ALL QUESTIONS MUST BE COMPLETELY ANSWERED

INSTRUCTIONS

1. Beneficiaries.

Any one or more of the following persons may be named as beneficiary(ies): Wife (or husband), child (including an adopted child, stepchild, illegitimate child), parent (including parent through adoption, and persons who have stood in loco parentis (in place of a parent) to the insured at any time for a period of not less than 1 year prior to his entry into active service), brother or sister (including those of the half blood) of the insured.

Any named beneficiary may be designated in Question 10 as "Principal Beneficiary" or "Contingent Beneficiary." Any named beneficiary who is not designated as "Contingent Beneficiary" will, in general, be presumed to be a principal beneficiary. In settlement of the insurance as a death claim, installments payable under the optional settlement elected will be paid to the principal beneficiary if living, and any such installments payable after the death of the principal beneficiary will be paid to the contingent beneficiary, if living.

2. Optional Settlements.

There are two ways in which the proceeds of your National Service Life Insurance may be settled when it matures as a death claim. These are described below as Options 1 and 2.

If you elect Option 2 for all beneficiaries, settlement will be made under that option. However, you may restrict your election so that Option 2 applies only in case a particular beneficiary is the first to receive payment after your death. You may do this by checking Optional Settlement 2 in Question 11 and adding "for _____" naming in full the beneficiary(ies) to whom Option 2 is to apply. *If you make no election, the first beneficiary may choose either Option 1 or 2.* If neither you nor the beneficiary make an election, settlement will be made under Option 1.

You may revoke an election of Option 2 by written notice to the Veterans Administration but no election or revocation will be valid unless and until it is received in the Veterans Administration. A separate form must be used for each policy under which you wish to elect Option 2.

All payments under either option are subject to the beneficiary provisions of the policy.

OPTION 1

(a) First beneficiary under age 30 at death of insured—240 INSTALLMENTS.

240 equal monthly installments will be paid at the rate of \$5.51 for each \$1,000 of policy proceeds (the face value of the policy less any indebtedness).

(b) First beneficiary age 30 or more at death of insured—LIFE INCOME WITH 120 INSTALLMENTS CERTAIN.

Equal monthly installments will be paid throughout the remaining lifetime of the first beneficiary, with the provision that if such beneficiary dies, installments will continue to be payable until a total of 120 installments have been paid. The amount of each installment per \$1,000 of policy proceeds is based on the first beneficiary's age last birthday on the date of death of the insured.

OPTION 2

First beneficiary under age 69 at death of insured—LIFE INCOME WITH TOTAL INSTALLMENTS CERTAIN EQUAL TO POLICY PROCEEDS.

Equal monthly installments that if such beneficiary dies, installments will continue to be payable until the total amount paid equals the policy proceeds (the face value of the policy less any indebtedness), the last installment being of such reduced amount as may be necessary. The number of installments certain and the amount of each installment per \$1,000 of policy proceeds are based on the first beneficiary's age last birthday on the date of death of the insured.

Option 2 is not authorized for any case in which there would be less than 120 installments certain; therefore, if the first beneficiary is 69 or more years of age on the date of death of the insured, settlement will be made under Option 1.

3. Witness and Certification of Service Record.

This application must be witnessed by a commissioned officer. If you are on detached service and no commissioned officer is available, it may be witnessed by a noncommissioned officer.

The information as to your service record must be certified by the officer, commissioned or noncommissioned, who has custody of your service record.

4. Effective Date of Insurance.

If an effective date is not specified by the applicant, the insurance herein applied for shall become effective as follows:

- (a) If the first premium is paid by direct remittance or by advance of active service pay under the provisions of Public Law 451, 77th Congress, the insurance shall become effective as of the date on which valid application is signed and such premium is tendered.
- (b) If the first premium is paid by regular allotment of pay effective in the month in which application for insurance is signed, the insurance shall become effective as of the first day of the month following the month in which valid application and such allotment are executed, provided the applicant is then in the active service and the amount of the premium is deducted from the applicant's service pay in accordance with the allotment.

THE UNITED STATES IS NOT LIABLE IF DEATH OCCURS PRIOR TO THE EFFECTIVE DATE OF THE POLICY

If the person to whom this certificate is sent is other than the individual named therein, it is sent to you for safekeeping in accordance with directions contained in the application and you should notify the insured of receipt.

This insurance, or part of it in multiples of \$500 (but not less than \$1,000), may be converted at any time after it has been in force 1 year and within 5 years from the effective date, to a policy of insurance on the Ordinary Life, 20-Payment Life, or 30-Payment Life plans.

THE AMENDED GI BILL OF RIGHTS

AND HOW IT WORKS

- An Explanation of Its Provisions
- Questions and Answers
- Complete Amended Text

THE AMENDED SERVICEMEN'S READJUSTMENT ACT OF 1944. (THE GI BILL OF RIGHTS)

AS AMENDED DECEMBER 28, 1945.

No legislative act is of more importance to prospective veterans than "The GI Bill of Rights," but still, no single law has been so misunderstood. Its provisions can be valuable to the future of the GI who realizes what they can do for him.

"The GI Bill" offers four major kinds of help:

1. Education and job training.
2. Guaranty of loans.
3. Unemployment allowances, including aid for self-employed.
4. Job-finding assistance.

PUBLISHED BY ARMY TIMES, 1419 IRVING ST. N. W., WASHINGTON 10, D. C.

EDUCATION

This is an opportunity for you to study anywhere in the United States at any approved school which you consider best in the field you want to enter. You can even go to a school in a foreign country, if the institution is approved by the Veterans Administration. If you were in active service for 90 days or more, part of which was after 15 September 1940* (or discharged for service-incurred disability, if less than 90 days' service); and were discharged under conditions other than dishonorable, you are eligible.

You must apply for this educational help within 4 years after your discharge or the official end of the war, whichever is later, and this education cannot extend beyond 9 years after the end of the war.

The Government will pay to the school you have chosen up to \$500 for an ordinary school year to cover tuition, laboratory, library, health, infirmary, and other similar fees, and may pay for books, supplies, equipment, and other necessary expenses. The \$500 allowed for an ordinary school year may also be paid to a school to permit a veteran to take a short, but intensive course in a graduate or technical school, such, for example, as a course in photography. In such short courses, the veterans period of eligibility is charged the proportion of an ordinary school year which the cost of

the course bears to \$500 and not in excess of \$500 shall be paid for any such course. Payments will not be made to institutions or organizations giving you apprentice training or other types of training on the job.

You will receive a living allowance of \$65 a month if you have no dependents and \$90 a month if you have one or more, if you apply for it. If you go to school on a part-time basis or under an apprenticeship arrangement, a lesser allowance will be determined for you by the Administrator of Veterans Affairs.

Every eligible veteran is entitled to at least one year plus the time such person was in the active service on and after September 16, 1940, and before the termination of the war; but every eligible veteran is entitled to at least one year. The maximum period of education is four years*.

For example, if you had 2½ years of service after 15 September 1940, and before the end of the war, you would be entitled to 3½ years of schooling. If you served 4½ years, you would be able to get only 4 years of education under this program because that is the limit. Satisfactory work must be maintained throughout the period. If the period of instruction to which you are entitled ends after the midpoint in any quarter or semester, you'll be permitted to complete the term.

You may go to any institution which will admit you, if it is approved by proper authority. Among

the various types of schools included are: Public or private elementary, secondary, and other schools furnishing education for adults, business schools and colleges, scientific and technical institutions, colleges, vocational schools, junior colleges, teachers' colleges, normal schools, professional schools, universities, and other educational institutions, including correspondence schools (but no subsistence allowance can be paid you if your course is entirely by correspondence). You may choose apprentice or other training on the job.

In some localities, special schools on various educational levels are being set up for veterans. If you've gone as far as third year in high school, for example, but hesitate about going back because you may feel strange in such a youthful environment, these special schools may fill the bill for you. In them you'll be studying with others closer to your age level and interests.

Application for education or training may be made to the nearest regional or sub-regional office of the Veterans Administration, or directly to the educational institution you wish to attend. Of course, it is up to the school to evaluate your credits and accept you as a student.

* Excluding time spent in ASTP (or any similar Navy, Marine Corps or Coast Guard program) if it was a continuation of your civilian medical, dental, theological or veterinary course, pursued to completion.

GUARANTY OF LOANS

The money involved in the loan guaranty provisions of "The GI Bill" must be used for the purchase or construction of homes (including a lot on which you intend to build), farms, farm equipment or business property. The Government will guarantee part of a loan you make from a bank or other lending agency. It does not give handouts under this provision, but it will guarantee (without security) up to half the amount borrowed by you, provided that the amount guaranteed does not exceed \$2,000 for a business loan, or \$4,000 for a loan to purchase or build a home, or to purchase and equip a farm.

For example, if you borrow \$3,000, Uncle Sam pledges that if you are unable to repay the full amount, he will pay back up to 50 per cent, or \$1,500. If you borrow \$5,000, the

same promise is good for the top limit of \$2,000 for a business loan or \$2,500 on a real estate loan.

You're still responsible for the debt, however; just because the Government might give you a helping hand doesn't mean you're relieved of all responsibility. The Government can lay a claim against the property of the man who receives the loan. The chief advantage is that the guaranty will help you get more money in the first place—and perhaps on more favorable terms.

On the part of the loan which has been guaranteed, the Government pays the interest for the first year. The rate of interest must not be more than 4 per cent a year. The loan must be payable in full within 25 years for real estate, 10 years for

business, and 40 years in the case of farm loans.

These provisions are available to those who were in active service on or after 16 September 1940; had 90 days or more of service and were released under conditions other than dishonorable, or who became eligible through service-incurred disability or injury regardless of length of service. The application must be made within 10 years after the official end of the war.

Purchase prices of equipment and property must be reasonable, and there must be a fair chance of success in your business (as judged by your experience and the usefulness of the enterprise). Loans may also be guaranteed for repairs and improvements, and to pay back taxes or unpaid assessments against the property.

READJUSTMENT ALLOWANCES

This section also applies to persons who served 90 days or more, some part of which was on or after September 16, 1940, and before the end of the war, and were released under conditions other than dishonorable, or were discharged because of service-incurred injury or disability regardless of length of service. In calculating the number of weeks of benefits, however, only that part of service which was after September 16, 1940, and before the official end of the war is counted.

This compensation will not exceed a period of 52 weeks. The allowances will be made if you are unemployed within 2 years after discharge or end of the war, whichever is later, but will not be paid more than 5 years after the termination of hostilities.

You must reside in the United States at the time such claim is made, be completely unemployed (or if partially employed, earning less than \$23 a week), registered with and continue to report to a public employment office, and able to work and available for suitable work. If you become sick or disabled during a period of unemployment for which allowances have already started, you will not be disqualified, but you cannot qualify in the first place if you are sick and unable to accept suitable job offer.

The weekly allowance under this provision is \$20, less wages earned in part-time work above \$3. In other words, if you are working part-time and earn \$8 a week, and apply for this compensation, you will receive \$15 (\$20 less \$5, which is the amount earned above \$3). Keep in mind that you can get this unemployment pay up to 52 weeks; if you apply for it while you're work-

ing part-time, you may use it up and not have it available if you should be wholly unemployed later.

State employment compensation programs provide weekly payments for unemployed workers in jobs covered by State regulations; regulations include most jobs in private firms in business and industry; factories, shops, mines, mills, stores, offices, banks, and related institutions.

Types of jobs not covered under State programs are farm work, household service, Government, self-employment, and work for many small firms. If you are not eligible under a State program, you will be covered by the Federal plan. If you qualify under both, money received from your State is subtracted from the Federal allowance.

If you are eligible under the State program it is advisable to use your state benefits first and save your Federal benefit for possible future periods of unemployment.

Under the Federal plan, you may receive 8 weeks allowance for each of the first 3 months of your active service since 16 September 1940 and 4 weeks allowance for each succeeding month to a total of 52 weeks.

It works like this:

If you served in the armed forces:	You will be allowed unemployment compensation (if you meet all requirements listed above) up to:
1 month	8 weeks
2 months	16 weeks
3 months	24 weeks
4 months	28 weeks
5 months	32 weeks
6 months	36 weeks
7 months	40 weeks
8 months	44 weeks
9 months	48 weeks
10 months	52 weeks

JOB-FINDING ASSISTANCE

Congress has declared that there shall be an effective job counseling and employment placement service for veterans, and with that purpose in mind a Veterans Placement Serv-

ice Board has been created to work with the United States Employment Service. This setup aims toward as many job opportunities as possible for veterans. Special aid for veterans is available through local

More than 10 months 52 weeks (max.)

A major fraction of a month counts as a full month.

You may be disqualified from these allowances if you:

1. Leave suitable work voluntarily without good cause;
2. Are suspended or discharged for misconduct in the course of employment;
3. Fail to apply for suitable work, without good cause, to which you have been referred by a public employment office;
4. Do not accept suitable work when offered;
5. Fail to attend an available free training course, without good cause;
6. Stop work because of a labor dispute, unless you can show that you are not involved in the dispute.

A job is not considered suitable when the wages, hours, or conditions of work are substantially less favorable than those prevailing for similar work in the locality, or if the position offered is vacant due directly to a strike, lock-out, or labor dispute.

Any week, for which a disqualification is assessed and for which no allowance is paid, is not charged against a veteran's weeks of entitlement.

If you are self-employed in a business or profession, and things don't develop the way you hoped they would, you can get financial aid to help you pull through. If your net business earnings are less than \$100 a month, you may receive the difference between your actual net earnings during the previous month and \$100 up to a total of \$1040 (or 10 2-5 months).

offices of the United States Employment Service, and these agencies can refer you to vocational guidance and counseling centers where you can get free advice.

CONCLUSION

The GI Bill of Rights" includes various other parts which are of minor importance to most prospective veterans. Many interpretations will be made from time to time of provisions of the bill, but the most important items are given here. You will have ready access to a Veterans

Administration office or information center at any time for clarification of these details.

Note: All educational rights, rights to loan guarantees, and rights to readjustment allowances (unemployment compensation) are

extended, for men who enlist or enlist in the armed forces under the Voluntary Recruitment Act of 1945 (Public 190), prior to October 6, 1946. For them, the "termination of the war" does not occur until their enlistments expire.

ELIGIBILITY FOR GI RIGHTS

Question: "Are citizens of the United States who served in the armed forces of Allied nations eligible for the benefits of the Amended GI Bill?"

Answer: Yes, the new amendments make such persons eligible the same as men who served in U. S. armed forces, but only if they have not received a similar benefit to one provided in the GI Bill from the foreign government they served, and were American citizens when they entered such service.

Question: "Does a discharge 'under conditions other than dishonorable' mean any kind of a discharge except a dishonorable discharge?"

Answer: No, it does not. An hon-

orable discharge or a discharge under honorable conditions qualifies a veteran for GI benefits; a dishonorable discharge disqualifies him; but a discharge that is neither honorable nor dishonorable may qualify him or may disqualify him, depending upon determination of the "conditions" under which he received it. The Veterans Administration determines in all such cases (such as Blue Army discharges) whether or not the discharge disqualifies the veteran from GI benefits.

Question: "Must the full 90 days of service have occurred after September 15, 1940, in order to qualify for the benefits extended by the GI Bill of Rights?"

Answer: No. A veteran may have spent 89 days in service prior to September 16, 1940, and one day on or after that date, and yet be eligible. However, time spent after September 15, 1940, is the only time which may be counted for length of time the readjustment allowance (unemployment compensation) is payable.

Question: "Is a person who has been finally discharged prior to September 16, 1940, eligible for GI rights?"

Answer: No, except to job counseling and employment service, if he served during a war period and was discharged under conditions other than dishonorable.

EDUCATION

Question: "What is meant by 'ordinary school year'? Some schools continue for 11 months and other schools stop at the end of 9 months and then there is the summer session intervening."

Answer: The Veterans Administration has ruled that "The 'ordinary school year' is defined as a period of two semesters or three quarters—not less than 30 nor more than 38 weeks in total length. Under this definition, an institution may be paid as much as \$500 for each 'ordinary school year' which is completed. Thus \$500 might be paid for each of four 'ordinary school years' which are completed within three 12-month periods."

Question: "Would the Veterans Administration consider a baseball school a legitimate school? I refer to one of those run by the various teams in New York. Would they give me the maintenance if I attended such a school?"

Answer: A veteran may enroll in any educational or training institution approved by property authority. Bona fide baseball schools are acceptable. Maintenance benefits will be paid to veterans attending such a school.

Question: "Will the Government have any policy regarding certain schools that refuse enrollment to men because of race, creed, and color, particularly medical students? To what extent, if any, will the Veterans Administration plug

for admission of discriminated men in the future?"

Answer: "The GI Bill of Rights" provides that a veteran may attend any approved school "which will accept or retain him as a student or trainee in any field or branch of knowledge which such institution finds him qualified to undertake or pursue." The decision on acceptability is left to the school.

Question: "Since correspondence schools are now included, if I take a course from such a school, will I get subsistence allowance during the course?"

Answer: No; but the school will receive the usual tuition fees, if fair and just.

Question: "Suppose I want to take a short, intensive training course that requires only 10 weeks, but costs \$300 tuition, may I do that?"

Answer: Yes, but there will be charged against your eligible time an amount of education determined by the cost of the course; for a \$300 intensive training course taken in 10 weeks, you must be eligible to receive at least 20 weeks and 3 days of ordinary schooling. The amended law says that in such case "there shall be charged against the veteran's period of eligibility the proportion of an ordinary school year which the cost of the course bears to \$500." An ordinary school year makes the cost \$14.70 a week for 34 weeks. The cost of the 10-week intensive course, \$300, must be divided by \$14.70, which means a charge of 20 weeks and 3 days against the veteran's eligible school time.

Question: "Suppose I want to take apprentice-training on the job, and the employer pays me a wage during my training; how will that affect my subsistence allowance from the government?"

Answer: If you are paid for work performed as part of your apprenticeship or training, the amount of subsistence you receive when added to the wages received cannot exceed the "standard beginning wages paid a regular workman in the same trade or occupation."

Question: "I want to work and go to school nights. Naturally, I can't take a full course in one year, if I go to classes at night. Does the GI Bill base its one year of study specifications on time or credits? If it is on credits, I could take the year's course in about two years of night school."

Answer: The educational provisions of "The GI Bill of Rights" provide that every veteran be entitled to at least one year's schooling or "the equivalent thereof in continuous part-time study." The training allowance, however, is based on the proportion of full-time study which the veteran takes.

Question: "One writer says that men over 25 are not eligible for the free schooling, while another says GIs regardless of their age can get at least one year of free schooling. Who is right?"

Answer: The amended GI Bill

now makes the educational benefits available to all veterans who meet the eligibility requirements, regardless of age. Only GIs who do not meet the 90-day qualifying provision or who have not received discharges under conditions other than dishonorable are out of luck on the free schooling.

Question: "I was just 19 when I was inducted and have now been in service 3 years. How much free schooling am I entitled to?"

Answer: You are entitled, if otherwise eligible, to a full 4-year course of study at Government expense.

Question: "I own a farm, and when I get out of service I'd like to take advantage of both the educa-

tional and the farm-loan provisions of 'The GI Bill of Rights.' Will I be permitted to go to school and borrow money for new equipment for the farm?"

Answer: You probably will. A veteran may take advantage of more than one provision of "The GI Bill of Rights" at a time. If you can convince your bank that you can attend school and run your farm at the same time, you should have no trouble swinging the loan to buy the new equipment.

Question: "I have a wife and 3 children. When I get out I'd like to take advantage of the free schooling. How much will I receive for subsistence while attending school?"

Answer: You will get \$90 a month while attending school full-time, if you apply for it. Every GI who

attends school full-time will get \$65 a month, if he applies for it. Those with dependents get \$25 a month in addition. The number of dependents doesn't matter, since the maximum amount paid is \$90.

Question: "Before I entered the Army I was studying advertising. Now that I am older I can see that this was a mistake and that I am best fitted for research in chemistry. Can I switch over to chemistry or must I continue the course I was studying before I entered the Army?"

Answer: You can study anything you want. Under "The GI Bill of Rights" a veteran can go to any approved school or college that will accept him as a student and study anything he likes.

LOANS

Question: "I can understand a bank's being completely satisfied with the 50 percent of a loan guaranteed by the Government, but it has been my experience that a bank will demand security or collateral for any kind of loan. Exactly what guarantee will a local bank demand for the uninsured portion of any loan?"

Answer: The first requirement in arranging for a loan is that the veteran satisfy the lender that he, the veteran, is a good risk. This means that in determining the soundness of a loan for which a federal guaranty is sought, the same general factors that surround a private transaction will apply. In what way, then, is the loan provision of "The GI Bill of Rights" of assistance to the veteran? The answer is that the lender, assured of a 50 percent guaranty by the Government, will be strongly encouraged to make the loan, even if the security does not cover the entire loan.

Question: "Two other soldiers and I want to start a business in Australia after the war. Do you think the loan privileges of 'The GI Bill of Rights' might be extended to cover a business in Australia?"

Answer: Loan privileges of "The GI Bill of Rights" will not be made to veterans planning business ventures outside the United States; the term "United States" means the several states, territories and possessions, and the District of Columbia.

Question: "If I want to buy a home when I leave the service, may I borrow the full \$8000 under 'The GI Bill of Rights' without any other collateral but the mortgage on the house? The house will cost

\$8000. I have a job now waiting for me, but I have nothing else. Can I get a loan up to 100 percent of the value of the property? I understand that there is a limitation on mortgages of 66 percent in my state. How can I get around this?"

Answer: It is possible to get a loan with no other collateral than the mortgage on the house. In cases where state laws interfere, as above, the veteran may deal with FHA, which will take up to 80 percent of the value of the property and the Veterans Administration, which will accept the remaining 20 percent.

Question: "Can I use one loan for two purposes?"

Answer: A loan for two purposes will be made if the veteran can show evidence of ability to operate both business ventures successfully.

Question: "I have been told that cash benefits under 'The GI Bill of Rights' will be taken out of any future bonus that may be voted. Is this true?"

Answer: The original law provided that any benefits derived under "The GI Bill of Rights" shall be deducted from any future bonus, but the amended Act repeals that provision.

Question: "My wife and I are both veterans. Can we each get a loan guaranteed under 'The GI Bill of Rights' to be used in buying a house?"

Answer: You can. Each of you will be treated as an individual veteran. If you are both able to swing loans from your bank or other lending agency, you could get the loans guaranteed from the Veterans Administration.

Question: "Is it true that the

Government pays all the interest on the loans we get under 'The GI Bill of Rights'?"

Answer: No, it is not. During the first year of the loan the Veterans Administration will pay the interest on that part of the loan which it has guaranteed. Thus, if you get a \$4000 loan, the Veterans Administration will pay the interest on \$2000 or \$80 (at 4 percent, the maximum rate you may pay). You will have to pay the rest of the interest yourself.

Question: "When I get out, I'd like to buy a farm and turn it over to a tenant to run. Meanwhile I want to go back to my own business and let the tenant run the farm for me. Will I be able to get a farm-loan guaranty if I do that?"

Answer: You will not. A veteran can get a farm loan guaranteed only if he personally directs and operates the farm. You can, of course, hire all the help you need, but you will not be permitted to operate the farm through someone else. You need not actually live on the farm, but you must live near enough to personally direct and supervise the operation of the farm.

Question: "I own a farm which my younger brother and sister have been running in my absence. They tell me that local taxes have been accumulating at a fast clip. Will I be permitted to borrow money under 'The GI Bill of Rights' to pay off the taxes?"

Answer: You will. You may get either a farm loan or a home loan and use the money to pay off taxes on your property. The same thing applies to taxes on a town or city home owned by a GI.

READJUSTMENT ALLOWANCES

Question: "Under the unemployment allowances would a veteran who had gone into farming and was earning less than \$100 per calendar month be paid the difference between his net earnings and \$100?"

Answer: He is considered a self-employed veteran and his earnings and expenses are computed on a calendar month basis. In any month when his net earnings fall below \$100 he can apply for readjustment allowances of the difference between his net and \$100.

Question: "Suppose a man has taken advantage of the loan privileges of the Bill. Then he finds himself out of a job. It would seem that he gets no readjustment allowance. Is this true?"

Answer: In the situation outlined above the veteran is eligible for readjustment allowance even though

he had arranged a loan with the government. But a veteran cannot get subsistence allowance while going to school AND unemployment allowances.

Question: "I have been told that in order to get unemployment pay allowed under 'The GI Bill of Rights,' I must be willing to take a job even if it is in a factory where there is a strike. Is that right?"

Answer: It is not. You do not have to accept a job which is available directly as a result of a strike, lock-out or other labor dispute. Your refusal to accept such a job will not affect your right to the unemployment pay.

Question: "When I am discharged I expect to go into a business of my own. If the business does not succeed, will I be able to get any money

under the unemployment provisions of 'The GI Bill of Rights'?"

Answer: If your business folds up and you are not earning any money, you will get \$20 a week. Should your business fall off so that you earn less than \$100 during any calendar month you will get the difference between your net earnings and \$100, up to 10 2-5 months.

Question: "Will the Readjustment Allowance be paid each week for the number of weeks to which a veteran is entitled?"

Answer: It depends upon the practice of paying unemployment compensation in your State; most States pay weekly; some pay bi-weekly; some pay monthly. You will get your federal Readjustment Allowance through the State setup and be paid in whatever way the State pays its unemployment compensation.

TITLE I

Chapter I

Hospitalization, Claims and Procedures

Sec. 100. The Veterans' Administration is hereby declared to be an essential war agency and entitled to priority equal to the highest granted any department or agency of the Government in personnel, service, space, equipment, supplies, and material under any laws, Executive orders, and regulations pertaining to priorities. The Administrator is authorized, for the purpose of extending benefits to veterans and dependents, and to the extent he deems necessary, to procure the necessary space for administrative, clinical, medical, and outpatient treatment purposes by lease, purchase, or construction of buildings, or by condemnation or declaration of taking, pursuant to existing statutes.

Sec. 101. The Administrator of Veterans' Affairs and the Federal Board of Hospitalization are hereby

authorized and directed to expedite and complete the construction of additional hospital facilities for war veterans, and to enter into agreements and contracts for the use by or transfer to the Veterans' Administration of suitable Army and Navy hospitals after termination of hostilities in the present war or after such institutions are no longer needed by the armed services; and the Administrator of Veterans Affairs is hereby authorized and directed to establish necessary regional offices, sub-offices, branch offices, contact units or other subordinate offices in centers of population where there is no Veterans' Administration facility or where such a facility is not readily available or accessible: Provided, That there is hereby authorized to be appropriated the sum of \$500,000,000 for the construction of additional hospital facilities.

Sec. 102. The Administrator of Veterans' Affairs and the Secretary of War and Secretary of the Navy are hereby granted authority to enter into agreements and contracts for the mutual use or exchange of use of hospital and domiciliary facilities, and such supplies, equipment, and material as may be needed to operate properly such facilities,

or for the transfer, without reimbursement of appropriations, of facilities, supplies, equipment, or material necessary and proper for authorized care for veterans, except that at no time shall the Administrator of Veterans' Affairs enter into any agreement which will result in a permanent reduction of Veterans' Administration hospital and domiciliary beds below the number now established or approved, plus the estimated number required to meet the load of eligibles under laws administered by the Veterans' Administration, or in any way subordinate or transfer the operation of the Veterans' Administration to any other agency of the Government.

Nothing in the Selective Training and Service Act of 1940, as amended, or any other Act, shall be construed to prevent the transfer or detail of any commissioned, appointed or enlisted personnel from the armed forces to the Veterans' Administration subject to agreements between the Secretary of War or the Secretary of the Navy and the Administrator of Veterans' Affairs: Provided, That no such detail shall be made or extended beyond six months after the termination of the war.

Sec. 103. The Administrator of Veterans' Affairs shall have authority to place officials and employees designated by him in such Army and Navy installations as may be deemed advisable for the purpose of adjudicating disability claims of, and giving aid and advice to, members of the Army and Navy who are about to be discharged or released from active service.

Sec. 104. No person shall be discharged or released from active duty in the armed forces until this certificate of discharge or release from active duty and final pay, or a substantial portion thereof, are ready for delivery to him or to his next of kin or legal representative; and no person shall be discharged or released from active service on account of disability until and unless he has executed a claim for compensation, pension, or hospitalization, to be filed with the Veterans' Administration or has signed a statement that he has had explained to him the right to file such claim: Provided, That this section shall not preclude immediate transfer to a veterans' facility for necessary hospital care, nor preclude the discharge of any person who refuses to sign such claim or statement: And Provided further, That refusal or failure to file a claim shall be without prejudice to any right the veteran may subsequently assert.

Any veteran entitled to a prosthetic appliance shall be furnished such fitting and training, including institutional training, in the use of such appliance as may be necessary, whether in a Veterans' Administration facility, other training institution, or by out-patient treatment, including such service under contract and including necessary travel expenses to and from their homes to such hospital or training institution.

The Administrator may procure any and all items mentioned herein, including necessary services required in the fitting, supplying, and training in use of such items by purchase, manufacture, contract, or in such other manner as the Administrator may determine to be proper without regard to any other provision of law.

Sec. 105. No person in the armed forces shall be required to sign a statement of any nature relating to the origin, incurrence, or aggravation of any disease or injury he may have and any such statement against his own interest, signed at any time, shall be null and void and of no force and effect.

Chapter II Aid By Veterans' Organizations

Sec. 200. (a) That upon certification to the Secretary of War or Secretary of the Navy by the Administrator of Veterans' Affairs of paid full time accredited representatives

of the veterans' organizations specified in section 200 of the Act of June 29, 1936 (Public Law Numbered 844, Seventy-fourth Congress), and other such national organizations recognized by the Administrator of Veterans' Affairs thereunder in the presentation of claims under laws administered by the Veterans' Administration, the Secretary of War and Secretary of the Navy are hereby authorized and directed to permit the functioning, in accordance with regulations prescribed pursuant to subsection (b) of this section, of such accredited representatives in military or naval installations on shore from which persons are discharged or released from the active military or naval service: Provided, That nothing in this section shall operate to affect measures of military security now in effect or which may hereafter be placed in effect, nor to prejudice the right of the American Red Cross to recognition under existing statutes.

(b) The necessary regulations shall be promulgated by the Secretary of War and the Secretary of the Navy jointly with the Administrator of Veterans' Affairs to accomplish the purpose of this section, and in the preparation of such regulations the national officer of each of such veterans' organizations who is responsible for claims and rehabilitation activities shall be consulted. The commanding officer of each such military or naval installation shall cooperate fully with such authorized representatives in the providing of available space and equipment for such representatives.

(c) The Administrator is further authorized at his discretion and under such regulations as he may prescribe to furnish, if available, necessary space and suitable office facilities for the use of paid full-time representatives of such organizations.

Chapter III Reviewing Authority

Sec. 300. The discharge or dismissal by reason of the sentence of a general court martial of any person from the military or naval forces, or the discharge of any such person on the ground that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, or as a deserter, or of an officer by the acceptance of his resignation for the good of the service, shall bar all rights of such person, based upon the period of service from which he is so discharged or dismissed, under any laws administered by the Veterans' Administration: Provided, That in the case of any such person, if it be established to the satisfaction of the Administrator that at the time of the commission of the offense such person was insane,

he shall not be precluded from the benefits to which he is otherwise entitled under the laws administered by the Veterans' Administration: And provided further, That this section shall not apply to any war risk, Government (converted) or national service life-insurance policy.

Sec. 301. The Secretary of War and the Secretary of the Navy, after conference with the Administrator of Veterans' Affairs, are authorized and directed to establish in the War and Navy Departments, respectively, boards of review composed of five members each, whose duties shall be to review, on their own motion or upon the request of a former officer or enlisted man or woman or, if deceased, by the surviving spouse, next of kin, or legal representative, the type and nature of his discharge or dismissal, except a discharge or dismissal by reason of the sentence of a general court martial. Such review shall be based upon all available records of the service department relating to the person requesting such review, and such other evidence as may be presented by such person. Witnesses shall be permitted to present testimony either in person or by affidavit and the person requesting review shall be allowed to appear before such board in person or by counsel: Provided, That the term "counsel" as used in this section shall be considered to include, among other, accredited representatives of veterans' organizations recognized by the Veterans' Administration under section 200 of the Act of June 29, 1936 (Public Law Numbered 844, Seventy-fourth Congress). Such board shall have authority, except in the case of a discharge or dismissal by reason of the sentence of a general court martial, to change, correct, or modify any discharge or dismissal, and to issue a new discharge in accord with the facts presented to the board. The Articles of War and the Articles for the Government of the Navy are hereby amended to authorize the Secretary of War and the Secretary of the Navy to establish such boards of review, the findings thereof to be final subject only to review by the Secretary of War or the Secretary of the Navy: Provided, That no request for review by such board of a discharge or dismissal under the provisions of this section shall be valid unless filed within fifteen years after such discharge or dismissal or within fifteen years after the effective date of this Act, whichever may be the later.

Sec. 302. (a) The Secretary of War, the Secretary of the Navy and the Secretary of the Treasury are authorized and directed to establish, from time to time, boards of review composed of five commissioned officers, two of whom shall be selected from the Medical Corps of the Army or Navy, or from the Public Health Service, as the case may be. It shall be the duty of any such board to review, at the request of any officer

retired or released from active service, without pay, for physical disability pursuant to the decision of a retiring board, board of medical survey, or disposition board, the findings and decisions of such board. Such review shall be based upon all available service records relating to the officer requesting such review, and such other evidence as may be presented by such officer. Witnesses shall be permitted to present testimony either in person or by affidavit, and the officer requesting review shall be allowed to appear before such board of review in person or by counsel. In carrying out its duties under this section such board of review shall have the same powers as exercised by, or vested in, the board whose findings and decision are being reviewed. The proceedings and decision of each such board of review affirming or reversing the decision of any such retiring board, board of medical survey, or disposition board, shall be transmitted to the Secretary of War, the Secretary of the Navy, or the Secretary of the Treasury, as the case may be, and shall be laid by him before the President for his approval or disapproval and orders in the case.

(b) No request for review under this section shall be valid unless filed within fifteen years after the date of retirement for disability or after the effective date of this Act, whichever is the later.

(c) As used in this section—

(1) the term "officer" means any officer subject to the laws granting retirement for active service in the Army, Navy, Marine Corps or Coast Guard, or any of their respective components;

(2) the term "counsel" shall have the same meaning as when used in section 301 of this Act.

TITLE II

Chapter IV Education Of Veterans

Sec. 400. (a) Subsection (f) of section 1, title I, Public Law Numbered 2, Seventy-third Congress, added by the Act of March 24, 1943 (Public Law Numbered 16, Seventy-eighth Congress), is hereby amended to read as follows:

"(f) Any person who served in the active military or naval forces on or after September 16, 1940, and prior to the termination of hostilities in the present war, shall be entitled to vocational rehabilitation subject to the provisions and limitations of Veterans Regulation Numbered 1 (a), as amended, part VII, or to education or training subject to the provisions and limitations of part VIII."

(b) Veterans Regulation Numbered 1 (a) is hereby amended by add-

ing a new part VIII as follows:

"Part VIII"

"1. Any person who served in the active military or naval service on or after September 16, 1940, and prior to the termination of the present war, and who shall have been discharged or released therefrom under conditions other than dishonorable, and who either shall have served ninety days or more, exclusive of any period he was assigned for a course of education or training under the Army specialized training program or the Navy college training program, which course was a continuation of his civilian course and was pursued to completion, or as a cadet or midshipman at one of the service academies, or shall have been discharged or released from active service by reason of an actual service incurred injury or disability, shall be eligible for and entitled to receive education or training under this part: Provided, That such course shall be initiated not later than four years after either the date of his discharge or the termination of the present war, whichever is the later: Provided further, That no such education or training shall be afforded beyond nine years after the termination of the present war.

"2. Any such eligible person shall be entitled to education or training at an approved educational or training institution for a period of one year plus the time such person was in the active service on or after September 16, 1940, and before the termination of the war, exclusive of any period he was assigned for a course of education or training under the Army Specialized Training Program or the Navy College Training Program, which course was a continuation of his civilian course and was pursued to completion, or as a cadet or midshipman at one of the service academies, but in no event shall the total period of education or training exceed four years: Provided, That his work continues to be satisfactory throughout the period, according to the regularly prescribed standards and practices of the institution: Provided further, That wherever the period of eligibility ends during a quarter or semester and after a major part of such quarter or semester has expired, such period shall be extended to the termination of such unexpired quarter or semester.

"3 (a) Such person shall be eligible for and entitled to such course of education or training full time or the equivalent thereof in part-time training, as he may elect and at any approved educational or training institution at which he chooses to enroll, whether or not located in the State in which he resides, which will accept or retain him as a student or trainee in any field or branch of knowledge which such institution finds him qualified to undertake or pursue: Provided, That, for reasons satisfactory to the Administrator,

he may change a course of instruction: And provided further, That any such course of education or training may be discontinued at any time, if it is found by the Administrator that, according to the regularly prescribed standards and practices of the institution, the conduct or progress of such person is unsatisfactory.

"(b) Any such eligible person may apply for a short, intensive post-graduate, or training course of less than 30 weeks: Provided, That the Administrator shall have the authority to contract with approved institutions for such courses if he finds that the agreed cost of such courses is reasonable and fair: Provided further, That (1) the limitation of paragraph 5 shall not prevent the payment of such agreed rates, but there shall be charged against the veteran's period of eligibility the proportion of an ordinary school year which the cost of the course bears to \$500, and (2) not in excess of \$500 shall be paid for any such course.

"(c) Any such eligible person may apply for a course of instruction by correspondence without any subsistence allowance: Provided, That the Administrator shall have authority to contract with approved institutions for such courses if he finds that the agreed cost of such courses is reasonable and fair: Provided further, (1) That the provisions of paragraph 5 shall not apply to correspondence courses; (2) that one-fourth of the elapsed time in following such course shall be charged against the veteran's period of eligibility; and (3) that the total amount payable for a correspondence course or courses for any veteran shall not exceed \$500: And provided further, That nothing herein shall be construed to preclude the use of approved correspondence courses as a part of institutional or job training, subject to regulations prescribed by the Administrator.

"4. From time to time the Administrator shall secure from the appropriate agency of each State a list of the educational and training institutions (including industrial establishments), within such jurisdiction, which are qualified and equipped to furnish education or training (including apprenticeship and refresher or retraining training), which institutions, together with such additional ones as may be recognized and approved by the Administrator, shall be deemed qualified and approved to furnish education or training to such persons as shall enroll under this part: Provided, That wherever there are established State apprenticeship agencies expressly charged by State laws to administer apprentice training, whenever possible, the Administrator shall utilize such existing facilities and services in training on the job when such training is of one year's duration or more.

"5. The Administrator shall pay

to the educational or training institution, for each person enrolled in full time or part time course of education or training, the customary cost of tuition, and such laboratory, library, health, infirmary, and other similar fees as are customarily charged, and may pay for books, supplies, equipment, and other necessary expenses, exclusive of board, lodging, other living expenses, and travel, as are generally required for the successful pursuit and completion of the course by other students in the institution: Provided, That in no event shall such payments, with respect to any person, exceed \$500 for an ordinary school year, unless the veteran elects to have such customary charges paid in excess of such limitation, in which event there shall be charged against his period of eligibility the proportion of an ordinary school year which such excess bears to \$500: Provided, further, That no payments shall be made to institutions, business or other establishments furnishing apprentice training on the job: And provided further, That any institution may apply to the Administrator for an adjustment of tuition and the Administrator, if he finds that the customary tuition charges are insufficient to permit the institution to furnish education or training to eligible veterans, or inadequate compensation therefor, may provide for the payment of such fair and reasonable compensation as will not exceed the estimated cost of teaching personnel and supplies for instruction; and may in like manner readjust such payments from time to time."

Effective on the first day of the first calendar month subsequent to the date of enactment of this [amendatory] Act, the first sentence of paragraph 6 of Part VIII of such Regulation is amended to read as follows:

"6. While enrolled in and pursuing a course under this part, such person, upon application to the Administrator, shall be paid a subsistence allowance of \$65 per month, if without dependent or dependents, or \$90 per month, if he has a dependent or dependents, including regular holidays and leave not exceeding thirty days in a calendar year. Such person attending a course on a part-time basis, and such person receiving compensation for productive labor performed as part of their apprentice or other training on the job at institutions, business or other establishments, shall be entitled to receive such lesser sums, if any, as subsistence or dependency allowances, as may be determined by the Administrator: Provided, That any such person eligible under this part, and within the limitations thereof, may pursue such full-time or part-time course or courses as he may elect, without subsistence allowance."

"7. Any such person eligible for the benefits of this part, who is also eligible for the benefit of part VII,

may elect either benefit, or may be provided an approved combination of such courses: Provided, That the total period of any such combined courses shall not exceed the maximum period or limitations under the part affording the greater period of eligibility."

"8. No department, agency, or officer of the United States, in carrying out the provisions of this part shall exercise any supervision or control, whatsoever, over any State educational agency, or any educational or training institution: Provided, That nothing in this section shall be deemed to prevent any department, agency, or officer of the United States from exercising any supervision or control which such department, agency, or officer is authorized, by existing provisions of law, to exercise over any Federal educational or training institution, or to prevent the furnishing of education or training under this part in any institution over which supervision or control is exercised by such other department, agency, or officer under authority of existing provisions of law."

"9. The Administrator of Veterans' Affairs is authorized and empowered to administer this title, and, insofar as he deems practicable, shall utilize existing facilities and services of Federal and State departments and agencies on the basis of mutual agreements with them. Consistent with and subject to the provisions and limitations set forth in this title, the Administrator shall from time to time, prescribe and promulgate such rules and regulations as may be necessary to carry out its purposes and provisions."

"10. The Administrator may arrange for educational and vocational guidance to persons eligible for education and training under this part. At such intervals as he deems necessary, he shall make available information respecting need for general education and for trained personnel in the various crafts, trades, and professions: Provided, That facilities of other Federal agencies collecting such information shall be utilized to the extent he deems practicable."

"11. As used in this part, the term 'educational or training institutions' shall include all public or private elementary, secondary, and other schools furnishing education for adults, business schools and colleges, scientific and technical institutions, colleges, vocational schools, junior colleges, teachers' colleges, normal schools, professional schools, universities, and other educational institutions, and shall also include business or other establishments providing apprentice or other training on the job, including those under the supervision of an approved college or university or any State department of education, or any State apprenticeship agency or board of vocational education, or any State apprenticeship coun-

cil or the Federal Apprentice Training Service established in accordance with Public, Numbered 308, Seventy-fifth Congress, or any agency in the executive branch of the Federal Government authorized under other laws to supervise such training."

"12. (b) Notwithstanding the provisions of section 700, a claimant shall also be disqualified from receiving an allowance for any week with respect to which it is found that his unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed: Provided, That this subsection shall not apply if it is shown that—

(2) In addition to the disqualification prescribed in paragraph (1) above, the Administrator may, in cases of successive disqualifications under the provisions of subsection (a) of this section, extend the period of disqualification for such additional period as the Administrator may prescribe, but not to exceed eight additional weeks in the case of any one disqualification.

(d) (1) In determining under subsection (a) of this section the suitability of work or the existence of good cause with respect to a claimant, the conditions and standards prescribed by the unemployment compensation laws of the State in which he files his claim shall govern: Provided, That the Administrator may prescribe conditions and standards for applicants in any State having no applicable statute.

(2) In determining under subsection (a) of this section the suitability of work, no work shall be

(b) Any allowances remaining unpaid upon the death of a claimant shall not be considered a part of the assets of the estate of the claimant, or liable for the payment of his debts, or subject to any administration of his estate, and the Administrator may make payment thereof to such person or persons he finds most equitably entitled thereto.

Sec. 902. (a) Any person qualified under subsection (a) of section 700, and residing in the United States who is self-employed for profit in an independent establishment, trade, business, profession, or other vocation shall be eligible for readjustment allowances under this title within the time periods applicable, and not in excess of the total amount provided in this title.

(b) Upon application by the veteran showing, in accordance with rules prescribed by the Administrator, that he has been fully engaged in such self-employment and that his net earnings in a trade, business, profession, or vocation, have been less than \$100 in the previous calendar month, the veteran shall be entitled to receive, subject to the limitations of this title as to time and amount, the difference (adjusted to the next highest multiple of \$1), be-

between \$100 and his net earnings for such month.

(c) Payment of such allowance shall be made by the Administrator to each eligible veteran at the time and in the manner other payments are made directly to veterans by the Administrator.

(d) Subsection (b) of section 700 and section 800 shall not apply in determining the eligibility for allowances of a claimant under this section.

Chapter X

Sec. 1000. Where an allowance is payable to a claimant under this title and where, for the same period, either an allowance or benefit is received under any Federal or State unemployment or disability compensation law, the amount received or accrued from such other source shall be subtracted from the allowance payable under this title (except that this section shall not apply to pension, compensation, or retired pay paid by the Veterans' Administration); and the resulting allowances, if not a multiple of \$1, shall be readjusted to the next higher multiple of \$1.

(c) The Administrator may delegate to any officer or employee of his own or of any cooperating department or agency of any State such of his powers and duties, except that of prescribing rules and regulations, as the Administrator may consider necessary and proper to carry out the purposes of this title.

(d) Allowances paid by the cooperating State agencies shall be repaid upon certification by the Administrator. The Secretary of the Treasury, through the Division of Disbursement of the Treasury, and without the necessity of audit and settlement by the General Accounting Office, shall pay monthly to the departments, agencies, or individuals designated, the amounts so certified.

(e) The Administrator shall from time to time certify to the Secretary of the Treasury for payment in advance or otherwise such sums as he estimates to be necessary to compensate any Federal department or agency for its administrative expenses under this title. Such sums shall cover periods of no longer than six months.

(f) The Administrator shall also from time to time certify to the Social Security Board such State departments or agencies as may be participating in the administration of this title, and the amount of administrative expense incurred by a State under agreements made pursuant to this section. Upon such certification the Social Security Board shall certify such amount to the Secretary of the Treasury, in addition to the amount, if any, payable by said Board under the provisions of section 302 (a) of the Social Security Act, as amended, and the additional amount so certified shall be paid to each State by the Secretary of the Treasury out of the appropriation for the Veterans' Administration.

(g) Any money paid to any cooperating agency or person, which is not used for the purpose for which it was paid shall, upon termination of the period covered by such payment or the agreement with such agency or person, be returned to the Treasury and credited to the current appropriation for carrying out the purpose of this title, or, if returned after the expiration of period covered by this title, shall be covered into the Treasury as miscellaneous receipts.

Sec. 1101. (a) No person designated by the Administrator as a certifying officer shall, in the absence of gross negligence, or intent to defraud the United States, be liable with respect to any payment by him under this title if it was based upon a voucher signed by a certifying

officer designated by the Administrator.

(b) No disbursing officer shall, in the absence of gross negligence, or intent to defraud the United States, be liable with respect to any payment by him under this title if it was based upon a voucher signed by a certified officer designated by the Administrator.

Sec. 1102. Any claimant whose claim for an allowance has been denied shall be entitled to a fair hearing before an impartial tribunal of the State agency or such other agency as may be designated by the Administrator. The representative of the Administrator located in each State shall be the final appellate authority in regard to contested claims arising in such State, subject to review by the Administrator.

Sec. 1103. In the case of any veterans eligible under the provisions of this title who either at the time of application for the benefits herein provided is a "qualified employee" as defined in section 3 of the Railroad Unemployment Insurance Act, as amended, or was last employed prior to such application by an employer as defined in section 1 (a) of the said Act, claim may be made through an office operated by or a facility designated as a free employment office by the Railroad Retirement Board pursuant to the provisions of said Act. In such cases, the conditions and standards as to the suitability of work or existence of good cause, the intervals for making claim for and payment of benefits, and the administrative and appellate procedures prescribed by or under said Act shall govern, if not in conflict with the provisions of this title, the appellate procedures being subject to final appeal to the Administrator. In such cases, a reference in this title to a cooperating State agency shall be deemed to include the Railroad Retirement Board.

PENALTIES PROVIDED IN PUBLIC ACTS COVERING PENSION AND COMPENSATION

The assignment or transfer of any right or interest in any pension is void and has no effect. Any person who shall pledge or receive a pledge covering the transfer of any right or interest in any pension, or who holds the same collateral security for a debt, shall be guilty of a misdemeanor and upon conviction shall be fined a sum not exceeding \$100 and the cost of the prosecution.

Any person who knowingly or willfully makes or aids, or assists in the making or presentation of any false or fraudulent affidavit or writing purporting to be such, concerning any claim for pension, or any person who knowingly certifies that the declarant, affiant, or witness named in such declaration, affidavit, etc., appeared before him and was sworn thereto, when in fact such affiant or witness did not so appear, shall be punished by fine not exceeding \$500 or by imprisonment for a term of not more than 5 years.

That whoever in any claim for benefits makes any sworn statement of a material fact knowing it to be false, shall be guilty of perjury and shall be punished by a fine of not more than \$5,000 or by imprisonment for not more than 2 years, or both.

That if any person entitled to payment of pension, whose right to such payment ceases upon the happening of any contingency, thereafter fraudulently accepts any such payment, he shall be punished by a fine of not more than \$2,000 or by imprisonment for not more than 1 year or both.

While a claimant has a right, if he so desires, to employ a duly recognized pension attorney or pension claim agent to assist him in prosecuting his claim, it is not necessary that he incur this expense, and any attorney or agent so employed may not legally charge any fee other than that allowed and paid by the Veterans Administration.

Any person who shall knowingly make or cause to be made, or conspire, combine, aid, or assist in, agree to, arrange for, or in anywise procure the making or presentation of a false or fraudulent affidavit, declaration, certificate, statement, voucher, or paper, or writing purporting to be such, concerning any claim for benefits under this title, shall forfeit all rights, claims, and benefits under this title, and, in addition to any and all other penalties imposed by law, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than \$1,000 or imprisonment for not more than 1 year, or both.

If you are employed, you should advise your employer of this notice and of the possibility that you may not be accepted at the induction station. Your employer can then be prepared to replace you if you are accepted, or to continue your employment if you are rejected.

Willful failure to report promptly to the local board of transfer at the hour and on the day named in this notice is a violation of the Selective Training and Service Act of 1940, as amended, and subjects the violator to fine and imprisonment.

Order No. 11094
4436 Quarles Street, N.E.
Washington 19, D.C.

1. Reference is made to your letter of 26 November 1945 requesting postponement of your induction and reconsideration of your classification to enable you to accept new employment as outlined in your communication.

2. This local board is without authority to take further action in your case at this time due to the fact that an order to report for induction has been issued. However, if the War Department is extremely desirous of employing you it is suggested that you have the proper military authorities contact the State Director of Selective Service, Plaza Building, Sacramento 14, California, for the purpose of requesting that your induction be postponed and your classification reopened for further consideration.

3. It is not believed that favorable action can be anticipated unless you are actually employed by the War Department, which would provide basis for further consideration of your classification in the light of new information which could be submitted in your behalf.

FAMILY ALLOWANCE INFORMATION SHEET

As an enlisted man (or woman) or an aviation cadet, you will be eligible for a FAMILY ALLOWANCE for your dependents under the Servicemen's Dependents Allowance Act of 1942, as amended.

What is a family allowance?

It is a payment by Government check sent to your dependents by the War Department, Office of Dependency Benefits each month while you are in an enlisted grade or are an aviation cadet. It is made up of money deducted from your pay and money contributed by the Government. It is granted only upon application filed on the official form (WD AGO 625), available at your Reception Center or at any Army camp or post.

How much comes out of your pay each month?

For your wife or children (Class A dependents) only, \$22. For dependent parents, brothers, or sisters, (Class B-1 or Class B dependents) only, \$22. For more than one class of dependents, total \$27.

How much will your dependents get each month?

Here are a few examples: Your wife, \$50; your wife and child, \$80; your father and mother only, if dependent upon you for chief support, \$68. Your mother and father, if dependent upon you for substantial support, \$37.

Under what conditions are your children, also your dependent brothers or sisters, eligible?

Only when they are unmarried and under 18 years of age, or of any age if mentally or physically incapacitated.

What documentary evidence is required for your Class A dependents?

You must have proof of relationship of your wife, child, or divorced wife to whom alimony is payable.

For your wife—Certified copy of public or church record; or affidavit of clergyman or magistrate who officiated; or photostatic copy of marriage certificate; or affidavits of two eyewitnesses to ceremony.

For your child—Certified copy of public or church record of birth; or affidavit from doctor or midwife in attendance at birth; or affidavit of two disinterested persons stating age and parentage of child.

For your adopted child—Certificate from clerk of court which legalized adoption; or certified copy of adoption papers.

For your illegitimate child—Certified copy of court decree proving you to be father of child; or certified copy of court order requiring you to contribute to child's support; or your written statement that you are child's father.

For your divorced wife—Certified copy of divorce decree, or certified copy of separation or maintenance agreement which is still in effect.

What documentary evidence is required for your Class B-1 or Class B dependents?

Before any family allowance will be paid to your parents, brothers or sisters (Class B-1 or Class B dependents) you must prove both their relationship and dependency upon you for their support. Have such dependents fill out a dependency certificate (WD AGO 620). The certificate must be signed by each dependent whose signature must be witnessed.

If you wish to provide for dependents more liberally than a family allowance permits—

You may authorize a voluntary Class E allotment-of-pay in any amount providing you keep \$10 of your pay for your own use. This allotment comes out of your pay and you may discontinue it at will.

BRING ALL DOCUMENTS REQUIRED FOR YOUR FAMILY ALLOWANCE WITH YOU TO
RECEPTION CENTER AND SUBMIT THEM WITH YOUR APPLICATION
