ENVIRONMENTAL
STEWARDSHIP

Mock Diplomas and the Commencement Program Booklet
Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 100% post-consumer recycled content.

Caps and Gowns
Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

Recycle Your Cap and Gown
Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at bespartangreen.msu.edu

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

May 2019

From the Acting President

CONGRATULATORY LETTER

DEAR SPARTANS:

Your day — your moment — has arrived.

So has mine. Working with students is among the most rewarding things I've been privileged to do throughout my years at Michigan State University. It is my great pleasure to join all those who honor you now for your accomplishments.

Beyond signifying your academic qualifications, your degree is a validation of your determination that can never be taken from you. And it seals your relationship with this institution, making you a Spartan for life.

You've learned a lot at MSU, and you've grown as an individual more than you know. But with all the knowledge you now carry into the world, remember this: It is a perishable asset. What we know and what it means will shift over a career and a lifetime.

Happily, we have worked very hard to equip you to be a lifelong learner. I hope you maintain the habits that support your continued growth as a citizen-scholar, one capable of uplifting your family, leading your community and supporting our cherished democracy.

There will be setbacks, but being a Spartan means owning the fortitude to come back as many times as it takes, and to help others do the same. As you move now from student to alumna or alumnus, I hope you remember that Spartans stand for others, even as we stand together.

Now the world is your oyster. Remember who you are. Remember where you come from. But don't let the past dictate your future. All your experiences are tokens you gather on the path to wisdom. With that, face every day with courage — and gratitude.

Remember to thank those who brought you to this milestone — your family, your friends and the mentors who influenced your progress as a scholar and a human.

Allow me to extend my most sincere congratulations on this joyful day.

Satish Udpa
Acting President
Michigan State University

May 2019

From the Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES:

Congratulations to you and your families!

As a student of Michigan State University, you have been a member of our vibrant Spartan community, united by the common interests we share as scholars. I hope that even after earning your degree, you will always remain a member of our community—hungry to learn, to seek new knowledge, and to then share and apply that knowledge for the betterment of others by contributing to a more just and sustainable world, for the generations of Spartans who will follow you.

It gives me great pleasure to serve here at a time when MSU continues to create new opportunities on campus, in the state of Michigan, and around the world. With our students and faculty, we are achieving new levels of excellence and discovering solutions to some of the world's grand challenges. Our students are eager to engage in opportunities to expand their knowledge and perspectives, and to grow as individuals and global citizens.

As you may or may not know, I earned my degrees at Michigan State University. That

education has served me well, and I am confident it will serve each of you well as you take on the many challenges and opportunities that await you.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you all the best in your professional and personal pursuits, and in your future endeavors as Spartans. May the relationships you forged here with your professors and fellow students continue to inspire you, and may the knowledge you acquired here as a student guide you as you embark on your next undertaking as Michigan State University alumnus.

Sincerely,

June Pierce Youatt Ph.D.
Provost and Executive Vice President
for Academic Affairs

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014-15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU-U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the

U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

CEREMONY LYRICS

THE STAR SPANGLED BANNER

O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*

M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.

When from these scenes we wander,
and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**

On the banks of the Red Cedar,
is a school that's known to all;
Its specialty is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

KIRK COUSINS

You are a gifted athlete, an inspiring leader, and a passionate philanthropist.

Growing up in West Michigan, you attended Holland Christian High School and later MSU, graduating in 2011 with a degree in kinesiology. From a young age you dedicated yourself to your studies and your sport, and you dreamed of one day becoming a professional athlete.

Only a select few reach the epitome of their sport, but your work ethic, combined with the support of your family and your deep faith, helped you reach your goals.

As a quarterback at MSU, you were only the second player ever to serve as team captain for three years. You led your team to a 2010 Big Ten Championship, a 2011 Legends Division Championship, and a 2012 Outback Bowl victory.

You were drafted into the National Football League in 2012, and will enter your eighth professional season this fall, now playing with the Minnesota Vikings.

Your determination makes you a role model for Spartans everywhere, but even more admirable is the way you have leveraged your success for the good of others. Through the Julie and Kirk Cousins Foundation, you support projects that protect the disadvantaged from abuse, help to provide equitable urban housing, assist disabled individuals and their families, and build the next generation of young leaders.

For your servant leadership and your commitment to improving the quality of life for others, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

WILLIAM DEMMER

You are a visionary entrepreneur who purposefully creates environments for others to be successful.

A graduate of the MSU College of Engineering and a keen businessman, you have taken Demmer Holdings from a local tool and die company to a diverse, globally competitive organization.

Your leadership, direction, and business development have been instrumental in sustaining the resilience of the Michigan economy and have provided hundreds of jobs throughout the state. You have also supported numerous student programs and internships in order to pass on your knowledge in strategic planning and risk management, thus growing the next generation of entrepreneurs.

As a conservationist, you have embraced and integrated sustainable business practices into your own company and shared those best

practices with others. You established the Demmer Center for Business Transformation, assisting numerous other Michigan companies with their business practices.

Your support of the Boon and Crocket Program in the Center for Systems Integration and Sustainability encourages the wise use of natural resources, and a scholars program established in the MSU Department of Fisheries and Wildlife is named for you. These investments in MSU will impact students for generations to come.

Your commitment to building partnerships and collaborations represents core values of MSU, and your engagement and philanthropy as an alumnus serve as an example to all Spartans.

For your significant contributions to economic growth, and your advocacy for excellence and innovation, I am pleased to award you the honorary degree of Doctor of Business from Michigan State University.

HONORARY DEGREE CITATIONS

REIMUND NEUGEBAUER

You are a strategist and creative leader who builds high-tech collaborations to tackle today's biggest problems.

Born in Germany, you graduated from Technische Universität Dresden with a degree in mechanical engineering, and later earned doctorates there.

After successfully holding several academic and industry positions, you now serve as the president of Fraunhofer-Gesellschaft, Europe's largest applied research organization, with some 72 research units across Germany. Affiliated international research centers, including one on the campus of Michigan State, provide strategic contact with global partners and make a positive impact on scientific progress and economic development.

The Fraunhofer Center for Coatings and Diamond Technology at MSU provides many opportunities for faculty and students to conduct research and has contributed over \$75

million in research expenditures since its inception.

Through your outreach, you have developed strong, global research connections that accelerate solutions to the world's most significant challenges ranging across security, mobility, energy, and health.

Your reputation as a visionary is well known and has led to invitations to serve on many influential boards and committees. As a member of the Innovation Dialog Steering Committee, you work closely with the German Chancellor and other members of your nation's government, science, industry, and society on issues of future innovation and technology policy.

For your advocacy of engineering education and research, your technical expertise and judgement, and your collaborative spirit and ability to foster mutual exchange between science and business, I am pleased to award you the honorary degree of Doctor of Engineering from Michigan State University.

HONORARY DEGREE CITATIONS

GRETCHEN WHITMER

You are a successful politician, government leader, and tireless advocate for the residents of Michigan.

A lifelong Michigander, you grew up with parents who were both attorneys and worked in state government. You attended school in Grand Rapids and later at Michigan State. Inspired by your parents, you graduated from MSU with both your bachelor's degree in communications and a juris doctor degree.

You served the people of Michigan as a member of the Michigan House of Representatives from 2000 to 2006, and you were elected to the State Senate in March 2006. In 2010, your Democratic colleagues unanimously chose you to be the Senate Democratic Leader, making you the first woman to lead a party caucus in the Senate.

You also served as vice chair of the House Democratic Women's Leadership Caucus,

empowering other women to be leaders in government. Throughout your legislative career, you have been a champion for health care, education, clean water, women's rights, and veterans.

In the course of your public service, you assisted the City of Detroit's exit from bankruptcy. You have received bipartisan recognition for involvement in legislation to expand Medicaid coverage to Michigan citizens.

In the 2018 primary race, you won all 83 counties in the state, a first for a Democratic candidate, and went on to a resounding win in the general election to become the 49th governor of Michigan.

For your embodiment of Spartan values and your dedication to public service, I am pleased to award you the honorary degree of Doctor of Laws from Michigan State University.

BACCALAUREATE DEGREES

- 25 undergraduate programs ranked in the top 20 nationally by U.S. News & World Report, including six No. 1-ranked programs
- Times Higher Education of London today ranked MSU #83 in its 2017 World University Rankings, an 18-place improvement over 2016. This puts MSU in the top 8 percent of 1,102 universities assessed around the world.
- Places 38th among the 303 U.S. universities ranked in Washington Monthly's 2017 College Guide and Rankings
- Ranks seventh in the nation for study abroad participation

Photo above: "Sparty" standing proud while spring blossoms.

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.77 and those graduating With High Honor is 3.92 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

These students have completed their Reserve Officers Training Corps education at Michigan State University and have received their commissions as reserve officers of the United States Air Force or the United States Army.

S Summer Session + Distinguished Military Graduate ++ Distinguished Military Graduate and Active Duty Top 10% in Nation

**GRADUATE DEGREES AND
GRADUATE PROFESSIONAL DEGREES**

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 22 years for graduate programs in elementary and secondary education
- External funding totaled nearly \$600 million in 2014–2015. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, organizational psychology, and rehabilitation counseling
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

Photo above: Russell Thayer, *Windrapiers II*, steel, 2008, South entrance to the Biomedical Physical Sciences Building.

ADVANCED DEGREES

ORDER OF CEREMONIES

Presiding

"Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever."

John A. Hannah (1902-1991)
President, Michigan State University (1941-1969)
