first installment of the subscription.

I am some distance from the scene of operations and out of touch with home conditions, but considering the present price of materials and labor, it does not seem that \$150,000 is a sufficient amount to provide a building of a size and construction suitable for the purpose intended. Of course I realize that it is a question of subscriptions and that \$150,000 is a lot of money, however, if the amount set as the minimum total of donations was increased to \$200,000 I would find some way to double my subscription and no doubt a majority of other subscribers would do the same.

I note by the Record that there has been considerable discussion relative to the question of allowing the organizing of Greek letter fraternities at M. A. C. I believe that a majority of M. A. C. men who during their college career were members of literary societies, will cast a vote in favor of the national fraternity. The literary society as organized and conducted in most colleges has all the so-called local evil influences of the fraternity with none of the benefits—to the alumnus—of the latter. If some of the many benefits which a literary society offers a man while he is a student, can be extended to his post college days by simply changing the structure of the organization and without adding in any way to the objectionable features thereof, why not make the change? When you are way out in some far nook of the world feeling not a little homesick and a bunch of frat men, numbering grads of various colleges and universities in your dear old U. S. A., get together for a banquet or other occasion to renew the spirit of those good old college days—then is when you really feel the difference between your lit society and the fraternity.

While I think of it I wish to give you a credit mark for apparently having some idea as to the location of Guam. With all due respect to a certain brother 'Oger, I can't rate him very high in geography. Last year when sending me a letter relative to our reunion he addressed me at Guam, Hawaiian Islands. Also, the other day I received a copy of the Columbian annual news letter which had been addressed to the Division of Animal Husbandry, Bureau of Agriculture, Manila, P. I. Some four years ago this would have been a perfectly correct address.

I hear from D. D. Wood (Woodie) now located in British N. Borneo, once in a while. I met a mutual friend of ours on the transport the other day who had been down to Sandakan recently and had visited Woodie. He reports that he (Woodie) drops and adds his h's and says, "I say old Chap," just as nochalantly as any real Limey.

The army transport is due from 'Frisco tomorrow so I am looking forward to the receipt of some Records.

Sincerely yours,  
C. W. Edwards, '09.

### Nationals Stand for M. A. C. Principles.

Ann Arbor, Mich.

The M. A. C. Record:

I have been following the National Fraternity discussion in the Record with a great amount of interest, both from the standpoint of a former M. A. C. man and member of a "Lit. Society," and of a University student and member of a fraternity.

Some statements have been made which lead me to believe that the writers have been misinformed. For instance, Dave Peppard says, "National Fraternities are exponent of principles exactly opposite to those M. A. C. stands for." This may be true in some exceptional cases but the majority of fraternities have the welfare of their Alma Mater deeply at heart and I have yet to see a case where a fraternity stood for principles opposed to those such as M. A. C. stands for: Democracy, fraternity and equal advantages to all.

My experience and observation has firmly convinced me that National fraternities would be a great benefit to M. A. C. In the first place, fraternities are very active in inducing desirable students to enroll in their college. There are two reasons for this: A desire to better their college, and a desire to strengthen themselves in order to make a good showing in their competition with their chapters in other colleges. Such activity is highly desirable for it benefits the college directly and provides a healthy competition which induces men to improve their grades, athletic standing and social activities.

Fraternities are also very active in supporting college activities. They see that their members are active in athletics, dramatics, music and so on. I have seen cases where desirable college activities would have perished if it had not been for fraternity support and even then I can honestly say that when it came to choosing members fraternity men were shown no preference, nor did they expect any.

One of the most desirable things about fraternity life is the care with which older members look after the conduct of their younger men. All self-respecting fraternities are very jealous of their reputations. They desire to be looked upon as good mixers, good students, good athletes, and men of good conduct, or in other words, gentlemen. Strict table and social etiquette is enforced, freshmen are required to observe all rules for their classes, men who are low in their studies are helped, and the good fellowship is such that alumni always look back upon it with a feeling of warm regard. The fact that a man is working his way through college makes him even more desirable to a fraternity. I think that many people have a wrong impression regarding this point. Rather than cultivating snobbishness, fraternities do everything they can to stamp it out.

I also take direct issue with "Pep" when he says that fraternities would rather see one of their men on a team than to see the school have a winning combination. Fraternities realize that their own success is directly dependent on the success of their college. Besides, with coaches who are absolutely on the level as are Yost and Brewer a man gets his place on a team by his own merits, not by his fraternity or Lit Society connections.

Fraternization is an instinct so natural and deep-rooted that I doubt if the most radical would favor total abolition of fraternities or Lit Societies. The change from local to National fraternities at M. A. C. would not greatly change campus life. It would give the local chapters greater respect for themselves and they would strengthen themselves more, because of a desire to make a good showing in the opinions of sister chapters. This leads to better standards of scholarship, athletics and campus activities, and not to extravagance, dissipation, and snobbishness. The latter course would cause the chapter to lose its charter in a very short time. The expenses of students would only be increased by the amount of the fee to the grand chapter which would only be a few dollars at the most. Present alumni of Lit Societies would be eligible to return at any time and take their ritual work.

Just as National fraternities would give local members more respect for their chapters, so would alumni members have a greater tie to their Alma Mater and to their fraternity. It means quite a bit to be able to acknowledge when among men of the world that you are a fraternity man. It gives one a certain prestige and demands respect. To say that you belonged to a local Lit Society means nothing to others and even lays one's school open to criticism by outsiders.

I would have you believe that in presenting this argument for fraternities at M. A. C., I have the best interests of the college at heart.

Most sincerely yours,  
—C. Howard Donnelly, w'17.

## MARRIAGES

EMORY CROCKER, '17f and Miss Ruth Warner of Algonac were married on June 12, 1920. They are located temporarily at Algonac where Crocker is running the home farm.

HESSEL FRANK ANDERSON '17 and Miss Myrtle Gladys Banner of Lakeview were married September 29.

JAMES AARON WALDRON '10 and Miss Ruth Margaret Keeney were married at Tecumseh on September 29. They will make their home on Abbot Road, East Lansing, where "Jimmie" is connected with the Dairy Extension department.

LYTTON CALROW '18 and DOROTHY TOWNE '17 were married at the bride's home in Elk Rapids on September 28. They will live at Des Moines, Ia. where "Cal" is Assistant Manager for the California Fruit Growers' Exchange.

HAROLD M. JOHNSON '20 and Marjorie Luella Alwood, daughter of Bishop O. G. Alwood of Hillsdale, were married on June 15. They are living at 605 Humphrey St.

J. F. GIBBS '20 and Miss Arline Tesch were married on August 2, and are living at 322 W. Saginaw St., Lansing. Gibbs is an instructor in the Civil Engineering department at the college.

HAROLD NELLER (with '20) and Miss Alice Irene Cook of Big Rapids were married October 2 at the home of the bride. They will make their home in Lansing.

WALTER WRIGHT '17 and Miss Mary Haynes of Port Huron were married on October 2. They will live at Port Huron. "Walt" is connected with the Wills Lee Automobile Co. of Marysville.

NINA COOK (with '19) and Walter G. Reddy of the U. S. Department of Agriculture, with headquarters at the Botany department at M. A. C., were married on October 2. They will live at East Lansing.

New uniforms are being issued to the students enrolling for Military Science this fall. The new layout includes a cap instead of the campaign hat, shoes that can be shined and spiral puttees.

## CLASS NOTES

'94

Forrest Loomis is now connected with the educational program of the War Department in the dismantling of the old camps. He travels all over the United States visiting the old cantonments. His work is to send material from these deserted camps to the posts which are being maintained as military instruction schools.

'99

Waldo M. Ball, 208 Fuller Ave. S. E., Grand Rapids, sends this, "Just returned from 2750 mile motor trip with family. At Hanover, N. H. met a Miss Rogers of '19 class at M. A. C. She says M. A. C. faces are always welcome."

'01

Major Mark L. Ireland and Mrs. Ireland (Irma Thompson '00) may now be addressed care of Fort Strong, Boston, Mass.

'03

H. Ray Kingsley (with) writes, "I change my address so often that it is difficult to keep tab on me, but I am giving you herewith my latest and I hope for some time to come at least my permanent address. My last was Manila, P. I. My wife and children had to leave the islands because of their health a year ago, and that was the starting of coming back here. D. H. Burnham & Co. Architects, Chicago, whom I worked for before going to the Philippines cabled me last December offering me their Chief Engineer position, and as soon as I was able to break there I did so and returned to Chicago. I left Manila February 20 and reached San Francisco March 21, via Hongkong, Shanghai and Japan. My family was living in Berkeley and I packed them up and came on to Chicago. Present address Chief Engineer, D. H. Burnham & Co., 1045 Rookery Bldg., Chicago."

'05

The Lansing State Journal of September 23, contained the following paragraph, "Roscoe J. Carl, a graduate of M. A. C. in the class of '10, and for the past six years active in co-operative shipping bureaus in counties in Central Michigan has become associated with the G. N. Murchey & Co. in the investment department. Mr. Carl was secretary and treasurer, also a director of the Union Co-operative Shipping Association of Shiawassee and Clinton counties. He is also a director of the Ionia, Montcalm and Clinton County Insurance Co."

'06

Mrs. J. T. Holmes (Caroline H. Lawrence) has moved from Polson, Montana, to Missoula, Montana, South Sixth St. W. Her husband, Dr. Holmes is a member of a medical firm in Missoula.

'07

W. B. Allen, who is interested in Florida lands, was a caller at the Record office on October 1. He has been living at 129 S. Hill St., Jackson, but after November 1, his address will be Wales, Florida.

'09

Alice Latson is dietician in The Childrens' Hospital, 13th and W. St. N. W., Washington, D. C. and finds her work very interesting.

From Floyd H. Valentine, 3019 Edgehill Road, Cleveland Heights, Ohio, we have this, "Am in partnership with R. J. Mayer of the University of Cincinnati, Ohio as Consulting Engineers on Power plants, electrical work, heating and sanitation. Business has been very good and we have a large number of contracts at present. If business this year is as good as the past year we will have to enlarge our force."

'10

J. Conley DeCamp, Montana State Highway Commission, Great Falls, Montana, sends this, "Left the Forest Service August 26. Now on road survey work in Glacier National Park (Roosevelt Highway.) Expect to be in Spokane, Washington most of next winter and locate permanently at Coolin on Priest Lake, Idaho in the spring; surveying, timber cruising, and land valuations."

'12

John A. Holden, who has been in the west and south for two years for his health, has entirely recovered, and is now back at his old job—or rather a better one—with the Stevens Motor Co. at Freeport, Illinois. He lives at 17 Pine St.

C. L. and Mrs. Harrison, Constantine, are happy to announce the arrival June 1 of William Jay, a future candidate for M. A. C.

F. Glenn Brown (with) Manager of the John M. Diver Lumber Co. has asked to have his Detroit address changed to 165 Philadelphia Ave. W.

Stanley Oakes (with) is now at 5418 Woodlawn Ave., Chicago, and is teaching in a technical school.

Aurelia Potts, Assistant State Leader in Extension Work for M. A. C. spent her vacation in Europe this summer.

'13

Stanley J. Filkins is leaving the Novo Engine Co. of Lansing after seven years' service, and is taking an auto trip to Florida for the winter.

'14

Fred W. Temple formerly of Kalamazoo and Detroit may be addressed at 180 Davis St., Atlanta, Ga.

From John W. Fisher, Jr., 1045 Ashland Ave., Wilmette, Ill., we have, "Resigned July 1 from Commercial Research department of Swift & Co., Chicago, to accept position with the sales division, Advertising department of the Curtis Publishing Co. with headquarters at Chicago. Also changed place of residence and am now living at our own house at above address, which is a suburb of Chicago. Donald Barman '14 has been appointed recently as assistant to the Sales Manager in charge of By-Products, Morris & Co., packers. He was formerly in the Chemical Laboratory of the same company."

'15

This from George Karl Fisher, 1805 Price St., Rockford, Ill., "Have just severed my connections with the Rockford Pure Ice & Fuel Co. Undecided as to which kind of several prospective positions to accept. May return to Michigan shortly."

A. Gordon Adams and Mrs. Adams announce the arrival of A. Gordon, Jr., on May 28. Adams, Sr., is Assistant Sanitary Engineer with the Detroit department of Health, and lives at 270 Dexter Blvd.

'16

William H. Betts, who has been located in E. Shroudsburg, Pa., is back at his home in Muskegon Heights, as mechanical engineer with Campbell, Wyant & Cannon Foundry Co.

W. G. Knickerbocker, 673 Hulbert Ave., Detroit, sends these interesting news items: "Am in Property department of Detroit Edison Co. Electrical and mechanical engineering in connection with appraisal of property and cost analysis of construction. G. J. Lux '16c, 679 Garland Ave., Detroit; G. R. Warren '16a, can be reached thru New Carlisle, Ind., is with Bureau of Markets, Department of Agriculture; Uhl Utley '16, Northway Motor Co., Detroit, in charge of Dynamometer room; George Pellett married, is proprietor of store at Mt. Morris."

Gerald Bos and Mrs. Bos, Byron Center, send news of the arrival of a son, Raymond Wallace, on June 26.

This from Martin J. DeYoung, 215 Puritan Ave., Highland Park, "With the Strand Lumber and Woodwork Co. While on my vacation saw Claude Milroy at his home in Virginia, Minn."

Walter T. Gorton has recently accepted an appointment as Captain in the Ordnance Department of the Regular Army, and is stationed at McCook Field, Dayton, Ohio, on aircraft machine gun development. With Mrs. Gorton (Ruth Tibbs '17) he is living at 41 W. Third St.

P. V. Tower is connected with the Fisher Body Corporation, in Plant No. 18 in the Lumber department. He lives at 4632 Eighth St., Ecorse, a suburb of Detroit.

Justin P. Smith writes, "Since my discharge at Camp Devens June 14, 1919, I have been in the employ of the Truscon Steel Company. I returned to their employ on July 10, 1919, and remained in Youngstown, Ohio as Designing Engineer until November 16, 1919, at which time I accepted my present position as Resident Engineer and Acting Agent for the Territory of Hawaii. I arrived in Honolulu December 13 and since that time have been handling the engineering and sales work of the Truscon Steel Co." His address is 303 Kaniokalani Building, 116 S. King St., Honolulu, Hawaii.

'17

Ada Knevels is a dietitian in Loomis Sanatorium, Loomis, Sull Co., N. Y.

Frank Chaddock (with) of Lansing has been commissioned Captain in the regular army. Chaddock served during the World War as Captain of C Battery of the 119th Field Artillery from Lansing, and was overseas with that unit for eighteen months.

Leon F. Smith is a salesman for Fordson Special Farm Equipment, and may be addressed at Dearborn, care William Ford.

Nellie Fredeen is teaching in Superior, Wis., this year, and may be addressed at 1711 Hughitt St. Edward C. Huebner, 200 E. Kirby Ave., Detroit, secretary of the Huebner Screen Door Co. of Detroit, who has been confined to his home with septicemia for about three years is now nearly well.

Lieut. and Mrs. Raymond C. Zettel (Janice Morrison '17) are receiving congratulations on the arrival of a son, Raymond C., Jr., on August 28. The Zettels are stationed at Nogales, Arizona, care of 12th Aero Squadron.

A letter from Alice Powell written on the Pacific under date of September 9, says in part, "I started for San Francisco August 30 enroute to the World's Sunday School convention at Tokyo, October 5-14. I sailed on the Toyo Kisen Kaisha S. S. Siberia Morn September 4. There are about 80 delegates on the boat and we are having a delightful trip. We will spend tomorrow at Honolulu, then go on to Yokohama. The tours to and from the convention are under the direction of Thomas Cook and Son. Our tour gives us about 26 days in Japan, also a trip thru Korea and northern China. On October 27 I leave Peking for Changsha to be with my brother for probably two years. My address will be Yale Mission, Changsha, Hunan, China."

This from H. L. Campbell, 10 Rottermann Apts., Dayton, Ohio, "I finished the course of instruction at the Ordnance School at Aberdeen on June 30 and was ordered to the Aircraft Armament Division of the Ordnance Department at McCook Field, Dayton, Ohio, for duty. Arrived here July 12, after spending a few days at home in Michigan. Very sorry I had not time to call at the old school."

N. F. Yonkman, Resident Engineer for the State Highway at Coldwater writes, "Concreting the Chicago road thru Branch and St. Joseph counties; 12 miles of concrete, 13 miles of grading and 3 trunk line bridges. Will try hard to see M. A. C. Ann Arbor game this fall. Met Bill Anderson '17 and Dutch Oviatt a few days ago."

A recent issue of the State Journal carried this interesting item, "Lansing is to have a radio telegraph school in the near future if the plans now being laid by the Wilcox Laboratories materialize."

These laboratories make radio apparatus and equipment and do engineering and experimental work in all parts of the country. Maurice Pantcoast (with '18) formerly an ensign in the navy, who spent his time in the service as an engineer and on experimental laboratory work, is now connected with the Wilcox concern, and will be the instructor in the radio courses. The radio school will prepare for commercial examinations for radio operators, for which there is a great demand at the present time."

Alvin Hock (with) is a salesman for A. Neil Canfield & Co., 1023 Dime Bank Bldg., Detroit, and lives at 1519 Mack Ave.

#### '19

## Do You Know How Much Your Milk Will Bring Per 100 Pounds of Grain Ration?

If you receive only \$2.50 a hundred for your milk and the good BUFFALO CORN GLUTEN FEED grain mixture you feed costs you four dollars or less a hundred pounds—you are getting \$7.50 to \$10 worth of milk per 100 lbs. of the *Buffalo Corn Gluten Feed* mixture fed to good milkers.

In some sections, June milk ranged as high as \$3.83 per hundred. At this price, a seventy-five-dollar ton of good BUFFALO CORN GLUTEN FEED grain mixture, properly fed with good roughage to good cows, produces \$225 to \$300 worth of milk—6,000 to 8,000 lbs.

*Good feeding of good cows always pays. The better the feeding, the better the pay.*

But good feeding cannot be done without good feed. BUFFALO CORN GLUTEN FEED is the feed—the protein—concentrate—that makes the profitable milk yield.

*Your dealer should have BUFFALO CORN GLUTEN FEED. If he does not, write us, giving his name.*
