VOL. XXVI. No. 31.

EAST LANSING

MAY 27, 1921

ABBOT HALL, always experiencing thrills, had another shock Monday this week when a one pound explosive shell entered unceremoniously through the screen of an open window, whizzed across the hall and fell dead against the wall of a room in which there were three girls. It had come from a light field piece being used in practice firing, thence to Abbott via numerous ricochets, one from a stone sidewalk, one from a two inch tree limb and then from the skylight cupola of the old Bath House. Although such firing has been customary on the campus, now that the exploring propensities of a one pound shell have been discovered, it is needless to say that it is being discontinued.

ELABORATE PREPARATIONS are being made by Lansing Knight Templars for the entertainment of visiting commanderies at the State Conclave to be held in Lansing Tuesday, May 31. The campus will be the center of the outdoor activities, the exhibition drills to be held on the College drill ground. The College Band is to head the parade playing for the Detroit No. 1 Comandery of two hundred forty men, said by some to be the best drilled body of men in the world.

SENIOR HORTS left Wednesday for Detroit and Monroe to inspect markets and nurseries. They are spending two days in Detroit, where they will visit the Detroit Bureau of Markets, the office of the American Fruit Growers' Exchange, and several nurseries. On Friday they will go to Monroe to inspect the Greening nurseries. The Detroit Club luncheon is being held Thursday instead of Friday this week in their honor.

WILFORD B. SHAW, ALUMNI SECRETARY at the University of Michigan and editor of the *Michigan Alumnus*, Prof. David Friday, Ph. D. whose name has been mentioned among prospective candidates for the presidency of M. A. C. and Dwight B. Waldo '85, president of Western State Normal were the principal speakers before the forty-seventh annual meeting of the Michigan Pioneer and Historical Society convening in Lansing Wednesday and Thursday.

ALMA COLLEGE is carrying on a drive for \$685,000 for an endowment fund. Their budget proposes \$500,000 for a Memorial Gymnasium and \$75,000 for a Trustees' Fund. The city of Alma will finance the Memorial Building, \$125,000 has been promised by the General Educational Board of the Rockefeller Agency and the General Board of Education of the Presbyterian Church, and they are seeking to secure the balance of \$450,000 "from the friends of Christian education throughout the State of Michigan."

THE BAND is beginning its spring term concerts this week. Green heather sweaters suitably monogrammed are to be purchased by the band men and will furnish very appropriate uniforms for informal occasions such as mass meetings, basket ball games, and entertainments at which the Band appears. Funds to be received for their services during the Knight Templar Conclave will help defray the expenses of their purchase and the customary Band dinner will be sacrificed this spring in favor of these sweater coats. Provided it can be arranged, the Detroit Commandery of Knight Templars have offered to take the Band as their accompanists to the National Conclave at New Orleans next spring.

SENIOR ELECTRICAL ENGINEERS left Thursday morning for a two-day trip to inspect the hydraulic stations on the Au Sable river. Some of the largest dams of the state are on the Au Sable river and furnish electric power for many cities. Fishing is reported to be good on the Au Sable this spring.

THIS YEAR'S PAGEANT, "THE HISTORY OF MICHIGAN," a gay spectacle combining historical events with allegorical dances and processions, is to be much more pretentious than anything attempted in the past two years. Approximately 700 people will participate, 200 more characters than appeared in last year's pageant. Because of the enormity of the undertaking, a professional director has been engaged, F. K. Crowley of New York, who has had wide experience in pageant direction. He has worked with Thomas Wood Stephens at Carnegie Institute, and during the war was connected with Mr. Stephens in the entertainment unit. Seating capacity will be provided for 3000 people for both Tuesday and Wednesday. The performance, to be given in the evening, will be for the benefit of the visiting Rotarians, who will be in state convention at Lansing, and for Lansing people, and the Wednesday afternoon performance is particularly for college people and returning alumni.

PROF. "TOMMY" GUNSON, who with Mrs. Gunson is to sail from New York on June 1, to visit his old home in Scotland, and to represent the Lansing Rotarians at the Rotary International Convention at Glasgow, was warned "out of town" and then presented with a long purse of double eagles by the Lansing branch at its luncheon last Friday noon. "Tom" received the shock with native fortitude, for a moment, and then stepped, most naturally, into a Scotchly burred expression of feeling, with a deft little turn of fun in the midst, that won the laurel of true eloquence. Charles McKenney '91, President of Ypsilanti Normal, was the formal speaker at the luncheon.

VIEWS AND COMMENT

This youthful Western world is a gigantic youth, and therefore its education must be such as befits a giant. It is born to such power as no heir to an earthly throne ever inherited, and it must be trained to make that power a blessing and not a curse to mankind.

—Horace Mann, founder of Antioch College

A prediction on the attendance at Commencement reunions is always a difficult matter. If we were clever

PREDICTING we would never lose money enough at these predictions.

REUNION on our Commencement dinners. We might even make some. However, this year all signs point to a record breaker. This forecasting isn't based on ouija board machinations or observations of the stars but on sound facts, one of which is that seven of the largest classes that have ever graduated are holding reunions this year. They are '11, '13, '14, '15, '16, '19 and '20. These class reunions alone are a guarantee of numbers.

The lifting of the ban on national fraternities has stirred practically every one of the twenty-two literary societies at M. A. C. more or less and many of them are arranging special society reunions at which they may discuss with their alumni the national fraternity field. Some will undoubtedly take up the selection of a national organization and go through the steps looking toward petitioning for a charter. This will bring many society brothers and sisters back to the campus who otherwise might not feel the urge. Then there is always a good big crowd of "regulars" who come year after year for the joy of it. Those who come this year can be assured that they will meet a good big crowd of the "old boys and girls."

The good that comes from a national conference of alumni workers such as the one just passed is immeasurable.

THE NATIONAL In the meeting of
CONFERENCE the East and West, and

the North and South there is a leavening of views and reactions and ideas that makes for a deeper and broader understanding of the educational institutions of the nation and their problems, for alumni workers surely know what these problems are. It is good for Texas to meet Yale and good for Yale to meet Texas. Beside the enjoyment of the renewing of acquaintances and the entertainment prepared for the Conference by Cornell and the opportunity it offered for seeing a great university both in work and in a holiday, there was a wonderful inspiration in the meetings and the discussions of the common problems of the alumni office.

One of the distinct reactions that registered during the conference was the singular difference that exists between the attitude of alumni in the endowed college and in the state college. The average state college alumnus has gasped at the amounts of money that endowed college alumni have raised for their institutions. Yet it is a question whether graduates in an endowed college are more loyal than those in state institutions. That the mental attitude toward Alma Mater of the endowed college student is different than that of the state college alumnus was convincingly brought out. This mental attitude is of course developed in student days. In the endowed college the student is constantly impressed with the thought that his college days are made possible through the gifts of those who have gone before. There is created a feeling of indebtedness in the heart of every student and a determination to pay back for what he has been given. This does not obtain in state colleges but it should. Here he has been educated at the expense of the state and he owes both money and service to the state in the same proportion that the endowed college alumnus owes. We of the state colleges must be brought to realize this and must find some effective means of instilling it into the very spirit of our students.

The many western colleges and universities who, for lack of sufficient water ways are unable to participate in rowing as

ROWING a college sport, are surely missing something that the eastern institutions have and make much of. This has impressed itself very strongly after having seen our first crew race. In those colleges where rowing is possible, the crew man is looked upon as the highest type in athletic development and the crew stands far above the football team or the track or baseball men in the estimation of the student body. There are probably two reasons for this, the first, the nature of the sport itself in which there must be a steady, constant grind of the crew together as a machine, with no chance for individual starring which so often in other sports tends to break down team play. Rowing is an exacting sport and demands constant and a very high degree of training. A man must give the very best that is in him and that all the time. Another reason that has been suggested for the high esteem in which rowing is held in the college world, is the fact that it is typically a college sport and has not been professionalized or in any way commercialized. It has retained itself in purity during the many years it has held sway in eastern institutions. We who are not favored with the facilities for rowing are surely losing one of the best and the cleanest types of college athletics.

Alumni Secretaries Have Resultful Conference at Cornell.

About seventy alumni secretaries, representatives of American colleges and universities from Maine to California, and from Wisconsin to Texas, met for the Eighth Annual Conference of Alumni Secretaries combined with the Association of Alumnae Secretaries and Alumni Magazines Associated, at Cornell University on May 19, 20, and 21. The Conference headquarters were at the Glenwood Hotel on Lake Cayuga, four miles from Ithaca. The weather was ideal, the sessions being held on the veranda of the Hotel. This year's meeting was one of the most enjoyable and instructive that alumni secretaries have ever had. Much of the credit for the success of the meetings is due R. W. Sailor, Editor of the Cornell Alumni News, who with Walter Okeson, Alumni Secretary of Lehigh University, had charge of the arrangements and "did the work."

The conference was arranged so that the visiting representatives of other colleges might see the Cornell "Spring Day" celebration, which has now become one of Cornell's famous traditions. Originally it was planned to raise funds to send the Cornell crew to Poughkeepsie for the annual regatta on the Hudson. This year's Spring Day celebrants witnessed a Wild West Carnival in the morning, a Yale-Cornell ball game in the afternoon and the crew races at 5 p. m., between the Varsity and Freshmen Crews of Yale, Princeton and Cornell, at which Princeton won the Varsity with Cornell second and Cornell took the Freshmen's race with Princeton second.

A glance over the program tells in a few words the story of three very full days for college and university alumni workers. Among the subjects presented and the entertainment provided were:

Ideal Office Organization, W. A. James, Yale Alumni Weekly.

Buying Paper in Bulk—Mr. Jesse W. Clark, of S. D. Warren Paper Co.

Editorial Boards—R. W. Sailor, Cornell Alumni News.

"Selling Alumni Loyalty"—Mr. Lucius E. Wilson, American City Bureau.

Advertising—1. Standardization; 2. Inserts; 3. Group rates.

Printing Contracts—C. W. McKibbin, Michigan Agricultural College.

Dinner at Women's Dormitory, as the guests of Cornell University.

Alumni Advisory Bodies—Their Organization, Powers and Accomplishments—W. D. Towner, University of Maine.

Alumni Representation on College Administration Boards—(a) State Colleges; (b) Endowed Colleges; (c) Women's Colleges—Miss Florence H. Snow, Smith.

The Relation of the Alumni Office to the Undergraduate Body—A. M. Souby, Vanderbilt.

Inspection of Cornell University and Cam-

pus, and motor trip to see surrounding country.

Some Results of Alumni Giving—A. D. Butterfield, Worcester Polytechnic Institute.

Conferences—On problems peculiar to: (a) Women's Colleges, Chairman, Miss Florence H. Snow, Smith College; (b) Endowed Colleges, Chairman, Walter R. Okeson, Lehigh University; (c) State Universities, Chairman, Carl Stephens, University of Illinois.

Spring Day Circus—Ball game, Yale vs. Cornell; Regatta, Yale, Princeton, Cornell. Freshman and Varsity Races.

At Cornell we met Dr. Georgia L. White formerly Dean of Women at M. A. C. and just recently made Dean of Women at Cornell, Professor G. H. Collingwood '11 of the Cornell Forestry Department, Merle Bottomley '16 who is taking graduate work at Cornell, and H. N. Fox '17, of Mantour Falls.

The Library Lilacs--A Tribute

Dear Cliff:—

The Lilacs on the south side of the library are in bloom—a little earlier than schedule—and as usual the first on the campus.

Few news stories, of even page length, have drawn me back more closely to M. A. C. than this homely little paragraph on your May 6 editorial page.

I do remember those lilacs. Four springs I watched them grow green and then blossom into one of the summer's first colorful landmarks. I have sniffed their fragrance, worn them in my lapel, and played mumble-te-peg beneath their shade.

I read your athletic news, but the players names have an unfamiliar sound. I read the squibs about the departments, but many refer to men and women I never saw. I return to the campus, but the familiar faces, the friendly salutations, the nick-names—they are gone.

But those lilacs—they are there yet, as they have been for years, giving of their fragrance and beauty to those who come to spend a few glorious years on our campus. They are a real part of college life.

Lilacs are rare in California. Take a deep sniff of *our* lilacs for me.

Don Francisco '14.

M. A. C. HAS BEEN INVITED to be represented at the inauguration of President Finley of the University of Kansas. The State Board requested President Kedzie to invite L. D. Bushman '05, who is head of the department of bacteriology in the Kansas College of Agriculture to represent his Alma Mater at the inaugural ceremonies.

ATHLETICS

Green and White Drop Before Notre Dame 7-4.

Notre Dame took the first earned victory of the season from M. A. C. when it defeated the Green and White at College field Thursday afternoon, 7 to 4. Their 10 hits made up the first flock of bingles of any size for which an Aggie pitcher has been touched this spring.

At that, the first part of the game was all Aggie and there wasn't a lot of excuse for the blow when it did come. Errors entered the battle with a punch in the first part of the fourth inning and it was then that the dirty work started. In the long run, however, Notre Dame blew just about as many chances as the Aggies, and so the Blue and Gold is credited with a duly earned win.

Kuhn came to be a solved problem for the Notre Dame hitters during the game, this lot of bat swingers being the first which has been able to find him for hits in any quantity.

Score by innings—

	1	2	3	4	5	6	7	8	9
Notre Dame	0	0	1	3	0	1	1	0	1—7
M. A. C.	2	0	1	0	0	0	0	0	1—4

Michigan Intercollegiate Meet Saturday.

Eleven teams including the M. A. C. varsity and freshmen teams are now entered in the sixth annual Michigan Intercollegiate track meet to be held on College field Saturday morning and afternoon. Alma college originally made a twelfth entry but the smallpox epidemic there will make it impossible for that team to come to East Lansing.

The list now is made up of Kalamazoo college, Albion, Hillsdale, Adrian, Olivet, Western State Normal, Detroit Junior, Highland Park Junior, M. A. C. and the M. A. C. freshman squad.

Trial heats in the 100 yard dash, the 220 yard dash, the high hurdles and the low hurdles will make up the morning program, which opens at 10 o'clock. Final heats in these events and all other events will be run off in the afternoon.

Give and Take With Oberlin.

Winning the first game 10-2, but losing the second 3-1, the Aggies split even with Oberlin in the two-game series staged on College field last Friday and Saturday. The Big Green outfit took the game played at Oberlin earlier in the season and this coupled with Friday's victory gives Coach Clark's proteges the edge in the three contests with the Buckeyes this year.

A concentrated attack in the fourth inning which was responsible for ten runs accounted for all of the Aggie scoring in Friday's game. For three and one-half innings of this melee both teams played airtight ball with only a hit apiece chalked up in the score book.

Al Brown, veteran southpaw pitcher, looked

after the mound duty and gave ample proof in his first performance of the year that he still carries a good assortment of tricks in his throwing arm. Al allowed Oberlin only six scattered hits, walked only three men and fanned six of the Buckeye hitters.

No fireworks were uncorked in Saturday's game and from start to finish the contest was featured by airtight playing. Keller, the Oberlin coach, selected Andrews as his hurling choice and Lorne Ross was named as the Aggie gunner. It became evident before the third inning was over that both hurlers were going good and that the fans were to witness a bitter pitching duel. In the first three innings only nine men faced Ross and ten toed the plate for Andrews.

This week the team is on tour, meeting Kazoo Normal Wednesday afternoon, Notre Dame Thursday at South Bend, Ind., and Valparaiso University on Saturday.

VISITING DELEGATES at the Michigan Intercollegiate Athletic Association meet to be held at M. A. C. June 4 will be entertained by various organizations and individuals while on the campus. The Track Club is acting as a committee of the whole to make arrangements, and is assisted by an inter-society committee with Jimmy Hasselman at its head. Each society house will entertain as many visitors as possible, and special representatives will act as guides to take the visitors in tow around the campus. The Varsity Club will give a big banquet for all contestants.

THE MICHIGAN AGRICULTURIST is to be formally launched as a student agricultural publication next year, the first issue to come forth in October. The new publication upon which the Agricultural Club have been working for nearly a year will be fashioned after the Cornell Countryman, the Purdue Agriculturist and other similar student publications that carry live articles on agricultural subjects and provide a means of disseminating up to the minute agricultural messages from the College laboratories to the farmers of Michigan. It will also help keep the agricultural interests of the State in close touch with the College and its work. Subscribers will be sought among agricultural alumni and farmers, the subscription price to be a dollar a year. L. E. Harper '22 of Middleville has been selected as Editor-in-Chief, and G. S. Gill '23 of Ypsilanti as Business Manager. The balance of the staff have not yet been appointed.

H. T. THOMAS '01, chief engineer of the Reo Motor Car Company of Lansing, has loaned the Military Department a Reo Speed Wagon for the use of the department.

Senior Engineers On Inspection Trip Meet Alumni.

Senior Mechanical Engineers last week made a very instructive and enjoyable inspection trip to several industrial plants in Detroit. The party consisted of eight members of the class with Professor G. C. Wright in charge.

Wednesday morning at 9 o'clock at the main office of the Detroit Edison Company we were met by Don Shannon '09, C. H. Dickinson '12, and H. E. Macomber '17, who flivvered us out to the Conners Creek Station, and showed us the massive workings of that power station. During our visit another M. A. C. man, W. G. Knickerbocker '16, joined the party. After a thorough inspection of the plant, we all had lunch together at the Edison lunch room, where Shannon and Dickinson told us all of their escapades while here at M. A. C. Not content with leaving us to our own resources for the afternoon, they drove us to the city water works and then on to the Parke Davis & Co. plant, and thence back to the hotel.

The next morning we went out to the Cadillac Motor Car Co. plant where we were met by Frank Johnson '95 and Mr. Merrill who, after showing us the new home of the Cadillac, took us to lunch. On our way to the Cadillac lunch room we ran across Ben Anibel '09, chief engineer of the Cadillac, who asked about all the late news from M. A. C. After lunch Mr. Johnson got a couple of cars and drove us out to River Rouge to inspect Ford's blast-furnace plant. The next day we visited Ford's Highland Park plant, and the Burroughs Adding Machine Company. Saturday morning we inspected the \$20,000,000 office buildings of the General Motors Corporation in the company of Mr. Wilcox, who was instructor in the machine shop at M. A. C. about 1909.

Saturday noon found us at the end of our trip, thankful for the opportunity of visiting so many industrial concerns, and especially of meeting all of the M. A. C. men who entertained us so royally. Every graduate whom we met seemed intensely interested in the future of the college in carrying out the idea of "A Greater M. A. C. Straight Ahead." We hope to see all of them again here at East Lansing Commencement week.

MARRIAGES

Clarence Huston Shaver w'20 and Helen Marguerite Whitcomb '20, were married on May 14 at the home of the bride in Oxford. They will live at 537 South Scotville Ave., Oak Park, Ill.

P. Edward Geldhof '14 and Miss Marion M. Mayer, of Syracuse, N. Y., were married on May 23. They will take a three months' auto trip thru the Adirondacks and Berkshire mountains.

Now We Are Ready.

Will You Be Here to Welcome Him?

SORORIAN ALUMNAE met with Helen Perrin '17 for their regular monthly meeting on May 24. They entertained the active freshmen of the society. Lena Van Halteren '09 will give a tea for all returning alumnae on Commencement Day at her home on Evergreen Ave., East Lansing, and in the evening the active members of the society are entertaining at dinner for all returning members.

CENTRAL MICHIGAN HOLSTEIN BREEDERS' ASSOCIATION held its semi-annual spring sale in the stock pavillion in the Ag building on May 23. Fifty-seven animals were sold, which included a cow and a bull calf from the college herd.

L-even, Let's Go.

My dear Mac:

After reading about all the things there will be doing in June, one can hardly refrain from packing their extra et cetra and beating for Lansing. Gee Gosh G, I sure would like to be among those present. Am thinking seriously of starting a 'tag' day for the 'Back to the farm' movement, to see if I can't raise enough funds to come out even.

And to think that dear old Winnie will be there, and childless too. Oh well she wouldn't have anything on me—I'll be there childless too, providing I get there. First I thought the only thing that a fellow in my position could do would be to take care of the various offspring while the fond parents took in all the stunts. Of course I can take care of the widows and orphans, but when it comes to children in arms, oh well that is one of the special courses at MAC I failed to take advantage of.

I presume that Betty has played Kith and Kin so much that she would be all tired out by June—or else just in prime condition. Ask her. And as for Bess Frazier, if she can cook, gee kids, me for her.

So old Pud Wilson breaks out every now and then. It's a shame he left Wisconsin. Remember how he used to get all puffy up and sticky out when Prof. Jefferies used to tell about these Limestone regions of Wisconsin. Must be that Canada is more attractive (pardon the slip, no nothing to drink yet, probably the power of suggestion.)

Get Jimmie Hayes to tell how he bought his first cow, one of those 'Contented' ones that Horlick speaks of.

If you have on your register any of those Semitic friends that Gink speaks of that carry three gold balls as a symbol of good faith and will lend the filthy lucre without exacting the pound of flesh, tell them to get in touch with Badour and myself. You see Badour could ill afford to lose any more flesh nor could I for that matter, but we aim to please if that will be satisfactory. If Winnie would only write just how she intends to park her children for the event we might get Melvin Russell to come too.

Say hello to D. Devilish Wood.

Sympathetically if thats sufficient,

Chas. Tubergen.

WITH THE ALUMNI CLUBS

The Local Time Card.

Central Michigan Association, Elks Club Cafe at noon every Monday.

Detroit Club, at Cadillac Hotel every Friday noon.

Grand Rapids Association, Board of Commerce every other Thursday noon.

Flint Club, first Thursday every month.

Saginaw Club, second Saturday each month.

Chicago Association, Y. M. C. A. 19 S. LaSalle St., every Thursday each month.

Saginaw Club, Arthur Hill Trade School, 2nd Saturday each month.

Southern California

The Southern California M. A. C. Association will hold a basket picnic at Sycamore Grove, Los Angeles, Saturday, June 4, beginning at 3 p. m. All M. A. C. people in Southern California are urgently invited. Let no person stay away even if he hasn't a basket. Eats and a welcome will be provided. The success of this picnic will determine the future policy of the organization.

—E. E. Nies '15, Sec'y.

Washtenaw

The Washtenaw M. A. C. Club gives a dinner at Barbour Gymnasium at Ann Arbor, June 1, at 7 o'clock, at which time the members of the M. A. C. Varsity baseball team will be their guests.

Lenawee.

Lenawee County alumni meet tonight at Adrian at Gussenbauer's Tea Room, at 6:30, for dinner and a program at which Dean Sweeney and Alumni Secretary McKibbin will be representatives from the College.

Seattle.

The Seattle M. A. C. Association observed M. A. C. Day May 13 by a dinner. Fifteen members were present. An informal program was given. Every one had a chance to respond. Major Frazer acted as toastmaster. A telegram from President Kedzie, "Greetings to the Association farthest from the Campus," was truly appreciated. Mr. E. M. Shelton '71 told us of the early days of the College and Miss Bernice Canfield '20, M. A. C. of today. Extracts from the Dedication Speech were read by Major Frazer.

The roll of those present showed E. M. Shelton '71, F. E. Semon '89, John Dunford '02, Lucile Fleming '03, Mary Smith '03, F. D. Linkletter '06, Major R. R. Lyons '09, Major William Frazer '09, Shirley Gardner Frazier '09, Edward Smith '12, Norton Moggee '14, Dr. R. C. McCurdy '16, Gertrude Hudson McCurdy '16, Bernice Campbell '20.

—Emma B. Barrett '03, Sec'y-Treas.

Barry County.

The Barry County M. A. C. Association met for their first real M. A. C. banquet and get-together, in the parlors of the M. E. church at Hastings, on the evening of May 14.

Mr. Heinz, with his 57 varieties, had nothing on Barry Co. M. A. C. folks that evening for they were there with the number, spice and pep, but as to color and degree of sourness there seemed to be no likeness at all.

The first part of the evening was spent in meeting old friends and getting acquainted again, after which a delightful dinner was served by the ladies of the M. E. Church. After the supper, the president, R. M. Bates '85, called upon several former M. A. C. students, who related in a pleasing manner some of their memories of good old M. A. C.

We were very fortunate, indeed, in having with us, C. L. Brewer, Athletic Director, C. W. McKibbin, Secretary of the M. A. C. Association, and one of our own Hastings boys, A. L. Brown, who is at present a junior at M. A. C. They gave us some very interesting talks on athletics at M. A. C., the different courses, and the worthwhileness of M. A. C. as a college. Their coming added greatly to the pleasure of the evening.

At the close of the dinner and toasts, a short business meeting was held and it was decided to have a picnic sometime during the summer months at one of Barry County's beautiful lakes.

Those present were: R. M. Bates '85 and Mrs. Bates, W. E. Stanton '06 and Mrs. Stanton, Clyde Wilcox '07 and Mrs. Wilcox, J. D. Charlton '08 and Mrs. Charlton, Leta Hyde Keller '09, O. H. Cleveland '11, C. W. McKibbin '11, G. H. Gillispie '17, O. O. Mater '18, R. U. Bryant '20, Milton Townsend '20, A. L. Brown '22, A. C. Hyde and Mrs. Hyde, Russell Thorpe, James Nevins and Mrs. Nevins, C. L. Brewer, R. G. Brumm, Ray Noban, Raymond Aldrich, Vivian Swisher, Frances Edmonds, Carroll McGriffin, Raymond Windeknecht, Helen Sherwood, Donald Joy, Jean Rysdorps, Alice Bates, Frederick Parker, Winifred Johnston, Leon Scott, Florence Schaffhauser, Alfred Waters, Frances Morehouse, Paul Olmstead, Doris Butler, John M. Vester, Ruth Ketcham, Keith Chase, Plyn Matthews, Jean McKnight, Kido Power, Donald Doyle, W. B. Matthews, Valenta Fuller, Chester Scott.

Western Pennsylvania

Eighteen M. A. C. Alumni gathered at the University Club, Pittsburgh on Friday evening, May 13th to celebrate the 64th anniversary of the Founding of the College. Dinner was served at 7:15. Those who survived the squab

and trimmings listened with interest to the report of the committee on permanent organization presented by Geo. S. Jenks w'90. Following adoption of the M. A. C. Ass'n standard constitution, the election of officers was held. The result was as follows: President, B. F. Bain '93; Vice President, Jean Barris w'06; Sec'y-Treas., W. M. Hallock w'15.

These M. A. C. people were present: Geo. S. Jenks '90, C. F. Weidemann '01, B. F. Bain '93, G. W. Nichols '05, Mrs. G. W. Nichols '05, Jean Barris '06, Charles N. Frey '11, Mrs. S. D. Gailey '14, William M. Hallock '15, Alden B. Love '17, Joseph F. Ryan '18, William Siefert '19, N. D. Kolemman '20, Martin Crocker, '20, Frank Wildern '20, Cornelius Pond '20, Creighton F. Murphy '21.

Detroiters' Column

We are very sorry that the Senior Engineers who visited town last week couldn't be with us, but their program was so full they couldn't get to the Cadillac for lunch. Among the alumni present were "Red" Kenyon, with a "race-track check" suit that made Junius, the gentleman of color who serves the fodder, green with envy; Al Barron, T. H. Kay, Verne Branch, the champeen gardener of Livernois Ave., A. W. Hock, Knickerbocker "Ivan the Terrible" Clizbe, Ray Covey, K. B. Spalding.

K. B. announces a change of address. He now lives at 2903 Montgomery. He has moved into an Aggie neighborhood, there being some thirty within a radius of four blocks from his corner.

Our city marketers, Branch and Pino, filled out a very complete program for the Hort students who visited town this week. They visited greenhouses and markets, attended a session of the morning fruit auction and heard lectures by Frank Bloom '15, F. M. Baldwin, President of the Fruit Auction, and the aforementioned marketers. After spending two busy days in the Dynamic Village they went to Monroe to visit nurseries there.

Almost anywhere you choose to go in Detroit you can see evidences of the work of Aggie engineers. As you go along the Boulevard to the Island you pass a new church at Mack Ave.—our worthy board member DeLange oversaw its erection—go west thru Ford City and you'll see a fine new school this same chap is building.

Go thru Temple Avenue and you see the Standard Accident Insurance Co. building, put up under the guiding hand of Jim Fisk. Go thru the big Ford plants and you'll see more of his work, he put up several of the buildings. When you pass Harper Hospital take a look at the new Nurses' Home—Ray Covey is responsible for the concrete work. He also

designed the foundation work for the new Bowles building, across from the City Hall. In going down for this work the contractor ran into the famous downtown district sub-soil or lack of it or whatever it is that always bothers them and we understand that Ray designed something rather unique to overcome the difficulties. This same Covey person is also doing the reenforced concrete work for Eddie Rickenbacker's new garage.

Ivan J. Clizbe is at present designing the steel work for the newest downtown movie, the Capitol Theater, which will soon be erected on Grand Circus Park. He also designed the roof trusses for the Aggie Gym.

We hate to mention this, but they almost called out the police reserves for the luncheon last Friday. There were two ten dollar bills and a fiver flashed, all at the same time! Imagine all that money in one place! Pino had the five-spot and when the waiter came back with the change he was so flustered he gave the marketeer change for a ten. And Pino almost got away with it! Yes sir, as the assembled Aggies chorused. "Who'd a thunk it?" Upon Knickerbocker's threat to call out Dr. Inches' finest, however, he relinquished it to its rightful owner and every one departed in peace.

Chicago Association News

We submit herewith, a modest account of our meeting held on May 19th in the usual place and in the usual placid manner. The fellows are getting nicely acquainted now, starting to borrow money and everything. All in all, we manage to kill about two hours at these meetings, and some of us are going to put it up to our firms to give us the afternoon off as there always seems to be so many important matters to be decided. For instance, this week the main topic of debate was whether Jerry DaPrato was reallly getting so much balder or whether it was merely a deceptive appearance caused, according to some of our Physicists, by the manner in which the light, filtering thru the foliage above, rested on his head. The final results of the controversy are being presented to Jerry under seal and those interested can communicate direct.

Jerry was just in town for the day, passing east on his way to Commencement from Portland, Ore.

One of the membership was in Buffalo last week and luckily ran into Germany Wilhelm '13, who was staying at the same exclusive Hostelry. Both these worthy brothers are traveling on expense accounts and so they spent several very enjoyable evenings together. Germany is covering western N. Y. for the Goodyear Rubber Co. and lives in Geneseo, N. Y. One wife and one child on hand.

MEETING OF THE STATE BOARD OF AGRICULTURE

President's Office

May 18, 1921, 1 o'clock p. m.

Present: President Kedzie, Mrs. Stockman, Messrs. Wallace, Wodman, Witherbury, and Watkins.

The Secretary was authorized to advertise for bids for completion of the boiler-house.

Mr. Laurence Livingston was appointed in charge of Land Clearing Extension Work in the Upper Peninsula, dating from July 1st or as soon thereafter as he is able to take up the work.

The President presented the resignation of Miss Bessie Palm, which was referred to the President with power to act.

The following resignations were accepted and appointments made:

Miss Coral Havens, Extension Specialist, effective June 20; Mr. E. S. Brewer, County Agent for Presque Isle County, effective April 30; Mr. C. W. Waid, Extension Specialist in Potatoes and Vegetables, effective March 31, and in the case of Mr. Waid, the Secretary was requested to express to him the appreciation of the Board for his services and its regret at his leaving; also, Mr. C. M. McCrary was appointed county agent for Presque Isle County, effective May 15th.

Mr. Ray Turner was authorized to attend a meeting of Boys' and Girls' Club Leaders as the office of C. B. Smith in Washington in June, transportation expenses to be paid by the U. S. Dept. of Agriculture and sustenance during the trip by the College.

The following schedule for payment of instructors in summer school as recommended by Director Ryder for the summer session of 1921 was approved:

First: I suggest that the pay for instructors during the summer session be fixed at ten per cent of the minimum pay for each rank as follows:

Professor	\$400
Associate Professor	320
Assistant Professor	240
Instructors	180

These recommendations are based upon the consideration of certain statistical facts which are presented upon a separate sheet and appended to this report.

Second: That the above schedule of payment be based on the minimum teaching program of twelve credit hours. Any instructor teaching less than twelve credit hours shall be pro-rated on basis of time actually given to the course. When two or more courses covering similar ground are given together, pay will be based on credit of longest course in the section.

Third: Courses with less than five students will be given only under special conditions approved by the President of the College and without reduction of pay for the instructor in charge.

These recommendations are submitted for the approval of the State Board of Agriculture at this time in order that the members of our teaching force may understand before the opening of the term the conditions of compensation and service to be rendered for such compensation.

The matter of the co-operation of the College with the work of Miss Edna White of the Merrill-Palmer School was referred to a committee consisting of Mrs. Stockman and Dean Sweeney for report at a future meeting of the Board.

The President presented the invitation of the University of Kansas requesting that the College be represented at the inauguration of President Ernest Findley. The President was requested to invite Mr. L. D. Bushnell of the Class of 1905, now on the Faculty of Kansas Agricultural College, to represent Michigan Agricultural College on this occasion.

Authority was given to issue a teacher's certificate to Mr. Charles F. Ritchie.

Mr. M. C. Thomas, County Agent of Monroe County, is to be relieved from his position on May 25th.

The chairman of the Board was requested to make a statement to the Governor in regard to College property now used by the State Constabulary, and request its return.

The Secretary was authorized to execute leases

for 210 acres of land lying south of the College farm, of which amount Mrs. Cora M. Minnis owns 125 acres, James Woodworth, 80 acres and Edward Redman, 5 acres.

The following resolution was unanimously adopted:

"Whereas our change in the scale of salaries last Spring has placed M. A. C. in a commensurable place when compared with other Agricultural Colleges and the decline of prices has lowered the cost of living;—Be it resolved that we expect the loyal cooperation of our teaching staff in helping place our College in a place of greatest usefulness to the farmers and people of the State in these trying times."

The matter of the request for leaves of absence for Mr. Millar of the Soils Department and Mr. Darlington of the Department of Botany was deferred to the June meeting.

Leave of absence was granted to Dean Savage for the months of June, July, and August.

Mr. Robert Wiley was appointed for the remainder of the fiscal year, May 16th to June 30th, as Assistant in the Markets Department of the Extension work, his traveling expenses to be paid by the Farm Bureau.

Miss Mariel Hopkins was appointed Extension Specialist in Nutrition, effective September 1st.

The matter of the appointment of Mr. John Horner as Associate Professor of Economics was referred to the President with power to act.

Mr. Kunze was transferred as county agent from Chippewa to Cass County.

Mr. Tennant was authorized to attend a meeting of the Michigan Potato Growers in Chicago, May 26th to 27th with expenses paid.

The matter of providing lectures in Jurisprudence to Veterinary students was referred to the President with power to act.

The President presented a letter of resignation to the Board which was laid upon the table until the June meeting.

The Budget Committee is requested to meet the President at a convenient time and is authorized to determine the budgets for the succeeding year.

The Athletic and Liberal Arts fee was at the request of a large majority of the students increased to \$5.00 per term.

On motion adjourned.

'17 Girl in China.

Yale Mission, Changsha, Hunan, China.

Dear Editor:

The Record is most welcome in this distant land, and I assure you each issue is devoured from cover to cover. I was interested to note that the news item which I penned while on the Pacific was quoted as saying that I sailed on the "Siberia Maru." Perhaps the boat was rather rocky when that was written, so it was not very legible, or else the transcriber had in mind "September Maru." At any rate, the ship was the "Siberia Maru," maru being the Japanese word for boat. I also note that my address was given as Changsha, Hunan. I hope this is a "human" region, but the name of the province happens to be Hunan.

I was most pleased to learn of the establishing of a health service at M. A. C. This is a big forward step. In the efforts to secure new buildings, I hope a hospital will not be forgotten.

Just a year ago from present date I was at M. A. C. attending Farmer's Week. I wish I might be there this year, but here I am on this side of the globe.

I arrived in Changsha the day before Thanksgiving, and I certainly felt I had occasion for being thankful. I enjoyed my three month's travel (including the Pacific, Japan, Korea, and Peking, China), but was very glad to settle down in this restful spot, the campus of Yale-in-China. My brother (Ralph Powell, '11) and his wife (Maude Nason, '13) had just moved into their new bungalow. Ralph is still engaged in teaching physics to "Yali" (Chinese for Yale) boys and busy with various Mission committees. Maude has gone up to Peking to help in the office of the United International Famine Relief Committee. Millions of

people in northern China are dying from cold and starvation. \$10.00 Mexican (about \$5.00 American money) will save a life until next harvest. Perhaps some M. A. C. people would like to help a bit. There will be need for several months yet.

Winter in Changsha is quite different from Michigan. We have had only one snow storm (New Year's time). Christmas day was warm and sunny. In the forenoon there was a football game between two teams from the American gunboat. Soccer is quite popular among the students, but doubtless some of them had never seen the American game before. In the afternoon we played tennis. There are a number of good courts on the campus which can be used most of the year. Green vegetables grow all the year, and violets are blooming in the dooryards.

School is now closed for a four week's vacation on account of China New Year. Tonight is New Year's eve and is the big time of the year for the Chinese. To me it means only a four day's vacation. At present I am engaged as stenographer for the Standard Oil Company of New York, Changsha Branch. With John D. gazing down upon me I ought to be inspired to greatness. The office is a half hour's ride into the city by Sedan chair. The only other modes of conveyance thru the narrow streets are bumpy rickshaws and wheelbarrows. There are about 300,000 Chinese and 200 foreigners in Changsha. The need for teachers, Y. M. C. A. workers, doctors, etc. is very great. I hope more M. A. C. people will be giving their address as China. Please remember that the alumni here would be delighted to hear from their friends in the homeland.

With best wishes for Alma Mater and all connected with her,

Sincerely yours,
Alice M. Powell '17.

CLASS NOTES

'74

George Brewer, 142 Michigan Ave., East Lansing, invites all returning members of the classes of '70 to '77 inclusive to make his home their headquarters. He taught school for forty-six years and is now retired and living with his daughter.

'84

A neat little magazine has come to our desk, "Motor Coach Work," official bulletin of the New York Motor Coach Manufacturers' Association, of which John J. Bush '84 is president.

Frank A. Gully of Alton, Illinois sends best wishes and greetings to the older grads.

This from W. C. Stryker, 127 W. 5th St., Los Angeles, "Am still surveying 'achers,' not of land however. Practiced for a time in Central California, but have been here for fifteen years. Live in Los Angeles but have my office in Pasadena."

E. Carl Bank has changed his address to 1041 Sierra St., Berkeley, California.

'86

William H. Clemons, 606 W. Main St., Durand, plans to come back for the thirty-fifth reunion of '86. He has two sons, George W. and Clark B., who live in Jackson, and are connected with the Jaxon Steel Products Co. John W. Clemons, with the John Deere Plow Co., Lansing, will of course be here. Jason Hammond of Lansing will be at the reunion if he is in the state at that time. Henry N. Jenner, druggist at Elkhart, Ind., hopes to get back for Commencement but does not know for sure if he will be able to. He has three children, a daughter and two sons.

'89

A little 6-page circular "A visit to the Weed Gardens," describes in a most interesting way the peonies, iris, and other flowers in the Weed Landscape Nursery at Beaverton, Oregon, owned by Howard Evert Weed.

'90

Edward J. Frost, President of the G. M. Frost

Gear & Forge Co., of Jackson, lives at 816 W. Main St.

'91

That thirtieth anniversary of '91, yes it's June 15.

The September, 1920 issue of the Breeders' Gazette carries an editorial on the Illinois livestock survey conducted by the Illinois Agricultural Association under the direction of Herbert W. Mumford, and comments upon its great value to the state.

C. F. Baker, Dean and Professor of Tropical Gardens, College of Agriculture, University of the Philippines, and Director of the Experiment Station, is the author of many papers on botanical, entomological and tropical agricultural subjects, in connection with his agricultural work, and has published thru private enterprise "Invertebrata Pacific," *Pomona Journal of Economic Entomology*, *Pomona Journal of Economic Botany*, *Exsiccata of Western American Plants* (thru many years) and *Fungi Malayana* (Exsiccata).

M. Edwin Greeson is temporarily located at Cal-exico, Calif., as rancher on irrigation project.

B. A. Holden, who is farming at Milford, expects to get back for the reunion. He has a son at M. A. C. now.

V. S. Hilliger, Eau Claire, Wis., Chief Engineer for the Wisconsin & Minnesota Light & Power Co., has four children, three boys and a girl, all of whom will be in high school next year.

George A. Goodenough, 309 S. Lincoln Ave., Urbana, Professor of Thermodynamics at the University of Illinois, will come back for Commencement if he can. Prof. Goodenough is said to be America's foremost authority on thermodynamics.

Marian Weed Neff lives at 333 W. Bryan St., Bryan, Ohio. She has one daughter and is interested in lodge and Sunday School work. She would like to come back for the reunion, but is uncertain.

'92

W. K. Sagindorph, lawyer, 415 W. Franklin St., Jackson, hopes to meet his old M. A. C. friends at Commencement time. He has three sons, aged 13, 14 and 18, and one daughter, 16. "I see Ed Frost very often," he writes, "He is president of the Frost Gear and Forge Co., which company employs normally 800 or 900 men. He has three children. Some time ago I saw W. W. Parker '93 at Tacoma, Wash. He is principal of Tacoma's large high school and has one child. Can anybody tell what has become of Charlie Hathaway '92?" (Clarence A. Hathaway '92, lives at 1015 W. Washtenaw St., Lansing.)

'94

Regular reunion of '94. Will you be back?

R. S. Campbell of Port Huron is coming. He has a daughter, Margaret, now a sophomore at M. A. C. Besides his regular work of selling life, fire insurance, and surety bonds, he is Secretary of the city Board of Education.

Duncan D. McArthur, 2948 B. St., San Diego, Calif., sends this, "I see Frank Fairweather and J. T. Wright frequently. My brother Donald, who took some work in dairying at M. A. C. and afterwards made it a life work has been here several months, but will probably return to Lawrence, Kan., soon.

John W. Rittinger, Cashier of the Farmers' State Bank, New Carlisle, Ind., is Secretary of the local Chamber of Commerce, and has three children, two daughters and a son. He also has a grandson, John Robert Orcutt, born March 10.

'95

"Wall, we tuk Greeley's advice and kum West, by Heck! Landed on old Michigan's side, May 19, 1921. Am kumming over on the old campus and hollar the first chance I get. Tell '95ers not to forget the classmeetin in the strawberry patch. Yours Yesterday, today, and tomorrow, Josh. Send my Record to Allen, Hillsdale Co., Michigan, instead of Haddon Heights, N. J."

W. W. Fulton, orchardist at Cherry Run, W. Va., is sorry he can't get back for Commencement. "This is an off year in the fruit business," he says, "Frost killed off all the peaches and most of the apples." He has a daughter and two sons.

R. L. Reynolds, farmer at LaHabre, Calif., has one daughter aged 9.

William C. Bagley, Professor of Education, Teachers' College, Columbia University, expects to be back for the reunion. He has four children, Ruth, 18, Joseph W., 17, William C. Jr., 12, and Florence, 10. He is a writer of books for teachers and of textbooks for schools, and Editor of the Journal of the National Education Association. His hobby is farming. He recently sold a farm in Illinois that he owned for nearly twenty years, and has moved to a new farm home in Connecticut, to and from which he 'commutes.'

Peter V. Ross, Christian Science Practitioner, is another '05er who likes California. He lives at 166 Geary St.

John G. Veldhuis, Physician, Uintah & Ouray Indian Agency, reports two children, Harry D. 9 years, and Benjamin 5 years. His hobby is livestock, especially dairy cattle.

Henry Raymond Allen, Victoria Hotel, Heidelberg, Germany, is Director of Pfaunder Werke A. G., an American firm doing business in Germany. The plant was built in 1907 but was razed during the war. He has restored the plant and is trying to restore the business. He has one son, Forbes O'Moore, seven years old. "Returned to Europe nine months after being demobilized," he says. "We have the finest looking troops in Europe at Coblenz." He spends his spare time tramping and seeing Europe during this interesting reconstruction period.

Thorn Smith, 848 Lawrence Ave., Detroit, analytical and consulting chemist—never anything else since his second year in college—has "all kinds of children and all ages, five in all." His hobby is postage stamps. He says he is the owner of the largest stock in Michigan, and wholesales exclusively all over the United States. Is he coming back for Commencement? "Betcha."

C. P. Close hopes to get back for the reunion. He is still at College Park, Maryland, as Extension Pomologist for the U. S. Department of Agriculture—extension work with fruits, nuts and ornamentals in 33 northern and western states. His hobby is the propagation of nut trees and filberts and using nut trees for shade and lawn trees as well as for crop of nuts.

Henry F. Lake, Jr., Editor and Publisher of the Gunnison News-Champion, Gunnison, Colorado, has three children, Henry Allen 17, Mary Frances 15, and Rial Ralph 12.

L. H. VanWormer is still at College Park, Maryland as Chemist, and G. Masselink holds down the Vice-presidency of Ferris Institute at Big Rapids. The latter has a son who is a junior in the U. S. Naval Academy at Annapolis, a daughter who is a senior in Western State Normal at Kalamazoo, and his youngest son, Rollo aged 16, is a freshman in the dental department of the University of Michigan.

'96

Silver anniversary of '96, June 15. Hardly seems possible does it, but it's 25 years since we left the old campus. Let's show the young bloods what a real reunion is like.

Sheldon B. Young, Physician at Cass City, is coming back.

William K. Clute, Attorney and Counselor, 806 Michigan Trust Building, Grand Rapids, will be here too. His hobby is growing fine roses. He has just prepared a two volume law book—the first of its kind—on "Modern Municipal Charters," with model charters.

Robert L. Clute is an instructor in the Kansas State Agricultural College, Manhattan, Kansas.

Arthur Hughes, farmer and cattleman at American Fall, Idaho, has four children, two daughters and two sons.

Effilord Jerome McGee reports from San Juan, Porto Rico, where he is Chief of the Porto Rico Station of the Bureau of Chemistry, U. S. Department of Agriculture. He has one daughter, Gladys, aged 18. "I see Bateson w/6 once in a while," he adds, "and hear from him or of him oftener yet. He is a minister of the gospel at Aibonito, Porto Rico. He is a virile exponent of muscular Christianity with his steam pressure at the limit all the time."

Clifton H. Briggs continues as Chemist with Parke, Davis & Co., Detroit

'97

All out for the big meeting with '94, '95 and '96.

Albert Brown, teacher at Ione, Oregon, has one daughter, Winnie Erle, aged 2 years.

John McLouth, minister at Addison, will be here for Commencement. His hobby is writing verses, which began at M. A. C., as the boys will remember. He has not seen or heard from any of his class in 14 years. He has two children, Oliver aged 22, and Caroline 15.

L. S. Munson, 1510 Franklin St., Wilmington, Delaware, is Superintendent of Production for the Dupont Dye Works. "Have been associated with DuPont Dye Works for the past three years," he says. "Business has been very dull during the past few months, but indications point to a revival. We are hoping to assist materially in establishing a real American Dye Industry."

Dwight Sanderson, Professor of Rural Social Organization, N. Y. State College of Agriculture, Cornell University, has an article in the April Review of Reviews on "Country Life Forces Mobilizing."

Sanford H. Fulton, fruit grower in West Virginia for fourteen years, is now in Exster, Calif., for his health.

E. H. Sedgwick, 168 Howard St., Passaic, N. J., is Purchasing Agent for Brighton Mills. He is a deacon in the First Congregational Church there, is a member of the Passaic Garden Club, is interested in group gardens and Boy Scouts of America, and is an active Mason.

Dr. Edward C. Green, who has extensive cotton-planting interests in Brazil and who is also a cotton expert for the Brazilian government, was expected to arrive in New York about May 15th for a brief visit in the U. S.

'02

Frances Sly may now be reached at 834 S. Main St., Casa Grande, Arizona.

Myrtelle Moore Canavan, M. D., 74 Fenwood Road, Boston, Mass., writes "very much occupied in pathological investigation of the nervous system of the insane. Teaching junior medical students at Harvard Medical School. Get very lonesome for my good Michigan friends, and felt much cheered to see Ellis and Tressie Ranney, Ned Martin, T. G. Phillips, Bradford Lundy, Zedie Vosper, and Mable Bristol Yoder at New Year's time in Detroit. M. A. C. friends certainly do remain in your heart."

Charles M. Ludlow, Albion, R. D. No. 5, sends this, "Farming as usual. Have four children, a girl and three boys. Member of Jackson County Board of Supervisors from Parma township."

'03

H. N. Smart is a wholesale grocer at 415 1st St., Bay City.

'06

Fifteenth anniversary of '06, June 15.

A. C. Anderson is busy as Production Manager for the Freeman Dairy Co. of Flint, and finds his work most agreeable and worth while. He and Mrs. Anderson meet M. A. C. people frequently and enjoy the get-togethers held monthly very much.

'07

Roy H. Waite, College Park, Maryland, is well and mighty busy but takes time to send greetings to his naughty seven friends.

'08

E. S. Bartlett, 207 Grand Ave., Butte, Mont., is still with the sheep shearers, making sheep shearing machines.

'09

Frank Dains, who has managed the plumbing business of W. W. Armstrong Co. in Lansing for the past twelve years, with a part interest in the business, has now purchased complete interest, and the firm will do business in the future under the Dains' name.

From C. B. Gorton, 825 Ridge Ave., Evanston, Ill., we have, "I am still associated with the Sessions Engineering Co. of Chicago. My work has been out of town so much that I have not been able to attend the Chicago meetings."

Mary Allen has attained real success in musical circles of New York City. She gave her first New

York recital in Aeolian Hall on October 11, where she was most enthusiastically received. She is contralto soloist at the Church of Incarnation, and has an engagement to sing with New York Symphony Orchestra in July. "Florence Hall and Grace Bacon are at Columbia this year," she writes. "Just the same as always. Saw Flossie on the top of a Fifth Ave. bus the other day tearing up town to keep some class appointment, after visiting some east side nutritional joint. She is just as much in love with life as she used to be. Bill Piper is in town. I see him occasionally. Same wonderful humor and keen sense of life. Alma is coming up soon with the family but didn't want to arrive in the middle of the winter—with schools to be changed, etc. I haven't seen their family yet. Mable MacDowell has been here for the fall. Didn't get in touch with her until a week before she left but she had tea with me one Sunday. She looks splendid. Jean McCoy and Scott Lilly live out on Long Island. They have a charming daughter Alice. As for myself, I am feeling quite well again since January 1. It takes about a year to recover from a mastoid operation. This is the first city I ever fell in love with in my life, but I'm here to stay for the opportunities are wonderful, and altho I'm progressing slowly, it's steady and to the point, and I'm making a living, which is going some these days."

10

A. L. ("Big") Campbell, Lysite, Wyoming, "Occupation—still ranching, growing cattle, horses, hay, grain and potatoes. Elected to Wyoming legislature as representative from our local district last November for a two year term. Attended sessions at Cheyenne during January and February. Went broke in cattle business during drought of 1910 and hard winters of '19 and '20, but still in the game and hope to make back losses by use of elbow grease and better conditions. Wife (Hazel Crafts w/12) and three children, Donald, Fayette and Louise, all fine."

11

A local committee of '11ers met in the East Lansing High School Monday and worked their heads off getting the stunt arrangements for the reunion into final shape. They serve fair warning on all '11ers from Dewitt to the Island of Borneo that they are all set for the big day and have the pep bottled up and ready to distribute. Winnie Duthie can come childless if she wants to, but we say, "Bring the kids." Parking space and caretakers for the children and special attires for 1911 kids are going to be provided up at the main tent on the drill grounds. Bring 'em on and show 'em the Red Cedar dad knew so well and the tracks he greased and all those other things of interest that made dad's big class famous.

Hello—o?

Hi'o.

Is this one nine one one?

Betcherneck.

Where are you going to be on June 15?

Old campus, I'll tell the world.

Attaboy.

Walter "Count" Maliskey, who is in contracting business with his father, and lives at 128 S. Holmes St., has just completed a magnificent memorial hospital at Owosso. He's coming over for the big '11 reunion.

Flora Bates has moved from Santa Barbara to 638 N. Kenwood St., Glendale, California.

12

I. R. Browning, M. D. was married to Belle Martin, Northwestern University '17, on December 24, 1920.

T. H. Caldwell, 704 E. Loomis St., Ludington,

writes, "Gave up teaching as a cash producer in June, 1918. Came with the Norton Salt Co. as Chemist, but since then have been placed in charge of the Engineering department. Mrs. Caldwell (Mary Richardson '12) and our boys, 3 and 6, are fine, and demand that I inclose check for the good of the old school and all that it stands for."

13

'13ers in Lansing and East Lansing met last week with Bob Loree and Mrs. Loree (Martha Van Orden) to make final plans for the entertainment of the '13 family when it returns Commencement week.

14

And the '14ers back home are busy too, but watch 'em break loose June 15.

Roy Irvin has recently been made advertising manager for the Motor Wheel Corporation of Lansing, and has moved his family here.

C. Faye Myers, Grand Blanc, sends this, "The 'weaking' of the family, Addison G., weight 10½ pounds, arrived at our house Jan. 23, 1921.

Harold S. Bird, Secretary and Treasurer of Clippert, Spaulding & Co., and manager of the A. C. Bird estate in Lansing, returned from Europe several weeks ago.

More reunion news from '14ers—Ralph Caryl, of Riverside, Calif., whose activities outside his regular job is amateur athletics and whose hobby is "girls and flivvers," is coming back for the reunion. Watchout girls. Ernie Ernsberger is steadily climbing into prominence in the citrus industry, he adds. Others who will be here are Lee L. Kennedy, Julia Church Hough, Faye A. Smith, Hazel Ramsey, Lorena Fuller Beach, and Katherine Tobias McDonald. "Hope sos" are David Cushman, Raymond Wilson, Happy Kirshman, and Flora Roberts. James Seibert of Iron Mountain is uncertain, but tells us of his marriage last November to Miss Vera Lutje, U. of Michigan '14, of Kalamazoo. Norton W. Mogge, Advertising Manager for Skookum Apples, Seattle, Washington, whose "hobbies are dancing, swimming, baseball, and golf—maybe" is afraid he can't get back. Reva Hinyan, he says, is playing golf and motoring with much regularity out of Hollywood, California. Don Francisco regrets that he can't meet with the old gang of '14.

Can I possibly get back to rejoin '14? I shall surely try to do so. Get out Henrietta, fill up her tank, "grease her knees," stick her for M. A. C.—and let the whole world slid under her tires until old East Lansing arrives. May Heaven smile on the undertaking. Why not?

Truly yours while time endures,

H. T. Blodgett.

15

E. C. Mandenberg "Mandy," writes from New Orleans, La., that he is going to make it for Commencement if it takes a leg. Outside his regular job, his main activity is looking for M. A. C. all over this good U. S. A. "Saw Gottheimer '15, of band fame," he adds, "in Birmingham, Ala. Getting on fine in band work in high schools."

From Julia Roven, matron at St. Mary's school, Mission, S. Dakota, we have, "I lost the questionnaire that the class sent out but will say if the 'Greyhound's' (Cadillac) new front foot arrives so that I can get to the railroad I will be there for Commencement." These say "Yes" unreservedly. W. E. McCarthy, Paul E. Smith, whose hobby is playing bridge with 'Fat' Taylor, R. R. Havens, John W. Legat, Malcom G. Dickinson, W. E. McCarthy, Bill Lavers and Gertrude Thompson Lavers, James R. White—from Grand Island, Nebraska, Rolan W. Sleight and Bernice Beckwith Sleight, and L. A. Cobb who says "Yes!" emphatically. W. E. "Octy" Barron and Mabel Tussing Barron will be back with old time pep to meet the gang at Commencement. "Coming back for the reunion," writes Arda Strong Boucher. Hazel Mundy Wayne will return with me for a short visit." The "Hope sos" and "Expect tos" are Marguerite Graham Heims, Albert Jewell, Herbert Hall, B. Eldon Shaffer, Fred Adams, Hazel Mundy Wayne, Bernie F. Beach, Kris Bemis, and Harry Gotthemier from Birmingham, Ala. Floyd Keyes,

of Pasadena, Calif., will be here in spirit, but not in body. Of course these Lansing and East Lansing 'isers will be here to welcome the family back: C. W. Simpson, J. E. Burnett, E. B. Hiff, 'Fat' Taylor, J. A. Burnett, J. A. Bennett, 'Nick' Nicolson, 'Bib' Bibbins, E. E. Down, Olin Dryer and H. J. Gallagher. Mae Launstein Byerly "Hopes to," but it all depends on her three months' old baby. "Uncertain hope so" are Mary Darrah Mueller, Margaret L. Bradley, Charles Morton, Archibald R. Allen, who hasn't been back since 1915, A. C. Lytle, Etha Smith, Jane Todd Henning, Irvin J. Matthews, Paul C. Dancer, Benjamin Tomkonogy, Earl J. Reeder, M. C. Heugst, J. Sam Hart, and G. K. Fisher.

'16

Old Father Stork, flapping his wings and rattling his ungainly legs, special delivered a rush package—an eight pound son—at the home of Gifford and Mrs. (Frances Kirk '14) Patch on May 21, at their home in Greenville. Why all the rush you ask. Father Stork knows. Simply so mother and dad can get over all the fuss in time to attend those reunions of '14 and '16.

Ruth Hurd Snyder has moved to 945 Judson Ave., Evanston, Ill.

J. M. Moore, 525 S. Laverque Ave., Chicago, posing as the proud father, remarks, "a new boarder arrived at our house on May 2 in the shape of an M. A. C. co-ed, class 1943. Helen Virginia is her name."

'17

W. D. Kimmel and Mrs. Kimmel (Orena Casewell w'19) have moved from Rochester, N. Y. to Norfolk, Nebraska, and may be addressed at 405 S. Fifth St.

Harry K. Clark w'17, manager of the New York branch office of Clarage Fan Co. reports the arrival of an 8 pound daughter on May 5. His home address is Apt. 44, 570 W. 180th St.

Percey O'Meara, chemist at the Experiment Station, is wearing a broad smile. A daughter arrived at the O'Meara home on May 10.

Chauncey Hoag, Engineer of Tests for the Hayes Wheel Co., Jackson, was a college visitor on May 10.

'18

Edgar Anderson has finished the two years' work necessary for his Doctor of Science degree at Harvard, and is now working on his third and last year. He was made Assistant in Genetics at the spring meeting of the Directors of the post graduate school for plant breeding.

Thos. J. Nicol sends word of the arrival of a daughter on March 14.

'19

Here he is folks, giving his bees the final "once over" before departing for East Lansing to attend the '19 Commencement reunion. Yes, you guessed it, —Mr. Kelly, eminent beeologist, of Texas.

(Next week's feature, — A '19er who has already saved half enough money to pay his fare up from Jackson.)

Committee.

H. H. Himebaugh may be addressed at Michigan P. O., Box 63, Grand Rapids.

Lawrence Miller, who is doing graduate work at the University of Chicago, has recently been taken into membership in the honorary educational fraternity of Phi Delta Kappa. His address has been changed to 607 Kimbark Ave.

'20

Larry Archer spent last week-end in East Lansing. Leon Bateman has taken a new position as Assistant County Engineer for Huron County. Mail will reach him at Bad Axe.

Herbert F. McFadden is teaching Vocational Agriculture at Virginia Normal and Industrial Institute, Petersburg, Va.

C. J. Dikman is connected with the department of veterinary science, College of Agriculture, Louisiana State University. His time is divided between teaching and experiment station. The station work consists at present of making a survey and classification of internal parasites affecting meat producing animals.
