The Union Lit

Published Annually at Michigan Agricultural College by the
UNION LITERARY SOCIETY

1912

W. L. NIES, '13—Editor

It has been the aim of the Board of Directors to have this "Lit Annual" serve the purpose of the triennial directory also. In accordance with this purpose, and in view of the fact that our space is exceedingly limited, it will be impossible to include any extensive amount of reading matter, other than the directory, in this issue. We will very briefly note an improvement which has been made, and we will also give a letter from the Alumni finance committee.

This Winter Term we have had the interior of the House decorated. As a result, the whole interior appearance of the House has changed wonderfully and for the better. The active members subscribed the money which was needed to have this work done, and the decorations were made by the college painter. Mr. Louis C. Brooks, '92, who was with us very recently, expressed himself as very well pleased with the House alterations. He told us that at the time when the House was built it was hoped that some day it would be enlarged, in the manner that it now is. He also expressed a hope that some day means would be found to permit of the finishing of the basement for use as a dining hall.

It is with much sorrow that we report the following vacancies in the ranks of our Alumni, which have been discovered since the last directory was published:

Hastings, Frank W., '78, died 6-9-'08.
Cronk, C. Pirnie, '79, died 12-16-'03.
Dryden, Thos. E., '79, died '09.
Meserve, St. Elmo R., '93, died 8-31-'11.
Thayer, Ernest N., '93, died 6-8-'06.
Eastman, Geo. N., '96, died '11.
Phillips, Frank J., '03, died 2-13-'11.
Markham, A., '06, died May, '11.

A Favor that Would Be Appreciated

The active members would very greatly appreciate it, if the Alumni members would take it upon themselves, whenever possible, to recommend for investigation and examination the desirable men whom they know are planning to enter the M. A. C. We would like to have the Alumni members co-operate with us in this way, in order to effectively maintain the high standards which the Society has set for itself in the past, and by which it continues to abide. Such recommendations should come very early in the Fall Term, for obvious reasons.

Mortgage Liquidated

The Society Board of Directors, realizing that but little progress has been made toward removing the debt contracted when the House was remodeled, requested a few of the older Alumni to act as a committee and devise a definite working plan for its liquidation.

This committee examined the various ideas which have been presented at different times, but found them more ideal than practical. For example, those plans requesting loans required amounts larger than most persons could willingly spare, when they know that no definite plans have been prepared for repaying the money obtained. While ideas asking for outright gifts never appeal to an alumnus.

However, after careful consideration of the schemes presented, the committee worked out an idea based on loans. That is, every cent of money obtained is to be returned within a stated time.

This plan is to be mailed to you soon and will briefly outline what the various classes have done toward the building since 1890. Please consider the plan carefully, for it presents an opportunity for every alumnus and active member to participate without the least sacrifice.

The plan has been presented to a number of our Alumni and they approved to such an extent that loans for over one-third of the amount required have already been pledged.

We have, at present, over 500 members. Remember that you are one, and will be expected at the next triennial, 1913, to help celebrate the Liquidation of the Mortgage.

H. FOLEY TUTTLE,
KINTON B. STEVENS,
For the Alumni Committee.
